ELLEN RE-ELECTED TO PRESIDENCY OF COMMERCE BODY

Dr. W. W. Dawson of Grifton Also Re-Elected to Vice-Presidency of Organization

Officers of the Pitt county chamber of commerce were elected at the first meeting of the newly elected directors held Thursday afternoon. Dr. C. J. Ellen, president for the past year, was re-elected to that office; Dr. W. W. Dawson of Grifton was elected first vice-president and J. R. Davis of Farmville second vice-president. Mr. Davis previously to his election as vice president had been unanimously elected to the board to serve in the place of J. C. Galloway of Grimesland, who resigned. Paul L. Clodfelter was named treasurer.

This was the first meeting of the board. A meeting is planned for the middle of next week when the program of work made up from the suggestions of the members will be studied carefully and the outstanding things demanded by the members will be considered. Committee activities will be inaugurated shortly thereafter.

A great deal of interest is being shown in the meeting of the members forum to be held tonight in the court house at 8 o'clock. Invitations have been mailed to all the members of the chamber. The directors will be the speakers, each member of the board talking on the subject "My Idea of a Worth While Pitt County Chamber of Commerce".

R. L. Crow, chairman of the members forum committee, will preside. The meeting has been arranged by the committee of which he is the chairman. The other members being: B. B. Sugg, Dr. Paul Fitzgerald, Ed Batchelor and J. Key Brown. The meeting tonight will be very informal. There will be singing under the leadership of J. H. Blount.

AYDEN BAPTIST CHURCH HAS REVIVAL SERVICES

The Christian people of this town are just now enjoying a series of sermons in the Missionary Baptist church which are being preached by Rev. W. A. Ayers, pastor of the First Baptist church of New Bern. The church is filled each night and much interest is being manifested in the powerful sermons that are being preached by Mr. Ayers whose reputation as a preacher preceded him to this place. It is expected much good will be accomplished by his work while here.

WAYNE COUNTY MAN IS CAUGHT WITH LIQUOR

Goldboro, June 23.—Last night Oscar Sanderson, a white man started for Goldboro from the south-western part of Wayne county with a choice cargo of corn liquor in his automobile. When he reached a point on the George road about a mile from town, Deputy Sheriff L. O. Rhoads and Officer G. C. Lancaster were in their car waiting for him. When he saw the officers he started in a round-about way for the city, where his customers were awaiting his arrival. The officers in their car gave chase for about a mile, until he was captured on the road near Wei's brick yard. In the meantime Sanderson had thrown away the most of his stock in the bushes in passing, and only two gallons of whiskey was found in the car when it was captured.

This is Sanderson's second offense. Early last year he was captured by revenue officers and his still, which was in full operation, was destroyed. He was given one year and a day in Federal prison and a short time ago returned.

WOOD SIGNED UP AS 2ND BASEMAN FOR THE SAILORS

Former Greenville Player Probably Be Seen in Action With Sailors During Present Series

Sid Wood, former second baseman of the Greenville club, was released the early part of the week and has signed up with Washington. Lyle, a catcher of great ability, was also included among the released men this week, but it has not been ascertained where he will go after leaving here.

Wood played with the Scotland Neck Hyphens all through last season and showed splendid form against Greenville. He also participated in the championship series between the two clubs, and played an important part in winning of the pennant by the hyphenated crew.

In signing up with the Sailors it was understood that Wood should appear in the daily lineup, and it is probable he will be seen in action during the present series. He played good ball for Greenville in the first series, but as others had off days, which probably resulted in his release.

It is understood that Bill Ellis who season has been secured from the Oxford club, and will arrive in Greenville today. However, he will be forced to remain on the bench for a period of five days in accordance with rules and regulations, and won't be seen in real action until next Thursday.

Manager Smith has been in touch with a number of other players recently, but whether any were secured has not been made public up to this time. The line-up of today's game in all probability will constitute that for next week for if any new players arrive they will be on the bench five days, too.

SLAVE TRAFFIC OF CHINESE GIRLS IS BEING CARRIED ON

Preacher Says He Knows From Experience and Not Hearsay, That This is a Fact

Des Moines, Ia., June 24.—That Chinese slave girl traffic is "going on right under the noses of our city officials" was the statement made by Dr. Charles R. Shepherd of Los Angeles, California, general missionary among the Orientals, at the Northern Baptist convention in this city today.

