## GRIFTON ORATORS WIN FROM AYDEN IN FAST DEBATING

Grifton High School Finds Ayden Easy Opposition in Double Debate at Both Places Last Night

Debating teams from Grifton and Ayden high schools clashed for the first time this year in Grifton and Ayden last night, Grifton winning in both contests. Much interest was manifested in each town and as a consequence attendances were beyond the average. Grifton displayed an almost uncanny knowledge of the subject under consideration during the evening, and met every attack of Ayden aggressions with rejoinder convincing in every sense of the word. The query was resolved, that a policy of collective bargaining through trade unions should prevail in American industry. Immediately following the debate in Grifton members of the debating teams were given a reception by the Parent Teacher's Association.

In Ayden, Grifton upheld the affirmative, represented by Quincy Munford and James Coletrain, while the negative for Ayden was upheld by Miss Lucy Mae House and Dodney Prescott. At Grifton Ayden upheld the affirmative, being represented by Eleanor Edwards and Lulu McLawhorn, while Winnie Barwick and Edna Harvey maintained the negative side for the visitors.

Judges in Ayden were Attorney L. F. Spence and Marvin Blount and D. J. Whitchard, Jr. of Greenville, N. C. In Grifton they were C. H. Cox, Roy Flanagan and D. M. Clark

All four teams displayed marked ability, but Grifton at the outset exerted its supremacy by strength of argument and excellent enunciation. Ayden presented its strength mainly in construction of the subject material, but it differed widely from that of cold facts and presented it in a way the opposition which mixed logic with that attracted instant attention. The Judges had no difficulty in ascertaining the winners, as the vote was overwhelmingly in Grifton's favor in both places.

The result of the debate will be greeted with interest by surrounding communities as both towns have been putting out formidable opposition for the past several sessions and many victories have fallen their way.

## CHINA RELIEF STAMPS TO BE SOLD NEXT WEEK

Members of Missionary Societies to Put on Drive to Help People of China

Beginning Monday, April 4th and continuing for two weeks the Missionary Societies of the different churches will put on a drive in which China Life Saving Stamps will be sold, for the purpose of helping to save the starving people of China.

The drive comes in response to a letter received from the Rev. Mr. Bible of the China Famine Fund, Bible House New York.

China is the oldest nation in the world, and is sorely stricken. So much so that 5,000,000 persons are still destitute from famine caused by drought in five provinces of Northern China. America has already responded liberally but not enough, they must respond with more of their means.

The stamp drive will not be put on with the same amount, as a goal, as it would have been had not a drive just completed but the Christian women of the Missionary Societies, could not turn a deaf ear to the appeal. The stamps will be sold for 3 cents a piece and the following will show just how much a few pennies can count in this great drive for the starving lives.

3 cents (one stamp) will save the life one day.

1.00 (34 stamps) will save one life one month.

\$5.00 (170 stamps) will save a life until harvest

\$20.00 (850 stamps) will save a family until spring.

Be prepared to buy some stamps and help in this worthy cause.

## SUNDAY SCHOOL SETS FAST PACE IN ATTENDANCES

Jarvis Memorial Methodist Reached 474 Mark in Attendance Last Sunday Morning

Last Sunday was the best day that the Jarvis Memorial Methodist Sunday school ever had. The attendance was 474 and since this attendance was composed almost exclusively of the town people, this was the record attendance. There have been a few Sundays when there were more people at school, but on these Sundays there was a large number of the Training School girls present, while last Sunday practically all the members of the Training School class were out of town, that is all but ten. The young mens class was somewhat crowded last Sunday. There were 51 present out of an enrollment of 58. In order to relieve this congestion in that class two of the tents in the rear of the church have been made into one and there is now room in that room for one hundred men. And the young men do say as how they are going to fill that space.

James, Murphy and Congleton Incorporated, is the name of the firm that is pulling off this magnificent piece of work. The other class of men headed by Mr. R. H. Wright last Sunday numbered 71 out of an enrollment of 93. This class has been given new quarters also and now has room for 125 men. This class of men is rather unique, and it is a known fact that they have done and are doing great things for this community. Mrs. Milton White's class of girls was all there last Sunday with blue ribbons galore. They won every banner presented and bid fair to take the honors away from the A class during the coming quarter. Class A took the honors for the past quarter. Class B taught by Mr. K. F. Futrell is also a coming class. They had a wonderful record last Sunday with all present and new members. The class taught by Marvin Blount had an excellent record also. Out of an enrollment of 22 they had 21 present and 21 on time, with a collection of \$1.27. Class 6 B had every member present and on time and there is a good chance that this class took the honors for attendance for the month of March. That matter will be announced tomorrow. The Philathea Class taught by Miss Sallie Joyner Davis had 53 present out of an enrollment of 63. They have been given new quarters also and can now take care of 75 comfortably.

