DARING YEGGMEN MAKE BIG HAUL OF CASH IN SIMPSON

Robbers Break Safe in Tucker Bros. Store and Escape With \$350 Cash and Similar Sum Checks

One of the most successful robberies occurring in this section in many years happened at Simpson Saturday night when yeggmen entered the store operated by Tucker Brothers, hammered open a large safe and escaped with \$350 in cash and a similar amount in checks. Two rain coats and several pairs of shoes were also taken, but part of this was located by a searching party early next morning.

County authorities thoroughly investigated the robbery yesterday, but so far have been unable to secure the slightest clue regarding the identity of the robbers. It is believed, however, arrests may be made within the next few days, and officers are working diligently with this end in view. After entering the building the yeggmen placed the safe on two thick quilts and battered it open with sledge hammers and large iron bars taken from the section house of the Norfolk Southern railway. No high explosives were used, officers stated today and entrance to both buildings and safe was made with hammers and other implements taken from the section house.

It is not known how many men were in the party as the rain early Sunday morning completely obliterated footprints outside the building. Authorities hope to be able to bring about arrests within the next few days, but this is merely problematical at the present time.

SPLENDID SERVICE HELD IN CITY FOR FOREIGN MISSIONS

Interesting Program Rendered at Immanuel Baptist Church Yesterday Despite Weather

Despite the inclement weather, there were ten ladies present at the first meeting of the Woman's Missionary Society of Immanuel Baptist Church in observance of the week of prayer on Foreign Missions held in the church Sunday afternoon.

Subject: Prayer and Remembering Mexico, was led by Mrs. E. B. Higgs. After repeating the Lords Prayer in unison and singing Hymn "Love Divine. All Loves Excelling" the scripture lesson was read from several passages and commented on "Love, a Fruit of the Spirit" followed by reading pamphlet on the "Holy Spirit" by Mrs. J. M. Whitehurst.

A special request was made that we pray the Holy Spirit dominate throughout the week and all the way through our lives.

Two interesting talks were made on "Why Prayers are Answered," and "Mexico's Immediate Needs."

There will be three other meetings Tuesday—With Mrs. A. T. Denton, "Japan and Africa." Leader Mrs. A. T. Denton.

Thursday, With Mrs. W. R. Smith "South America and China," leader, Mrs. W. H. Ward.

Friday, With Mrs. Z. M. Whitehurst, "Europe." Leader Miss Nellie Wyman.

All the ladies of the church and congregation are invited to attend.

NEW DOLLARS ISSUED TO GREENVILLE BANK

The Greenville Banking & Trust Company has on hand a number of silver dollars of the new design that were distributed by the treasury department last Thursday. The new dollar has attractive designs on both sides, and represents the peace time program of the American government. Anyone desiring the new money may get same by applying at the bank.

Mr. G. A. Rouse, of Farnville, was in the city several hours today.

DE VALERA AGAIN INFORMS IRISH OF HIS RESIGNATION

Head Irish Republic Reaffirms Resignation at Meeting Dail Eireann; Other World Happenings

(By International News)

Dublin, Jan. 9.—Eamon De Valera today reaffirmed his resignation as president of the Irish republic when the Dail Eireann met. He said his resignation carried with it the resignation of the Sinn Fein cabinet also.

Arthur Griffith addressed the house, saying that the ratification vote represented the will of the Irish people. The deputy proposed the re-election of De Valera, but was formally opposed.

Pepper Named Successor to Late Senator Penrose

Philadelphia, Jan. 9.—George Wharton Pepper, noted constitutional lawyer, has been appointed United States senator by Governor Sprunt, succeeding the late Senator Penrose. HISTORY CLASS RECEIVES LETTER FROM MR WILSON

The history class of the Greenville high school last week wired their congratulations to former President Woodrow Wilson upon his 65th birthday. This morning they received the following answer, forwarded by the former president himself.

