THE ALBERMARLE PRESBYTERY HOLDS SESSIONS IN CITY

Semiannual Meeting Convened in the Greenville Presbyterian Church Last Night at 8 o'clock

REV. WILLARD CONGER DELIVERED EXCELLENT SERMON LAST NIGHT

Many Interesting Features Contained on the Program for Session this Morning and Evening

The Sixty-fourth Semi-annual Session of Albemarle Presbytery, convened in the Greenville Presbyterian church Tuesday night at 8 o'clock; Rev. H. N. McDiarmid of Kinston Presbyterian church, in the absence of the Moderator Mr. R. Y. Smith, occupied the chair and called the session to order; introducing the Rev. Willard Conger of 1st Church, Rocky Mount, who very ably delivered the Presbyterian sermon, which in this case, by action of the Presbytery at its last session, was also the opening sermon of the session.

Delegates to the Presbytery began to arrive in Greenville with the first train of the morning and as they detrained were taken in charge by the Auto committee and thence to the homes of their hostesses, some of whom of necessity having made preparations for their entertainment in the Proctor Hotel.

At 8 o'clock promptly the Session of this Presbytery opened with prayer by Rev. R. A. White of Henderson, N. C. After which Rev. Mr. Conger delivered his sermon from the text, 'John's Gospel 13th chapter, 4th and 5th verses.' At the close of the sermon, Rev. H. N. McDiarmid called the Presbytery to order, Rev. J. N. H. Summerell leading in prayer. This was followed by the Roll Call of Presbyters and delegates as well as the churches of the Presbytery.

The election of the officers was held and Rev. Standley White of Roanoke Rapids was elected Moderator, with Rev. Stuart Oglesby of Oxford as Temporary Clerk and Rev. W. B. Neal Evangelist of Nash county, as Reading Clerk. Announcements and necessary communications were then read, one of which was an invitation from Mr. Robert H. Wright, President of East Carolina Teachers Training School to visit the school and become guests to a dinner in their honor at noon today. The invitation, of course, was accepted with great appreciation.

The program today will be interspersed with many interesting features. The Rev. A. W. Crawford, secy. of the Synods Home Missions will address the gathering, also Captain Slaymaker, on the subject of Laymen's work. Tonight's session will be a popular meeting in the interest of Home Mission and conducted by Albemarle Presbytery at which time several of the evangelists of the different sections of the Presbytery will address the session. In his sermon last night Dr. Conger said:

Revelations in the incident of Christ's washing His disciples feet: Revelation of Love. Christ's love manifested its self humiliation. He was the head of that band in the upper room, yet he consented to do that which was most menial. What was the lesson to those disciples, and what is the lesson to us? Love dignifies any service. The greatness in the Eyes of God consists not only in devising, managing, executing great plans, but also in the conscientious performance of common place and often unappreciated work.

No. 2. Revelations of Christ's work. If I wash thee not, said Christ to Peter thou hast no part with Me. These words have been interpreted as showing the necessity of cleansing from sin. As such they touch all of us.

No. 3. Revelation of Our Duty. The cleansing of another's feet in those early times was a sign of humility. He today who genuinely exercises humility fulfills the Master's command. What is humility? It is not self-depreciation in the life of this incident. It is a putting aside of one's desires, ones convenience when there is a call to render
(Continued on Page Four)

SEVERAL ISSUES IN TUESDAY'S SESSION OF SUPERIOR COURT

John Bell, Colored, Sentenced to Six Months on County Roads for Selling Whiskey

Several cases were disposed of in yesterday's session of criminal term of Pitt county superior court, the most important case being the liquor charge against John Bell, colored, in which he was found guilty and sentenced to six months on the county roads. There were numerous other matters taken up, but the day was largely consumed in the return of true bills in a number of larceny actions. The afternoon session struck a snag in a case involving a long drawn out legal battle which will hardly be completed until after the noon hour today.

Judge Devin exerted every effort to expedite work, but this was impossible in one or two instances, although he met with great success at other times. The outcome of the day's work, although not so good as the day before might be counted above the average and strongly indicates splendid progress during the remainder of the week.

Eddie Carr, colored man charged with assault with deadly weapon and carrying concealed weapons was fined \$100 and costs for carrying concealed weapon and released upon payment of costs for assault with deadly weapon with provision that he appear before every term of court for a period of two years and answer to good behavior.

