

GOVERNORS URGENTLY REQUEST CONGRESS TO HELP NATION FARMERS

Conference of State Executives Vote to Begin Inquiry Into Conditions At Once

Conditions Regarded As Acute and Tragic in All Sections of the Nation

Governor Bickett Introduces Resolution for Appointment of Committee to Study Issue

Harrisburg, Pa., Dec. 1.—Governors and governors-elect representing more than half of the States of the Union, voted at their annual conference here today to begin an inquiry into what was variously called the "acute," "alarming" and "tragic" situation facing farmers of the country with a view to recommending Federal legislation to assist them.

As a first step toward carrying out their plan, which was suggested by Governor W. L. Harding of Iowa, the conference appointed a committee consisting of Governors Harding, Bickett, or North Carolina; Holcomb of Connecticut; Parker of Louisiana, and Goodrich of Indiana, to make a preliminary survey and report back before the conclusion of the conference.

After that it is contemplated to send the committee to Washington to urge legislation before Congress which convenes this month. The object of the State executives which is said to be without parallel in the history of American government is for the organization of governors to suggest to congress and actively advocate passage of legislation necessary to refund the debts of farmers who are pinched by falling markets with heavy stocks of surplus products on hand, so as to give them a year or more in which to recoup losses and wait for a strengthening market. It is proposed to do this through extension or adaptation of the Federal reserve system.

WILSON DECLARES HE HAS NO POWER TO ACT IN MATTER

Sloux Falls, Dec. 2.—President Wilson replying to Senator Johnson's request for immediate financial relief for farmers and live stock dealers said, "Your message refers to unsatisfactory conditions unfortunately resulting from fall of prices, but I regret to find that legislation has not provided me with powers which will be serviceable in the matter."

FOUR ARMED MEN ROB MAIL TRAIN AT CHATTANOOGA

Chattanooga, Dec. 2.—Four armed men robbed a mail car of a Southern northbound train and escaped. Post office at Ida was previously robbed.

Young's will be open every evening until 10 o'clock from now until Christmas.

Marion Elizabeth Kutz, daughter of Col. and Mrs. Charles W. Kutz, whose marriage to Capt. Lewis Tenney Ross was an important event in social and army circles at the capital. Her father, Colonel Kutz of the engineer corps, was appointed district commissioner in 1914.

THREE CENT MEAL MEETS SUCCESS IN CHICAGO DISTRICT

Judging by Patronage, Three and Five Cent Lunches Have Met With Enormous Success

Chicago, Dec. 2.—Judging by their patronage, the 3c and 5c meals put up by the Chicago board of education are making an enormous success.

The city's "penny lunch" business runs from forty to fifty thousand customers a day. Sales, measured in pennies and nickels, amount daily between \$4000 and \$5000.

"We have to chase the children away," remarked Dr. Frank G. Bruner, director of special schools under the board of education, who has charge of this work. "Often we have to stand at the door and protect the lunchrooms so they won't be overrun."

Dr. Bruner said that penny lunches had been established in 57 of the city's elementary schools. Their object, he observed, is to provide substantial food at the least cost for children coming from homes where there is real necessity. Lunchrooms therefore have been opened in districts where, as a general thing, the people are not as well to do.

"For five cents," Dr. Bruner said, "the menu runs something like this: soup, bread, milk or cocoa, fruit or pudding. The bill of fare at 3c drops the milk. Then a youngster can spend only a penny if he wants to, buying any one of these articles for it. Or if he is not blessed with wealth and yet has more than a penny, he can for two cents purchase a meat ball, beans, spaghetti or rice."

CITIZENS OF HAITI PROTEST AGAINST DEPARTURE BOARD

Washington, Dec. 2.—"Citizens of Haiti" protested to Secretary Daniels against departure of the naval board of inquiry until additional witnesses had been heard in investigation into conduct of marine corps occupying the island of the republic.

1200 EMPLOYEES OF EDISON'S FACTORY LAID OFF TODAY

New York, Dec. 2.—Approximately twelve hundred workers of the Thomas A. Edison plant here have been laid off.

Young's will be open every evening until 10 o'clock from now until Christmas.

GENERAL OBREGON PROMISES MEXICO PERIOD OF REFORM

Noted Leader Promises Institution of Construction in Inaugural Ceremonies Today

DECLARES MEXICO MUST OPEN ITS DOORS TO ALL WORTHY FOREIGN PEOPLE

Recognizes Education of the Masses as First Essential to Successful Government

Mexico City, Dec. 2.—General Alvaro Obregon who is to be inaugurated today as president of Mexico, has professed his induction into office with promises of a program of social and civil reform that was said to be the basis for the revolution last summer which ultimately swept him into power.

