## FORD TO CONCLUDE ARGUMENT ON PURCHASE OF MUSCLE SHOALS IN FINAL CONFERENCE WITH SECRETARY

Final Conference With Secretary Weeks This Afternoon and Hopes to Be Able to Present His Plan in Detail to the Public Immediately; Will Make Muscle Shoals an Object Lesson to the People and the Government of United States in His Deal is Favored.

(By International News).  
Washington, Jan. 13.—I am hoping to conclude arguments for purchase of Muscle Shoals at conference with the secretary of the International News service this afternoon. Mr. Ford said he thought it advisable to comment on the offer or upon any modification may or may not make in connection with weeks regarding purchase.

He inferred, however, that the session would be final, and that he had prepared a way for the sale during the past two weeks. Ford said he intended to make Muscle Shoals an object lesson to the people and the government of the United States.

When it has been seen what benefits shall result from the sale, he declared "I shall then position to expand activities in the same lines."

## MARKET SITUATION CONTINUES GOOD LOCAL MARKET

Sales Featured Greenville Tobacco Market Activities Today, Prices Were Good

There was again light on the tobacco market today and result floors were cleared up rather than under ordinary conditions. Light sales have been since the market opened for the holiday season Tuesday, accounts aren't expecting any amount of bright leaf on the between now and the closing

price situation today showed greater strength than the day, and the farmer who had hacco to offer went away fulfilled at the splendid showing. There were the usual number of on the floors, and all demands in proportion to the cost of ion, although not near so good during the inflation period.

Generally believed the price will continue to improve the market closes the farmer fully convinced that the present of marketing is as good ways has been. The unsettled of the world market in all ity will have much to do with change, in event it occurs farmer with good tobacco assured of receiving everything to him.

Greenville market has made excellent record in the way of prices, considering the great of common tobacco disposed during the season. That the will continue to hold its position the second largest bright hacco market in the world is as at the present time it same position of first month report of the State agricultural department gave it that

## AYDEN PHYSICIAN TO HEAD COUNTY MEDICAL SOCIETY

Dr. Grady Dixon Elected President, Succeeding Dr. K. B. Pace, in Interesting Session Here

Officers were elected and other matters of importance taken up at the regular monthly meeting of members of the Pitt county Medical Society who were guests of Drs. William Whitfield and W. W. Dawson in the basement of the Christian church in this city last night. It was the first meeting of the new year, and members entered into discussion with great enthusiasm and expressed confidence in the future of the organization.

In the election of officers Dr. Grady G. Dixon, of Ayden, was chosen as president, succeeding Dr. K. B. Pace, who presided over the meeting. Dr. Cecil Garrington of Bethel, was elected vice-president, while Dr. A. M. Schultz, of Greenville, was re-elected secretary and treasurer.

Supper was served by ladies of the Christian church, after which papers of interest were read by Drs. Hammingway and E. P. Spence. It was decided that the society should entertain the Tri-county Medical Society at the next monthly meeting, and elaborate program was urged. Dr. Bailey, director of the Pitt county department of health asked for the hearty co-operation of physicians in making the general clinic the great success should be. He outlined the importance of the work, and said it is necessary that all physicians pull together if it is to be as successful in this county as others.

A telegram expressing regret at his absence from Dr. Tom Parrott, of Kinston, was read to the society.

Dr. W. H. Carter, of Washington, was the only out of town guest present and expressed appreciation of the splendid spirit of hospitality prevailing throughout the meeting.

It was decided the bad pay list would be completed at the expiration of the month. This matter was taken up several weeks ago in an effort to bring about better payment of accounts, but will not be really placed in force until the lists have been completed.

The meeting was one of the best held in many months, and featured in many expressions of confidence in the future by members from virtually all sections of the county. The society made excellent progress the past year, and has produced a greater spirit of co-operation among the physicians.

