

HALF MILLION TO BE PAID HOLDERS LIBERTY BONDS

Enthusiasm Interest to be Released in North Carolina Government During the Month

This afternoon's report in the membership campaign for the Pitt county chamber of commerce brought the totals for all divisions to 237. Tegans in Greenville accomplished even more than was expected of them and R. L. Crow, chairman of the teams committee, thanked all workers for their efforts.

Today's luncheon at the Rotary club was the final one in the campaign. Mr. Crow explained that it could not be expected to keep the teams intact any longer, especially since they had accomplished so successfully their tasks.

Interests amounting to more than \$500,000 will be payable May 15 to holders of Liberty Bonds of the Second Issue bought through North Carolina banks and trust companies it was learned in this city yesterday.

The four per cent bonds of the First and Second Liberty Loans which were issued in temporary forms have no coupons attached for interest, payable after December 15, 1919, for the first loan and November 15, 1919, for the second loan.

In this Federal reserve district the interest payable May 15 on the Second Liberty loan will be in excess of \$4,000,000 and a treasury department statement suggests that as much of this money as practicable be reinvested in government securities.

INTERESTING PROGRAM TO BE PRESENTED AT THE MEMORIAL BAPTIST

A program of more than ordinary interest will be rendered by the B. Y. P. U. of the Memorial Baptist church Sunday night. The regular 8 o'clock hour of Rev. L. W. Smith, the pastor, will be in charge of the Senior B. Y. P. U.

A play, "The Trial of the Robbers," will be rendered on this occasion. This program has been carried out by a large number of B. Y. P. U.'s throughout the South to the delight and profit of all.

The following is a list of the characters: Defendants: John Rich—Julian White, Mary Stings—Ernestine Forbes, Judge: W. T. Lipscomb, Jr., Solicitor: Frank Patrick, Defendants Attorney: Richard Gorman, Clerk: Will Whedbee, Sheriff: J. B. Kittrell, Witnesses: Mr. Colgate—H. L. Smith, John Ross—Mr. Brantley, Mrs. Brown—Miss Gladys Bagwell, Mr. Non-Tither—S. N. Graham, Twelve Jurors: Misses Ward Moore, Emily Little, Tessie Beppard, Annie L. Savage, Rubelle Forbes, Miss Martin, Miss Morgan, Mrs. Moss, Kenneth Menefee, Louis Gavin, Cecil Cobb, Mr. Carson.

COMING OF SAPIRO CREATES INTEREST IN EVERY SECTION

Reports From Various Communities Indicate Large Crowds Will be Present During Occasion

The coming of Aaron Sapiro to Greenville Thursday, May 19th, is being received with the greatest interest throughout every section of eastern North Carolina and it is probable one of the largest crowds in many years will be here to hear the distinguished Californian discuss principal issues of the co-operative marketing association.

Mr. W. B. Pace, farm demonstration agent of Pitt county, stated this morning that he had received numerous inquiries concerning Mr. Sapiro and believes his coming will be the greatest stimulus the movement has received since being instituted in North Carolina.

Dr. Joyner and Mr. Pace received a hearty welcome in Farmville yesterday and were very much encouraged by the optimistic spirit prevailing among prominent business men and growers of the district. They came in contact with many persons during the day, and in practically every instance found that the marketing movement was of vital consideration.

News reports from Ayden, Kingston, Grifton, Washington, Bethel, Snow Hill and other large farming towns of this section are to the effect that delegations headed by county agents are formulating plans for visiting Greenville the day Mr. Sapiro is here. They plan to make the trip by automobile, which will give them more time to sound public sentiment before and after the meeting which is to be conducted in the court house.

Mr. Pace is making arrangements for a big time and a full program, and every moment before and after the speaking will be filled with entertainment of some kind of interest to the visitors. A band will be secured from some of the surrounding towns, and plenty of lively music with numerous other things will make the day one long to be remembered.

