ASKS SUPPORT OF LOCAL CITIZENS IN PREVENTING CRIME

Mayor D. M. Clark Presents Conditions Ascendant Here In Forceful and Urgent Manner.

DECLARES POLICE UNABLE TO BREAK UP LIQUOR SALE WITHOUT PUBLIC INTEREST

Pool Rooms and Rowdyish Conduct—Fathers and Mothers Appeal—ed to for Assistance.

To the citizens of Greenville: As your Mayor I deem it my duty to call your attention to the existence of certain palpable evils and unwholesome conditions that need the immediate consideration of all law abiding citizens who are interested in the welfare of Greenville.

I do this reservedly, impelled by a sense of duty to meet a condition that confronts us, and because I believe now is the time to attack it.

For some time traffic in intoxicating liquors has been steadily growing worse, in spite of every effort by the police and the Sheriff's forces, this nefarious business flourishes.

The courts have been appealed to without avail. Jury convictions are hard to obtain and as a consequence submissions with suspended judgement have been accepted. But such compromises have no effect as a deterrent, and the criminal continues to ply his trade emboldened rather than discouraged.

This is not an attack on the Courts, for generally speaking, our judges have been able gentlemen, desirous of doing their duty, but it is an attack on a public sentiment that through apathy, tolerance or active support, fosters a set of criminals that are nothing more than parasites on society; whose main object is to enrich themselves at the expense of your boy's manhood and future in life.

Another serious menace to the well fare and peace of mind of our community is the existence of pool rooms, that continue to violate the law regarding gambling and minors. A pool room properly conducted is a place of amusement, but when conducted by those whose only respect for morality is prompted by an unwholesome fear of the law, it becomes a nuisance and a breeder of crimes and criminals. In this connection may not I ask should a person or persons under suspended judgements for selling intoxicating liquors, be allowed to hold license from the town of Greenville for the conduct of any business of such a questionable nature as a pool room?

There are some, no doubt, who will say it is the duty of the police to break up traffic in liquor, gambling in pool rooms, etc., but allow me to say, that without public co-operation it is impossible for a uniformed police force to pick up this class of crime with sufficient evidence to obtain a jury conviction. Therefore our only recourse is to detectives and plain clothes men, which are expensive. And in view of the trifling punishments heretofore imposed by the courts, such a course seems hardly worth while.

So far as private information is concerned, we are well informed, but this character of information is of such a confidential nature that it cannot be utilized as evidence. All informers are particular that their names be not used. However, thanks to this source, we know pretty well who the principal offenders are, also the principal customers both large and small. But knowing a thing to one's own satisfaction, and being able to prove it beyond a reasonable doubt to a jury, are two entirely different matters. A wholesome public sentiment and fearless co-operation would remedy this situation.

The police have been and are now doing all in their power to detect and break up crime, and in proof of this statement you are referred to my dock-

George B. Christian, Jr., for six years secretary to Senator Harding, will be secretary to the President after March 4 next.

SPLENDID PLAYLET GIVEN BY CHILDREN OF MODEL SCHOOL

"Under the Sugar Plum Tree" Presented by City School Children at the Training School.

The Model School, on Thursday evening in the auditorium of the Training School, gave a delightful entertainment in two parts. The first part was an operetta, "Under the Sugar Plum Tree," and the second part Christmas carols. The operetta was beautiful and had life and snap throughout. The children seemed to enjoy acting and singing as much as the audience enjoyed watching them.

In the second part all the children in the costumes they wore in the operetta were grouped on the stage by a lovely Christmas tree, making a charming picture. They sang the carols so beautifully that those in the audience wished to join in.

The curtain for the ojeretta went up on a woods scene, which was naturally represented on the stage with trees and bushes. On one side was the sugar-plum tree. A group of girls came in to have a picnic under the sugar plum tree. These girls were Virginia Perkins, Elizabeth Andrews, Polly Fulford, and Annie Shields Van Dyke. Hunting lads, hunting for the Squidicum Squees, and girls hunting for fairies, join them and dance. These were from the sixth grade.

Three old men, Charles Skinner, Wayland Hari, and J. T. Singleton, passing were prevailed upon to stay to the picnic and give a dance. They followed entertainment and games. The first grade gave the see-saw dance. The seventh grade boys gave a song and dance, led by John Hassell, their captain. The fifth grade had a mock fight. "Little Orphan Annie," Alice Foley, told them of goblins.