The new building was given another boost last Sunday. There were a number of large contributions, and work on the building in the very near future is guaranteed.

Sunday School begins tomorrow at 9:45. Lots of fans if the weather is hot, and plenty of heat if it is cold. Music consisting of two violins one french horn and the piano, and five hundred singing folks. Rally 'Round.

## SPEED OF JERSEY JUSTICE RECEIVES GREAT COMMENT

Operation and Speed of Legislation in State Considered Something Unusual in Many Ways

Trenton, April 2.—Interesting light has been thrown on the operation and speed of Jersey Justice, as a result of recent convictions for murder and other crimes. While misdemeanors and felonies have increased in New Jersey as elsewhere in the country in the past year or so, state records show that there have been few disagreements of juries and prison sentences have been extended to maximum limits in order to discourage violators of the law.

One feature of New Jersey that few if any, of the other states have, and which is said to have been a prima factor in giving the state its traditional reputation for lightening like court procedure is a provision that a jury in a first degree murder trial may designate life imprisonment instead of a death penalty for the convicted person. This has resulted in many quick convictions for life imprisonment where otherwise might have been jury disagreements.

Saves like that of the Union County bandits, Charles and John Krebs and Martin Shannon, who are sentenced to serve 56 to 75 years each and who were tried, convicted and were beginning to serve their sentence within 48 hours of their capture, are occurring almost daily in New Jersey, the present so-called crime wave apparently furnishing an excellent test for the efficiency of its courts.

Jersey Justice, famed from Maine to Florida, from the Atlantic to the Pacific and even overseas, not only because of its speed and accuracy and relentlessness but also because of its fairness and efficiency was not established overnight. It is scarcely a tangible thing. It may be best described as a state of mind the people demanding that their law officers be efficient above everything else. Thus prosecutors, grand juries, judges, petty juries and all other branches of the administration of justice, which lead the criminal to prison and the murders to the death chair, are just so many wheels and gears and belts in an almost perfectly working machine whose motive power is the people.

## DESCRIBES LAST MOMENTS OF MEN KILLED AT CORK

Minister Tells Congregation of Death of Six Men Executed in Cork Sometime Ago

Cork, April 2.—To an intensely interested congregation the Very Rev. O'Sullivan described at mass the last moments of the six men executed here several days ago by the military Canon O'Sullivan was with the men to the end.

He said it was a holy and happy death, he said. If all died as those boys died their lives would be well spent.

He said to one, My Brave Boy, are you down hearted? The young man, he said replied, No, but added, I regret, father, that I have done nothing for Ireland.

I said, the priest continued that a man who gives his wife to God for his country has made the greatest sacrifice that a man can make.

When the execution were over, I think that this will break the spirit said to the provost marshal: You of our boys, but as long as there is a drop of blood in our veins, this morning will not be forgotten. You are like the Bourbons in France you have forgotten nothing and you have learned nothing.

After the congregation had been asked to pray for the souls of the six men, Canon O'Sullivan concluded: Though some of us do not approve of their methods, there is nobody but can approve of their motives.

## WOMEN TEACHERS TO TAKE ACTIVE PART AT HARVARD

Many Hundred Expected to Meet at Convention to be Held at College During Sunday

Cambridge, April, 2.—Representatives of Women's colleges will take an active part in a convention to be held at the Harvard Union tomorrow and Sunday for the purpose of organizing an Intercollegiate Liberal Club. Radcliffe is taking the lead among the women's colleges in promoting the movement, which originated with the Liberal Clubs of Harvard and Radcliffe.

Colleges which already have accepted invitations to join in the organization are Harvard, Princeton, Brown, Tufts, Boston University, Radcliffe, Wellesley, Jackson, Goucher, Wheaton, Vassar, Mount Holyoke and Barnard. The plan is for a central organization with self-governing clubs in the individual colleges.

The purpose of the proposed clubs are announced as the cultivation of the open mind and the development of a formed student opinion on social, political, industrial and international questions. Leaders in the movement assert that the new organization will be non-propagandist and tied to no 'isms'.

Among the speakers announced for the organizing convention are President (Emeritus) Charles W. Eliot, of Harvard, President LeBaron R. Briggs of Radcliffe, President Henry N. Macfarlane of Vassar, Senator Ladd of North Dakota and Walter Lippmann, editor of the New Republic.