MEDICAL SOCIETY IN SESSION HERE THURSDAY NIGHT

Numbers of Interesting Matters Taken Up for Consideration at the Health Department

The Pitt county medical association met in regular monthly session at offices of the department of health last night, and after disposing of the usual routine of business and listening to a couple of interesting talks, enjoyed a spread of sandwiches and soft drinks. The attendance was about the average, every one present exhibiting much interest throughout the entire meeting.

Dr. K. P. Pace presided over the meeting with Dr. C. P. Chester acting as secretary. After the general run of business had been definitely disposed of, Dr. C. O'H. Laughlinhouse told of the meeting of the medical association recently conducted at Pinchburg. He said the occasion proved one of the most favorable in many years and resulted in the benefit of many young members of the profession.

Dr. Joe Smith read a paper containing a general discussion of the renal tract and esica. He presented x-ray pictures depicting insipient stages of the infection and a number of points of interest to his hearers. The meeting was concluded with the serving of sandwiches and soft drinks, which was one of the most pleasing parts of the social program. The regular monthly meetings of the association are growing in interest and prove much benefit to doctors throughout the entire county.

AYDEN SCHOOLS TO CLOSE FOLLOWING SUCCESSFUL TERM

Review of Other Happenings in Greenville and Pitt County

AYDEN SCHOOLS TO CLOSE FOLLOWING GOOD PROGRAM

Reports received from Ayden this morning stated that the Ayden Graded Schools will close the year's work Wednesday, May 25th, with a commencement play entitled "The Average Man". The commencement address will be delivered by Dr. Edgar W. Knight head of the department of rural education at the State college. The entire commencement program contains numbers of interesting features, and indications point to one of the most brilliant closings in a number of years. The Ayden schools have made remarkable progress under the superintendency of Prof. W. B. Covington during the session which is attested by the number of graduates. The music recital also promises to be a pleasing feature owing to the number of pupils to render selections during the commencement.

AYDEN OFFICERS CAPTURE TWO MONKEY RUM STILLS

Officers S. A. Whitehurst and Church Moore captured three big monkey rum stills in the vicinity of Ayden during this week. The outfits were not in operation when captured and many different parts were found scattered around in the fields and woods. Both were located in the vicinity of Venters Cross Roads, being of the usual type employed in the making of illicit whiskey.

Pleased With Outlook

Mr. W. B. Pace, farm demonstration agent of Pitt county, who yesterday accompanied Dr. J. Y. Joyner to Farmville in the interest of the co-operative marketing association, has returned to his home in this city, reporting a splendid outlook for success of the new movement in the vicinity in which he visited. He says Dr. Joyner was more than pleased with the interest prevailing among prominent business men and planters, and is of the opinion that it will meet with great success.

WORK CONTINUING NICELY ON HARD SURFACE ROADS

Work is progressing nicely on the hard surface road between this city and Farmville and will be completed in the course of the next several months. The road to the Lenoir county line is also receiving much attention, but will not be completed as early as the Farmville highway. The Farmville road has already been completed as far as Ballard's Cross roads from Greenville and will be connected up by the force now working from the Farmville end.

Splendid Collections

It was stated in the columns of this paper Tuesday that the collection of taxes in Pitt was better this year than in any other section of the State and that only about five thousand dollars worth of property would be sold for delinquent taxes. Since that time this amount has been cut down exceedingly and it is probable the amount will be reduced to about two thousand dollars later on. This is an excellent showing and Pitt county is to be congratulated.

Cross Bats Today

Sunday school classes of the Immanuel Baptist church and the Jarvis Memorial Methodist are scheduled to play their first game of baseball at the fair grounds this afternoon at 4 o'clock. The game promises to be one of the most interesting of the season as much rivalry exists between the two classes. Dr. J. B. Turner, pastor of the Immanuel Baptist church will do the mound work for the Baptists while Willis Flemming will appear for the Methodists. Both are old at the game and promise an interesting exhibition. All Sunday schools of the city are planning to put out a team this year and something interesting is promised.