Lillie Webb, colored woman charged with vagrancy, was adjudged not guilty; John D. Cox, charged with embezzlement, was found not guilty; The case against W. H. McLean, charging him with embezzlement, was continued. Judgment was suspended in the case against Jot Perkins for violating the city ordinance; The case against Frank Johnson, charging him with carrying concealed weapon and assault with deadly weapon, was continued; Judgment was suspended upon payment of costs in the case against Walter Essons, charged with assault with deadly weapon.

True bills were returned in the following cases: Alex Boyd, Joe Green and Mathias Ward, larceny; Floyd Stokes, abandonment; L. W. Hardee, assault with deadly weapon; Alex Boyd, Joe Green and Mathias Boyd; Nathaniel May, assault with deadly weapon; James Little, larceny; Tilgham May, larceny.

REGISTRATION BOOKS TO BE AT WARREN'S DRUG CO.

On tomorrow morning registrar L. H. Bowling will carry the registration books to Warrens Drug Store, where he expects to remain until the closing date.

DR. CHASE TO SPEAK HERE FRIDAY, APRIL 29

Dr. Harry Woodburn Chase, president of the University of North Carolina will speak in Greenville under auspices of the local post of the American Legion Friday night, April 29. Immediately after the speaking a buffet dinner will be served at the Princeton hotel. The public is cordially invited to hear Dr. Chase who is considered one of the most forceful speakers of the state. His subject has not yet been announced, but it is expected it will be of a timely nature and interest to everyone.

PIANO RECITAL IN HIGH SCHOOL THURSDAY

The second piano recital to be given by the music department of the High School will be given tomorrow afternoon at 5 o'clock. A large audience will be appreciated. The parents are especially invited to be present.

TWO MARRIAGE LICENSES ISSUED HERE YESTERDAY

Two marriage licenses have been issued by the register of deeds since reports of yesterday afternoon: Sadie MacLawhorn to Lester Walls, both of Beaufort county.
Colored; Henry Blount to Gusty McLawhorn, both of the Winterville community.

WARM WEATHER IS GREAT MYSTERY TO WEATHER BUREAU

Causes Underlying Unusually Warm Weather of the Year Cannot be Comprehended by Prognosticators

Washington, April 20.—Causes underlying the unusually warm weather of early spring this year remains a mystery to Weather Bureau officials. But reports show, they say, that March was one of the warmest in history of the country, breaking all known records for high temperatures at some Weather Bureau stations in the East.

One contributing reason for the high March record, they stated was the succession of bright clear days, during a month when blustery winds, cloud storms usually prevail. But what caused this succession of bright clear days the Climatological Division is unable to determine.

One cause of usual cold March weather is said to be the sharp difference frequently prevailing in barometric pressure. This feature evidently was missing this season, although complete records had not as yet been compiled. Cold weather often resulted. It is said from a high barometric pressure in the colder regions of the north which created a 'hill' down which cold air poured like water running downhill, upon the United States.

During the winter of 1917-18, it was pointed out, air pressures were extremely high in Alaska, building up a 'hill' from which sliding winds from the snow fields, bringing one of America's coldest winters.

Vegetation this March advanced far beyond its usual growth and throughout the fruit regions of the middle west and south east a short freeze nipped many buds, causing what was thought at first to be disastrous damage of far reaching proportions. Later inspection of trees, however, it was reported, showed that the frost had not damaged fruit to such an appreciable extent.

VITAL QUESTIONS TO BE CONSIDERED IN CHAMBER MEET

Important Matters Affecting Business World to be Taken Up by Chamber of Commerce Soon

Atlantic City, N. J. April 20.—Many questions at present agitating the business world will come up for discussion at the ninth annual meeting of the Chamber of Commerce of the United States to be held in Atlantic City, April 27 to 29. A large attendance is expected.

The proposition to change the tariff will be considered in these phases: Should the tariff not be framed with due regard to export trade sales or the protection of manufacturing in the United States? Should the fact that the United States now is a creditor nation alter the American tariff policy with respect to protection? Should the United States tariff trading or bargaining possibilities for international commercial treaties to encourage export trade? Should the United States tariff be liberal in its provisions in view of the American desire for liberality of tariff on the part of other countries?