## DESPERATE NEGRO OF GRIFTON TAKEN IN KINSTON TODAY

Roy Rouse Wanted For Assault Upon Officer Seymour Be Returned to Greenville Tomorrow

Information was received in this city this afternoon that Kinston authorities had arrested Roy Rouse, colored man wanted in his county for assaulting and painfully injuring D. W. Seymour, Grifton officer, who attempted to arrest Rouse and his brother last Saturday night. Sheriff Dudley said members of his department will leave for Kinston tomorrow to take Rouse in custody. In the meantime, a vigilant search will be instituted for his brother, and it is believed his arrest will take place at any time.

Latest reports received from the bedside of Officer Seymour stated that his conditions is greatly improved, and physicians entertain strong hopes for his recovery.

Idealism is a beautiful thing, but it is outweighed by a wife and baby, according to Charles Garland, who has reversed his original decision and accepted the \$1,000,000 legacy left him by his father, the late James A. Garland, of Boston. Young Mrs. Garland and her newborn child, who, with the husband and father, are liv-

ing in a tumbledown farmhouse a short distance from here, were responsible for his change of heart. Garland, who refused the fortune because, he said, it was not "Christlike," has come to believe that his wife and child are entitled to whatever comforts can be obtained for them, wherefore the necessity for money. Garland surprised the world in 1919 when he refused to accept a legacy of more than

\$1,000,000. "Christ would have refused to be a millionaire, why shouldn't I?" said young Garland. At that time he had just reached his majority. So Charles has become a millionaire after all, and it is confidently expected that one of the first outward signs of affluence will be extensive repairs made on the farmhouse. The photograph shows Charles Garland and his wife.

## GERMAN INDEMNITY BY FEBRUARY 15TH MUST BE SETTLED

Interallied Reparations Commission Grants Indemnity Moratorium With Provisions

(By International News).  
Cannes, Jan. 13.—The inter-allied reparations commission has decided to grant a partial indemnity moratorium to Germany, it was learned this afternoon. The date of the economic conference was definitely set for March 8th. If the moratorium goes into effect immediately Germany will have until February 15th to pay her indemnity installments due Sunday. The supreme council meeting ended today after an eventful session.

## KIWANIANS PLAN TO DISCUSS HOME PROBLEM TONIGHT

Committee Having Building Site in Charge Will Probably Report at the Meeting

The regular luncheon and business meeting of the Greenville Kiwanis club will be held at the Rotary club here tonight at 8:30 o'clock, and many matters of direct importance to the organization will probably be taken up.

It was stated last night that members of the committee investigating a site for the proposed Kiwanis home will probably report tonight, and as much interest is centered around this matter it is certain attendance will be one hundred percent.

The program for the evening will be in charge of Lewis G. Cooper, who has arranged numbers of interesting features. The business session also promises to be of more than general importance, as several matters looking to future success of the club are to be considered.

The Kiwanians are interested in many civic problems at the present time, and it has been assured they will throw their whole weight into these issues when the auspicious moment arrives.

DR. DINGLEY BROWN IN  
ORGAN CONCERT MONDAY

All music lovers will enjoy the organ recital at the Immanuel church on next Monday evening.

Dr. Brown's programs admirably adopted for showing the possibilities of the new organ. In the large from the New World Symphony by Dvorak, the various instruments of while the dignified backprelude and Trigue, as well as the lighter members, written especially for the organ, will show the total colorings which that instrument alone can give. There will be found, in well arranged contrast, brilliant numbers, slower, sad numbers, light playful numbers, dances and again at the end a brilliant overture.

The public is cordially invited to the concert.

Lumberjacks Wanted  
(By International News)

Portland, Ore.—Lumbermen in the Pacific northwest have announced that they will soon be operating their lumber camps with an employment double that of last year.

The announcement was followed by a feeling of optimism regarding the unemployment situation in this section.

The lumbermen plan to operate on such a large scale that they even anticipate a shortage of labor in some classes.

## COMMISSION FINDS RAILROAD INCREASE IS NOT JUSTIFIED

Proposal of Increase of Space Rates Defeated by Interstate Commission in Session Today

(By International News).  
Washington, Jan. 13.—The proposal of various railroads to increase "space rental" charges on domestic, export and coast wise shipments of cotton, cotton lint, from New Orleans and sub-ports was found to be unjustified by the interstate commerce commission today.

