SAYS COURTS ARE LAX IN PENALTIES IN LIQUOR CASES

R. L. Davis, Anti-Saloon League Leader, Writes Judge Cooper and Solicitor Hines of Conditions

INFORMATION LEADS HIM TO BELIEVE TRAFFIC IS GROWING BEYOND AVERAGE

Asks Officials to Deal With Firmness With Cases Coming Up For Consideration.

The following letter from R. L. Davis, superintendent of the North Carolina Anti-Saloon League to Judge L. G. Cooper and P. R. Hines, county court officials, will be read with interest by people throughout this section of the State, as it shows the active interest that prohibitionists are taking in relieving the country of a demoralizing and deplorable traffic in whiskey. The appeal from Mr. Davis is directed to those who are unable to effect more direct prosecution because of intimacy with the numbers of cases appearing in their court for trial, and should do much good.

The letter follows:
February 5, 1921.

Judge L. G. Cooper, Solicitor P. R. Hines, Greenville, N. C.

Gentlemen:—In the interest of good government in Pitt county and representing the loyal, patriotic citizenship of that county, I address you jointly this communication.

Information received by contact with the people and by many letters convinces me that the liquor lawlessness in Pitt county is above the average. This seems to obtain in spite of the fact that Sheriff Dudley is one of the most active sheriffs in the State in running down these criminals and there has been some criticism that the courts are lax in the matter of penalty when convictions have been secured.

I have just returned from the law-enforcement convention, at Greensboro, composed of citizens and officers, State and Federal. This convention, after two days' deliberation and discussion, was unanimous in the opinion that the punishment received by the average violator of the liquor laws is inadequate to stop the offense and, therefore, without a dissenting voice, the delegated body of more than one hundred, covering the State from Transylvania to Halifax and New Hanover, memorialized this Legislature to give us a "flat sentence" for the first offense against the anti-liquor laws. The enclosed clipping, which is taken from the Greenville Daily Reflector of February 1, shows the attitude of the "Good Citizens' League" of Pacolus township, Pitt county. All loyal, patriotic citizens, as they realize that the safety of our government is in jeopardy unless this lawlessness among our citizens is checked.

I see that there are many liquor cases to come up before your Pitt County Court in the next three weeks and, as a representative of the good, law-abiding, patriotic citizens of Pitt county and North Carolina, I want to ask you in response to the sentiment of this class, to act with a firm hand in dealing with the violators of our anti-liquor laws. The monkey rummers and blind tigers are breeders of anarchy wherever they are found.

Very truly yours,
R. L. DAVIS, Supt.

PEACE TREATY TO BE DISCUSSED AT MEETING IN TEXAS

Financial Conditions and Passports Also to be Considered at Convention Today.

El Paso, Texas, Feb. 4.—Treaties, money, passports and other subjects of national and international interest will be discussed at the meeting of the Confederation of the Chambers of Mexico tomorrow, February 5, and February 6 and 7. With the exception of one session which will be held in El Paso, all sessions of the convention will be held in Juarez, opposite this city.

Among the subjects and speakers on the convention program are: "The New Money of Mexico," by Rafael Lozano Soldana, chief counsel of the Confederation; "Abolition of Passports," by Camillo L. Arguelles, secretary of the Juarez Chamber of Commerce; and "Confidential Correspondence of the Officials of the Chamber of Commerce," by Ulysses Irigoyen, president of the Juarez Chamber.

Among the topics scheduled for discussion by the delegates are "Stamp Tax," "The Protection which Chambers of Commerce Should Give to Members," "International Commerce and Credits," and telegraphs, postal service and railroads of Mexico regarding better conditions for employes and improved service.

One of the features of the entertainment program of the convention will be a dinner at the Toltec Club at which the delegates will be guests of the El Pasoans who made the "Peace and Progress" excursion into Mexico. Following the dinner there will be a ball in honor of the delegates.

BASE BALL MEETING WEDNESDAY NIGHT

There will be a base ball meeting of all the fans in Greenville Wednesday night at eight o'clock in the Chamber of Commerce Building. Already there are plans on foot to have some classy base ball in this section the coming summer, and Greenville cannot afford to miss it. Kingston, New Bern and other towns are lining up to be ready for the words, "Play Ball!" Everybody who is interested should be sure to attend this meeting Wednesday night at 8 o'clock.

AMERICAN AIRSHIPS MAKE GOOD RECORD IN TWELVE MONTHS

Total of 115,163 Passengers Fly 3,136,550 Miles Without Loss of a Single Life.

