

GREENVILLE TAKES SECOND GAME FROM KINSTON BY SCORE 4 TO 1

Jones Pitches Brilliant Ball For the Visitors Allowing Only One Hit and One Run. Greenville Doesn't Hit So Hard, But Succeeds in Bingling When They Counted in Runs

In decidedly one of the best games seen on the Kinston diamond in many a day Greenville made it two straight from Manager Jim White's Robbins by taking yesterday afternoon's exhibition by the score of 4 to 1. The contest nearly developed into a repetition of the day before, except that the visitors were able to hit more advantageously and fielded in a way that constantly drew applause from the grandstand and bleachers.

The Robbins started things off like they meant to take the Boll Weevils in tow, but inability to hit when hits would have resulted in runs proved their undoing. They did succeed in sending a runner across the rubber in the third frame, but after that time they found it absolutely impossible to connect. The runner, however, reached the checking station before the Greenville crowd was able to get a tally around the circuit. This caused some of the fans to believe the tables would be turned and that the Robbins would be able to prevent the Weevils from scoring at all, defeating them by the same score of the day before.

But in the fatal fifth, sixth and seventh frames the visitors succeeded in sending a single run over the rubber in each inning, bringing the total to four. This turn in affairs quite naturally discouraged the crowd somewhat, but the Kinston folk rooted continuously without letting up until their side had been retired in the ninth inning without scoring.

The outstanding feature connected with Greenville's victory possibly was the pitching of Jones, who held the Robbins at his mercy at every stage and positively declined to yield up any thing in the shape of a hit when it was badly needed. Only one time, that being in the third frame, did he let them hit, and then he proved so stingy that the next batter was forced to work the squeeze play to get the runner down at the checking station. Sammy Carson appeared behind the plate and between the two Kinston found it impossible to score when it seemed the easiest thing in the world.

Jim White pitted Hines against Jones. As everyone probably noted this same fellow Hines had brilliant red hair, while behind the bat appeared another red cranium equally as glowing, scintillating and unrelenting as the at times invincible Hines. The combination seemed to be an excellent one for a while, but eventually the Boll Weevils kept raising around the bags until they found things exactly like they wanted them. And right here is where they played havoc.

In the fifth Adams singled, later being sacrificed by Fogleman; Hatchford singled, Adams going to third; Carson bunted, Adams scoring on a timely squeeze play. In the sixth scoring was continued when Stringfield was given base on balls; Wood sacrificed; Leftwich singled, scoring Stringfield. In the seventh the destructive work continued. Fogleman was given a free pass to first, later going to second and third on passed ball. Carson hit out to centerfield, Fogleman hitting the rubber just in time to be safe. In the ninth frame Leftwich landed on the pill for exactly three bases, scoring on Fogleman's single.

Kinston did their only scoring in the third frame when the fortunate Webb succeeded in getting the only hit of the game, lining one out for a single. Hines sacrificed. C. White bunted. Webb scoring on a squeeze play.

Score by innings: R. H. E. Greenville 000 011 101-4 5 0 Kinston 001 000 000-1 1 0 Jones and Carson; Heins and Johnson.

POWER COMPANY MAKES REDUCTION IN CURRENT RATE

Fifty Percent Cut in Power for Electric Ranges and Other Cooking Devices Announced

E. E. Williams, superintendent of the Water & Light commission of this city today announced a fifty percent reduction in rates for electric current for cooking purposes to become effective immediately. The change will be received with general interest throughout the entire city, particularly by housewives who are directly affected because of provisions made for electric ranges and other cooking devices of the electrical order.

The new rate will be three cents per kilowatt hour, which is about half what it has been for the past several months. The department sometime ago announced a reduction in prices, but this did not directly affect anything except lights and water. The new rates are as low, if not perhaps lower, than any other city in this section of the State and at the present time compares favorably even to low gas rates.

The Greenville commission has taken some forward looking steps during Mr. Williams' administration, having made numbers of improvements which place the department in position to render service not to be compared by any other town of the size in this part of the country. Practically all buildings at the plant have been improved together with an entirely new water and light system and as a result facilities at this time are superior to anything in history of the city.

The reduction of rates will be received with genuine favor, and shows to what extent members of the commission are endeavoring to cooperate with the public.

The local electrical dealers are taking the opportunity of calling the attention of the public to the advantages of electrical ranges. All dealers are carrying advertisements in this paper today.