The protest was made by the New Orleans joint traffic bureau in behalf of the New Orleans cotton exchange and other commercial and civic organizations.

## GREENVILLE BOYS TO PLAY CLAYTON TOSSERS TONIGHT

Initial Clash of Season Between Two Clubs Be Staged at Forbes & Morton's Warehouse

One of the hardest fought basketball games staged here in many seasons is expected to take place at Forbes and Morton's warehouse in this city tonight when the Greenville high school and Clayton clash in the initial game of the season. Both teams are about evenly matched, according to reports received here today, and indications point to one of the most stubbornly contested games in years.

Coach Duncan stated this morning that the Greenville team is in prime trim for the contest, and if everything works out as expected Clayton will find opposition considerably greater than possibly expected. Greenville's victory over the strong Tarboro club the latter part of last week gave the boys greater confidence in themselves and when they appear in the second clash of the season tonight their showing will be decidedly better than the first game.

The tentative lineup for tonight's game contains some of the fastest basketball players the high school has produced in many seasons, and unless something out of the ordinary occurs Clayton will be easily defeated. Both teams are about the same weight and size, but it is believed the Greenville boys are somewhat faster and capable of handling the ball easier and with greater accuracy.

The lineup completed by Coach Duncan this morning follows:  
Williams, R., r. f.; Brown, Z., l. f.;

## WATSON TO BRING OUT NEW FACTS IN SENATE'S INQUIRY

Georgia Senator Refuses to Admit That Surtile Charges Have Approached Collapse

(By International News)  
Washington, Jan. 13.—Despite feeling in senatorial quarters that at least one of the senatorial charges of killing American soldiers in France has been shattered by testimony before the special Senate investigating committee by officers who served at Issurville, Senator Tom Watson today refused to admit that the case approached a collapse.

It was indicated that Watson would seek to bring forward additional evidence. The charge is regarded as blown up so far as hangings at Issurville are concerned. Former soldiers swore ten or twelve men were hung at that place during the war.

## MARKET BUILDING TO BE REMODELED FOR CITY OFFICES

Tax Office and Water and Light Commission to Move Into New Quarters When Completed

The city's tax collector's office and the office of the water and light commission will soon be moved to the city market building, corner of Fifth and Cotanch street, which will be remodelled and equipped with necessary office fixtures at an estimated cost of \$3000, according to an announcement made by members of the board of aldermen yesterday afternoon.

The following committee will supervise the work: L. W. Tucker, representing the water and light commission; F. J. Forbes, J. L. Hassell and W. L. Hall, representing the city.

It has also been decided to have police headquarters located in the same building, although this was not definitely decided upon at the time the matter was brought up. The quarters now occupied by the tax department and the water and light commission are entirely too congested; it was stated, and the board of aldermen believe the enlarged quarters will have much to do with general efficiency of the departments.

Construction work in all probability will begin within the next few days, or just as soon as the contract has been let.

## Montana Copper Mines Reopening

(By International News)

Butte, Mont.—A big revival in the copper industry was scheduled to become effective with the resumption of the mines and reduction plants in the Butte, Great Falls and Anaconda mining districts.

A horizontal wage decrease was also scheduled to go into effect according to a recent announcement of the mining companies.

Curtailed work in the Butte district was started in 1919, climaxing in the closing of the mines last April. Men are expected to be put back to work as fast as they apply for employment.

## HAWAIIAN GETS KICK OUT OF NATIVE DRINK

(By International News)

## OVER TWO BILLION DOLLARS NEEDED IN SOLDIERS BONUS

Senator Lodge Declares This Amount to be Needed as Cash Payments Out of Four Billion

(By International News)  
Washington, Jan. 13.—Not less than two billion, seven hundred and fifty million dollars will have to be provided for the soldiers bonus out of the proposed four billion dollar British debt bond issue, in the judgment of Senator Lodge, Republican leader of the Senate, it was disclosed today.

Senator Lodge's estimate, it was stated, is based upon belief of 72 to 75 percent of ex-service men who require cash bonuses when administration leaders undertake to carry out the present plan of linking the soldier's bonus with the British debt.

