

AMERICA CLAIMS GREAT CONCERN AS TO POSSESSIONS

Internationalization As to Island of Yap Offers Friendly Relations to Japan and America.

LEAGUE COUNCIL HOLDS SECRET SESSIONS FOR SETTLEING THE MATTER

General Impression Is Now That Question Will Have to Go to Supreme Council For Decision.

Paris, Feb. 24.—The secrecy of the proceedings of the council of the League of Nations today provoked lively speculation as to the effect of the American note upon different members. It became known when the full text of the note was made public today that the United States, in addition to making reservations with respect to as mandatory, claimed a neutral control of Yap, attributed to Japan, and interest with the other principal allied and associated powers in the disposition of the overseas possessions of Germany.

The theory has been advanced that the only possible friendly solution of the question again brought to the forefront by the United States would be for Japan to say that she did not insist upon the mandate for the Island of Yap and would be agreeable to the internationalization of Yap under Japanese supervision.

Thus far the Japanese government has not committed itself, and the general impression is that the whole matter must go to the supreme council, the members of the league council being unable in any event to take a decided position on a question of international policy without approval of their governments.

The adversaries of publicity in connection with the proceedings of the council succeeded today in hermetically closing both morning and afternoon sessions. Very little leaked out thru indiscretions as to details of the discussions and no official communication was issued. The mere announcement was made this evening that the council had continued to consider the Polish-Lithuanian conflict.

Washington, Feb. 24.—The American government has taken an unequivocal stand with regard to its rights to a voice in the disposition of the former overseas possessions of Germany.

Secretary Colby in his note of last Monday to the council of the League of Nations made public tonight at the State Department, submits that the disposition of those possessions "cannot be undertaken or effectuated without the assent of the United States."

A JAPANESE ROTARY STORY

The Rotary Club of Tokyo, Japan, is of recent origin. Harry Lander, who is a member of the Glasgow (Scotland) Rotary Club, has a song about the Rotary Club which he calls "In the Rotary," and which has been made into a phonograph record. In connection with this song record, Secretary Fukushima of Tokyo tells the following story:

"Watura Kitashima, who is an admirer of Harry Lander, recently acquired his song record, 'In the Rotary,' which pleased him very much and aroused his curiosity regarding this 'Rotary,' which seemed so very precious and desirable. Mr. Kitashima looked through all the dictionaries he had but could not find an explanation, so he wrote to his wife who was traveling in the United States, and told her to find out something about Rotary. Consequently, his delight was very great when he received an invitation to the Tokyo Rotary organization meeting, and he is very enthusiastic over the club and his membership in it."

Mrs. Georgia James has returned from northern markets where she went to purchase the spring line of millinery of W. A. Bowen.

SINN FEIN PARTY REMAINS SILENT OVER HOME RULE

Organization in Dublin Section Has Not Yet Determined Line of Tactics to be Pursued

Dublin, Feb. 25.—Though the Sinn Feiners generally reject the Home Rule Act, their organization has not yet officially determined its line of tactics in relation to it.

The Chief Secretary, Sir Horace Greenwood, and the high officials are busy with plans for putting the act into force in the South, and are exploring the possibilities of finding candidates who will face the risk of the polls. This compels Sinn Fein to decide what it will do, and interviews with well known Sinn Feiners reveal three distinct currents of opinion.

The largest section supported, it is said, by the authority of E.D. O'Hara, believes that the act should be completely ignored and that Sinn Feiners should neither appear as candidates or exercise the franchise.

A smaller section, seeing that this course might lead to the election of a sufficient number of persons to the Parliament, think that the Sinn Feiners should contest the seats and, having won most of them, refuse to attend the Dublin Parliament. This should put the government to the necessity of replacing the duly elected representatives of the country by nominated men who would, under the act, have all the powers of the Parliament.

A third, but very small body of Sinn Feiners are of the opinion that they should not only secure election but undertake the work of government in the new Parliament, and use the position to extract extended powers.

Between the rival views Sinn Fein must shortly decide, and there is no doubt that the official decision will be obeyed.

There is a strong view among all sections of Nationalists that the fairest way for the government to test Irish opinion on the new act would be to submit it by referendum to the whole people. Leading Sinn Feiners have expressed themselves as quite willing that this course should be taken, and are confident that in Southern Ireland the verdict for its rejection would be almost unanimous.