DR. J. B. TURNER TO PREACH SPECIAL SERMON TO PYTHIANS

Dr. J. B. Turner will preach a special sermon to the Pythians in the Immanuel Baptist church tomorrow evening at 8 o'clock. All Pythians are requested to meet at the lodge rooms not later than 7:45 p. m. so they can go in a body to the church. Dr. Turner is a splendid speaker and those who attend will hear a good sermon.

Table with 2 columns: Player Name and Statistics (H, R, E, etc.)

Summary: Three base hits, Leftwich. Sacrifice hits, Heins, Carson, 2; Fogleman. Base on balls--off Heins 2; Jones 3. Stolen bases, Fogleman, J. White. Wild pitch, Jones. Double play, Woods to Stringfield to Massey. Umpire Holland. Attendance 1200. Sacrifice fly, Carson.

EXPRESS COMPANY ASKS ASSISTANCE OF CITY CHAMBER

Requests Body to Help Get the Public To Co-operate in Shipping Matter.

A recent communication, from the American Railway Express Company, of New York, addressed to H. L. Smith, Secretary, Pitt County Chamber of Commerce, is of such importance that the public should have the benefit of same. The letter follows.

"We are making an effort to induce shippers to address their express shipments to street and number - that is to say, we are asking that the address include the full local address of the consignee.

"I think you can appreciate the importance of this and the advantages to the shipper as well as ourselves. A test recently made at Philadelphia developed that out of 1400 shipments in our On Hand or Undelivered Matter Department, 38 per cent were there solely for the reason that the consignee's address (street and number, was not shown.

When the complete and correct information as to local address of the consignee is given, we can sort shipments to proper delivery runs immediately on arrival at destination and we can make delivery to the correct consignee without any doubt or delay.

When shipments reach cities, and particularly the larger cities, addressed, for instance, to Robinson & Company, we have to do considerable figuring before we can satisfy ourselves which Robinson & Company is the correct assignee, and as a rule this involves delay, trouble and, we believe, unnecessary work.

The suggestion given above should be remembered by the public whether they are shipping by express, freight or parcel post. Anything that the public can do to carry out the thought of the above letter will be of direct benefit to themselves.

This warm weather makes people appreciate Amuzon park and its bathing beach.

The base ball bulletin board in front of the Reflector office draws the crowds these afternoons.

NEW BERN BEARS DROP FIRST GAME TO HEFTY SAILORS

League Leading New Bernians Beaten by Washington Yesterday Score 3 to 2

Washington, June 17.—New Bern's string of victories was broken today when the locals won out in their half of the seventh with a triple and two home runs after the Bears had put over two in their half of the same inning when Casey Morris knocked the ball over the rightfield fence with Neal on second.

Pollock for New Bern was relieved in this frame after he had allowed five hits. The score by innings: R. H. E. New Bern 000 000 200-2 6 2 Washington 000 000 303-3 5 1 Pollock, Lemberg and Morris; Ludwig and Johnson.

BOTH OLD AND YOUNG ENJOY THE DAY

Yesterday the Free Bill Baptist Sunday school from Forbes church near Fountain, with their superintendent, V. B. Lewis, spent the day at the park. As usual there was a bountiful dinner served. It seems that Pitt county people, no matter from what section, have the happy faculty of knowing how to cater to hearty appetites. Bathing and boating were indulged in by both old and young. The managers of the park are always glad to have the people of the county with them and state that any suggestions for improvements will be given attention.

HEAVY VOTE NOTED IN LAST ELECTION OF CHAMBER BODY

Large Vote Shows Considerable Interest in Preparations for Intensive Campaign

Indications that practically every member of the Chamber of Commerce would vote in the election for directors that closes Monday night were evident from the large number of ballots that had been cast at noon today. One of the features that has pleased the officials of the chamber is the large county vote that has already come in.

Ever since the issue of the ballots through the mails Thursday night there has been a steady stream of votes into the improvised ballot box in the chamber of commerce office. Most of the voting is done by mail though a considerable number, too, are being delivered in person.

Question has been raised about the numbered return envelope which accompanied each ballot, and in which the ballot to be counted must be inserted. H. L. Smith, the secretary, assured questioners that while a record was kept of the numbered envelopes sent to each person that there was no check on the ballot to determine the state of each person. It was adopted upon recommendation of the American City Bureau merely as an obvious precaution against thoughts of irregularity.

