## WINTERVILLE TO HAVE BIG AFFAIR DURING THE WEEK

### Commencement Exercises and Address of M. L. Tomlinson to be Crowned Features

Friday of the present week promises to be a big day in Winterville. At the present time extensive plans are under way for commencement day exercises to be held by the local schools immediately followed by an address by Mr. M. L. Tomlinson of Wilson, on the need of the co-operative marketing plan in the sale of cotton and tobacco in this immediate territory. After the address the high school baseball club will play some town which has not yet been announced, concluding the day which promises to be one of the most profitable the town has seen in many years.

Winterville township has taken front rank in the co-operative marketing campaign which has been waged throughout this immediate territory for a period of several weeks, and the address of Mr. Tomlinson, who is considered one of the best informed men on agricultural conditions in these parts, will be one of the crowning features. An unusually large crowd of townsfolk and cotton and tobacco growers from surrounding places will in all probability begin crowding the town at an early hour, and when the time for Tomlinson to speak comes it is believed he will have an audience superior to that furnished by any other single township during the campaign.

It is said the school year has proved decidedly one of the most auspicious in years, because of many improvements which have been made in the State high school which became an actuality following the destroying of the old Baptist school building by two or three disastrous fires. The institution today may be considered in the forefront of other splendid State schools scattered throughout the country, and Winterville people are proud of it because they have learned the great value to be derived from well trained boys and girls.

Commencement day, as a consequence is looked forward to expectantly, and the numbers of features on program for Friday, which is considered the big day, promise to furnish something entertaining for everyone. Both faculty and students are working together in an energetic way and the ambitious program will be worked out to their satisfaction about the middle of the week.

Mr. Tomlinson has visited this community several times during the co-operative marketing campaign, but this is the first time he has appeared in Winterville and his coming is anticipated by everyone. He has a fund of knowledge concerning the movement which has proved such a source of help to other States and countries, and what he will have to say will deal principally with facts. The plan promises to be the salvation of Pitt county farmers, according to authorities in farming industry, so there is every reason to believe the visit to Winterville will be filled with greatest success.

## NEW BERN'S PLAN TO DEFER OPENING SEASON DEFEATED

### Meeting of Eastern Carolina League Clubs Last Night Results in Decision to Open June 9

The special meeting of the four baseball clubs comprising the Eastern Carolina league which was held in New Bern last night failed to result in postponement of the season, as desired by New Bern, because of the strong opposition presented by the other three clubs that were represented both in person and proxy. The matter was brought up several days ago, but met with such serious opposition by fans in other towns that managers were instructed to vote against it.

It was also decided to hire official league umpires to appear in each and every game played in the league. This action is received with keenest interest in this city, for much trouble arose last year because of the lack of authority invested in the umpires and inability of the league to keep them for any length of time. Practically every town had something to say about the arbitrators when things didn't run exactly as they desired and there was considerable contention during the entire season. The league officials will try to eliminate this disagreeable feature this season, and give the umpire the authority which he so surely deserves.

Reports from all towns indicate that preparations are continuing to the satisfaction of everyone, although much difficulty is being incurred in signing up players. Training season no doubt will see numbers of extra men on the scene, and from this number the regular line-up will be picked. The Greenville club is still in indecision over its pitching staff and outfield, but Manager Smith plans to be able to set this aside as early as possible.

Further developments are not expected to occur until the latter part of the week when the opening date will only be a few days off, but this does not mean managers are not active. They are considering applications and wiring prospective players every day, and it is generally believed splendid material will be definitely in line by the opening day.

It is expected the financial situation of each organization will be much better than last year because of the interest prevailing. Mass meetings have been held by every town for the purpose of raising funds, so it is safe to say this particular feature will offer nothing discouraging when playing really becomes a reality.

### U. D. C. Meeting

The George B. Singletary chapter of the U. D. C. will meet with Mrs. T. T. Hollingsworth at the Princeton hotel Thursday afternoon at 4:30 o'clock. All members are requested to be present, and phone the hostess not later than Thursday morning.