PROCEEDS OF ENTERTAINMENT TO GO TO CHINA RELIEF FUND

The proceeds from the entertainment given by Dr. B. W. Spillman at the Training School at 8 o'clock Monday evening will be put into the Pitt county Chinese Relief Fund. Dr. Spillman's interpretation of Uncle Remus is especially good, so come and have a delightful evening and watch the Chinese Relief Fund swell. Admission of 25c will be taken at the door.

ONE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

J. L. Taylor to Miss Addie Ellen Taylor, both of Farmville township.

SOME GIRL PROVES DECIDEDLY CLEVER SHOW

The Some Girl musical comedy company played to a fairly good sized audience in this city last night at White's theatre and presented probably one of the best programs of the season. The chorus was decidedly superior to anything which has been presented in Greenville in several months, and went a long way in making the show measure up to expectations. Miss Walburg scored a decided hit with special dancing features and contributed largely to strengthening of the plot.

HOOVER ACCEPTS CABINET POSITION UNDER CONDITION

Expects to Direct European Politics Relief Work, He Declares in Statement To Harding.

New York, Feb. 24.—Herbert Hoover, telephoned President-elect Harding tonight that he had accepted the offer of the Cabinet post of Secretary of Commerce, George Barr Baker, his assistant, announced tonight.

Mr. Hoover, in a statement made public by Mr. Baker, announced that he would continue to direct the policies of European relief.

Mr. Hoover's statement follows: "President-elect Harding this evening asked me to state that he has included me in his nominations for the Cabinet as Secretary of Commerce. Senator Harding enters wholeheartedly into the plans for rebuilding the department, and wishes that I continue to direct the policies of the European relief."

Earlier in the day Mr. Hoover stated he had submitted to the President-elect a proposal for general reconstruction of the department and an enlargement of its field. He also made it clear that he had assumed heavy responsibilities in connection with relief work, he could not abandon them by resigning, and felt that he should continue to take the responsibility for its general direction.

"If I take the post," he said, "it will be only because I believe President-elect Harding will stand behind me in making a real Department of Commerce. There is an enormous field for a proper government bureau. It can be made a department of the first importance with the support of the administration and of Congress. Unless this is done I am not warranted in shifting my responsibility from relief work."

No special legislation is necessary for the moment, the earlier statement added. There must be, however, a real location of government bureaus, and we must bring into the Department of Commerce bureaus which belong there.

AMERICA ASKED TO PUT END TO PANAMA TROUBLE

Government Asked to Avoid Bloodshed in Zone If Such Thing is Possible in Several Days

Washington, Feb. 24.—The United States government was asked by Panama today to use its good offices to avoid any bloodshed in Central America growing out of the alleged invasion of Panama by Costa Rican troops.

Acting on instructions from president Porras, Charge d'Affaires Lefevre, of the Panama Legation, informed the State Department that what first advised described as an influx of political refugees from Costa Rica to Panama was actually an armed invasion. Mr. Lefevre requested that the United States intercede with the Costa Rican Minister here.

A message received by Mr. Lefevre from his government and communicated to under Secretary of State Davis was to the effect that troops acting on instructions from the Costa Rican capital at San Jose had occupied territory bordering on the Coto, Golfito and Colorado Rivers.

An armed mission, headed by General Manuel Quintero, a member of President Porras' cabinet, was said to have been dispatched from Panama to the threatened region by way of David, where civilian troops are being mobilized. The purpose of the expedition, the cable stated, was to regain sovereignty over the invaded territory.

DENTAL CLINIC TO BE ESTABLISHED IN THE COURT HOUSE

Dr. R. L. Carr Gives Entire Dental Outfit to Pitt County Board of Education.

Through the generosity of Dr. R. L. Carr, who has recently relinquished his dental practice in Greenville, the Pitt County Board of Education the County Health Department will be able to do a distinctive piece of work in operating a dental clinic for the school children of the county.

Dr. Carr at a recent meeting of the Board of Education offered to turn over to the county his entire dental equipment for the benefit of the school children of the county. This offer was enthusiastically accepted and the board through its secretary expressed its great appreciation to Dr. Carr for his generosity. The apparatus has been moved to the court house, and an arrangement has been made by which space will be given for this work in the office occupied by the Farm Demonstration Agent, who very willingly agreed to share his office. A complete dental outfit will be installed. The matter of working out the details has been left with the County Health Department and Dr. P. J. Chester, county Health Officer will be in general charge of the work. The dentists of the county have agreed to render their service free from time for the treatment of dental defects in children attending public schools up to twelve years of age. Full details will be worked out and announced later.