NUMBER OF THINGS HAPPENING HERE AND THERE IN CITY

Compilation of Small Happenings Gleaned by Local Reporter Today

Tells of Municipal Meeting

Mayor D. M. Clark, who has just returned from Raleigh where he attended an executive session of the Municipal association, reports a pleasant trip and considerable interest in the proposed legislation. He says no definite decision was reached, and that the matter will be turned over to superior courts to test its validity. The principal issues involved in the bill are purely technical, but are of such a character that much time will necessarily be consumed before it is completed. Many representatives from various cities of the state were present, and discussions were lively throughout the entire meeting.

New Bookkeeping System

Messrs. W. A. Thayer and J. D. Brownley, representing the W. P. Hilton company of Norfolk, have been in the city several days engaged in putting in a new bookkeeping system in the office of the county auditor. The system is one that has been needed for many years and is being worked out especially with view to meet the county's needs. It will enable Auditor N. W. Jackson to present the commission with a monthly statement of financial conditions every month of the year, and also facilitate records of every department. The task is an enormous one, but will be completed within the next several days.

Mexican Laborer Recovers

Luis Mora, the Mexican laborer who was injured while inspecting a mixing machine at the good roads camp the early part of the week, is getting along nicely, and probably will be able to leave the Smith-Skinner emergency hospital today or tomorrow. An examination of his wounds revealed a severe gash in the back of the head, which with the wound under the left eye and sprained ankle constituted his injuries.

Mayor Makes Request

Mayor D. M. Clark this morning issued a statement requesting people not to place refuse on main streets of the city, as it has proved a serious obstruction to the new street sweeper recently purchased at a great outlay of money. Trash containers have been provided for the convenience of business houses in every part of the city, and it is asked that they be used more extensively. The sweeper operates more rapidly than the old one and operatives as a consequence have as much as they can do in clearing away the ordinary accumulation of refuse without coming in contact with large piles. The mayor also requests that chickens and dogs not be allowed to rove around on the streets. They prove annoying to neighbors and are subject to impounding if caught by authorities.

MEETINGS POSTPONED

The childrens department of fine arts will not meet with Mrs. A. M. Moseley Saturday afternoon. These meetings will be indefinitely postponed on account of whooping cough.

PREPARING FOR LEAGUE

Nothing new has developed in the baseball situation in Greenville within the last few hours, but reports from other cities indicate that clubs are busy raising funds for a successful season, so far as finances are concerned. Four clubs are to compose the league. They are Greenville, Kingston, Washington and New Bern. It has not been decided when the season will open, but this matter will be taken up at a meeting to be conducted in this city at an early date. New Bern is "roaring to go", according to information from that city, and people who at first opposed a berth in the league, are doing the greatest part for placing a winning club in the field.

WOMEN DISPLAY GREAT INTEREST IN CHAMBER DRIVE

Eight Civic Spirited Women Included in Membership of Expansion Drive of Chamber

Eight civic spirited women of Greenville—the pioneers in the effort to attain better things by collective endeavor—have joined the Pitt county chamber of commerce. Practically all of them are working to interest other women of the city so that the fair sex will have a voice when it comes time to decide what projects the chamber should undertake and back until accomplished.

These ladies are Mrs. G. B. W. Hadley, Mrs. C. L. Porter, Mrs. J. Key Brown, Mrs. T. E. Hooker, Mrs. J. F. Lee, Mrs. H. S. Ragsdale, Mrs. J. E. Winslow and Mrs. Ollie Clark, head of the Greenville Publishing company. Mrs. Winslow, Mrs. Porter and Mrs. Hooker are officers of teams in the Woman's division and today are working with members of their respective teams to take to other ladies the invitation to join this organization.

Mrs. Ragsdale is chairman of the Woman's committee. It was an inspiration yesterday to the men and youths of Greenville when, in thanking the high school students for their display of interest in the movement to better Pitt county, Mrs. Ragsdale assured them that the women of this community would work towards the higher ideals of citizenship and that those young men could rest assured everything possible would be done to give the rising generation reason to wish to remain in Pitt county.