He has stated not only to the press but in several joint conferences with congress that Mexico must open its doors to foreigners of good intent, must protect foreign capital, must get its international obligations—in other words must get in tune with the world.

As the fundamental basis for this adjustment, he has asserted that Mexico must return to a normal mode of living in which petty ambitions of individuals must be submerged and vital policies of social reform put into practice.

He recognizes the education of the masses as the real first need and if his plans are carried out, schools long neglected will be opened and school teachers, long underpaid and in many cases not paid at all, will be given employment.

The new president was born in 1880 in the State of Sonora. From early childhood he was forced to work for a living but he has become one of the country's biggest industrial men. He is said to possess considerable wealth. Revisions in Mexico within the (Continued on page 8)

URGES REVISION IN TREATY OF PEACE AS PARTY BENEFIT

Ernest Dacuming, Communist Leader, Advocates Change for National Proletaria

Berlin, Nov. 26.—Revision of the Peace Treaty of Versailles by the international proletariat was urged by Ernest Dacuming, leader of the new Communists, in a debate in the Reichstag recently. Herr Dacuming prophesied a coming revolution to overthrow capitalism. He said that his party desired expropriation of all machinery of production and as quickly and as thoroughly as possible. He characterized the Versailles Treaty as an exhibition of force by world capitalism. We feel toward it as our Russian comrades felt toward the treaty of Brest-Litovsk, he said.

These declarations of the Communist idea of the treaty revision were evoked by a statement which has been made by Dr. Eugen Schiffer, formerly Vice Chancellor and leader of the National Liberals, who declared that the treaty was a crime against the German nation and all the world and that Germany had a right, under the reading of the covering note as well as morally, to demand its revision.

200 EMPLOYEES OF EDISON'S FACTORY LAID OFF TODAY

New York, Dec. 2.—Approximately two hundred workers of the Thomas A. Edison plant here have been laid off.

Young's will be open every evening until 10 o'clock from now until Christmas.

HALF OF NEW YORK POPULATION STILL RIDES THE SUBWAY

Chicago, However, Continues to Stick Largely to Surface Cars, for Transportation

LONDON PEOPLE DIVIDE PATRONAGE BETWEEN THE BUS AND RAPID TRANSIT

Figures of Travel in World's Largest Cities Presented by National Experts

New York, Dec. 2.—More than half of New York city's "six million" travel on subways and elevated lines, but Chicago still sticks largely to surface cars while London passengers divide their patronage almost equally between busses, trolleys and rapid transit system.

Figures revealing these statistics of travel in three of the world's largest cities were presented by experts at a gathering here of transportation authorities who are meeting monthly to discuss New York's great transportation problems.

It was shown that 6,750,000 persons live in the metropolitan district within a twenty mile radius of Fifth avenue at Thirty-fourth street.

About 2,300,000 of them live on Manhattan Island and another 2,000,000 flock into lower Manhattan every week day. Fifty-four per cent of these ride subways and elevated lines, 35 per cent patronize surface cars, ferries haul 5 per cent, commutation steam trains 4 per cent and 2 per cent travel in busses.

percent of the city's passenger traffic, rapid transit lines get 21 per cent. In Chicago surface cars carry 73 and the other 6 per cent travel in suburban steam trains. In London the ratios are 33 per cent in busses, 27 per cent in surface cars and 40 per cent in rapid transit trains.

Manhattan Island's population averages 163 persons per acre, and (Continued on page eight.)

MUSIC COMPOSERS TO BE AWARDED IN CONVENTION SOON

Musicians to be Recognized at Biennial Convention to be Conducted in Moline

Akron, O., Dec. 1.—The seventh biennial prize competition for American composers which will be decided at the convention of the National Federation of Musical clubs at Moline, Ill., Davenport, Ia., and Rock Island, Ill., on June 8 to 15, brought forth hundreds of compositions, the manuscripts of which had to be in the hands of Mrs. Ella Smith of Columbus, O., by tonight, according to the Federation's president, Mrs. Frank R. Seiberling of this city.

Mrs. Louise E. Yager of Oak Park, Ill., chairman of the Young Artists Contests has announced that these competitions will be held in every State in the Union, the State winners to go to the district competition, and be district winners to compete for the national honors at the biennial convention in June.

The various classes and prizes offered are: Special prize—Oratorio: Apocalypse on a libretto by Pauline Arnaud McArthur and Henri Pierre Roche, to be known as the Carrie Jacobs Bond prize \$5,000.

