INSTRUCTIONS FOR SHIPPING GOODS TO NEAR EAST RELIEF

Wednesday of Next Week Designated as "Old Clothes Day" by Gov. Cameron Morrison

Wednesday of next week is designated as "Old Clothes Day" in an executive proclamation issued by Governor Cameron Morrison yesterday, calling upon the people of the State to give their cast-off clothing for the relief of the destitute peoples of the Near Eastern countries. The national organization for Armenian relief has been working for some weeks on the proposal to collect the cast-off clothing in America for these needy people.

This movement for helping the stricken inhabitants of Bible lands is headed by Hon. Josephus Daniels, as State chairman and has the approval and backing of leading citizens throughout our great commonwealth.

The following procedure is to be followed strictly in shipping goods:

Packing. All clothing must be baled or boxed before shipping. This insures minimum freight rates and is the only way in which it can be handled in New York, where it must be prepared for export. If you are unable to bale the clothing you can secure locally a supply of burlap bags into which the clothing can be stuffed. Another method would be to get in touch now with your local merchants who should be glad to put at your disposal packing cases for this purpose. These packing cases can be used in the overseas shipment of shoes.

Express and Parcel Post. All express and parcel post should be wrapped or boxed very securely and addressed, using shipping tags which can be secured at the Reflector office, to Near East Relief Warehouse, 549 West 30th street, New York city.

Shipping and Arrival Dates. As soon as the goods are shipped notify Mr. John W. Mace, No. 1 Madison avenue, New York city of the date of shipment and the probable date of arrival at destination. Your local freight agent will be able to estimate this later date.

ATLANTA HAS OPENED UP A "TOURIST PARK", TOO

Atlanta, May 30.—Following the example set by several Florida cities during the past season, Atlanta has opened up a "tourist park" for the accommodation of automobile tourists who desire to stop in the city for several days while passing through from one section of the country to another.

The park is equipped with facilities for the care of 1,000 automobiles and is located on the fair grounds at Lakewood, a delightful spot within easy reach of the heart of the city and surrounding points of interest. Conveniences provided for travelers include fireproof living quarters and garages and modern cooking facilities.

Mr. F. A. Williams of Kinston was here Saturday.

Royal Arch Masons meet tonight.

The river is getting back to a condition for fishing and the anglers will all be trying their luck.

There will be plenty of amusement for everybody today and tonight.

MIGHTY NATION BOWS HEAD IN HONOR MEN WHO DIED THAT NATION MIGHT LIVE

National Commander of the American Legion Issues Proclamation to Legion Members

Indianapolis, Ind., May 30.—F. W. Galbraith, Jr., National Commander of the American Legion, today issued the following proclamation to the Legion members:

"Today a mighty nation bows head in memory of the men who have died that the nation might live—men of Bunker Hill, of Gettysburg, of Santiago and of the Argonne.

"The American Legion joins the nation in its reverence for the dead; but the Legion also claims a dear kinship for those who gloriously fell in the world war. For these men were our comrades-in-arms, linked to us by the strongest of ties.

"We shall visit every grave today, at home and abroad, and shall speak words of comfort to the dear ones who mourn. But we shall not only give, we shall receive. For, as we stand at their graves today our comrades will speak to us. They will remind us of the dangers that set our beloved land, of the enemies, within and without; of the long fight that must be waged. The voice of our comrades comes to us, like a call to arms. 'Fight on, fight on,' it urges us."

What You Will See and Hear This Year at the Chautauqua

First Day

You will enjoy the Four Artists: Miss Price with her harp, Miss Melrose with her songs, Miss Fannes' vocal readings, and Miss Ballein's piano solos.

And at night if you don't laugh till you nearly crop at Mr. Boyl's funny stories, it will be because you are not at the Chautauqua tent.

Second Day

More good music by the Boston Musicians Quintet, Members of the Boston Symphony Orchestra, music which you have read are in this splendid company.

At night Frank Bohn will tell you about some of the things he has seen in his trips to Europe and Mexico. You will know more about our country and other countries when he is through.

