SPLendid TALKS FEATURE MEETING OF KIWANIS CLUB

Many Interesting Facts Brought Out at Meeting of Club at Rotary Home Last Night

KIWANIAN WILSON GIVES HISTORY AND CONTINUED GROWTH OF ORGANIZATION

Number of Members of the Board of Directors Increased From Eight to Twelve

One of the most interesting meetings of the new year was held by members of the Greenville Kiwanis club last night at the Rotary home on Fifth street.

Probably one of the most interesting addresses of the evening was made by C. W. Wilson, who gave the "History of Kiwanis" and what it means to the life of every community.

The large number of Kiwanians scattered throughout the nation is not the most significant thing about Kiwanis, it was stated, as numbers do not tell the entire story in the slightest sense of the word.

Attorney Albion Dunn talked on the subject of "Lawyers," and delivered an interesting way the high (Continued on page 4)

WOOD ALCOHOL CLAIMS THREE OTHER VICTIMS IN NEW YORK TODAY

New York, Jan. 14.—Wood alcohol today claimed two more victims and a third is believed to be in dying condition here. Robert Doyle and Alfred Cable are dead and Joseph Adams is extremely ill, it was stated by authorities.

HUNTING DOGS UNCOVER GRAVE OF MURDERED MAN

Mobile, Jan. 14.—Hunting dogs, which dug away the earth over the grave disclosed the murder of J. Miller, wealthy planter of Inkamies. Police immediately arrested James, J. Miller, last seen with the dead man last Saturday.

IRISH PARLIAMENT RATIFIES TREATY OF PEACE EARLY TODAY

(By International News) Dublin, Jan. 14.—The southern Ireland parliament has ratified the peace treaty, it was stated by authoritative sources here this morning. A provisional government has been created and administration of affairs will be conducted in this way until the British government enacts laws officially creating the Irish Free State.

HENRY FORD TO REMAIN AT CAPITAL UNTIL LEADERS OF ADMINISTRATION MAKE SOME DECISION REGARDING THE LEASE OF MUSCLE SHOALS PROPERTY

Automobile Manufacturer Undaunted by Flat Reception Given by Administration Yesterday

SECRETARY WEEKS INSISTS 100 YEAR RENTAL TERM WOULD NOT BE LEGITIMATE

Number of Senators to Hold Conference With Secretary Weeks to Receive Recommendations

Washington, Jan. 14.—Henry Ford, whose offer to take over Muscle Shoals received something of a flat reception by the administration yesterday in Washington where he will probably remain several days.

Ford today will confer with his district manager and field men, it was said this morning. His engineers will continue consultations, but it is not known whether they will be able to see Secretary Weeks today.

Ford retained absolute reticence in regard to his conversation with Weeks, Herbert Hoover and General Taylor yesterday, where the deadlock developed when Ford declined to modify his original proposals for the plant.

Secretary Weeks declared that a hundred year rental proposition was out of alignment with regular legal phases. It is expected he will receive visits today from a number of senators, among whom will be Heflin, of Alabama.

Secretary Weeks in all probability will submit Ford's offer without any recommendations to congress, but will voice objections wherever these become necessary.

The outcome of the Ford proposal is being watched with general interest throughout the country. His intentions of showing the government and public what Muscle Shoals is capable of doing has created considerable interest, and the conclusion of the conference is awaited with great expectation.

ALDERMEN PLAN TO RESTRICT TRAFFIC IN SCHOOL ZONES

Strict Traffic Regulation Passed by Aldermen This Morning as a Means Protecting Life

In an attempt to protect the lives of school children of the city the board of aldermen this morning passed an ordinance prohibiting vehicles passing through established school zones at a rate of over ten miles an hour, and also ordering that traffic signs be erected to inform motorists as to what parts of the city are embraced by the zone.