## CLAIMS HONOR OF MAKING THE FIRST MAIL ORDER PLANT

Harvard Professor Invents New Way Handling First Stage of Cigar Making by Mixing Varieties

Cambridge, Mass., April 2.—What is claimed to be the first plant actually made to order according to specifications listed in advance, has been developed by Professor Edward M. East, of Harvard for the Connecticut Agricultural Station at New Haven, Conn.

The new plant, known as Round Tip, is a cigar wrapper tobacco containing, it is claimed, the desirable qualities of several existing varieties and none of their defects and possessing several worth while characteristics unknown in the older varieties. It was produced a scientific application of the laws of heredity, with the investigation of which Professor East has been identified for many years.

New varieties of plants are not particularly rare it is said, and new names for old varieties are not as common as freckles on a red headed boy, but in the past, according to the Harvard biologists the new things in the plant world have been more or less accidental. Crosses they say have been made indiscriminately, trusting to Providence that something good would turn up; and occasionally Providence has come to the rescue.

In this case a study of cigar leaf wrappers was made, and the characteristic demanded by grower, manufacturer and consumer were set down as cold bloodedly as a builder would plan the requirements for a house. Existing varieties were then examined in the field and in the warehouse with the minutest care, seeking those which when combined would give the greatest possible chance of success. Finally it was decided the success of the project depended on crossing the two varieties Sumatra and Broadleaf.

## REVIVAL SERVICES TO COME TO CLOSE SUNDAY EVENING

Ordinance of Baptism to be Administered at Close of Evening Service

The revival services in the Memorial Baptist church will be brought to a close tomorrow with two sermons by the pastor, Rev. Leland W. Smith. At the close of the evening service the ordinance of baptism will be administered.

Mr. Smith preached another strong sermon last night on the subject, 'Saving Faith' from the text, St. Luke, 7-50, 'Thy faith hath saved thee; go in peace'. These words were spoken to the sinful woman who stood at the feet of Jesus weeping and washed his feet with tears and wiped them with the hairs of her head. Her faith was so great that Christ saved her and uttered the words of the text. Mr. Smith used four points to show what 'Saving Faith' can do. First it saves from sin second, it saves in Christ, third, it leads to obedience fourth it saves for time and eternity. It saves from sin, because it cleans the heart from all corruptness and makes the one saved wish to follow God. It saves in Christ when the mind will and heart all consent to surrender to God. It leads to obedience in that the sinner after converted, confesses Christ before man. It saves for time and eternity, because the very moment that the sinner surrenders Christ saves him and forgives his sins. When the woman who went to Christ was saved He said to her, 'Thy sins are forgiven'.

Mr. Montgomery sang a solo

Services again this evening at 7:45

## PITT COUNTY GROWER SETS MIGHTY FAST PACE IN COTTON RAISING

Farmer on Ram Road Has Field of Cotton Literally Covered With Splendid Blossoms

A farmer by the name of Harris, residing on the Ram Horn road in this county is reported to have established a record in cotton growing, as he at this time has a field literally covered with the blooming staple. The early cotton came about in a surprising way. Mr. Harris had on hand several loads of cotton seed which he didn't wish to sell because of low prices. Wishing to preserve the seed, he line them out in proper shape in his field thinking they wouldn't come up until after the cold weather abated somewhat. The expected cold weather didn't continue, however, and during recent balmy days the plants began to sprout, and grow with remarkable rapidity. Today he has blossoms, and consequently will have a crop of cotton before other growers begin planting.

## SUPERIOR COURT CONTINUES THRU NOON HOUR TODAY

Congested Docket Relieved of Practically 250 Cases During the Two Week Session

Working almost frantically at times to relieve a docket congested almost beyond hope of relief within the next several months, the second week session of the civil term of Pitt county superior court failed to adjourn yesterday as expected and continued its sitting until the noon hour today when the last case on the calendar was finally completed. The present session without a doubt has been one of the most eventful in many months, as practically two hundred cases which have been continued from term to term for many months were either compromised, non-suited or thrown off the docket.

Judge Horton started out to accomplish an apparently impossible task the beginning of the week, but by judicious handling of many matters of a perplexing nature succeeded in bringing about completion of many cases which have been on the docket at least three years. The legal machinery groaned and rambled under the extraordinary strain, but this apparently made little difference with the enterprising spirit of the presiding official who kept things moving along at a normally fast pace and failed to show the slightest signs of relinquishing until the 250 mark was reached yesterday.

