GREENVILLE, NORTH CAROLINA, TUESDAY AFTERNOON, MAY 17, 1921

Number 132

GREENVILLE READY FOR PARTICIPATION CAROLINA LEAGUE

Meeting Last Night Resulted in Election of Officers and Raising Funds for Club

Definite arrangements for participation of Greenville in the Eastern Carolina league were outlined at a meeting of baseball enthusiasts conducted in rooms of the chamber of commerce last night. The meeting featured largely in the election of permanent officials to preside over the organization, the election of an executive committee, soliciting funds and several other matters having a direct bearing upon the success of the club during the approaching season.

Much interest centered around the election of officers and the executive board, and after mature deliberation Albion Dunn was chosen president of the organization; J. C. Lanier, secretary; H. S. Ragsdale, treasurer; Guy Smith, manager, and T. T. Hollingsworth, manager of the club last year, assistant manager. The executive board is composed of W. Z. Morton, D. D. Overton, W. S. Moye, M. K. Blount and Albion Dunn.

The executive board is to be invested in power of an arbitrary nature. It will have direct control over the entire club, and instruct the manager as to what action to take in every matter of any importance to occur from time to time. Its members will also look after the financial situation and from time to time formulate plans to prevent any money stringency which might necessarily hamper activities of the club at any time during the season.

Considerable interest prevailed throughout the entire meeting, and consequently when soliciting of funds began there were numbers ready to give. Contributions ranged anywhere from twenty five to fifty dollars, and when the total amount was called for it was found approximately \$1500 had been raised. It was one time thought that stock would be sold and papers of incorporation applied for, but this idea was discouraged by contributors last night, who stated that what they gave was given freely and no return was anticipated.

This met with general approval, and as a consequence the club will be conducted principally by what funds are available from public sources and receipts derived from gates after the season begins. The largest contributors are satisfied with what they have given and are of the opinion the sum raised last night and at a meeting conducted several days ago ought to be sufficient with what committees obtain in and about the city today.

It was believed that training should begin at the earliest date possible, and consequently the executive board went into session immediately following the mass meeting, taking such steps as deemed advisable along this line. Messrs. Con Lanier and Guy Smith were instructed to leave Greenville this morning to hire the players, and have them report for service about June 1st. They will visit in many parts of the State and it is quite probable they may be forced to go to other States before the canvass is completed.

It is believed these plans are sufficient for success of the season, and the only thing remaining open now is securing players and additional funds. Committees will begin an intensive campaign immediately, and it is certain everything will be in readiness by opening of the season June 9th.

Mr. H. M. Jenkins of Washington was numbered among business visitors in Greenville yesterday afternoon.

Mr. O. G. Dunn of New Bern was in Greenville yesterday on business.

Mr. O. M. Marshburn of Rocky Mount was in the city a short while yesterday afternoon.

ROAD SENTENCES AGAIN FEATURE IN PITT COUNTY COURT

Judge Cooper Deals Out Road Sentences Right and Left in Regular Monday Session

There were only one or two important matters coming up for consideration in yesterday's session of county court, and as a consequence the session was concluded shortly after the noon hour. Judge Cooper dealt out justice in his usual way, succeeding in carrying terror into the hearts of every defendant appearing before him.

George Buck, white man, charged with cruelty to animals, was found guilty of the charge. He pleaded not guilty, but facts were so strong against him that Judge Cooper sentenced him to six months on the county roads at hard labor. The judgment later, however, was amended and provides that the defendant pay the cost of action and deliver all the mistreated animals to Sheriff Dudley to be sold for the purpose of paying the cost of action. Judge Cooper also stipulated that he is not to own any other horses until he becomes able to feed them. Judgment being suspended for a period of two years to see if the injunction is carried out.

John Scott, colored man, charged with assault with deadly weapon, was sentenced to three months on the county roads at hard labor. Attorneys for the defense appealed to superior court, bond being fixed at \$300 for his appearance at the next term of court.

These cases practically constituted the entire day's proceedings with the exception of two or three minor issues and compromises. There were a number of matters continued until the next term of county court with jury on request of legal representatives, and as a consequence the day's work was considerably lighter than in many weeks.