The ordinance as drafted reads as follows:

Be and it is hereby ordained by the board of aldermen of the town of Greenville in regular session assembled, that Evans street between Five Points and Sutton's Lane, and Co-tanch street between the Culvert of the town branch and 8th street, and Reade street between 4th street and 5th street, shall be known as the school's quiet zones, and it shall be unlawful for any person to drive motor vehicles or horse drawn vehicles, or ride horse back through said zone at a greater rate of speed than ten miles per hour, and it shall further be unlawful for any person in the operation of motor vehicles or otherwise to make or otherwise cause to be made undue noises in said zones.

All persons violating this ordinance shall pay a fine of \$10 and cost of each and every offense. Passed by the board of aldermen in regular meeting assembled on the 11th day of October, 1921.

SONG FOR EACH STATE

Miss Christie Anderson of Ashington, D. C., has a hobby, namely, the collecting of State songs. She numbers in her collection songs from nearly every state in the Union. She has written the governor of each State requesting him to forward to her a copy of the State song, and in cases where the State is soiless, has made suggestions and efforts to have some melody adopted.

DR. GRIGGS CLOSES VISIT TO COLLEGE BY SPLENDID TALK

Noted Educational Worker Delivers Helpful Talk to Group of County Teachers

WESTERN STORIES TOLD TO YOUNG TEACHERS AT COLLEGE LAST NIGHT

Visit Here Has Been Full of Inspiration For Students and Teachers of City Schools Also

Dr. Howard R. Griggs, the great teacher who has been in the town working this week, closed his work here today with a talk to a group of county teachers. This morning he talked to the Teachers College students on the subject of reading, and read to them poems and songs. The talk was a wonderful revelation of the art of putting oneself into reading so as to get the most out of it. At the end he read "Old Kentucky Home" and then had the girls to sing it, thus gliding from reading into singing.

Last night after supper he told the students true stories of the heart of the west. They will never forget the thrill of these marvelous stories. One of the first was the story of the only monument that has ever been raised to birds, the sea-gulls that saved the people of Utah from starving, and then sequel to the story. He told story after story of exploration and of the finer things, stories that should be kept alive.

Yesterday afternoon he talked on the finest instrument in the world, the human voice. His talk was such that would arouse pride in the use of that instrument, and would help the students to overcome slovenly habits of speech.

Dr. Griggs's visit has been a great inspiration to the schools of the town. The results of his work will doubtless be far-reaching.

CLAYTON DEFEATS GREENVILLE CLUB IN INITIAL CLASH

Visitors Showed Great Form in Game Here Last Night Winning Out by Score of 24 to 21

LOCALS BATTLED HARD BUT WERE UNABLE TO TURN TIDE OF VICTORY

Coach Duncan Gratified at Splendid Showing Made by His Club and Expects Luck at Fremont

The Clayton high school basketball team defeated Greenville here last night at Forbes and Morton's warehouse by the score of 24 to 21. The game was one of the hardest fought ones here in many years as both clubs were forced to battle stubbornly for honors. Greenville rallied in the last half and threatened to overcome the deficit lead gained by the visitors in early stages of the game, but without success and Clayton captured the first game of the season between the two clubs.

Between two and three hundred ardent supporters of the game witnessed the contest last night and rooting was enthusiastic at every play. The first half came to a conclusion with the score standing 11 to 10 in Clayton's favor. This looked exceptionally bright for Greenville at this stage but regardless of the remarkable fight waged in the last half the visitors continued to increase their score and permitted nothing to distract them.

Bauman, captain of the Greenville club, featured prominently making three field goals in the first half, one field goal and two fouls in the last half. West also played a prominent part for Greenville having two field goals to his credit and playing creditably in pinches.

For Clayton Barber, captain and left guard, was the outstanding star, having six field goals to his credit, three coming in the first half and three in the last. Bauman also came in for honors during the game, scoring four fouls, and playing hard at critical stages.

The visitors showed greater skill than the locals, having seen greater service in past seasons against much stronger clubs. The locals, however, performed well considering the short time they have been playing, and no doubt will make a great showing against the high school in Fremont tonight.

