

NEW BERN BEARS ARE STILL WINNING FROM GREENVILLE

Bears and Boll Weevils Hit the Pill Hard; Luck Clings to the New Bernians

New Bern, June 20.—Ragged fielding by both teams provided a decidedly ragged game here today, in which the Bears finally won out, 9 to 5. A crowd of approximately 1,500 rabid fans flocked to Ghent Park, however, to welcome home the victorious Varsity club, headed now by "Big Lou" Llewellyn, John Ivey Smith, former manager, having resigned on account of pressing business matters which demanded his time.

Features of the game, if there were any, were home run drives over the fence by Duncan and Huffstetter, both of the New Bern club. The latter's clout came with a man on the paths, while Duncan, first man up in the third, hit the ball out of the lot.

Adams, one of Greenville's pitchers playing outfield, fell violently to the ground while chasing a long fly, and was relieved by Kittrell.

New Bern found Webb early, hitting the ball almost at will; while Limberg fared little better at the hands of the Boll Weevils. The locals erred five times, while Greenville made six miscues.

Box score:

Greenville	AB	R	H	PO	A	E
Stringfield ss	5	0	1	4	4	0
Carson c	5	0	2	3	2	1
Massey 1b	4	1	1	9	0	1
Leftwich lf	5	2	3	1	0	0
Kittrell rf	3	1	2	0	0	0
Adams pf	2	0	0	0	0	0
Fogleman cf	5	0	0	2	0	0
Ratchford 3b	3	0	0	1	0	2
Wood 2b	1	1	0	3	0	1
Webb p	3	0	0	3	1	—
Totals	36	5	9	24	15	6

Score by Innings:

Greenville	010	100	300	—5	9	6
New Bern	402	100	02x	—9	9	6

Webb and Carson; Limberg and Morris.

Earned runs—Greenville 1; New Bern 3. Base on balls, off Webb 3, Llewellyn 4. Left on bases, Greenville 9. New Bern 2. Wild pitch, Webb. First base on errors, Greenville 4, New Bern 4. Two base hits, Kittrell. Home run, Duncan, Huffstetter. Struck out by Webb 2, by Limberg 4. Double plays, Huffstetter to Neal to Shirley, Wood to Stringfield to Massey. Hit by pitched ball, Llewellyn. Umpire, Holland. Time of game, 2 hours, 5 minutes. Attendance 1500.

POTTER—TURNER

Saturday evening, June the 18th, the home of Mr. and Mrs. J. W. Smith, 814 E. Bright street, Kinston, N. C., was the scene of a pretty wedding, when their niece, Miss Hattie Geraldine Turner of Goldsboro, N. C., became the bride of Mr. Raymond Lee Potter of this city. Rev. Bernard P. Smith, pastor of the Kinston Christian church, officiated, using the beautiful and impressive ring ceremony. A large number of relatives and friends were present and showered good wishes upon the happy bride and groom, who immediately after the ceremony motored to Greenville where they will make their home.

BOY SCOUTS TO MEET

The members of the Boy Scouts will meet tonight at 8 o'clock in the High School building. Every member is urged to be present.

DANCE TONIGHT, AMUZU PARK, EDMOND'S ORCHESTRA. EVERYBODY WELCOME.

LOCAL ROTARIANS HEAR JOE TURNER HERE LAST NIGHT

Tom Pettus of Wilson, Also Delivered Inspiring Address on What Rotary is Doing

The regular semi-monthly session of the Greenville Rotary club was conducted last night and well attended by service from him as their highest exponents prominent in Rotary circles. The meeting was featured largely by the prominent and short but impressive talks by the visitors, District Governor Joe Turner of Roanoke, Va., and Tom Pettus of Wilson.

Immediately after the usual luncheon had been served a farewell talk was delivered by Robert H. Wright, president of the East Carolina Teachers Training school, in the interest of retiring president of local Rotary club, S. B. Underwood, who is to leave the latter part of the month for Raleigh where he has accepted the superintendency of public schools of the city. Mr. Wright enumerated the many progressive steps of the club while under Mr. Underwood's administration and declared the newly elected president has a difficult job in perpetuating the high ideals made extant by the old president.