It also enables the secretary's office to determine the membership interest by recording the list of voters. This is invaluable to the work of the organization throughout the year. Assurances were also given that as the ballot envelopes were removed from the ballot box on the night of the count they were opened, the ballots removed and in this way all connection between the numbered envelope and the ballots was lost.

Immediately after the completion of the count Monday night the names of the 12 elected directors will be announced. They will meet Wednesday afternoon in the chamber of commerce offices for organization. At this time they will elect a president, two vice presidents and a treasurer. All the officers with the exception of the treasurer, must be members of the board.

WIVES NOT EASY TO PURCHASE IN EGYPTIAN CIRCLES

Old Custom Affords Difficulty to Wealthy Members in African Cities

Minneapolis, Minn., June 17.—Although it is the custom among the gypsies to have the parents of the prospective bridegroom purchase a wife for their son, covetous mothers' dates are not always so lenient when bidding larger sums for the maiden's hand.

Such was the information gleaned by John D. Greathouse, a local attorney, who acted as counsel for a Chicago gypsy mother and father, when they came here in an attempt to take their daughter whom they charged was kidnapped, while the mother of the groom-elect maintained she had paid \$2,000 for the girl as a wife for her son.

"I have learned that when the mother of a girl among the gypsies takes a liking to a young man and considers him suitable for her daughter, a nominal price will always get the bride-to-be even though there are offers much higher by men not so well liked," declared Mr. Greathouse.

The attorney said that under the traditional customs of the gypsies, the younger generation has no voice in determining their mates, and the matching is a matter for the parents only.

The biggest objection to ice is the lack of staying quality.

STILL FALLS INTO READY HANDS OF COUNTY OFFICERS

Sixty Gallon Affair Captured by Deputy Thad Williams in Vicinity of Haddock's X Roads

The illicit whiskey traffic of this section was given another scare yesterday afternoon when Deputy Sheriff Thad Williams and Policeman Claude Wooten succeeded in capturing another still in the vicinity of Haddock's Cross Roads. The haul was some of the biggest made in several days as four barrels of beer were destroyed with about six barrels which had been emptied of their contents earlier in the week.

There was nothing unusual about the still. In fact, it happened to be one of the usual kind used in the manufacture of inferior brands of monkey rum, which has been appropriately designated as "nigger licker". The part supposed to be the cauldron is nothing more than a sixty gallon gasoline drum, with a worm constructed of the same material. It was heated by a brick furnace such as generally used in practically all cases, with the exception of a very few where either oil or gasoline stoves are employed for heating purposes.

Surroundings showed the outfit had been in almost constant operation for several months, although the moonshiners fortunately happened to be away when the officers were notified of the still's whereabouts. It could not be determined as to whether the operators were white or colored men, but it is generally conceded in official circles that they are colored, although this is merely a hasty conclusion.

The beer, of course, was in a state of fermentation and probably would have been ready for distilling into whiskey the early part of next week. As customary when such is found the officers poured it out on the ground, and even completing their task by bursting the barrels to pieces.

The officers are making every effort possible to reduce serious proportions which the traffic has assumed in many parts of the country, and it is very probable quite a number of outfits will fall into their possession during the summer months. Moonshiners have become more surreptitious in their movements recently, but even the vulpine at times get caught. Warfare on the traffic has been waged with great diligence and it is assured results will be gratifying in the near future.

GREAT BRIDGE TO BE BUILT ACROSS THE FRISCO BAY

'Chinese Wall' As it is Called Last to be Crossed by Ambitious Californians

San Francisco, June 18.—San Francisco's "Chinese Wall", as some have called the waters of San Francisco bay which separates this peninsula city from the continental mainland of Alameda county is to be crossed, according to plans announced here recently. All the plans call for a bridge across the bay, with one scheme proposing a tube to Yerba Buena Island, half way across, and a bridge the rest of the distance.

Bridging the bay would, it is claimed bring closer together the city of San Francisco with the cities of Oakland, Berkeley, Alameda and other points on the continental side of the metropolitan area. Daily, hundreds of thousands of people, who live across the bay cross on the ferries and generally, on Sundays and holidays, the ferry systems cannot keep up with the crush of automobiles seeking passage across.

Some of the people loafing around town asking for work could find it out on the farms.

