## CLARK EXPLAINS ELECTION LAW TO AFFECT THIS CITY

Legislation Recently Passed by General Assembly Explained in Concise Way by Mayor of City

(By Mayor D. M. Clark)  
The following is the Greenville Primary Law passed by the recent session of the General Assembly.

Section 1. That section of ten of chapter one hundred and fifteen of the private laws of one thousand eight hundred and ninety one, as amended in section of chapter one hundred and thirteen of the private laws of one thousand nine hundred and nine, be amended by adding at the end of said section the following:

That for the purpose of selecting candidates for mayor and members of the board of aldermen of said town to be voted for at said election, there shall be held on the first Monday in May of each year a primary subject to the general rules and regulations for the state primary for the selection of county candidates, not inconsistent herewith: Provided, however, that the registration books for said primary shall be kept open at some convenient place for twenty consecutive days, Sunday excluded, and shall close at sundown on the Saturday next preceding the Monday on which said primary is to be held, and for the purpose of keeping separate the registration of each ward of said town, the registrar shall provide and maintain five registration books numbered and designated to correspond to the respective wards of said town: provided, further, that there shall be only one voting place in said town which shall be at the county court house, and that all qualified voters shall be entitled to vote for the candidates for mayor, but that candidates for aldermen from the respective ward shall be voted for only by the qualified voters of their respective wards as registered, as therein provided for: Provided further, that all candidates for mayor of said town shall register their candidacy with the clerk of said town at least ten days prior to the first Monday in May during each year in which a mayor is to be elected, and shall deposit with said clerk a registration fee of ten dollars therefore; and that all candidates for aldermen of said town shall register their candidacy with the clerk of said town at least five days prior to the first Monday in May in those years in which it is required that they shall respectively be elected and shall deposit with said clerk the sum of one dollar as a registration fee therefore. That after the close of said time for the registration of said candidates, the clerk of said town shall proceed to have tickets printed upon which there shall appear on one ticket the names of the candidates for mayor, and on separate tickets the names of all of the candidates for aldermen in their respective wards, and said tickets shall contain sufficient explanatory matter to designate the purpose thereof.

Section 2. That all laws and clauses of laws in conflict with the provisions of this act are hereby repealed.

Section 3. That this act shall be in force from and after its ratification.

In the General Assembly held three times and ratified this the 8th day of March, 1921.

From foregoing it will be seen that every person (men and women) desiring to vote in the Town Primary to be held on May 2nd, will have to register and that for that purpose the registration books will be opened at some convenient place on April 8th and kept open until sundown.

Heretofore the only primary held was for mayor, and that only by agreement among candidates, with no registration required. The aldermen were selected in a crude manner at eight o'clock caucuses, which were generally poorly attended, and at which almost anyone desiring could vote. Warehouses or other assembly places were where the meetings were held and it usually took about fifteen minutes to select the most important officials of the town. Of course, there is a general election held according to form in June, but the republicans never put out

## NOTED RUSSIANS LIVING IN TYPHUS INFESTED REGION

Friends of the Late Nicholas Confined in Districts Infested With Dreaded Diseases

Ragnsa, Jugoslavia, Mar. 28.—Friend of the late Czar Nicholas, members of the upper crust of society of imperial Russia, prince, dukes, generals, and barons are living in squalor in camps infested with typhus and typhoid here and at Cattaro Bay, on the Dalmatian coast.

Altogether they constitute a group of about 1,500 of the refugees brought out from the Crimea when General Wrangell's anti-Bolshevik army collapsed and who have since been scattered about the Balkans.

Vestiges of their former imperial grandeur peep out from their rags when costly jewels saved in their flight from the Bolsheviks are brought out from the recesses of the old bundles composing of dirty, unkept baggage. Princes, princesses and generals sleep on hard cement floors and barely manage to exist on the meager allowance of food doled out to them. Their costly furs, once exuberant but now scant and worn almost hairless show the former riches of their owner.

The Associated press correspondent visited several barracks of old forts and air plane hangars where the Russians are quartered. Generals could be seen in tatters waiting their turns for rations and eating soup and stew out of mess tins and then filling up an black bread. Their uniforms carried the insignia of imperial Russia with strings of medals across their breasts. Cossacks stood around in threadbare regalia of the old regime, wearing dilapidated astrakhan hats and tunics intended for British soldiers, while their riding boots were torn and ragged from long use.