Coach Duncan said he was gratified at the excellent showing made by his club, and believes the boys will show greater skill from day to day.

The line-up of last night's game follows:

Greenville: Williams, R., r. f.; Brown, Zeno, l. f.; Barber, J., c.; Foley, T., l. g.; Moore, J., r. g.; substitutes, Smith G., and West, C. B. Clayton: Barber, l. f.; Massie, r. f.; Matthews, c.; Minton, r. g.; Bauman, l. g.

Referees and umpires: Kennedy, for Greenville; Nicholson, for Clayton.

HAWAIIAN LABORERS FORM POWERFUL UNION, TAKING IN ALL CRAFTS AND RACES

"United Workers of Hawaii" Recognizes American Federation of Labor, but Demands Complete Autonomy—Japanese Note Controls Its Activities.

Honolulu, T. H.—Banding themselves together to form an organization "that will unite in no body all the wage workers in Hawaii, without discrimination as to race, sex, creed, craft or color," several thousand laborers of all classes, representing many nationalities, have united in a labor organization to be known as the United Workers of Hawaii.

The new union, which, while it recognizes the American Federation of Labor, still demands complete autonomy in the conduct of its affairs in Hawaii, is considered by the business interests as well as by the conservative labor element to be the most radical movement ever put on foot in this territory. It represents being granted.

HAYS WILL RESIGN AS POSTMASTER TO ENTER MOVIE FIELD

Postmaster General Announces Decision Change Jobs Following Conference With President

RESIGNATION MAY BECOME EFFECTIVE DURING MONTH OF MARCH, IT WAS SAID

Movie Picture Concerns Promise Reorganize Industry in Event He Goes in With Them

(By International News) Washington, Jan. 14.—Postmaster General Hayes will resign in the near future to accept a \$150,000 offer from a group of motion picture interests, it was announced at the White House today. Following hours of conference between Hayes and the president no date for retirement was decided upon. General expectation, however, is that he will resign about March 4th, which would round out one year of service.

Hayes said he was actuated in his decision by the opportunity afforded to "undertake a great campaign for public service." His acceptance, it was understood, was based upon an understanding of employers to reorganize the industry.

Luther Manning, drunk and down, \$10 and costs.

FARMER KILLED IN SERIOUS ACCIDENT NEAR FARMVILLE

Sam Hobgood Dies of Injuries Received When Thrown From Cart by Runaway Mule

News was received in this city today of the death of Sam Hobgood, young white man of the Farmville district, who received fatal injuries when thrown from a cart by a runaway mule yesterday afternoon about one o'clock. Death followed a short time later, the message received by a reliable source here this morning, stated. Interment was made this morning at the family burying ground in the community in which the young fellow resided.

Hobgood, who resided on the McD. Morton farm, about three miles from Farmville, was sitting in a cart loaded with wood at the time the accident occurred. Some of the wood rolled from the cart, striking the mule. The animal became frightened and made a wild dash for liberty, throwing Hobgood forcibly to the ground several feet away.

The accident was witnessed by Roland Hobgood, who rushed to the unfortunate man's assistance. Medical aid was rushed to the Horton home, where the young man was later removed on an improvised stretcher. He regained consciousness a short time later and it was not thought his skull had been fractured. Injuries, however, were of such a serious nature that he died a short while later.

LEAKING TRANSPORT ARRIVES SAFELY IN NEW YORK HARBOR

New York, Jan. 14.—The transport Crook, which sprang a leak several days ago at sea, arrived here safely this morning. Officers stated the ship had a hard pull at times against the terrific storm, but passed through safely after battling stubbornly against the elements.