A resolution favoring the holding of an exposition in Philadelphia in 1926 to commemorate the 150th anniversary of American Independence with proper business, governmental and foreign support will be offered for adoption.

Other proposals that are expected to be acted upon by the convention are:
Preparations of Legislation calling for an aeronautical code and the necessary machinery for its enforcement.

HONEST BUSINESS MEN ARE HIGHLY PRIZED IN TURKEY

Men of Integrity More Greatly Valued Than Gold, According to Reports From District

Constantinople, April 20.—An honest business man who will keep his word in a trade is prized above fine gold in Turkey, for there is hardly a law now functioning in this distracted country. A man who breaks his word in business is never let into the inner circle of big traders for honesty is today at higher rating here than ever before.

One may steal or kill with a large limit of impunity. Some months since in Batum, an Englishman was put upon and in self defense killed a man. Frightened at its consequences, he began collecting evidence to show he had acted in self defense. After he had collected his evidence, he found no one was interested in the case, and also there was no one to whom he could submit it.

Constantinople is an importing and exporting center, the logical clearing house for the Levant, with much merchandise in transit or in bond. Americans have traded here in unprecedented numbers since the armistice, and some of them have lost money. Naturally they blame the local agents, the city, the conditions. According to Julian Gillespie, the United States commercial attache, there is often a good deal to be said on both sides.

Recently the correspondent met an American arriving here. 'I'm going to stay a few days to make some local firms pay for goods, said the American. So far our local agent hasn't succeeded. This is evidently your first time here; you'd better make that few days a few weeks, advised the correspondent. The American so far has spent two months, and he is still wrestling with conditions, one of which is that his local agent insists on opening his mail and private telegrams, and calling it a mistake.

AMERICAN PORTS RESTRICT FOREIGN SHIPMENTS HERE

Strict Enforcements of Law Causes Germans to Employ Greater Vigilance in Operations

Hamburg, April 20.—America's enforcement of stricter quarantine regulations to prevent vermin infested emigrants from carrying typhus into the ports of the United States has caused German shipping companies, operating from this port in connection with American lines, to use greater vigilance in the inspection and delousing of passengers.

The facilities are so good here for handling passengers and the disinfecting plants are so large and modern that German officials have found little difficulty in meeting the suggestions of American health officers.

The Hamburger-American line, which is cooperating with the United American lines, has had model emigrants hals since 1907 which are isolated in a section of the city across the Elbe. Arriving emigrants are first put in what is called the unclean section.

After the emigrants are examined and found to be healthy they are bathed, their clothing is disinfected and deloused, and they are then transferred to the clean section. Here they are examined twice daily by physicians until they sail to make sure that they carry no disease upon the ships.

MISS FLORENCE WALLACE TO SING AT AUTO SHOW

Do not fail to hear Miss Florence Wallace, one of the Nations most famous sopranos, sing in the Goldsboro Automobile Show, Friday evening, April 22nd.

WOMEN ECLIPSE FORMER RECORDS IN REGISTRATION

Twenty-seven Registered Yesterday Against 30 Men, Making the Average About the Same

Registration for the city primary continued at a normal pace yesterday except in case of the women when they broke all preceding records since the opening of the books by 27 registrations which swelled the grand total for the day to 57.

The Third Ward started things off in a lively way gaining 26 registrations against 12 in the Fourth Ward. Fourteen women were included in the number in the Third Ward which is the first time since opening of the books that the women have led the men. The Second Ward and Fifth Ward each had a total of seven registrations against five in the First Ward. Three of the five in this Ward were women, while the twelve in the Fourth Ward was equally divided between the sexes.

The total registration up to the present time totals 657, and it is expected today's activity will carry the total beyond the seven hundred mark. So far no new aldermanic candidates have placed their hats in the ring, and the only contest now certain is in the Fourth Ward where the present incumbent, B. F. Tyson is opposed by F. J. Forbes. The race for mayor continues to be of considerable interest, although no other candidate has pitched his hat in the ring.

As the primary draws nearer greater activity is noticeable, and there is every indication the race will be one of the most interesting in a number of years. Practically all aldermanic incumbents have announced their candidacy for re-election, and there is not likely to be any contest except that already noted.

