GREENVILLE HIGH SCHOOL TAKES INTERESTING GAME FROM WINTERVILLE H. S.

The Greenville high school baseball club defeated the Winterville high school team yesterday in an interesting game by a score of 10 to 5. The batteries for Winterville were Tucker and Cox, those for Greenville, Barber, West and Hadley. Barber and West fanned eight men while Tucker fanned ten. The outstanding features of the game were home runs by Tucker and Barber and a sensational catch by Foley on 2nd base which pulled a double play for the Greenville team. The score was tied twice during the game.

PROVINCES VOTE ON R. G. FITZGERALD ELECTED HEAD OF COUNTY SCHOOLS

Foreign Observers Who Have Watched Agitation Believe Vote Will be Favorable for Union

Vienna, May 26.—Three more provinces will imitate the Tyrol and hold sentimental referendums on the question of the fusion of Austria with Germany. Salzburg, Styria and Upper Austria have set May 29 as the tentative date for the ballot and it is believed that Carinthia also will fall into line. Vorarlberg, the westernmost of the States last summer voted practically unanimously to join Switzerland.
The almost unanimous vote for fusion in the Tyrol on April 24 was a surprise even to the most ardent of fusionists. They had estimated an 80 to 90 percent favorable ballot and it is conceded that the excess represented an element of those hard-headed mountaineers who voted simply because of the Entente prohibition against the referendum.
"The movement toward a union with Germany, born almost immediately after the creation of the republic, has grown steadily and these sporadic and independent referendums are the outgrowth of the failure of the effort to force the central government to defy the Entente and order a nation wide vote.
According to foreign observers who have kept a watchful eye on the agitation there is no doubt that the total vote will show a heavy majority for the union. They do not share the belief professed by the opponents of the movement that if the vote actually meant action instead of a sentimental expression of opinion it would not carry. On the contrary they express the belief that it is a genuine and earnest thought and desire on the part of the mass of the people and say they are motivated by three controlling things.

R. G. FITZGERALD ELECTED HEAD OF COUNTY SCHOOLS

Will Succeed S. B. Underwood, Resigned, and Will Assume Duties July the First

Mr. R. G. Fitzgerald has been elected by the county board of education as superintendent of public instruction of Pitt county for a term of two years beginning July first, to succeed Prof. S. B. Underwood, who resigned a few weeks ago to accept the position as superintendent of schools of Raleigh, N. C.
Mr. Fitzgerald needs no introduction to the people of Pitt county as he, prior to the world war, was principal of the Bethel graded schools and during the summer of 1919 did some special work at Grimesland and in the office of the county superintendent in this city. While in the county he won a host of admiring friends who will be delighted to know that he is to return.
Mr. Fitzgerald graduated from the university of North Carolina in 1919, and has taken post graduate work since. He has served with great success in the schools of Johnston and Orange county, and has also served as superintendent of schools at Belmont, N. C. At present Mr. Fitzgerald holds the position as county superintendent for Harnet county. He is a well trained man, vitally interested in public education, has splendid executive ability and knows school work. The county board of education could not have selected a man better fitted for the county and one that could have come into the county better known and loved by its people.
Mr. and Mrs. Fitzgerald and child will arrive some time during the latter part of June so that he can be ready to take up the work July 1.

PLANS IMPOSING DEMONSTRATION MEMORIAL DAY

Pitt County Chamber of Commerce to Have Exhibit in the Memorial Day Parade

Plans for an imposing Pitt county demonstration in the American Legion's All American Day parade Monday is being made by the recently organized Pitt county chamber of commerce. It is predicted that the display will be one of the outstanding exhibits in the big parade. All sections of the county will be represented and the entire exhibit will be symbolic of the united county.

Mr. H. L. Smith, secretary of the chamber of commerce is working out the details, Dr. C. J. Ellen, chairman of the Executive committee, approved the plans.

