LOCAL BASEBALL CLUB ORGANIZED HERE LAST NIGHT

Enthusiastic Meeting of Fans Results in Organization with \$10,000 Capital Stock.

\$1,400 WORTH OF STOCK SUBSCRIBED FOR AFTER ORGANIZATION IS CREATED

Committee Appointed to Solicit Subscription for Stock During Next Several Days.

About fifty dyed-in-the-wool base ball fans met together in the Chamber of Commerce rooms last night, in spite of the bad weather and succeeded in laying the foundations for Greenville's participation in league base ball the coming season. The meeting was an enthusiastic one, and showed that those present were determined to have ball this year.

A great step forward was made when it was decided to incorporate the Greenville Baseball Club, and to sell stock and elect officers and conduct the business of the club as in the case of any other corporation. In this way the machinery for managing will be permanent, and business-like methods can be applied to the running of the club, to the end that leaks can be stopped and efficiency established. It was decided that the authorized capital stock should be \$10,000, with paid in stock around \$5,000. \$1,400 worth of stock was subscribed at the meeting, and a committee composed of Guy Lanier, Guy Smith, J. B. Kittrell and T. T. Hillingsworth was appointed to solicit subscriptions for stock among the business men of the town. The par value of the stock is \$10 per share.

Albion Dunn was elected temporary chairman of the meeting and J. C. Lanier temporary secretary. As soon as the stock is sold, the stockholders will hold a meeting and elect a board of directors and permanent officers.

Albion Dunn, G. V. Smith and J. C. Lanier are to represent Greenville officially at the league meeting Friday night in New Bern, but a large delegation of fans expressed their intention of attending the meeting.

As it now stands the Greenville fans are in favor of a six-town league, composed of Greenville, Goldsboro, Washington, New Bern, Wilmington and Kinston. A schedule of sixty games is contemplated, to begin around the 1st day of June and to end not later than the 17th day of August. The team is to be composed of amateur, college and professional base ball players, and is not to be an organized league, that is under national protection. The meeting went on record as opposing organized base ball, and favoring a league schedule not exceeding 60 games.

FOUR MARRIAGE LICENSES ISSUED SINCE YESTERDAY

The following marriage licenses have been issued by the Register of Deeds since reports of yesterday afternoon: Miss Sadie Pollard to Heber Hudson, both of Chocod township. Miss Mary A. Spicer, of Goldsboro, to R. A. Thompson, of Ancona. Colored.

SUPERIOR COURT ENDS HEARING OF THREE LONG CASES

Last Two Days Consumed in Hearing of Long Drawn Out Issues Requiring Much Time.

After freeing itself from three long drawn out controversies which have consumed attention for the last two days, civil term of Pitt county superior court this morning deved energetically into the remaining cases on the calendar, and it seems quite probable that the next few days will witness the disposition of a number of cases delayed because of lengthy arguments involved in other issues. The deadlock presented itself Tuesday morning and not until last night when the jury returned a verdict in the last long case did the court find way for progress during the remainder of the session.

Judgment for \$500 was rendered in the case of George Gaskins vs. Smith & Willis, in which the plaintiff was suing for the recovery of \$1,700 invested in a crop which was seized by the defendants after claim of delivery proceedings had been issued. The case was taken up for consideration Tuesday afternoon, and occupied attention of the court until turned over to the jury late yesterday afternoon. The plaintiff was represented by Albion Dunn and the defense by Judge F. M. Wooten.

According to the evidence presented in the hearing, it seems that Mr. Gaskins, who lives near Washington, was a tenant for the Washington firm. When the crop had been harvested the defendant immediately laid plans to get possession of it and did so by the claim of delivery way. Evidence produced showed conclusively that the plaintiff was entitled to his part, and the jury remained out only a short time before returning a decision.

In the case of L. W. Lightfoot vs. Hall & Savage, of this city, for the recovery of an amount involved in a carload of peas refused by the defendant after its arrival in this city, the court failed to find any grounds justifying action and consequently the plaintiff failed to recover.

GO TO CHURCH IS ADVICE OF PITT COUNTY'S EVANGELIST

Rev. Frank H. Scattergood, Pitt county evangelist, who is deeply interested in religious welfare of everyone in this community and who realizes from experience, what it means to every man and woman to attend church, sets forth the following facts in regard to the benefits to be derived from attending church and hearing the Word of God:

"Man you fail to realize just what benefits are to be realized from the attendance on the regular services held in the churches of our city and county, so I have prepared and submit to the many who read these pages a few of the arguments which I believe are well worth considering in favor of the Church Going Habit.

"First—It will present to the mind the highest ideals of life.

"Second—It will encourage the bravest doing.

"Third—It will stimulate the highest thinking.