COMPLETE FIGURES BASED ON REPORTS FROM ABOUT 425 AIRPLANES REPORTING

New York, Feb. 8.—A total of 115,163 passengers flew 3,136,550 miles in commercial airplanes during the last twelve months without the loss of a single life, according to an announcement by the Manufacturers Aircraft Association here today. These figures are based on the performance of 425 planes, and it is believed that the number of passengers and the mileage would be doubled if the figures of the 1,000 commercial airplanes operating in this country were obtainable.

"In the absence of any Federal system of registration, air laws and government methods for tabulating the ownership and performance of aircraft, it has been found difficult to trace the total number," the Association stated. "The totals are based on questionnaires distributed by the association, but due to the itinerant nature of much of the flying, it has been difficult to trace and record more than half of these. This one-half, by 87 companies or individuals, are located permanently in all parts of the United States.

"Much of the mileage was made on short flights of ten to fifteen miles, for which an average fee of \$12.50 was charged. An increasing demand for aerial transportation between the cities has been noted, the average charge for this service being 65 cents a mile. On practically all inter-city flights baggage or freight was carried, the quantity limited only by the capacity of the craft. This business aggregated 41,390 pounds.

"MY GOLDEN GIRL" TO PLAY IN CITY FRIDAY, FEB. 18TH

Popular Musical Comedy Company Scheduled for One Night at White's Theatre.

Much more than the average musical show is promised with the coming of Victor Herbert's "My Golden Girl," which plays a night's engagement at White's Theatre, on February 18th. And to tell the truth much more is expected from America's most successful and brilliant composer of light operatic music; the management knows this and realize their obligation.

A company of surpassing players carry Mr. Kummer's libretto, which might be termed a humorous dramatic gem, along at a fast pace. For speed is indeed essential to any successful show today, yet never is the action so fast that it is spoiled for having to stop for Victor Herbert's musical numbers, some of which require all the tenderness and poignant meaning of superior lyric vocalism while there are plenty of the other, shall we say, popular kind that lingers long after the show has gone its way.

Dancing in abundance, there is, of course, by some of the foremost and best interpreters of the twentieth century passion for sustained and determined motion in the terpsichorean art—a product possessing the exotic splendor of the modern craft of scene painting correct costumes and the adornments of modern fashion all acted by a splendid company and sprightly chorus of nimble-footed girls; set in glorified stages pictures—Victor Herbert's "My Golden Girl" is, at least a sincere and notable challenge to those who like a good musical show and wish to laugh without shame and be happy without being silly.

OCEAN OF THE AIR RECEIVES GREATER THOUGHT IN NATION

Great Air Lines With Huge Plane Flying from City to City of Vast Importance.

DECLARES ISSUE MUST BE CONSIDERED FROM METEOROLOGICAL POINT

Washington, Feb. 7.—The "ocean of air," which followers of aviation believe some day will be filled with great air liners flying their way from city to city on regular schedules, must be studied from a meteorological standpoint and the whims and fancies of the elements must be reduced to easily understood data before the dream of the world wide commercial aviation can become a reality, according to C. Le Roy Meisinger, government meteorologist here.

Mr. Meisinger, in a paper discussing the effect of air conditions on commercial aviation, says that meteorology is the master key of aviation, regardless of the confidence a pilot may have in his motor and in his plane. "The ocean of air," he says, constantly is changing and does not contain steady currents such as the gulf stream and the Japan current which are found in oceans of water. He points out that even the prevailing belief that far above are strong westerly winds which never change sometimes is shocked by facts revealed through scientific study of aerial conditions.

Because of the constantly changing conditions of the aerial routes through which the air liners of the future will travel, Mr. Meisinger declares that big commercial aviation companies can operate on a large scale, great masses of data on air conditions at all times of the year, in all places and under all circumstances, must be gathered. He suggests placing consulting meteorologists on the staffs of all aviation companies, these men to study the air as it affects aviation and to decide daily what altitude and what route a plane should take from one city to another.

PIONEER CIRCUIT RIDERS ARE TO BE HONORED IN OREGON

Commemoration of Individuals Who Blazed Path of Civilization To Be Planned.

Portland, Ore., Feb. 7.—Pioneer circuit riders, who were important factors in spreading civilization in the old west, are to be commemorated in Oregon by an equestrian statue of heroic size, which is to be erected to the State by R. A. Booth, of Eugene, State highway commissioner and former State senator. The statue will represent the pioneer type of minister who served among early settlers in the Pacific northwest.