The following new memberships were reported yesterday: W. H. Allen, Wiley Brown, L. A. Claylor, A. H. Critcher, Dr. Paul Fitzgerald, Greenville Electrical Supply Co., Mrs. G. B. W. Hadley, Chas. O'H. Horne, R. L. Humber, O. L. Joyner, J. J. Laughlinhouse, J. G. Lautner, Mrs. C. L. Porter, J. H. Rose, W. H. Smith, J. S. Williams and C. W. Wilson.

OUTLINE PLANS TO REBUILD BRIDGE AT CONTENTNEA CR'K

Commissioners of Green, Lenoir and Pitt in Session at Edwards' Bridge Wednesday

The commissioners of Greene, Lenoir and Pitt counties, together with about one hundred representative citizens of the three counties met Wednesday, May 11th, at Henry G. Stokes' home near Edwards' Bridge, to discuss the question of replacing the wooden structure now across Contentnea creek, with something more permanent and in keeping with the improvements being made in road and bridge construction now under way in other sections of the three counties.

Edwards' bridge is one of the oldest and most important bridges across Contentnea creek; the first being built long years ago before the Civil War and connects Greene and Lenoir near the line of Pitt.

After some discussion it was decided that the commissioners of Lenoir county advertise on the first Monday in June for bids on two types of bridges; first, all steel, second, concrete bridge with steel draw, and award contracts on Tuesday after the first Monday in July.

Mr. Stokes was host, and knowing that a good dinner was indispensable to the success of the occasion, prepared a sumptuous feast.

CROWDS PRESENT AT ART EXHIBITS HERE YESTERDAY

Delightful Social Hour Also Included in Exhibits Conducted at the Model School Last Night

The crowd that gathered at the Model School last night had a delightful social hour before examining the pictures. Misses Lewis and Martin, the two drawing teachers in town, and Pres. and Mrs. Wright were with Miss McFadyen at the door to welcome the guests. Misses Beaman and Ross collected the tickets. The guests were conducted to the various rooms and contests and games were going on in many places at the same time.

In the first grade room the guests were confronted with a receiving line, each one in the line holding a placard which commanded, in rhyme, the guest to do a certain thing before he could pass on, as, "If you don't want to scowp, Hop, Hop, Hop."

In this room a human spelling match was held. Each person wore a letter pinned on his back; as a word was called each side assembled the letters of the word and the one that completed the word first was the winner. When the word "Hippopotamus" was given out one letter had slipped off into another room and this caused his side to lose out.

In the room across the hall Miss Taylor, of the third grade and Miss Coble of the fifth, combined forces. As the guests entered, the name of a bird was pinned on each man and that of a flower on each woman. A spelling match in this room was to match sides in spelling birds and flowers backwards. Mr. Rogers won in the contest on observation; in this number of things were placed on a desk and the one who could recall the greatest number he saw at the one glance he was allowed to take the prize. Mr. Rogers won. There was a drawing match between the men and women.

Up stairs in Miss Wyman's room a spider web was made across one end of the room. Each guest found a conundrum at the end of his thread. Mrs. Everett won the prize for guessing the most of these. A "Sings" contest in this room was interesting. Miss Alice Wilson won this one. The cracker-eating relay race caused lots of fun.

The contests in Miss Goggin's room were the same as those in the first. In Miss McClelland's room a spelling backwards match was the chief feature. The lights went out in the third grade, therefore Miss Coble's guests went into the first grade. A magic-erie consisting of an elephant, a mule, a giraffe and other animals roamed around the building. The boys were very cleverly dressed up for these parts.

After the fun, the people enjoyed the pictures. The exhibit will continue during today and this evening. At 8 o'clock tonight the teachers will be there again to receive and sing, will be the chief feature of the entertainment. Those who were there last night will be admitted for a dime. The admission for those who have not attended before will be twenty five cents.

