Meeting to Be Conducted at Eight O'Clock Tonight to Complete Plans For Event

KINSTON RAISED OVER QUARTER MILLION IN SEVEN-DAY CAMPAIGN

Pay-Up and Trade Week will be inaugurated at a meeting of the Retail Merchants association of this city tonight.

Kinston has just completed a seven-day period of Pay-Up and Trade Week, and reports say it was a greater success than anticipated.

Miss Renner, secretary of the local association visited Kinston Friday for the purpose of becoming acquainted with plans and methods adopted there.

Mr. C. H. Shant, of the Kinston association, accompanied by Mr. W. C. Moore, spent Sunday in Greenville, explaining campaign methods to officers and members of the local organization.

The meeting tonight is looked forward to with more than ordinary interest by city merchants.

DANIELS PROPOSES BUILDING PROGRAM IN AMERICAN NAVY

Annual Report of Secretary Favors Three Year Building Program Unless League Accepted

RECOMMENDS BUILDING OF ADDITIONAL BATTLESHIPS AND SEVERAL GUNBOATS.

Present Navy Adequate if Nation Takes Stand With Other Countries Bound Together

Washington, Dec. 12.—Approval of another three year naval building program, involving the construction of 88 vessels, if the United States does not enter the league of nations, is given by Secretary Daniels in his annual report today to President Wilson.

"If the United States is not to enter into any agreement with the other powers of the earth, which are now bound together in the league of nations," says the naval secretary, "I feel compelled to approve the recommendation of the general board that congress authorize another three year program to be begun as soon as the capital ships now under construction are launched."

TO CONSIDER UNITY OF SELLING CROPS OF UNITED STATES

Agricultural Conference to Be Held in St. Louis Dec. 16th, Plans Immediate Action

Washington, Dec. 12.—Coordination of effort and unity of action in marketing agricultural products will be the principal subject before the national wide conference of agricultural representatives at St. Louis Dec. 16, 17, 18, according to Charles S. Barrett, president of the National Farmers Union, which requested the national board of farm organizations to call the meeting.

"It will not be another one of the thousands of conferences which have met in the past only to result in a discussion of plans and nothing more," says he.

Something in the nature of a national marketing board may be evolved at this meeting, and co-operative buying of supplies also will be considered.

"The co-operatives meeting," says Mr. Barrett, "is for the purpose of counseling together and maturing and carrying out plans for a business enterprise which will adequately meet the agricultural situation and in part free agriculture from its bondage. I urge the Farmers Union people, especially those who are in charge of our co-operative business enterprises, to attend this meeting in large numbers. I hope that the co-operatives in other farmers' business organizations also will attend and that all of us can join together in one great movement."

"Several years lie behind us of the greatest agricultural effort in the face of greatest obstacles ever encountered by American farmers. Any now suddenly at the end of the crop producing season, with costs of labor, fertilizers and interest rates higher than ever before, a deflation policy has been put in motion that has caused wheat to sell at the country buying stations for only a little over a dollar a bushel and upland midland cotton to sell for only a trifle over fifteen cents a pound.

SAYS AMERICA TO BE WELL EQUIPPED IN OCEAN TONNAGE

United States Will Have as Much Tonnage as All Other Nations Combined in 1922

GREAT BRITAIN ALONE MEASURES UP TO HIGH EFFICIENCY OF NATION

Admiral Benson, in Annual Report Gives Complete Statement of Present Conditions

Washington, Dec. 12.—With completion of the government shipbuilding program by 1922, the United States probably will have as much ocean tonnage as all the other countries combined, with the exception of Great Britain, Chairman Benson of the shipping board declared in his annual report made public today.

At the end of the last fiscal year, the chairman said American merchant ships, government and private owned, numbered 3,404, of 16,918,212 deadweight tons, not including more than 2,000,000 tons of shipping on the Great Lakes. The net program of government owned ships, Admiral Benson said, contemplated 2,315 vessels of 13,675,711 deadweight tons and at the end of the last fiscal year, 2,070 (Continued on Page Eight)

BUSINESS SECTIONS OF CORK SWEEP BY FIRE; 300 PERSONS KILLED

Rev. H. J. Krehbill of Reedley, Cal., who was recently elected president of the General Mennonite Conference of North America.

Conflagration Follows Ambush of the Military, in Which Four Persons Were Killed.

BOMB EXPLOSIONS AND FIRING OCCURRED HOURLY THROUGHOUT THE NIGHT

Many Lives Believed to Have Been Lost in Fire and Scattering Shooting of Mob.