## NOTICE TO POST OFFICE RENTERS OF LOCK BOXES

Owing to changes being made in the post office lobby for putting in additional lock boxes, bills for box rent for the quarter beginning April 1st were not mailed until today. The regulation requires that rent be paid before the first day of the quarter, and patrons should be governed accordingly. These having boxes too small for their mail and desiring to change to larger boxes should let it be known by Thursday. The new boxes when constructed will be ample to supply all who have recently been unable to get boxes when applying.

candidates, so there is no contest. Under such conditions the women could hardly be expected to take much interest in the government of the town but with the foregoing primary in effect everyone interested in the welfare of Greenville should register and vote.

## COMPLETE STILL FALLS INTO HANDS COUNTY OFFICERS

Deputies Corbett and Williams Capture Still and Destroy Beer Near Simpson Saturday

The illicit whiskey traffic of Pitt county was given another stinging blow last Saturday afternoon when Deputies Corbett and Williams succeeded in capturing a 60 gallon still a short distance from the town of Simpson. No whiskey or operators were taken in the raid, but nine barrels of monkey rum beer and eight barrels of corn whiskey beer were destroyed, together with about 25 empty barrels which the operators succeeded in running prior to the officers approach.

The still was of the usual type employed in the manufacture of illicit whiskey in this part of the state, constructed of galvanized iron and containing all auxiliaries. It was located in a dense growth of woodland under a carefully constructed shelter covered by a rubber roofing, and indicated constant operation for several weeks.

The surroundings showed that the distillers probably intended making it a permanent location, and had really conducted a thriving business during the short time they were in operation. It is believed the still was owned by white men as surroundings showed that greater care had been taken than usually noticeable at such places operated by colored people.

This still makes several the officers have captured this month, which is considered the lightest during the year, and if nothing happens the confiscated cell at the county jail will contain several other outfits before the month closes. Officers are making every effort possible to reduce the traffic and if the public co-operate it is certain a big reduction will be in evidence soon.

## PROPOSES PLANS FOR DISTRIBUTING GRAIN PRODUCTION

Two Contracts Provided for National Plan for Marketing Product Produced in Northwest

Chicago, Mar. 28.—Two contracts are provided for in the national plan for marketing grain co-operatively proposed by the Farmers' Grain Marketing Committee of Seventeen, according to a statement by C. H. Gustafson, chairman of the committee, made public today.

One contract will be made between five years, said Mr. Gustafson's statement but the exact period will not be determined until the conference in Chicago, April 6 at which ratification of the plan will be taken by delegates from the grain growing states of the nation.

One contract will be made between the grain growers and his local co-operative elevator and another contract will be made between the local co-operative elevator and the national grain marketing agency. These contracts forms are now being drawn up by competent leg assistance under the supervision of Clifford Thorne, of Chicago and attorney and member of the committee. The general principles of the contract forms however, have been decided and it only remains to put them in legal shape.

The contract made by the grower with his local co-operative elevator will provide for the exclusive delivery of all grain not needed for seed and feed purposes. The contract made by the local co-operative elevator with the national selling agency will, in turn, provide for the exclusive sale of the grower's members grain through the sales facilities of the national selling agency.

## BAPTIST REVIVAL SERVICE LARGELY ATTENDED SUNDAY

Largest Congregation Since the Meeting Began Present at Memorial Baptist Church Yesterday

The largest congregation since the meeting began in Memorial Baptist church a week ago, attended the services Sunday morning and night, and the pastor, Rev. Leland W. Smith, preached two most effective sermons. His sermon at the morning service was from the text "I will pay my vows unto the Lord". Mr. Smith pointed out the obligations of Christians and the way in which there is failure to meet these. So forceful was this sermon that at the conclusion when an invitation was given there was hardly a church member in the large congregation who failed to go forward in token of consecration and forgiveness.

The subject of the sermon Sunday night was Almost Persuaded. This text used being Thou art not far from the Kingdom. In this Mr. Smith clearly demonstrated how near a person can come to being saved, or becoming a Christian and yet be lost. Neither a desire to be a Christian that is not carried out, good intentions, attending church, was leading a model life, will of themselves secure admission into the Kingdom of Christ. The only means of salvation is through belief in Christ and faith in God, and to come short of this is to be lost.