Mr. Booth's father, Robert Booth, was one of the pioneer circuit riders of the northwest. He died at his son's home in 1917 aged ninety-seven years. "For many years my father rode up and down the State enduring hardships and braving dangers," Mr. Booth said recently. "There is scarcely a stream in western Oregon that he has not forded when bridges were unknown. Because of my memories of him and of the similar devotion to faith and duty displayed by other early circuit riders, I have conceived this tribute."

The model of the statue depicts the circuit rider on his rangy, plodding horse, wind tugging at his cloak, slouch hat above the unshorn hair and Bible in hand upon the saddle bow. Governor Ben W. Olcott has been asked to name a committee to select a site for the statue. It probably will be completed within two years.

CRIMINAL SESSION OF COUNTY COURT BEGINS ACTIVITIES

Pruning of Docket to Relieve Congestion Featured Largely in Deliberations Yesterday.

The opening session of the criminal term of county court in this city yesterday featured largely in disposition of a number of cases which had been pending from session to session without receiving final consideration. There were several matters which had been taken up early last year and continued on account of insufficient evidence and absence of witnesses, and in such instances, Judge Cooper, ruled them erased from the docket in order to relieve congestion.

There were only one or two cases really receiving hearing during the opening session yesterday morning, and although of an unimportant nature, they received considerable attention and required sometime before hearing was completed. The docket, even after receiving a preliminary pruning, continues to hold much work for the remainder of this week and next week, and it is quite probable the court will have one of the busiest terms in many months.

In the case of Roy Dixon, charged with selling liquor, prayer for judgment was continued on condition that his behavior be in keeping with restrictions laid down by the court for a period of two years. Dixon pleaded guilty of connection with the traffic at the outset, but was given freedom immediately after prayer for judgment had been entered by legal representatives.

No! pros proceedings were taken in the case against John Dawson, charged with selling whiskey. The case against Walter Little, assault with deadly weapon, was order erased from the docket. Judgment absolute was returned in the case of Simon Boyd.

No! pros proceedings were taken in the case against William Barnes, charged with cruelty to animals. Dominion Ward and J. T. Pope were found guilty of assault with deadly weapon and fined \$15 and one-half costs.

Mrs. C. D. Tunstall and little son, Joseph, have returned from a visit in Belhaven.

ASKS CITIZENS TO SUPPORT EFFORTS FOR CITY LIBRARY

S. B. Underwood Says Call for Support of Public Library Should Be Received Enthusiastically.

PRESENT INSTITUTION HAS ACCOMPLISHED MUCH IN INTEREST CHILDREN

Library Should Be Strong Ally of the Public Schools and Afford Works of Reference.

The citizens of Greenville should rally enthusiastically to the call for increased support for the public library soon to re-open in new and more adequate quarters. A visit and inspection of the collection of books, small, but well worn and showing every evidence of use, will convince anyone of the need of increased support. With but a few unusually well selected books, the library has accomplished splendid results, and made substantial contributions to the larger life of the community. More books are imperatively needed, in order that it may minister more largely to the community's needs.

We are all interested in our young people. Not all their education can or should come from the school. Their companionships, their amusements, their recreations, all contribute to their educational development. It should be our pleasure to see that every possible encouragement should be given them along these lines. We have done little or nothing to direct and develop their out-of-school activities. Let us at least put in their reach good and wholesome reading material for their use and enjoyment, for pure entertainment, for mental stimulus, for intellectual growth. What our youngsters read is a very important item. They will read good books by preference if we will make them convenient. The library should be a place where they will go and find material for enjoyment and uplift. If you doubt that they will use the books if we put them there, go to the library and see what use they have made of the limited collection already put at their disposal. Is this side of their life worth developing?

The library should not only furnish good and wholesome fiction, but should provide also dependable and instructive reference books. It should be the strong ally of the public schools in this respect. Put a good book in reach of a boy or girl and you have performed a service the value of which cannot be calculated.

And there should be something there for the older people as well. In fact, it should be the common rallying point of the town's intellectual forces. Let us come to the support of our library, and make it stronger and better. Not only should we lend our presence and financial support at the Silver Tea at the Chamber of Commerce Wednesday night at 8:30, but throughout the days and weeks to come we should give the library cause our enthusiastic and undivided support. It is potentially one of our best assets.

S. B. UNDERWOOD,
President Greenville Rotary Club.

Tuesday Afternoon, Feb. 8

The income tax first demands payment and figuring out the meaning of the blank later on in the year.