London, Dec. 13.—British regulars stood guard today over the blackened ruins left by fires which swept through Cork, Ireland. Charges made against police auxiliaries, maddened by killing of comrades by ambushed Sinn Feiners, loosed fire demon on city, with loss estimated at fifteen million dollars. Terrorized districts now quiet with military ordered to shoot looters on sight.

Dublin, Dec. 12.—Several large sections of Cork were devastated by fire Saturday night and today. The conflagration followed the shooting from ambush of a military party Saturday.

On the south bank of the River Lee the Carnegie Library the Corn Exchange and other buildings were razed by the fire while in the territory between the northern and southern branches of the river-much havoc was wrought by flames in the business section.

Late this evening it was reported that the fire was under control, but it was said that the damage done by the flames was estimated at between 2,000,000 and 3,000,000 pounds sterling. The conflagration followed an ambush of the military at Pillons Cross Saturday night, in which four persons were killed and many wounded.

Three civilians were taken from their houses and shot dead after the ambush of the military. Then the fires started. There were bomb explosions and firing was also heard. The populace is panic-stricken. The municipal buildings, the Carnegie library and the Corn Exchange, which cover a large area, have been consumed by the flames, which are so hot at places that passing tram cars have been set on fire.

Several blocks of buildings in the heart of the business district of Cork were destroyed by fire during the night, constituting the costliest destruction of property since the reprisals began in Ireland.

A group of public buildings on Albert Quay, including the City Hall, Carnegie Library and a portion of the Corn Exchange also were burned, as well as private residences in various parts of the city.

Early estimates placed the damage at between 2,000,000 and 3,000,000 pounds sterling.

The fires extended to St. Patrick's street from Cook street to Maylor street and swept entire rows of buildings on both sides of Winthrop street.

MRS. BRYAN GRIMES DIES IN RALEIGH

Mrs. Charlotte E. Grimes, widow of the late Gen. Bryan Grimes, died Saturday afternoon at her home in Raleigh. While a native of Raleigh, Mrs. Grimes spent the greater part of her life in Pitt County at the Grimes home near Grimesland. After the death of her husband she changed her residence to Raleigh.

Mrs. Grimes was 81 years of age and one of the best known and most lovable women in the State. She is survived by six children, Hon. J. Bryan Grimes, Secretary of State; Mrs. J. Gordon Hackett, of North Wilkesboro; Messrs. William D. and Julius D. Grimes and Mrs. W. C. Rodman, of Washington, and Mrs. Alfred Williams, of Raleigh. Funeral services were held in Raleigh Sunday afternoon, and the remains were brought to Grimesland this morning for interment. Many Raleigh people came with the remains to attend

TW MEN INJURED IN SHOOTING AND CUTTING AFFRAYS

Bad Elements of Pitt County In Sway Saturday and Sunday, Resulting Injuries.

Every county has its bad elements and what they get wrought up over anything out of the ordinary, invariably something happens. Pitt county unfortunately, has about as many of the bad element as any section of the country. They got bad Saturday and Sunday, and as a result Andrew Moyer, colored man of this city is in a precarious condition from injuries inflicted with a pocket knife by Fred Smith, while John Hart, of the Simpson district, is in the Washington hospital suffering from wounds inflicted with a shotgun by Caleb McLerim. There were one or two other shooting and cutting affrays occurring among colored elements, but up until an early hour this morning no definite information had been received concerning them.

Fred Smith, who is charged with assaulting Andrew Moyer, is in the county jail today, awaiting preliminary trial. He was taken in custody by Sheriff A. C. Jackson shortly after the affray. It is alleged that he met Moyer on Reed street, and without provocation, began attack with a pocket knife. A wound five inches long was inflicted in the injured man's right side, and physicians appear to think his intestines were injured, although they were unable to decide this definitely when the cut was sewed up.

Caleb McLerim, it is alleged, shot Hart over domestic troubles, in which Rosa Hart, sister of the injured man was somehow involved. A shotgun was used and an entire load of shot taking effect in Hart's right knee, almost completely shattering flesh and bone. The shooting occurred on the J. B. Grimes property upon which both men were tenants.

CHICAGO HAS MOST UNIQUE SUBWAY IN THE ENTIRE WORLD

Forty Feet Under Ground System is Entirely Free From Congestion of Freight

Chicago, Dec. 13.—Forty feet underground Chicago has one of the most unique subway systems in the world. Devoted entirely to the hauling of freight, it keeps the congested loop district comparatively free of heavy traffic vehicles. Officials of the tunnel company estimate more than 6,000 trucks would have to pass through loop streets daily to duplicate the work of the subway.