PYTHIANS ADJOURN THEIR CONVENTION HELD GREENSBORO

Sessions Feature in Election of Officers, Adoption of Resolutions and Social Features

The grand lodge of the Knights of Pythias of North Carolina, holding its golden jubilee convention in Greensboro since Tuesday, adjourned at 4:30 o'clock yesterday afternoon to meet next year in Wilmington. The program for yesterday contemplated three business sessions, morning, afternoon and evening, but the work was completed at the afternoon meeting, and the third session was cancelled. A barbecue and picnic at the historic Guilford battleground at 6 o'clock attended by approximately 350 or 400 local and visiting Pythians, Dokies, their wives and friends, was the final event of the convention week, which proved to be one of the best in the history of the fraternity.

Wilmington was awarded the honor of entertaining the Pythian grand lodge in June, 1922, after a lively contest with Rocky Mount.

Other matters of business consideration yesterday morning included reports from Whit R. Stone of Charlotte, J. P. Blackwelder of Concord, J. M. Joyner of Statesville, William Roberson of Canton, and O. F. Adams of Winston Salem, these men being district deputies.

One of the beautiful scenes of the morning session was the presentation of a gold watch and a past grand chancellor's jewel to R. S. McCain of Henderson, who has just concluded one of the best years in the history of the fraternity. Supreme Vice Chancellor Cabell, on behalf of the North Carolina grand lodge, presented the watch, and D. W. Sorrell of Durham, himself a past grand chancellor, presented the jewel. Mr. McCain accepted the tokens of love and esteem, evidencing a great deal of feeling and appreciation.

Before adjourning for the session the lodge adopted unanimously resolutions thanking the Greensboro Daily News, the Charlotte Observer and the other State papers for the wide publicity given the convention.

Grand lodge officers elected: Grand Chancellor—E. M. Goler, Canton; vice chancellor—R. G. Cherry; grand prelate—Rev. R. B. Owen, Charlotte; grand keeper of records and seal—W. M. Lyles, Charlotte; grand master of exchequer—G. W. Mott, Lexington; grand master at arms—Whit R. Stone, Greensboro; grand inner guard—M. W. Woodskle, Charlotte; grand outer guard—H. A. Page, Clayton.

ALICE BRADY FORSAKES SMART SOCIETY DRAMAS

After five years of successful starring in society dramas, which have ranged all the way from tense emotionalism to high comedy, Alice Brady has temporarily, at least, forsaken the drama dealing with the smart set, and will be seen in a series of at least three dramas of humble life.

The first of these, "The Land of Hope," a collaboration by Frederick and Fannie Hatton and Robert Milton, presents the popular star in the role of a Polish immigrant girl who seeks her fortune in America, along with a little company of people from her native town, including her childhood sweetheart.

The young lovers think all their troubles will end when they reach America, and that they will quickly earn enough to enable them to marry. But alas for their optimism, they have many difficulties, disillusionments and misunderstandings before they gain a firm foothold on the new soil, and win happiness together.

"The Land of Hope" will be at White's Theatre next Monday.

Miss Dorothy Baum of Salisbury, Md., is visiting Miss Josephine Sklaner.

A three months subscription to the Reflector will carry you through the ball season. Our sports writer is some artist.

Saturday, June 18, 1921

Wonder if people are going to show  
as much interest in Sunday school and  
church services tomorrow as they  
have in the chautauqua and base ball  
during the week.

The weather has been hot enough  
the past week to give folks a very  
depressed feeling, but it has made  
crops hump in growth.

It pays the reader to watch the an-  
nouncements from Young's stores, as  
there is something startling in the  
way of prices going on there almost  
every day.

Lenine has received a proposal for  
changing the Communist party to the  
Concessionists. That sounds good, but  
will hardly have anything to do with  
changing ideals of the party.

The country doesn't seem to be  
threatened with any epidemic of ty-  
phoid fever, but there's one thing cer-  
tain—the boys have baseball fever and  
plenty of it.

The boll weevil seems to have num-  
bers of people exactly where he wants  
them. In fact, it seems generally con-  
ceded that this pest has been instru-  
mental in quite a number of failures in  
business, so it is not supposed he is  
very popular.