GASKINS TO HEAD WILSON CAMPAIGN IN THIS SECTION

Register of Deeds Selected to Drive For Funds For the Foundation

CAMPAIGN WILL BEGIN NEXT MONDAY MORNING IN ALL PARTS OF NATION

Million Dollars Will Be Needed to Perpetuate Memory of Noted Leader

The campaign for raising a million dollar fund for the Woodrow Wilson Foundation, will be inaugurated throughout the United States on Monday, January 15, and J. C. Gaskins, register of deeds for Pitt county, has been appointed local chairman of the organization to receive subscriptions for the cause.

Chairman Gaskins stated yesterday that he would perfect the local organization in a few days, and announce the names of various citizens who will assist in the movement.

Mrs. Josephus Daniels is a member of the national committee of 250 representative men and women who have undertaken to establish the Woodrow Wilson Foundation. Mrs. Daniels, wife of the former secretary of the navy, of Raleigh, wrote to Mr. Gaskins, asking that he lead the movement in this city. President Wright of the East Carolina Teachers college, has also been asked to work in behalf of the cause.

The purpose of the Foundation is to honor a great American and to create a method whereby public service will be encouraged and conspicuously recognized in this and future generations. From the income of the Foundation the Woodrow Wilson Awards will be granted in recognition of distinguished service.

The appeal for subscription will be issued to all who believe in these liberal and democratic principles that Woodrow Wilson has so courageously championed and who wish to perpetuate the influence of America's great war leader.

North Carolina's quota, Mrs. Daniels writes, is \$100,000, and she expresses the belief that this sum will surely be subscribed by North Carolinians. Just what quota has been fixed for Pitt county, however, is not known, nor is it known whether or not a quota for the county will be set.

AMERICAN LEGION PROTESTS AGAINST ADMITTING RUSSIAN

Secretary of Labor Davis Mailed Letter Protesting Against Granting Passport to Semioff

(By International News)

Washington, Jan. 14.—The American Legion today protested against the admission to the United States of George Semioff, self-styled Russian Cosack for whom the state department recently issued a passport.

Semioff is charged with atrocities in the Far East as military leader and exposure of his activities was made by Far East republic delegation at the Washington conference. Far East representatives charged that Semioff advocated the furtherance of Japanese aggressions in Siberia.

The legion entered a vigorous protest against admitting such characters in a letter to Secretary of Labor Davis today.

MRS. HARPER HOLLIDAY WILL SING IN CHRISTIAN CHURCH HERE TOMORROW

Mrs. Harper Holliday, nee Miss Fannie Spain, of Dunn, N. C., will sing at the evening service in the Christian church Sunday. Mrs. Holliday possesses a mezzo-soprano voice of which there are but a few equals in the state, and her score of friends in Greenville are always glad of her opportunity of hearing her. Mrs. J. B. James will accompany Mrs. Holliday on the organ.

Saturday, January 14, 1922

Friday, January 13th, may have an unlucky sound to many people, but to those ready to do their part by humanity it has special significance.

The white way will be an exceptionally bright way to that great number of Greenville people who have worked so tirelessly in its interest.

Instead of being a day of bad luck, Friday, January 13th, should be one of the best days Greenville and Pitt county people have seen in years, all the way we look at things. If we expect bad luck, we really get it, so the best thing to do is to sit steady and let the old boat rock.

The administration plans to convert British securities into soldiers' bonus. That's the best thing proposed yet, and certainly will please the ex-service men. All they want is the bonus anyway, and when it comes through such a source the country isn't any worse off by the action.

England has granted amnesty to several hundred Irish political prisoners. That was the right thing to do. Ireland, as a free state, it has been truly liberated when the prisoners are freed, and the British government may feel it has done what she would have had Ireland do by her if in the same position.

Four billion dollars worth of British securities converted into bonuses for ex-soldiers appears to be a mighty large amount of money to be released at one time. But Uncle Sam is a mighty rich old fellow and won't feel the jolt as much as if it came direct from his wallet in the form of cold cash.