Over 62 miles of narrow gauge track, 132 electric locomotives and 3,000 freight cars hauled 6,000,000 tons of merchandise and 230,000 tons of coal last year.

Scores of downtown office buildings and stores receive their freight direct from the railroad depots via the subway. Their coal comes by the same route, and at night the ashes are hauled away through the underground tunnels, to be dumped on the lake front, where acres of land are reclaimed yearly. The ground on which the great new Field museum, at the south end of Grant park is built, was a few years ago a part of the lake. The tunnel company filled it in with ashes.

Another unusual service is the removal of dirt from building excavations. A shaft is sunk from the building site to the tunnel level under the street. Workmen with wheel barrows dump the dirt down the shaft, where it falls into cars of a waiting train, to be hauled to the lake front disposal station.

For handling merchandise, coal and ashes, electric elevators lift the subway cars from the tunnel level to stores and office buildings, where they are emptied and refilled, and then lowered again to the tracks below.

The subway tracks underlay every street in the loop district, covering a district 22 blocks long and nine blocks wide, and in addition the network of tunnels extends north under the river to the warehouse and railroad.

CHRISTMAS TREES TO BRIGHTEN MANY HOMES THIS YEAR

Between Four and Five Million Trees Will Be Felled, Over Nations This Christmas
FOREST OFFICIALS TO ENCOURAGE YEARLY USE OF NATION'S SUPPLY
Over 1,500,000 Trees Will Be Used in New York State and New England

Washington, Dec. 11.—Between four and five million Christmas trees will be felled this year to brighten American homes, churches and community centers, and delight the hearts of the children. This is the estimate of the forest service, which says that the total of trees used in this country each yuletide season equals approximately the combined consumption of England, Scotland and Wales and is about 25 percent greater than that of Germany.

Forest service officials are opposed to any movement to discourage the use of the trees for Christmas purposes. To the argument that the cutting and use of the trees is a great waste, they say that the custom is so old, so well grounded, and so venerated that even if it were economically somewhat indefensible, these aspects will and should continue to outweigh economic considerations.

Placed all together, the four or five millions of trees used annually would make a mighty forest, but forest service officers point out that many of them come from fields which are being cleared for farming purposes or from forests which need thinning to protect the more sturdy trees. They also argue that trees are for use and that there is no other use to which they could be put that would contribute so much to the joy of mankind as their use by children on this one great holiday.

HARDING CONFERS WITH C. E. HUGHES REGARDING FUTURE

No Confirmation of Rumor That
Hughes is Slated for Job as
Secretary of State

Marion, O., Dec. 10.—In fulfillment of his campaign promises for a "meeting of minds" to determine a new American foreign policy, President-elect Harding today began a month of conferences here by seeking the advice of Charles Evans Hughes, Republican nominee for the presidency in 1916.

What passed during their talk of several hours was not revealed, for afterwards Mr. Harding maintained silence and Mr. Hughes would only say that international problems had been considered in relation to constantly changing conditions and with a view to solution along the lines laid down by the President-elect during the campaign.

Neither would comment on widely circulated reports that the conference had to do also with cabinet appointments and other practical questions of administration building. Mr. Hughes has been mentioned many times as a possibility for Secretary of State and his arrival here at the head of the President-elect's list of chosen conferees served to enliven speculation on his advisability for the premier portfolio in the next cabinet.

THE TOBACCO FARMER

Every individual, as well as every business industry, in the Bright Tobacco Belt should actively support the movement of the tobacco farmers to organize to control production and secure a living price for tobacco.

With this object in view we contemplate the publication of a weekly paper, "THE TOBACCO FARMER," beginning about Jan. 1st, 1921. The object of this paper will be to publish letters from farmers and other interested business men, and information from whatever source that will help farmers form correct conclusions as to what to do, when to do it and how to do it to protect their interest.

We have assurance from Mr. O. L. Joyner, one of the best informed men in the state on this question, that he will help in the editorial work of this paper.

Every one who is interested in this vital question, affecting the happiness and prosperity of all the people of this great bright tobacco country, should fill out and mail at once the attached coupon.

D. J. WHICHARD.

Hard times may seriously affect everyone, particularly the man with a soft job.

Pitt County has a number of excellent consolidated schools and a consolidation of good looking teachers.

The saving habit seems suddenly to have struck the country. And it looks as if it hit at the wrong time.

Italy has had an honest to goodness earthquake. That ought to be sufficient to stop present disorders over Fiume.

An association of nations, such as proposed by President-elect Harding, seems strangely disassociated with public thought.

Now that high prices are on the downward slide, chronic complainers about hard times ought to let up for a short time at least. Conditions would improve considerably, if not many voices.