LADIES AID SOCIETY TO MEET MONDAY AFTERNOON

The Ladies Aid Society of the Christian church will meet Monday afternoon at 3:30 o'clock with Mrs. Z. V. Murphy.

DANCE AT AMUZU PARK TONIGHT

There will be a dance tonight at Amuzu park. There will also be good music and the usual number of entertaining features.

Friday, May 12, 1921

Those who voted in a change of government will get it, in fact, this is already being felt, particularly in the postoffices and other places.

The emergency tariff bill has been rushed through the senate, therefore, it is natural to expect almost anything to happen during the remainder of the session.

It may have been too cold for flies to poster us during the past few days, but now that things are warming up people had better get busy and wait at every opportunity. The mosquito, too, will be present to furnish worries, so it seems wise to screw up every opening possible within the next several days, or if not now.

It is said the acceptance by the United States of the invitation to become a member of the supreme council has strengthened the allies' position materially during the past few days, and it is safe to say they feel gratified. This action should have been taken many months ago but as in all measures the United States favors deferment.

The proposal to create a welfare department is destined to meet with much opposition in the United States Senate and unless things change its defeat is certain. These organizations in counties and cities have been instrumental in much public good in the past and it is certain a national organization would accomplish many things of benefit to the government. The project ought to be considered from every angle before being entirely abandoned, for it is unquestionably certain its many virtues are bound to appeal to the broad-minded.

SAVING CHINA'S STARVING

News comes of great success in saving the starving in China. The mildest winter for years has aided the money given to bring a large return. An estimation by workers in China places the number saved at seven and one half million. In giving out this news, attention is called to the fact that this about equals the number killed in the world war. And it is an accomplished fact.

Reports from all over the great area where relief is going on show that this awful catastrophe has awakened sleeping China as probably nothing but revolution ever did before. Revolution in 1911 awakened China to government, famine in 1921 awakened her to brotherhood. Each dollar we spent in food not only has fed, but has inspired China to raise another dollar to help herself. In the appeals made in January, attention was called to how far \$5.00 went when it saved a human life. Looking at what \$5.00 did, we now see that first of all it "gained other five talents" in inspiring the Chinese themselves to give. Out of their poverty they, hardly born to Christian ideals, yet matched us dollar for dollar in a charity. The new found principle of brotherhood bloomed as a flower of the morning unfolds. This is what your dollar brought about.

Urgent cables come now for more help and at once. Relief funds are being exhausted. Five million more lives have to be cared for beyond what have already been saved. The American committee, seeing this, assumed responsibility of saving these five million more! That means \$1,800,000 a life and death matter to them. They have not that much and are doomed unless we help them.

Seeing the situation the State committee assumed responsibility for their quota of 100,000 and now lay these 100,000 lives at the doors of the good hearted people of North Carolina. It is really like the story the Master told, "Lazarus at the rich man's gate for crumbs from his table". Relative to their poverty you are the rich man, \$1.80 is really a crumb from your expense account. That crumb mean life. Will you, a citizen of the state, entrusted with these hundred thousand lives, do your part; now, even though you have helped before. We beg of you to hurry the contribution for the one you will save, giving it in at your bank, church, or send to E. B. Crow, Treasurer, Raleigh, N. C.

The chamber of commerce membership drive seems to be meeting with pleasing success in Greenville, although reports indicate that other towns are not responding as they should. It ought not to be this way, as the organization is of vital concern to every person residing in the country and certainly ought to appeal to people in Ayden, Farmville and other towns as well as Greenville. Other sections of the county have realized the good results to be obtained through such a medium and the way they have responded assures appreciable development in the days to come.

Students from the Greenville high school believe in the virtues of a chamber of commerce. They expressed this fact in an interesting way before the canvassing committee yesterday. This ought to be inspirational to business men and cause them to do their part by one of the most influential institutions of the county. There is much public work to be done, and with the chamber of commerce functioning as it should, this ought to be completed to the general satisfaction of every one.