Senator LaFollette says he may not permit Newberry to remain seated in the senate without further trouble. If he has anything the public is interested in, we would like to hear it. But, on the other hand he simply wants to begin another controversy, it might be advisable to leave it unsaid.

The Chamber of Commerce has done the right thing in taking up the union depot proposal, as there is nothing the city is in greater need of at this time. Other cities about the same size, but of much less importance, have them, and there's no reason in the world why we should not also.

The chamber of commerce should continue talking the union depot proposition until the corporation commission says we may have one. If other towns the size of Greenville are deserving of better station facilities, it is certain we are also. The city has had to endure poor service long enough, and the sooner the railroad decide to let us have a good station, the better the public will like it.

The executive committee of the Eastern Carolina Chamber of Commerce will meet in Greenville soon to discuss future action of that body. It is very appropriate that this meeting should be held here, as Dr. C. J. Ellen is president of the organization and H. L. Smith, secretary. The institution will be able to accomplish much for this section of the state in days to come, and it is imperative that it receive co-operation from every branch of industry. Chambers of commerce have been powerful mediums in community advancement, and the state body should be able to accomplish even more.

The Pitt county medical society is easily one of the best organizations in the state. Its members have inaugurated a unique program for every meeting and this way find it easy to bring about a closer spirit of co-operation. Physicians should pull together. When the importance of their profession is considered it is easily seen that they should be able to pull together in all issues in which they are concerned. The county society has learned how to do this remarkably well, and the future is very promising indeed. Eternal success in the price of success in all organizations, and it has been largely responsible for success of this institution.

FIGHTING THE WEEVIL.

Pitt county farmers should attend the meeting of cotton growers to be held in New Bern the latter part of the month, as many matters of vital interest to everyone will be discussed. Growers should make it their business to meet as often as possible and discuss topics of interest as in this way ambitious agricultural programs will be given great impetus.

The New Bern meeting in all probability will discuss plans to combat ravages of the boll weevil. Every farmer should be interested in this subject, as authorities say the weevil is coming and can't possibly miss us. What must be done in this case? There is nothing to do but devise some means of handling the situation, and this can't be done unless growers get together and plan among themselves.

Pitt county is a comparatively large cotton producing region, although not dealing in the staple as extensively as other parts of the state but its farmers should be interested in saving what they do raise. Much has been said about the weevil's coming, but the situation will be grave indeed unless farmers get together and do whatever they can in decreasing the enormity of the loss.

THE PROPOSED UNION DEPOT.

It is gratifying to note the chamber of commerce has started a campaign looking to the establishment of a Union Depot here.

The campaign should have been started long ago, but since it has been delayed this long everything should be done to push it through as early as possible. Very few cities as important as Greenville are without better depot facilities, and it's up to the railroads to get busy and see what can be done in this direction.

The matter, however, will be first decided by the corporation commission, and until this takes place, the proposal will remain as it is.

Every organization should combine its strength with the chamber of commerce, as a larger representation will have greater effect with members of the commission.

It is gratifying to note that city street forces are making necessary repairs to a number of streets where pavement has crumbled. Such improvements should never be neglected, and the sooner they are made, the less the expense. There are many streets which haven't been paved that need to be worked over and placed in proper condition and when this is done the section of town in which they pass through will be materially improved in appearance also. These improvements can be made at small expense, and the city should be careful they are never neglected.

It is to be hoped the chamber of commerce will continue to boost the union depot proposal, as there is nothing the city is more in need of. Both railroad companies operating through Greenville haven't made any effort to improve facilities in recent years and consequently the city's stations are anything but desirable. The stations are cold in the winter time, especially when night trains are due, and passengers are forced to sit and wait, making the best of a bad situation. A union depot certainly would be better kept, and provide such facilities as required by a prosperous and thriving young city, such as Greenville certainly is.

The price situation on the Greenville tobacco market is in proportion to the cost of production, and the next few days may see even more favorable conditions. The farmer should be convinced by this time that the warehousemen are doing everything possible in their behalf, and will continue to do so. The market has made wonderful progress this season, and with proper support of the growers may be able to accomplish even more in days to come.