The singing Sunday both by the regular church choir and by Mr. and Mrs. Montgomery were interesting features of the services.

The meeting will continue through this week with two services every day, 8 a. m. and 7:45 p. m.

All people of the community are cordially invited.

## MEMORIAL DAY TO BE CELEBRATED IN CITIES OF FRANCE

Commemorative Exercises in Honor of American Dead to Be Conducted by French Army

Paris, Mar. 28.—Plans for Memorial Day and commemorative exercises thru out France in honor of America's dead who lie in French soil, have been considered by the American Memorial Day committee at a meeting held at the American Legion headquarters.

This General Committee unites, under the Honorary Presidency of Ambassador Hugh C. Wallace, virtually all American activities in France including the embassy, the various consulates, Graves Registration Service, American Legion and Auxiliary, Red Cross, Young Men's Christian Association, Young Women's Christian Association, Knights of Columbus, Jewish Welfare, the American Laureles, American Chamber of Commerce, American Hospital, Women's Club, Franco-American Welfare and the American public at large.

Following the program adopted last year, the Committee will provide for the placing of flowers or a wreath upon every grave in France and will organize appropriate exercises at all of the principal military and civil cemeteries where American dead are buried.

Due to the generous contributions made last year, the committee finds that the funds on hand for this year's ceremonies are ample to cover the prospective expenses of the program. Therefore announces that no appeal will be made to the public by the committee for funds for the ceremonies of 1921.

## DECLARE STINNES DANGEROUS MAN IN GERMAN AFFAIRS

Leading Newspaper Says Generalissimo of Industry is Character to be Reckoned With

London, Mar. 28.—Hugho, Stinnes, generalissimo of German industry, recently accused of plotting a strike of several hundred thousand workers in the Ruhr district to make more difficult the Allied occupation of Dusseldorf, Duisburg and Ruhrort is referred to by the Berlin correspondent of the Times as an earnest and dangerous patriot.

Stinnes, a multi-millionaire member of the Reichstag has put through some of the greatest financial deals of his career since the armistice. He has been called a relentlessly efficient, human calculating machine. It has been said that he would sacrifice every mark of his enormous fortune to bring back the monarchy.

Mine owner, and coal merchant ship owner, landed proprietor, head of a great chain of newspapers, proprietor of the very finest hotel in Berlin, trader in oils, paper, hides, jute, meat and manufactured wares of many kinds, Stinnes, the Times correspondent says, is to day the wealthiest most influential, best known and at the same time the least well known man in Germany.

Publicity and notoriety are alien to him, it is stated and he prefers to remain behind the curtains in the Reichstag, permitting his henchmen and lieutenants to do the talking while he pulls the strings.

There is nothing in his appearance to betray the man of genius, says the correspondent. Just fifty years old, of medium height and sturdily built, with black hair and beard that show up strongly against a rather sallow complexion, Hugho Stinnes is an inconspicuous figure as he slips in and out of the Oldon hotel, his bowler hat tilted slightly on one side, one hand in his pocket, and one or two secretaries following hard on the heels of their chief in his well worn black coat and black tie. He stops to speak to no one. He has no time for small talk in the lounge with other guests. He is a relentlessly efficient, cool human, calculating machine.

## GREENVILLE YOUNG MAN GETS HIGH PROMOTION

Dr. H. Sheppard, son of Mr. Henry Sheppard of Greenville, has been appointed assistant surgeon in the Government Health Department. He is stationed in Washington City and entered upon his duties there on last Wednesday. Dr. Sheppard graduated in the spring of 1918, year in medicine and surgery at the University of Maryland and since then has been an interne in the University Hospital in Baltimore. His many friends here at his home are glad that he has been appointed to this distinguished position in the service of the government.

## MYSTERIOUS BABY FOUND BY FARMER SUNDAY MORNING

Jessie Gay, of Farmville, awakened Sunday Morning at 2 O'clock By Baby Crying on Front Porch

Considerable interest is manifested in information reaching Greenville this morning from Farmville, stating that an unknown baby about two months of age was Sunday morning about 2 o'clock found lying on the front porch at the home of Jessie Gay, a farmer residing a mile and a half from Farmville. Authorities have made a diligent search in an effort to locate the parents, but so far have failed. They were tracked as far as Greenville, a member of the Farmville police force said this morning but, the trail was lost, immediately after reaching this city, and consequently further investigation proved fruitless.