Class I—Violin Solo: \$150.00, given by Musicians club of Chicago.

Class II—Organ Solo: \$100.00, given by the St. Cecilia club of Grand Rapids, Mich., as memorial to Mrs. Edwin F. Uhl, first president of the National Federation of Musical clubs.

STEADY INCREASES IN IMPORTATION OF COAL TO DENMARK

Danish Coal Dealers Say Quality of American Coal Compensates for Higher Rates

Copenhagen, Nov. 26.—There has been a steady increase of imports of American coal to Denmark throughout the year. This has been a dominant factor in the coal market here. Beginning January with a few hundred tons, the American imports

In September reached 274,300 tons but rose in September to 164,000 tons. Little coal was imported from Germany and this entirely stopped in October.

At present it is understood that Denmark is not buying much coal from any source since she has enough in hand for the time being and the rate of exchange is adverse.

Some Danish coal dealers say that the quality of American coal has been so good as to compensate for the higher freight rates as compared to coal imported from Great Britain, but that this quality of late has fallen off.

HOUSE AND SENATE MEET TO CONSIDER RELIEF MEASURES

Washington, Dec. 2.—Agricultural committees of the Senate and House met today to consider relief measures for agricultural situation. Secretary Houston, members of the Federal Reserve board, officials and representative farmers will be heard.

FINANCIAL REPORT OF "CYCLONE" MCLENDON'S EVANGELISTIC SERIES

Complete statement of the financial support given the McLendon meetings by people of this city was made public by secretary of the party today. The total amount, including expenses and sum presented Mr. McLendon totalled \$7,177.99, of which \$2977.99 was expended in incidental expenses. The amounts are divided up as follows: Incidental expenses, \$1115.29; salaries and general expense of party, \$1862.70; total, \$2977.99. Collections for entire campaign totalled \$3078.44. McLendon amount \$4200.

PREDICTS BETTER COTTON PRICES IN NEXT FEW MONTHS

A. W. Swain, Sec.-Treas. American Cotton Association Optimistic for Present Crops

MAKES ARRANGEMENTS FOR MEETING COTTON INTEREST HERE SATURDAY AT NOON

Several Meetings Held in County, Concluding Program With Membership Meeting Here

Mr. A. W. Swain, secretary-treasurer of the North Carolina division of the American Cotton association was in the city this morning making arrangements for the mass meeting to be conducted at the court house here Saturday in which the county organization will be completed and sections admitted to active membership. Mr. Swain has spent the week in canvassing the county, speaking in Grifton, Ayden, Farmville and Winterville where he met with gratifying interest by farmers from surrounding territories.

Mr. Swain is probably one of the most optimistic men in the state concerning the apparently serious situation facing the cotton farmer just at this time, and firmly believes cotton will be bringing thirty cents a pound providing the farmers carefully organize. His optimism is based upon careful observation of conditions in practically all cotton growing belts of the south, world demand and active part which the speculator is playing in branding up the greatest part of the crop possible. As long as there is world demand there must be a legitimate price for the staple, and this fact Mr. Swain thinks, combined with the confident spirit of the speculator, assures the planter of something to look forward to in the future.

The most serious problem confronting the South today is eliminating the panicky spirit which has gained such headway among the farmers who fail to understand conditions as they really exist. They can see nothing before them but disaster and plod along preyed of bearish operators. The American Cotton Association, Mr. Swain declared is trying to conduct the situation in a way that will eventually awaken the farmer to the truth, and in such meetings as are being held in the county it is purposed to clear up the way for better prices through intelligent marketing of the present crop.

Mr. Swain left for Bethel this morning where he will speak this afternoon, returning to Greenville tonight to more definitely arrange for the meeting Saturday which will complete the county program. It is urged that business men, farmers and every one interested attend and do their share in making Pitt county's organization one of the strongest in the State.

PRESIDENT WILSON SAYS HE WILL MEET HARDING AT CAPITOL

Washington, Dec. 2.—President Wilson will be glad to see President-elect Harding when he comes to Washington Monday for opening of congress. It was suggested at the White House that Harding might hold conference here between Republicans and Democrats instead of Marion.

## GOVERNOR HARDING ISSUES A CALL FOR PARK CONFERENCE

Governor of Iowa Plans to Co-Operate  
With Secretary of Interior in  
Improvements

NEED OF STATE PARKS TO  
BE PRINCIPAL SUBJECT OF  
MEETING IN DES MOINES

More Than 3,000 Invitations Have  
Been Distributed Among the  
State Officials

Des Moines, Ia., Dec. 1—A national conference on parks was called today by Governor Harding, co-operating with the secretary of the interior, to meet in Des Moines January 10, 11 and 12.