Adjournment immediately followed completion of the case of Atlantic Coast Company vs J. Raymond Tucker, in which the company was suing for recovery of a water and light plant located on a strip of land sold to the defendant several months ago and which was not mentioned in the deed. Mr. Tucker purchased the property at a land sale recently conducted in that community. It seems from all facts involved that Mr. Tucker purchased the property at a certain figure without the water and light plant being mentioned. In drafting the deed the company failed to make any stipulation whatever regarding buildings on the property, and as a result when Mr. Tucker started to utilize the building a restraining order was issued against him doing so, with notice of suit being filed immediately. The case is probably one of the most stubbornly contested in many months, each side presenting a splendid display of legal talent.

After short deliberation the jury this afternoon returned a decision declaring that Mr. Tucker should retain the right to everything on the property.

In the case of Worthington and Wingate vs. Clarence Harris, in which the plaintiffs sued for \$200 due on a note, the jury returned a verdict in favor of both plaintiffs and defendant. The defendant entered a counter claim for the same amount, that the horse purchased from the firm was not as represented and, as a consequence evidence produced both sides showed conclusively that the matter was pretty well mixed up. As both were awarded judgment for \$200 they left the court fully contented as each had been victors.

In the case of Julius Lyon vs. Euro Motor Company an Ayden corporation which recently filed notice of bankruptcy, the jury returned a decision awarding the defendant the sum of \$329 for services rendered while in the company's employ. When notice of bankruptcy was filed it left Lyon in the lurch, and as consequence he was forced to resort a labor lien before realizing any thing out of his work.

Saturday Afternoon, April 3, 1921

The first day of April certainly brought fools for the public, both in weather and in other things. Greenville had its share, of course, principally in the weather, however.

Deflation is certainly in progress as reports from various communities say that contraband whiskey has taken a drop. This is an index to the cost of living, that is if consumption remains normal.

A Georgia jury refused to permit a hung jury to go to a moving picture show, but sent them to prayer meeting instead. That's about the last time the state will have a hung jury, and that's a safe bet.

Fire prevention day ought to be observed in every section of the country as enormous losses may be prevented in the past large conflagrations have proved decidedly too destructive for comfort, and the public certainly should do everything possible in preventing further loss.

People ought to do everything possible to make the anti-fly campaign a great success in Greenville this month as the little pest is the cause of more sickness than all other insects combined. Other cities have instituted similar campaigns with marked success, and it certainly looks like Greenville might do the same.

A taxpayer of Georgia whose total tax amounts to four cents insists in paying it in four installments. That's the way with people. If they had the world with a fence around it there would be some who would want to tear the fence down. The man that gets by lightly with the tax man now is going to get what's all there into it.

Utah has placed a ban on the sale of cigarettes. If many other states should do the same it would be advisable for planters of this section to consider curtailing acreage more than ever. Fortunately, however, this section of the country is rather partial to its cigarette and cigar, and it's hardly likely the reformer will get such legislation up for public consideration.

A Stockholm physician is reported to have discovered the microscope of sleeping sickness and to have established the fact that the disease is infectious. That is certainly some progress in medical science and beats anything that has been achieved in several years. The disease has created a great scare in very section of the country, and if the physician finds a cure the public will be more relaxed.

A measure providing that lethal gas be used for inflicting the death penalty in Nevada was recently passed by the legislature. That's about the easiest way of doing away with the criminal possible, and certainly fails to produce such tense situations as hanging and electrocutions. Other states might follow the same measure and not go wrong in any sense of the word.

President Harding's Inaugural, according to recent estimates, cost only \$1,500 out of an appropriation of \$50,000. If he succeeds in handling other government problems as well the people will certainly have something to thank him for. This is a mighty good beginning and indicates probably something better and on a larger scale in the future.

APPEAL FOR AID

Mr. Viviani impassionately appealed to President Harding for aid in preventing France from utter collapse. He said the country has been depending upon the \$50,000,000,000 reparations from Germany to meet its debts, and unless credit is provided this country to meet the situation France will be a complete bankrupt. The appeal shows that France is in greater need today than ever before. Right at this time she faces enormous debts that cannot be met and depends on Germany to pay up the indemnity so the situation will be relieved to some extent.

France was bled blood and white by the conflict with Germany. Millions of dollars were lost in the gigantic struggle, yet Germany says she is unable to repay that which she destroyed. This seems strange indeed when considering that Germany's resources were hardly more than scratched on the surface during the war. It's property remained safe and undamaged all through the struggle, and industry maintained a pace comparatively normal considering other countries.