In reply Mr. Underwood thanked members of the club for what they did for him throughout his administration. He said the sentiment expressed by them at all times was most commendable and demanded the very best service from him as their highest executive. He said he regretted leaving Greenville, and went to his new job feeling that that he carried the best wishes of those left behind. Mr. Pettus talked exclusively of Rotary. He said it is developing into one of the greatest organizations on earth because its members represent the very best type of business men and demanded the best they have in them. Rotary, he declared, is devoted entirely to bettering conditions of civilization, and puts forth every effort for improving all classes of civic endeavor.

District Governor Turner was very happy in his remarks, and as Mr. Pettus, felt duty bound to talk about Rotary, although covering the subject in a more general way. He touched in a brief way plans now under way for developing organization work and the importance of every member's cooperation. This is very essential, he said, because in union there's strength which cannot be compared by an indefinite kind of organization.

DIAMOND DUST

Greedy Bears! Here they've gone and taken another game from the Boll Weevils. Yesterday's affair was mighty close, but convinced everyone that New Bern isn't giving any games away as a number of over-zealous fans claimed yesterday afternoon before the fray even started.

John Ivey Smith has a collection of about the greediest Bears we have ever heard of. Think of walloping Greenville three times in succession last week and starting off like they intend to repeat the performance this time. Of all audacity we've ever heard of this surpass any at all.

Some thought Mark Webb might succeed in "skinning" the Bears yesterday, but it seems they turned the trick.

And poor Washington, as a Kinston scribe terms it, again met defeat yesterday at the hands of Jim White's Kinstonians. It seems the Boll Weevils and Sailors are in a boat of the same kind and find it exceedingly difficult to get out of the treacherous channel which they got into right at the outset.

Anyhow, Greenville people still have something to look forward to. "Saxe" Barnes has in progress certain "negotiations" which may result in Greenville having a real ball club after while. Our crew looked mighty good pitted against Washington in opening games of the season, but when they came in contact with John Ivey Smith's crew, well, there was a difference, we feel duty bound to admit.

At first we attributed all those wallpings to hard luck, but it seems now that New Bern has us outclassed, hat's all there is to it.

We may have better luck against New Bern today, and if we do everyone may rest assured it's just luck, hat's all.

Maybe if Saxe Barnes is pitted against the Bears today he will be able to change their tide of victory. If he doesn't succeed in doing something of the kind we had just as well concede the first series to New Bern and start off on the second half.

Duncan, former captain of the Greenville club, is handling the old willow recklessly these days. In fact, he secured a home run for the Bears yesterday and before that established quite a batting average. His average last year wasn't anything to brag about, and it's safe to say he wouldn't be doing much if playing with Greenville now. New Bern is certainly playing in luck and seems to have the old horse shoe tucked away so no other club can get it.

We can't exactly understand what the boys have done with their rabbit's foot. They started the season off by literally slaughtering Washington in two straight games, but since that time have been ruined by costly bobbles and inability to hit when hits would have meant a free trip to the checking station. John Ivey Smith must have found that old rabbit's foot, that's about the only way we can account for his nine victories and one successive defeat.

Say what you please, but Washington is a game loser. In fact, the Sailors have taken repeated lickings with much better grace than Kinston, and the beauty part about it they still feel confident of walloping that New Bern crew again. They were the first and only one to beat John Ivey Smith's crew and it's to be hoped they'll be able to repeat the performance many times before the season is over.

New Bern admittedly has one of the prettiest ball parks in the league. The grandstand is adorned with pots of lovely flowers. It is said fans became so excited over home runs in yesterday's game that they actually threw flowers, pots and all, out on the diamond during a moment of extreme ecstasy and excitement. If the Bears can afford it, then we have nothing to say. But it looks like a mighty expensive way of rooting, that's all we have to say about it.

BALTIC STATES ARE FURNISHING MONEY FOR MANY NATIONS

England and Other Countries Thriving From Money Received in Baltic Trading

Biga, Latvia, June 21.—Millions of dollars in ready cash are going to English, German and Dutch firms from the Baltic states because of the almost unbelievable unfamiliarity of even the largest American firms with foreign trading conditions, and even geography, say Americans here.

