MR. L. S. TOMLINSON TO DELIVER ADDRESS GRIMESLAND JUNE 7

Will Go There in Interest of the Co-operative Marketing Campaign Which is on in County

The co-operative marketing campaign which has been on in this county for the past several weeks is receiving more interest each day and Mr. W. B. Pace reports splendid progress. On yesterday afternoon Mr. Pace visited Grimesland where he with a few business men of that city, held a get-together meeting to discuss the signing up of people in the Grimesland section. It was decided that they have Mr. L. S. Tomlinson of Wilson, president of the State cotton association, to visit Grimesland on next Tuesday evening, June 7th, to give a talk on the co-operative marketing plan and to explain it so that the farmers and business men of that section might understand exactly what it involves.

Immediately after the talk and on Wednesday several of Grimesland's most prominent business men, among them being Mr. Brooks, cashier of the bank, Messrs. Amos Clark, J. J. Elks, Scott Galloway and others, will go out and make a canvass of the Grimesland section and sign up all the farmers, if possible.

On yesterday morning Mr. Pace and Mr. C. R. Elks did some work around Grimesland and signed ten contracts.

When men put their shoulders to the wheel and help like this any undertaking will be a success. Every man is receiving an invitation to attend the meeting next Tuesday evening.

The people of Ayden are also vitally interested in the co-operative marketing plan and the issue is receiving wide attention in that section of the city. On last Friday evening they had a banquet, at which time Mr. Tomlinson was present and explained the plan of co-operative marketing crops, that of cotton and tobacco, explaining how this method of marketing would effect the business man.

Immediately after his address a committee was appointed to formulate plans to put it across in Ayden and adjoining townships. It was decided that there would be held in the city hall this afternoon at 2:30 a meeting to which all farmers and business men would be invited to study the contract and thoroughly discuss it.

The canvassing committee is meeting with great success in that territory. Mr. Pace accompanied by Mr. O. F. McCrary, district demonstration agent of Washington, are in Ayden this afternoon attending the meeting. Mr. Pace is enthusiastic over the work in this county and is doing everything possible to help put the campaign across in Pitt county.

PAN-PACIFIC LEAGUE OF NATIONS BEEN PROPOSED

Honolulu, T. H., June 2.—A Pan Pacific league of nations, with Honolulu as the capital of the league, as recently advocated by Professor Walter B. Pitkin of Columbia university is a subject which has been informally discussed between officials of the Pan-Pacific union, whose headquarters are in Honolulu, and several premiers of Pacific lands, according to Alexander Hume Ford, secretary-director of the union.

Last year, said Secretary-Director Ford, both Senator Henry Cabot Lodge and Franklin K. Lane, then secretary of the interior, advocated a Pan-Pacific league of nations.

It has been suggested by some of the Pacific premiers who have passed through Honolulu that the Pan-Pacific union, of which all of them are officers, should take up the project of the Pan-Pacific league and Mr. Ford, who recently left for the national capital, expects to confer on tentative plans along this line with officials there.

AMERICAN B. A. TO HOLD CONVENTION

Delegates From Almost Every State in the Union Are Expected to be Present

Minneapolis, Minn., June 3.—The American institute of banking, educational section of the American Bankers' Association, holds its 19th annual convention here July 19 to 22. Approximately 1,500 delegates from almost every State in the union are expected to be present.

Because of recent financial readjustments, the meetings promise to be the most important held by banking heads this year. Five industry talks by men actively identified with each individual subject will be a feature of the convention. Men nationally known are to be selected to talk on milling, livestock and packing, automobiles, merchandise jobbing and transportation.

Another feature will be a symposium on foreign trade, in which a number of prominent institute men will participate. Questions of world-wide trade, and any relating subject which affects American bankers will be discussed.

It is planned to have among the speakers a prominent banker, a man high in the administration in Washington and an eastern educator, according to members of the program committee.

They begin a new decade with plans that are far reaching.

