## BORAH'S MEASURE TO REDUCE NAVIES RECEIVES FAVOR

Senate Foreign Relations Committee Reports Favorably Upon the Resolutions.

## DOUBT ENTERTAINED REGARDING ACTION TO BE TAKEN BY SENATE

Action on Measure Taken Before Roll Call After Voting Down Walsh Measure.

Washington, Jan. 20.—A definite step toward international disarmament was taken by the senate foreign relations committee today in ordering a favorable report on the resolution of Senator Borah, Republican, Idaho, proposing negotiations with the United States Great Britain and Japan to reduce naval programs.

Discussion of the resolution in the senate is not planned before next week and action on it at the present session is conceded to be in doubt. Advocates of the resolution, however, hope the senate debate will give impetus to general disarmament sentiment here and abroad.

The committee approved the Borah resolution without a roll call after it had voted down, 8 to 3, an alternative resolution by Senator Walsh, Democrat Montana, proposing American participation in discussions of the league of nations disarmament commission. All members present supported the Walsh measure and all Republicans voted against it. Senator Shields, Democrat, of Tennessee, although absent, was recorded in opposition.

Some changes were made by the committee in the Borah resolution. One was the inclusion of the provision that any agreements between the United States, Great Britain and Japan for naval building reductions should be promulgated formally by treaty. Another amendment struck out Senator Borah's original proposal to negotiate for a 50 per cent. reduction in naval building, the committee deciding to leave this question open for whatever reduction might be arranged.

Confinement of the negotiations to the three principal naval powers, as originally proposed by Senator Borah, was approved by the committee a proposal by Senator McCumber, Republican, North, to include France and Italy in the parleys being rejected.

Senator Borah plans to call up the resolution in the senate the first opportunity probably next week.

## EIGHT MEN KILLED IN ENGAGEMENT WITH DUBLIN SINNFEINERS

Dublin, Jan. 21.—Eight men, seven of whom were constables were shot and killed in an engagement with Sinn Feiners near here yesterday. Six constables were killed when their automobile ran into an ambuscade, while the body of another was found near barracks yesterday. The civilian was shot by several men who entered his home.

## SCWAB DENIES REPORT THAT SHIPPING BOARD PAID RECENT EXPENSES

New York, Jan. 21.—Charles M. Schwab appeared before the congressional committee today and denied testimony of E. H. Abadie, former comptroller of the shipping board to the effect that Schwab's personal expenses for October, 1919, amounting to \$200,000 was charged to the shipping board. Mr. Schwab declared the statements absolutely unqualifiedly and maliciously false and that he personally paid all his own expenses during his term of office as director general of emergency fleet corporation.

## BALTIMORE LEADS NATION IN PAYING SCHOOL TEACHERS

With Increase of \$600 per Year to Average Teacher Maryland Teachers Takes Lead

Chicago, Jan. 21.—With an increase of \$600 per year to the average teacher Baltimore is shown to lead the list of American cities in amount of salary advances to be granted to public school workers during the past year, according to a survey of the national educational situation just completed by the Better Schools Service, a bureau of the American Education of Teachers.

This bureau has been compiling statistics and reports here since the teacher shortage became acute. Philadelphia is shown to bring up the rear of all cities, its increase being only from \$30 to \$120 per year.

The average increase for cities of more than 100,000 population is listed at \$305 per year, for cities of between 50,000 and 100,000 three hundred and thirty two dollars in cities of 25,000 to 500,000 three hundred and seventy one dollars.

Reports from all over the country show that the general advance in salaries still leave teachers more inadequately paid than previous to 1914, said William B. McCoy director of the survey in making the first finding public.

Teachers are still at the bottom of skilled workers in the wage scale, he added, the measures of relief have been palliative only. They may have checked momentarily the disintegration in the public school system of this country but they have not arrested it.