The sugar question won't trouble the housewife as bad this Christmas as the money stringency. The shortage of both, to be sure, is displeasing, but even at that there won't be much starving going on.

Persons desiring to take advantage of many bargains offered by city and country merchants should do their Christmas shopping early. Hundreds of splendid bargains are in evidence on all counters, prices have been cut to fit every pocketbook, and for that reason the sooner purchases are made the better off all will be for the holidays.

The Mann amendment prohibiting immigration to this country for a period of one year passed the House easily. That much is gratifying indeed, for it assures the American laborer of securing honest employment if he feels disposed to work and produce. And many of them are going to find this imperative before next year comes to a close.

Quite naturally, any town is glad to have new citizens to add to its population, but if each gain is made at the expense of the country it will be a loss in the long run. It is true some of the best citizens a town has are people who moved in from the country, but think what the country has lost when these people left the farm. The country is the backbone of the towns and unless the country is productive and prosperous the towns cannot prosper. More people are really needed in the country and country life should be made so attractive for them that they will not want to leave the farm and move to town.

Don't forget the starving children of Europe while doing your Christmas shopping. The foreign relief commission has asked America to give \$30,000,000 for the purpose of feeding 3,500,000 destitute and starving children. The appeal is one that should be heeded by every generoushearted person, for it is in the interest of humanity, and that alone is sufficient to move every thoughtful man or woman. \$100 will save the lives of ten children. This will tide them over to the next harvest season when they will be able to support themselves. Is it too much to ask of American prosperity? Not hardly. Get busy and give generously to your local committee.

COMMISSIONER ON NAVIGATION.

The annual report of the commissioner of navigation, department of commerce for the fiscal year ended June 30, 1920, states that the year is one of maximum records in most branches of American shipping and shipbuilding and is not likely to be equaled for years to come, and our progress can be measured only by world standards.

The total American registered, enrolled and licensed tonnage on June 30, 1920, was 16,324,024 gross tons, three times the tonnage of 1914 of Germany, whose former place as the second maritime power the United States now firmly holds.

The year's increase in American shipping has been 3,415,724 gross tons, an annual increase larger than the whole world's increase during any year before 1914.

The American ships built and documented during the year aggregated 3,880,639 gross tons, an output comparable only to the world's prewar record launching of 3,332,882 gross tons in 1913 and the British record of 3,808,056 gross tons under construction on June 30, 1920. At the end of December, 1919, American shipyards had ships (including a small tonnage for foreign owners) at the rate of 4,258,141 gross tons per annum and at the end of March, 1920, our yards had built steel ships alone at the rate of 3,679,285 gross tons per annum. The peak of annual wooden-ship production, 1,021,020 gross tons, had been reached at the end of June, 1919, and its decline to 297,864 gross tons during the past fiscal year is not without its consolations.

American ships registered for foreign trade on June 30, 1920, aggregated 9,928,595 gross tons, nearly tenfold the tonnage so registered in 1914.

This registered tonnage during normal domestic conditions of trade, control, and production would suffice to carry about 60 per cent in value of the foreign trade of the United States and, in fact, during the past year has carried 45 per cent in value of our exports and 39 per cent in value of our imports, while in 1914 American ships carried only 10 per cent in value of our exports and imports.

The increase during the year in our tonnage registered for foreign trade has been 3,258,800 gross tons, or virtually 50 per cent, and is by itself more than the tonnage under any but the British flag (which amounts to 20,582,652 gross tons), slightly exceeding the total of 3,245,104 gross tons under the French flag, which ranks next to the American.

Recommendations to Congress in the annual report of Secretary Daniels brings one face to face with the fact that the league of nations means more to the American people than the ordinary person thinks. Mr. Daniels declares increased shipbuilding for next increased shipbuilding for the next three years will be absolutely necessary in event America does not become a member of the league of nations or some other organization tending to preserve world peace. It would not be wise to remain outside of such an organization without being adequately protected and to that end the secretary's advice to Congress has been presented in brief, interesting way. It is hardly probable the average American thinker will read what the capable naval secretary has to say without thinking seriously of the future. The mother will consider because it was she who gave her sons in the recent conflict with Germany and it is she who will today look fearfully to the future to realize the dream of peace desired by every mother heart. Mr. Daniels, some may say, misrepresents the situation in his statement, but in this they are mistaken. The world demands organization of nations for the purpose of establishing permanent peace, and every country failing to take advantage of membership is subjecting itself to future war such as gripped the world for four long years.