The exhibit as planned will consist of an imposing float symbolic of the county-wide organization followed by decorated cars representing each township. Prominent citizens from the various townships will represent their respective sections in the parade.
Mr. Dave Turnage, chairman of the Legion's committee on arrangement of the celebration is co-operating with the chamber officials.

This action of the newly organized Pitt county chamber is the first move since the membership was pledged. Plans are being made by officials of the organization for developing the membership into a solid working unit. It is expected that the officers for the year will be elected and the program of work outlined by the middle of June. With the completion of these two important organization details the constructive work of the chamber will be started.

EFFORTS BY PRINCES REGAIN POSSESSION CELEBRATED CHATEAU

One of Most Striking and Interesting of Famous Feudal Establishments of France

Paris, May 10.—By mail)—Efforts by two princes of the House of Bourbon-Parma to recover possession of the celebrated Chateau de Cambord which was sequestrated by the French government during the war is one of the most interesting aftermaths of the great conflict.
The chateau is more than 400 years old and is one of the most striking and interesting of the famous feudal establishments of ancient France. It was once one of the most magnificent of these great estates and lies in the valley of the Loire close to the town of Blois and has about 15,000 acres, part of which is enclosed by walls extending for 20 miles. The building is about 200 feet square with famous circular towers at the corners and a double spiral staircase leading to the double lantern, which dominates the center tower.
It was built about 1526 and for two centuries was a royal residence. Louis XV gave it to Marshal Saxe and Napoleon presented it to Marshal Berthier. Eventually it fell into the possession of the Duke of Parma.
At the beginning of the war it was owned by Prince Elias of Bourbon-Parma and was requested because he was serving in the Austria army as an attaché of the Austria general staff. Prince Elias is a brother of the wife of the former Emperor Charles of Austria-Hungary, who lately attempted to regain his throne as king of Hungary.
After the war Prince Elias attempted to recover possession of the estate but the French courts have just disallowed his claim. This, however, does not settle the question of its ownership for Prince Sixtus, also of Bourbon-Parma, brother of Prince Elias has put in a claim to the ownership of the Chateau. Prince Sixtus does not suffer the disability of Prince Elias as Sixtus and his brother Xavier both offered their services to the French government and being refused on the ground that descendants of the old royal houses could not be permitted to fight for France, they both enlisted in the Belgian army where they served as stretcher-bearers under fire. Their bravery in this service was afterward recognized in a French citation.

At a meeting of the Woman's club held Thursday afternoon plans for a club house were considered.

The former plan of a club house and library combined were abandoned, but interest is intense in a woman's club building.
Two sites for such a building have already been offered to the club. A committee was appointed to take these sites into consideration, and any others might be offered by friends of the club who are interested in the work and advancement of the Woman's club of Greenville. This committee consists of Mrs. C. T. Munford, chairman, Mrs. R. R. Cotten, Mrs. J. E. Winalow, Mrs. R. Williams, Mrs. K. R. Beckwith, Mrs. H. S. Ragsdale, ex-officio.

GREENVILLE HIGH SCHOOL FINALS BEGIN TONIGHT

Annual Graduating Musical Recital to Be Given in the School Auditorium

Tonight is the beginning of the Greenville High School Commencement. There will be held in the auditorium of the High School tonight the annual graduating musical recital. This recital will not only consist of instrumental numbers but vocal ones as well. The program will not be long and tiresome but will really be one of enjoyment from start to finish. This is the last of the recitals to be given by the schools, and from it one may be able to gather something of the results of the work of the musical department for the past year.

On Sunday night there will be held the annual baccalaureate sermon to the graduating class. The Christian church furnishes the preacher for the occasion this year, and they have chosen their pastor, Rev. W. P. Shambart, to deliver the sermon. The High School Glee Club and student body will furnish music for the occasion, and it goes without saying that it will be good.

On Monday afternoon in the High School building, from 4 to 6 and also that evening there will be held the annual exhibit of the Domestic Science and the Arts Department. This exhibit will be carried over until Tuesday, thus giving all the patrons and friends of the school ample time in which to view the work of these departments for the year.