All reports show that there must be fundamental changes in the policy of financing Education before schools are safe from current deterioration. Normal school enrollment over the nation is the barometer of the Educational system. This barometer is now very low. Even the Baltimore increase is reported by Maryland Educators to have been inadequate.

Among the larger American cities Louisville and Paterson, N. J., rank next to Baltimore, with \$500 each as the average annual increase. Chicago, Toledo, San Francisco and Kansas City take next place with \$450 each. St. Louis, Oakland, Tacoma gave \$420 a piece with Spokane close behind with \$400. Boston, Los Angeles and Houston awarded a raise of \$330, with Atlanta and Minneapolis \$300 each. Indianapolis, Cleveland and Des Moines gave \$200.

## TAFT DECLARES IT IS NECESSARY FOR NATIONS TO DISARM

In Interview at Bermuda He Declares All Countries Are Confronted by Necessity of Disarmament.

## HOPEFUL HARDING WILL REACH AGREEMENT FOR ASSOCIATION OF NATIONS

Declares Business Condition in the United States Is Not Alarming in the Least.

Hamilton, Bermuda, Jan. 21.—Former President William H. Taft, who is spending a month here, said in an interview today that "the enormous burden of debt of every country makes it almost indispensable that the necessity for armament be removed. You can only do that by joint action agreements and by promise of settling all differences without fighting."

"They are already discussing seriously in the United States an agreement for disarmament or the limiting of armament and strangely enough that comes in part at least, from men who have been vigorously opposed to any league at all," he continued.

"I am very hopeful that under Mr. Harding we shall reach a conclusion with other leading nations for an association or league which shall mark the advance brought about by the war toward reasonable machinery for the avoidance of future conflicts. This will involve sitting around the conference table of an important nations and will imply the taking of joint measures to compose differences and to restrain a resort to the unsatisfactory and bloody arbitrament of war.

## SAYS DEPRESSION IN ITALY IS PART OF WORLD'S CRISIS

Signor Olivetti, Deputy of Parliament, Characterizes Situation as Quite Serious.

## SEES ENCOURAGING SIGN IN ABSENCE OF STRIKES AND LABOR COMPETITION

German Competition Is Already Having Bad Effect Upon Italian Industries Everywhere.

Rome, Jan. 21.—Business depression in Italy is characterized by Signor Olivetti, a deputy in parliament and industrial economic expert, as part of "a world crisis." He attributes this situation of Italy to the restriction of consumption and limitation of money. He expresses the opinion that all countries must pass through this condition in order to attain economic reconstruction.

Signor Olivetti sees an encouraging sign in the fact that strikes and labor agitations are becoming less frequent and less serious in Italy. He says this indicates that the working men realize the difficulties through which all industries are passing. Nevertheless unemployment is characterized as grave and increasing.

German competition already is having a bad effect on Italian mechanical industries. Some manufacturing plants operating only three or four days a week and hosiery and India rubber factories are working on reduced hours. No new ships are being laid down because of uncertainty of future naval construction. The once flourishing automobile industry of Italy only just holds its own in the face of ever increasing obstacles to exportation and the diminution of the home market.

Both exports and imports have decreased in Italy, according to figures just made public covering a period up to last September.

## SUPERIOR COURT TO TAKE UP SEVERAL ISSUES NEXT WEEK

Civil Term Adjourns for Week Following Disposition of Renfrew Divorce Case.

After granting divorce in the proceedings of Renfrew vs. Renfrew, the civil term of Pitt county court adjourned yesterday afternoon until next week when the regular week of criminal work will be taken up. There was only one case disposed of during the present week, that being the Renfrew case which was taken up at the opening Monday and occupied the remainder of the session with the exception of settlement of compromise proceedings and signing of judgments presented for disposition.

The opening of the criminal term promises to be one of the most interesting in several months. There are several important cases to come up for final hearing, principal among them being three or four murder charges and a number of whiskey cases which have been pending hearing for some time. It is not expected any time will be lost in long drawn out controversies such as featured sessions this week, although it is true many important issues are to be considered.

