## MRS. JERNIGAN IS ADMITTED TO BAIL BY CLINTON JURY

### Woman Charged With Murder of Seawell Furnishes Bond in Sum of \$10,000

Clinton, June 27.—"Gentleman, can your client make a ten thousand bond? You tell me she is poor and her family connections are poor. See what you can do about it." With these words, Judge C. C. Lyon brought to a focus the proceedings in the case of the State against Mrs. Cora Jernigan for the murder of Quimby Seawell at a hearing here today.

So truly had the attorneys for the defense spoken with regard to the poverty of their client that they themselves were for a moment in doubt, and arose to consult with the members of the family, when from all sides men began to volunteer.

The habeas corpus proceedings had been set for 2 o'clock. The court room began to fill. The accused woman was escorted from the jail by Deputy Price. Few had seen her before. Calm, erect, a slim and graceful woman of possibly thirty five, neatly dressed in a shirt-waist and black skirt and simple black hat, accompanied by her husband, she came down the aisle and took her seat in the bar with a perfect pose.

Present as attorneys for the woman were Messrs. Butler and Herring, Fowler and Crumpler and C. L. Guy, the latter of Dunn. Assisting Solicitor Powers were Messrs. Bullard and Stringfield of Fayetteville.

The hearing began by sparring on the part of Stringfield to place the burden upon the defense, when it developed that the woman had never been properly committed to prison, there having been no coroner's warrant issued. Instantly, Judge Lyon changed the proceedings to a preliminary hearing, when Solicitor Powers called out, as witnesses for the State, Mrs. J. L. Matthews, Ruth Seawell and H. M. Seawell.

Judge Lyon declared there was evidence to hold for the killing, but that the only indication that she had intended to kill was the possession of the gun. He said it would be far-fetched to hold that anyone, even a woman, who went to meet another person with a gun intended to kill him. Furthermore, while the law did not permit a justice of the peace to admit to bail a person charged with murder in the first degree, there is a statute which gives that authority to a judge of the superior court and that he, accordingly would admit to bail.

## "BLACK JOE" PRODUCES FIRST COTTON BLOSSOM

The first cotton blossom seen this season was brought to the Reflector office this morning by Frank Moyer, a tenant on the J. G. Moyer farm, about two miles from Greenville. "Black Joe" as Frank is popularly known all through the county, has furnished the first cotton blossom for a number of years and always brings one to the newspapers so the public may still know that he is champion cotton raiser. He has been working for Mr. Moyer for forty odd years, and is considered one of the best farmers of the county.

## HOME COMING TO BE OBSERVED BY BAPTISTS

At a business meeting of the Immanuel Baptist church one night last week it was decided to have what has been designated a "Home Coming" next Sunday morning. Every member of the church is expected to be present. The roll of the membership will be called, a few facts of the history of the church will be given, and in general a fine spirit of fellowship engendered. The out of town members are especially urged to be present.

## KENTUCKY MAN EMITS A GENUINE LIVE FISH FROM HIS STOMACH

Louisville, Ky., June 27.—Fish from a prominent part of human food, but a live piscatory specimen in one's stomach is not an enjoyable companion, according to N. C. Howerton, electrical engineer, 219 South Thirty-Fourth street. Mr. Howerton emitted the fish after being confined to his bed two days with severe pains in his stomach.

"I had felt as something was moving around inside me for some time," he said.

The fish was perfectly formed, having eyes, mouth, fins and scales. It was about four inches long, an inch and a half wide and a quarter of an inch thick. It was alive when it came from his stomach and has been preserved in alcohol by Dr. C. H. Whitelash, physician attending Mr. Howerton, who is making a study of it. It closely resembles a perch.

"I cannot imagine how it got into my stomach," said Mr. Howerton. "When I was a boy I lived in the country and was very fond of swimming. And I drank spring water. I believe I may have swallowed a fish egg or a very small minnow which has grown to maturity in my stomach. During the past ten years I have been a sufferer from stomach trouble and have often felt the disturbing sensation that something was moving around inside."