Judge Cooper says he means to put an end to so much lawlessness throughout the county, and if severe indictments and long sentences will bring this about the next several months will see effects of his work. County court catches practically all minor issues, but the volume has been decreased to an appreciable extent since Judge Cooper found it advisable to increase road forces in such an unmistakable manner.

Red Oak Sunday School Progressing

Just two months ago last Sunday we organized a union Sunday school at Red Oak church with sixty members. Today we have an enrollment of one hundred twenty six with ninety three present last Sunday.

The Bible class has fifty members, taught by Mr. Oscar F. Parker, assisted by Mr. R. S. Allen.

Class number two boasts a membership of twenty five. They call themselves the "Happy Sunbeam class" and have as their motto "Do unto others as you would have them do unto you". Miss Lila May Forbes is president and Patrick Valnright is secretary and treasurer.

The intermediate class is taught by Miss Ella May and has seventy two members.

The primary class has nineteen members, and is taught by Mrs. James Allen.

We missed those who were not with us last Sunday and especially Mr. J. R. Allen who hasn't been with us for sometime. We all hope that he can be with us again soon.

Next Sunday we are going to begin Sunday school at 9:30 and we have services at eleven o'clock by the pastor, Mr. Saunders.

Everybody is extended a cordial invitation to Sunday school and to church, also.

Reported by Mrs. Leon Tyson, secretary and treasurer.

DICIE HOWELL TO SING IN THIS CITY MONDAY JUNE 6

Noted New York Soprano to Sing at Training School; Other News of City and County

The alumnae association is busy making plans and distributing advertising matter for the Dicie Howell recital which will take place at the E. C. T. S. Monday night, June 6th. Miss Howell, soprano, a native North Carolinian, but who now resides in New York, has established a world wide reputation as a singer, and the alumnae consider it quite an honor to have her visit Greenville. Some one has said that voice, art and brains combined make her the success which she has proven to be. She has an agreeable voice which falls agreeably upon the ear, and her singing is expressive. She also uses her voice with good taste and skill.

The Boston Globe has the following to say concerning this great singer:

"Her voice is a lyric soprano of exquisite quality. She chose an exacting program of old arias, German lieder, and concert songs by French, Scandinavian and American composers. Her singing showed skill and taste. In this day of singers who have everything except voices it is a rare pleasure to hear such smooth, velvety tones as those of Miss Howell's middle register."

Mrs. Harrington Operated On

A message received this morning from Mr. J. F. Harrington, who left for Richmond Sunday to be at the bedside of Mrs. Harrington who has been confined in one of the local hospitals for several days, stated that she was operated on yesterday and is getting along as nicely as could be expected under the circumstances. Mr. Harrington was to have returned to Greenville yesterday, but was prevented doing so by the operation.

Mr. Hardee in Town

J. B. Hardee, a member of the board of county commissioners, was in the city this morning attending to some business pertaining to county affairs. Mr. Hardee is one of the county's most prominent farmers, and reports crops to be in pretty good condition in his immediate community. Recent rainfall and chilly weather has done considerable damage in many sections, but Mr. Hardee says he does not believe the cotton and tobacco crops have been seriously hurt. In event the next several days bring forth good weather and plenty of sunshine the crops will grow rapidly, although it is certain they will be slightly later because of the long period of unfavorable weather offerings.

Ayden to Issue Bonds

The leading business men of Ayden, according to reports received in this city this morning, are making preparations for making the Ayden tobacco market one of the liveliest in this section of the State. Ayden has three tobacco warehouses, and it is believed a favorable sentiment may be so created that the future will be much better than formerly.

Plans are also on foot for a bond issue involving about \$150,000 for the purpose of street paving, and it is believed the election will be carried by an overwhelming majority.

Efforts are being made to organize a strong baseball club to play with other towns about the size of Ayden during the summer months, and if present plans become effective the season will be the most favorable in years.

Visiting Sister

Miss Cornelia Manning left this morning for Richmond to be at the bedside of her sister, Miss Rose Manning, who has been confined in one of the local hospitals for sometime.