## MEMORIAL CLASS TO TENDER PICNIC TO WINNING CLASS

### Reds of the Baraca Class Will Give a Picnic at Amuzu Park May 26th

The Reds of the Baraca, Philathea and Bethany Girls classes invite all those taking part in the recent contest between the Reds and the Blues to attend the picnic they will give Thursday afternoon, May 26th at the Amuzu park. Provisions will be made for those present at Sunday school last Sunday and all those giving notice by Thursday that they will be present. All the ladies will please notify Miss Ward Moore and all the men J. B. Kittrell. To those taking part in this contest a special request is made that you attend, but be sure to let us know so as to provide eats for you. We are going to have extra nice eats and a good get-together lively time. Come prepared to join in the fun and help to get on the outside of the eats.

We will meet at the church—Memorial Baptist—Thursday p. m. at 4:30 o'clock and leave for the park promptly. Those having cars will please have them on hand promptly at 4:30, as we will need several cars to take the crowd out. Please understand that this picnic is for the members and visitors of the Baraca, Philathea and Bethany Girl classes. The Sunday school picnic, which will be attended by every member of Sunday school and their friends will be given Tuesday, May 31st. All the children will attend this picnic.

Be sure to give notification promptly if you will attend so eats can be provided for you. That is those who were not present last Sunday. Be at the church promptly at 4:30 o'clock.

### Attention Ladies

The Woman's club will hold an important call meeting Thursday afternoon at three o'clock in the Princeton hotel dining room.

Every member is urged to be present as business of importance will be transacted.

## BRIGMAN AWARDED \$50 IN CASE HERE DURING YESTERDAY

### Suit for \$1,000 Against Elizabeth City Cotton Mills Not Upheld in Hearing in Civil Court

George W. Brigman was yesterday awarded the sum of \$50 in a case against the Elizabeth City Cotton Mills considered in yesterday's session of the civil term of Pitt county superior court. The case consumed practically the entire day, being featured by forceful argument on both sides, and as a result the jury failed to return a decision until a late hour in the afternoon.

The case, it was brought out in the hearing, was precipitated by claim of the company that Mr. Brigman had made an attempt to hire its laborers at a time when labor conditions were not so good as they are now. The charge was vigorously denied by the plaintiff at the outset and resulted in his decision to enter suit for damages of \$1,000. Examination of witnesses, however, failed to support to any great extent the contentions of the defense, although it was brought out that the hiring of laborers had been brought up, but it could not be determined in what direction it applied.

The jury remained out only a short time following the long drawn out legal controversy, and the decision failed to create any surprise. There was much uncertainty in evidence, however, but this was practically set aside when the case was turned over to the jury for deliberation.

## ROTARY CLUB IN WEEKLY SESSION HERE LAST NIGHT

### Purely Business Matters Discussed at Regular Meeting at Club Home Last Night

Purely business matters were considered at the regular weekly meeting of the Greenville Rotary club conducted at its beautiful building on Fifth street last night. There was, of course, the usual weekly spread of good things to eat, and it is safe to say not a single man present failed to get his share of this.

J. B. Kittrell, newly elected president, presided over the meeting. After business was disposed of supper was served, being featured by the number of witty remarks and songs of members who have become really good singers from constant practice of such events. The attendance was about the average, and as a result the business session was conducted more expeditiously than ever.

The Rotarians, as a rule, never fail to be present at the weekly meetings, unless the inevitable blocks their path, and even then they make a desperate effort. This is no exception in Greenville which has one of the liveliest clubs in the country and it is considered one of the principal reasons of the club's rapid growth in the past several months.

### POLAND'S CHIEF OF STATE ENJOYS AMERICAN MEAL

Warsaw, May 24.—Marshal Joseph Pilsudski, Poland's chief of State, enjoyed his first all American meal recently. The Marshal was the guest at a dinner given by the American Minister Hugh Gibson in the old palace of Count Zamoycki which, for two years has served as the American legation in Warsaw.

American dishes prepared in American style were served and the chief of State liked particularly the old fashioned apple pie. This was the first time that Marshal Pilsudski had accepted a dinner invitation from any of the foreign diplomats.

## ANNOUNCEMENT OF CHANGE OF MONEY RATE IS IMPRESSIVE

### Crowds Anxiously Awaits the Announcement From the "Bank Canary"

London, May 24.—Announcement of a change in the rate of discount of the Bank of England, such as the recent reduction from seven to six and one half percent, is an impressive affair.