Third Day

Ever been to the movies. Course you have. Ever been there when it was broad daylight in the hall? Well now, I guess, you have to say No. But come to the Chautauqua tent on the third afternoon and hear Drey Pearson. His new patented daylight screen allows you to see his pictures in broad daylight.

Mr. Boyl will make you laugh on the first night and your ribs will just about be feeling normal when you see the great play, "Nothing But the Truth," on the third night. A laugh every minute—sometimes two.

Fourth Day

The McGrath Brothers can play they look so much alike you will not their banjos to "beat the band," and be able to tell them apart. And Miss Knox will be your friend with her funny readings.

How would you like to have been with Dr. Gregory Zilboorg when he escaped from the Russian Bolsheviks by having four different passports in his pockets and guessing which one he ought to show in order to avoid being killed on the spot? Hear him tell about it.

Fifth Day

Dr. Jesse H. Holmes is a great friend of children, and you will be able to understand what he says about the great things that are happening in the world today. Ask him some questions, too.

The biggest thing on the program this year is the opera "The Bohemian Girl," which comes on the fifth night.

Interesting and Attractive Display of War Souvenirs

Something that will catch the eye of every veteran and visitor in Greenville today is the display of war trophies and souvenirs in a window at C. T. Munford's store. This display comprises a variety of weapons, ammunition, helmets, gas masks, coins, pictures, etc., that the boys brought home with them from overseas, also the insignias of the different divisions of the American army. Various local members of the American Legion contributed the articles for this display as they make a most interesting and attractive exhibit.

And after the pageant comes a real "Punch and Judy" show by Professor Will H. Smith. The antics of Punch, Judy and their dog will keep you in gales of laughter for nearly an hour. Professor Smith has entertained thousands of audiences of children, and he knows just what you like. Hear him and see Punch and Judy.

On the last night is another big feature which you boys and girls will enjoy to the limit. The Dunbar White Hussars, Nine young college fellows in their white uniforms make a splendid sight, as their songs and instrumental numbers are just great. A Chautauqua opens Friday, June 10,

Famous Discoverer Will be Entertained and Honored by Universities in Chicago

Chicago, May 28.—During a part of the two days of her three-day visit in Chicago next month, Madame Sklodowska Curie, famous woman scientist who, with her husband, discovered radium, will be entertained by Northwestern University, the University of Chicago and the Chicago Section of the American Chemical Society of which Prof. W. Lee Lewis of the former university is chairman, according to announcement made by Prof. Lee today. Mme. Curie is due in Chicago the morning of June 13th coming here from Colorado. That afternoon at the Art Institute, Chicago women will pay her tribute at a reception promoted by the Association of Collegiate Alumnae and by the Associated Women's Organization of Chicago.

Tuesday, June 14 Mme. Curie will be the guest of the University of Chicago a part of the afternoon and, in the evening will be entertained by the Chicago Section of the American Chemical Society when the Willard Gibbs medal, one of the highest honors bestowed by Chemical circles will be awarded to Madame Curie. Prof. Lewis is a member of the national committee of scientists which early last winter cooperated with Mrs. William Brown Meloney of New York in an appeal to Mme. Curie to visit America. There ensued the movement for a gift of \$100,000 worth of radium which on May 20 was presented at the White House in Washington.

Wednesday, June 15, Mme. Curie and her daughters, Irene, aged 20 and Eva, aged 15, with Mrs. Meloney will be guests of Northwestern University at the annual convocation exercises. At the head of the Willard hall girls' committee will be Miss Raymonde Barthdemy, daughter of the French consul in Chicago, who is a senior at Northwestern University.

MAY HAVE BEEN A WHISTLER BUT IT WENT FOR A SONG

Paris, May 28.—M. Gassy, a Parisian painter, was strolling past an art dealer's shop sometimes ago when he recognized a landscape which he had hastily splashed on the canvass in his Latin Quarter days ago and then disposed of for a song. Curious to ascertain what price was asked for the picture he entered the shop and nearly suffered a stroke when the dealer said: "40,000 francs."