"I haven't eaten fish for years," said Mr. Howerton. "For some reason I have a great dislike for fish as food. Whenever they had them at home I went somewhere else for my dinner."

## IRISH PRESIDENT IS INVITED TO CONFERENCE

London, June 27.—Belief that Edmund de Valera, "president of the Irish republic" will accept Premier Lloyd George's invitation to come to London for a conference with the government and Premier Craig of Ulster, designed to bring about a settlement of the Irish problem, is expected in the majority of reports reaching this city from Dublin. Premier George's invitation caused a profound sensation in Dublin, and the question whether de Valera would accept was the subject of universal speculation.

## Tent Blown Down

The wind which accompanied the electrical storm last evening, blew down the Holiness tent which was located on Cotanch and 12th streets. It is being erected again today.

Mrs. C. A. Vanderleith and Mrs. Mildred Rhodes of Athens, Ga., who have been visiting Mrs. T. T. Hollingsworth has returned home.

## DIAMOND DUST

Kinston started the series off in a business-like way, so M. Greenville means to keep pace, well, it's going to be necessary to put up a different brand of ball from that exhibited in the game yesterday.

The game yesterday was what the boys call a good one. And that's so, to be sure, but Greenville people are unable to see the good features about it.

Old Washington certainly came back strong against the New Bern Bears yesterday. It's not every day fans have the pleasure of seeing a twelve inning tie game such as that played between the two clubs, especially when the clubs were supposed to be unequal in strength. The Bears are either losing out or Carl Jeanette has secured some new material. Any- and will increase interest in today's show, the game was well worth seeing affair.

Saxe Barnes couldn't hold Jim White's Robins yesterday, but did succeed in handling things admirably until the sixth frame when timely hitting sent three runners across the rubber. The Robins secured six hits to our five. That's pretty close stick work, but favored the visitors because they were able to bunch their bingles with runners on bases. Greenville couldn't do that, therefore it is easily seen why results happen to be as they are.

Sam Carson still catches splendidly for the Boll Weevils and is pulling off some mighty commensurable work with the willow. The Bethel lad is easily the most reliable catcher in the league, and Greenville people ought to be proud of him. There are very few men able to hold up behind the bat daily as he does and his ability to hit under such circumstances is truly remarkable.

Barnes really intended to furnish Kinston with more amusement yesterday, but his club somehow failed to handle the willow as usual and permitted the visitors to walk away with them, although not so fast as they expected. Saxe says he is going to have a ball team before the season is over and if the public will co-operate there's little doubt about it.

Greenville admittedly has one of the best bunch of players in the league, but for some incofferable reason they have been playing in the hardest kind of luck for several days. Take the games with New Bern for instance. Who in the world ever saw any club appear so decidedly out of form as our boys did, yet everyone knew they were capable ball players. After the first two games with Washington the club went to pieces and every day some player showed bad form and practically gave his game away. It has been that way up to the present time, so if we are due for any change, we hope it will come immediately, if not sooner.

All other clubs have added new material. If we intend to be a determined contestant for the pennant it's about time to start something along the same line.

The Sailors seem determined to get out of the cellar. The way they are climbing now looks mighty bad for Greenville, that is, unless we are able to strike a winning streak during the present week.

That long, danky individual with the Kinston club, by the name of Olinger, proved too much for Greenville yesterday, although the boys succeeded in finding him for five safe bingles. They failed to secure them at the right moment, however, so runs were absolutely impossible.

Washington has occupied the cellar long enough to get acclimated, but that doesn't mean the climate is agreeable in the slightest sense of the word. If Greenville doesn't strike a faster pace against Kinston the Sailors may evacuate the cellar in their favor. That would be generous, to be sure, but we aren't hunting that kind of generosity just at this particular time; that's a dead club.