"Fourth—It will give a new sense of personal worth and create a passion for personal service.

"Fifth—It will intensify the affections and re-inforce the will.

"Sixth—It will conduct one to the source of all power, and produce an athletic and virile character.

In addition to the foregoing, it will also glorify and ennoble every phase of life. There are so many more things which could be said of the 'Church Going Habit,' all of which are good, but the above are so sufficient that one should develop a habit so productive of so much good."

MOVES TO GREENVILLE

Mr. and Mrs. Paul A. Scott, of Kinston, have moved to Greenville and are making their home with Mr. and Mrs. M. L. Turnage. Mrs. Scott, nee Miss Annie Jackson, is a native of this city.

BEAUTY SHOW TO BE CONDUCTED IN CITY OF CHICAGO

Mammoth Educational Attraction to Be Staged by Wealthy Manufacturers February 28th

Chicago, Feb. 24.—An educational beauty show, said to be the first of its kind and size to be held outside of Paris, will be staged here this week beginning Feb. 28. The exposition will be largely for the purpose of providing to the millady of 1921 the truth of the statement that beauty is only skin deep and that all women may be beautiful.

The show is being sponsored by nearly 500 manufacturers of practical aids to beauty, but one of its announced purposes will be to agitate against the excessive use of cosmetics and to demonstrate benefits which may be obtained from the proper use of the proper kind of beauty aids.

There will be dozens of experts to instruct the women. Women artists, psychologists, health and dietetic specialists and beauty experts will assist at the exposition all with the same object in view, that of helping American women develop the beauty they have and become more beautiful.

According to the promoters of the show, there is a perfume of a certain scent which blends with a certain personality, and one of the objects of the show will be to have the experts aid each woman in deciding what particular perfume or powder is best suited to her individuality. Another expert will demonstrate the proper manner in which to apply the different articles of the toilette.

American women are the most natural beautiful in the world. There is only one thing they may be said to lack in comparison with the women of other countries and that is the art of accentuating and refining their loveliness.

EIGHTY MILLIONS LUTHERANS WILL ATTEND MEETING

National Lutheran Council to Participate in World-Wide Celebration on April 17th

New York, Feb. 24.—Eighty million of Lutherans and innumerable other Protestants, it was announced here today by the National Lutheran Council will participate in the world-wide celebration on April 17 of the 400th anniversary of the arraignment of Martin Luther before the Diet at Worms.

When Luther nailed his ninety-five theses upon the door of the University of Wittenberg and refused to recant his alleged heresies despite the threat of excommunication, says the statement of the Council, he helped to usher in modern religious and civil liberty. Denouncing as tyranny the enslavement of Christian conscience, the dauntless monk declared the Bible to be the only infallible rule of faith and practice and closed his defence with the words: There I stand. I can do naught otherwise. So help me God! Amen.

The main purpose of the celebration it is stated, is to obtain a clearer understanding of how Lutherans and Christians of other denominations throughout the world may become more effective in bringing God's will to bear powerfully upon present unhappy world conditions. To this end special congregational services will be held on Sunday, April 17, and at 4 p. m. on that day, the hour when Luther was summoned to confront his judges, all Christians are invited to read the Scriptures, meditate and pray for purity and unity of the Christian faith, effectiveness in all good work and the advancement of true Christian liberty brotherhood and universal good-will.

SAYS BOLSHEVIK PRISON SYSTEMS UNUSUALLY CRUEL

Labor Leader Tells of Conditions Prevailing in Russian Center Where He Was Imprisoned

Berlin, Feb. 24.—Bolshevik prison methods lack all elements of decency and civilization, says M. Schwartz, California socialist and labor leader who with his wife was thrown into Bolshevik prisons in Moscow for four months after he had failed to voice approval of the Bolshevik government. His wife died of the effects of a hunger strike started while in prison, as he has made known in previous statements.

My first two month sin prison were the worst, Mr. Schwartz said after arriving in Berlin. My wife, who could not speak a word of any language but English was taken from me. I did not know whether she was in the same prison, or what had become of her. I could not get word of satisfaction from any of the prison officials.

There was a small peephole in the door of my cell which opened into the main corridor. This had a little slide over it and there was a sign in Russian warning the inmates of the cell that they would be placed in solitary confinement if they peeked out into the corridor.

Many times a day footsteps passed the door. Sometime there were light steps and I imagined women were passing. To the horror of other men in the cell with me, I occasionally moved the slide the least bit in the hope of getting a glimpse of my poor wife. I became bolder and bolder. The corridor was so dark it was difficult to recognize the people who were passing.