## REVENUE COLLECTOR TO BE ARRAIGNED ON WIFE MURDER CHARGE

Salt Lake City, Jan. 13.—O. Woods, deputy collector of the internal revenue, will be arraigned today charged with first degree murder, on a complaint filed by the county attorney who charges Woods with "premeditated" striking, choking, and burning Woods, threw her on the bed and set his wife. He tied and gagged her, fire to it. Woods planned to collect his wife's insurance, according to the theory of the police department here.

## YOUNG MEN PLEDGE FINANCIAL AID IN A BUILDING PROGRAM

Young Men's Class of Jarvis Methodist Church Pledge \$500 to Building Fund

Last evening was the occasion of a delightful oyster roast, enjoyed by the young men's Bible class of the Jarvis Memorial Methodist church. About twenty-five were present, all of whom were so fortunate as to possess a tasteful desire for this luscious food, with an appetite to suit the occasion. Much credit is due Messrs. Gordon Congleton and John Murphy for the splendid way in which the roast was served.

After the oyster roast all gathered in a circle around a radiator heater, and listened to interesting talks made by Rev. Scoville, Messrs. J. B. James and J. D. Rogers, relating to the Sunday school building fund. A hearty response was given by the class by pledging \$500, and quickly raising \$310 for the Sunday school building fund, all of which is to be paid in by May the 1st, 1922.

## YOUNG'S "BARGAIN CARNIVAL" OPENED THIS MORNING

Promptly at nine o'clock today seven stores known as Young's chain of stores threw open their doors on one of the greatest clearance sales ever known in the history of the chain. All day crowds flocked into the stores, taking advantage of the bargains and they found bargains in every department.

Buyers recently returned from northern markets where they made a cash purchase of \$25,000.00 in merchandise and this is being sold in these clearances sales.

Mr. O. F. Clarke of this city has all seven sales in charge and he has made every plan to make them a success. Extra clerks have been employed so that everyone can take advantage of the exceptionally low prices.

Senator Pepper, it seems, isn't in position to state his attitude in the Newberry case, and as a consequence won't be of any great help to the senate in this matter. However, his chance to shine may come later. The senate shouldn't worry on that score.

It is consoling to know the white way is to be installed at an early date, as there is nothing in which our people are more interested at this time. The new system has been talked about a great deal lately, but it was not definitely and favorably concluded until the committee met this week. White ways are indispensable assets to all thriving cities, and Greenville is no exception.

### BRIAND'S RESIGNATION.

The reported resignation of Premier Briand of France will be greeted with concern in all parts of the country, as it brings about a crisis in European politics which cannot at once be comprehended by those who are not familiar with conditions prevailing in Europe at the present time. The premier has easily been one of the leading figures in European politics the last several months, and the removal of such a figure from the chamber of deputies in France will momentarily paralyze negotiations in which the country is so vitally interested.

Premier Briand was one of the dominating figures at the disarmament conference. It was the ideals of Hughes, Lloyd George, of England, Kato of Japan and Briand of France, that stood the test of public criticism at the conference and came out victorious. Briand represented the interests of his country as faithfully as could be desired. He asked for what he thought was really needed, and received in return due recognition of the rights of his country.

Like all truly great statesmen, he has exerted every influence for the establishment of normal conditions throughout the world, and it is a pity indeed he is to be deprived of the glory justly due him and his cabinet by resigning when at a point of realizing their greatest ambitions. The extent of this unexpected turn in the political life of France cannot be gauged at this time, but as negotiations are completed under the directions of other factions the people will then begin to realize what they have lost.

Briand to France is exactly what America's greatest statesmen are to her people, and it is very unfortunate that occasion for his resignation should come at a time when all able men are needed to help the old world steer in its right course.

### LUCKY FRIDAY, JANUARY 13TH.

Today may be the thirteenth and Friday too, but it is a banner day so far as The Reflector is concerned as the reader may be able to discern by appearance of the paper.

Beginning with today's issue The Reflector hereafter will be printed on a Duplex press, which has just been installed. This piece of machinery, with the additional linotype also lately installed, exactly doubles our capacity, and should enable the paper to make its appearance every day at three o'clock with as many as eight pages or more if required.