Judge Devin made a mighty fine impression in his first appearance here on the bench, showing splendid judgment and dispatch in matters which otherwise would have prolonged legal discussions. He will preside over the criminal term also, and it is expected work will move smoothly with only slight handicaps.

## MONEY CHICAGO ROBBERY RECOVERED WITH ARREST

Mount Vernon, Ill., Jan. 21.—Virtually all of hundred and eighty-five thousand dollars obtained in theft of thirty-one packages of registered mail here last Friday was recovered by post office inspectors in several raids in Mount Vernon today. One of the men arrested on suspicion of participation in the robbery is E. Guy Kyle, former rector of Free-Will Methodist church here.

## KENTUCKY TRYING TO SAVE FARMERS FROM BANKRUPTCY

Banks Plan Heavy Loans to Carry on Farm Operations During the Approaching Season.

Lexington, Ky., Jan. 21.—Central Kentucky is trying to save thousands of farmers from bankruptcy and banks and business houses from serious embarrassment, according to statements of bankers, growers and others who have been active in the movement to force prices for the 1920 crop of burley tobacco to a point that will not be far from the 1920 record. They assign this as the reason for the nervous situation that has torn the burley tobacco region for the last several weeks, resulting in all markets, but a few, being closed, threats being made against buyers, a run on one bank and an agreement to "cut out" the 1921 crop and hold the 1920 crop if financial arrangements can be made.

Banks in Central Kentucky loan large sums to farmers to finance their crops. Just how large the total of these loans this year is no guess has been ventured. The question of how long the bankers can carry the farmers, however, was one of the foremost in the meeting of farmers, growers and warehousemen held here recently.

It is claimed that if tobacco does not bring a satisfactory price these farmers will lose their lands, and many financial institutions will be hampered. Buyers of tobacco are silent as to why prices are not higher. Farmers claim that in view of the fact that prices rose gradually over a period of four years from 1915 to 1919, they should drop gradually. They assert that labor costs during the 1920 season were the highest in the history of farming in Kentucky. Stories of farmers who paid \$8 per day for common labor in the tobacco fields are common among large growers who visit the offices of the Burley Tobacco Growers Association here.

## OFFICERS ELECTED ANNUAL MEETING AMERICAN LEGION

Dr. J. B. Turner Successor to Laughlin In House As Commander of Post, Pitt County Post.

## CONRAD LANIER TAKES INTERESTINGLY ON WHY LEGION IS NECESSARY

Several New Members Enrolled At Annual Feast At Princeton Hotel Last Night.

Pitt County Post of the American Legion enjoyed a feed and get-together banquet last night at the Princeton hotel, about fifty persons representing active members and visitors being present. The occasion was full of interest from beginning to end, featuring the election of officers and addresses by former service men well acquainted with the post which the Legion will play in the county's future.

Thanks were rendered by Rev. J. B. Turner after all the guests had been seated at the table, which was followed by an appropriate song and recitation. After the meal was over, Dr. J. B. Turner presented a report of the year's work, showing that the organization had enjoyed a substantial increase in membership. His report also stated the fact that interest had become keen in preparation for the return with virtually every member ready to do his part in the new year and the new year's State.

J. C. Lanier delivered an interesting address on "Pitt County Post American Legion—Why?" He showed the necessity for organization of former service men, believing they could do a great duty in every community when coming together as one instead of individuals. He spoke for several minutes, dealing with questions confronting the Legion now and the part each member must play if it is to measure up to high standards of the great country it represents.

Adjutant Rose presented the question whether they should continue with the County Post, as at present, or organize township posts. After discussion the subject, a motion was carried, almost unanimously, to have only a County Post. After this matter had been disposed of the election of officers was declared in order, resulting as follows: Commander, Dr. J. B. Turner; Adjutant, S. L. Bridges; First Vice-Commander, Dr. G. G. Dixon; Second Vice-Commander, Z. V. Bunting; Chaplain, Rev. F. H. Scattergood; Treasurer, J. H. Waldrop.