Visiting Mrs. Moore

Mr. and Mrs. W. L. Brogden and daughter Alice of Raleigh are visiting in this city at the home of Mr. and Mrs. Brogden's daughter, Mrs. R. L. Moore, at the Proctor hotel.

PACE TO PROMOTE MARKETING ISSUE IN GREENE COUNTY

Pitt Demonstration Agent Leaves For Snow Hill Today; Happenings of Greenville and Other Sections

W. B. Pace, farm demonstration agent of Pitt county, left this morning for Greene county, where he is to take an active part in the co-operative marketing campaign now in progress in that section of the State. Mr. Pace will be away from Greenville until tomorrow evening when he will return and get everything in readiness for the coming of Aaron Sapiro, California man, who is to address the farmers, bankers and business men here Thursday concerning the new marketing method. Mr. Pace received a message from Greene county this morning stating that campaign forces have been meeting with pronounced success, but that he is needed to help strengthen the speaking forces. Greene county plans to do equally as good, if not better than Pitt county, and with this end in view campaigners are going to scour every nook and crook between now and the latter part of the week.

Former Pitt Countian Dies

Messages received by relatives here last night announced the death of Mr. Alfred Moye which occurred early in the night at his home in Durham. Mr. Moye was 69 years of age and had been in declining health for some time. He was a native of Pitt county and spent his early life here. Many years ago he moved to Cary and later to Durham. For a long time he was connected with the revenue service in which he was a most efficient official and was deputy marshal at the time of his death. His wife, two children, both grown, six grand children, one great grand child and two brothers survive him. The brothers, Messrs. J. R. and J. G. Moye and a brother-in-law, Mr. E. H. Shelburn of Greenville, went to Durham today to attend the funeral.

Mr. Moye was held in high esteem wherever known and his death brings sorrow to a great number of friends.

Methodists and Baptists

The baseball teams of the Sunday school classes of the Jarvis Memorial Methodist church and the Memorial Baptist are in splendid trim for the first game of baseball of the season this afternoon at the fair grounds, despite the fact that inclement weather prevented the game yesterday afternoon and caused many to be disappointed. Both teams are in excellent condition, according to reports this morning, therefore, it is to be expected that some of the best playing seen in amateur circles this season will be in evidence. Both clubs are composed of a few men who have seen long service on the diamond, and supporters are looking to them to put out the stuff to defeat their opponents. It is probable that the attendance will be pretty good, as there seems to be right much interest in the affair, and quite naturally numbers of each church will rally behind their club.

Marriage at Courthouse

Miss Mamie Brock of Farmville was united in marriage to Mr. Charlie Brock at the courthouse in this city yesterday afternoon by Justice of Peace Smith. The happy couple immediately left for the Farmville community where they will hereafter make their home. This was the only marriage license applied for at the office of the register of deeds yesterday, and consequently clerks had a comparatively easy day, with the exception of the usual routine of business.

Rev. George White Dead

Rev. George White, pastor of the colored M. E. church of this city died in Winston yesterday. Rev. White was greatly beloved by his congregation and was respected by a large number of friends. He will be missed in Greenville as he was always busy doing something for the advancement of his race.

SEARCHING PARTY FAILS TO RECOVER BODY DROWNED BOY

Ayden People Return to Homes After Unsuccessful Attempt to Locate Body of Lee Stokes

Ayden, May 17.—After a futile search lasting into the night, Sunday afternoon and all the forenoon Monday, the body of Lee Stokes, 10-year-old son of Mr. and Mrs. J. J. Stokes, of this place, lies buried under the muddy waters of Neuse river, where he was drowned Sunday afternoon about 4 o'clock.

The young man, with other companions, left Ayden in the afternoon for the purpose of going bathing and nothing had been heard from them until a telephone message came from Maple Cypress landing about 5 o'clock which told of his death.

Friends immediately went to the river, which is 16 miles from here, and with grappling hoogs searched the bottom of the river until late in the night, and Monday morning the search was renewed without success.