Finally in sheer desperation, I pushed the slide far back one day when light footsteps were audible. To my horror the eye of the guard almost touched mine. He opened the door and asked me if I could read Russian. I admitted I could and explained to him that my anxiety about my wife was responsible for the violation of regulations.

URGES DECREASE IN PRODUCTION IN JAPAN TERRITORY

Governor of Tokio Bank Discusses Conditions in Sway Throughout the Entire Nation

Tokio, Feb. 24.—That Japan's foreign trade would show no remarkable increase of imports in the future and that consequently there would be no marked decreases in the amount of Japan's specie holdings, was the opinion voiced by Governor Itoyue of the Bank of Japan addressing the Tokio bankers.

Governor Itoyue was referring to existing adverse conditions in Japanese commercial and industrial life.

The best measures for tiding over the present depressed situation, said the Governor, are in the first place to reduce the cost of production to the lowest possible point.

The cost of production of various merchandise in this country is disproportionately high, compared with the level in other countries. With a high cost of production, Japanese merchandise cannot possibly compete with manufacturers of other countries, and this forms a great obstacle to the development of the export trade of Japan.

Reduction of the cost of production is, accordingly, not a matter of imperative necessity of the moment, but is also good for the permanent interests of the country. It may bring about a fall in wages and diminish the buying power of the lower and middle classes for a time, but this must be tolerated for the purpose of attaining the fundamental consolidation of the financial world.

LOCAL ROTARIANS OBSERVE BIRTHDAY IN PLEASING WAY

Celebration of Sixteenth Anniversary Observed by Surprise Party and Other Features.

Rotary's birthday was celebrated yesterday by every rotarian throughout the country. A page advertisement which appeared in the columns of the Reflector yesterday afternoon set forth Rotary ideals in plain and convincing way, showing the non-Rotarian what these men are doing in making the world a better place in which to live.

The local Rotarians observed the day celebrating their anniversary. Dr. P. J. Chester, known in Rotary circles as "Pinkie" and who makes his home at the Vines house, was given a surprise party last night by the teachers. A specially prepared supper was served after which a birthday cake was cut, the teachers participating. When "Pinkie" was sufficiently filled a very handsome traveling bag was presented by the teachers. Besides this birthday party every member of the Rotary club remembered Dr. Chester with a little gift. He declared this birthday the best he ever had.

Claude Gaskins, the "farmer" member of the Rotarians, was also given an unexpected surprise during the evening, when several members called at his home to sing him a few songs and present their birthday gifts. Claude had withheld the date of his birthday until yesterday, presumably from the fact that he is old, but it leaked out that he is old enough to be the head of the largest family in Pitt county. If it wasn't for his friend Blaud from Robersonville, he might hold the record for two counties. When the visitors departed, Claude declared his 58th birthday was better than expected.

The Health and Happiness committee has a record of the age of all members of the club, with two exceptions, these to come later, an death member is remembered in some way on his birthday by the entire membership of the club. This is a good idea on the part of the club as it brings back memories of boyhood days and makes old men feel young to get thirty birthday cards and little remembrances.

In celebration of the sixteenth anniversary of Rotary, there will be special services conducted in the Presbyterian church Sunday by "Parson" Sam Phillips, a devoted Rotary member. Every member of the club will attend although it is a special service to the Rotarians, everybody is cordially invited to attend the services. A special program has been arranged and will begin at 7:30 o'clock.

JUNIOR CLASS ENTERTAINS AT TRAINING SCHOOL

The Junior Class of the Training School gave a beautiful short program last evening at 8:45, presenting the courtly minuet. Miss Gorrell played on the violin "The Courtly Minuet," and Miss Myrtle Holt sang "How Grandmother Danced the Minuet." After this eight couples, dressed in colonial costume, danced the minuet. These couples were as follows: Misses Virginia Rhea and Ruth Swinney; Mamie Stokes and Beatrice James; Neppie Wilson and Mamie Hayes; Marjorie Walte and Lorraine Cox; Melissa Shamhart and Julia Gattling; Melissa Hicks and Elsie Wilson; Louise Allsbrook and Allee Fulford; Pauline Sanders and Marie McKinney.

ORGANIZED LABOR TAKES ISSUE WITH INJUNCTION ORDER

Want Law Declaring Labor Organizations Are Not Co-Partnerships With National Laws

DECLARATION ISSUED CONTAINING PRINCIPLES TO BE IN FULL FORCE

Leaders of American Federation of Labor Outline Program After All-Day Conference.

Washington, Feb. 23.—Enactment by Congress of a law declaring that labor organizations are not co-partnerships and "shall not be so treated in law or in equity" is demanded by organized labor in a declaration of principles adopted tonight by representatives of National and international union affiliated in the American Federation of Labor.