Pitt County farmers are rallying in a pleasing way to efforts of the State Tobacco Growers' association for cutting tobacco acreage one-third next year, and if they continue to support the movement they will be among the first to derive any material benefit. The situation is of such a nature that something must be done, and the state organization, it is believed, is going about the matter in the right way. Organization in every issue is a dominant factor to success, and if planters follow advice for reducing acreage and planting surplus land in foodstuffs there is little reason to have any doubt concerning the final outcome of the fight. This is true in cotton as well as tobacco. Demand has been on the wane for weeks, prices have been clear out of reason, therefore, it is easily seen, the only solution is through organized effort. No one will dispute the fact that the past has proved it beyond doubt, and it alone must prove a stepping stone to the future.

Have you got yours. At the Half-Price Sale.—Pitt Shoe Co.

Some people are looking with dread to the 15th day of this month, on which day the fourth instalment on income and excess profits taxes must be paid to the government. Because of the stringency of money an appeal was recently made to the government for further extension of payment, but this was denied and the money must be in the hands of the collector before midnight of the date set.

By paying-up all you can on your obligations will help the other fellow in these time of stringent money and give him a chance to do some paying too. And when you are about the paying, do not overlook to call in and get a subscription receipt to the Reflector or send the amount by mail. This will help the folks who are doing their best to give you a good paper, and at a lower price than you can get any other daily paper.

MATRIMONIAL CANDIDATES ESTABLISH NEW RECORDS FOR MONTH OF DECEMBER

Hard times may be coming, or may be already here, as some would like to claim, but apparently they have not affected activity of Dan Cupid in the slightest sense of the word. This little fellow worked to perfection in Pitt county last week and results of his campaign were plainly in evidence at the office of Register of Deeds, J. C. Gaskins Saturday, when nine persons applied for licenses. They were:

F. G. Coley to Miss Lizzie Bryant, both of Bethel township. Wesley Baker to Miss Mary Lee Moore, both of Chicod township. W. E. Brown, of Louisburg, to Miss Gertrude Turnage, of Greenville. J. G. Wall, of Washington, to Miss Lottie McLawhorn, of Greenville. W. H. Jenkins to Miss Edna Clapp, both of Greenville.

Colored.

John Gardner to Minnie Tucker, both of Chicod township. Stanley Hazleton, of Ayden, to Minnie Phillips, of Swift Creek. John Havens to Nettie King, both of Ayden township. Alfred Roberson to Puss Randolph, both of Greenville territory.

SEVERAL DEEDS OF TRANSFER FILED IN CITY SATURDAY

THINGS COULD BE WORSE

Mr. Editor:—I have been thinking for the past two or three days that we are all taking this depression too much to heart. By repeating the hard luck stories we hear and predicting worse times for the future that many are adding to their woes by anticipating things which will never happen.

Let's all stop, remember that things could be worse. Count our many blessings; thank God for same and appoint ourselves a member of the "Cheer up Club", and we will all be just as happy as we were last year this time. I was struck by the piece of poetry which I attach which I believe will do us all good to learn.

J. N. GORMAN.

SMILE

It is easy to stride where the road is wide

And the pavement is firm and fine
It's easy to skip at a good stiff clip

When the road is a long white line,
It's jolly good fun down the hill to run
If there isn't a chance to fall;

BUT—

A MAN'S TRUE-BLUE IF HE PLUGS
THRU WHERE THERE ISN'T A
PATH AT ALL.

It's easy to grin when the cash rolls in
And your life is a cloudless day;
It's easy to prance in the costliest
dance

If the fiddler receives his pay;
It's easy to sing till the rafters ring
If joy is the heart of the song;

BUT—

Give the fellow who doesn't show yellow
When everything's gone dead wrong;
So remember, Friends, until Cosmos
end;

Until chaos shall rule supreme;
Until day and night take their last
long flight;

And the world is a shattered dream.
Remember! Your own frown pulls
the next man down.

Lend a hand! Make his life worth
while!

GIVE—

A beaming face to the human race;
Face fate with a brave sweet smile.

The ladies of the Eighth Street Christian Church will on next Thursday

December 16th, beginning at eleven o'clock, in the basement of the Church, conduct a fancy sale and at the same time serve dinner. Each plate will cost one dollar and the dinner will consist of the following menu.

Turkey, cranberry sauce, pickles, oysters, Canned yams, Creamed Potatoes, hot biscuits, coffee.

Extras—chicken salad, ice cream, cake.

Special rates to all school children. In the fancy work they will have a beautiful line from which to make selections, and each article will make an appropriate Christmas gift.

Wedding Announcement

Grimesland, Dec. 11.—Mr. and Mrs. Winfield Scott Galloway announce the approaching marriage of their daughter, Mable Elizabeth, to Mr. Harvey Williams Turnage. The wedding will take place January the fifth, nineteen hundred and twenty-one.