The fourth grade appeared as strolling musicians, with James Moyer as leader. All then went to sleep, Elizabeth Norman sang a song announcing the fairies, children from the second and third grades, who gave a beautiful fairy dance.

Evelyn Hart gave a chant telling about the Squidicum Squees, and they then appeared, queer looking little fellows from the second and third grades, dressed in suits and horned caps. They gave a comical dance. The gingerbread dog awakened the picknickers with his bark and they told what they saw in their dreams.

In the second part all of the above groups appeared. Two tiny tots from the first grade, Alice Louise Malcolm and Mary Emma Clark, sang the stanzas of "Ring Out Sweet Bells of Christmas," while the school joined in the chorus. Other carols followed.

The entertainment was one of the most beautiful and enjoyable ever given by the Model School. Practically all of the children took part in it.

URGE SEXTENSIONS IN CROP REPORTING SERVICE OF NATION

Dr. Eastbrook In Annual Report, Points Out Necessity of Bureau of Crop Estimates.

PROGRAM INVOLVES MANY OF LARGE INDUSTRIES IN THE SOUTHERN STATES

Any Army of Crop Reporters Can be Utilized in Various Branches of Bureau's Service.

Washington, Dec. 18.—A plea for enlarged program of the bureau of crop estimates of the department of agriculture to respond to the growing demands for its services in giving the essential facts of production and supply of crops and live stock, is contained in the annual report today of Dr. Leon M. Estabrook, chief of the bureau.

The program, Dr. Estabrook said, involves supplying information with regard to livestock, an industry representing a farm value of more than \$10,000,000,000; dairy and poultry production, which have an estimated annual value of more than \$3,000,000,000, and the reporting of other crops having an annual value of \$17,000,000,000. To put this program into effect an increased appropriation of \$500,000 annually is necessary, Dr. Estabrook said. Last year's appropriation for the bureau amounted to \$371,102.

In telling the people of the country from month to month during the crop growing season what the ultimate harvest of each crop will be, the bureau of crop estimates utilizes the services of an army of crop reporters which numbered last year 219,861 and of which about 200,000 volunteer their services. The accuracy of their forecasts has been found to be remarkably close.

DENOUNCE POLISH TROOPS IN EFFORT TO CAPTURE MINSK

Lithuanian Government Regards Act With Apprehension, It Is Said by Many Officials.

Kovno, Lithuania, Dec. 18.—The Lithuanian government has denounced as a Polish imperialist plot the effort of anti-Bolshevik force under command of Boris Savinkoff to seize Minsk, the most important city in White Russia. This venture is regarded by Lithuanian officials with apprehension. They say that Poles of various persuasions are co-operating with Savinkoff and they regard this action as an effort to extend Polish territory far to the eastward at the expense of the Lithuanians and White Russians.

Some of the Poles acting with Savinkoff are said to have been sympathetic with the seizure of Vilna by General Zeligowski, who proclaimed the Middle Lithuanians government which, the Lithuanians claim, is merely a Polish plot to hold Vilna.

Russian Bolsheviks are keeping their hands off for the time being and appear to be content with seeing the Poles in conflict with their various small neighbors and peering at the failure of the league of nations to check the Polish territorial ambitions.

White Russia, the undefined hazy area east of Lithuania and Latvia is a land of mystery. In various treaties the Bolsheviks have insisted upon the recognition of its independence. Its western boundary has been defined definitely in the treaties between the Bolsheviks, Lithuania and Latvia but its other boundaries are shrouded in uncertainty and it stands as a fluid barrier state, regarded here as menacing to the new Baltic nations.

Good pine wood, wood lengths at \$2.50 per load, delivered. Call Phone 8.

LABOR AND LIVING BECOME CHEAP IN DISTRICT OF HAITI

Hotel in Port Au Prince That Charges Only \$4.00 A Day for Room and Three Square Meals.

SAME MEALS COULD NOT BE PURCHASED HERE AT DOUBLE HAITI'S PRICE

Laundry at American Rates Would Cost More Than Room and Board in That Territory.

Port Au Prince, Dec. 18.—Labor and living are cheap in Haiti. There is a hotel in Port au Prince, rated as the best, that charges only \$4 a day for a room and three square meals. True, the rooms are small, with ancient wash-bowls, and unlockable, with concrete floors and rugs, but they are clean and comfortable.