"I know from personal experience and not from hearsay that this is a fact," he declared, citing the instance of a Chinese girl 16 years old sold in San Francisco for \$2700.

In speaking of the tongs of the country, Dr. Shepherd said, "These tongs are not only an insult to the churches of America, they are an insult to the great Masonic order. Over the entryway of one of the bloodiest and most powerful fighting tongs in America, is a sign 'Bing King Tong, Free Masons'. It masquerades as a Masonic lodge, while it is made up of those who engage in the traffic in Chinese girls, who labor to frustrate our laws, who plan bloody murder, and pay professional assassins to carry out their plans."

The Chinese as a whole, make good citizens, however, Dr. Shepherd maintained. The better class among them own their own homes, participate in community affairs, and throw themselves into all great national movements, he said.

B. Y. F. U. to Meet

An important meeting of the B. Y. F. U. of the Memorial Baptist church will be held Sunday evening at 7 o'clock. Officers for the ensuing six months will be elected. The meeting is of sufficient importance to warrant the presence of every member. I will count on you.
J. H. KITTRELL, President.

DIAMOND DUST

Jim White's Robbins are steadily climbing to second place, and promise to furnish Greenville a stiff race for the position unless the Weevils show more stuff than right recently. The Robbins didn't get started off as desired, but they seem determined to make up for it in final stages of the first half.

Baseball enthusiasts should not forget to donate generously to funds for furnishing reports at the Reflector office and ball park. The Reflector and Horne Drug company are forced to go to an enormous expense to make the splendid service possible, and it is only right that the public help in a financial way. If you haven't donated anything, hunt up the cigar box at the Horne Drug company and do what's right.

Guy Smith says he is going to have a baseball team regardless of what folks say to the contrary. He is negotiating with a number of reliable players now, and it would not be surprising to see a new crew appear almost any time. That's exactly what we need, if we have any idea of competing for the pennant.

We played New Bern a mighty stiff game in the final of the series yesterday, but still they beat us to the tune of three to two. Mark Webb staged a masterly exhibition, but as usual got beat because of poor support. It's trying to a hurler to pitch as he does and have someone else throw the game away. But it all comes in baseball and there's no use of grumbling. It only makes matters worse, and that is exactly what we want to avoid.

We can't exactly understand how they managed to do it, but the Kinston Robins yesterday succeeded in winning a twelve inning contest from the strong New Bern aggregation by the score of 2 to 1. This is the second time of the season that the Bears have been beaten, therefore, it is difficult to see how the Robbins did it after Greenville won two straights from them and then dropped three straights to New Bern. Baseball is a strange combination of luck and skill, we are bound to admit that, and the Eastern Carolina league has furnished some of the best brand we ever before had the pleasure of witnessing.

It's a pity Mark Webb was tagged out at home yesterday afternoon after slugging the old apple for what certainly appeared to be good for the entire circuit. The hefty lad passed third puffing and blowing like a steam engine and probably would have gotten to home plate by a hair's breadth and it not been for the fact that his team went down after passing the hind corner. The coach should have topped him on third, for it's a pity to lose a long drive like that pieced over in the center garden.

"Saxe" Barnes had something on his old apple the Sailors couldn't get out in yesterday's exhibition. In fact, he apparently had them at mercy until the sixth frame when the first runner reached the checking station, and the ninth Saxe reserved his steam for future use and let the boys see how far they could drive the old pill. And even then they only banged out one triple and two singles which resulted in two runs. Again, we say baseball is a curious combination of luck and skill a losing team can't get when needed the worst.

Barnes also did his share with the willow yesterday. Out of four trips to the plate, he secured a double and two singles, which counted largely in the final score hung up against Washington.

Manning became exasperated because he couldn't repeat that Fourth of July trick in the game yesterday and started to take it out against the umpire. However, the boys managed to cool him off in time to prevent what appeared to be an impending fist fight and things went along smoothly after all.

GREENVILLE CLUB TO CHARGE WOMEN GRANDSTAND PRICE

President Dunn Announces That Hereafter Women Will be Charged 25 Cents to Grandstand

Albion Dunn, president of the Greenville baseball club this morning announced that hereafter ladies will be charged 25 cents admission to the grandstand. This action is taken in an effort to increase the club's receipts and help Greenville place a winning ball club in the field.

Whether other towns have adopted the same measure has not been determined up to this time, but it is probable they will because of small attendance. While the attendance in this city has not been what was expected, it is better than the majority of places which guarantees a successful team.