We intended making today's issue considerably larger, but unforeseen circumstances prevented an issue larger than four pages. This, however, is of sufficient size to give our readers a general idea of the extent of our improvements, and the service they are to receive in the future.

The new press is the latest work in press perfection. We can print and fold as many as eight pages in one revolution of the press, at a rate of about four thousand an hour.

The old way involved much more labor and worry, and invariably resulted in late editions, especially when advertising and news were heavy.

The new linotype also revolutionizes activity in the type setting department, double our capacity, and placing us in position to have the paper set up and ready to print in half the time required in past days. These improvements have been made at enormous expense to the management, but as they represent the fulfilling of our greatest ambitions, the money invested is done so cheerfully and with a desire to give Pitt county people a paper which they have been so deserving.

The different departments will also be increased in efficiency with these much needed improvements and within the next few days our readers will be presented with a paper they will have every reason to be proud of.

## OLDEST "GIRL", 110, HAS HER HAIR BOBBED

Newark, N. J.—The oldest inmate in the Daughters of Israel Home for the Aged, 110 years old, is about to have her hair bobbed, "like the other girls," as she expressed it. The management of the home withheld her name, fearing lest its publication might offend wealthy relatives.

"I am only 110," she said, and I expect to break the record of my grandmother, who lived to be 125.

She is known among the other inmates as "the telephone," because of her faculty in gossip, and is also called the "head of the Democratic party."

because of her persistent discussion of politics. She ascribed her longevity to diet largely, eating of meat and very little bread.

Another inmate of the home is Mrs. Rlyka Zippe, 105 years old. She primp constantly and is said to be very jealous of the attentions paid by the old men in the institution to the other "girls". She says the secret of her age and beauty is fresh air and she sits out in all weather. Her favorite diversion is playing with dolls.

## NEW "TERROR" FOR EUROPEAN CUSTOMS

(By International News) London.—Visas for lingerie are the newest terror added to European customs examination.

Thousands of people holding frontier permits have daily passed into Germany wearing old clothes, which as soon as the frontier was passed they discarded and with cheap marks bought new outfits on which they had to pay no duty.

The Swiss authorities have now decided that every person passing the frontier will be required to have every article of clothing, from boots to hat, stamped with the official seal. Even women's most intimate attire will be unable to escape registration.

### MOUSE AT HOME IN FLYING AIR PLANE

(By International News)

Washington.—Officers of the army air service chuckled over a tale from Plainfield, N. J., concerning the flight of a mouse in an airplane.

Harris Brown of Plainfield, according to the story, had his ship about 2,000 feet in the air when he was surprised to discover a mouse running along the back of the front cockpit. The fellow did not seem to be scared and after looking around for a moment sprang down into the cockpit. The plane landed it was found that the mouse had gnawed a hole in the seat cushion, taken out some hair and built a nest in a corner under the life belt.

Someone is so unkind as to inquire "What would Ruth Law have done if she had been the pilot?"

# Stomach Nausea

(Friday Health Talk No. 53)  
(By J. B. Ball, D. C. PhC.)

Many persons have a good appetite one day and sickness at the sight of food the next. There is often belching of gas and a taste of bitter fluid. Frequently the tongue is coated. There may or may not be pain in the stomach. Headache and dizziness often accompany these symptoms.

The stomach like every other part of the body, is dependent upon spinal nerves for strength and vigor. Adjustments of joints of the backbone which have become out of alignment at "stomach place" restore normal stomach strength. Digestion and all the processes of the stomach become normal when there is 100 percent nervous energy.

**HEALTH FOLLOWS**  
CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

BLADDER  
SPINAL COLUMN LOWER LIMBS

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING RE-MOVES THE PRESSURE. THE UPPER NERVE IS FREED AS NATURE INTENDS.

**SUFFERED 20 YEARS—WELL AGAIN**  
"Stomach trouble and nervous weakness were my ailments for twenty years. Four physicians in consultation advised an operation. I tried to avoid the knife by turning to chiropractic and am happy to say that I am now well in every respect." Rev. George E. Dewey, Chiropractic Research Bureau, Statement No. 1080H.