All who are in or near Greenville should make a special point of being on hand that day. There will be something throughout the day of interest to the alumnae.

UNCLE SAM TO SELL BOOZE AT AUCTION IN NEW YORK SOON

\$30,000,000 Worth Bonded Liquor to be Placed Under Hammer—But You Must Have License

New York, June 2.—Uncle Sam will soon hold the greatest auction of wet goods in the world. About \$30,000,000 worth of bonded liquor, confiscated in New York since the Volstead act became effective, will be placed under the hammer. If \$5,000,000 is realized the government will be happy.

But this auction will be a semi-private affair. The man with a thirst, regardless of the condition of his pocketbook, will not get an opportunity to participate, except possibly in the role of a mournful spectator on the sidelines. The only bidders will be persons duly licensed to deal in alcohol or have it in their possession. Some of the liquor may be given away to hospitals if there are no bidders.

The principal reason for holding the auction is that the big warehouse where the liquor is now stored, is crowded to capacity. In this glorified bar room is stored every kind of intoxicant known in the dry era. There are something like 33,000 cases of rare old whiskey, brandy, gin and wine; more of the same in 5,000 barrels, to say nothing of hundreds upon hundreds of demijohns, bottles and flasks.

Marshal (Big Tom) McCarthy has been designated as auctioneer.

ATHLETIC CUP IS PRESENTED TO THE SENIORS E. C. T. S.

President Wright Presents the Cup at the Morning Assembly to the Senior Class

The athletic cup for general athletics in the Training school was this morning presented to the senior class. They are the acknowledged champions in tennis, walking, and volley-ball, the specific sports for which this cup is awarded. Some time ago this same class won the cup for basketball.

President Wright presented the cup at the morning assembly. The last time the school meets together each year this cup is presented. There is always suspense as the walking score is never checked up until the last day. Misses Irma Vause and Mamie Whitfield of the senior class are the champion walkers of the school. The seniors had an overwhelming majority of points. Theirs was sixteen and the next score was five.

Miss Josie Dorsett, president of the senior class, accepted the cup for her class.

CITY ALDERMEN IN SPLENDID SESSION THURSDAY EVENING

Many Important Matters Are Considered and Dickinson Avenue to be Widened

The board of aldermen met last night in the regular monthly session at which time several matters pertaining to municipal welfare were discussed and numbers of minor issues disposed of.

The meeting was presided over by Mayor D. M. Clark with every member of the board, except Mr. W. L. Hall being present.

Several matters concerning sewers and lights were referred to the water and light commission. The water and light commission was ordered to put in a third circuit for street lights.

Dr. Chester appeared before the board and submitted ordinances governing the sale of milk, sanitation, etc.

The ordinances were that milk either be pasturized or cans be given the tubercular test. The ordinances were referred to a committee composed of Messrs. W. A. Bowen, C. D. Tunstall and P. L. Clodfelter. These are to investigate the matter, decide which ordinance is better and report at next meeting.

Heretofore persons with no more than two cows have been exempted from the regulations governing the sale of milk, but now a man with one cow comes within the regulations, if he sells the milk.

Atlantic avenue, from Dickinson avenue to the Imperial factory, and Bridge street from the ending the present pavement to the bridge, were ordered paved providing that the finance committee be able to borrow money with which to do the work.

Dickinson avenue was ordered widened by setting the curbing back. The telephone company was ordered to have the telephone wires placed under ground in order that this might be accomplished.

In the Munford matter, the board voted that the town retain a full ten foot sidewalk on the west side of Evans street from Five Points to Seventh street.

Ordinances were passed requiring all automobiles, unoccupied, to be off of all paved streets from 1 a. m. to 6 a. m. This is to be done in order that the streets can be swept and keep the town in a more sanitary condition. Any person leaving their cars on the street will be awakened and required to move same. This ordinance will be strictly enforced as it is absolutely necessary that the street be swept.

