COUNTY FARMERS TO STUDY CROPS AT ROCKY MOUNT

Party of Farmers and Chamber Members to Inspect Sweet Potato Houses in That Section

CHAMBER OF COMMERCE RECOMMENDS GROWING OF SWEET POTATOES

Diversification Committee Believes Farmers Should Cultivate Crop Next Year

A party of farmers and business men from Ayden, Bethel and Farmville, accompanied by the County Agent W. B. Pace and Secretary Smith of the Pitt County Chamber of Commerce, have planned to visit Rocky Mount Wednesday morning, February first. This trip is in behalf of the sweet potato industry, which is bound to play an important part in our agricultural transition.

Sweet potatoes can be grown on a large scale, as Pitt county soil is peculiarly adapted to their growth. However, it is not advisable to plant large areas to this crop without a close and careful study as to all of the details governing seed selection, fertilization, cultivation, harvesting, etc.

This trip is being planned with a view to learning everything possible about the sweet potato industry. Particularly do the farmers and business men want to know about the Rocky Mount House, its construction, method of finance and total cost.

Since sweet potatoes are easily grown and since they can be grown profitably, there is no reason why our attention should not be turned in this direction.

The diversification committee of the Pitt County Chamber of Commerce as well as the board of directors have heartily endorsed this movement and it is hoped that the business men and others will lend their support to this movement and help to see it through.

Should there be others who would like to take this trip, confer with Secretary Smith. Norman Y. Chamberlain of the Rocky Mount Chamber of Commerce states that he is making plans to give our delegation every possible help and assistance on Wednesday.

WHEAT CROP IS CORRALLED BY BODY IN CHICAGO

300,000,000 Bushels of Grain to Be Marketed by Co-operative Farm Organization

Chicago.—When final action toward the establishment of sales agencies has been completed and the new U. S. Grain Growers, Inc., is ready to function more than one hundred million bushels of grain, representing the output of the 34,500 farmers included in the membership of the new co-operative organization to date, will be ready to be poured into the market. This is the approximate quantity of grain that will be handled by the new association as soon as plans for opening have been concluded, it was announced at a meeting of officials of the corporation here.

Farmer members of the co-operative marketing organization are crying for action, which is spurring the officers to exert themselves, it was stated, and it is expected that facilities for the handling of grains will be completed shortly and the mechanism of the new machine for selling grain at last put into motion.

That the grain growers of the country look upon the new crop organization as a favorable institution to interests of the farmer is indicated by the fast-increasing membership, officials point-out. Already the membership includes 35,500 farmers, and it is claimed, the membership of the organization is increasing at the rate of 2,000 a week.

Few Turks have more than one wife, although the law allows them to have four.

WARD AND LEHOE DRAW LONG TERMS ON COUNTY ROADS

Pactolus Men Charged With Selling Whiskey Receive From Two to Three and Half Years

MOST ALL OTHER MINOR ISSUES DISPOSED OF; TRUE BILLS PASSED

Quite a Number of Minor Matters Disposed of During Day and Night Session

Dorcas Ward and Stephen Lehoe, white men of the Pactolus community, who were yesterday found guilty of manufacturing liquor by a jury in the criminal term of Pitt county superior court were this morning sentenced to long terms on the roads by Judge Cranmer, Ward drawing three and a half and Lehoe two years. Both men were at first charged with firing on officers of the law who attempted to raid their still during the holiday season, but only Ward was found guilty of this charge, with Lehoe being found guilty only of the whiskey charge.

The case was one of the most interesting so far taken up by this term of criminal court, and presented a pathetic and heart rending scene when the wife of Lehoe appeared before Judge Cranmer late yesterday afternoon and pleaded with him to withhold sentence against her husband. Judge Cranmer informed her that Lehoe had been found guilty of violating the law by a body of lawful citizens of the county and that the matter was entirely out of his hands, except pronouncing sentence.

The two men were arrested immediately after the holidays, charged with firing on and seriously injuring Constable Fleming, who with other officers, attempted to raid their still. Constable Fleming probably would have been killed had he not been rescued by other members of the party. Lehoe and Ward received road sentences in county court, from which they appealed to the higher court for a change of decision.