You dealers are great humorists, he admonished the shopkeeper. I know what that canvass is worth; I painted it myself.

Please begin by being serious yourself, why don't you look at the signature. The painter had the dealer summoned before a committee of experts which has just reported that the painting is not a Whistler but the work of M. Gassy, the plaintiff in the case. The picture is now on sale for 1,500 francs.

ATLANTA MUSEUM HAS RECEIVED AN EGYPTIAN MUMMY

Morganic Wife King, who Died About 1420 B. C., Been Received at the Emory University

Atlanta, Ga., May 30.—The mummy of the historically famous morganic wife of the Egyptian king Amenophis III, who died about 1420, B. C., has just been received at the museum of the Emory university here, one of the larger institutions of the Methodist Episcopal church, South. The mummy, together with almost a carload of priceless records, was brought to this country by Dr. W. A. Shelton, professor of Semitic languages at Emory, who spent a year in excavations of lost cities.

Queen Ti, the name of the bride of Amenophis III, was famous in her time through the fact that the king in marrying her, defied the world by choosing a bride for love and thereby disregarding royal traditions. She was considered a woman of rare beauty. Her son, Amenophis IV, abandoned the gods of his fathers and built altars to a new god—a one God.

The records received by Emory include the tablet found by Dr. Shelton beneath the royal palace in ancient Babylon, on which a Babylonian king wrote his most famous deeds in order that they might be preserved through the ages. Scientists so far have translated only a few words on this tablet, according to Dr. Shelton. Only two other similar tablets, buried by ancient kings, have been discovered. It is said.

Among various other interesting articles in the Emory collection is a piece of rope—grass rope, similar that you can buy anywhere today—only this piece, perfectly preserved, was taken from a tomb reposing there several thousand years. There are also bronze trinkets, small tools and weapons and many jars and vases.

Greenville extends a cordial welcome to every visitor today and wants you all to come again.

The weather has at last reached something of a crop growing temperature.

THE GLORY OF THE UNSATISFIED WAS SUBJECT SERMON

Dr. Shambart Impresses Upon High School Graduates the Necessity for Nobler Things

The baccalaureate sermon for the graduating class of 1921 was preached at the high school auditorium last night at 8 o'clock.

The program for the service opened with a song by the glee club of the high school entitled "Palm Branches". The audience joined in the singing of a hymn and Rev. Leland W. Smith offered prayer. A special number was given by the glee club "Sweet is Thy Mercy".

The baccalaureate sermon was preached by Dr. W. P. Shambart of the Christian church of this city. He spoke on "The Glory of the Unsatisfied," impressing upon the high school graduates the necessity of reaching for higher and nobler things and stressing the fact only those who are unsatisfied with their present situation and strive for higher goals will make good in this world.

After a song by the glee club "Praise ye the Father", the audience joined in the singing of a hymn.

Rev. C. H. Bascom pronounced the benediction.

Disabled War Veterans to Meet and Organize

Detroit, Mich., May 28.—Questions of vital interest to disabled service men, including a national legislative program with respect to vocational training, war risk insurance, hospitalization and a bonus, will be discussed here during the first national convention of the Disabled American Veterans of the World War to be held here June 27 to 30, inclusive.

Each chapter of disabled war veterans in the country is to be represented at the meeting, under present plans. A permanent national constitution will be adopted and the organization will be incorporated under a national charter. Permanent national headquarters will be selected during the convention and a national emblem decided upon. A national ritual of the organization is to be framed.

The convention is expected to bring together the largest delegation of war veterans ever assembled in America, according to Judge Robert S. Marx, president of the national executive board of the organization.

Among the speakers of national reputation who will address the convention is Uel W. Lamkin, director of the Federal board of vocational education and U. S. Cummings, surgeon general of the United States public health service, who will discuss hospital needs.

Officials of the organization's national board announce Cleveland and Buffalo will send approximately 200 delegates each to a meeting, while Cincinnati expects to send 100. Other cities that have thus far announced large delegations include New Orleans, Tucson, Ariz., Seattle, Wash., and Passaic, N. J.