Not one of the many hundreds of the staff of the Bank of England, however, self knows of the change until the actual announcement is posted, except those with governor inside "the parlor" where the directors of the bank and leading men of other banks and institutions are gathered to deliberate on the momentous decision which affects all parts of the world.

When these deliberations are concluded a gorgeously attired messenger commonly known in the city as the "bank canary" because of his scarlet coat and yellow waistcoat, stalks out of the parlor with deliberate slowness in accordance with ancient custom, pronouncing on which are the magic words "6 1/2 percent".

Hundreds of banker's clerks, messengers and newspaper men who have been thronging the passages push forward to read the notice, which the messenger deliberately keeps face away from the crowd until he has affixed it to the wall.

Then there is a scramble for offices, telegraph, telephone booths and cable offices while press agency representatives wigwag the new rate which is immediately flashed throughout the world.

## BEN DIXON SAID TO BE IMPROVING FROM INJURIES OF WRECK

### Greenville Boy Regains Consciousness After Prolonged Sleep of Shock in Richmond

Dr. Joe Dixon this morning telephoned relatives in this city that his son Ben is considerably better after being in an unconscious condition several hours as a result of injuries received in an automobile wreck some time Sunday night or Monday morning early. Dr. Dixon was notified of the accident early yesterday morning and immediately left for Richmond to be at his son's bedside. It was thought at first that his condition was precarious but an x-ray examination yesterday failed to reveal any serious injuries, although the shock produced prolonged unconsciousness.

The news was a decided shock to the city, as Ben left here about two weeks ago to accept a position with a large flour concern operating from Richmond to western points. No particulars concerning the accident have been received, but from what could be learned this morning it was inevitable.

### SCOUTS, ATTENTION

Clip this from the paper and govern yourself accordingly.

The Scout camp for boys and girls will be located at Pamlico Beach. Location is ideal and you may expect a big time.

Those in charge will be Messrs. Rose, Sachse, Phillips and Dr. Chester. Mrs. Orr Forbes and Misses Ernestine Forbes, Moye and Holms.

All Scouts will leave Greenville Wednesday, June 1st, either by train or boat, to be announced to you later.

Your camp fee will be five dollars (\$5). Boys will pay this fee to Mr. Sasche; girls to Miss Novella Moye. Fee must be paid not later than Monday afternoon, May 29th.

In addition to this fee, each boy and girl will be expected to handle his and her own transportation money to and from camp, which will not exceed two dollars and fifty cents (\$2.50). This makes seven dollars and fifty cents (\$7.50) which you must have. Your spending money is up to you. You can make it what you choose.

You will be expected to take with you the following: one testament, four yards white mosquito netting, two blankets, at least two extra changes of clothes complete, two bath towels and two face towels, tooth brush and paste, soap, comb and brush and small mirror (ten cent store), needle and thread and a button or two, bathing suit, tennis shoes or one extra pair of shoes of some kind, handkerchiefs, talcum powder or honey and almond cream, Scout manuals and Scout handbooks. (Girls may take some bed linen along if they do not prefer to sleep under blankets as do the boys).

Check your personal equipment by the above list, and if you fail to do so, don't growl when you get to camp and are short.

You may take also if you desire, baseball material, boxing gloves, hammocks, rook cards and musical instruments, such as harps, mandolins, guitars and ukeles, but the camp will not assume any risk for these things. It's up to you to look after them. If you take a hammock, take along some rope to swing it with.

Fire-arms, such as .22 rifles and pistols, will be permitted, provided they are turned over to one of the scoutmasters before leaving Greenville, and they will be used only under supervision and for target practice.

You will be notified later about fishing tackle, what kind to take. Dr. Chester will arrange for all medical supplies. The order is that you keep yourself away from all contagious diseases, such as whooping cough, chicken-pox, etc., unless you want to be left in Greenville. Positively no doubtful cases will be permitted to go.

Everything has been arranged for your health and happiness, so begin now to keep yourself fit for the camp. Scoutmasters in Charge.

## AMERICAN LEGION OUTLINES PLANS FOR MEMORIAL DAY

### Soldiers Are Requested to Appear in Uniform for Parade, But This is Not Imperative

Preparations are continuing in a lively way for Memorial Day exercises to be held in Greenville May 30th, under auspices of the American Legion, and if nothing happens it will be one of the greatest affairs of its kind staged since ending of the war.