Several other minor issues were disposed of during yesterday's session, and true bills were returned in the following cases: Andrew Carstensen, larceny; W. O. Vinson, abandonment; true bills to dip cattle were returned against the following: J. F. May, J. R. Bell, G. G. Avant, Heber Hardee, J. H. Carr, C. S. Dixon, Branch Hines, Raeford Burney, Jack Lang and Nathan May.

BEATS RIDE HERE ON FREIGHT TRAIN TO ATTEND COURT

Winterville Man Has Thrilling Experience in Trying to Obey Orders of Judge Cranmer

That Judge Cranmer has succeeded in creating a profound respect for orders of his court was manifested in an unusually interesting way this morning when a well to do citizen of Winterville beat his way to Greenville on a freight train within fifteen minutes after he had been notified that he was wanted as a witness in today's session of court.

The witness had heard that Judge Cranmer made it a point of fining witnesses when they failed to appear, and it was this fact that caused him to grab the freight as it was pulling out of Winterville, beat a ride to Greenville and arrived just in time to appear at the opening session of court. This is one example of the many attempts witnesses are making to obey orders of the court, and if they continue like they have started this is destined to be one of the most successful terms in years.

MOSELEY BROTHERS TO SELL IMPERIAL FERTILIZERS

Moseley Brothers having resigned their position with the Greenville Oil & Fertilizer Co., will handle during this season, the Imperial and Zell's Fertilizer well known brands manufactured by the (A. A.) American, Agricultural and Chemical Co.

FIRST PICTURES OF RIOTING IN CAIRO

A scene at the railway station at Cairo, after the rioters had set fire to the station and torn up the tracks. British troops had to defend the Egyptian police and firemen, who worked hard against the mob. The rioting, it is said, was caused by Lord Allenby's order expelling Zaghlul Pasha from Cairo.

WATSON TO PROBE CHARGES AGAINST LEGION MEMBERS

Charles Green of Minneapolis, Charges Members Persecuted Him After His Testimony

LEGION MEMBERS AND OTHERS CHARGED WITH OUTRIGHT ROBBERIES

Watson Makes Public Charges Received From Indianapolis Man Regarding Robbery

(By International News.) Washington, Jan. 26.—Charles Green, of Minneapolis, who testified before the Watson army cruelty investigation, has been prosecuted by legion and veteran bureau because of his testimony, according to charges made today by Watson himself.

"I will demand," said Watson, "that persons involved be cited for contempt and prosecuted for robbery against legion members who at Cincinnati, robbed Green of his suitcase, discharge papers, war decorations and other valuable documents."

Senator Watson pre-arranged a public letter from Green, who said he was robbed at Cincinnati, and discharged from employment in veteran's bureau when he reached Minneapolis.

The charge: have produced quite a sensation in this section, and the probe is being watched with considerable interest by those interested in the different organizations involved.

WHITE MAN AND WIFE HURT BY NEGRO AXMAN

Birmingham, Jan. 2.—The police were today searching for a negro axman who last night attacked Joe Lorene and wife in their grocery store here. Mrs. Lorene is at a point of death. Lorene was slightly hurt in the encounter with the negro.

CHANGE IN RURAL CARRIER APPOINTMENTS

A recent order of the U. S. Civil Service Commission changes the plan of selecting rural mail carriers. Herebefore they have been selected from any section of the county and assigned to offices having a vacancy. Under the new plan a carrier is eligible for appointment only at the office which supplies his home with mail.

MRS. M. E. BOWEN DIES AT HOME IN BALTIMORE

Mr. W. A. Bowen left this afternoon for Baltimore in response to a telegram which stated that his mother Mrs. M. E. Bowen died this morning from double pneumonia. She is survived by three sons and two daughters. The funeral will be held Saturday. This is the third death to take place in Mr. and Mrs. Bowen's families in the past few months, and the sympathy of the entire community goes to them in their bereavement.

BRITISH GOVERNMENT LOANS TWO MILLION TO AUSTRIAN BANKS

London, Jan. 2.—The British government has consented to a loan of two and a half million pounds sterling to Austria on condition that it be expended under British direction, it was learned here this morning.