City fathers are planning to remodel the old market building and convert it into offices for the tax department and water and light commission. That this is the right thing to do goes without saying. The improvements may be made at comparatively small cost, and the departments will be able to render greater service than ever before. The aldermen are to be congratulated on the proposed change.

SINN FEINERS ASKED TO SMOKE IRISH "FAGS"
London.—The Daily Eireann Publicity department recently issued a circular, drawn up by the Minister of Labor, calling upon members of the Sinn Fein clubs to smoke Irish cigarettes and cigars only and stating that hands are being dismissed from Irish factories in consequence of an attempt by the enemy to recapture Irish trade.
A list is given of Dublin, Cork and Dundalk manufacturers and brands.

Thin, Frail People Should Take Tanlac

Hundreds of Men and Women in Greenville Appear to Be Physical Wrecks Simply Because Their Systems Are Starving For Nourishment

There are hundreds of thin, run-down, nervous men and women in Greenville who should be strong, sturdy and vigorous, with rich, red blood tingling through their veins and feeling brimful of life and energy, if they would only profit by the experience of others all over the United States and Canada, and assist nature to digest the food they eat, by simply taking Tanlac.

Millions of people have not only been relieved of the most obstinate forms of dyspepsia and indigestion by Tanlac after other remedies have failed, but large numbers of them have reported a remarkable and rapid increase in weight and a return to normal health and strength by its use.

In fact, so phenomenal have been the gains in weight by thin, frail people through the use of Tanlac that this remarkable preparation is now being proclaimed everywhere as the World's Greatest Tonic.

The food people eat does them absolutely no good unless they digest it properly. When you suffer from indigestion and other forms of stomach trouble, the food does you harm instead of good, because food which is not digested stays in the stomach and ferments, causing pains, swelling, gas on stomach, shortness of breath, bad taste in the mouth, dizziness and many other disagreeable symptoms. If this condition is permitted to run on for an indefinite period the entire system becomes saturated with poisons, patient becomes thin and pale and in time various complications are apt to result.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by aiding Nature to eliminate the impurities from the system in a natural way and enable the vital organs to properly perform their functions. That is why it is called Nature's Medicine.

In fact, there is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the entire system. Next, it enables the weak, worn-out stomach to thoroughly digest its food and convert the nourishing elements into bone, blood and muscle. The result is you feel strong, sturdy and well and have the proper amount of flesh, as Nature intended.

Tanlac is sold in Greenville by Greenville Drug Co., and leading druggists everywhere.