The remarks of Representative Har-  
vey before the English parliament  
seems to be getting its amount of crit-  
icism. That he deserves it goes with-  
out saying, but it is hardly to be ex-  
pected that President Harding will re-  
call him until he commits a more un-  
pardonable offense. Subsequent crit-  
icism, however, ought to be instru-  
mental in keeping him quiet for a  
while, at least.

Speculators and cotton growers who  
have been waiting for an advance in  
the price of the staple have been sub-  
ject to keen disappointment but by pa-  
tient waiting the reward may come in  
due time. It cannot be expected that  
conditions will change in the near fu-  
ture. Abnormality must first be suc-  
ceeded by the normal before recon-  
struction becomes possible. The coun-  
try is far from being secure, but time  
works wonderful changes, as every-  
one knows.

Some people have taken exception  
at the name of the Greenville baseball  
club, and are desirous of knowing who  
in the world proposed such a name.  
Boll Weevils are supposed to travel  
rapidly, and as that is exactly what  
the club hasn't been doing the past  
several days they think the nomenon  
is not at all appropriate. However,  
the same streak of luck can't follow  
us all the time, and when the break  
comes, well, look out bears—look out,  
John Ivey Smith of New Bern.

ACREAGE REDUCTION BEST

If Pitt county farmers have been  
wise enough to reduce tobacco acre-  
age about one-third this year as ad-  
vised by leading men of the industry  
during the early part of the season  
they ought to be in position to weather  
the storm of low prices and depression  
which has been playing such havoc in  
the past several months.

The situation is truly serious as  
shown by the report of Mr. W. C.  
Thomas who has just returned from  
European countries and shows in an  
indicative way that the less plant-  
ed the better off everyone ought to be.  
Acreage in everything must be reduced  
for the next four years at least and  
the farmer that doesn't do so certainly  
won't enjoy what the market has in  
store in the way of improved prices,  
if such become possible in the next few  
months.

DIAMOND DUST

Well, we tackle the New Bern Bears  
again Monday, and if we play like we  
did against Kinston the tale will be  
entirely different from the three days  
the Bears played here.

Kinston people really think they are  
going to walk away with the Weevils  
today. If they do, it's a conceded fact  
they will have to show more stuff than  
they did yesterday, that's an assured  
fact.

Sam Jones, who is no other than  
Saxe Barnes' nephew, pitched a won-  
derful game against Jim White's Rob-  
bins yesterday. The youngster let  
them down with only one safe hit, that  
being in the third frame when the  
only runner scored on a squeeze play.  
Jim White seems to be getting rather  
sore over successive walloppings,  
but maybe the old boy will come around  
all right when he wins another, or  
sow two straights as they did against  
Washington.

Carl Jeanette, captain of the Wash-  
ington club, deserves the thanks of at  
least three clubs of the league. He was  
the first to beat New Bern.

Baseball Extra

The game opened with Molasses at  
the stick and Smallpox catching. Ci-  
gar was in the box with plenty of  
smoke. Horn played first base and  
Fiddle on second base. Backed by  
Corn in the field made it hot for the  
umpire. Apple, who was rotten. Axe  
came to bat and chopped. Cigars let  
Brick walk and Sawdust filled the  
bases. Song made a hit and Twenty  
scored. Cigar went out and Balloon  
started to pitch, but went straight up.  
Then Cherry tried, but went wild.  
Old Ice kept cool in the game until he  
was hit by a pitched ball, then you  
ought to have heard ice scream. Cab-  
Lage had a good head and kept quiet.  
Grass covered lots of ground and the  
crowd cheered when Spider caught a  
fly. Bread loafed on third base and  
bumped. Organ, who played a fast  
game, put out Lightning. In the fifth  
finning Wind began to blow what he  
could do. Hammer began to knock  
and Trees began to leave. The way  
they roasted Peanuts was a fright.  
Knif was put for cutting first base.  
Lightning finished pitching and struck  
out six men. In the ninth Apple told  
Fiddle to take first base and then Song  
made a hit. Trombone made a slide  
and meat was put out on the plate.  
There was a lot of betting on the  
game. But Soap cleaned up. The  
score was 1-0. Door said if he had  
pitched he would have shut them out.  
—Whiz Bang.