The need for state parks will be the chief subjects to be discussed and the conference is the first national gathering ever summoned to plan how a nationwide system of recreational areas can be established.

While more than 3,000 invitations to the conference are being distributed, Governor Harding wants it made clear that the attendance is not limited to persons specially invited, for everybody interested in the conservation movement will be welcome. The invitation list includes governors of states, mayors of cities, park officials and leaders in conservation organizations. The need for such a conference and the ground it should cover were explained by Secretary Payne in a letter to Governor Harding, in which he said:

"I have observed from time to time suggestions are made for the creation of national parks out of scenic areas that for definite reasons should be taken up by the states themselves, and there are undoubtedly many parks suggested to the state park authorities that should be taken up by counties and municipalities. Recently there has been a widespread desire on the part of state park authorities to confer among themselves and with the National Park Service, not alone on this

THINKS TIDEWATER  
SAVING FEATURES  
FULLY ADVISABLE

H. C. Gardner, President Great Lakes  
Association, Says It Is Vitaly  
Important to All

CONSERVATION PLAN WILL  
BE MOST EXTENSIVE EVER  
UNDERTAKEN IN COUNTRY

Gives Brief Review of Proposed Waterway  
From the Great Lakes  
to the Ocean

Chicago, Ill., Nov. 30.—H. C. Gardner, president of the Great Lakes-St. Lawrence Tidewater association, today characterized the conservation phase of the St. Lawrence improvement as "fundamentally the most important of all".

He said that the electricity generated by harnessing the flow of the Great Lakes to the sea would furnish power to every city, town and farmstead in northern New York and New England. He quoted estimates that within 10 or 20 years the annual coal saving would amount to 100,000,000 tons.

Reviewing the proposal of a waterway from the Great Lakes to the ocean, Mr. Gardner in his statement said:

"From its junction with the Gulf of St. Lawrence for about five hundred and fifty miles to Montreal, the mighty St. Lawrence river seems more like an arm of the sea than a river.

At its mouth it is eighty miles wide, and is no wonder that the famous French navigator, Jacques Cartier, who discovered the St. Lawrence in 1534, sailed back to France and reported to Francis I, the reigning monarch, his strong hope that at last the westward passage to the Indies had been found. Indeed he seems to have been quite mystified by the situation developed, when in the fall of 1535 his explorations reached the site of the present city of Montreal.

"Above Montreal for the remaining distance approximately one hundred and ninety miles to the river's outlet from Lake Ontario, the width of the great stream averages close to two miles. It is in this part of the river that there occur the great rapids with their total fall of two hundred twenty feet and aggregate length of some forty-five miles, that must be overcome by the works of man before the St. Lawrence will become the untiring and ceaseless slave it is destined soon to be.

"The flow of the stream averages two hundred forty thousand cubic feet per second, winter and summer.

UNITED STATES TO  
RESUME RELATIONS  
WITH THE MEXICAN

Formal Proposal For Recognition Begun  
in Diplomatic Circles of  
the Nation

STEPS TAKEN TO DRAFT  
TREATY UPON WHICH FULL  
RELATIONS MAY EXIST

Secretary Colby Suggests That Commissioners  
of Both Countries  
Outline Program

Washington, Nov. 30.—A formal proposal from Secretary Colby that commissioners be appointed by the United States and Mexico to draft a treaty upon which can be based resumption of full diplomatic relations between the two governments has been taken to Mexico City by Roberto V. Pesqueira, Mexican confidential agent in Washington.

This was disclosed tonight when the State department made public Mr. Colby's answer to Mr. Pesqueira's recent letter urging recognition by the United States of the new government of Mexico. It was handed to the Mexican agent before his departure Thanksgiving day to attend the inauguration of President-elect Obregon of Mexico, December 1.

Referring to his conversation with Mr. Pesqueira, Secretary Colby, in his letter, said that they served to leave no reasonable doubt "of the high and enlightened purposes that actuate the present government of Mexico."

Looks like the old turkey will miss part of his stuffing this Christmas, as eggs show little inclination of reduction.

Christmas shoppers would do well to donate freely to the contribution boxes placed in many stores of the city for starving children of Europe.

If the world had a greater number of such preachers as "Cyclone" McLendon hell would no longer be a "merry" place for his Satanic majesty.