New Bern at the outset claimed an advantage in attendance, because of its size and refused first plans for exchanging receipts. Since that time, however, managers have been convinced that Kinston and Greenville are making as good showing as any, and promise to have a decided advantage in the course of a few weeks, if not earlier.

This is the first time women have been charged admission to the grandstand, but it is probable every club will find it advisable to adopt the same plan in order to make both ends meet. New Bern charges thirty cents at the gate and twenty five cents to the grandstand, which is slightly cheaper than in other places.

New Bern, however, has better financial backing than all other clubs combined, it is said, and it is very necessary for higher prices in the smaller towns because of prevailing conditions.

MOST ELABORATE AND COMPLETE SCHOOL DEDICATED

Seven School Districts Joined to Construct Plant Where Pupils Have Advantages City School

Garden City, Kan., June 21.—What is considered as one of the most elaborate and complete consolidated school plants in America has just been dedicated at Holcomb, seven miles west of Garden City on the western Kansas prairie. The plant cost \$25,000.

Seven school districts joined to construct the single plant where the pupils may have the advantages of a city school, including manual training, domestic science and scientific training of several varieties. Six one room schools of the old type and a three room school at Holcomb were abandoned in favor of the consolidated project.

The pupils are transported to the school by motor busses driven by teachers who receive \$20 a month for this extra work. The busses have a capacity of thirty to forty pupils each.

The Holcomb consolidated school district has a narea of 124 1-2 square miles. The school population at present is 375. The new plant has a capacity of 650 grade and high school pupils.

The consolidated school group consists of seven buildings in all, with others to be added later, a first class farm for instruction in practical agriculture, and a large athletic field. In addition to the main high school building and a grade school building, there is a large garage for housing the motor busses, a cottage for the superintendent, a faculty home, cottage for the agricultural instruction and farm superintendent, and a cottage for the janitor.

NOTABLE PROGRESS IN EDUCATION WITH INDIANS, NEGROES

Secretary Makes Report to American Baptist Home Mission Society

Des Moines, June 23.—Notable progress in educational work among negroes and Indians in this country and among the people of Central America, the opening of an international Baptist seminary to train preachers for work among foreign-speaking people, establishment of a boys camp apply in the "Plattsburg idea" to religious training, and creation of an architectural bureau to help make religious buildings more effective, were among the features of the 89th annual report of the American Baptist Home Mission society, presented by Dr. C. L. White, executive secretary at the Northern Baptist convention here today.

Schools for negroes and Indians have been taxed to their utmost capacity, according to Dr. George R. Hovey of the Education department. Through gifts from the general education board and John D. Rockefeller, the salary of teachers in the schools is being increased and new buildings provided at Bacone Indian college, Bacone, Okla., and Morehouse college.

Atlanta, Ga. Indians of Oklahoma have given \$175,000 to aid Bacone school. Need for further extension of this educational work is urgent, declares Dr. Charles A. Brooke, in charge of negro missions. An intense race consciousness is furnishing a perplexing problem for the negro churches. Training of young people for more adequate service in church and community is one help to the solution of the problem.

BELIEVES AUCTION BEST FOR TOBACCO SALES

We are often asked what effect if any will the co-operative market plan have on the sale of the next crop of tobacco. We must confess our utter ignorance. We do not know. The fact is we have not been successful in ascertaining the plan. We are not prejudiced against any plan or movement that will help the farmer, but we are thoroughly of the opinion that the best and only practical way to sell tobacco is at public auction on the warehouse floors. Other plans have been tried time and again, but so far as we know these plans failed, and the old system of selling at public auction was found to be the best plan. Tobacco prices are fixed and controlled by supply and demand. No system can help conditions when the markets of the world are not in the financial position to purchase our tobacco. Farmers should be careful in binding themselves up in a contract that might be embarrassing to them. Understand we are not saying that the contract is bad. We do not know, but there are a number of things to be considered when it comes to an agreement to market tobacco in a certain way. Farmers should be privileged to sell their products just as they please, and when they please. The quickest, best and fairest way is to sell at public auction. We are thoroughly convinced of the fact, and we are bold enough to say so.—Winston Southern Tobacco Journal.