NOTICE

Sale of Valuable Lands

By virtue of the power of sale con-  
tained in the deed of trust, executed  
to the undersigned on the 18th day  
of October, 1919, by J. W. Vineant, re-  
corded in book D-12, page 88 of the  
Pitt county registry, I will offer for  
sale to the highest bidder for cash at  
the court house door on the 1st day of  
July, 1921, at 12 o'clock, noon, the fol-  
lowing described property:

Being farm number two (2) of the  
Whitehead place on plat of land form-  
erly owned by W. W. Whitehead, map  
of which is on record in Pitt county  
register of deeds office in map book  
one at page 91, to which said map refer-  
ence is hereby made for a more per-  
fect description.

This is the same eland that was of-  
fered for sale on the 28th day of May,  
1921, and bid in, and now released by  
order of the clerk of the Superior  
court, there having been deposited  
with the said clerk 5 percent which re-  
quires a new sale, and this second sale  
is made in compliance with said or-  
der.

This the 16th day of June, 1921.

N. O. WARREN, Trustee.  
J. L. SIMMONS, Attorney.

NOTICE OF SUMMONS AND WAR-  
RANT OF ATTACHMENT

North Carolina, Pitt county,  
In the superior court,  
P. T. ANDERSON and E. B. Thomas,  
co-partners, trading as Anthony &  
Thomas, vs. R. S. Curry:  
To the Defendant R. S. Curry:

You will hereby take notice that an  
action entitled as above has been com-  
menced against you by the plaintiff  
above named in the superior court of  
Pitt county to recover of you the sum  
of \$282.75 with interest from Decem-  
ber 13th, 1920, for goods sold and deliv-  
ered to you by plaintiffs at your re-  
quest, the whole amount thereof be-  
ing due and unpaid, and you will fur-  
ther take notice that a warrant of  
attachment has this day been issued  
against you, following personal prop-  
erty in the town of Greenville in the  
county of North Carolina, to wit: 5  
Pool Tables and fixtures now in H.  
L. Coward building on 9th street.  
And you will further take notice that  
you are required to appear before the  
undersigned clerk of the superior court

of Pitt county on the 25th day of  
June, 1921, or within 20 days there-  
after and answer or demur to the com-  
plaint which has been filed, in which  
cause, or judgment will be granted as  
prayered for in the complaint. You will  
further take notice that warrant of  
attachment has this day been issued  
against the above described property,  
returnable to the August term of the  
court, which convenes on the 2nd Mon-  
day before the 1st Monday in Septem-  
ber, 1921, and that plaintiff will move  
that said property be applied to the  
satisfaction of your debt.  
Given under my hand, this May 26,  
1921.

J. F. HARRINGTON,  
Clerk Superior Court.

NOTICE TO CONTRACTORS

Greenville, North Carolina  
Sealed bids for the furnishing of all  
labor, material, equipment and other  
things necessary for constructing a  
concrete pavement on Atlantic avenue  
from Dickinson avenue, north to in-  
tersection six plus five city will be re-  
ceived by the mayor and commissioner  
at Greenville, North Carolina, at 12  
o'clock on the 20th day of June, 1921  
opened and read publicly.

The work will consist of approxi-  
mately 3000 sq. yds. of reinforced con-  
crete pavement.

No bids will be considered unless ac-  
companied by cash, certified check as  
specified in "Instructions to Bidders"  
for an amount equal to at least five  
per cent of the total amount of the  
bid.

A corporate surety bond will be re-  
quired for the faithful performance of  
the contract, in a sum equal to one  
half the total amount of the bid.

Plans, specifications, forms of con-  
tract, proposal blanks and full infor-  
mation for bidders may be obtained at  
the office of the engineer at Green-  
ville, N. C.

The right is reserved to select any

COOK  
WITH  
ELECTRICITY

Our Water & Light Commission has an-  
nounced a reduction on electric current  
for cooking purposes which places cook-  
ing with electricity in reach of very house-  
wife.

Why worry over a hot stove these sum-  
mer months when all you have to do with  
one of our electric ranges is to place your  
food in the stove and turn on the switch.  
There is no cleaner or more convenient  
way of preparing meals.

We handle the Westinghouse and oth-  
er Electrical Ranges and appliances and  
will be glad to demonstrate them to you.

## Personal

Mr. B. S. Warren has returned from Greensboro and Charlotte, in which places he attended the Pythian grand lodge and the B. Y. P. U. convention.

Mr. J. K. Young has returned from a business trip to Baltimore.

Mr. S. L. Ragsdale, who was seriously ill for some weeks following an accident, is able to be out again.