Germany at least has the privilege of parleying over reparations proposal. And as that is about the most appropriate thing for every nation, the rest of the world will look on extremely disinterested.

If South America goes dry as threatened, North America will have to invent some new scheme for making up for the difference. There will be a big one and the "wets" certainly can't be denied all the time.

Kinston, it seems, has decided on a change in government. It might improve its own system and experience better results. In fact, the long road to improved conditions would be shortened considerably.

German premiers plan to make certain proposals pertaining to reparations. If that means they are going to parley a bit, they will certainly find Europe and America too in an acceptable mood. America, however, is out of the matter, and members of Congress regret the fact more than all others.

Wonder how the meat packers would consider tariff on beef. It might be one means of gaining a more definite strangle hold on the public, which has been a prey to an invincible foe for many months.

It is hardly probable General Dawes will be secretary of the treasury after entailing service of the Democratic party during an investigation several days ago. Mr. Harding desires someone not so easily affected by concrete evidence. At least, he wants some one who looks life in an indefinite way and expresses it that way.

Meat packers continue to claim they are not making anything out of the industry. If that is so, then they will please let the public know just how they manage to sell beef for forty cents a pound when steers are selling for eleven. There is sufficient margin for explanation, and the public certainly would be gratified.

It cost the county ten million dollars last year to carry free mail for Congress. That being the case it looks like Congress ought to be able to conserve some itself. It might at least learn to save that seventy-five percent waste which finds its way to the waste basket.

Hotel and cafe owners seem to be getting criticism from every section of the county where there's a traveling man. And they deserve it. Many have been going under the style of American plan, when as fact they have been charging prices that would do credit to Europe. The situation is deserving of consideration and the sooner it has been settled permanently in the public mind the better off everyone will be.

Governors of the country have found it advisable to endorse President Wilson's proclamation for raising funds for starving people of China. In event the people of each state will lend a helping hand as they should do a decided improvement would be noticeable within a short time. The situation demands attention of every prosperous and thriving nation, and the sooner funds are raised the better off the whole world will be.

The county board of agriculture as organized at a meeting of prominent farmers in this city last Saturday should be of great value to the farm demonstration department. The two agencies can work together in a way that will benefit the county in many ways, even though there may be numbers of farmers who do not take to the plan right at first. There are many problems which have not been solved to the satisfaction of agriculture and county boards may be of valuable assistance in outlining and perfecting these questions. There is little reason to believe the demonstration department is not a great asset to the county, as some would have us believe, for it is. There are very few counties that go forward along natural lines of development unless advised from some source fully acquainted with the changing conditions of the world market, and wherever farmers have shown a co-operative spirit they have not failed to benefit. Pitt county is not to be made during the past several months, congratulated on the fine showing and if industry and enterprise counts for anything men heading the new board will play an important part in future activity.

If the rest of the world is to judge Pitt county by the spirit expressed in the mass meeting here last Saturday afternoon, it is evident they think we have our hindlight on in front. But fortunately, the sentiment is not dominant in many sections and is only expression of a certain number of people who have not realized the value department of welfare, agriculture and home demonstration agent and would have them abolished simply because they have an ax to grind. It is well to advocate reduced taxation, but to satisfy the demands of promoters of such agitation the whole plan of revaluation would have to be upset to gratify their desires. Pitt county is one of the thriftiest and progressive sections of the State, and it is hardly probable it is going to instruct legislators to oppose things absolutely essential to good government. Taxation may be adjusted, gradually, but it is not probable the legislature is going to be memorialized to destroy fundamental principles of the issue.

President Wilson has firmly declined to grant labor's request for investigation of wage proposals. The President probably thinks it's about time to put wage proposals aside for something tending to make readjustment more natural. And he's right about it too. The future rests solely upon the attitude of the workingman. If he accepts reductions and continues to produce conditions will be much better, but if strikes become evident and no desire shown to help things along, then there is a hard time before the country. This sentiment was expressed in a report made by Comptroller Williams in his annual report yesterday. He is fully acquainted with conditions both in an economic and financial way and what he says may be considered authoritative.

The cotton and tobacco planters should not forget that reduction of acreage is absolutely necessary this year, in fact almost as important as raising the proposed small crop. This is brought on by lack of European demand, which has effected the American market considerably. There is absolutely no demand for inferior grades of tobacco, and this fact should cause the planter to devote greater time to production of better quality, such as in demand all the year round. The situation is serious enough to demand immediate attention, and the farmer failing to live up to provisions of pledge for reduction will be doing his community a gross injustice.