It is feared the body will not be recovered until it rises to the surface and is found.

Young Stokes was very popular with a large circle of friends here. His grief-stricken parents, brothers and sisters have the sympathy of the entire community.

BOLSHEVIST RUSSIA SUFFERS AS RESULT OF LENINE ACTIVITY

Leader's Abandonment of Government Control of Foodstuffs Places People in Sore Plight

Berlin, May 17.—Lenine's abandonment of government control of foodstuffs came too late to relieve the situation in Bolshevik Russia, according to letters received in Berlin from a family which has lived in Petrograd throughout the Bolshevik regime. "The conditions are worse for us than they were when food was issued on cards," one letter states. We are told now that we may buy food and the peasants are told they may sell food without violating government regulations. But there are no foodshops. And the peasants about Petrograd have little food to sell. They don't want paper rubles.

They even refuse all sorts of manufactured articles in exchange for what little food they may have. They are afraid to give it up, as they are not sure that they can get another crop the coming year.

The Petrograd district is so sterile that little is produced here in normal times. Transportation is so bad, and the peasants in the grain districts have been so badly reared by the Bolshevik requisitioning parties that the government simply couldn't continue the small rations it was issuing on cards. So it told us to do for ourselves the job which it could not accomplish with all its power and military force.

The re-establishment of free trade and the announcement that government restrictions have been reduced will not put food into cities which have no supplies, which have no adequate railway connections with grain districts and no means of reconciling peasants who attribute most of their troubles to the two great cities in Russia and want to starve them out.

Just received new shipment ladies' high heel reinsk pumps and oxfords, specially priced \$1.95. Stephenson Shoe Company.

COMING OF SAPIRO TO BE GREETED BY A BIG TIME IN CITY

Dr. J. Y. Joyner and M. L. Tomlinson of Wilson to be Here Thursday; Band is Also Secured

Extensive preparations are under way for the coming to this city Thursday of Aaron Sapiro, California man, who has won such wide recognition as a leader in agriculture. Plans at the present time are merely a tentative nature, but indicate that the day will be one of the biggest for Pitt county business men, bankers and cotton and tobacco growers in many months.

W. B. Pace, farm demonstration agent of Pitt county, stated this morning that J. Y. Joyner of La-Grange and M. L. Tomlinson of Wilson had promised to be here the same day of Sapiro and also will deliver addresses along the same line. All three are ardent supporters and advocates of the co-operative marketing movement, and consequently what they will have to tell Pitt county people will be filled with splendid advice.

Mr. Pace also stated that arrangements had been made to secure a 12-piece band for the occasion, and music will begin at an early hour of the morning and continue until the entire program has been completed. Mr. Sapiro will be principal speaker of the day, of course, but much time will be given to both Mr. Joyner and Mr. Tomlinson who have been very active in the interest of bettering agricultural conditions throughout the State.

Mr. Pace yesterday mailed out three thousand letters to surrounding planters and business men and it is expected they will respond to the request to be present in a splendid way. Most all the farmers are beginning to realize the importance of better methods of marketing their crops after they are put to so much work in producing it, and principles of the new marketing plan seems to be one of the most appealing which has been presented for their consideration for many years.

The fact that Mr. Sapiro will visit only a few sections of the State during his visit will no doubt bring people from many districts to Greenville Thursday, and preparations are being made to accommodate the visitors in the best way possible. The entire city will take on the appearance of gala day, and prominent business men and bankers are to take an active part in making the event auspicious in every way.

The co-operative movement has met with pretty fair success in Pitt county, but soliciting of members has not reached the stage desired. It is estimated that about seventy percent of the cotton and tobacco crop has been signed up to the present time, but campaign members are dissatisfied with this and mean to bring the total up to ninety percent before quitting.

Reports of activity in other counties has produced wide spread desire to make Pitt county's record rank with the best throughout the country, and leaders of agriculture, including many members of the county agricultural department, mean to continue efforts with this end in view until they have reached the goal of their ambition.