Mrs. T. J. Moore and little son have gone to Wrightsville for the summer.

Mrs. C. A. Bowen has returned from a visit in Greensboro and Charlotte.

Misses Ward Moore, Josephine Little and Dovie Larnette have returned from Charlotte where they attended the B. Y. P. U. convention.

Misses Ethel Barco of Roper and Gladys Jones of Oxford are visiting Misses Nannie and Ethel Bowling.

Miss Sallie Bet Quinerly of Avoca who has been attending the cotillions in Greenville has returned home. While here she was the guest of Misses Quinerly.

### Bridge Club

On Thursday afternoon Misses Rabelle and Ernestine Forbes delightfully entertained the members of their card clubs at their home on Fifth street. Five tables for the games were arranged in the library and on the porch and many progressions were enjoyed. Misses Estelle Greens and Jessie Moye were presented the score prize, a rhinestone comb and gold hat pin. Upon arrival the guests were served tea and sandwiches and before departing an ice course.

### Mrs. O. B. Peatross Entertains

On yesterday at the home of her mother Mrs. A. H. Criteher on Dickinson avenue, Mrs. O. B. Peatross delightfully entertained with four tables of bridge. The tables were arranged on the lawn. Upon arrival the guests were served ginger ale and sandwiches. Miss Evelyn Hodges, making the top score was presented a jade or vanity, and Miss Carlissa Abbey of Charlotte the house guest of Miss Iva Shelburne was presented the visitor's prize, three hand made handkerchiefs. After many progressions a tempting salad course was served.

### SEVERAL AUTOMOBILE DRIVERS BEFORE MAYOR

The following cases were disposed of by Mayor Clark in police court this morning.

Sam Moore, dog running at large, paid the cost; Charles Evans, dog running at large, paid the cost; Jule Moore, dog running at large, paid the cost; John Wednedham, insufficiently lighted automobile, paid the cost; John Flanagan, insufficiently lighted automobile, paid the cost; T. D. Cooper, insufficiently lighted automobile, paid the cost; Sam Short, failing to pay privilege license for the past two years, ordered to purchase license at once and pay cost of action; James Cherry, blocking traffic, paid the cost; Doc Little, failing to purchase privilege licenses for the past two years, order to purchase license at once and pay cost of action; A. J. Lover, horse running at large on the streets, paid the cost; Richard Johnson, assault with deadly weapon, bound over to county court.

### NOTICE

**Sale of Valuable Lands**  
By virtue of the power of sale contained in the deed of trust to the undersigned on the 18th day of October, 1921, by H. M. Phillips and A. I. Blaw, recorded in book 1-13, page 301,

of the Pitt county registry, I will offer for sale at public auction to the highest bidder for cash, on the 1st day of July, 1921 at 12 o'clock noon, the following described property:

Being farm number two (2) of the (4), six (6) and eight (8), in block eight (8), on plat of land formerly owned by the United Dev. Corp. and known as Greenville Heights, as surveyed and platted by A. I. Schisler, C. E., map of which is on record in Pitt county register of deeds office in map book two at page 49, to which said map reference is hereby made for a more perfect description.

This is the same land that was offered for sale on the 28th day of May, 1921, and bid in and now released by order of the clerk of the Superior court, there having been deposited with the said clerk 5 percent of the amount of the bid, which requires a new sale, and the second sale is made in compliance with said order.

This the 16th day of June, 1921.  
J. L. SIMMONS, Trustee.

#### Sale of Valuable Lands

By virtue of the power of sale contained in the deed of trust executed to the undersigned on the 18th day of October, 1919, by J. C. Lanier, recorded in book 1-13, page 300 of the Pitt county registry, I will offer for sale at public auction to the highest bidder, for cash, at the court house door on the 1st day of July, 1921, at 12 o'clock, noon, the following described property:

Being lots number two (2) and four (4) in block three (3) on plat of land formerly owned by the United Dev. Corp. and known as Greenville Heights as surveyed and platted by A. I. Schisler, C. E., plat or map of which is on record in Pitt county register of deeds office in map book two at page 49, to which said plat or map reference is hereby made for a more perfect description.

This is the same land that was offered for sale on the 28th day of May, 1921, and bid in, and now released by order of the clerk of the Superior court, there having been deposited with the said clerk 5 percent which requires a new sale, and this second sale is made in compliance with the said order.