The way registration is continuing at the present time it is probable the entire city voting strength will be registered by the closing of the books although it is hardly probable the women will show their full power. Registrar Bowling will go to the Warren Drug Company tomorrow where he will remain during the rest of the week.

GOLDSBORO AUTO SHOW IN PROGRESS THIS WEEK

Have you made your arrangements to visit the Goldsboro Automobile Show during this week? It opens Wednesday evening April 20th and runs thru and closes Saturday, April 23rd. The show this year is, without doubt the most elaborate attraction of its kind ever staged in Eastern Carolina.

MASONIC SCHOOL INSTRUCTION

Sharon Lodge No. 78 and Greenville Lodge No. 284 has engaged the services of Rev. J. W. Catton, Assistant Grand Lecturer of the Grand Lodge of N. C. to conduct a school of instruction for the two weeks beginning Monday, April 25th.

Three meetings a day will be held, 9 a. m., 3 p. m. and 7:30 a. m. The two lodges are giving their members an opportunity to protect themselves in the Masonic work as required by the Grand Lodge of N. C.

ANNOUNCEMENT

There will be a festival in the Gentry and Gorman warehouse, Friday evening at eight o'clock under the auspices of the Ladies of the Free Will Baptist church. The proceeds will be used to buy seats for the church. The public is cordially invited to attend.

DECORATION OF AUTOMOBILE SHOW ARE MARVELOUS

Critics have freely stated that the decorations and illuminations in the Goldsboro Automobile Show are marvellous. The Show will continue thru out the week, closing at Midnight; Saturday, April 23rd.

We offer security of savings and the practice of thrift.

Take advantage of this opportunity and buy shares in our 31st series now on sale.

FALKLAND COTTON AND TOBACCO MEN FAVOR NEW PLANS

Ninety-five Percent of Attendance at Meeting Last Night Signed Contracts for Co-operative Plan

SWAIN OPTIMISTIC FOR RESULTS OF CAMPAIGN DURING COMING WEEKS

Farmers Apparently Ready to Accept Plan that Promises Relief from Low Price Conditions

That Pitt county is going to take first rank in membership of the co-operative marketing association is the belief of members of the campaign committee who yesterday carried the sign-up drive through Arthur and Falkland districts, finishing the day's work with an enthusiastic mass meeting conducted in Falkland last night. It is estimated that the canvassing in Beaver Dam, township which has been in progress since Monday afternoon resulted in the signing up of at least eighty percent of cotton and tobacco growers of the district and that the total will register close to a hundred percent by the latter part of the week.

Members of the canvassing committee who returned to Greenville last night, stated this morning that the Falkland meeting was undoubtedly one of the most auspicious conducted in the county since opening of the drive several days ago. Both cotton and tobacco producers attended in large numbers, listened to the contract which was explained in a comprehensive way by J. B. Swain, one of the principal speakers sent out by the State Agricultural department. At close of the meeting ninety percent of those present signed the contract as quickly as possible and pledged unreserved assistance in an effort to get the other ten percent signed up by expiration of the campaign.

The address by Mr. Swain was one of the plainest expositions of facts ever before presented, and every man present was convinced that co-operative marketing is absolutely necessary if the farming industry is to still maintain its great place in the future of the country. He told of conditions prevailing among the fruit growers of California and Florida, showing that years before they became members of the co-operative marketing association they had accepted any price they could get and that now they are receiving a fair profit out of everything produced. The same situation prevails in other sections, he declared, and there is no reason why the plan should not prove as effective in this state as in others.

The plan is impartial in every sense of the word, Mr. Swain reiterated. It applies to the landlord and tenant. Both may enjoy the great benefits without contention, and they will be in better position to improve their crops knowing that fair profits will be demanded by the association controlling the major part of the crops. There is no longer any doubt about the advisability of the plan. It has been tried out to the general satisfaction of planters in many districts and ought to prove equally as beneficial to growers in North Carolina who for the past several months have been receiving prices far below cost of production.