Dozens of big orders for which cash was actually in the banks in New York have been lost to America because of what American representatives in the Baltic states term absolute stupidity.

"It is time," said one of these Americans in Riga who has had to place many orders in Germany and in England when America could have had them, "that the heads of American firms realize what the subordinates in charge of their foreign trading departments are doing to them."

"Most of them, brought up on so-called American efficiency systems that may work at home but are absolutely hopeless abroad, try to do business in Europe according to 'form 22' or 'form 24' or whatever form they would apply to similar deals in America."

To illustrate, not long ago I had an urgent cash order for 40,000 suits of underclothing for a Baltic state. I telegraphed a big America firm, "What your price 40,000 suits heavy underwear cash against documents New York."

"Two or three days later, when some bright young credit man had tried to digest this telegram, I received a cable say, 'Wire your credit rating and references.'"

"Now I suppose his form 22 required him to do that," but I wired back, "My credit references are cash in New York bank. What are your prices?"

"Some days later, I received a telegram saying 'Price dollar twenty' or something like that."

"More valuable time was lost in an exchange of telegrams asking what they meant, per garment or per suit. The result was that I wired an English firm. My answer from it was complete, just what I wanted. The telegram gave the price per suit, weight of shipment, probable date of delivery and everything I wanted to know. The English firm got the order and took the cash in the New York bank."

FARMERS SUPPORTING CO-OPERATIVE MARKETING

We wish to call attention to an advertisement of co-operative marketing carried in today's edition. It gives the names of prominent farmers who have already signed the marketing contract, and shows in a brief way what Pitt county people are doing to make the movement successful. Mr. Pace, farm demonstration agent, is optimistic for final outcome of the campaign, and believes Pitt county will compare favorably in membership to all others which so far have made splendid showings.

West Greenville Prayer Meeting

The West Greenville prayer meeting will held with Mrs. E. W. Harvey Wednesday morning at 10 o'clock.

Mr. and Mrs. Charles B. York and children have returned to their home in Raleigh after visiting relatives in this city.

Mrs. Frank Buckman and little son of Washington, passed through Greenville today enroute to Winterville to attend the Law-Spicer wedding which takes place tomorrow.

"What's Worth While?" is a condensation of the golden rule. It is not a question, but the answer pictured.

TWO LARGE STILLS CAPTURED IN RAID NEAR BLACK JACK

Deputies Wooten and Williams Get 120 Gallon Copper Still and Also 60 Gallon Gasoline Drum

Two large moonshine stills in one raid is a pretty good record for any set of officers and that is exactly what Thad Williams and Claude Wooten, Pitt county deputies, have to their credit. The captures were effected in the Black Jack territory yesterday afternoon, and although no whiskey or men were captured, the stills are large enough to make up for any shortage along this line.

Both outfits were located at the same spot, in a dense growth of forest between Black Jack and Suttontown and are considered the most complete captured in sometime. The largest is of a 120 gallon capacity, constructed entirely of copper with worm and auxiliaries. The other was of a 60 gallon capacity, and nothing more than a gasoline drum properly equipped for the business. This is the most popular and least expensive type of still used throughout this section of the country and is largely in use among negroes who manufacture a kind of liquor that is poisonous indeed, especially to persons not accustomed to drinking the vile beverage.

There was everything in evidence to show that the stills had been constantly in operation for many months, and in fact, indicated the distillers had only been away from the place a short time. The clearing was in a dense forest and just large enough to afford the operators adequate room to carry on their traffic without being handicapped. The officers explored every place where whiskey might have been secreted, but failed to find anything after a long and diligent search.

Deputy Williams and Wooten have been terrors to members of the whiskey traffic for the past several months and right recently succeeded in capturing a number of stills in many parts of the country. This is the first time in many months, however, that they nabbed two at a time and goes to show traffic members have a right of becoming more surreptitious.

ROBBINS DEFEAT SAILORS IN FIRST GAME OF SERIES

Locals Pound the Old Pill and Make Hits Count for Runs Whenever They Will

Washington, June 20.—The Robbins played rings around the Sailors here this afternoon and easily won the first game of the series 8 to 1. Ollinger, the lanky Kinston hurler, allowed Jeanette's crew but four measly hits, only one of which was for an extra base, while the Robbins polled out three two-basers during the fray.