The coming of Aaron Sapiro as a consequence is looked forward to with greater interest than any other advocate who has visited this section during the past several months, and it is hoped the movement will be given such an impetus that the end of this month will see Pitt county over the top. Mr. Pace is determined to bring this about, if possible, and if they meet with failure there will be no one to blame but the business men failing to give the farmer necessary encouragement and support.

Prayer Meeting Tomorrow

Times are better, but we are not through the woods yet. Times will be better, still if we keep the sober lessons learned in the months of depression. A generation is like a young man, he dissipates until he gets his bumps, but if he learns his lesson it will make a man of him. One hopeful sign: not only have the workers gone back in such large numbers to the job, but men who did not work during the "prosperity" have also gone back to the job. Prosperity always raises a small army of speculators who keep themselves above the necessity of toil by inducing honest working people to invest in things that never produce a return. Society's burden in carrying that crowd has largely been relieved; they are now producing what they use—Dearborn Independent.

Borah is opposed to America's entrance into the league of nations and also desires a reduction in the navy's armament. This strange view of conditions can't be accounted for unless it is that the senator wants a licking.

Thirteen seems to be an unlucky number in every part of the country at this time. The Red Guard force is able to vouch for it probably as much as anyone, owing to the numerous unexpected things happening Friday, May 13. It is useless to go into details, but it is safe to say the boys will be on the lookout next time the thirteenth rolls around.

Guerrilla warfare is reported among coal miners in Mingo county, Virginia. This suggests that the miners are getting the worst end of the bargain and finding unemployment exactly what they thought it wouldn't be. The ordinary laborer would be much better off to accept reductions and continue at work. Readjustment is inevitable, and sooner this fact is realized the better off everyone ought to be.

Charles Evans Hughes has produced a sensation in the State department in announcing that only twenty-nine minutes will be allowed as the maximum time for dinner. To the person desiring more time this action is terrifying, but to that great number who like to get through their work and then get out in the open it's exactly like they would have it. The Republicans promised a change, and this is one of the first with the real jolt hitched to it.

Hardware dealers of North Carolina are unanimous in condemning excessive freight rates. And they have a right to when considering the favoritism existing in behalf of Virginia. The state has a great fight before it if things are adjusted. The railroads don't want to do the right thing as has been exhibited from the beginning, but before it's all over they will be impressed with the determined spirit of North Carolina people, and that's a safe wager.

Those fellows trying to prove the Volstead act invalid are having a much more difficult task than at first expected. The act is now a part of the constitution and there's no change being made by anyone. Whiskey interests are a thing of the past in the United States, and the fight now being made by followers of John Barleycorn is a thing of the past. The governing people of the country have no room for anything but clear heads during these busy days and the man that fills his stomach with the vile beverages dispensed by illicit traffic members are directly placing their lives in jeopardy.

WOMEN ACTIVE

News from Chattanooga Tenn., where the Southern Baptist convention was in session last week, says a number of women will be placed on the board for the ensuing year. This shows the great part which women are destined to play in activities of this country.

The war proved their value probably to a greater extent than the public anticipated, and ever since that time they have been growing in public estimation. That they deserve it is beyond question, for the female brain functions just as well, on the average, as the male brain, which combined with intuition and clear perception, gives them a higher plane than the average business man.

The country needs them in public, and the days to come will bring out their true value and worth as they have never been brought out before.

A DESERVED HONOR

General Pershing will become head of the American army July 1st. This news will be received with keen interest throughout the country as there has been much speculation as to what kind of a job the government would give him after war duties were completed. The appointment is a wise one.

General Pershing is one of the most capable military figures in the country having gained much experience in the great world war and in conference with leading officials representing the greatest countries on earth. The government did well in selecting him. He helped win the war as the American people wanted it won, therefore, it cannot be said of him that he failed in the great mission of his people.

THE MINGO STRIKE

That's a mighty thrilling story coming from the coal fields of Mingo county, Virginia, telling of the great strike of miners which has been in full sway for several months. This is the first time the strike has assumed such dangerous proportions and it is to be deplored in every sense of the word. The strikers believe they are contending for deserving principals, but when it is considered that the country is returning to normal it cannot be said that their cause is an entirely just one.