This is a new departure in county health work in the state, and so far as known, Pitt County will be the first to have its own dental clinic. This has been brought about without any cost whatever to the county.

Dr. Carr has always been interested in the public welfare, and on his retirement from active practice, he seized this opportunity to make this very valuable contribution, making himself the benefactor of the boys and girls of the county.

SEES EARLY NEED OF CHANGING GOLD STANDARD ABROAD

Need of Restoration of Gold Standard in Britain Considered Imminent By Banker

London, Feb. 25.—Need of restoration of gold standard in Great Britain was emphasized at a meeting of the Sound Currency Association recently held here.

Sir George Paish, who visited the United States about a year ago, said the financial position of this country would not be sound until the gold standard was restored.

We could then be able to pay for things we require from other countries in goods or service without needing credit operations and without fearing the gold drain from this country, he said. The gold standard of Europe must be also reestablished. We will not be able to resume the gold standard here until we are able to put new capital abroad to the extent of \$400,000,000.

D. M. Mason, who presided, said the likelihood of the Exchange had estimated that he would have a surplus of the fiscal year a surplus of \$234,000,000 which he proposed to use for the reduction of the public debt.

Mr. Mason suggested that of \$50,000,000 or \$100,000,000 were set aside for the purpose of gradually redeeming the redundant currency, in a comparatively short time there would be parity of exchange between Great Britain and the United States and other gold standard countries.

JENS JENSEN

Jens Jensen, consulting landscape architect of the West Chicago parks, author of the comprehensive plan for the roadside planting of the Lincoln Highway by the General Federation of Women's Clubs, promoter of Illinois state parks and president of the Friends of Our Native Landscape.

NATIONAL FOREST PROMOTERS BEGIN ANNUAL MEETING

Charles Lathrop Tells Conference of Activities and Policies in the Year Just Passed

Washington, Feb. 25.—Pointing to 1920 as the year in which the greatest advancement had been made toward a national forest policy, Charles Lathrop Pack, president of the American Forestry Association, today opened the annual meeting of the organization here. Mr. Pack emphasized the fact that President-elect Harding is heartily in favor of such legislation and quoted this message from the incoming president:

It is perfectly practicable and feasible to provide for a new growth of timber and an imperative duty to improve our forest protection. I can think of no forward look in relation to the good fortunes of America which does not contemplate a forest policy which will assure us the essential in the lumber line for all our constructive activities.

Mr. Pack then pointed out that the Snell Forestry Bill pending in Congress has the united support of business including the American newspaper Publishers Association, many wood-using industries can also the United Forest Service.

We are now at the place, said Mr. Pack, where something constructive can be done in the perpetuation and preservation past but the call of war upon our resources was awakened the nation to the fact that the American Forestry Association has not been calling "wolf" in the wilderness just for the fun of it. The fact of the matter is if we do not get something done there which to call wolf and then it will be too late.

Our forests are being used or destroyed by fire four times faster than we are reproducing them. We must put the idle land to work. We must have forest crops coming along every year just as we have corn and wheat crops. The great encouraging note comes from the man who will take next week the highest office in the gift of the American people. He is a newspaper publisher and knows all about one big phrase of the high cost of forest products the pulpwood that goes into the making of news print. You can be assured from his message I have just read you that he is with us on this great question and on the fact that he is with us the country is to be congratulated.

GRAIN AND PROVISIONS

Chicago, Feb. 25.—March wheat 167 1/2 to 167 3/5; May wheat 158 to 157 3/4; May corn 70 1/6 to 70 1/4; July corn 72 1/8 to 72; May oats 45 1/4 to 45 3/8; May oats 46 1/4; May pork 21.20, bid; May lard 12.12 1/2; July lard 12.47 1/2, bid; May lard 11.37; July lard 11.75.

CHARGES AMERICA OF BLOCKING WAY TO ORGANIZATION

President of Uruguay Says Ignorance of Monroe Doctrine Prevents Pan-American League.

OTHER NATIONS SHOW DISTRUST TOWARD OUR FOREIGN POLICIES

Promoter of Union Says Bolivia and Peru Heartily in Favor of Proposal at Early Date.

Montevideo, Uruguay, Feb. 25.—Misunderstandings and ignorance of the real policy of the United States concerning the Monroe Doctrine is the greatest difficulty in the way of organizing a Pan-American League, said Dr. Baltazar Brum, President of Uruguay, in an interview with newspaper correspondents of North America a few days ago.