Mr. Gay, according to particulars furnished by the police department, was awakened Sunday morning about 2 o'clock by the sound of a child crying some where in the front part of the house. He immediately lighted lamps and began investigation. The baby was discovered lying a short distance from the steps leading to the porch, carefully wrapped in warm clothing. As he stopped to pick up the child he heard the sound of fleeing footsteps and glancing across a broad field fronting the house and saw the man and woman running at top speed.

The couple was too far away at the time to make recognition possible, and the farmer was so perplexed at the mysterious baby's appearance that he never for an instance thought of giving chase. The child apparently was from a well to do family of white people, as its clothing was immaculate well made and warm. There was nothing about it at all by which parents may be apprehended, and Mr. Gay as well as police are puzzled more than ever concerning the incident.

Investigation by authorities Sunday morning brought out the fact that the man and woman who are believed to be parents of the child, left a horse and buggy a short distance from Mr. Gay's home, and immediately after crossing the field came in direction of this city as fast as the conveyance was capable of bringing them. Inquiries along the road from Farmville here indicated that the trip had been made safely, as no one happened to be on the road at the time or if they were it is evident the couple drove into the woods until they had passed in order to avoid suspicion.

The incident is one of the most mysterious that has been brought to light in this section in many years. The police are unable to advance any theory concerning the affair. However, it is not believed the child was stolen, but is an effort on part of the parents to get rid of it because of some illegitimate circumstance surrounding its birth.

## SEVEN MARRIAGE LICENSES ISSUED IN CITY SATURDAY

Candidates for Matrimony Set New Record Regardless of Bellamy Law

Applicants for marriage licenses established a new record in this county Saturday afternoon regardless of certain restrictions laid down by the Bellamy legislation recently passed by the state legislature. The daily average for the past two months has been from one to two licenses a day, but Saturday produced a surprise when seven applicants made their appearance fortified by clean bills of health. Five white couples and two colored composed the list. They are: Carl Dall to Miss Mary Lee Wade, both of Swift Creek township; Harry Newman, of New York City to Miss Sadie Baker, of Greenville; James Clements, of Oxford, to Miss Maggie Whitehurst, of Bethel territory; Frank Savage to Miss Madeline Pollard, both of Greenville district; Fred Edwards Jr., to Miss Velma Beddard both of Chicod township.

Colored: Roy Spell of Bethel to Miss Hattie Dupree, of Falkland sections; Charlie Payton to Victoria Edwards, both of Greenville.

Monday Afternoon March 23

The emergency tariff bill doesn't seem to be intended for any emergency at the present time. If so, it has certainly missed its calling.

The communist outbreak is reported serious in Germany. If this continues for any length of time Germany may after all have some reason for not paying the indemnity. Such outbreaks are destructive in many ways, and may cheat the Allies out of their demands.

There was at least one thing about Easter that made it stand out more prominently than in years, and that was the abundance of eggs available for hunts and parties. The price, too, went a long ways toward making the occasion more favorable than since the war, and it was quite evident everyone appreciated the fact by the enormous demand.

Hazing is nothing more than crime. It should be punished as all other violations of the law, irrespective of persons. The practice is marked by certain brutality and ruthfulness that is without justification and ought to be discouraged in every enlightened community. President Riddick, of the Agricultural and Mechanical College, Raleigh, was absolutely right in presenting names of the hazers to the court, for in doing so he directly indicated disapproval which should be a great factor in preventing further occurrences of the kind that happened at school last week.

Considerable advise is being presented to the cotton and tobacco grower about planting his crop this year, and there's no one knows better what to do than the farmer himself. The recent slump in prices for his product has convinced

size crop will mean disaster, and no one needs be in doubt about what he's going to do to save himself from such conditions in the future. There are numbers of planters, however, who are not going to reduce acreage, but they are going to be the ones to suffer in no uncertain way the folly of their action. It is indubitable that another large crop will mean eventual ruin and the man that plants one ought to suffer.