The same meals could not be obtained in the United States at double the price. Luncheon is a regular dinner, and dinner is much like an eight-course feast. They never serve less than two or three meats, when one, according to the American habit would be enough. There is fruit in abundance in Haiti, and a boy standing on the front porch, overlooking the sea, often picks the breakfast oranges.

The favorite dish is the chicken, served 305 days in the year with but the least variation. Nobody ever sees a chicken after staying three weeks in Haiti, Haitian boy, waiting patiently on a guest for 21 meals, as his delight when tipped three gourdes, which is sixty cents. The maid, whose chief duty is to spread the mosquito net, almost drops to her knees for the same weekly. The boy who fetches the water and fixes the shoes gladly slips a man extra towels for three gourdes a week.

BUSINESS MEN OF FOUNTAIN PLAN TO PROTECT ACTIVITY

Merchants' Protective Association Is Formed At Enthusiastic Meeting During the Week.

Business men of several towns in this section of the state met at Fountain this week and organized a Merchants' Protective Association of Eastern Carolina. After organization had been perfected members went on record as opposing the planting of more than 66 2/3 per cent of the normal crop of tobacco and agreed not to buy a bag of fertilizer before the 15th of January, 1927, to be used for plant beds. They further found it advisable to display large placards in windows of each member containing the following, "You must reduce your tobacco crop one third."

In election of officers to direct work of the association R. A. Fountain, of Fountain, was chosen president; S. M. Cripp, Falkland, vice-president; M. D. Yelverton, of Fountain, secretary and treasurer. The following firms so far have been admitted as members: J. T. Winstead, Moore & Brown, Corbett & Brown, K. R. Wooten, of Macclesfield, J. L. Fountain & Co., J. E. Parker, Falkland; Turnage & Carr Bros., F. L. Shirley Bros. Co., W. E. Lang, Walstonburg; Fountain & Co., R. L. Jefferson & Co., R. A. Gardner & Co., Smith & Yelverton, Fountain; J. S. Whitley, Walstonburg; Batt Bros., Macclesfield.

The object of the association will be for the mutual protection of every member. The secretary was instructed to write and invite supply merchants of Pinetops, Tarboro, Stantonburg, Farmville and Snow Hill, to meet with them on January 3rd, 7 p. m. at which time definite plans will be worked out in hope of securing the membership of Eastern Carolina supply merchants. Light refreshments will be served at this meeting.

BILL STROTHER THRILLS HUNDREDS IN DAREDEVIL CLIMBING FEAT TODAY

"Human Spider" Scales Walls of the Courthouse Building in Intrepid, Thrilling Manner.

PERCHES ON STEEPLE OF BUILDING AND WAVES HANDS TO SPECTATORS

Assures People He Will Make Aeroplane Flight Sometime Next Week, If Possible.

Greenville people who have heard of wonderful climbing feats performed all over the country by "Bill Strother, better known as the "Human Spider" actually had the pleasure of seeing the wonderful aerial acrobat in action here this afternoon when he scaled the wall of the county courthouse building. The feat was similar to that accomplished by Strother here about three years ago in the interest of the Red Cross, but there were hundreds of people who failed to see him then and who today were thrilled by the spectacular exploit of the young Stantonburg boy as they possibly never have before.

The climb a fifth second story proved decidedly different owing to the cold and strong wind, but in the face of both Strother made his way cautiously up the corner of the granite walls, the breathless, expectant mass of spectators gathered on the lawn below. As the clug to the cornice roosting at the third story. It seemed a matter of impossibility of reaching the roosting in safety, but after pausing for several seconds to get his hand and foot hold the young dare-devil started his climb. An almost imperceptible steady climb and crawled over the in-

TOBACCO GROWERS IN MEETING HERE DURING AFTERNOON

Delegates of Townships Committees Report Splendid Work for Campaign of Last Week.

Township committees of Pitt county branch of the State Tobacco Growers association met at the courthouse in the city today at eleven o'clock, and after discussing conditions facing the planter in five tobacco growing states of the nation and hearing reports from committees present, adjourned at two o'clock expressing great satisfaction over the outlook for organization work in Pitt county in the next several months. Reports of committees showed that four hundred planters had pledged themselves to cut acreage one-third next year and intend to abide by rules regulating the campaign in this section of the state.

The meeting was presided over by J. C. Galloway, president of the county organization, who at the outset impressed his hearers with the necessity of co-operation in organization if the fight would be waged to a successful end throughout the country. Quite a number of planters spoke on conditions existing in rural communities, each talk being filled with optimism heretofore unexcelled in any meeting of the kind held here since opening of the tobacco market.