'Cotton and tobacco growers of Le-noir county', A. W. Swain, director of the campaign committee, declared this morning 'made one of the best records of all nineteen counties so far worked in the interest of co-operative marketing. Approximately 85 percent signed during the two weeks campaign, and prominent members declared they would make it a hundred percent before stopping. This record ought to be bettered if not equalled in Pitt county, which is one of the greatest cotton and tobacco growing regions of the state. Indications of the last day or so have been very encouraging and there is every reason to believe the campaign will be one of the greatest in the country. That's what principal growers have told us, and they said it in a way that carried conviction.'

Wednesday, April 20th

Increased telephone rates may be all
right in other states, but they won't
find much sympathy in North Carolina.

The tariff measure may get through
congress, but so far as pleasing the
people goes, it's a mighty dead issue
in the beginning.

Greensboro is in the midst of a good
roads meeting at this particular time.
Any city ought to be proud of such
an affair as good roads are paramount
consideration at this particular time.

The Harding administration follows
the advice of President Wilson in the
Yap matter. He might profit by fol-
lowing other principal enunciated by
the illustrious leader of the Democratic
party.

The United States has informed
South American countries that war
will not be tolerated. That's handling
the situation in a mighty plain way,
but probably it will pay in the long
run.

If the farmer only gets a cents out
of every dollar for his product, where
in the world does the other ninety
cents go? The question is a mighty dif-
ficult one, but probably the middlemen
might be able to throw some light on
the matter.

Daniel's story about the war seems
to be creating much interest among
people who like a little 'inside dope'
on the war. The nature is a mighty
interesting one and deserves to be read
by every person of the state capable of
reading.

The health campaign ought to be
seriously considered by people of Green-
ville at this time. The town has an
anti-fly campaign at present
which, combined with swat the fly
movement, ought to be instrumental in
creating much better conditions. Sanita-
tion is one of the first laws of nature,
but no law holds good unless the pub-
lic supports it. So, get busy and do
your part now while you think of it.

Secretary of State Hughes seems to
favor the way President Wilson hand-
led affairs of the nation, and is fol-
lowing in the pathway blazed by him,
so far as this becomes possible. The
spirit is mighty commendable, and goes
to show the secretary is more appreci-
ative and broad minded than most
people have given him credit for.

The big slump in foreign trade re-
ported from various sections of the
country is not very gratifying, of course,
but there are very few who will let it
discourage them. Europe is in no po-
sition for extensive purchasing just at
this time, but that doesn't mean she
will always be like that. The future
has many changes in store and the
man who keeps pegging away will be
the one to realize them.

Law and order forces seem to be
lining up in a determined way in vari-
ous parts of the state, and indications
point to a great decrease in the wave
of crime which has been sweeping over
the territory for the past several
months. The serious unemployment
situation won't help things very much,
but the prospect of better industrial
conditions will eliminate much idleness
and keep the workman out of many
bad scrapes.

The entrance of two aldermanic can-
didates in the Greenville primary has
revived interest in municipal affairs
somewhat and may be the cause of one
of the greatest elections in many years.
It is very important that people regis-
ter, for they are assured of the privi-
lege of voting for the best interests
of the town. If you haven't registered
get busy and do so at once.

The way Pitt county farmers are
rallying behind the co-operative mar-
keting association suggests succes equal-
ly as great as that in nineteen other
counties which have already been work-
ed. Lenoir county went over the top
by 95 percent majority. The record is
a splendid one, and shows beyond doubt
that the planters are tired of the old
marketing plan.

Greenville people might find it to
their advantage to get busy immediat-
ly and do their part by the clean-up
campaign to be inaugurated at an
early date. The chamber of commerce
has done its part in an advertising
way, and if the people rally as they
should the campaign ought to be one
of the most successful of any other city
in the state.

The fact that a big slump in foreign
trade has taken place is reason enough

for the American farmer to consider
reduction of acreage this year. This
is the only direct way of relieving the
present congested market, and if the
warning isn't heeded the future will
be filled with conditions more serious
by far than those of the past and pres-
ent.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver, trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad salts is inexpensive and cannot impure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Greenville Drug Company, special agent.

Winsome Ethel Clayton in

"THE PRICE OF POSSESSION"

All her life she had been a nobody, yearning for home and children—and beautiful things she could not have—

Then came her chance to be mistress of one of the finest estates in England—

Miss Clayton has a splendid supporting cast.

Not the newest wrinkle

THERE'S nothing new about Piedmonts. They're old-timers. Sure.

