NEGRO MAN BEATS HIS MOTHER WITH CHAIR LAST NIGHT

While He Hunts Gun to Finish the Job She Gets Away and Spends the Night in the Woods

One of the most brutal crimes committed in this county for several years was committed last night at the home of Maggie Person, colored woman, living a few miles from Greenville, when her son Tip Person, beat her with a chair until she was almost unconscious and then left her to get a gun to finish the job.

Before he returned with the gun, however, she realized what he had gone for and managed to get out of the house and spent the night in the woods near by.

According to the story of the mother who after spending the night in the woods, walked to Greenville this morning, she had done nothing to provoke her son to beat her. She says that she asked him for some money as she wanted to attend church today.

She presented a pitiful picture upon her arrival at the court house. Fresh blood was pouring from the wound on her head, her bonnet and dress were covered with blood, and her arm hung lifeless at her side.

She was taken to the Smith-Skinner emergency hospital where she was given medical attention.

Shortly after her arrival in this city Sheriff Dudley issued a warrant for Person's arrest. He was brought to Greenville and placed in jail to await trial which is scheduled to take place next Monday.

PROPOSED GOVERNMENTS TAKE OVER THE PACKING BUSINESSES TOGETHER

Montevideo, Uruguay, May 31.—A proposal that the governments of Uruguay, Argentina, Brazil and Paraguay take over by expropriation the packing houses in those countries has been made by a committee of the Uruguayan house of representatives.

Most of the packing houses in those countries are controlled by foreign capital, a large part of which is North American. It is estimated that the total cost of such an undertaking would be over \$100,000,000 and that the cost in Uruguay alone would be \$22,000,000.

The committee recommended that a convention of delegates of the four South American countries be held to arrange joint action and suggested the issuance of domestic and foreign loans to raise the funds necessary to acquire the packing houses.

It is proposed by the committee that the establishments be placed under the control of directors comprising gentlemen and government officials in the respective countries. Another directorate would be formed of government representatives who would control the marketing of the products abroad and fix prices, acting jointly in all of the four nations.

HISTORIC ORDER OF THE SUN HAS BEEN REVIVED

Lima, Peru, May 4.—The historic Order of the Sun, created as "an eternal institution" by General José de San Martín during the aristocratic regime of early Peruvian independence, has been revived under a supreme decree, General Simon Bolívar, one of the liberators of Peru, abolished the order in 1825 on the ground that it did not conform with the laws of the political constitution of the republic.

Membership in the order, says the decree just issued, may be granted to Peruvians, military and civilians, who have rendered themselves worthy of distinction and to foreigners who have made patent their interest in Peru. The president of the republic will be the grand master.

Several articles of the Order of the Sun are said to be identical to those of the Order of the Cincinnati in the United States.

PROGRAM ANNOUNCED FOR THE EAST CAROLINA TEACHERS TRAINING SCHOOL COMMENCEMENT HERE

Commencement to be One of Most Interesting in History of School—Hon. S. M. Brinson to Deliver Address While Dr. George A. Miller Will Preach the Baccalaureate Sermon

The commencement at the Training school will be one of the most interesting in the history of the school. Although it consumes less time than usual and ends on Tuesday at noon, there are more features crowded into the time.

The commencement music recital on Saturday opens the program. The hour is 8:30. The public is cordially invited to this as well as to all other public events during the commencement.

At 11 o'clock Sunday morning the commencement sermon will be preached by Dr. George A. Miller, an eminent minister from the Christian church, who is pastor of a church in Washington. He is president of the International Convention of the Disciples of Christ.

Rev. R. C. Craven, pastor of the Methodist church of Oxford will preach the sermon before the Young Women's Christian Association at 8:30 Sunday evening. The special music at both of these services will be very attractive.

The board of trustees and the meeting of the alumnae association will be held at the same hour on Monday morning, at 10 o'clock.

The alumnae luncheon will be held in the dining hall of the Training school at one o'clock. All the alumnae are urged to attend both the meeting and the luncheon.

The class day exercises will be held on the west side of the campus at six o'clock in the evening on Monday.

Miss Dicie Howell, the distinguished North Carolina singer from New York, will give a recital on Monday evening at 8:30. This alumnae recital is one of the features that distinguishes this commencement from all others.