## MAKING PLANS FOR OPERATION OF NEW FINANCIAL SYSTEM

### Federal Budget Plan To Go Into Effect Friday As An Economy Measure

Washington, June 27.—Plans preparatory to establishment of the new Federal Budget system, which becomes operative Friday, began to take tangible form today. As a first step, Charles G. Dawes, director of the budget, at the request of the President, called a conference for Wednesday of all cabinet members and other executive administration officials, at which President Harding will preside. The President also directed Mr. Dawes to draft a tentative form for the new budget within the next thirty days, with estimates of the absolute minimum of government funds needed for the fiscal year beginning July 1.

A White House statement called attention to the necessity for economy in governmental expenditures and said the tentative form of the budget should point the way "as would be done in any ordinary business being confronted with the necessity for economy". It is understood that at the joint conference something of the nature of the expected cut in spending will be brought out as well as the detailed plan of the budget machinery.

"The President does not believe," the White House statement said, "has been the custom under the old system with individual departments, that the minimum of governmental expenditures in the year is the amount fixed by congress in the appropriation bills. The maximum of the budget, which Mr. Harding has asked to be drafted, is expected to be below the minimum amount provided for in existing congressional appropriations, the statement added, while the economies thus anticipated will be carried on into an alternative draft of the budget for the fiscal year beginning July 1, 1921.

## ALL EMPLOYEES TO FEEL WAGE CUT BY R. R. LABOR BOARD

### Wage Slash Ordered on June First to Take Effect on Next Friday

Chicago, June 27.—Employees of virtually every railroad will feel the 12 percent wage cut ordered by the Railroad Labor Board to take effect July first following a decision today extending the order to nearly 100 additional railroads.

The wage slash authorized on June first to take effect next Friday originally contemplated 104 railroads although not all the employees were affected on all the railroads. Today's decision includes 210 roads, many of which were parties to the original decision. The railroad labor board's 12 percent reduction will cut approximately 400 million from the national railroad wage bill. It applies to all employees.

## ALLEGED JOHNSTON SLAYER IS PLACED IN WAYNE JAIL

Goldboro, July 27.—Sheriff Massee, of Johnston county, today brought to the Wayne county jail for safekeeping James Johnson, white, charged with killing Joe Atkinson, also white, in the northern part of Johnston county Saturday as feeling was bitter against Johnson in that vicinity.

Miss Blanche Shriver, who has had charge of the millinery department for Mr. C. H. Forbes the past year, left this morning for her home in Gettysburg, Pa.

## SCHOOL BUDGET RECEIVES ACTION OF COUNTY BOARD

### Board of Education and Commissioners Express Thanks to Retiring Superintendent

At a meeting of the county board of education yesterday, the treasurer's reports for the year and the superintendent's report was received and audited. The business of the schools was gone over in detail, and the office transferred to Supt. R. G. Fitzgerald, who will assume active charge on July 1. Mr. Underwood leaves tomorrow morning for Raleigh and will leave there Friday night for the N. E. A. meeting at Des Moines.

During the day a joint meeting was held with the county commissioners and the school budget for the ensuing year finally and, definitely adopted. This budget as adopted carries the same gross school tax as was levied last year.

The meeting between the two bodies was entirely harmonious and the two bodies are working together for the best interests of Pitt county.

Mr. K. T. Futrelle was unanimously re-elected county superintendent of public welfare in the joint meeting.

Both the department of education and commissioners were hearty in expressions of thanks to Mr. Underwood for what he accomplished during the seven years of service with the county schools. In reply the retiring superintendent said his relations with the public and all county departments had been unusually harmonious, and that they worked together for mutual advancement of all public interests.

The board of education adopted the following:

There are times when we are unable to find words to express the great fullness of the heart, and such is our condition now as we attempt to speak of the faithful service of Superintendent S. B. Underwood as our educational leader during the seven years he has rendered such faithful service as our county superintendent of schools. During these seven years we have learned of his great knowledge and power as superintendent until we feel that our educational interest could not be in better hands.

The pleasant, social and Christian spirit that has been so abundantly manifested in his life as he has co-operated with us during these seven years causes us to have great sorrow of heart to give him up, and we feel sure there are numbers of teachers and citizens, both white and colored in Pitt county that would like to join us in this expression.