Col. C. O'H Laughlinhouse read an interesting address as retiring commander, expressing the pleasure, which had been derived from association of duties of the Post and regret at his retirement. Several new members were enrolled. It was decided that the next meeting be held February 22nd. Members will be permitted to take a lady with them to the next feed.

Friday, January 21, 1921.

A Durham business man thinks the future is bright. That's mighty fine so long as he does something more than think.

The farmer should have no fear of bears on the cotton market. They are suffering a serious nervous breakdown too and are more on the defensive than offensive.

Mr. Harding has received enough advice since his nomination to make him one of the greatest presidents in history. Yet it is probable he got so much he won't know exactly what to do.

The proposed city manager plan met with disfavor in Raleigh. It's mighty good plan when it works right, but so far there are only a few towns and cities that have succeeded in making it pay out to suit public fancy.

The Ohio legislature would provide legislation prohibiting the throwing of baseball games. That is all right so long as they refrain from placing restrictions on throwing the ball.

The great difference in prices of cotton have caused Tar Heel lawmakers to believe that an investigation of grades now offered for sale would be advisable. The suggestion is no doubt a good one as the uncertainty of the market is nerve-racking in the extreme.

An improvement has been reported in the textile industry of the State for the past several weeks, according to reports issued from various sections. The news sounds mighty good, for when cotton mills are going at full blast it is a sure sign that prosperity is with us.

Tobacco growers, business men and bankers should attend the meeting to be conducted at the court house here Saturday. The county branch of the Tobacco Growers' Association will be completed for active work, and as all are directly concerned, hundreds should be present.

FIFTY MILLIONS SHORT

The tobacco crop this year is just fifty million dollars short in North Carolina, according to authoritative information recently given out, and the fact is of such vital importance that it should cause the business man and farmer to sit up and take notice. A pound of tobacco brings the farmer about half as much this year as last. This is not necessarily caused by a bigger crop than formerly but because the market is demanding nothing but better grades and that is just what the planter in his haste failed to produce.

The burley districts of Kentucky, however, are facing a more serious situation than the bright leaf producer, for the simple reason that he received about half as much for his product. Both sections will be compelled to reduce acreage in order to bring about better conditions in the future, for if this is not done bankruptcy is more imminent than many would believe. There is only one alternative open to the industry and that is to cut crops entirely or reduce them to one-half. The market within a short time will be relieved of congestion and foreign demand will become considerably stronger.

Persons well acquainted with the market abroad declare supplies are being sold at lower prices than they could be purchased in America, so it is perfectly natural there should be no demand at this time. The only way out of a bad situation is to get busy, produce better grades of tobacco and on surplus acreage plant food crops. If the American smokehouse is filled this year the future should occasion the planter little worry. He can feed himself, sell produce demanded daily by surrounding towns and be contented and happy while the world market is getting ready for the small crop of improved grade of tobaccos.

FUNDS STILL NEEDED

The maunot raised for relief of suffering children of Europe is nothing more than a beginning, according to reports issued by the relief commission in this country and there is yet a long road to travel if America is to respond to the cry for aid. It sounds strange to some that this country continues giving to other countries when there are so many people out of employment in the United States, but they forget that we are the most prosperous of them all and are in position to give without feeling it to any noticeable extent.

There are some over three million five hundred thousand children starving in Europe. Many of them are half clothed, exposed to cold and hardships and a task that they be provided for until the next harvest season when they will be able to take care of themselves. Thirty million dollars will be necessary to carry on this work. Only a small portion of this amount has been raised, so it is quite evident America must for one time forget talk of financial depression and listen to the cry of suffering humanity.

The mission is one of the greatest ever offered to any nation. It is one which any country with abundance should heed, and if the funds should not be provided a stain will have been placed upon the magnanimity of America which its people will be long in living down. The time is short. If you have not already donated, do it now and be among the millions of valiant generous hearts worthy of the name American.