"Uruguay and various other American countries understand the real policy at Washington," he said, "but some of the other nations show an evidence of distrust of the real intention of the United States concerning Central and South American republics."

There are tendencies in some of these countries to pursue a counter policy, which has taken expression by the suggestion of forming a purely Latin-American League."

Dr. Brum first proposed the organization of a Pan-American League in April last and the plan which has now come to be known as the Brum Pan-American Doctrine, seems to be the subject nearest his heart. It is based upon equality of responsibility on the part of all American republics, and under it each would agree to defend any of its fellow members of the league against foreign aggression. The foundation of the proposed league would be a declaration by each nation of adherence to the Monroe Doctrine which would place all on an equal and reciprocal basis in the matter of its enforcement.

Dr. Brum said that he had received official manifestations of support of his Pan-American doctrine from Bolivia and Peru, and unofficial approval from the statesmen of other South American nations. No opposition to it has been expressed by any government, and he had a profound hope that some day it would result in the formation of such a league among all the American republics.

ROTARY SERVICES AT THE PRESBYTERIAN CHURCH SUN.

Rotarians Will Attend in A Body—Everybody Invited.

The special Rotary sermon that will be preached by Sam Phillips, "Parson" member of the Rotary Club bids fair to be one of his very best. Sam is noted for good sermons on special occasions and with plenty of time in which to prepare this one he will certainly give the fellows something worth while. The members will meet at the office of J. B. Kittrell at 7:45 o'clock and go to the church in a body. Sam always starts his services on time so it is necessary for all the fellows to be at the place of assembly strictly on time.

Everybody is cordially invited to attend these services and it is hoped that a large crowd will be present. The sermon will be short and to the point. It will give you an idea of Rotary in connection with church work.

MRS. STEDLEY TO OCCUPY PULPIT IMMANUEL BAPTIST CHURCH SUNDAY EVENING

Mrs. Stedley will occupy the pulpit of the Immanuel Baptist church Sunday night. Mrs. Stedley has a host of friends in Greenville who will be glad of this opportunity to hear her again. She begins Monday a series of Bible lectures to the ladies of Kinston, and is coming by Greenville for Sunday night. Mrs. Goode will accompany Mrs. Stedley on the piano when she sings a solo before her talk. The public is cordially invited to the service.

WANAMAKER'S TWO CLERKS

"The difference between the clerk who spends all of his salary and the one who saves part of it is the difference—in ten years—between the owner of a business and the man out of a job."—John Wanamaker.

Salisbury has a red headed woman as candidate for mayor. She ought to be able to fire up things if the old story about red heads count for anything.

France announces that it has a tax scandal involving thirty million dollars. The way people are complaining in this country it really seems that America has something of the sort brewing.

Recent elections in Prussia indicate people of that district are opposed to socialism. The statement sounds all right, but if the opposition becomes effective in the near future there will be some room for belief.

Secretary Daniels thinks Harding made a good selection in Edwin Denby as secretary of the navy. It's mighty nice of Josephus to come over like that, but people will reserve judgment until they see what the gentleman has in him.

Thousands of women are required to file an income return and pay a tax on their income for the year 1920. No official estimate of the number of such women can be given by the Bureau of Internal Revenue, but statistics of income for the year 1918, just issued show that the number of returns filed by single women for that year was approximately 200,000. The tax paid by these women amounted to \$700,902,600.

In addition there were filed approximately 883,000 returns by single women claiming an exemption of \$2,000 as heads of families being the sole support in their households of one or more relatives. Tax collections from these women amounted to \$273,794,078.

The number of wives making separate returns from husbands was approximately 36,000 and the amount of tax collection from this source was \$333,218,794. These figures show that taxes paid by women form an important item in Government revenue. The exemption allowed single

on the first \$4,000 of net income and a per cent on the remaining net income. In addition there is a surtax which applies, however, only to net income in excess of \$5,000.

The term "single women" includes a widow, a divorcee or a person separated from her husband by mutual agreement. A married woman whose income is from a separate source than her husband's may file a separate return.

A married woman living with her husband is not allowed a prescribed exemption. The exemption allowed a married couple is \$2,000. The \$2,000 may be taken by either husband or wife or prorated between them.

A woman who was widowed during the year 1920 unless the head of a family or remarried on or before December 31, 1920, may claim only an exemption of \$1,000. A wife supporting an invalid husband in a sanatorium is entitled to a \$2,000 exemption.