MEMORIAL DAY

Today the nation pauses in its activities to do homage to the heroes of its wars, not only those engaged in the last general world war but also those of previous conflicts of which there are yet survivors.

The world owes much to the gallant sons who fight our battles, and whether they be living or dead we never can repay the debt to which the hardships they endured and the sacrifices they made entitled them.

HOME BUILDERS

Recently in the town of Hickory a Kiwanis club was organized, and at the very first dinner and public affairs meeting of this organization a movement was started that show what it is out for.

This is a community work and home building that counts, and if the idea should become general among the towns having business men's organizations it would not be long before the housing problem is solved.

KEEP YOUR SIGN UP

For a genuine optimistic view of present conditions that are making people in all lines of occupation feel blue and wear long faces, the following timely article taken from the Southern Tobacco Journal of Winston is commended especially to all readers of this paper who are connected with or interested in the tobacco industry.

"And now brethren of the trade, let us reason together. We observe in our talk with many tobacco men, that there is entirely too much pessimism exhibited. Tobacco folks or many of them are disposed to look upon the present tobacco situation with long faces."

will continue to do so. Financial difficulties exist in foreign countries, which will not exist always and when these difficulties are removed, we may expect to see things "hum" as perhaps never before.

If there are any landlords members of the Hickory Kiwanis club, they seem to think a bigger town would pay better, as evidenced by the club's plan to build and sell homes.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

To see the healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for a week.

Before breakfast each day, drink a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges or whose skin is sallow or pallid, that one week of inside bathing will have the mooking better and feeling better every way.

LADIES—When irregular or suppressed use Triumph Pills Safe and dependable in all proper cases. Not sold at Drug Stores. Do not experiment with others, save disappointment. Write for Relief and particulars, it is free. Address: National Medical Institute, Milwaukee, Wis. Every

**LYNCHBURG, VA.
FIREMAN IS NOW
ALL RIGHT AGAIN**

E. S. White Says He Never Felt Better In Life Than Since Taking Tanlac

"Since taking Tanlac I can slide as I ever could, and when I did 'G' down the pole at the fire house as well as I ever could, and when we get to the fire I can hold up my end of the game as good as anybody," said E. S. White, a popular member of the Lynchburg fire department, who lives at 610 church street, Lynchburg Va.

"At the time I started taking Tanlac I was just about down and out. Everything I ate seemed to lodge in the pit of my stomach, gas formed and bloated me terribly, almost cutting off my breath and I could hardly endure the pain. I couldn't eat anything to speak of and lost weight and strength rapidly. Then I began having rheumatism in both legs and often, when the gong sounded it was all I could do to get down the pole and on the truck in time to make the run. Then when we reached the fire I would be so weak and stiff I just had to drive myself in order to help in the fighting.

"One day after coming in from a fire I was just about all in. Some of the fellows noticed had played out I looked and told me I had better be taking something to straighten me out. As I had seen so much in the papers about Tanlac I decided to try it. I have taken two bottles now and am eating three big meals a day and never have the least touch of indigestion. I have gained twelve pounds in weight and all my strength has returned. The rheumatism is gone and I never felt better in my life."

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Give Mr. Edison an Idea

NONE questions the power of good music to relax tense nerves and allay fatigue.

Edison spent three million dollars in research work to develop an instrument, which would RE-CREATE all forms of music, with absolute realism, and thus provide an instrumentality, by which the true beauties and full benefits of music can be brought into every home.

Edison wants a phrase of four or five words, which will distinguish this new invention from ordinary talking-machines. He offers \$10,000 in prizes for the best ideas. Bring or mail the

coupon and get a folder, that gives full particulars and instructions.

Three Days of Music Free

If you do not own one of Edison's new instruments, we shall gladly lend you one for three days, in order that you may experiment with it in your own home and learn what music will do for you. This experience may make it easier for you to win a prize.

Act quickly, as the number of instruments, which we can lend, is limited. Bring or mail the coupon. You assume no expense and no obligation.

Have you a daughter Graduating this June?

You promised her a gift. Make it a New Edison, —and delight her heart with music.