"Dear teacher: "Will you be kind enough on my behalf to thank the members of the American history class of your school for their message to me on my birthday, and tell them it gave me a great deal of pleasure. I wish for you and them all happiness and profit in the new year."

Respectfully yours, "WOODROW WILSON."

AMERICAN AMBASSADOR TO ENGLAND RECEIVES PAINFUL INJURIES IN AUTOMOBILE COLLISION IN FRANCE

George Harvey and Wickham Stead Pitched Bodily From Car to Pavement in Crash With Another Car While Returning From Golf Links, Receiving Painful But Not Serious Injuries; Richard Crane, American Ambassador to Czechoslovakia Escapes Unhurt.

(By International News)

Cannes, France, Jan. 9.—George Harvey, American ambassador to England and observer for the United States at supreme council meetings, was injured in an automobile collision here today.

Attending physicians said his injuries were not of a serious nature. No bones were broken, but he was ordered to remain quietly in bed for the rest of the day.

Mr. Harvey, accompanied by Wickham Stead and Richard Crane, American ambassador to Czechoslovakia, was on his way to the golf links when another automobile approaching swiftly from behind struck Harvey's car on the side, crushing the two wheels, and throwing Harvey and Stead to the pavement.

Harvey was picked up in an unconscious condition, but Mr. Stead's injuries were considered more serious. Mr. Crane escaped unhurt.

Ambassador Herrick of France, will probably take over the duties representing the United States at Cannes conference until Ambassador Harvey recovers, it was stated at the State department today.

These policemen, not more than a block away, who were hastening to a hurried call to that section, made a thorough search and failed to locate the bodies.

Ernstark fell over instantly killed, while his companion walked on up the street not knowing that Rivensark had been shot. He was searched by the police but they found nothing that would indicate the commission of the murder. In fact, he was so drunk that he knew nothing of the shooting whatever.

No other parties have been apprehended, and no inquest had been held up until 1:30 o'clock this afternoon.

FATTY ARBUCKLE GOES ON TRIAL FOR THE SECOND TIME IN FRISCO TO-DAY

Famous Film Funster Must Again Face Ordeal of Fighting to Free Himself of Manslaughter Charge Resulting from Death of Virginia Rappe.

(By International News)

San Francisco, Jan. 9.—For a second time Roscoe ("Fatty") Arbuckle, famous funster of the silver screen, went on trial today for manslaughter. He is charged with responsibility for the death of Virginia Rappe, film actress, who died following a gay hotel party given by Arbuckle here September 5th.

His first trial, following a bitter legal battle, ended in disagreement on the part of the jury, the last ballot having stood ten to two for acquittal.

An entire new jury venire was drawn for the opening of the second trial today before Judge Harold Louderback.

As in the first trial, District Attorney Matthew Brady was in court to personally direct the prosecution of the State's case, with Milton U'Ren and Leo Friedmann as his chief assistants.

Ranged on the side of the bulky comedian, as in his first trial, were Gavin McNab, chief of counsel; Nath Schmulowitz, Charles H. Brennan, Milton Cohen and Joseph Melnerney, associate counsel.

May Be Short Trial. Opinion different as the second trial opened as to the length of time that would be required to complete the case.

"I do not believe it will take as long as the first trial," said McNab. "I don't believe the trial will be any shorter than the first, and maybe it will take longer," said District Attorney Brady.

The first trial lasted about three weeks. The selection of a jury is expected to take up the greater part of this.

YOUNG WHITE MAN SHOT AND KILLED IN KINSTON SUNDAY

Claude Rivensark Comes to Death by Shot Fired by Unknown Parties on South Street

(Special to The Reflector)

Kinston, Jan. 9.—Claude P. Rivensark, 21, son of G. T. Rivensark, of Wallace, N. C., was shot and instantly killed Sunday night about 8:30, following a spree on South street, with some half dozen intoxicated white men. Several men near the scene of murder heard the shot fired and one saw the flash of the gun. It is estimated the gun was fired from a shed on Queen street, about a hundred feet away from where the young man was standing.