The principal address of the day was delivered by Hon. F. C. Harding shortly after the meeting was opened. He impressed his audience with the necessity for cutting acreage next year. And the importance of organization work to be conducted through one great institution fully able to cope with the situation in a national way. He said he believed present organization work would lead up to that point within a short time when the country would be in better shape. The present stringency of money over the country was touched lightly, in which it was shown that credit restrictions and not actual hard times was the direct cause.

The meeting came about as a pleasing culmination to the membership campaigns which have been waged in many communities for the past week, and showed conclusively that the planter is up in arms and ready to do his part in improving the situation, if co-operation will do it.

SUBSCRIBE TO THE REFLECTOR

Shortly after making the climb, Strother and Mr. Arthur Hill spoke a few words to the crowd regarding the advantage to be derived by local people from "Pay-Up and Trade Weeks" campaign in progress in Greenville, stating they had come in that interest. They expressed pleasure over the reception accorded the party by home people, and gave assurance that Lieutenant Treat would make a flight as soon as the aeroplane, which was wrecked yesterday, could be gotten in readiness and that Greenville people would have the pleasure of seeing the "Human Spider" in the guise of the world's most famous aerial acrobat, an honor which has been accorded him by leading metropolitan newspapers of the country.

There were many people present today who had seen the intrepid climber accomplish great feats on the moving picture screen and imagined it was the result of many methods employed by picture concerns in producing effect. Ideas changed considerably, however, as the young fellow started off on his death-defying mission, and those who had been loud in his praises and those in doubt surged and mingled together on the lawn and street below as minutes after minutes carried him nearer to the top of the building. Women several times turned away in fear of seeing him fall and be dashed to death on the pavement below, but each and every time they looked on the scene an impression of the dare-deviltry and intrepidity of the young fellow surged forth anew.

"Bill" occasionally made it appear that he had lost control of himself and started on a dash downward, but just as heads were turned away a new hand-hold was gained, and the smiling gravity defying climber waved his hands reassuringly to the startled thrilled beings gazing up awfully from below. All uncertainty and doubt about the young fellow's ability to climb buildings to their very tops was dispelled when he gained position of the steeple of the court house and sat there for several moments to regain breath for the downward trip. The feat was without doubt one of the most spectacular ever witnessed here, and proved as interesting as that three years ago in interest of raising funds for Red Cross work.

Saturday, December 18, 1920.

An act of courtesy cost a Camp Bragg man his life. Acts of discourtesy should cost the lives of thousands of others.

President Wilson has purchased a home in Washington city. Probably the Republican administration will take careful note of that.

Four more nations have been admitted to the league of nations. That's interesting, but it would be more so if America had been one of the four.

That Titanic convulsion of earth recorded about two thousand miles of Washington certainly had an enchanting effect by its distance.

Andersonville boosters scream corn. President-elect Harding on their side to Marion. It must have sounded like death knell to the Republican leader, just because it had a North Carolina atmosphere.

There is nothing at all strange about reported bank failures in various parts of the country, for it has been explained that with drawals exceeded deposits. In that case it is not surprising they did not close long before they were forced into it.

The Klux Klan of Anniston, Alabama, has announced its intention of standing behind officers engaged in a vice crusade that city. If the organization is going to pursue a definite policy like that it will no doubt gain a splendid following in many communities which heretofore have been holding back afraid to act in the matter.

William Jennings Bryan was the only member of a Democratic cabinet invited to take part in President-elect Harding's conference. The conference must have pained out in a gratifying way, for they agree to disagree upon certain matters of importance to the public.

Democrats thinks President-elect Harding will start out with a "hoodoo" in his selection of Edward B. McLean, Washington newspaper publisher, as chairman for inauguration. Being an enemy of President Wilson is enough to make a poor one, if the nations sees things in the right light.

"Pay-Up and Trade Weeks" campaign is in full swing in Greenville now, and it would be well for those having small accounts to settle to do it immediately and secure an opportunity of winning the automobile or part of the \$175 in gold to be given away January 1st. A coupon will be given with every dollar paid on account or cash purchases.

It is gratifying to note that hundreds of people are taking advantage of "Pay-Up and Trade Weeks" campaign in this city, for it assures everyone of witnessing the beginning of a new year with hundreds of accounts closed which otherwise would have remained open. Every person should be urged to shop and pay up while the campaign is on for in this way the entire county will receive a direct benefit.