MEXICO TO USE AMERICAN PLANES TO PATROL BORDER

Nogales, Arizona, June 21.—Eight American made airplanes have been delivered at Nuevo Laredo, Mexico, for the border patrol of the Mexican government and are to be put into that service as soon as they can be assembled. All the planes are painted blue, which has been adopted as the distinctive color for Mexican border patrol planes.

The United States government already maintains an air patrol along the border.

ROBINS TAKE THE BEARS' MEASURE SCORE WAS 2 TO 1

Thrilling Twelve-Inning Battle Staged at League Park in Kinston Yesterday in Opdner

Kinston, June 24.—The mighty Bears have been tamed—once at least. It was a thrilling game staged at League park yesterday, a regular A-No. 1 contest. It took 12 innings to do the job, but it was well done in the twelfth. Probably three hundred New Bern fans who followed their team here will frankly tell you that it was the best game they ever saw, but you can't get them to admit the Robins are in the class of the Bears—not yet.

Although their respective records don't show it, the game was more or less of a pitcher's battle between Slim Ollinger and Lindberg (we owe the gent apology, we had been thinking his name was Limberger all the time), the Fishburne Military Institute lad of Staunton, Va. Ollinger made twelve Bears fan the ozone, while Lindberg fanned four—but the Bears hit Ollinger a little oftener, making a total of nine hits against the five allowed by Lindberg.

Aside from the spectacular fielding of both clubs the baserunning of Turnbull was the feature of the game. The Michigan lad ought to be arrested for larceny, for he purposely and with malice aforethought, stole second base, went to third on a passed ball and a little later stole home, to the utter amazement of the Bears and the whole New Bern delegation.

Score by Innings:
New Bern — 001 000 000 000—1 9 7
Kinston ——— 000 00 100 001—2 5 1
Summary:
Earned runs, Kinston 1. Stolen bases, Turnbull 2. Sacrifice hits, J. White. Base on balls off Ollinger 1; Lindberg 2. Struck out by Lindberg 4, by Ollinger 11. Hit by pitched ball by Ollinger, Neal. Time 2:40. Umpire Hollard and Pittman. Attendance 1750.

PANNING GOLD WITHIN FEW MILES CITY CENTER

Los Angeles, June 24.—Gold is being panned daily but a few miles from the center of the city of Los Angeles and near the heart of the north residential district. Roy W. Rollins, chief engineer for a rock and gravel company which operates in the Arroyo Seco, has installed a system of crude sluice boxes and each day "pan" out a quantity of the precious metal that nets him \$20 weekly.

The gold is found in the gravel that is dug from the bed of the Arroyo Seco and for years, has been left with the crushed gravel to be used in road construction. Rollins discovered the "pay streak" when he entered the company's employ several months ago and has been panning it since then.

Friday, June 24, 1921

The navy department has taken first step towards increasing strength of the Pacific fleet. That's very advisable so long as we remain outside the league of nations, subject to attack of any country, particularly Germany.

Pitt county planters have reduced cotton and tobacco acreage this year and planted surplus acreage in food crops. Prices may be as low as they were last year, but there's one thing certain—we are going to eat, and that is an assured fact.

Mr. Harding may not have liked what Colonel Harvey had to say while over in England, but if he didn't he hasn't intimated it so far. The recall of Admiral Sims, however, indicated disapproval of reckless talking, and probably may result in Mr. Harvey cooling off and remaining quiet for a while.

Pitt county hog raisers ought to cooperate with Farm Demonstration Agent Pace in vaccinating their hogs. This is one of the most direct means of producing a healthier type of pigs, and that's what the county has needed for many a day. Mr. Pace has proved the value of his work already, and if he receives proper co-operation the campaign ought to prove very successful.

Cotton and tobacco growers who reduced acreage this year will be in position to receive the best the market has to offer in the way of prices. There are numbers, however, who will be fooled because they went ahead and planted normal acreage. That they deserved to be goes without saying, because they proved unfair to the farmer who went ahead and did what he thought was right. The price situation is serious, but reduced acreage will help things considerably, that's a safe go.

It's cheering to know that every part of the State is providing funds for school and road improvement, for so long as such conditions prevail it is hardly probable things are going to be the bow-wows, as the majority of people like to claim. Schools, that is, better schools, are absolutely necessary. North Carolina is about the most sary to all prosperous communities. North Carolina is about the most thriving in the entire country, and it is very natural indeed that schools should be of first consideration. Good roads too are an absolute necessity and it is gratifying to note that improvements are in progress along both lines.