These policemen, not more than a block away, who were hastening to a hurried call to that section, made a thorough search and failed to locate the bodies.

Ernstark fell over instantly killed, while his companion walked on up the street not knowing that Rivensark had been shot. He was searched by the police but they found nothing that would indicate the commission of the murder. In fact, he was so drunk that he knew nothing of the shooting whatever.

No other parties have been apprehended, and no inquest had been held up until 1:30 o'clock this afternoon.

One of the negroes apparently submitted, but as he was about to be handcuffed, the brother hit the officer a crushing blow over the head with a shot gun from behind, producing injuries that completely incapacitated him.

The negroes immediately fled and up until a late hour today had not been apprehended. Officers in every part of the county, however, are instituting a vigilant search, and it is believed arrests will be made within the next few hours. The community has been greatly stirred by the unprovoked attack and both citizens and authorities participated in the search.

HEAVY DOCKET IN REGULAR SESSION OF COUNTY COURT

Two Colored Men Sentenced to County Roads and Others Receive Heavy Fines

One of the most congested dockets in many months faced Judge Lewis G. Cooper in the regular Monday morning session of county court today, and it is quite probable adjournment will not become possible until late this afternoon. Two road sentences and six heavy fines for defendants charged with carrying concealed weapons constituted the principal cases heard up until the noon hour. It is probable a number of minor issues will be continued until next term, but the majority will be directly disposed of before adjournment.

Albert Griffin, colored man of the Farnville district charged with the larceny of a pair of shoes, was sentenced to two years in jail, to be assigned to work on the county roads as deemed advisable by the board of commissioners. L. S. Chappell, also colored, charged with assaulting a colored woman with a pistol, drew six months on the roads. The woman was not injured in the assault, as it was proved the man merely pulled his gun and threatened to use it in event she failed to comply with his wishes.

Will Joyner, Willie Malone, Louis Moore, Oscar Sugg and Charlie Exum, indicted under different charges of carrying concealed weapons, were fined \$30 each and cost of actions.

Dave Malcolm, Bill Smyer and C. R. Shelton, white men residing in Greenville, who pleaded guilty to a charge of gambling, were fined \$25 and one-third cost of action.

Judgment was suspended for a period of two years in the cases of Annie Warren and Lizzie Jenkins, colored women of this city, charged with larceny.

DR. DRIGGS SPEAKS TO PRIMARY PUPILS OF LOCAL SCHOOLS

Noted Educator of New York Gives Practical Demonstration of Language Teaching

Dr. Howard Driggs, formerly of the university of Utah, but now of New York city, is here for the week, doing work for the city schools, and teachers college. Today and Wednesday and Friday he will spend in the various departments of the city schools. This morning he gave practical demonstrations of the method of teaching language in the primary grades. The teachers of the primary department of the city schools were present as observers and each demonstration was followed by a round table conference with Dr. Driggs. The work of Dr. Driggs is of a very practical nature while at the same time his work is inspirational and full of life. This afternoon Dr. Driggs was at the high school. On Wednesday morning there will be a demonstration of teaching in the fourth and fifth grades at the Evans street school. The teachers of the city schools are finding the work of Dr. Driggs of untold value to them in their work.

Wine, Judge Dubupue found, had been of little aid to the country during the late war, having claimed exemption to military service. The principal full names were Louis Wine and Thomas A. Beer.

Portland Accidents. (By International News) Portland, Ore., Jan. 9.—The total number of deaths on the streets of Portland due to automobile accidents during the year 1921 was thirty-one according to police reports.

Fourteen hundred and ten persons were injured in 13,161 accidents in the last year. In connection with the accidents there were 12,418 arrests.

GRIFTON OFFICER INJURED IN FIGHT WITH COLORED MEN

Officer D. M. Seymour Hit Over Head With Shotgun After Endeavoring to Arrest Negroes

D. S. Seymour, officer of the town of Grifton, is in a serious condition at his home in that place today as result of an attack made upon him Saturday night by Richard Rouse and brother, colored men, so recently escaped from the Kinston jail. The officer received dangerous injuries of the head from which he will be quite a while in recovering, according to information received here this morning.