As he is to lay down his work here in Pitt county, we wish to thank him with all of our hearts for the great service he has given us, and as he takes up the work in Raleigh, may heaven's richest blessings attend him and his family.

We can assure the people of Raleigh that in the selection of Superintendent Underwood they have made a wise choice and with their hearty co-operation and support their educational cause is in safe hands.

Duncan, former captain of the Greenville club, is using the willow to a much greater advantage than he did for Greenville last season. This shows ball players have good and bad seasons just like anybody else, and can't help it. The entire Greenville club seems to be slightly off at the present time, but that's no reason to believe they are going to be so all the season.

The rain last night was a blessing to the farmers and a joy to the spectators from heat.

## ELLIOT EXPLAINS HOW RAILROADS MAY SERVE PUBLIC

### Chairman of Northern Pacific Tells How Lines May be Prosperous This Year

Washington, D. C., May 28.—In response to requests from members of the Interstate Commerce Commission for suggestions as to what might be done to improve the present system of governmental regulation of the railroads, Mr. Howard Elliott, chairman of the Northern Pacific Railway Co., has submitted the following to the committee: "I believe that it is in the interest of all the people for the lawmakers to study the subject of regulation with a view of giving to management the power of proper action, and of using the regulatory powers in a supervisory and corrective way, rather than to prevent an action until governmental approval is first obtained. If the management does wrong, overrule it and make it do right, but do not prevent it from acting until the approval and permission of a regulating authority can be obtained.

"It is a very grave question whether regulation has not been overdone, encroached on the field of management and by dividing responsibility and checking initiative, done more to increase costs, and therefore rates than would have been the case with more freedom of action permitted.

"Inasmuch as the Interstate Commerce Commission, under the new transportation law, control the aggregate earnings of the railroads, and there is a limitation upon the rates to produce that aggregate, and a provision for sub-dividing the earnings if there is any excess, it would seem as if there was no longer any need of the Hepburn act.

"Better and more prompt results for the public could be obtained if railroad managements, familiar with all local conditions, studying constantly their business, and trying to expand it, should be allowed to make rates effective, subject to investigation and review by the commission and to be set aside after such review, if found in any way contrary to public policy and due reparation then made.

## E. G. FLANAGAN RESIGNS AS CHAMBER DIRECTOR

E. G. Flanagan, recently elected director of the Pitt county chamber of commerce, has tendered his resignation to the officers and the board. Mr. Flanagan took this action today, indicating that press of personal business would prevent him from devoting the time demanded by the office. Action on this resignation will be taken by the directors at the meetings announced for Wednesday afternoon and the one-year term. His successor will be elected by the directors to serve until the general election next year.

Eight cent cotton is another reminder that we are on a permanent road to normalcy. Still, eight cents is not bad so long as we are able to get the cash instead of questionable checks.

The public is bound to admit that Harvey is an envoy extraordinary a way we look at it. In fact he succeeded in producing extraordinary circumstances by only a few remarks, and that's more than his successors did.

If that comet containing intoxicating gasses, which has been reported by astronomers, permits its tail to get too near the earth it is probable a number of John Barleycorn's followers may mistake it for a returned spirit.

The weather for the past few days has been hot enough to convince every one that summer time is here. But still it is much preferable to winter when we are forced to wrap up in order to cut out the chill winds.

The new prohibition commissioner has asked the public not to poke fun at the prohibition laws, as if anyone had thought of doing so. Opponents of the law are too busy trying to earn a living to find fun in anything, so the commissioners may rest assured of the law getting by all right in the future, or at least until financial conditions improve.

Secretary Denby reprimanded Admiral Sims for criticisms directed against Sinn Fein sympathizers in America, and the matter is considered closed, according to Admiral Sims himself. The recall of Mr. Sims quite naturally created considerable interest in both England and America, but his remarks were not flagrant enough to cause any unpleasantness between the governments. Sinn Feiners were principal objectors, it seems, therefore the "jacking up" wasn't quite so severe as the public at one time anticipated.