Dr. K. B. Pace, who has charge of the committee on arrangements, stated this morning that there had been some misunderstanding among ex-soldiers as to whether the committee demands them to appear in uniform. Dr. Pace stated that this is a matter of preference on part of everyone. It is desired for as many to appear in uniform in the parade as possible, but those who do not favor the suggestion may appear in civilian dress, if they prefer. The matter is left entirely with the individual, although it is hoped the pageant may be made as near a great military spectacle as the committee can make it. Preparations are being conducted along a very extensive line, and everything is to be done to make the day truly the greatest in the history of the American soldier. All committees report much success, therefore, there is little reason to believe the day will be other than successful.

Business houses are urged to prepare floats for the parade so that it may be made far more brilliant than anything seen in Pitt county. Those desirous of securing decorations for this purpose should notify Dr. C. J. Ellen before Friday afternoon. It was stated this morning that much interest is being manifested in the particular feature and it is certain nothing will be left undone that in any way will detract from its true greatness.

### One Marriage License

There was only one marriage license issued by the register of deeds in this city yesterday, that being to George Albert Wood of Wilson to Ella Clark of Greenville.

## BRITISH SUBJECT SAYS SHE FEELS EFFECTS OF JAIL

### Mrs. Anna Keiser in Leaving Odessa Says She Feels as If She Had Left Madhouse

Constantinople, May 20.—Mrs. Anna Keiser, of Philadelphia, who recently arrived here after having been allowed to leave Odessa as a British subject, says that in leaving that city she felt as if she were escaping from a madhouse. Odessa now is ruled by the Bolsheviks. Mrs. Keiser is the widow of Eli Keiser formerly of Philadelphia who died in Odessa and she is the daughter of Mrs. B. Miller of 1355 North Irving avenue, Chicago, to whose home she hopes to return.

"I want to spend the rest of my time until Bolshevism falls telling what terrible people they are," she said. "It is a crime in Soviet Russia to criticize. If any of us complained of being hungry we were taken before brutal and illiterate officers who are trying to do away with intelligent people and were then thrown into prison to die of typhus and hunger."

"I had to leave as a British subject because I was always told that the Americans had not been asked for."

Describing the marriage laws of Soviet Russia, Mrs. Keiser said: "Officials ask, 'for how long do you wish to be married—one month, two months?'" A couple can ever be married for a day and get a divorce at the minute by appearing together and asking for it.

Frank Linney may be a Republican and all that, but he is honest enough it seems to repudiate any such statements as they are trying to prove against him. It is to be hoped he sticks to his present position and proves beyond doubt that he is not in favor of negro suffrage any more than those bringing about the charge.

Leading statesmen did right in paying tribute to Chief Justice White, who recently died in Washington following short illness. Such men are great losses to a nation. It matters not what party they belong to, and Americans as a whole feel the great loss keenly.

The progress of congress these days requires little space in the newspapers, but as to all that hot air its members are shooting off is another thing entirely. The Congressional Record, however, seems to have plenty of space for whatever is said, whether it amounts to anything or not, and as consequence the public is kept informed.

Siler City has voted fifty thousand dollars for improvement of schools. This is another step that shows North Carolina people are going to take first rank in education in the future, and is something people ought to be proud of. It seems to be a mighty bad time for bond issues right at this particular period, but money spent for education it makes no difference how it is gotten, is spent in a worthy cause, there's no doubt about that.

George Harvey, President Harding's representative at the Supreme council, in his opening speech told a London audience that America did not participate in the world war for the sake of saving Europe, but to save America. If that's the kind of impression he is going to create, the best thing this country can do is to call him back home, and give him a good lecture on diplomatic policy. America is true, fought for American interests, but would our interests have amounted to had Germany been victorious over France and England and their allies? The statement is about the narrowest thing presented in a public speech we've seen yet, and if there's no improvement Mr. Harding would be doing his party and nation too, a mighty favor by changing representatives before some strife is stirred up through such unwise speech making.

EDUCATION RIGHTS TODAY

Education is a matter of such great moment in the United States today that officials should take steps to have the Federal bureau of education created into a part of the president's cabinet instead of an independent agency working in the interest of what is most assuredly one of the most important factors in public life today. The retirement of Dr. Philander P. Claxton as director of educational work brings this fact home with great significance, as the achievements of the department under his supervision have been of such paramount importance that one naturally sees the necessity of giving the work the prominence it so surely deserves.