The negroes were identified as those wanted in Kinston by Officer Seymour early Saturday night. He came upon them at a late hour, pulled his gun and demanded that they submit to arrest.

One of the negroes apparently submitted, but as he was about to be handcuffed, the brother hit the officer a crushing blow over the head with a shot gun from behind, producing injuries that completely incapacitated him.

The negroes immediately fled and up until a late hour today had not been apprehended. Officers in every part of the county, however, are instituting a vigilant search, and it is believed arrests will be made within the next few hours. The community has been greatly stirred by the unprovoked attack and both citizens and authorities participated in the search.

The following program has been arranged for the conference:

9:00 a. m.—Address of Welcome, President W. C. Riddick.

9:15 a. m.—The Boll Weevil Damage and Control, Messrs. Franklin Sherman.

BORDEE BOOZE SMUGGLING WILL BE STOPPED

(By International News)

Detroit—Detroit will soon be dry in reality. Federal prohibition officers declare, as the result of a decision by Magistrate W. E. Gundy in Windsor Police court, that only firms holding Dominion charters and licenses for bonded warehouses could export liquor from Ontario.

The decision wipes out the business of several moonroom companies that sprang up recently to sell liquor to persons running over the river and disposing of it in the United States.

COUNTY AGENTS TO HOLD CONFERENCES AT CAPITAL CITY

Boll Weevils Question to be Fully Discussed at Five Days Session of Agricultural Agents

W. B. Pace, farm demonstration agent of Pitt county, this morning made public many facts of interest regarding the meeting of North Carolina county agents to be held in Raleigh January 23 to 28th. The program this year is one of the most elaborate in years, and should be of great help to every section represented.

The boll weevil problem will be one of the greatest to be taken up at the meeting, and efforts will be made for combatting the pest. There is no doubt about the weevils coming, and unless county agents get busy and arranged plans to decrease his damage the cotton crop of the future will be small indeed compared to the past. The weevil has already played havoc in many regions, and North Carolina farmers must be prepared for his coming.

Tuesday, January 24th, will be observed as "Boll Weevil Day" at the conference and it is urged that every district be represented by as many farmers as possible. Discussion of the subject will take place in the State College Auditorium, and will feature some of the best informed agricultural leaders of the state. The following program has been arranged for the conference:

9:00 a. m.—Address of Welcome, President W. C. Riddick.

9:15 a. m.—The Boll Weevil Damage and Control, Messrs. Franklin Sherman.

9:45 a. m.—The Effects of Phosphate and other Fertilizing Materials upon the early maturity of cotton, W. F. Tate.

10:15 a. m.—Cultural methods for cotton and the place for supplementary crops under boll-weevil conditions, Dean C. B. Williams.

German profiteers are to be prosecuted, according to statements reaching this country. American people would be glad to hear of something better going on in this country.

The Greenville basketball club will make a mighty good showing this year if given proper support by the public. They have already won the initial clash over Tarboro, and will continue in event parents attend the games as they should.

These should be happy days in Greenville. The nickel has at last regained its original purchasing power, as Coep Cola, a certain brand of cigar and shoe shines may be bought for five cents. This is a reduction most anybody will be proud of.

Charles Tinkler, San Francisco financier, who is also trying to purchase Muscle Shoals from the government, believes the public favors the proposal of Henry Ford more than all others. That being the case, it looks like the government would turn the project over to Ford and let him satisfy southern people.

The Reflector will present an entirely new paper to the public one day this week. Our new press will be fully installed about the middle of the week, and the first paper printed on it will have an entirely new appearance. The press and recently installed linotype exactly double our capacity and enable us to give Greenville people a paper they should be proud of.