But somehow or other these "new-fangled" cigarettes don't taste as good as Piedmonts.

They haven't the character, nor the lively, appetizing flavor that Carolina-Virginia tobacco gives to Piedmonts.

There never was a tobacco quite so good for cigarettes as Carolina-Virginia. And that's why Piedmonts haven't changed.

Liggett & Myers Tobacco Co.

Piedmont CIGARETTES

Air-Tight Tins of 50
Ask your dealer to show you the new vacuum-sealed tins of 50 Piedmonts. A compact, convenient and absolutely AIR-TIGHT packing—the cigarettes keep fresh indefinitely.

THE ALBEMARLE PRESBYTERY HOLDS SESSION IN CITY

(Continued from page 1)
a needed service. It is a remembrance that others have a claim upon us. Humility is the way to honor, 'Pride goeth before destruction and a haughty spirit before a fall.'

The greatest promises of good are made to the humble. 'The Lord lifteth up the meek. Blessed are the meek for they shall inherit the earth. These blessings are the products of universal laws, as eternal as the hills. Another way of putting the matter is this: Whatsoever a man soweth, that shall he also reap.'

No. 4. Revelation of the secret of happiness. 'If ye wuow these things happy be ye who do them. Happiness be experienced through the performance of known duty. These words are a strong appeal for christian activity. The world is watching the christian more closely than ever before. It ask not what, as your religion teach but what does it produce. If we let men see that as a result of Christ's love for us there is love in our hearts broad enough to take the wide world in our embrace, that we are happy in our conviction of forgiveness that we think so much of our religion that we are willing to endure mockery and suffering to give it to others, then I believe we shall command the highest respect and possess the key to their hearts

NOTICE

I wish to announce to my many friends and patrons that I have returned here for the purpose of practicing dentistry, and am located in the National Bank Building.

GOOD RESULTS ARE LASTING HE SAYS

Three Years Ago Danville Farmer Was Completely Run Down From Grippe. Two Bottles of Dreco Put Him In Fine Condition. Dreco Now Sells for the Old Price

It is strange that so many people will go on suffering when relief is so close. If they would only read and believe the experiences of others who obtain relief from suffering just like their own, life would be much happier. To those who are constipated, nervous, bilious, have gas in the stomach and back ache the advice is given to get Dreco today and get relief like this person did, who says:

About three years ago I had a pretty bad spell of grippe and was unable to get rid of it until I hit on Dreco, said Mr. J. F. Vaughn, a well known farmer of Danville, Va., Dreco took the ache out of my bones, renewed my strength, gave me a good, healthy appetite and produced sound refreshing sleep. And the best part of it is that I've never had any trouble since.

Before taking Dreco I was often troubled with constipation and biliousness and frequently had dizzy spells but now my bowels move like clock work and my food digests well. I don't think there is anything better than to have your vital organs in good condition and I feel that I can't praise Dreco enough.

Dreco is being specially introduced in Greenville by the Warren Drug Company and sold by all druggists.

Gives Tanlac Credit For Splendid Health

T. J. PARKER
4246 Juneau Street, Seattle, Wash.

I used to think all the Tanlac testimonials were exaggerated, but I have felt thankful a thousand times I ever believed in it strong enough to give the medicine a trial, said T. J. Parker, well-known salesman for Gately's Clothing Store, residing at 4246 Juneau St., Seattle Wash.
Several years ago I commenced having periodic spells of sickness and a few months ago I had an attack that I thought would finish me. When I did finally get up, I was scarcely able to go. I had no appetite and what little I forced myself to eat caused so much gas on my stomach I could hardly get my breath.
At night I was often so bloated I couldn't breathe while lying down and just had to sit up and struggle for air. At times I had cramps so bad I could hardly endure it.
My liver was sluggish and sometimes I got so dizzy I would nearly fall. I felt tired and miserable all the time, couldn't even sleep and for days at a time I wasn't able to go to work. Well, a friend of mine finally got me to try Tanlac, and it certainly has done a good job for me. My appetite is fine now and although I am eating just anything I want and as much as I please, my stomach never gives me the least trouble. I have picked up weight, my strength has come back to me, and now am enjoying the best of health.
All the men at the store know Tanlac put me back on my feet, and I am glad to give this statement for what it may be worth to others.