Dr. Claxton served the nation probably as no other man has served it in the same capacity. He had a broad vision of requirements of the country, particularly in rural communities, and he outlined and placed in action which have resulted in splendid things for the ordinary American citizen. It is these programs under the personal direction of Dr. Claxton which have resulted in such profound recognition of

education from the lowliest citizen to the very greatest, and whatever may be done in the future to expand the work, it must be admitted that it could never be accomplished had it not been for the ambitious endeavors of the national department during the most trying period in American history.

The best interests of the country demand that the fundamental principles of education be recognized by the government to such an extent that instead of permitting it to be directed through an independent agency a sentiment should be created whereby the office becomes a part of the cabinet where the President may have direct supervision over the work. This may not strike a responsive chord with a number of statesmen, but those who recognize the absolute necessity of giving the issue the high plane which it deserves there will be little doubt as to the advisability of the course.

Dr. Claxton has demonstrated to the country what may be accomplished through high endeavor of educational leaders, and it is the duty of the government to at once take steps of continuing along the pathway blazed by him. The future certainly demands that much, and the children to constitute the future generation should be accorded the advantage. Education may be spoken of lightly at times because of a certain class of learned men, but when we come down to its fundamentals and what it does for the earnest man or woman it cannot be denied that it is of first consideration. That being the fact, it is plain that its highest representatives, men of Dr. Claxton's class, should be accorded the honor of recognition as a cabinet member. It will give the person greater prestige and consideration and that is just what the country needs if it is to be the great nation its people desire it to be.

HELP WANTED

The street department of the town of Greenville wants 6,000 good citizens of said town to assist in keeping it clean. They will be paid value received in civic pride. There will be very little work required, only a bit of thoughtfulness. All they will have to do is to put trash, waste paper, etc., in receptacles which can be closed up convenient for the carts to take away from their lots.

People are too careless about sweeping paper and light trash out of doors in back lots and on the streets. The wind blows such trash helter skelter on the streets and this makes a bad sight at least. There is also the habit of throwing heavy refuse on the curb line and in the gutters of the streets, which must be stopped if the street sweeper is to serve satisfactorily without being damaged.

The town authorities want to help to keep your lot clean, but certain rules must be complied with and they want your co-operation which they believe you will gladly give without warrants being issued. Won't you lend a hand in keeping Greenville clean and good to look at and live in?

VIRGINIA BEACH  
 MERCHANT GIVES  
 TANLAC PRAISE

J. E. Gregory Says It Restored His Health After Everything Else Failed

"Tanlac restored my health and built me up five years ago and I'm still feeling fine and weigh more than I ever did," said J. E. Gregory, a merchant living at Seatack station, just out of Norfolk, and whose address is box 83, Virginia Beach, Va.

"I suffered a nervous breakdown twenty years ago, caused by overwork and exposure. I had to be careful at all times about what I ate, and even the little I did eat soured on my stomach and bloated me up with gas that made me miserable. I was so nervous I couldn't stand the rattling of a passing wagon, and at night I could hardly get any sleep. I couldn't work more than an hour or two at a time without getting completely tired out and having to quit.

"I saw where Tanlac has helped so many others that I decided to try it myself. It wasn't long before I had an excellent appetite and could eat just anything I wanted without suffering a bit with indigestion or bloating. My nervousness entirely disappeared, my sleep was good and sound and I completely regained my strength. Tanlac did the work so thoroughly in my case that I've been feeling fine ever since it fixed me up five years ago."

MEMORIAL DAY

Monday, May 30th

ATTENTION!

All Ex-Service Men, Soldiers, Sailors and Marines of PITT COUNTY:

The Pitt County Post of American Legion will fittingly celebrate the above day in Greenville with an elaborate program. Will be a day for those who responded to their country's call in the world war, Spanish-American war and war between the states.

ORATOR OF THE DAY, COL. SIDNEY MINOR, Commander of the 120th Infantry.