The declaration which was approved after an all-day conference here at which Samuel Gompers, president of the Federation, presided, also called for the "immediate restoration of exemption from or the repeal of all anti-combination and so-called conspiracy laws."

Condemning the use of the injunction under present laws, the declarations asserted that the "only immediate course" through which labor could find relief lies in a flat refusal on the part of labor to recognize or abide by the terms of injunctions which seek to prohibit the doing of acts which the workers have a lawful and guaranteed right to do.

"Labor realizes fully the consequences of such a course," it was added, "but in the defense of American freedom and of American institutions it is compelled to adopt this course, be the consequences what they may."

Organized labor, in the declaration, sets forth at length the principles for which it stands and calls upon the people of the United States to rally with labor "to the defense of our imperiled American institutions.

"Employers are warned in the declaration that labor not only insists upon maintaining the present standards of wages and working conditions but declares its solemn purpose to continue its struggle to further improve those standards."

WHITE MEN ARRESTED FOR SELLING LIQUOR

Charlie Vaughn and Charlie Manning, white men residing in the cotton mill district of this city, were last night placed under arrest by Sheriff Dudley, charged with participating in illicit whiskey traffic. One gallon of whiskey was found in a store operated by Manning, and Vaughn was indicted upon evidence secured from other sources. They will probably be given a preliminary trial tomorrow.

SEVENTY CONVERSIONS IN GRIMESLAND MEETING

Civil service regulations will hardly be applicable longer than Mr. Harding and the Senate get a chance to change them. Political action instead of civil service will be one of the determining factors after G. O. P. gets in power.

Lloyd George emphatically declares Germany must pay her war debts. Maybe she is going to ask more time, as "forty years" seems a mighty short time to a country not in a hurry to make reparations.

Now that President Harding has selected members of his cabinet it is easy to surmise that his next move will be to find a way of thinning the ranks of aspirants at the pie counter.

The cotton market is too unsettled for comfort to the speculator. But that's all right, for who ever expected a speculator to have anything but an uncomfortable feeling, particularly at times like these when the farmer is being robbed.

THE SURPRISES OF THE 1920 FOREIGN TRADE

The manner in some degree, the cause of the surprises of our foreign trade in the calendar year 1920 can now be determined, or at least closely approximated, says a statement by the National City Bank of New York. The enormous increase in imports, which jumped from \$3,904,000,000 in 1919 to \$5,280,000,000 in 1920 occurred in each of the three great groups; manufacturing materials foodstuffs, and manufacturing materials advanced from \$1,675,000,000, in 1919 to \$1,750,000,000 in 1920; foodstuffs from \$1,000,000,000 to \$1,816,000,000, while manufactures imported jumped from \$1,000,000,000 in 1919 to \$1,680,000,000. The increases of the three groups over 1919 were in manufacturing material, \$75,000,000; foodstuffs \$716,000,000 and manufactures \$580,000,000.

The reason for these phenomenal increases are largely due to the extremely high prices in the early part of 1920, and to the persistent importation in large quantities, irrespective of prices. With raw cotton running up to 50c, 60c, and even as high as 60c per pound in August, before the downward movement began, it is not surprising that in raw cotton the value of the imports of the 11 months ending with November were \$135,000,000 against \$60,000,000 in the same period of 1919, and \$40,000,000 in the same months of 1918, while the fact that import prices of raw silk reached their high water mark of over \$12 a pound about the

middle of the year, and the decline in wool and hides did not come until the second half of the year, explains the increase of \$75,000,000 in value of raw material imported. The big increase in the value of foodstuffs imported, amounting to \$716,000,000 is of course due largely to the extremely high price paid for sugar and coffee in the first half or 2-3 of the year. The increase of \$580,000,000 in manufactures imported occurs largely in luxuries and high grade factory products; an increase of about \$10,000,000 in art work, \$15,000,000 in lace; nearly \$100,000,000 in cotton goods; \$20,000,000 in furs, \$65,000,000 in manufactures of fibers; \$30,000,000 in silk manufactures, and \$40,000,000 in woolen manufactures.

On the export side, the chief surprise

were the fall off in foodstuffs, and the big increase in manufactures exported. Manufacturing material, to be sure, shows a decrease of \$200,000,000 over the same months of last year, due largely to the high prices of export cotton in the first half of the year, the prices having ranged up to 45c a pound until past the middle of the year before they

tobogganed to half that figure in the closing part of the year. Foodstuffs exported show a tremendous fall off from \$2,640,000,000 in 1919 to \$2,135,000,000 in 1920, a drop of a little more than \$500,000,000, this decline occurring chiefly in meat and dairy products, and apparently due to the unwillingness or inability of our chief customer for meats, Europe, to longer pay the high

prices which persisted until the closing months of the year.