On Monday night in the High School auditorium there will be presented by the pupils of the Evans Street School a pageant entitled "The Night". This is by far the best thing of its kind that has been published recently, and the teachers and children of the Evans Street School have put it together in excellent shape. A feature of this exercise will be the orchestra music appropriate to the different scenes.

On Tuesday morning at ten thirty in the High School will be held the graduating exercises of the Seventh grade, that is, those pupils who have successfully finished their elementary work and will be received into the High School. Hon. F. C. Harding, of Greenville, will deliver the address to these graduates.

On Tuesday night at eight o'clock, there will be held the graduating exercises of the Senior Class of the High School. The address of the occasion will be delivered by Dr. Edgar W. Knight of the University of N. C., one of the leaders in educational work in the state. Dr. Knight is a good speaker, and his coming will be a source of joy to the friends of the school.

DIRECTORS OF THE HOME BUILDING & LOAN RE-ELECT OFFICERS

At the annual meeting of the directors of the Home Building & Loan Association held in their offices yesterday afternoon, the following officers were re-elected for the ensuing term: R. C. Flanagan, president; B. J. Whitchard, vice president; H. A. White, secretary and treasurer; J. B. James, attorney.

The report of the officers showed the association to be in a most flourishing condition, in spite of the tight money situation. Messrs. J. B. James and J. S. Willard were elected as delegates to attend the convention of the State Building & Loan league that meets in Elizabeth City during the month of June.

The writers are having their time this afternoon at the ball game between the Methodist and Memorial Baptist Sunday school teams.

The coming down in prices of automobiles looks like falling in with the trend of a return to normal conditions.

The way he has started out, it may not long for President Harding to realize that a mistake was made in sending Colonel Harvey as ambassador to England.

Post Adjutant S. L. Bridgers of Pitt County Post American Legion has received letters from Senator F. M. Simmons, Senator Lee S. Overman and Congressman H. S. Ward, expressing their endorsement of the resolution adopted recently by the local post looking to the relief of disabled ex-service men and each heartily pledged his support to the passage of such legislation as will provide this relief. The members of the Legion think the government is giving very little consideration to the disabled soldiers and it is in behalf of these they are lifting their voices. With the assistance of able representatives in the Senate and congress they hope to secure relief for these needy ones.

WHERE GREENVILLE IS LOSING

The Reflector has not mentioned this in quite a while, but it is a subject that should be referred to now and then until somebody or some organization takes hold of it. Do you ever stop to consider that Greenville is absolutely throwing away the most beautiful portion of the town, and the section in which the citizens could get most pleasure if advantage was taken of what nature has placed here for us. Do you ever look at the river front and observe what a waste of opportunity is there? It is as beautiful site as can be found anywhere for a park, and the town owns enough property there on which to place it, or if more should be needed it could be readily obtained. Pavilion, bath houses and play grounds could all be provided there, and they would be worth many times their cost to the community. You hear talk now and then of the need of a park or suitable place where the children may have recreation, while we sit still and let the very place for it remain an object of neglect.

A Greenville ought to be turned around and put on the river front." It was not a bad suggestion, either, for it is by far the most beautiful section of the town, and with a little outlay could be made a place of joy to all our citizens. Let some of the business or civic organizations go behind this if they want to do something that is really worth while for the town. Some towns would give a million dollars for such a location, and we are just throwing it away.

A NEW STUNT FOR

BENEFIT AMERICAN LEGION

Saturday morning at 8 o'clock a rooster and a goose will be placed in front of Warren's drug store (in a box).

They will be used in putting on a stunt for the benefit of the Pitt county post of the American Legion, which will go towards helping defray the expenses of the memorial day exercises Monday, May 30th. Neither the rooster nor the goose will be fed from Friday afternoon until Saturday afternoon at 5 o'clock. At this hour 1000 grains of corn will be counted out, and the rooster and goose will be fed. The stunt is to charge 25¢ a guess for the one that will eat the most corn, and the one guessing nearest the number of grains the winner eats. This is an opportunity to see how good a guesser you are, and to help the boys in paying the expenses of their exercise Monday. Tell everybody you see to be at Warren's drug store Saturday afternoon at 5 o'clock as the contest will start promptly.