Ordinances were passed requiring F. J. Forbes to move fence off of sidewalk on Seventh street; T. A. Person and company to move fence back on Eleventh street, and T. R. Moore to move fence on Tenth street.

Five drinking fountains were ordered to be installed at different places in the town.

After several minor matters, the board adjourned to meet again the first Thursday night in July.

People who keep their doors locked are in less danger of burglars.

If the price of gasoline would drop in proportion to the decline in automobiles, the cost of riding would not be so great.

No good has ever yet come to either class from race troubles, but whenever they occur they only make conditions worse. It is usually some hot heads that bring on the trouble.

North Carolina also seems to be plunging quite heavily into the strike business. Because of announced reduction in the wage scale of cotton mills, over ten thousand employees in mills in the Piedmont section of the State have walked out.

The State highway commission has set the limit at twenty million dollars for roads in course of construction and to be constructed for this year. The commission has had some concern about getting the money at reasonable interest rates, but this condition was greatly relieved by many counties offering to extend credit and proceed with the work themselves and let the State reimburse the counties when funds are available. Pitt county's offer was to use a million and a half dollars in this direction and insisted upon the State commission accepting this offer so the road building in this county can proceed without interruption.

SAVIOUR, EXEMPLAR, GUIDE AND FRIEND

By J. Richard Allen

If our heart goes out in love to all with whom we come in contact, we inspire love and the same ennobling and warming influences of love always return to us from those in whom we inspire them. Thus it is that when we help or encourage one, our act goes much further, for it not only helps the one, but it arouses a desire on the part of that one to do likewise—to love in return and set an example for others. We look about us and say that there is so much distress, sorrows and suffering in the world, but it must be remembered that this statement is based only on the distress, sorrows and sufferings we see manifested by those with whom we come in contact. But there are untold thousands of heroic souls who, notwithstanding they give no outward sign of suffering and sorrow; yet their hearts are torn and bleeding, or their bodies are racked with pain, or their minds are strained and wretchedly disturbed because of cares and troubles of which the world knows nothing.

Much more acute is mental suffering than physical; much more terrible is a wounded heart than a flesh hurt, and yet these so often yield to the ministrations of other hearts beating in sympathy with them. Such helpfulness is real and true service to the Master. He who loves God sincerely loves His fellowman and will manifest his love in words and deeds which will prove his sincerity.

Before we can bring happiness to others we must first be happy ourselves; nor will happiness abide with us unless we confer it upon others. If there be a smile upon our lips, those around us will soon smile, too, and our happiness will become the truer and deeper as we see others

are happy. It is a beautiful and a glorious fact that the greatest, the truest happiness comes of making others happy. This being true—and the world seems to know that it is—does it not appear strange and unaccountable that deeds of loving kindness are not more numerous.

I THINK TANLAC JUST WONDERFUL SAYS MISS O'HARA

Memphis Woman Testifies to Beneficial Results From Taking Tanlac

So many people throughout the United States and Canada have testified to having used Tanlac with such splendid results following influenza, grippe, operation, typhoid and pneumonia; and other troubles which bring on a run-down condition, that it has become universally recognized as one of the most powerful reconstructive tonics of the present age.

Another striking statement in connection with this fact was made by Miss Mildred O'Hara of 926 Delaware St., Memphis, Tenn.

"I am enjoying better health today," said Miss O'Hara, "than I have in ten years and I am glad to make a statement that may cause others who are needing something to build them up to learn about Tanlac.

"Five years ago I was operated on for appendicitis and was never able until I got Tanlac to get my strength back. My health was bad for a long time, even before the operation, and I just seemed to be gradually going from bad to worse.

"I just think it is the most wonderful thing I ever heard of that three bottles of Tanlac should make me feel so fine after I had suffered so long. It has given me new life, strength and energy that makes living a pleasure. I used to have constant headaches, but now I never have one at all. Tanlac has been my friend and I will never go back on it. It is just grand."