It is pleasing to note that people are getting busy collecting funds for starving of China and particularly those of Europe. China, so reports say, is face to face with starvation unless something is done immediately. Several million dollars will be necessary to bring about their relief. The same situation prevails in Europe, and it is incumbent upon the American people that they get busy immediately and do what they can. The nation is one of the most prosperous in the world, and unless it does its share civilization will experience an inevitable setback; one it will be unable to overcome in many years.

Congress several days ago considered a gas bill for the American army. That was not necessary by any means. They ought to have canned some of the gas featuring discussion, as that would run the army a short while at least.

The senate has a natural proclivity for riding President's votes. It's getting so natural that the public expects such action as a matter of course.

A prominent traveling man of the State seems fit to endorse criticisms against hotels and cafes. Looks like all of 'em are doing the same thing.

LOW PRICES PLAYING HAVOC IN THE SOUTH

Raleigh, Feb. 7.—On account of the low prices that have been paid for tobacco and cotton this season, many Southern farmers have experienced great difficulties in meeting their obligations. As reflecting the plight of one planter, former Governor Richard I. Manning, of South Carolina, at a meeting of tobacco and cotton growers here recently, read the following letter which, he said, was sent to a South Carolina fertilizer company:

East Boothbay, Me., Feb. 7.—Work is almost completed on the hull of the Bowdoin in which Dr. Donald B. MacMillan, explorer, will make his next dash for the Arctic regions. The launching of the schooner will take place in the early spring and the vessel will be in shape to depart from this port by May 1.

Dr. MacMillan is perfecting plans for an expedition, to begin next summer, which will include an attempt to circumnavigate Baffin Land and penetrate its western coast, 1,000 miles in length, said to be the longest stretch of unknown coast line in the world. He is a frequent visitor here and keeps careful watch over the construction of his ship.

The Bowdoin, which is being built on the sturdy lines needed in an exploration vessels to withstand the ice grind, is of the knockabout fishing schooner type. It will be 88 feet in length, over all, 20 feet wide and equipped with 45 horsepower oil burning engines. Three inch oak plank material is being used for the hull.

Before his departure for the far north Dr. MacMillan will make an exhibition cruise along the coast during May and June. About July 1, with a party of six men, the explorer will sail from Boston for the polar regions.

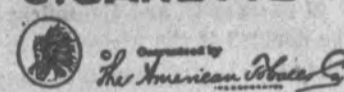

Under favorable conditions the Bowdoin should reach Fury and Hecla Strait early in September. There the ship will be frozen in.

LEGION POST TO STAGE FEED FEBRUARY 22ND

To all the ex-doughboys, gogs, marines, M. P.'s, S. O. S.'s, S. O. L.'s and everybody else who toted a gun, wielded a wicked pen, banged a typewriter, or held a nasty mess-kit at one of Uncle Sam's mess Sergeants, read this and take good heed.

The Pitt county American Post is putting on a feed in Greenville on Feb. 22nd, the occasion of Washington's birthday. And it's going to be a real bones' to gaud dough-boy, gathering. There will be ladies present, but the feed is for the bucks and you will be just as welcome in your khaki shirt as if you had a swallow-tailed, shad-bellied suit on. It is a get together meeting, so that you can meet your friends and learn new ones. Also, if you have anything on your chest for the good of the country, you can get it off there for everybody will have a chance to talk.

You don't have to be a member of the Legion to come. All that is necessary is that you served in the late war and learned to recognize the mess call. Non-members of the American Legion will be taxed one Bean for their plate, and another bean for any plate or plates that you may wish for your sister, mother, wives, and sweet hearts. Any one bringing more than one wife will be admitted free.

Two years have now passed since most of us were separated from the Service, and no matter how much you hated the army and the top kicker, there are some memories that are worth preserving. Come along to this meeting, you onery son-of-a-gun, and if you don't enjoy it and get your money worth, the treat is on the house.

Don't forget the time and place— Greenville, the night of Feb. 22nd.

Just arrived. A beautiful lot Betty Wales Dresses. They are now on display. Beautiful styles. McKay-Washington & Company.

5 cents paid for copies of January 28th Reflector. Miss Ella Renner. 8-2t

MISSIONARY SOCIETY MEETS

The Woman's Missionary Society of the Methodist church held a very instructive and interesting meeting in the ladies' parlor of the church Monday afternoon.