Tuesday morning at ten o'clock the address before the graduating class will be delivered by Hon. S. M. Brinson. The graduating exercises will be immediately after the address.

The alumnae will be entertained in the dormitories. Members of last year's class are the guests of the school, and the others are entertained at very low rates. A number of the alumnae from a distance have notified the authorities that they will attend commencement. A larger crowd than ever before is expected.

Miss Bertolet brings glowing reports of Miss Howell and her voice, and stories of her great success in New York and other places where her voice has been heard. She says the program is wonderfully well selected and that there is something to please every soul who comes to hear her, and some people will be pleased with everything. Miss Bertolet also speaks of her charming personality, and says she wins her audience at once.

The people of Greenville and the visitors from a distance have a rare treat ahead. It is not often a State has a better opportunity to welcome one of her daughters who has become a celebrity. Miss Howell should have a crowded house Monday night. She should see that North Carolina appreciates what she is doing.

ROLL OF STAMPS LOST TWICE IN FEW MINUTES

A rather unusual incident took place yesterday. A man went to the post office and bought a roll of stamps to use in a vending machine. He dropped the roll in the lobby and did not discover the loss until reaching his store, a few minutes later. In the meantime another man had picked up the roll of stamps and he likewise lost them before reaching his place of business, so the same roll was lost twice inside of fifteen minutes. If somebody else has found them the owner can be learned by calling at the post office.

DOCTOR 99 YEARS OLD TELLS HOW HE LIVES TO SUCH RIPE OLD AGE

Los Angeles, Cal., June 1.—Dr. James Martin Peebles, physician and author, who not long ago celebrated his 99th anniversary and who wrote a book on "How to Live a Century and Grow Old Gracefully," ascribes his long life in large measure to abstemious eating habits. Dr. Peebles stopped eating meat when he was 39 years old. He wrote his book on the rules of living when he was 62.

Asked what he considered the greatest contributory cause to his long life he instantly replied: "One cannot strengthen life by living on death. I cannot bear the idea of eating dead cows and dead hogs; and it is not necessary. See how strong are horses and oxen; they do not live on dead flesh." Other rules he made for himself and which he said he believed had helped him to reach his advanced years included: "Go to bed every night at 8:30. Out of bed every morning at six. Never use tobacco. Never use intoxicating liquors. Never complain.

"Avoid all worry and keep an harmonious mind. Worry is among the worst things in the world. Have a strong will-power. Always look for the new. Keep calm."

Dr. Peebles was born March 23, 1822, at Whittingham, Vt., and was graduated from Oxford Academy, Chenango county, N. Y., in 1841. He has traveled around the earth five times.

ETIQUETTE LEAGUE TRYING TO "MAKE IT SNAPPY"

The league first concentrated its efforts to abolish the customary shaking of hands and long conversation inevitably following the casual meeting of two persons and to replace it by a simple How do you do?

Stopped by Unknown Negroes on River Dam About 8 O'clock and Relieved of \$137.00

Mr. A. R. Stepp, who resides about one mile from Greenville, while on his way home last evening about eight o'clock was held up by two negroes and robbed of \$137.00.

Mr. Stepp was on the dam across the river when the bold robbery took place.

Yesterday being the first of the month he had collected the money for it to put in the bank. Never dreaming that any one would attempt to rob him at such an early hour, he started home with the money.

The negroes evidently had planned the hold up, as one jumped from one side of the road and grabbed the horse, while the other came up beside the buggy and at pistol's point demanded the money.

Mr. Stepp knew neither of his assailants, but stated that the one who took the money was about thirty years of age and looked like he might weigh about 150 pounds. A reward has been offered for his arrest.

NEW LIGHT ON OUR WEALTH

The total taxable wealth of North Carolina in 1920 was a little over three billion dollars. The revaluation figures reported in August of that year were \$3,158,480,072.

Then came the collapse of cotton and tobacco prices in the fall of 1920, and in the general distress of the cotton and tobacco belt the question uppermost was: Are not our tax values inflated and ought not the revaluation figures to be lowered? As a result, in 44 counties the tax valuations were lowered by the county commissioners in various ratios, ranging from ten to sixty percent. Thirty-three of these 44 counties are in the cotton-tobacco belt.