The supreme council has issued demand after demand that the indemnity be paid, but so far the warning has not been heeded and Germany continues to claim the debt is too great to be met. There is only one way to find out. And the Allies have started in that direction. If Germany's industries are placed in normal operation it should be easy to ascertain what she is capable of paying. The only thing to do is to keep close tab on every industrial movement, and then demand payment in proportion to industrial and commercial output.

France was bled blood white by the hoped some action is taken by the United States to bring about relief. It is true this country has loaned about all the money advisable, but if Germany will consent to meet its indebtedness it is probable another enormous loan might be floated simply to relieve pressure of other nations.

TAX

Collector L. W. Bailey requests that due notice be given and taken that county boards of commissioners in each county must pass upon the question of a flat reduction in land appraisal

sals at their meetings next Monday or not at all; the law appears to hold them down to action at their regular monthly meeting on the first Monday in April. All persons, therefore, interested in a general, or horizontal reduction in land valuation for taxation, ought to come before their county boards of commissioners next Monday April 4.

### B. Y. P. U. PROGRAM TO CONSIST OF A DEBATE

The B. Y. P. U. Program Sunday night at the Immanuel church will vary somewhat from the usual program. Groups one and four will engage in a debate. The query to be discussed is, Resolved that the church is more important to the community than the school. Group one will argue for the school and group four for the church. The new quarterlies will be distributed at the meeting. Every member is urged to be on hand and get his.

### AMERICAN LEGION MINSTREL HERE WEDNESDAY NIGHT

Manager C. Green, of the American Legion Minstrel was in the city today making arrangements for the big American Legion Minstrel booked at the White's Theatre, Wednesday, April 6th. Greenville theatre goers are assured of a real first class production and a show team with novelties galore. Besides the military minstrel first part, there will be a big military burlesque, "The Conscriptonist", one of the funniest acts of its kind ever produced in the South and six vaudeville specialties. "Dick" Rhodes, formerly with the Hickory Nuts will offer one of his excellent song specialties, "Deep C." Green will be heard in a blackface monologue, Calkins and Richardson in twenty minutes of nonsense and somesense, The Legion Quartette in harmony and song, Liston Mallard in impersonations of Governor Bickett, and Guy Langston, the soldier cloggist will delight those who enjoy eccentric dancing. The seats are now on sale for the production.

### TWO MARRIAGE LICENSES FILED SINCE TUESDAY

Two marriage licenses have been filed in the office of the register of deeds since reports of last Tuesday afternoon. Applicants have been rather slow in presenting themselves this week, but it is expected that a revival will take place probably the early part of next week. It is no longer thought that the Bellamy legislation is preventing the old time spirit of indulging in matrimonial felicity, for the great rush in business last Saturday set aside that opinion in every sense of the word: the couples appearing yesterday were colored, and are: W. T. Stafford to Carrie Foreman, both of Greenville; Joseph Wilson to Lottie Diggins, both of Greenville township.

### TRAINING SCHOOL TO PRESENT SENIOR PLAY FRIDAY EVENING

The Senior Play at the Training school this year will be on Friday evening, April 22 Monsieur Beaucaire, a charming play from Tarkington popular book of the same name, is the play to be presented. Richard Mansfield made the play famous. It has been written as an opera also and has been very successful. Some of the songs used in the opera are to be used in the Senior performance so it will be a combination of the drama and opera, therefore, it is very different from any other play presented at the Training School.

The Seniors under the direction of Miss Muffly have been at work for some time. Mrs. Adele Gutman Nathan who coached the play, 'A thousand years ago' which was so much enjoyed by the public, will soon arrive and take charge of the rehearsals. Mrs. Nathan has had rich experience in managing plays and the class is extremely fortunate in getting her assistance.

There is a large class this year, the largest in the history of the school, and there is a great deal of dramatic talent in the class, which will be used to the greatest advantage.

### FOURTH-CLASS POSTMASTER EXAMINATION

The United States Civil Service Commission has announced an examination to be held in Greenville, N. C. on May 14, 1921 as a result of which it is expected to make certifications to fill a contemplated vacancy in the position of fourth class postmaster Grimesland, N. C. and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$602 for the last fiscal year.

Applicants must have reached their twenty first birthday on the date of the examination, with the exception that in a state where women are declared by statute to be at full age for all purposes at eighteen years, women, eighteen years of age on the date of the

examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, form 1753, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington, D. C. at the earliest practical date.