BROWN TURNAGE

Beautiful Wedding Solemnized in the Memorial Baptist Church.

The Memorial Baptist church was the scene of a pretty wedding Saturday afternoon, when Miss Gertrude Turnage became the bride of Mr. W. E. Brown, of Louisburg. The church was artistically decorated with ferns, narcissus and burning tapers. Mrs. J. L. Fleming presided at the organ and rendered a musical program while the audience was assembling. She used Tannhauser and Lohengrin's as a recessional and Mendelssohn's as a recessional. Prior to the entrance of the bridal party. Mrs. W. L. Hall sweetly sang "Wonderful Word of Romance." The bridal party entered in the following order: First the ushers, Messrs. R. T. Burnette, W. E. Price, S. N. Graham, J. A. Jordan. They were followed by Misses Dovie Burnette and Jane Hadley, as bridesmaids. They wore beautiful frocks of pink crepe de chine and carried pink and white carnations.

Miss Birdie Warren as maid of honor, wore a frock of blue taffeta and carried pink and white carnations. Little Catherine Tyson, as flower girl, preceded the bride. She wore a dainty dress of white organdie, with white ribbons and carried sweetpeas in a small basket. The bride entered with her brother, Mr. Sam Turnage, who gave her in marriage. She wore a going away suit of brown tricotline with accessories to match and carried bride's roses. They were met at the altar by the groom and his best man and brother, Mr. Peyton Brown, of Louisburg. Dr. A. P. Pugh, the supply pastor of the church performed the ceremony, using the impressive ring ceremony. Immediately after the ceremony, Mr. and Mrs. Brown left for an extended bridal trip to Palm Beach, Florida. They will make their home in Hamlet.

MRS. F. J. FORBES ENTERTAINS

Gives Five O'Clock Tea, Complimentary to Miss Howison.

On Friday afternoon at her beautiful home on Evans street, Mrs. F. J. Forbes entertained at a five o'clock tea complimentary to Miss Alice Howison, who will on Wednesday become the bride of Mr. C. F. Brown, of Greenville, Tenn. The house was beautifully decorated with ferns and pink carnations, and every room carried out the color scheme of pink. The receiving line was in the reception hall and in it were Mrs. F. J. Forbes, Miss Alice Howison, Mrs. J. B. James, Mrs. E. B. Ficklen, Mrs. H. R. Brown, of Greenville, Tenn., and Mrs. Hunter Marshall. They were assisted in receiving by a large number of friends throughout the house. The dining room was especially attractive. The table was covered with a beautiful luncheon cloth and had a large silver basket filled with pink carnations in the center. Four silver candle sticks containing pink burning tapers and silver dishes filled with bonbons were placed at different places on the table. Two silver services were arranged at either end of the table from which Mrs. Hortense Moye and Mrs. M. H. Quinerly poured tea and served chicken salad sandwiches. After spending a few minutes over the "cups of-tea" the guests were shown out.

It was an enjoyable tea and every guest reluctantly departed declaring they never had a better time.

MRS. H. L. CARE ENTERTAINS

Pretty Handkerchief Shower Given Miss Nelle White.

One of the most attractive entertainments of the season was a bridge party given Saturday afternoon by Mrs. H. L. Carr, complimentary to Miss Nelle White, who will be married in January. As the dozen guests arrived, they were cordially welcomed by the hostess and Mrs. Hunter Fleming, of Kinston. Tables for bridge were placed in the living room and hand-painted hearts marked the places, while hearts and cupidus were used for score cards. Mrs. C. B. Peatross, of Danville, made the top score and was awarded an attractive powder puff. The hostess then presented Miss White a pink linen luncheon set. An elegant salad course was served. Each guest was given a hand painted basket filled with salted nuts and bearing a pink note. The hostess said to the bride-elect, "It takes art to win a man, but only a genius can hold him." She then asked each guest to give the bride some advice along that line. Amid much merriment, the guests in turn read their pink notes. Mrs. Fleming read the last one, "The luckiest woman isn't the one who marries the best man, but the one who makes the most out of the man she marries." As Mrs. Fleming read this, the hostess slipped from the room and returned with a beautiful hand-painted book entitled "Ho Ye Bride," which she presented to the surprised bride-to-be. A shower of pink ribbons and valley lilies was suspended from the book. On each page of the book, in gilt lettering was a sentence of advice which had just been read. Between the leaves beautiful handkerchiefs were found, which were gifts from the guests present. The bride-elect showed her usual charm and sweetness in accepting the gifts.