Be sure and see to it that your Christmas packages and letters bear Red Cross Christmas Seals. They have a great mission to fulfill in the interest of suffering humanity, and money spent in this way is well applied. German miners may be in favor of socialization of coal districts, but since

that doesn't apply to America, we should worry.

Greenville extends a hearty welcome to "Bill" Strothers and party and regrets exceedingly that he was so unfortunate as to meet with an accident to his plane immediately after arriving here. The flight was anticipated with no little interest in every section of the city, as people are proud of the reputation which the Stantonburg boy and former Greenville resident has established for himself in the outside world. His gradual rise to the top of the ladder has been fraught with probably more thrilling circumstances than any other person in the country, for his life is taken in hand every time an exhibition is given. Not many young men have risen so rapidly as a national figure, and it is probable that no other character ever mounted the ladder with such a clean record behind him. Greenville, without reservation, is proud of the "Human Spider," as he is familiarly known in every large city of the nation, and he in turn is proud of having been a resident of such a thriving and appreciative city.

It is quite an honor for Pitt county that it should be chosen the first place in the State to be visited by medical representatives of Czecho Slovakia, who recently arrived in this country to investigate health conditions, particularly methods employed by various departments of health in dealing with rural conditions. It is a great honor because a representative of the national health organization in America discovered that the county had one of the best organized health departments in the State and had handled rural questions in an unusually deserving manner. Dr. Chester is to be congratulated upon this distinct recognition of his services, and people should appreciate it enough to co-operate in every way possible in making his future work doubly effective.

Three million five hundred thousand children of Central Europe are suffering from pangs of hunger and cold simply because they are unable to take care of themselves. American people have been asked to provide funds to relieve the deplorable situation and unless this is done in a reasonable time thousands will die for want of comforts necessary to take carry them over to the next harvest season when they will be able to take care of themselves. It is up to every appreciative person to donate generously to local committees, for in this way the situation will be made considerably better and civilization saved from an unspeakable name.

Pitt county tobacco and cotton farmers are determined to do their part in bringing about fair prices in the next several months, and if reducing acreage is going to mean what prominent leaders seem to think, the situation should improve considerably. Prices cannot improve so long as there is no demand for the crops, and reduction is about the only way to meet the problem for once and for all. Surplus acres should be planted in foodstuffs. This in the year round and it is perfectly natural that it should prove more profitable than present crops.

Fifty per cent. reduction in Millinery beginning on Thursday, December 16th, the first day of "Pay-Up and Trade Weeks." I will offer all Fall and Winter Hates at 1-2 of former price. MRS. I. F. LEE'S EXCLUSIVE HAT SHOP

## LIBAU TRADESMEN SELLING PLUNDER TAKEN BY ARMIES

War Loot Displayed in Hundreds of Windows Received from Every Section of Europe.

Libau, Latvia, Dec. 17.—The appearance of the shop windows here indicate that the Libau tradesmen have received some of the plunder taken by the various armies that have swept over the Baltic states. They are piled high with antique furniture from country estates, Statuary, silver and bronze ornaments, silverware (jewelry) also abound in the commission houses.

English dealer in antiques overran the Baltic states after they first freed themselves of the Bolshevik regime and picked up much of the valuable

furniture and the jewels, oriental rugs and old silver. Consequently the shops now offer fewer rare pieces than they did a year ago.

Besides the war loot the shops carry an amazing lot of second-hand wares which were the property of persons impoverished by the war who must now convert them into money. Luxuries went first but now furs, fur coats and all sorts of wearing apparel are being sold in the shops. These stores look like American rummage sales.

It is common for prosperous looking strangers who are inspecting shop windows to be approached by owners of rare old furniture or works of art who desire to offer their precious possessions at private sale without the humiliation of placing them on sale where their friends will recognize them.

The shops of Libau are much the same as those in Riga, Windau and the cities of Estonia and Lithuania. Conditions were the same in Moscow and Petrograd until the Soviet government closed all the private shops, seized their stocks and forbade trade which was not conducted by the government.

**GERMANS IN FAVOR  
OF SOCIALIZATION  
OF COAL DISTRICTS**

Federation of Miners Intends to Force  
Law Through Reichstag to Fru-  
ther the Issue.

**ASK GOVERNMENT FOR  
UNEQUIVOCAL REPLY  
TO URGENT DEMANDS**

Charge Assembly With Procrastination  
And Deception In Recent  
Deliberations.