Lenoir county is claiming some mighty big things along highway improvement. But at that it can't be so far ahead of Pitt county. It is pleasing to know that these two adjoining counties feel about good roads like they do, for when they get connected traveling will be mighty pleasant, and business relations ought to be much better in every sense of the word. Good roads are essential to every community, and it is gratifying to note that the eastern part of the State is taking such active interest in making them possible. The western part of North Carolina has been well provided along this line, but still it can't be said it is much ahead of the progressive east at this time.

Times are not so hard as some would have us believe. In fact, if one considers the enormous amount of money which has been paid for crops in this section for the past several months it is very "fide" indeed. Conditions are much better than they seem. The truth of the whole matter is that too many people quit work to talk hard times, and when they realize how foolish they have been production should increase and financial conditions become much better. Lots of people plead

hard times simply to keep out of paying just debts, but the public, or at least the wise business man is aware of this and means to do everything possible to make it hard for such folks. If every one did this there wouldn't be quite so much complaining and certainly more industry and enterprise in evidence in every part of the country.

Robert Lansing, former secretary of State under the Wilson administration may feel like he is gaining favorable recognition by articles published in the Saturday Evening Post, of Philadelphia, but if the public is to be the judge, he has made an abject failure. His attack on president Wilson is one of the most extraordinary in history, but it is the result of personal malice more than any other one thing, and people who know he was literally fired from the cabinet understand his object better than Mr. Lansing does himself. His prospect of meeting favorable consideration of thinking people of the country would have been much better if he hadn't brought such an unprovoked attack against Mr. Wilson, but since this has occurred he has decreased considerably in public estimation. No one can malaciously attack the Wilson record without incurring much displeasure from the general run of people for it is realized he is one of the greatest statesmen of the day, regardless of idealistic traits.

### IT OUGHT TO GO

It is gratifying that leading agriculturalists of Lenoir county are preparing to tell surrounding farmers of the advantages of co-operative marketing through a campaign that promise to be decidedly more intensive than any other in that section of the state. With Pitt and Lenoir going after the measure it ought to be made a great success. They are of the largest tobacco and cotton producing sections of North Carolina, and have seen enough loss resulting from old dumping methods to convince everyone that a more definite marketing plan is imperative.

There is no doubt but that the plan proposed for the State is exactly what is needed. It has proved decidedly successful in other states and countries, and certainly should prove favorable to two of the largest crops the country produces. The past period of depression has impressed everyone of the necessity for a change. The market is glutted beyond hope of relief anytime soon, and unless some action to protect the grower is taken his future is anything but secure.

The proposed marketing association is to be headed by men well informed concerning world conditions world conditions. They will be able to control the market because they control over half of each crop, therefore, it is evident prices will either become bet-

ter, or there will be absolutely no money with which large industries may make their usual purchases. There's no use talking about it any longer. The plan is applicable as no other has ever been before, and the planter or business man that remains behind in doubt ought to suffer the consequence of his folly.

### DANGER SIGNALS

Headache, colds, nausea, blues, mental depression—these are not only painful and annoying, but they are danger signals.

A great majority of these passing illnesses are due to self-poisoning resulting from constipation. Unless you keep your system free from decaying food waste, you start continuous poisoning inside. Ultimately Bright's disease, rheumatism, gout, diabetes, pernicious anemia, and the like, may result.

Pills, castor oil, laxative waters and salts only force and irritate the bowels, and make constipation a habit. Nujol works on an entirely new principle.

Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

The San Souel Book Club will meet with Mrs. Sam White Tuesday afternoon at 3 o'clock.

Three Cases Before Mayor This Morning

Three cases were disposed of in the Mayor's court this morning with Mayor Protom J. L. Hassell presiding: Edward Wooten drunk and disorderly, fined 5 and costs; Charlie Curry, allowing cows and sheep to run on sidewalk, paid cost of action; Henry Cooper, riding bicycle on sidewalk, \$5 and costs.

Easter Monday is usually looked to as a day for picnicing and going fishing, but the recent rains have caused such a rise in the river that there could be no fishing this time.

The tent for the Berian class of Memorial Baptist, Sunday school has arrived and will be erected in time for next Sunday. The class will hustle for more members to help fill it.