PRESENTS REFLECTOR WITH SAMPLE OF 1920 TOBACCO

Mr. J. R. Moye this morning presented the Reflector with a sample of tobacco which he sold at the opening sale of the Greenville market August, 1920. The original load was sold with the Star Warehouse at 8 3/4 cents per pound, being purchased by the house. The sample is of exceptionally fine quality, and in price, compares favorably with prices now being received, conditions considered.

MRS. EVERETT CONDUCTS SERVICES AT E. C. T. S.

Mrs. S. J. Everett conducted the Y. W. C. A. services at the Training School Sunday evening. Her theme, "using what you have," was clearly and attractively illustrated by several readings.

She brought out the thought that every one has a place to fill and no matter how small the work one does should be accomplished for the good of all.

COUNTY TEACHERS IN SESSION HERE SATURDAY

About 150 teachers of the county schools met here in regular monthly session at the high school building Saturday morning, heard reports of delegates who attended the State Assembly, attended the usual reading circles and adjourned during the afternoon declaring the meeting one of the most helpful and instructive of the year. Before adjournment the high school students served lunch which proved a pleasing feature of the session.

IMMIGRATION BILL**

Mann Amendment to Restrict Immigration for One Year Passed Easily by Advocates

**OPPOSITION BECOMES
STRONGER AS MEASURE
REACHES FINAL STAGE**

As Amended Bill Cannot be Enforced for Two Months After Actual Passage

Washington, Dec. 10.—Amendment of the Johnson bill to reduce the two-year prohibition against immigration to the United States to fourteen months and charges hat foreign governments are "financing the movement of radicals to the United States," marked another day of debate in the House on immigration legislation.

Adoption by a vote of 87 to 25 of the amendment offered by Representative Mann, Republican, of Illinois, to reduce the embargo period was a surprise to advocates of the legislation and constituted the first victory for Representatives Siegel, Republican, of New York and Sabah, Democrat, of Illinois, leaders of the opposition. Proponents of the bill, however, were not dismayed and said they were confident of favorable disposition of the measure before adjournment tomorrow.

The Mann amendment actually limits the restriction period to one year, reducing by one-half the period originally proposed. As amended, the bill cannot be enforced for two months after passage and can be applied only fourteen months from the date of passage.

Another amendment offered by Representative Mann exempting the Philippine Islands from application of the measure was adopted by a viva voce vote. The Illinois member, in offering the amendment, said the Philippines might soon obtain their independence and further legislation by this government was not desirable.

**CLAIMS JAPAN HAS
NEVER CONSIDERED
MILITARY FUTURE**

Foreign Critics Invited to Study History of Nation and Note Truth About Conditions

Tkio, Nev. 15.—Denying that Japan is militaristic and inviting foreign critics to study Japanese history to prove the contention, Premier Takashi Hara has written an article entitled "Japanese National Characteristics as Misunderstood by the World" which is published in the Chuwe, an organ of the Solyukai party.

"It is charged that the Japanese is an aggressive race, bellicose and lacking in civilization other than the art of war," the Premier wrote. "This misunderstanding may be attributed to three defective points of view. First, Japanese history is disregarded; second, Japanese literature and art are set aside; and third, the true conditions of life of the people have not been studied by the critics.

"Japan has no record in her history of having conquered other races, as every one knows. The foreign wars in the Meiji era, especially the Russian war, were simply wars for self-defense against foreign aggression.

"If Japan's history is examined closely it is rich in records of warfare to be sure, but it is a great mistake to jump at the conclusion that the Japanese people have been a war-like race altogether, born and reared in the midst of wars. In th days before civilization had advanced, political and military wars were employed for the same purpose by all countries which are now civilized.

"Japan has never violated international laws or international faith. She has been rather too timid to do so, or too inexperienced for it. In other words, she has not yet been degraded to that extent. If there is any fault to be found with the Japanese, it may be, as critics at home tell us, that Japan is too modest and reserved. In respecting international obligations and in being loyal to friendly nations, there perhaps is no country which will surpass Japan, though many nations apply the same principles of moral conduct between nations as between individuals."

REVIEWS CAMPAIGN AGAINST RADICALS IN UNITED STATES

Attorney General Palmer, in Annual Report, Also Tells of Fight Against Prices

CARD INDEX SYSTEM IS EMPLOYED IN SOLVING RADICALISM PROBLEMS

Says Government Collected Approximately \$5,532,000 in Fines During Last Year

Washington, Dec. 11.—The campaign against the high cost of living, efforts to break up trusts and combinations in restraint of trade and the government's fight on radicalism are reviewed by Attorney General Palmer in his annual report sent today to congress.