HOPES AND BELIEVES MR. THOMAS IS MISTAKEN

Our friend W. C. Thomas of Greenville, N. C., than whom there is no better posted tobacco man, and who has made a success in the business, has recently returned from a trip to Europe, and he gives out to the press a statement that has a sound of woe and pessimism. Mr. Thomas no doubt, found conditions in the several countries that he visited in a deplorable state, but we are inclined to regret that he sends out such a gloomy statement. From what we can find out, we believe there is an international desire to see trade in all countries open up, on some kind of arrangement. We must all admit the necessity of all countries getting together on some wise practical basis and then all will see a different state of affairs. One extreme always follows another. Depressions follow unusual or abnormal prosperity, and then after a little while the pendulum will swing the other way and prosperity will follow depressions. Mr. Thomas is quoted as saying that he fears that if there should be half a crop produced the coming season that farmers would be in bad shape. In this we hope and believe he is mistaken.—Winston Southern Tobacco Journal.

Come to think about it, we are not as near starvation as some people try to make us believe. The fact is, the country is much better off than the general run of people think, and would be still better than it is if so much hard times talk could be stopped. Money is tighter than it has been in years, of course, but still the United States is in much better condition than all other nations, and will soon return to normalcy, if pessimists let it.

PRAYER MEETINGS AT RED OAK CHURCH

One of the most inspirational meetings ever held in this neighborhood was held at Red Oak church Wednesday night. The people of this community have been meeting at each others homes for the past three or four months for song service. We decided that we would now begin having prayer meeting and choir practice at the church because it would be more convenient for most of us, hence our meeting there Wednesday night.

We had with us Rev. Mr. Shelburn, pastor of the Christian church at Ayden, Messrs. John Smith, Stancill Hodges, Cooper and Brown from Ayden also and each of them made a most inspiring and helpful talk to us. They gave us some splendid points on how to start a prayer meeting and how to meet with success. We wish to thank these good men for coming and we extend to them an invitation to come every possible chance they can find.

The music and singing was excellent. We had with us Mr. Will Forbes and Mr. Oscar Parker who played their violins and that was a great addition to the music.

Mr. Cooper made the remark that he had been singing bass for fifteen years and that he had the best soprano backing Wednesday night that he had ever had.

Friends, members of this church and Sunday school, we are determined to have success in our undertakings and if you will only help us by coming and doing your bit and just will uncover your talent that God has given you as Mr. Hodges said, we shall not meet with failure.

Next Wednesday night we are going to continue our prayer meetings with Mr. Roy Allen as leader.

Next Sunday is our quarterly meeting day. We will have services at the church Saturday morning. Sunday morning at nine-thirty we begin Sunday school. Come and be on time.

We will give out the new literature so be there and get yours.

At eleven o'clock we will have services by the pastor, Mr. Saunders.

Mr. Saunders is an excellent preacher and I am sure if you once hear him you will want to hear him again.

Everybody is extended a most cordial invitation to all these services. The church is located on the brick road between Greenville and Farmville, just four miles from Greenville. Come and join with us.

HE WOULD GO THE LIMIT FOR TANLAC DECLARES SNEAD

Boys at the Pin Factory All Notice the Big Improvement Tanlac Made in His Condition

"There's no mistake about it, this Tanlac has made me feel better and stronger than I ever did in my life," said R. L. Snead, 315 N. Fourth St., Charlottesville, Va., a lathe operator for the Locust Pin Factory.

"When I started taking it a short time ago I was in a bad way from stomach trouble. I was hardly eating enough to keep going and was getting weaker and thinner all the time. Ever since I had the 'flu' I have been going down hill, and as nothing I tried helped me a bit, I was awfully discouraged.

"If Tanlac had been made for my case alone it couldn't have suited it better. My wife says the only thing she has against Tanlac is that it gave me such an appetite I now keep her busy cooking enough for me to eat, and it's fact, I have gained twelve pounds in weight, too, and as so strong that the boys at the plant, seeing the way I can work now, are all talking about the big change in me. I'm sleeping like a top, too, and get up in the mornings feeling fine. It's certainly great to feel as good as I do now, and I am willing to go the limit for Tanlac any time."

Tanlac is sold in Greenville by the Greenville Drug Company.