Birthday Party

Miss Virginia Clark, daughter of Mr. and Mrs. B. T. Clark, delightfully entertained a number of her little friends at an afternoon party yesterday in honor of her ninth birthday. Many games were enjoyed by the little folks at the conclusion of which an ice course was served. Before going home the guests were given an automobile ride, after which the hostess carried each one home. Miss Clark was the recipient of a large number of beautiful and useful presents.

REDS ENTERTAIN BLUES AT PARK YESTERDAY

Both the Reds and Blues of the Sunday school of the Memorial Baptist church are greatly indebted to C. D. Tunstall and Ed Moye for the use of Amuzu park yesterday afternoon. Through the courtesy of these gentlemen the Reds were tendered the use of the park for the purpose of entertaining the Blues at a picnic recently won in a membership contest.

The Blues unanimously declared the picnic given them by the Reds a big success. The spread was very elaborate, including all kinds of sandwiches, country ham, home made cake, etc. The crowd enjoyed the occasion very much.

A REAL GOOD TIME AT AMUZU PARK LAST NIGHT

Last night at Amuzu park the regular Thursday night square dance patrons were glad to have with them about twenty young people from near Pactolus. Up to date the people from Black Jack, Stokes, Red Banks and Frog Level have been considered the best exponents of the square dance, but now they will do well to take notice of Pactolus. Under the leadership of Leon Hardy and Leon Tyson calling sets, with Rosser Laughinghouse always on hand to insure a good time and Heber Allen looking for a vis-a-vee. The gray haired folks among the spectators could be heard

talking over the days gone by when the fox trot and one step were unknown. The fiddlers don't care much about Smiles, Blowing Bubbles and Till We Meet Again, but when they get to Here Comes Mary and Her Red Dress, Turkey in the Straw and Arkansas Traveler, they hit their pace. Honest, it makes you feel good to listen to the music and watch both old and young join in the old time square dance. From now on Thursday night bids well to be a big night at the park.

**THE QUIET AND SERENE
LIFE IS THE HAPPY LIFE**

Virtue, courage, wisdom, love and the other attributes constituting the best in humanity are not noisy, not tempestuous, not erratic. They characterize the sweet, quiet life, the serene and calm thought, are indices of a life of happiness, because the possessor of these traits has his life and actions based upon the Divine principle of righteousness and truth. He knows full well that the person governed by impulse instead of by reason, by policy instead of by principle, by appearance instead of by spiritual insight, God is never in a hurry. Nature does not hurry, great achievements require careful thought, deliberation and systematic labor, and lesser one smake the same requirements.

Indeed, all thoughts suggesting action should be deliberate, since it often happens that what we call a trivial action has a bearing upon one's life which he does not expect, one which has a result like the tossing of a pebble into a pond—it causes a ripple on the surface of the entire body of water.

It is in solitude most often that we make self-examinations, do our mental and spiritual stock-taking, which are so essential to a happy life. It is in solitude that we draw nearest to God; it is then that we contrast the life we lead with the life which we know we should lead, and it is there we determine to improve upon ourselves. He does not from time to time have a quiet hour with no one but God and himself present is neglecting not only a duty, but a glorious privilege and opportunity. It is on

such occasions that he is able to learn something about himself, and it is a recognized fact that we all know too little of our real selves. The necessity for solitude and quiet meditation was strongly emphasized by Him who prayed much and accomplished most. He always went "parat" to pray, even in it when we are nearest to Him. It is at such times that the still, small voice is heard most distinctly and its message given heed, especially if it be when one is bowed down with grief or trouble, the penalty is for wrong doing.

**Professor Budlong
Puts Tanlac to Test**

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else." was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 school street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. I had a stubborn case of constipation and I was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I digest it. I haven't an ache or a pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."