Lumber concerns of the country have decided to begin a campaign for encouraging greater building operations in every community where such is needed. They argue prices are declining favorably and that building material may be purchased more cheaply than in several months. It is a mighty fine spirit and if taken advantage of by the persons in need of homes the future should prove much better in many ways. The labor situation makes the proposition mighty appealing as along with the decline of both there are other necessities in the building line which have been on the toboggan long enough to justify purchase without fear. Housing corporations in small cities would do well to get busy and see what can be done in interest of their towns, as plenty of desirable homes is one of the biggest assets sought by persons looking for permanent situations. The lumbermen have a good argument and will no doubt be successful.

The reported increase in price of tobacco sent out from over-ambitious markets of the State so far have had little effect upon the farmer who is beginning to realize that reduction in acreage is absolutely imperative if the future is expected to be as favorable as he would have it. Such reports, of course, are encouraging, but advances have not been sufficiently large to justify one in believing that a radical change will become general. On the other hand, it is hardly probable the slight increases will continue. There is no reason for such. Conditions are similar to those at the opening of the market and it is questionable whether the farmer will be able to make up for his losses even though the unexpected should happen. Curtailed acreage is absolutely necessary even though prices were to double, as abnormality is a part of every market whether it be tobacco, cotton or corn.

Attorney General Palmer insists that a sweeping congressional investigation should be made of charges that department of justice officials were abusive in rounding up radicals in the campaign last winter. While in many instances Mr. Palmer is right his charges are hardly worth more than passing consideration. At the time of the investigation radicalism had assumed dangerous proportions and naturally had to be dealt with more severely than under ordinary circumstances. Officials, it may be remembered, succeeded in bringing about a much more desirable state of affairs than existed at the time of the probe, and as they handled the situation according to drastic measures of the department there is little reason to question any unfairness at this late hour. Mr. Palmer should have made his discovery earlier as the country at this time has too much to deal with in the way of readjustment to throw away precious time on something absolutely outside of public welfare.

Oxford isn't going to lag behind in educational development for the next several months if the recent \$75,000 bond issue for improvement of schools means anything. The town several months ago appropriated \$50,000 for the same purpose, therefore, it is presumable that they mean to make hay while the sun shines. The action should be an incentive to every school district in the State and inspire them to try and emulate the example presented by the little western North Carolina city. Education is the dominant note in industrial and commercial development just now and no section can fail to realize the advantages to be derived from its expansion and development.

Students of the Greenville high school have taken a forward step in petitioning county legislators to support the appropriation bill to be taken up by the General Assembly during the present term. In fact, if other schools of the State were to do the same thing it is quite probable members would take more than general interest in various provisions embraced by the measure. Education is absolutely essential to every progressive community today, and if the schools cannot be provided for as they should be prospects of uninterrupted development are decidedly discouraging. Appropriations will be needed to carry on the work as planned by far-sighted educators, and if the bill pending decision should be defeated very few institutions will be able to carry on their work with desired efficiency. It is incumbent upon every citizen to give the matter the thought and action which it is so surely deserves, for they have heard the children speak and as they are the ones to constitute the coming generation their voices should carry great weight. Greenville is taking a commendable part and is to be congratulated.

Mr. C. E. Overton, of Columbia, is spending the day in Greenville.

Mr. R. N. Grimes, of Everett, was among visitors in the city today.

Mr. and Mrs. Frank Capps, of Farmville, visited friends in Greenville during Thursday.

Mr. G. B. Underwood, of Raleigh, was numbered among business visitors here during yesterday.

Messrs. Everett G. Smith and John G. Bell, of New York, N. Y., are visiting Mr. Charlie James.

Rev. and Mrs. W. H. Moore, of Richmond, who have been here a few days the guests of Mrs. Lula Fleming, returned home today.