President-elect Harding's association of nations may please members of his party, all right, but when it comes to meeting approval of Europe, that's an entirely different matter.

It seems that members of the league of nations do not like the idea of reorganizing to admit America. But if she is admitted according to Republican views there's every indication that hard feeling will be in evidence before the matter is concluded.

The fact that Spain and Brazil have joined President Wilson in the role of Armenian mediator is not surprising in the least. It has been understood all the time that the President's action would not go without the support and co-operation of other powers.

It was expected that United Mine Workers would protest against proposed wage reductions, for those who went up with the kite don't like the idea of coming down so quickly. The situation is not different from others occurring over the country. Readjustment is inevitable, and the less people say about sharing their proportionate part the better off all will be.

Those two men who were shot dead in a saloon at Passaic, New Jersey, as a result of the barkeeper's refusal to serve them whiskey in place of near beer shows conclusively John Barleycorn still has a number of earnest adherents in this country. Such fatalities, however, will have a tendency of discouraging the handling of contraband liquors and draw the line just a little tighter in every section.

People who take advantage of reduction sales now in progress throughout the country may find themselves able to meet demands of Christmas season much easier than expected. Hundreds of stores are cutting prices as they never have done before, and those who purchase in an intelligent way may reap great benefits. Inflation cannot last always, and these sweeping sales show plainly that deplorable high prices at last have begun to tumble from lofty heights.

President Wilson's note to the league of nations consenting to become mediator of Armenia was greeted with pleasure by members of the council, particularly Lord Cecil Roberts who declared that his action was a step forward in the solution of one of the most serious problems before the assembly. The president is recognized as one of the greatest statesmen of the age, and if such an organization as the league recognizes his ability in such plain way it may be easily seen that many Americans have been misled by propaganda from a political upheaval to his disparagement. Woodrow Wilson is as great today as he ever has been, but not until he has passed away will his real greatness be discovered and acknowledged as should be.

## THE EFFECT OF PROHIBITION.

Wishing to make a study of the effects of prohibition, upon a typical American city the Survey selected the city of Grand Rapids, Mich., made the study in question and has now announced its findings. Some of the most notable of them are these:

Wages have increased since the sale of liquor stopped by approximately 100 per cent:

A majority of households in Grand Rapids are experiencing a new and higher level of prosperity.

Unemployment has practically ceased.

Families spend more time together. Children are better cared for. "The whole town is better dressed."

Monday "absenteeism" at the factories has ceased. "The change has however, also made for restlessness, especially among the younger workers, and in some cases it has slackened effort and swelled the labor turnover.

Tuberculosis and infantile mortality, two good indices of the public health, are on the decline. Folks go to see the doctor, dentist and oculist before they are forced to do so by pain or disability; they insist on the best treatment.

The demand for automobiles, for fishing tackle, tents and other sporting goods can hardly be met. More vacations are taken and longer vacations. Moving picture and vaudeville theatres have full houses.

There has been a marked increase in savings bank deposits, side by side with lavish spending. Prohibition has all but emptied the county jail. The number of arrests was cut down from 2,697 in 1917-1918, when saloons were open, to 531 in 1918-19 under prohibition and 737 in 1919-1920.

Bond issues for additional municipal equipment have been approved by large majorities.

Nearly all classes of the Grand Rapids people have become converted to prohibition and are in favor of a strict enforcement of the law. "Witnesses almost invariably said that the two most noticeable effects of prohibition were the change it had brought in family life and the fact that the younger generation was growing up without a taste of alcohol."

The moral tone of the community is higher than it ever was before. "While family discipline has somewhat relaxed as young people have become more than self-supporting, the increased earning capacity of girls has made for a relationship on more equal terms between young folks of both sexes."

The evangelistic campaign conducted in this city by "Cyclone" McLendon had an effect upon the community that no doubt will be lasting. His sound, logical sermons contained a lot of life, and it was only natural that his converts should be numbered by the hundreds. Such ministers as Mr. McLendon always accomplish great good in communities which they visit, and support accorded by church members is deserving and commendable in every sense of the word. "Cyclone" McLendon differs from the usual type of evangelist, however. He possesses individual attractions to the man in mire and muck of sin as well as to the church member, therefore, his sermons invariably contain a direct, almost irresistible appeal to everyone. His campaign in Greenville may be counted among his most successful, because he battled with sin and social corruption in a forceful, daring way, and emerged victorious simply because he battled for the real. He will be remembered in years to come by those saved from sin and particularly those who left the treacherous, wide road of moral corruption for the light.