Despite the fact that the locals are in the cellar and appear to be outclassed by the other clubs of the league, 800 fans journeyed out to W. C. I. park this afternoon to see the contest. The game was fast and snappy despite the large score, and errors while they invariably meant runs, were not so many as they have been. Washington bunched three times, all of which figured in Kinston's run getting while Kinston's lone error counted for naught. Washington's only run was earned, having come in the lucky seventh following Roland's two-base clout and two fielders choices. The second game of the series will be played here tomorrow and then the two teams will journey to Kinston where the third game of the series will be played because of the Rotarian convention.

The warm spell broke Saturday night and Sunday was delightful.

DANCE TONIGHT, AMUZU PARK, EDMOND'S ORCHESTRA. EVERYBODY WELCOME.

ELECT DIRECTORS COMMERCE BODY HERE LAST NIGHT

Pitt County Chamber of Commerce Closes Balloting in Final Vote For Officers

Directors for the Pitt county chamber of commerce for the coming year were elected in the balloting that closed last night. The board of 12 is divided into two sections, half serving for one year and half for two years. The high six were declared elected for two years, the remainder for one year. This is in accordance with the provisions of the by-laws on the point. The following were elected for the two year term:

- Dr. W. W. Dawson, Grifton
 - Dr. C. J. Eilen, Greenville
 - J. L. Perkins, Stokes
 - J. R. Turnage, Ayden
 - H. A. White, Greenville
 - J. E. Winslow, Greenville
- The following were elected for the one-year term:
- W. L. Best, Greenville
 - W. H. Dail, Jr., Greenville
 - E. G. Flanagan, Greenville
 - J. C. Galloway, Grimesland
 - James L. Little, Greenville
 - H. V. Staton, Bethel.

A very heavy vote was cast and it was all widely scattered throughout the list of 24 nominees. Immediately after the official announcement had been made a notice was sent to each elected director telling him of his election and notifying him of the meeting for organization to be held Thursday afternoon at 4 o'clock in the chamber of commerce offices. At this time the officers for the year will be elected, a president, two vice presidents and a treasurer. The by-laws provide that all the officers with the exception of the treasurer must be members of the directorate. The treasurer may be a member of the board, but it is not obligatory.

The count was made under the supervision of a committee composed of the following: Frank Wilson, Closs W. Hearne, Luther Herring, W. E. Hooker, C. Heber Forbes, H. L. Smith.

The first public appearance of the newly elected directors before the membership will take place Friday night next when the Members' Forum will meet in the court house at 8 o'clock. Invitations are being sent to the entire membership. At that time each director will make his formal bow to the membership and will speak briefly on "My Idea of a Worth While Pitt County Chamber of Commerce". The meetings will be quite informal. In addition to the speeches—three minutes long—on the part of 12 directors there will be remarks from the members, also. R. L. Crow, chairman of the members forum committee, will preside.

KINSTON TO ENTERTAIN ROTARIANS WEDNESDAY

Kinston, June 21.—Decorations are being put up along Queen and intersecting streets in preparation for the inter-city meeting of Rotarians here Wednesday. Many buildings will be trimmed in the national colors and the flags of the 16 or 18 other Rotary countries. Two hundred of the 500 Rotarians in Greenville, Goldsboro, Kinston, Fayetteville, New Bern, Wilmington, Washington and Wilson will be present, together with the new district governor, Joe Turner, of Virginia. The opening session will be held at the Grand theatre, Luncheon and a second meeting will be held at Hillcrest park, and the Rotarians' day will end at Collins field, the admirable site of the Washington baseball club having been invoked to bring their team here for a game to which Kinston is not entitled.

"What's Worth While?" is the road to happiness. See the production for the direct route.

Tuesday, June 21, 1921

General Leonard Wood and the Philippine Islands are facing bankruptcy. That's nothing out of the ordinary at all as similar complaints seem to be coming from practically all sections of the country.