No class of working people are justified in going to such length when the country is in the midst of the greatest state of turmoil and social unrest in many years and they should pause for a moment and consider the seriousness of the action. Strikes are bad at the best, but when they are unprovoked such as that in Virginia the government should take a hand and prevent further bloodshed.

Pitt county farmers should not miss the opportunity of hearing Aaron Sapiro who is to speak at the court house in this city Thursday, May 19th. He has a wonderful message of the co-operative marketing association, and the man that fails to be present and hear what he has to say will be doing himself a real injustice. The time for turning from the old pathway to the new is here, and it is incumbent upon every man to be in position of doing what is expected of him. California is one of the first States in this country to give the measure a try-out. It proved even a greater success than anticipated, therefore, it is perfectly natural to expect that what its representative has to tell regarding the situation will be of greatest interest. Pitt county farmers ought to be interested more than any others, because they produce the largest crops of best tobacco and cotton produced in this part of the country. It is urged that they get in position to combat problems of the future for upon this rests the success of the industry.

Madame Marie Curries, discovered of radium and the world's foremost woman scientist, has arrived in this country to bring words of cheer to thousands of sufferers. She has gained deserved recognition in every section of the world because of her wonderful discovery, and it is probable American people will pay her homage during her extended tour of the country. Madame Currie spent many years of diligent service before discovering the world is for one time able to radium, and due to her tireless combat the serious ravages of cancer. She is indeed worthy of consideration and the science should not be slow in recognizing the great service which has been rendered in the behalf of suffering humanity.

Colonel George Harvey, President Harding's representative in foreign countries, has been received by the King of England, but it is hardly probable that the meeting changed his mind regarding world conditions. Mr. Harvey receives his instructions from the government very frequently, especially when there are important problems under consideration, and as a consequence his activity is restricted to a certain extent. Americans com-

mand attention everywhere, and as a result Mr. Harvey no doubt is a prominent figure even with kings.

Square Dance Thursday night, Amuzn Park. Saturday night dance discontinued, mon tu wed thu.

The commissioners of Raleigh have passed an ordinance requiring a license tax of \$25 from persons engaged in canvassing for periodicals, magazines and sheet music going from house to house. The ordinance is one that deserves to be considered in all towns, for agents are becoming about as annoying in their frequency as several years ago. The house to house canvass is no longer favored by the public, as it is intelligently informed of things carried by stores through columns of the daily newspaper. And, too, there are thousands of housewives who don't like the idea of being disturbed while doing their house cleaning. The book agent has never realized the fact, however, but with a little reminder in the form of taxation he may be able to remember better than before.

POPPIES

By J. Eugene Chrisman

Poppies?
Not for me, buddy!
Buds o' Hell I'd call 'em,
Plain red hell—they—
They remind me—

And folks plant 'em around
Gardens—huh!
Says one old dame to me,
"Don't they bring back," says she
"The popped fields of Flanders?"
"Popped fields of—Ain't that a hel-
uva—
But who wants 'em brung back—huh?
Say, buddy,
If she'd seen poppies
Like I've seen 'em—millions—acres—
Scattered through the wheat fields,
Red—and gettin' redder—mostly pop-
pies—
Yeah—mostly!

Slim—my buddy—old scout
Slept under the same handkerchief,
Me 'n' Slim—clean through from the
word go!
I'm liable to forgit—ain't I—
Day we kicked off west o' Chateau-
Thierry
Down the valley—
Poppies—say,
You couldn't rest for poppies.

Then the Jerries cut loose
Machine gun fire—reg'lar sickle,
Poppy leaves—bits o' red
Flickin' and flutterin' in the wind,
Mowed 'em, buddy—and us—I'll tell
the world!
Down in the poppies he goes—kickin'
—clawin'!

AVERAGE SALARY OF BAPTIST MINISTERS BARELY \$500 YEAR

Nearly 10,000 White Preachers of Denomination Earn Considerably Less Than Laborer

Chattanooga, Tenn., May 16.—The average salary of the nearly 10,000 white Baptist ministers of the South is barely \$500 a year, Dr. William Annuity board of the Southern Baptist convention, reported to the convention here. Not more than one out of ten of these ministers receives as much as \$1500 per year.