New Bern has a last decided to accept a berth in the Eastern Carolina League, according to reliable information reaching this city, therefore it is natural to expect to see things lively in this neck of the woods in a short while. Four towns will constitute the league this season, and as each is large enough to furnish adequate financial support it is natural to expect some mighty entertaining ball throughout the entire season. Greenville people believe in good, clean ball, and that's what they mean to have this year if she receives the cooperation of other towns, and it is certain she will.

Germany at last has unconditionally accepted terms laid down in the ultimatum of the Allies. This information will be received with gratification throughout every section of the country, as it has been a matter of considerable uncertainty even in nations not affected. The bill may seem rather large to Germany, but if she will just consider what the war cost the world, it's a measly sum after all.

The new Spring clothes are such a temptation to every woman who loves pretty things—and sometimes she cannot afford quite all she wants. So we are suggesting a real economy—a corset which is dependable in style and fit and which gives wonderful service in long wear.

The prices of Warrier's are not only unusually low, but they are even lower when you consider how long one of these corsets will last and that it can be washed again and again to be just as good as new. We are showing plenty of styles from which to select your model.

LOUISVILLE MAN

GAINS 25 POUNDS

Five Years' Trouble Had Weakened Him So He Could Work But Very Little—Trouble Ended

"If there was ever a time in my life when I felt better than I do now I don't remember when it was," said Michel McCrone of 541 South Clay street, Louisville, Ky.

"I have not only gotten rid of stomach trouble and catarrh of the head that made life miserable for five years, but I actually weigh twenty-three pounds more than I did the day I began taking Tanlac. I could not eat anything but very light food but what gas would form and keep me feeling sick at the stomach for hours I had the worst sort of pains in my left side, and at night the catarrh gave me so much trouble I could get but very little rest. I lost thirty pounds in weight and had very little strength and had to stay home from work for days at a time.

"After I had finished my third bottle of Tanlac I was feeling like a brand new man. My catarrh was gone, my head felt clear, my stomach stopped troubling me and I could lie down at night and sleep like a child. I can now eat anything I want and never feel a touch of indigestion. The fact is I have never felt better in my life than I do right now."

Prof. Sawyer Here
Prof. J. E. Sawyer of the Ayden Free Will Baptist Theological seminary, was numbered among business visitors in the city this morning. The Ayden school is making preparations for several enlargements, it is understood, and when completed, will be one of the most up to date denominational schools throughout this section of the State. Mr. Sawyer has been connected with it for a number of years, and has accomplished considerable good among young ministers graduating from the school.

BRIDGE CLUB

Miss Mary Warren was hostess to her bridge club last evening at her home on Evans street. Tables for the games were arranged in the parlor and many progressions were enjoyed. The table prizes were corsages of sweet peas. A salad course was served.

ANNOUNCE ENGAGEMENT

Beaufort, May 12.—Mrs. W. E. Skarren was hostess Tuesday afternoon at a delightful party in honor of her daughter, Lillie Belle, the occasion being the announcement of the engagement and approaching marriage of Miss Skarren to Mr. David Morgan De Noyer, of Greenville N. C.

On arrival Miss Annie Neal Jones presented the guests with a miniature corsage of sweet peas in which was buried a dainty heart revealing the long kept secret. "I. I. S. D. M. D., June 15th, 1921."

Two tables were arranged for bridge in the library in the dining room. There were two of each. The guest lace was carried out in the bridal idea. The high score prize was won by Mrs. Chas. Skarren.

At the close of the game a delicious ice course was served in which the color scheme pink and green was carried out.

Mr. De Noyer is manager of the Western Union Telegraph office in Greenville.

NOTICE

Beginning this week I will inspect all back yards and lots in the town of Greenville in interest of the malaria campaign which is now being waged in this section for the eradication of the mosquito. I take this method of asking everyone to co-operate with me in the campaign so it can be the greatest success which we anticipate.

J. G. Bowling, Jr.