**MR. EDWARD BATCHELOR ENTERTAINS**

Mr. Edward Batchelor was host last evening at a delightful bridge party, complimentary to Messrs. Everett G. Smith and John G. Bell, of New York city, the guests of Mr. Charlie James. Two tables for the games were arranged in the library and many progressions were enjoyed. At the conclusion of the games a delicious sweet course was served.

**BENEFIT OF GIRL SCOUTS**

A concert by Misses Sue Kyle Southwick, pianist, and Margaret Spofford, contralto, of the faculty of St. Mary's School, Raleigh, N. C., will be given for the benefit of the Girl Scouts of Greenville in the High School auditorium on Friday night, the twenty-eighth, at eight-thirty o'clock.

The price of admission will be fifty cents.

These musicians are coming highly recommended and the Greenville people should take advantage of the opportunity to know them; not only for their own pleasure but in order to encourage the Girl Scouts.

**MRS. HARVEY WILL UNDERGO AN OPERATION TOMORROW**

Mr. E. W. Harvey left this morning for Richmond to be with his wife who will undergo an operation in St. Luke's hospital tomorrow. Mrs. Harvey has been in the hospital for several weeks but her condition has been so critical that the operation was postponed until now. Her many friends wish for her a speedy recovery.

**BIBLE CLASS TO BE CONDUCTED IN PRINCETON HOTEL**

**NAMES OMITTED THRU ERROR**

In reporting the Lee-White reception yesterday the names of Mr. and Mrs. H. L. Carr and Mr. and Mrs. Ned Laughinghouse, who received in the living room, were omitted through error. In going through so many names the reporter overlooked the above. In the James' reception the names of Misses Hannah Dixon and Nancie King, who assisted in the dining room were likewise omitted.

**BOARDING HOUSE NOTICE**

This is to give notice that the boarding house on Dickinson avenue, opposite the Norfolk Southern Railroad station, formerly known as the "Harris House," is now being conducted solely by the undersigned and that Mrs. Effie Lee, who formerly had an interest therein, has moved away and is no longer in any way connected with the management and conduct of said boarding house.

We propose to run a clean, orderly and up-to-date boarding house where the best and most respectable people may rest assured of good service, kind treatment and congenial hospitality.

Your patronage solicited.

## TENNESSEE LEGISLATURE DECLINES TO CONSIDER PROPOSED BLUE LAW BILL

Nashville, Tenn., Jan. 21.—The Tennessee judiciary committee recommended rejection of a bill proposing to stop operation of trains and newspapers on Sunday and deferred action on the bill which exempts publication and acts of necessity. The house committee deferred action on both measures.

## TAFT DECLARES NECESSARY FOR NATIONS TO DISARM

(Continued from Page One)  
The attitude of the United States toward Great Britain. Of course the United States consists of some 110,000,000 people with many different currents of thought permeating the mass. Many different groupings too will be found and there are some of these groups, more vocal than representative of public opinion who manifest bitter feeling against Britain. But when an important question arises, when a real issue comes before us, then the sober public opinion of the United States asserts itself.

"I never have had the slightest concern over the relations of the two countries. We form the strongest union for peace between nations that exists in the world today. We have got into the habit of settling all our differences by means of negotiation and arbitration. The great body of the people in the United States cannot conceive of a war between the two countries because they are confident that any matters in dispute can and will be settled either by negotiation or by the judgment of a court as with people in any domestic jurisdiction where law and order prevail."

Speaking of business conditions in the United States, he said they were not alarming. "We are a very resilient people and can fight our way out," he said. "Congress is attempting to help in the matter of credits."

# SELL AT GORMAN'S

Our Thursday Sale was very satisfactory. We sold 82,306 pounds, averaging 16.75.  
In Today's Sale we had some good and fine tobacco which sold well, but the mast of the sale was common tobacco and this is selling

low. But no lower than it has been. In fact, some of the common tobacco is some higher.  
Drive to Gorman's and we will send you home with the top of the market.