I was with a view to providing ministers, who have spent their lives a support of their declining years that working for inadequate salaries, with the Relief and Annuity board was organized and located at Dallas, Texas, three years ago. A report of marked progress in this work was submitted by Dr. Lunsford. He shows the board is now serving nearly 800 beneficiaries, or practically twice the number served by the various States prior to the organization of the board. The allowance made these beneficiaries has been increased on the average from forty to sixty per cent, over what was given by the states working individually. A total of \$117,410.08 was given benefits during the year to aged preachers, their widows and orphans, through the agency of the board. The individual benefits ranged from \$60 to \$600, as the merits of the case demanded and the funds of the board would permit.

SALE OF REAL ESTATE

By virtue of a power of sale contained in a certain mortgage executed by Willis Best to C. L. Jones, dated the 15th day of December, 1919, and recorded in the register's office in Pitt county in book M-13, page 413, the undersigned mortgagee will on MONDAY the 6th day of June 1921, at 12 o'clock, noon, it being the first Monday in June, 1921, expose to public sale before the court house door in Greenville to the highest bidder for cash, the following described real property, to-wit:

"Beginning at a point in the center of the road, corner of lot No. 24 and runs south 2 degrees W -- 71; thence south 18 degrees 1000 feet; thence south 70 degrees 30 east 720 feet; thence south 65 degrees east 250 feet to the center of Little Contentna Creek, hence with the center of said creek easterly to a point, corner of lot No. 3, thence north 33 degrees 30 west to a ditch; thence with said ditch northerly 950 feet to a stake; thence N, 1317 feet to the center of the road; thence with said road westerly 250 feet to the beginning containing 20.1 acres being lot No. 2B of what is known as the Nobles farm, as surveyed and mapped by H. L. Rivers, C. E., which map is to be recorded in the office of the register of land this day conveyed to the said deeds of Pitt county, being the same Willis Best by C. L. Jones and this mortgage being given as part of the purchase price thereof."

This sale is made for the purpose of satisfying the terms of said mortgage deed.

This the 7th day of May, 1921,
C. L. JONES, Mortgagee.

NOTICE ADMINISTRATORS SALE OF PERSONAL PROPERTY

Having qualified as Administratrix of my husband, J. B. Williams, deceased, I hereby give notice that on Saturday, the 21st day of May, 1921, I will expose to public sale for cash, at the late residence of the said J. B. Williams, in Chicod Township, all of his personal property, except that which has been allotted to me as a years provision.

The property to be sold consists of household and kitchen furniture, farming utensils, carts, wagons, corn, peas, hogs, cows, and calves, and all other personal property belonging to the said J. B. Williams, which was not been allotted to me as a years provisions.

Sale will commence at eleven o'clock a. m.

This the 5th day of May, 1921.
Sarah E. Williams,
Administratrix of J. B. Williams, deceased.

I'd walk a mile for a Camel

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.
The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.
Don't let anyone tell you that any other cigarette at any price is so good as Camels.
Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

MORTGAGE SALE OF LAND

By virtue of the powers contained in a certain mortgage, executed to me by Moses Little and wife Cornelia Little, on the 6th day of December, 1909, and duly recorded in book D-9, page 444 of the register of deeds office of Pitt county, I will expose to public sale before the court house door in Greenville, on Saturday, the 18th day of June, 1921, at 12 m., the following described tract of land,

One certain tract or parcel of land lying in Pactolus township, Pitt county, beginning at an iron stake in Louisa Little's line, running thence N. 83 degrees, 30' west 1719 feet to an iron pin in John Redding's line; thence south 6 degrees 30' west 905 feet to an iron stake in Burt Little's line; thence south 83 degrees 30' west 1806 feet to an iron stake, Burt Little's beginning point; thence north 1 degree east 905 feet to the beginning, containing 36 1-2 acres more or less. It being lot No. 4 on a map of the survey of the Miles Little land made in March, 1908.

Terms of sale, Cash.