Former colleagues of President Harding in the Senate feel they are being ignored, according to the latest light thrown upon the administration. We can't see any reason for kicking over that for it should be remembered that the President is an exceedingly busy man and finds plenty entertainment trying to keep the Democratic rule from laughing over his foreign policies.

A story comes from Kinston that a moonshiner had the nerve to operate a still on the plantation of the sheriff. We've heard of all kinds of blockading since prohibition went into effect, but this beats them all. The Kinston correspondent pulls some mighty questionable stuff occasionally, therefore, one never knows exactly what to believe, which is especially applicable in this instance.

Blowing Rock, North Carolina, people are preparing to have a good road hearing within the next several years. This is mighty good news as we know of no section of the State that is not in need of more and better roads. It is very fortunate indeed that adequate funds are being provided for this work in various counties for it assures everyone of traveling in comfort at no very distant date.

EDUCATIONAL PROGRESS

North Carolina colleges turned out near 1,300 graduates this year. This goes to show people are taking more interest in education and are training their children for stations in life where they will be able to serve humanity as they would be unable to do in ordinary life. There are several hundred students turned out by the common schools every year and while this to some extent places the ambitious graduate in position to serve the country in a gratifying way, yet they cannot possibly do what those from the higher seats of learning are capable of doing. It's a pity everyone can't have a college education, but if they did things would be strangely out of proportion and there would be no one to take the place of the common ordinary laborer. It is gratifying to note the splendid interest the State is taking in educational advancement.

It bespeaks great things for the future and considerable progress along all lines of human endeavor.

The unemployment situation continues to assume serious proportions in all parts of the country, suggesting with great force the advisability of a return to the farm movement. There are thousands of men and women in large cities who left the farm during the recent period of inflation, and if they would only return now and get down to business the future would hold greater promise of success for them. Prices for farm products, to be sure, are not what they should be, but by careful attention to market conditions their plight might be improved to a greater extent. There's nothing like industry for panics and hard times, and when the public realizes the fact in all its significance, it is natural to believe everybody and everything will get along better.

Some business men are optimistic enough to believe business is going to improve in the near future, while others are so gloomy they think the world has gone to the bow-wows. Less talk and more industry will produce wonderful changes, therefore, everyone ought to consider this when getting in the "dumps".

A different heat for every burner, if need be

YOU don't have to "rush the fire" to bake—two burners of the New Perfection Oil Cook Stove will give you all the heat you need. And you boil a vegetable and make coffee on the other two burners if you wish. Plenty of heat, just where you want it and in the right amount—none wasted. You can regulate it.

The white-tipped flame of the New Perfection gives an intense heat and keeps the bottoms of your utensils clean—doesn't soot them up. Hence it lightens labor. And the chimney is made long for a purpose; every bit of the oil you use has a chance to burn up completely and produce its full share of heat. This is a big item of fuel saving for those who use the New Perfection exclusively.

Kitchens equipped with New Per-

fections—over 3,000,000 of them—are invariably cooler and more comfortable to work in. It's a great relief to be rid of coal, ashes, dust and wood in the kitchen. And there are fewer corners to collect dirt.

The New Perfection is made in one, two, three, four and five-burner sizes—warming cabinet or not, as you prefer. Of course, you will want a New Perfection Oven, too.

Aladdin Security Oil gives uniform, satisfactory results. You should use it regularly. It is economical because it's pure—all heat.

New Perfection Oil Cook Stoves are sold at most department, furniture and hardware stores.

STANDARD OIL COMPANY (NEW JERSEY)

NEW PERFECTION Oil Cook Stoves

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

Camel

Co-operative Marketing

Partial list of farmers who have signed Co-Operative Marketing contracts for Tobacco in Pitt County. More than 800 Pitt County Farmers have signed up to sell through Association, both Cotton and Tobacco. Every man who has joined is urged to help sign Pitt County up more than 75 percent strong next Friday, June 24th. Go to your Township Meeting place at 8 o'clock next Friday morning and form in groups and work every nook of your Township. It is up to the men who have joined to help put this county Over the Top. We are going to get 75 percent in the three States before the market opens this fall. Let's put Pitt County over this week.