The government did the right thing in removing the luxury tax, but the public will not be satisfied until greater reductions are in evidence. No one expects much relief from town and state taxes because of improvements, but the government can easily remove the tax burden if it would. The administration made this one of its strong talking points, and the public will be greatly disappointed if it should fail to live up to them.

Ireland had a long struggle before getting what she wanted, but success has been achieved at last. The country will now have a form of government similar to that existing in Canada, and should be able to do away with the spirit of dissension which has prevailed so long. The public should discourage further discontent, get down to work and repair damages of the past.

The farmers that curtail cotton and tobacco acreage and plants surplus land in food crops will come out at the big end of the horn next harvest season. The coming of the boll weevil and glutted condition of the tobacco markets are two things that make it imperative for the change, and the sooner the fact is seriously considered, the earlier this country will recover from the past period of depression.

It is very gratifying indeed to note that Greenville Kiwanians are planning the erection of a club building, as it goes to show they have confidence in the future and mean to do their part in making it what it should be. So far as known Greenville is the only town in the country with a Rotary club building. This fact is expressive of the thrift and enterprise of our people, and indicates great things for the future.

The senate is planning to investigate building expenditures of the Federal Reserve system, claiming that too much money was paid for buildings in New York City. There is no doubt that there is grounds for such an investigation, but the committee will find it rather difficult to show the Reserve system or the public either why this money should have been spent. The senate would find it less expensive to slow up on investigation. In fact, thousands of dollars no doubt have been spent foolishly the past few years. Only in very few instances has the country been made any better by such inquiries. If anything, it is worse of financially, and will continue to be until these inquiry leaks are stopped up.

Pitt county... ability will find it advisable to reduce acreage again this year, as the market has a surplus amount of tobacco that will continue to hold prices down as long as it remains unsold. Foreign demand is more limited today than ever before, and a revival is not to be expected until the financial condition of European countries improves. Many of these markets are overstocked also, and even if financial conditions were more favorable it isn't likely demand would be what it was when... Reduction of acreage is as necessary this year as ever, and unless the farmer curtails his crop as advised the price situation will quite likely remain unfavorable for many seasons to come.

Abolition of the submarine was necessary, and it is gratifying to note that the great powers at the Washington conference decided to do away with them. No country can expect to maintain peace with a continuance of the submarine traffic, and the sooner they are entirely eliminated by all countries the earlier peace will be guaranteed to the world. The conference has done much in showing the world what a great problem is involved in establishing permanent peace, and maybe sooner or later the public will have the pleasure of knowing that warfare is a thing of the past. Many years will pass before this takes place, but it will eventually come to pass.

Fatty Arbuckle Goes on Trial.
(Continued from page 1)

Both sides have been active during the period intervening between the two trials. It is not believed that either state or defense has uncovered any startling new evidence, but both sides profess to have found cumulative evidence to assist their case.

The defense claims to have found a number of witnesses who will testify to the alleged propensity of Miss Rappe to tear her clothing when drinking and that she was subject to a chronic trouble which caused her violent paroxysms of pain at frequent intervals. On the other hand, the State claims to have witnesses whose testimony would throw discredit on this claim of the defense.

Fight Fingerprints.
There were also indications that the defense planned to launch a savage attack on fingerprint evidence introduced by the State at the first trial. It is the contention of the state that Miss Rappe came to injuries that caused her death while alone.

Home Brew Did It.
New York, Jan. 9. — Peter Petrovich, his wife and two small daughters of Jersey City, had to be taken to a hospital for serious burns when a whiskey still exploded in a kitchen of their home. Peter was pouring mash into the still when it blew up.

Heinrichs, showed fingerprints which he identified as those of Arbuckle, superimposed over those of Miss Rappe. At the first trial due to the fact that the defense was unable to get their fingerprint experts on the stand. At this trial they will present an entirely new set of experts whose qualifications will insure their being able to testify. At the same time it is understood the qualifications of Heinrichs will be attacked. It is probable that the defense will make a strenuous battle to keep the fingerprint testimony out altogether. As in the first trial the State will rely on Alice Blake and Zey Prevon, showgirls who attended the party, as star witnesses.