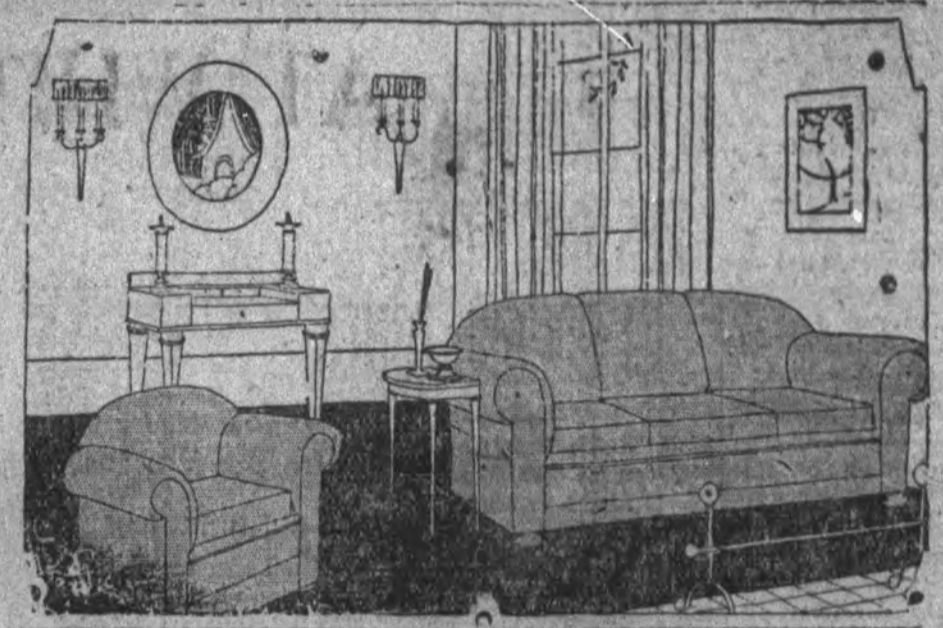

satisfy said mortgage deed.
Terms of sale one fourth cash and remainder in one, two and three years, secured by lien of property.
This 10th day of January, 1922.

MISS RUTH ANDREWS ENTERTAINS

Hostess at a Linen Shower Complimentary to Miss Edith Lee, Bride-Elect.

On Thursday afternoon at her home on Greene street, Miss Ruth Andrews delightfully entertained at a linen shower in honor of Miss Edith Lee, bride-elect. The library in which five tables for rock, were arranged, was artistically decorated with hearts, red tapers and red carnations carrying out the color scheme of red. After several interesting progressions the hostess presented a heart shape box of candy to Mrs. W. M. Seales for making the highest score and Loly Pops to the winners of the table prizes. Miss Andrews then presented, to the bride-elect, a large red heart, which contained a most beautiful linen shower. The following verse was fastened to the heart: "Because you are so sweet and winning, We've brought you this heart of linen; Cale will furnish the rest for your little love nest." A tempting salad course was served, after which the guests were presented bags of rice, with which they showered the bride-elect.

Wedding Reception.

Mrs. Irene F. Lee invites you to be present at a reception which will be given in her home immediately following the Burgess-Lee wedding which takes place on Wednesday evening January 18th at 9 o'clock.

Mrs. Paul Fitzgerald Entertains.
Mrs. Paul Fitzgerald was hostess on Friday afternoon at a kitchen shower complimentary to Miss Edith Lee who will on January 18th, become the bride of Mr. Cale K. Burgess, of Raleigh. The library and drawing room were beautifully decorated for the occasion with red carnations and potted plants. Upon arrival the guests were given a cordial welcome by the hostess and Miss Lee, and served tea by Mrs. Lawrence Carr and Mrs. S. B. Currin. After all the guests had arrived, the hostess presented them with cup towels, with the instructions that they embroider them. After these were finished and presented to Miss Lee, each guest was asked to write a recipe, which was supposed to rhyme, to go in the bride-elect's cook book. Mrs. Richard Stokes, writing the most attractive recipe was presented a linen towel. After the merriment, which was caused by the contest, little Miss Mary Bennett Fitzgerald, dressed as a chef, rolled in the tea cart on which was found for the bride-elect, a beautiful and complete kitchen shower. After Miss Lee had expressed thanks in a most appropriate manner, the hostess served a sweet course

ideals of the legal profession. He brought out many humorous points in the course of the address, and declared that "all lawyers are not liars" as so many like to claim. He discussed the nature of the lawyer's business, the many points of law involved from time to time, and the trend of public opinion of cases in court in which some particular barrister happens to represent.

He said local lawyers were criticised on the streets by clients for not having their cases tried, but he referred to the congested court docket, declaring that at the present time there are over 800 cases awaiting disposition.

Charges were preferred against Kiwanian E. G. Flanagan by Attorney Marvin Blount, for "indiscretion" and a grand jury, of which J. L. Starkey was foreman, returned a "true bill" against the defendant. The trial was set for February 24. President J. B. James announced, when Lady Kiwanians will be privileged to listen to the evidence presented. Attorney Dunn succeeded in getting through a motion disqualifying legal representation for the defendant.