The American Federation of Labor recently voted down a constitutional amendment designed to give women "equal rights". The action is very unwise indeed, for women have been recognized in politics, and should be granted equal privileges by all organizations. The federation may think it has adopted the right course, but like everything and everybody, it lives to learn.

Tight money seems to be affording the general run of people more trouble than anything at the particular moment. The same complaint is heard hundreds of times daily, and in many instances by people believed to have plenty of cash ready at all times. The whole country is equally affected, as well as everybody, so about the best thing to do is to forget the panic and get as much money as possible in circulation. The more we complain, the worse things apparently become. Therefore, the best thing to do is to work and forget it.

The price of foodstuffs has declined gradually for the past several weeks, but one would never know it by the prices of meals at local cafes. Cafe owners, of course, have reduced prices somewhat, but not in proportion to reduction along other lines. This is especially so where eggs are concerned. Profits on dishes in which eggs are used are outrageous, and ought not hoped everyone will stop patronizing to be tolerated by the patrons. It is such places until proportionate reductions are made.

Baptist Commissioner For Europe

Collections in cash totaling \$25,193,424.64 have been made for general causes fostered by the Baptist 75 Million Campaign since the campaign was launched in 1915, according to a report to the Southern Baptist Convention, which has just adjourned its Chattanooga session, by Dr. L. R. Scarborough, general director of the campaign, and chairman of the Conservation Commission. The fact that \$12,924,943.60 of this amount was collected during the past year, under the most depressing conditions known in years, is very encouraging to the denominational leaders, they say.

Will Seek the Unsaved.

Feeling the need of conserving the spiritual interests of the people as well as the financial aspects of the campaign, the convention asked the Conservation Commission to seek to enlist, through the state and associational organizations, all the 27,000 local Baptist churches in the South in a larger evangelistic effort during the next twelve months, the aim being to induce as many individual members of the churches as possible to win at least one soul to Christ during the new year. Reports to the convention showed that there were 173,595 persons received into the local Baptist churches by baptism during the past year, and a much larger number will be sought during the year ahead.

Would Evangelize Europe.

One of the interesting actions of the convention was the decision to back up fully the Foreign Mission Board in its program for the evangelization of the new European territory of Spain, Jugo-Slavia, Hungary, Roumania, the Ukraine and Southern Russia. Dr. J. H. Rushbrooke, of London, Baptist Commissioner for Europe, addressed the convention, telling how he had distributed the relief funds contributed by Baptists for the needy families of those countries and how the giving of this relief had opened wide the door of missionary opportunity.

Work on the older foreign fields during the past year was unusually successful, the board reporting receipts of \$2,404,988 for its missionary operations and \$278,000 for relief work, as well as \$100,000 worth of clothing; 6,998 baptisms on the foreign fields; 187 of the 611 churches self-supporting, with a total of 405 foreign missionaries and 978 native workers employed.

June 27th, 1921, at 12 o'clock m., a certain tract or parcel of land lying and being in the county of Pitt and State of North Carolina and described as follows, to-wit: being those certain lots of land lying in the town of Greenville and being lots numbers 1, 3, 5, 7, 9, 11, 13, 15, 17 and 19 in block seven on plat of land formerly owned by United Development Corp., and known as "Greenville Heights," as surveyed and platted by A. THE DOT RED CROSS  
By Clifford Leon Sherman

It was only a quick jump from the Belgian Relief work to that Christmas fund which was collected to let all of the orphans in France have a Christmas present. Our heroine went into that work body and soul. Her disposition also seemed to have sweetened a lot. I met her some weeks before the holidays when she was in the toy department of a big store. And as usual she attacked my pocket book again. I didn't know what to buy for a French orphan, but she took my contribution and invested it in a...

Here's why  
**CAMELS** are  
the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

### DIAMOND DUST

Jim White got sore with everything and everybody when he struck that losing streak, but maybe he will come around all right now that he has succeeded in beating Greenville. The Boll Weevils managed to get two out of three last week in the Robins' nest, but the way things started off in yesterday's encounter looks mighty bad. Baseball is a curious thing, however, so today may feature an entirely different tale.