The meeting was called to order by the president, Mrs. T. A. Person, and led by Miss Nellie Denny.

The opening song, "Publish Glad Tidings," seemed to impart enthusiasm to the forty-four women present so that the scripture lesson read and commented on sank deep into our hearts and made us feel that we did not want to disappoint our kind Father in the production of wild grapes, after He had hedged us about with His tender love and care.

The subject for the afternoon was "New Orleans." Mrs. Leon Rives in a very impressive manner related the romantic history of this wonderful city. Mrs. S. B. Underwood read an interesting article of Its Need of Redemption and Establishing Righteousness Within Its Gates, and How This Can Be Done Through Missions.

Our Society gladly welcomed two more new members who were received by the president. It gives us great pleasure to have our women join us in this grand work for the Master.

The splendid reports from officers and committees were heard with much pleasure and proved that each shouldered the great responsibility imposed upon her.

In a few well chosen words our treasurer, Mrs. Tilghman, accepted the office assigned her for another year and spoke in highest terms of the band of women who so willingly co-operated in this important work for the Master. Her report on pledges for the year was most encouraging.

A report from the manager of the Bright Jewels proved that the children were doing fine work and only needed a little more encouragement from parents to do better.

Miss Denny read a letter from Miss Lill Wilson through the Advocate, which was greatly enjoyed by all present.

A mission study class was organized by Miss Bessie Harding which will begin work as soon as the books arrive.

SHARON LODGE TO CELEBRATE BIRTHDAY

Sharon Lodge No. 78 A. F. and A. M. will celebrate its tenth birthday Thursday evening at 8 o'clock in the social rooms of the Christian church on Eighth street.

On February 3, 1911, the first Communication was held with the following officers:

H. Harding, W. M.; F. D. Foxhall, S. W.; W. L. Brown, J. W.; J. N. Hart, treasurer; E. E. Griffin, secretary; J. L. Horne, S. D.; F. M. Wooten, J. D.; E. G. Couch, S.; J. L. Hassell, S.; W. H. Ward, Tyler.

Since that time Sharon Lodge has had a steady growth and now has seventy members.

It is now recognized as one of the leading Masonic Lodges of the State, with a personnel second to none. The following well known men of Greenville have served as Masters of Sharon Lodge:

Major Henry Harding, 1911-12, F. D.

Come early—they will not last—our beautiful line of new Spring Suits—

now on display.—C. Heber Forbes.

Foxhall, 1912-13; Wyatt L. Brown, 1913-14; Prof. H. E. Austin, 1914-16; Judge F. M. Wooten, 1916-18; J. N. Hart, 1918-20. The present Master is A. R. House.

The celebration will take the form of a birthday dinner, served by the ladies of the Christian church. The members of the Lodge will have their wives and sweethearts to grace the occasion and a royal good time is anticipated.

For good clean Coal at \$12.50 per ton call No. 8. Cecil Cobb.

IMPORTED COTTON SEED FOR SALE

I purchased last spring 300 bushels Wanamaker Cleveland improved cotton seed from Mr. D. O. McGilhorn, clerk, of the Superior court of Hertford county. These seed were grown under the supervision of Mr. E. W. Gorthu, government demonstration agent, and I bought them on his recommendation.

I found it the best cotton I ever planted. The yield was more than 40 per cent. line and it matures from ten to fifteen days earlier than most cotton. Price of seed, single bushel, \$1.50; twenty bushels or more, \$1.25 a bushel. If you plant cotton, plant this kind and you will have the best.

THE DOT RED CROSS

By Clifford Leon Sherman

A great many people used to think that our heroine, as a child, was pampered. Well, I don't see that we have any room to complain about it. It was exactly what she was accustomed to, and, as she had never known anything different, it wasn't her fault if she took to diamond studded tooth-rings naturally. Everything she wore was mighty dainty, and, of course, it was imported. Her mother was very insistent about imported things, and even when she went out in her perambulator she must have her French

SELL AT GORMAN'S

All sales finished Monday.
Gorman's sold 175,948 lbs. Lots of it was common and in bad order. This was hard to sell satisfactorily. The good or ordered tobacco when it had body and character sold well and the farmers owning same went home pleased and praising our salesmanship. The tobacco is now evenly divided between the warehouses to day, and with Third Sale, we have near a half-house full and will get to sell only a part of it.
We look for light sales from now on.
We have 2nd Sale Wednesday, 1st Thursday, 4th Friday, 1st-3rd Monday, 1st-2nd Tuesday and 1st Wednesday.