GREENVILLE WINS FIRST GAME OF SERIES FROM WASHINGTON YESTERDAY AFTERNOON 8 TO 3

Locals Found the Sailors Easy at Every Frame, Hitting Manning at Will; Barnes Hurlled Masterly Game for Greenville, allowing Only 9 Hits, Striking Out 9 and Getting 3 Safe Bingles

In a decidedly one-sided exhibition staged at the fair grounds in this city yesterday afternoon Greenville won the first game of the series from Washington by the score of 8 to 3. The visitors at times tried desperately to overcome the definite lead piled up by the locals in the first and second innings, but without results as Barnes at such stages tightened up and positively refused to yield anything in the shape of a hit. In the ninth inning, however, the cool-headed hurler after fanning eight batters, merely tossed the old apple across the plate and permitted the visitors to pound it in every direction desired, and even then they failed to secure over three effective hits and two runs during the inning.

Erratic and at times brilliant fielding featured the game so far as the outfielders accepted a number of difficult chances which they made good and prevented Greenville from increasing the overwhelming lead gained in the first, second, sixth and eighth frames. The infield, however, apparently had a day off right in the beginning, making two errors that proved costly indeed and resulted in Greenville's first scoring. The most destructive of these errors was made by Captain Jeanette himself, who failed to handle the pill in due form after getting it in his hands. The second baseman also contributed a costly bobble, and consequently the Boll Weevils found it easy to romp around to the checking station.

While the victory was gratifying to those who saw Greenville lose three straights to the New Bern Bears, it must be admitted that they regretted taking it from the Sailors, although it is to be acknowledged it did hundreds of fans good to beat Manning, the hurler who succeeded in staging two victories against them last Fourth of July. It made Manning furious and he wanted to fight the "ump" but outside of that the game passed away smoothly, everybody being satisfied with the outcome.

Everyone thought Manning would repeat the Fourth of July trick, and he did himself, we feel confident. But, for some reason or other the guardian of baseball positively refused to favor the hurler and Greenville pounded out fourteen hits. Most of these hits counted for runs, with exception of those in the last two or three frames, when the locals became lax and apparently didn't try to do anything but prevent the visitors from scoring, and didn't do that effectively.

Barnes proved the shining star of the Boll Weevils. He allowed the Sailors only nine safe bingles, of which only a small number counted for runs. Besides pitching his crew to victory "Saxe" handled the old willow to perfection, getting one double and two singles out for four trips to the plate. Stringfield, Massey, Webb and Carson increased their averages to a noticeable extent, especially Stringfield who secured three singles out of four trips to the rubber. The entire club fielded excellently, making only one single bungle that proved costly.

Mark Webb in the fifth frame pounded the old apple out for what appeared to be a home run, but was tagged out at the plate. The hit easily looked good for a homer, and would have been if the hefty lad's wind had stayed with him. But as it were he slowed down on the last lap and the ball beat him to the plate by a comfortable distance. Byrd, who was put in as a pinch hitter in the ninth, secured a timely tripple off one of Barnes' slow balls, scoring the last two runners of the game.

Washington scored its first run in the sixth frame and after the time failed miserably to get a timely bingle. The locals, on the other hand, were able to hit at liberty and found scoring easy.

Greenville started off scoring in the first inning, Jeanette made a wild throw to first of Leftwich's grounder, Carson, who got on base before by er-

ror, getting out; Adams singled to center field, scoring Leftwich; Fogleman singled, scoring Adams. In the second inning Massey singled, but was caught napping at first; Barnes doubled; Stringfield singled, Barnes going to third; Barnes scored when Jeanette failed to handle Rowland's peg to catch the runner; Carson lit through pitcher, Stringfield going to third; Leftwich lined a fast grounder to Jeanette who threw wild to first, both runners scoring. In the sixth frame two more tallies were added, when Ratchford started things off by getting base 'off' balls; later being forced out by Massey's liner to second; Barnes singled, Massey going to second; Stringfield drove the pill over short, both runners advancing; Carson singled, scoring Massey and Barnes, Stringfield later being forced out when Carson inadvertently forced him to go home by trying to reach third. The final run was made in the eighth when Massey singled, later stealing second; Stringfield grounded safely to third, Carson placed a splendid sacrifice down first base line, scoring Massey.

Washington did their scoring in the sixth and ninth innings. In the sixth Johnson singled with one out and Decker on first, later going to third. Grubb filed out to center field, Decker scoring. In the ninth Jeanette got to first by error at third; Austin singled, un-

bases, scoring both runners, later getting out at home.

The box score.