Saxe Barnes failed to beat Kinston in the opening game yesterday, but maybe Mark Webb will experience better luck today. Manager White hasn't yet announced who will be pitted against the hefty Pinetops lad, but if he isn't a good 'un it's a safe go he will be able of getting another game credited to us.

Bill Ellis doesn't seem to be in a hurry to return to Greenville. In fact,

## There's pleasure in cooking in a cool kitchen

WHEN your cooking is done with a New Perfection Oil Cook Stove the kitchen isn't made uncomfortably hot. All the heat you need is ready, just when and where you want it—there is none lost. You regulate it by simply turning the wick up or down a trifle.

That's why it's so easy with ordinary cooking experience to make light fluffy cakes, crisply crusted pies and toothsome cookies. The New Perfection Oven is up where you can reach it conveniently and look into it easily.

It's a pleasure, too, to be relieved of coal and wood carrying, of sweeping around and under the hod and wood basket or box. A small dust-rag takes the place of the stove blacking brush.

Always be sure to adjust the wick so that the flame has long white tips. These give you the most heat. Another feature of the New Perfection is its long blue chimney. This drives all the heat up to the cooking utensils and doesn't soot up the bottoms of them. Insures complete burning of every drop of oil; none is wasted.

New Perfections are made in five, four, three, two and one-burner sizes. Most buyers select them equipped with the warming cabinet.

Use Aladdin Security Oil for best results; it's always clean and dependable.

New Perfection Oil Cook Stoves are sold at most department, furniture and hardware stores.

## KINSTON ROBINS DEFEAT THE BOLL WEEVILS MONDAY

Prettiest Pitchers' Battle Seen This Season On Any of the Diamonds

In one of the prettiest pitchers' battles seen on the local diamond this season Kinston defeated the locals 3 to 0 today. The feature of the game was the sensational pitching of Ollinger the lanky Robin hurler. He allowed the locals only one hit, a single by Kittrell in the seventh inning with two out and the bases empty. One only local player reached the third base during the entire game.

Saxe Barnes the local hurler pitched a good game but allowed the Robins to hit safely three times following a hit batsman which proved his Waterloo.

In the sixth inning Johnson flew out to second, D. Kuyk hit by pitched ball, Briggs hit over second sending Kuyk to second, J. White doubled to left scoring Kuyk, Barron hit to center scoring both Briggs and White. Barron was caught off second. Turnbull struck out ending the scoring for the day.

Following is the box score:

Kinston:	ABRHPOAE

## SAILORS TIED THE SCORE WITH BEARS

Sailors Battle With the Locals Until Darkness Prevents Further Playing

New Bern, June 27.—In the longest game of the season Washington and New Bern battled to a 4-4 tie for 14 innings here today.

With the score 4 to 2 against them in the 9th inning the Tar Babies by a superhuman effort tied the score and battled the locals to a standstill until darkness prevented further playing.

The features of the game was the hitting of Fr. Morris who hit a home run in the 5th inning with one man on and the two doubles of Neal which drove in the other two runs scored by the locals. Jeanette made the prettiest catch ever witnessed on the local diamond when he raced back to the center field fence and pulled down a drive labelled a home run.

With two out in the 9th Austin batted for Manning and was passed to first, Jeanette singled, Armstrong singled scoring Austin and sending Jeanette to third. R. Morris walked away from the plate while trying to settle the Bear infield and Jeanette raced home with the tying run.

Young is offering some remarkably low prices in his special end of the month sale.

### THE DOT DRAWING CLASS

"Last evening," said the Dot Drawing teacher, "I took Betty to a moving picture show, where they were showing pictures of Egypt and the Nile, and when the title of the latter was shown, it said 'The Sacred Nile' and Betty promptly called it the 'scared Nile'. But somehow or other the letter T reminds me of one of the pictures that we saw last night. You know that in Egypt there are a great many things that are held sacred. Why even in the old days I have heard that they worshipped cats. The letter I, in spite of being what I call the egotistical letter always reminds me of the sacred (22)