Bochm, Germany, uDec. 17.—The  
General Committee of the German Coal  
Miners' Federation has notified Chan-  
cellor Feilrenbach that they intend to  
force through the Reichstag a law for  
the socialization of the national coal  
fields.

In an open letter to the Chancellor,  
the Committee called upon the govern-  
ment to make an unequivocal declara-  
tion on the issue. The miners also  
demanded to know how soon the govern-  
ment proposes to submit to the  
Reichstag the draft of the new law.

The miners' letter to the Chancellor  
sets forth that, in view of the promise  
given to the miners by the government  
last March and in order to fulfill the  
Spa agreement and supply the home  
demands for fuel, the miners have wil-  
lingly agreed to work overtime in or-  
der to stimulate production.

They now charge the government  
with procrastination and allege that  
they have been deceived in the delib-  
erations carried on by the Socialization  
Commission and the conference in com-  
mittee sessions of the Imperial Eco-  
nomic Council.

**PLAN TO PROMOTE  
OWN YOUR HOME IN  
MANY LARGE CITIES**

National Thrift Week Committee To  
Sponsor Campaign In Nation  
Beginning January 15.

**MOVEMENT TO SOLVE  
HOUSING PROBLEM OF  
OVERCROWDED CITY**

New York and Chicago to Conduct Ex-  
position Later On Greater Scale.

New York, Dec. 17.—National Thrift  
Week committees, with the co-opera-  
tion of the United States Treasury De-  
partment and thirty-seven other orga-  
nizations, will sponsor "our your home"  
exposition in many large cities through-  
out the country during the week of  
January 17 to 23, next, to aid in solv-  
ing the housing problem, according to  
announcement made today by Adolph  
Lewisohn, chairman.

The American Institute of Archi-  
tects has approved a national competi-  
tion with prizes totalling \$15,000 for  
best plans of small, economically prac-  
tical houses and bungalows. On  
Thursday, January 20, "own your own  
home day" of the fourth national thrift  
week, a concentrated effort will be  
made to urge men of small means and  
the foreign-born to build and own  
homes, as a practical Americanization  
feature of the program.

New York and Chicago will conduct  
"own your home" expositions later on  
a large scale. The Chicago exposition  
will be held March 26 to April 2, that  
in New York, April 16 to 30.

### THE CRUCIBLE

Test the man if his heart be  
 In accord with the ultimate plan  
 That he be not, to his marring,  
 Always and utterly man,  
 That he bring out of the tumult  
 Fitter and undefiled,  
 To woman the heart of a woman,  
 To children the heart of a child.

Hard ye may be in melee  
 Red to your battle hilts,  
 Blow give for blow in the battle,  
 Cunningly ride in the tilts.  
 But, when the striving is ended—  
 Tenderly, unbegulled,  
 Turn to a woman a woman's  
 Heart—and a child's to a child.

Good when the bugles are blowing,  
 It is to be iron and fire,  
 Good to be oak in the foray  
 Ice to a guilty desire.  
 But when the tumult is over,  
 Though the world marvel the while,  
 Give to a woman a woman's  
 Heart, and a child's to a child.  
 —From an edition de luxe of "O. Hen-  
 ryana," Doubleday, Page & Co.

Mr. G. T. Waddell, of Raleigh, is spending the day in Greenville.

Dr. W. W. Dawson, of Grifton, spent several hours in Greenville Friday.

Mr. H. McD. Horton, of Farmville, spent sometime in Greenville during Friday.

Mr. E. A. Christian, of Washington, was in Greenville several hours Friday.

Mr. W. C. Johnson, of Darlington, S. C., is spending the holidays with his sister, Mrs. Lucy Moye.

Mrs. Hunter Fleming, of Kinston, who has been visiting her parents, Mr. and Mrs. H. L. Carr, has returned to her home.

### LOCAL BASKET BALL PLAYERS WIN FROM TARBORO TEAM

Back in the northwest corner of the Centre Brick Warehouse last night the local ball tossers put another crimp in the aspirations of the aggregation of tossers from Tarboro. The score as announced at the last of the game was 26-10 in favor of the local championship aspirants. After two minutes of play the decision was never in doubt. The locals were almost perfect in their defensive work, and their offensive was of a high order. The locals were weak on goal shooting, very weak, but their team work, and ability to pass the ball to the right man at the right place was the outstanding feature of the game. For Tarboro the work of Andrews at Right Forward was the feature. As a team the Tarboro fellows never seemed to get together. They were apparently addled by the strange court, and never seemed to orient themselves. There was a large crowd present for the first game of the season, and this by the local school to mean that the folks of the town are going to stand behind the team again this year as they did last year. The spectators were more than pleased at the exhibition put up by the home boys, and a great deal of favorable comment was heard on all sides.