"The Poppy Lady" Brings Flowers from Flanders Field for Memorial Day

Mme. ANNE E. GUERIN

The Poppy Lady of France has come to America again! She has brought with her millions of tiny red silk poppies, the kind that "blossom on Flanders Field," and she is going to help America unite with France on Memorial Day in honoring the brave dead who sleep in French soil. The poppy has been adopted by the American Legion and other patriotic organizations as their memorial flower. It was at the American Legion convention last Fall that Mme. Anne E. Guerin was christened "The Poppy Lady of France," a name by which she is now known on two continents. The Poppy Lady is the founder of the American and French Children's League in France and America. It is a growing movement which seeks not only to aid the little martyrs of devastated France, but, still more important, help to teach the

children of both nations to remember, and to foster the friendship which had its inception on a battlefield. Its members in France, war widows and orphans, have made the millions of red poppies—exact replicas of the poppy of Flanders Field—which America is to wear on May 30th. This blood-hued blossom, immortalized in poetry, has come to symbolize the spirit that sustained the victorious nations during the years of struggle when the outcome of the conflict was in doubt. It is a symbol, too, of the love and gratitude France bears for America. On this Memorial Day, France will cover the graves of American soldiers with poppies, while every patriotic man, woman and child over here will wear a poppy to show that the "brave dead have not died in vain."

BIG BARBECUE DINNER. MAMMOTH PARADE.

All ex-service men are requested to be in uniform. Come all and help make this Memorial Day memorable. Full details of the day's program will be given later.

KEEP THE DATE IN MIND AND BE ON HAND.

### Time Tests Plumbing Work

THE house built upon sand looks as good as the one founded upon a rock—at first. But time determines the worth of the plumbing fixtures and the skill and care with which they are installed, just as it tests the foundations.

If you are interested in having honest, capable plumbing service call upon us. Those whom we serve will give all the testimony you want as to our ability.

They never made a cigarette like this in my day—

The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.

That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!

The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.

Nobody can tell me anything different.

"I Practice the McCormick System"

This is Mrs. Jessie Taylor, Kinston, N. C., whose eyes were straightened by Dr. Kirkman

**PARENTS VS. CHILDREN**

Most parents will be offended when we charge them with being their children's enemies, but we want to ask a few questions: Were your children accidents or products of deliberation on your part? Did they have anything to do with the selection of their parents? Do you know that you are duty bound by law to take care of them? Feed, clothe and educate them. Have you pride enough in your soul to conform to a higher law than the State can pass and take a pride in the development, mentally and physically, of your offspring so that they will be a credit to your family.

There are two divisions of the care of the body which are paramount importance, one is the body chemistry and the other is body mechanics. These two are represented in the composition of food and in the application of nerve force through various muscles to the performance of physiological work as well as manual labor. The Eyes of children are like the rest of the body not developed up to normal; but unlike the rest of the body the Eyes are called upon to perform the work of adult eyes. This necessitates an enormous strain on the nervous system and it not only stunts the growth of the Eyes, but often that of the child.

Even when the defects are corrected in early life, say at the age of five years, they rarely develop up to normal and when the Eyes are grown under the best condition they cease growing at about the twelve year while the rest of the body continues to grow until about twenty years or more. It is a statistical fact that less than one percent of all eyes are normal or approximately at least ninety percent are under developed. The latter being known as near sight and as it is a hypertrophy condition hence a freak eye comparatively few of them can be given normal vision. The ninety percent are hypermetropia eyes usually known as far sight. Some of these instead of having a spherical cornea have one shaped like a segment cut from an automobile tire that is a short sharp curvature in one meridians and a longer one at right angles to it with a result that rays of light passing into the eye in different meridians are focused at different points and the retina being only at one point circles instead of points. The word Astigmatism means without a point hence the name is applied to the condition and it is an effect, not a cause.

Some of the effects of the eye strain is directly on the eyes, cross eyes are one exhibit, inflamed lids is another, styes, granulation, tumors of the lids, itchy eyes, winking eyes, and etc. All internal ones, such as pain in the eye ball, retina inflammation, atrophy and etc, are signs of eye strain.

If you have eye trouble and have been unable to get relief from other doctors you should try a McCormick Graduate.

Signed,  
DR. GEO. B. KIRKMAN,  
Eye-Sight Specialist, Kinston, N. C.,  
Graduate McCormick Medical College.

Dr. Kirkman will be at the Proctor Hotel, Greenville, N. C., Friday and Saturday, May 27 and 28 for the purpose of examining eyes and fitting glasses.