But as a matter of fact, is North Carolina bankrupt, or anywhere near bankrupt?

The report of the State insurance commissioners throws a flood of light on the wealth of the State when the year 1919 came to a close. He shows that the property covered by fire insurance in North Carolina was valued by the insured at a little more than one billion dollars or \$1,042,000,000. Which is to say, the insured property of North Carolina is one-third of the total taxable wealth of the entire State.

When you stop to think of it, this total of insured property represents only a fraction of the true wealth of the State. People who take out fire insurance are simply protecting buildings and contents of the same, homes and household goods, stores and merchandise, offices and furniture, factories and machinery and so on. But the great majority of country dwellings and town buildings are not insured, and fire insurance does not cover land at all.—University News Letter.

SAGE TEA KEEPS
YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

OUR FLAG

I love my Flag and my country too,
I love it better than most others do;
Have you ever seen our Flag how it
waves?

Have you ever looked on the old sol-
diers graves?
And thought how true to you they
were.

For they were always ready for what
might occur.

You never once heard them say,
They wanted to return home and stay;
Their duty was to do their best,
Often without sleep and without rest.
And have you ever thought how much
you

Owe to those who fought and died for
you and me?

DRINK HOT WATER BEFORE BREAKFAST

Says You Really Feel Clean, Sweet
and Fresh Inside, and Are
Seldom Ill

If you are accustomed to wake up
with coated tongue, foul breath or a
dull headache; or if your meals sour
and ferment, you have a real surprise
awaiting you.

Tomorrow morning, immediately
upon arising, drink a glass of hot
water with a teaspoonful of lime-
stone phosphate in it. This is intend-
ed to first neutralize and then wash
out of your stomach, liver, kidneys
and thirty feet of intestines all the
indigestible waste, poisons, sour bile
and toxins, thus cleansing, sweeten-
ing and purifying the entire alimen-
tary canal.

Those subject to headaches, back-
aches, bilious attacks, constipation or
stomach trouble, are urged to get a
quarter pound of limestone phosphate
from the drug store and begin enjoy-
ing the morning inside bath.

Just as hot water and soap cleanse,
purify and freshen the skin, so hot
water and a teaspoonful of limestone
phosphate act on the stomach, liver,
kidneys and bowels. Limestone phos-
phate is an inexpensive white powder
and almost tasteless.

"The Advantage of a Handicap"

You didn't know there was such a thing, did you? It sounds impossible, but that is what Mr. Elliott A. Boyd, the lecturer of the opening night at Chautauqua, will explain. And he will explain it in such a way that if you haven't a handicap you will wish you had one on account of the advantages it would bring to you.

Newspaper reports in other towns paint a glowing picture of Mr. Boyd's ability as an orator. They say his wit is incisive, his word painting most colorful, and his common sense diagnosis of his subject extremely helpful to his auditors.

Not the least attractive characteristic of Mr. Boyd's lecture is his collection of really new humorous stories, and he tells them with that ability which marks a born storyteller; and Mr. Boyd's stories, humorous in themselves, aptly illustrate the points of his lecture.

He will open a week of strong lectures.

Better Than— "Rebecca of Sunnybrook Farm"

If you remember anything about last year's Chautauqua program you have not forgotten how you and everybody else in the tent laughed and luffed and left over the play, "Rebecca of Sunnybrook Farm." And you said, "I wish I could see it over again." You didn't mean that; you meant, "I wish I could see another one just as good."

Well, it's coming! "Nothing But the Truth" is just as funny as "Rebecca of Sunnybrook Farm," and the plot is better. Just to get ready for the fun, you try, for a day, to tell absolutely "Nothing But the Truth" to every one you meet. When your neighbor asks you what you think of the paint on his house, tell him the truth; don't say, "Why, that looks fine." When you are asked about your opinion on a certain man, be honest now; don't hedge—and after you have tried that for a few hours (you won't last a full day), then you'll be really ready to enjoy this Broadway and London success.

A cast of nine will present it. Special scenery and costumes will add the artistic touches. Have your plans made not to miss it. It's a big feature of the entire week's program at Chautauqua.

Board of aldermen meet tonight.