CHINA

By Margaret E. Sangster.
If some one came to you for bread
Some child, perhaps, with arms flung
wide—
If some one frozen, almost dead
Dropped, in a sudden swoon beside
Your home—if some one poorly clad
Left bloody foot prints in the snow,
Would you give of the bit you had,
Or would you bar your door, an dog?

If China were across the street,
Instead of seven seas away,
Would you give China food to eat,
Or would you pass it by today?
If Christ, with tender hands stretched
out,
Should smile at you from Heaven
above,
Would you, by one small shred of
doubt,
Betray the splendor of his love.

Mrs. I. F. Faulkner and daughter,
Miss Lucille, of Kinston, are visiting
Mrs. W. E. Smith.

Mr. H. L. Smith, of Dublin, Ga.,
spent last night and today in Green-
ville.

Miss Nellie Denny Entertains

On February 22nd the Round Table
Club held a most delightful meeting
with Miss Denny.

"Corot" was the "Master" of the day,
and Mrs. Wiley Brown read of Corot
and His Art in a manner that was re-
freshing, and truly reflected the beau-
tiful spirit of the artist.

Mrs. Lawrence Carr gave an inter-
esting reading on his early life.

Miss Goggins paper on Corot in Later
years was fine and thoroughly appre-
ciated.

The beautiful photogravures accom-
panying these added much pleasure,
and that this meeting fell in the anni-
versary of his (Corot's) death made
it doubly interesting.

Mrs. Milton White read the story,
accompanying the picture of Bertel
Thorwaldsen's beautiful statue of
Christ which stands in the church at
Frauenkirche in Copenhagen, remind-
ing us that a good way to teach our
young people to love the great pictures,
hymns and sculpture is to bring to
them the beautiful stories about the
artists and authors.

News items from the White House
brought in by the members made en-
joyable discussion.

The club was delighted to have as
guests Miss Alice Wilson, Mrs. Walter
Patten, Mrs. J. T. Norman and Mrs.
Louisa Wilson.

The hostess served a lovely dessert
course with decorations appropriate to
Washington's birthday.

MEMORIAL BAPTIST CHURCH IS NOW BEING REMODELED

Services to be held in High School for
Next Three Sundays. Return to
Church March 20th.

The interior of the Memorial Baptist
church is being completely remodeled
and everything possible will be done
to make it attractive and beautiful.
Considerable time will be required to
make these changes, and while the
work is going on the services will be
held in the High School building on
Fifth street, beginning next Sunday,
February 27th, Sunday School will be
conducted at the usual hour, 9:45 a. m.
Preaching at 11 a. m. and 7:30 p. m.
Everyone is cordially invited to at-
tend these services.

The B. Y. P. U. will also meet in the
High School building, at 6:30 p. m.,
beginning next Sunday. This is one of
the liveliest organizations in town, and
to visit us one time means a return
visit. Our attendance is increasing every
Sunday and several have been added
to the membership recently. Our B. Y.
P. U. is composed only of young people
and it is certainly gratifying to see
what great work they are doing. There
is considerable competition between the
four groups, each group leaders work-
ing, with hearty co-operation of the
members of the groups, to put on the
best program. We had a fine program
last Sunday night, conducted by Miss
Ernestine Forbes, leader of group No.
3. They pulled off a B. Y. P. U. wed-
ding which was something new to the
most of us, and it was certainly fine.
Group No. 4 is on for next Sunday
night, and Mr. Hines, the group lead-
er, promises a program worth while.
I urge every member to be on hand at
6:30 sharp and bring someone with
you. We must start on time to enable
us to go through the program by 7:30.
Let's have the biggest attendance we've
had next Sunday night. I'll do my part
you do yours.

J. B. KITTRELL, President.

Sell Your Tobacco With Johnston and Foxhall

Greenville Tobacco Market Closes Friday March 18th, 1921

It will pay you to sell as early as you can. Tobacco may go lower.

DON'T FORGET OUR FIRST SALES

THURSDAY AND FRIDAY

SELL AT GORMAN'S

The Tobacco market will close March 18th. The Board of Trade decided this last night. The sales Monday and today have finished before dinner. Monday Gormans sold 85,000 lbs. Today about 60,000. Prices are fully as good as last week in the good and fine tobacco and the common stronger than it has been.

We have 1st 3rd Wed. 1st 2nd Thurs. and 1st Friday