Resumption of relations between United States and Mexico should be filled with appreciable benefits, for both countries. Mexico, rising from a state of revolution and social eruption, needs such support as American people can give it. The United States has valuable considerations involved in the country's future and will exert every influence to help the people gain a new foothold in commercial and industrial activity. The world is a mighty large place, it is true, but these two nations bordering one another as they do may realize equal advantages from proper intercourse. General Obregon, who was inaugurated President of the Mexican government today, has a great vision in his proposed social reform program, therefore, it may be expected that these two important events occurring about the same time will have a pleasing effect upon the entire nation.

Red Cross tuberculosis Christmas seals should appeal to the Christmas shopper this year as they never have before, for money invested in such purchases goes to a cause in which humanity alone is involved. Thousands of tubercular patients are nursed to health again through the Red Cross and these stamps convey in an unmistakable way the great good which has been accomplished.

Tires at pre-war prices. Claytor & Carter. 2 3 4

## MISS MUFFLY HOSTESS TO THE END OF CENTURY CLUB

Tuesday afternoon in the auditorium of the Training school, Miss Muffly entertained the End of the Century club with a presentation of four scenes from Twelfth Night. The following is the cast of characters:

Duke Orsino—Patte Hunter  
Viola—Helen Bahuson  
Olivia—Annie Laurie Baucom  
Malvolio—Julia Taylor  
Sir Toby—Millie Everett  
Maria—Margaret Hayes  
Feste, the Jester—Neil Pappendick  
Valentine—Camilla Pittard  
Curio—Grace Jenkins

Ladies of the household of Olivia—Sara Smith, Irene Smith, Melissa Hicks, Myrtle Holt, Wilma Burgess.

Duke Orsino's attendants—Viola Rimmer, Ruth Dean, Doris Trip.  
Sir Toby's friends—Gladys Arnold, Mary Sumner.

The scenes selected for presentation were those which showed the romantic character of the Duke and the sweetness and beauty of Viola's character.

Patte Hunter interpreted well the character of the Duke and gave a beautiful reading of the lines. In the role of Viola, Helen Bahuson portrayed well the deep unselfish devotion of a woman's love and the loyalty of friendship. The proud and beautiful Olivia, the pugnant Malvolio, the mischievous lady in waiting, Maria, the jovial Sir Toby, and the keen-witted jester were well represented by those taking these respective parts. The ladies in waiting in their dainty costumes and the attendants upon the Duke added much to the artistic effect of the scenes.

The costumes were rich and elegant and in keeping with the picturesque attire of Shakespeare's time.

The members of the club and other guests expressed much pleasure in the performance and great appreciation of the good work done by the cast.

End of the Century Club,  
Mrs. Quinerly, M. E. H.

## ADMINISTRATRIX'S NOTICE

Having qualified as administratrix on the estate of E. L. Hazelton, deceased, late of Pitt county, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned or her attorneys, on or before this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment. This 23rd day of November, 1920.

## NOTICE OF DISSOLUTION OF

All persons will take notice that Winslow-Webb Motor Company, a partnership composed of J. E. Winslow and E. S. Webb, has on this day, by mutual consent of the co-partners, dissolved. All persons indebted to said company will make settlement with J. E. Winslow, and said J. E. Winslow will likewise pay such indebtedness that may exist against said company.

This dissolution has nothing to do with the garage owned and operated by E. S. Webb, and which the said J. E. Winslow has never had any connection.

Witness our hands this the 25th day of October, 1920.

J. E. WINSLOW,  
E. S. WEBB.

## SALE OF TUBERCULOSIS CHRISTMAS SEALS

During the month, and particularly from the 1st to the 11th, inclusive, every man, woman and child will have an opportunity to contribute to the extension of the work in the fight against tuberculosis. This fight will be waged by means of the sale of tuberculosis Christmas Seals. Selling at one cent each, every child, man and woman should put one of these little crusaders on every piece of mail during this month, and in this simple way greatly help in a worthy cause.

It is estimated that 3000 people die from tuberculosis in North Carolina annually. According to the valuation of a human life this is an annual loss of thirty million dollars to North Carolina. The sale of these seals go to extend the fight against tuberculosis by way of public health nurses, tuberculosis dispensaries, and to enlarge the sanatoriums for the treatment of tuberculosis. There are in North Carolina today 2500 cases of tuberculosis that need treatment, and few of these patients are able to be treated. By proper care of tubercular patients the disease will not spread and the patients cured. There would be in every county in the State a health nurse to advise tubercular patients proper methods of home treatment and teach them how to prevent infecting other members of the family. The work heretofore has been greatly handicapped because of a lack of funds with which to reach the ones who need the treatment most. The sale of seals has been supplying a very much needed service, but we must double our efforts that this common foe may be defeated in its devastation of human life. To this end every one should stamp all mail with tuberculosis Christmas seals during this month.