In a discussion of the radical problem Mr. Palmer discloses that the department of justice has developed a card index system, containing more than 200,000 cards, giving detailed

data on the activities of ultra-radicals and their organizations as well as a complete library of reference on the general radical movement.

Ninety per cent of the communist and anarchistic agitation during the last year, Attorney General Palmer says, is traceable to aliens. This agitation, he adds, is not confined to the so-called "economic evils" but has been directed also toward the stirring up of racial prejudice. One of the fertile fields, he says, is among the negroes who "have been appealed to directly for support in the movement to overthrow the government of the United States".

The foreign language press has been particularly noticeable for its strong ultraradical leanings," the attorney general says. He declares that the spread of radical doctrines has been "aided" in 26 or more foreign language newspapers in the United States.

General Legune Presents Optimistic View of Conditions in Annual Report

Washington, Dec. 10.—The military situation in Haiti and Santo Domingo from the point of view of the marine corps is "extremely satisfactory". Major General Lejeune, commandant of the corps, declares in his annual report to the secretary of the navy made public today.

A year ago, the bandit situation in Haiti was "quite serious", General Lejeune says, but the present brigade and gendarmierie commanders have handled the situation in "masterly fashion and new banditry has been almost completely suppressed."

There has been no serious banditry in San Domingo in the last year, General Lejeune says adding that on his recent visit he found the marines stationed there be in efficient condition.

The "after effects" of the world war have nearly disappeared from the marine corps, the commandant continues. He believes that both officers and men have overcome the relaxations

GREENVILLE DEFEATS TARBORO, SCORE 24-20

Local Basketball Aggregation Finds Tarborians Easy In Initial Clash Of the Season.

The team representing the Greenville High School journeyed to Tarboro Friday night for their initial school game of the season. The score at the end of the game was 24-20 in favor of Greenville High. The local team was in very poor shape physically due to the fact that it has been almost impossible for the team to find a place to practice. Gentry and Gorman have very kindly agreed to let the team use their floor for a court, but the large breaks of tobacco during the past week prevented any consistent practice.

The game Friday was all against the Greenville team in the first half, this half ending with the score standing 10-10 in favor of Tarboro. However, in the second half the Greenville team gave a display of their fighting qualities which has marked their success last season, and came back strong. In the second half the Greenville team scored fourteen points while holding their opponents to four points during the same period.

The feature work of the game for Tarboro was done by Andrews and Scintello. Andrews was especially good on the tosses from the free throw line. For Greenville the stellar work was done by the forwards Hadley and Brown, as far as goal shooting was concerned, but the Greenville center, West, deserves special mention for his team work in advancing the ball to the forwards. Jolly and Barber at guard also did good work for the team. The team as a whole was somewhat weak on goal shooting, but this defect will be remedied before the next game.

Summary
Pos. Tarboro
Left For. Scintello
Right For. Andrews
Center. Gorham
Left Guard. Dawson
Right Guard. Price
Field Goals—Hadley, 4; Brown, 3; Scintello, 2; Andrews, 2; Jolly, 1; Price, 1. Foul Goals—Andrews, 10; Brown, 8. Referee—Rosenbloom and Kennedy.
After the game the Greenville lads were entertained royally by the Tarboro team and the Tarboro folks, the team came back singing the praises of Tarboro.
The first game of the season on the local court will be played here next

Friday night. Tarboro will be the opposing team, and judging from the game of Friday night, there is going to be a battle royal. Greenville is going to have another championship team this year, and the people of the town are promised a lot of good clean and exciting games during the spring months of the coming year.

DANIELS PROPOSES BUILDING PROGRAM IN AMERICAN NAVY

(Continued From Page One)
weight tons, had been completed. During the year 1,180 finished ships of 6,379,823 deadweight tons were delivered, exceeding all records. They were built without overtime or other aids to rapid production, Admiral Benson said.
"The shipyard workers of the United States has developed an expertness which has raised the efficiency of the various crafts to a high plane and production has kept pace accordingly," Admiral Benson said. The industry has expanded 50,000 skilled mechanics to a force of 385,000 men available to the private shipyards, he added.
"The credit for the accomplishment of the aims of the Emergency Fleet Corporation, is therefore due to these men who have surpassed all previous performances in the shipbuilding of the world," he said.
American vessels are now sailing in 229 separate services. They carried 44.8 percent of the nation's foreign commerce last year as compared with 37.7 per cent before the war, the report said.
The government fleet in operation June 30 consisted of 1,294 steel vessels playing to all quarters of the globe, including 508 to northern Europe and 126 to southern Europe.