For Greenville, the work of West, at center was perhaps the outstanding feature. First of all this lanky center played team work from start to finish, passed the ball with accuracy to anyone near the goal, and then shot six field goals himself. While Jolly did not shoot any field goals it was evident to all that he did more than any other man perhaps in breaking up the opponents' play. Barber was also all over the court and secured one field goal. Hadley and Brown at forward played their usual good game, and secured two field goals each in addition to playing perfect teamwork.

Greenville	Position	Tarboro
Jolly	Left Guard	J. Denson
Barber	Right Guard	A. Denson
West	Center	Price
Brown	Left Forward	Sentello
Hadley	Right Forward	Andrews

Summary—Field goals: West, 6; Hadley, 2; Brown, 2; Barber, 1; Andrews, 1; Price, 1. Foul goals: Jolly, 2 out of 5; 2 out of 7; Andrews, 4 out of 10. Referee, Kennedy and Rosenbloom. Time of halves, 20 minutes.

### DISPLAY WINDOW AT CLAUDE TUNSTALL'S STORE ATTRACTS

Pedestrians passing the Ladies' Ready-to-Wear Store of Claude Tunstall are attracted by the display window. The decorations and scheme is the work of Miss Purdy and shows conclusively her skill and taste. The window contains a Christmas tree and other decorations in keeping with the Christmas spirit. The window must be seen to be appreciated.

### BRUTAL KILLING AROUSES ANGER OF BELHAVEN PEOPLE

Washington, N. C., Dec. 17.—Pounded in the face with a heavy hammer until his features had been smashed into a pulp and finally shot through the head by a bullet fired from a revolver at close range, Wiley Radcliffe, of Pantego, was killed last night at Belhaven.

Poses today are scouring woods in the vicinity of Belhaven, searching for the Italian laborer who is charged with having committed the act. Bloodhounds from Raleigh arrived this afternoon and will assist in the search. The entire town is wrought up to a high pitch of excitement and intense feeling has been stirred up against the Italian. Three other Italians were with him at the time and one of these has been arrested and is now being held in jail.

### Asks Support Of Local Citizens In Preventing Crime

(Continued From Page One)

et beginning with July 1, 1919. During this period, some seventeen months, the police have made more than seventeen hundred arrests, which are more than three times as many as were made during any other period of the same duration.

Before closing this article I desire to say a word in commendation of the excellent behavior of the young men of Greenville during the past month. Most of the late at night rowdiness that now exists is among the younger set of boys under twenty-one years of age. Such boys should receive the attention of their parents.

Citizens, this is your town, where you have invested your substance in making a home in which to rear children to become useful citizens, therefore, will you, for the sake of a dollar or the gratification of an appetite or through fear of antagonizing some person, sit idly by and allow a condition not only to exist, but actually grow, that can have only one ultimate result? When the evil combine, it is time for the good to associate, else they will go down in inglorious defeat.

The time for action has come. I appeal to every God-fearing, law-abiding citizen, but especially do I appeal to fathers and mothers of Greenville, for a wholesome public sentiment and active co-operation that will drive every vice den and monkey rum peddler from our midst.

Christmas is here, let's make it a decent Christmas, not a midnight monkey rum revel.

Respectfully,  
D. M. CLARK, Mayor.

#### HOW JUST ONE DOLLAR CAN KEEP WORKING

Go pay somebody you owe a dollar and get a coupon for the automobile and cash prizes to be given away. That somebody can pay the same dollar to another somebody and also get a coupon. And the same dollar can go right from person to person getting a coupon every time it changes hands. Bring on a dollar to The Reflector and let us show how to keep it going. We'll pass it to the druggist, the druggist will pass it to the clothier, the clothier will pass it to the milliner, the milliner will pass it to the coat suit dealer, the coat suit dealer will pass it to the furniture dealer, and so on. Before it stops it will find its way back to the Reflector for an advertising bill and start right over on another round. Try it.

## Churches

Rev. Frank H. Scattergood, Pitt county evangelist.