## LAND SALE

By virtue of the power of sale, contained in a certain deed of trust, executed by Thomas Jackson to J. B. James, trustee, on the first day of December, 1919, which deed of trust was duly recorded in the office of the register of deeds of Pitt county in book 1-13, page 571, the undersigned will sell, for cash, before the courthouse in Greenville, on Saturday, January 1st, 1921, at noon: The following described real estate, to-wit:

That tract of land in Greenville township somewhat known as Tar road, beginning at the intersection of the Kinston and Tar roads; thence in a southerly direction on the west side of Tar road, about 600 yards to a stake in Ed Blount's line at a corner thence a westerly direction with Blount's line about 300 yards to Atlantic Coast Line R. R. right of way, at a corner; thence a southerly course with the east side of said right of way, about 35 yards to the Kinston road, a corner; thence a north-easterly course with the second boundary of the Kinston road, about 375 yards to the intersection of the road he beginning. Containing 25 acres.

Also one other tract of land in said county and state, bounded as follows: Beginning at the A. C. L. railroad right of way to a stake; thence southerly with the said right of way 18 poles to a stake; thence S 84 1-2 E to Tar road; thence northwardly with the western boundary of said road 14 poles to a stake; thence N. 84 1-2 W to a stake on A. C. L. railroad right of way, the beginning. Containing 6 acres. Being the same two pieces of land conveyed to Thomas Jackson by H. C. Edwards and same conveyed by L. M. Manning and wife to H. C. Edwards by deed recorded in book U-12 page 185.

Said sale is made to satisfy said deed of trust which was given to secure purchase money due for said land.

This 1st day of December, 1920.  
J. B. JAMES, Trustee.

## NOTICE OF SALE

Having as a mechanic repaired a certain automobile, Baby Graved Chevrolet car No. 8955, belonging to John Gurganus of this country, and having charged for making said repair the sum of \$64.37, which amount the said John Gurganus has failed to pay and having retained possession of the said automobile in order to preserve my lien upon it: Now therefore, in accordance with Section 2017 of the Revised Code of North Carolina, I will on the 11th day of December, 1920, at 12 o'clock noon sell at public auction in front of the court house in the town of Greenville, the said automobile, to the highest bidder for cash.

This the 19th day of Nov., 1920.

E. S. Webb

22-2weeks.

Quality and the Reason

# 20 "111" Cigarettes 15¢

A NEW product has been produced—a quality product—and one that is giving satisfaction. After the Armistice, the high rate of exchange prohibited the exportation of certain fine types of leaf tobacco. These types of tobacco have never previously been used in the manufacture of cigarettes selling in this country. We have bought this tobacco at a low price, and it is offered to you in "111" (ONE-ELEVEN) CIGARETTES—a new product—and one that is giving satisfaction.

FINALLY—try them!

Guaranteed by The American Tobacco Co. which means that if you don't like "111" Cigarettes, you can get your money back from the dealer.

## Mrs. N. S. Fulford Hostess

Mrs. N. S. Fulford delightfully entertained the Round Table club at her home Wednesday afternoon.

The study for the day was "Lace". Mrs. Tilghman read a paper on Lace and Lace-Making. Mrs. Ellen's paper gave a fine description of "How Lace Fought in the War", and Miss Janie Bryan read from the "Bobbins of Belgium" "How the little Children from Seven Years and Up are Taught Lace-Making in the Schools." The long hours of toil and study so vividly told that one could almost see the flaxen haired tots with their pillows and numerous bobbins making the laces which feed the pride of the whole globe.

For display and discussion several ladies brought old laces and new, that were exquisitely beautiful and interesting.

The hostess, assisted by her charming little daughters Polly and Maude, served a lovely desert course.

## J. C. GRIFFIN FARM NEAR GRIFTON BE SOLD DEC. 6

On Monday, Dec. 6th, at 10:30 a. m. the Atlantic Coast Realty Co., will sell at auction the J. C. Griffin farm. This splendid farm is located two miles from Grifton, nine miles from Kinston, in the extreme north eastern corner of Lenoir county. The total acreage is about 300 acres with about 200 acres cleared and about 100 acres in woods with a considerable quantity of cord wood. The soil produces some of the best crops grown in this section of the State and is especially adapted to the growth of tobacco and cotton. The farm contains five nice settlements one on each tract, each with barns, stables and packhouses. One tenant house is also on the farm. It will be to the advantage of those interested in buying a good farm to look this farm over. Sale Monday, December 6 at 10:30 a. m.