Although interest is not as high as in the first trial it was apparent today that the capacity of the small courtroom will again be taxed to accommodate the crowds anxious to hear the testimony.

TWO LANGUAGES URGED FOR PHILIPPINE BILLS

Washington. — Government General Leonard Wood has recommended to the legislature that all important Philippine bills be printed in both English and Spanish instead of Spanish only, as at present. In his recommendation, General Wood said: "There are about 2,000,000 of the

advisable or important measures proposed to the legislature to be given out in English as well as Spanish, so that the English-speaking public may have knowledge of them, thereby bringing about a fuller public discussion and understanding of proposed measures."

Washington educators are urging the same idea, on the ground that duplicate texts of English and Spanish would be of marked assistance not only in the teaching of Spanish in schools in the states but in disseminating information regarding our island possessions.

Just think how much happiness it would bring if everybody could start the new year with a new Buick.

Look over the list of Buick owners in this community; you will find among them the most representative people of our city. Next to the pride that we feel in having the best automobile buy in the world, is the pride we feel in the type of people who are driving Buick Automobiles in our territory.

JUNIOR HIGH SCHOOL NEWS EVANS STREET SCHOOL

After a happy Christmas vacation of ten days we have come back to begin our second term's work. From all reports every one had a jolly Christmas.

Miss Madeline Higgs has not returned to our school and we miss her very much. We are hoping to get another teacher to take her place soon.

We have had quite a number of absentees because of sickness. They are: Elmer Dixon, Harry Johnson, Pearl Moore, Opal Bass, Helena Staton, Milton Harrington, Mary Frances Nelson, Katherine Gross, Chester Allen, and John Oakley.

Since we have started back to school we have three new scholars. These are Eloise and William Brickhouse, who came from Columbia, S. C., and Irma Roder who came from Washington, North Carolina. We are very glad to have them and hope we will have more.

We are still keeping up our flag contest. The interest is as keen, if not more so, as ever.

Recently we have received twenty volumes of "The Book of Knowledge." They help us very much in our school work.

After such good times during the holidays it is hard for us to settle down to work preparing for examinations which will begin soon. Some of us are trying to cram in what we should have learned in the fall.

We cordially invite the parents of the Evans Street School to attend the parent-teachers meeting Friday afternoon, January 13, 1922, at 3:30 o'clock.

Each grade of the Junior High School has organized as a class. The following officers have been elected:

6A Grade. President—Ruby West. Vice-President—Helen B. Parish. Secretary and Treasury — Annie Laurie Hyde. Chairman of committees: Glenn

Forbes. Sarah Johnson, Dan Beach. 8B Grade. President—Manuel Corbett. Vice President—Clifford Bostic. Chairman of committees: Mary Emma Gaskins, Mary Lee Gurganus, Nellie Beach. 7A Grade. President—Joseph Dresback. Vice President—Ruth Spivey. Secretary and Treasury—Catherine Claytor. Chairman of committees: Florence Overton, Fred Forbes, Lyman Harris. 7B Grade. President—Leslie Harris. Secretary and Treasurer — Ruby Hazel Jackson. Critic—Garland Stroud. Reporters: Murry House, Nell Beach, Marcellous Hearne, Elizabeth Mayo, Doris Hardee.

HAWAIIAN JAPS PLEDGE UNITED STATES LOYALTY

Honolulu, T. H.—Declaring "undivided and whole-hearted allegiance to the United States of America and her government," and publicly renouncing "any allegiance to Japan," members of Honolulu Forum No. 1, American Citizens of Japanese Ancestry, a society composed of Japanese young men and women born in Hawaii, have reiterated their loyalty to this country.

The action, taken by the society at the instance of the American Legion, and in refutation of accusations of non-assimilability made by V. S. McClatchey, editor of the Sacramento Bee and head of the Japanese Exclusion League of California, was in the form of individual pledges signed by each member of the society.