H. A. White, in reporting for the

Permanent home site committee, stated that the lot offered by W. L. Hooker, was not found acceptable, because of condition of the property and terms of the gift. However, he moved, and the resolution was adopted, that Mr. Hooker be given the thanks of the club for his offer.

J. F. Harrington suggested that the club consider the proposal for establishing a union depot in Greenville. It was decided, however, to delay the matter until the next meeting when it will be full considered.

Rev. V. P. Seville, pastor of the Jarvis Memorial Methodist church, a guest of the club, made a short talk and received the hearty greetings of the club.

Bill Rogers, highway engineer of the county highway commission, also made a short talk, after which he also received the club greetings.

"Brownie" Brown made a short talk and received a hearty welcome in return. Kiwanian Norman Warren received the attendance prize, for having the least money in his pocket, but he tendered it to J. L. Starkey, who happened to have the most money in his pockets.

On motion of President James the number of members of the board of directors was increased from eight to twelve. In the absence of L. G. Cooper, the program was in charge of Mr. Williams.

URGES PROTECTION OF HOME AGAINST DISEASE

(By Dr. R. L. Bailey.)
The spring time, that season when all things spring into life is upon us, and along with the beautiful and useful things that awaken after the long winter sleep are the terrible and dangerous things that cause the pestilence that stalketh at noonday.

Not only are you in danger but your helpless children, who are wholly dependent upon your care, may be the innocent victims of your carelessness. Surely you are not among the number who know more about raising hogs and chickens than they do about raising children. Surely you are not numbered with the shameless crowd who carefully feed and house their stock, but let their precious children grow up like Jimson weed in the back yard.

The greatest enemy to human race in the south is the house fly, and he for she who thoughtlessly and carelessly allows these enemies to endanger the lives of his family is not fit to be a father or mother. These are plain words, but they are not too severe.

There are only two methods of protection. The first and better, but the most difficult to put into effect, is to destroy the breeding places of flies. This cannot be done unless everybody in the community takes the same care. The second method, however, can be effectively done by everybody. That method is to thoroughly screen the dwelling and toilet from flies. Infected flies will thereby be excluded from your kitchen and dining room, and if they cannot gain access to the discharges in the toilet, they certainly cannot convey germs from thence to the house.

It is certainly more important to protect your family from flies than to build a cow house or a pig pen, and it will probably cost no more. Will you not do that much for your family before the flies begin to multiply? The Pitt county Health department will show you how to build a sanitary fly proof privy. Anybody knows how to screen a house.

All inquiries should be addressed to Dr. R. S. Bailey, Greenville, N. C. and they will be promptly answered.
R. S. BAILEY, M. D.

RUDOLPH VALENTINO DE-LIGHTED WITH "THE SHEIK"

Young Leading Man Says His Romantic Role is the Best of His Screen Career.
That his role of the Saharan chief-tain in "The Sheik," a picturization by George Melford for Paramount of the now famous novel of the same name which is the literary sensation of the current season, is the best of his screen career, is the opinion of Rudolph Valentino who, with Agnes Ayres, Paramount star, is the featured player in the production. It will be shown at White's Theatre next Monday.

"I know of no more colorful role than that of the Sheik in this tremendous picture production," he said during the filming of the photoplay in Paramount's California studio. "The scenes are as wonderful as they are stupendous and romantic."

Miss Ayres was enchanted with her role—the haughty English girl tamed by a masterful son of the desert, and by love.

And now those who have seen the picture say those quoted are right—for "The Sheik" is a remarkable production.

DOMESTIC SERVANTS NOW NURSE THEIR JOBS

(By International News)
New York.—The "fly-by-night" type of domestic servant is rapidly disappearing, according to an announcement by L. H. Sullivan, director of the City Employment bureau. Nowadays, Mr. Sullivan said, girls think twice before they leave a job. Chances of getting another are not so good as they were and the chance of getting a husband with a good job is almost negligible.