Big truck, cord tires, automobile fabric and cord tires. Solid tires for trucks. Big tire sale. Claytor & Carpenter.

Young's will be open every evening until 10 o'clock from now until Christmas.

## COUNTY COURT WITH JURY TO CONVENE IN GREENVILLE MONDAY MORNING, DEC. 5TH

The regular December term of Pitt county court, with jury, will convene in this city next Monday morning with Judge F. M. Wooten presiding. There are a number of important actions awaiting hearing for this session and it is expected the entire week will be consumed in the consideration of a number of issues which have been waiting for final disposition for some time. Jury terms are always filled with work and it is expected that the entire week therefore will be featured by great activity in the courts.

## ESCAPED CONVICTS TAKEN IN AYDEN AFTER ROBBING STORE AND "DRESSING UP"

Herman Moore and John Jones, colored, who with three others escaped from Pitt county road forces operating in the Ballard Cross roads district, were captured yesterday afternoon at Ayden by two trusted members of the "chain gang" who picked up the trail almost immediately after the men escaped and trailed them to Ayden with only slight difficulty. The escaped convicts were dressed in the height of fashion when discovered in Ayden, it being later learned that they had robbed a store while passing through the Roundtree district, taking everything possible in the form of ready to wear clothing such as would improve their appearance. Both were attired in silk shirts, and Jones, who is better known as "Skin Jones" evidently intended to outshine his confederate as his style of dress was possibly more elegant and his surprise at capture more distressing.

The other convicts who escaped at the same time had not been apprehended at noon today, but it is expected they too will find their way back to the chain gang before any great length of time.

## THREE DEEDS OF TRANSFER FILED FOR REGISTRATION SINCE FIRST OF DECEMBER

# J. C. Griffin Farm

2 Miles From Grifton, 9 Miles From Kinston, in the Extreme North Eastern Corner of Lenoir County.

- SUBDIVIDED -

## At Auction, Mon. Dec. 6, 10:30 A.M.

### DESCRIPTION

This lies in the extreme North Eastern part of Lenoir County, on a private road about 1-4 of a mile from the road which is to be "hardsurfaced". This farm being only 2 miles from Grifton and 9 miles from Kinston—is near all the conveniences which these towns furnish. The total acreage is about 300 acres with about 200 acres cleared and about 100 acres in woods with considerable timber and a large quantity of cord wood. The soil is a gray loamy top soil with clay sub soil. The production on this farm is abundant. The entire farm is practically level but sufficiently rolling to insure proper and natural drainage.

IMPROVEMENTS: Five nice settlements, each with barns and stables, packhouses. There is one tenant house.

TERMS: 1-4 cash, balance in 1, 2, 3 and 4 years.

SPECIAL FACTS: Practically all tracts will have a settlement and also a road frontage. It will be to your advantage to look this farm over.

### GENERAL OBREGON PROMISES MEXICO PERIOD OF REFORM

past few years made him first a military power in the north, then a staunch adherent of Carranza whose succession to the presidency is said to have been largely due to the military genius and energy of Obregon. It was General Obregon who at Celaya inflicted what is said to be the only decisive military defeat Francisco Villa, the bandit, ever suffered. With Carranza in power, General Obregon was entrusted with many difficult tasks of reconstruction, occupying numerous official posts, including that of minister of war.

When in the fall of 1919, President Carranza announced definitely that he would retire from office at the expiration of his term Dec. 1, 1920, and that elections would be held in a regular and legal manner, General Obregon was the first to announce his candidacy. From his hacienda home in Sonora early this year he issued a manifesto which proclaimed him the leader of the Liberal Constitutional party and announced a platform of reform upon which he proposed to make his campaign. He immediately began a tour of the republic.

### HALF OF NEW YORK POPULATION STILL RIDE SUBWAY

Brooklyn has 46, while the average for the 572 square miles of habitable territory embraced in the metropolitan district is 21 persons per acre. This is compared with 16 per acre in London, 20 in corporate Chicago, 20 for Detroit and 23 for Cleveland.

It was predicted by one of the engineers that the five boroughs of New York will grow to 9,000,000 in population by 1945 and by that time the city would need 48 subway and elevated tracks running north and south on Manhattan Island.

Every coat suit and middie suit price cut to half price. McKay, Washington Co.