This the 16th day of June, 1921.  
J. L. Simmons, Trustee.

## Smith Electric Company

### ELECTRIC COOKERY IS COOL, SCIENTIFIC COOKERY

No matter how high the mercury rises in the oven thermometer which is a feature of the WESTINGHOUSE ELECTRIC RANGE—no matter how long or how hard you use the cooking top—the temperature of the kitchen will be no higher than that of any other room. Think what a comfort this is on hot days when preparing a meal on a fuel range is almost unbearable.

### WESTINGHOUSE Automatic Electric Ranges

makes cookery easier, more cleanly, more convenient and insure perfect results every time. Snap a switch and you are ready to cook in the modern way. Saves FOOD, FUEL and MONEY on our new low rate cost but 3 cents per person a day.

Come in and let us show you the range in action.

# NOTICE!

The Water & Light Commission is pleased to announce another  
**Reduction in Rate for Electric Current**

for electric ranges and other cooking devices. The new rate, which becomes effective immediately, will be

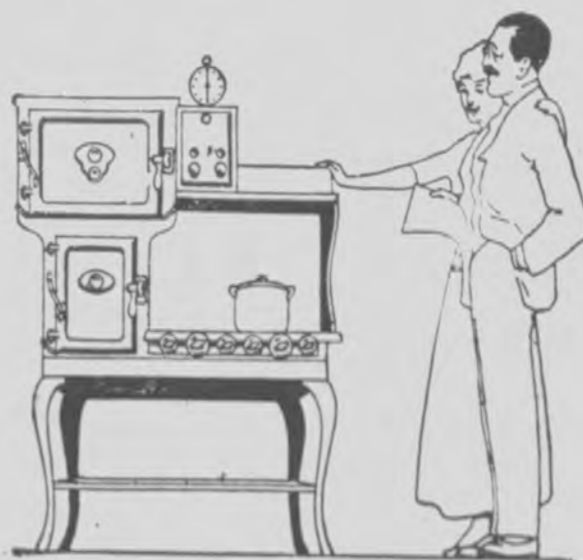

**Three Cents per Kilowatt Hour**

and the minimum rate for each connection will be \$2.00 per month.

The three cent cooking rate represents a reduction of fifty percent in the rate existing last year, and is the lowest rate ever offered for this class of service locally. With careful operation of the modern Electric Range it should now be possible to

## COOK WITH ELECTRICITY

at a cost that will compare favorably with the cost of gas for such purposes in the principal cities of the country. The reduced rate is made in consideration of the fact that the major part of current used for cooking purposes will be used in the daytime, and prior to six o'clock in the evening.

### The Electric Range

is the safest, cleanest, most sanitary stove ever achieved. Its advantages over all other types of stoves are manifold. The Automatic Electric Range offers the most economical cooking arrangement, and makes it possible to prepare a meal with a minimum amount of attention to the stove or food. These Ranges may be purchased from the Water & Light Commission or any of the local dealers, and it is probable that some of the dealers will offer them on the

### Easy Payment Plan

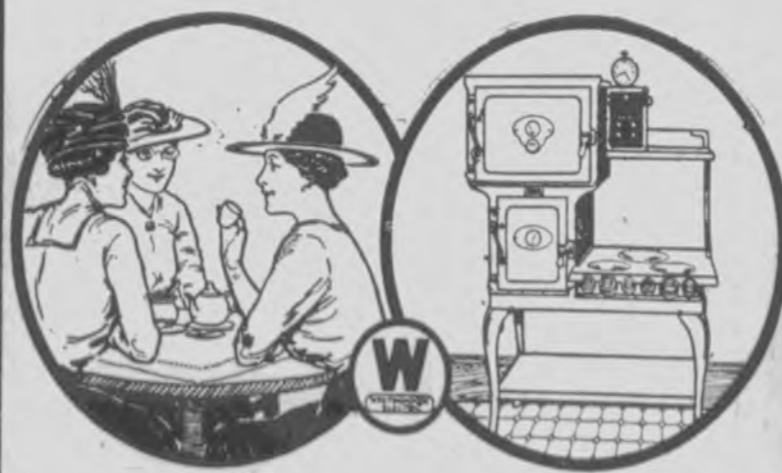

Kindly advise this office in advance of your purchase of a Range so that there will be no delay in securing a connection.