MANY KILLED AND WOUNDED IN RIOT IN CAIRO SECTION

(By International News.) London, Jan. 26.—A hundred and ninety persons were killed and a thousand wounded in a fresh outbreak at Cairo, according to a dispatch received here early this morning. Order was restored by British troops, the statement said.

ASKS SENATE TO PROBE LOBBYING AGAINST H. FORD

Washington introduced today by Representative Aetien Against Lobbyists Trusts

SENATOR HEFLIN FAVORS EFFORT TO GIVE FORD'S OFFER CONSIDERATION

Would Prevent Fertilizer and Water Power Trust From Lobbying Against Mr. Ford

(By International News.) Washington, Jan. 26.—A resolution asking the Senate to begin an inquiry into lobby attacks against Henry Ford's offer to purchase Muscle Shoals was introduced here this morning by Senator Heflin of Georgia.

He declared the action was aimed at the fertilizer trust and water power trust which, he said, had been lobbying against Henry Ford. The resolution was endorsed on the Senate floor by Senator Heflin of Alabama.

COMMANDER DIXON URGES SUPPORT OF LEGION MEMBERS

Dr. Grady Dixon Asks Local Post to Put Full Force Behind Compensation Fight

Ayden, Jan. 25.—Will you please give the following letter space in your next issue?

To the ex-service men of Pitt county: Do you realize that it has been almost five years since you registered for the selective service, and that it has been almost as long since your country ushered you into service, also that you went through more than a year of severe service, and then your country gave you your freedom and that Gen. Pershing issued a special order to every man overseas, thanking him for his valiant service while with the colors, and requesting him to make as good a citizen as he had a soldier.

All of that is in the past, but fellows, your country needs you now to give your service, just as much as it did then. It is not to bear arms against an external enemy, but to take up the fight against the internal enemy, the slacker, the profiteer and the gun shoe politician. Not only these fights must be carried on by men that fought, (Continued on page 6)

TARBORO TO PLAY BASKETBALL HERE TOMORROW NIGHT

Clubs Composed of Boys and Girls to Stage Double Header With Local Clubs

HARDEST FOUGHT GAMES OF THE SEASON EXPECTED BY MEMBERS OF THE CLUB

Girls in Splendid Condition For the Game and Promise to Make Fine Showing

Two basketball games of more than ordinary interest will be staged in this city tomorrow night at Forbes and Morton's warehouse when the Greenville high school boys' and girls' club come in contact with two similar aggregations from the Tarboro high school.

The Tarboro teams are said to be among the strongest in the State, and if Greenville wins, as Coach Duncan believes they will, one of the most stubborn battles of the season must be staged. The Tarboro boys are somewhat heavier than Greenville, but so far as the girls are concerned, there doesn't appear to be much difference.

Coach Duncan says both of the Greenville clubs are in prime condition for the fray, and if nothing happens will win out as easily as against the strong club from Vanceboro Tuesday night. Tarboro, however, has had considerable more experience than the Greenville clubs, and should be able to stage one of the greatest battles seen on local floors during the season.

The girls were to have played their first game last week, but were not in condition at the time and postponed the contest until tomorrow night. Since that time they have been busy practicing, and should be in excellent condition by tomorrow night.

Coach Duncan says he hopes every person interested in the clubs will be present and see what splendid showing Greenville is capable of making.

TWELVE NEGROES NABBED BY COPS IN A POKER GAME

Four Gave Bond and Remainder Are Being Held in Jail Until Preliminary Hearing

Julius Johnson, George Isler, Bill Whitfield, Harris Slade, Lonnie Waddell, Justice James, Joe Wooten, Robert Tucker, Sylvester Hall, Henry Fleming, Obie Bullock and Willie Little, all colored men residing in the colored district of this city, are under bond today awaiting trial on a charge of gambling.

The twelve darkeys were captured in a raid made on the old Sallie Fields home, on the corner of First and Washington streets, last night about 11 o'clock. The darkeys were sitting around a table interested in an intensely gripping game of cards when the officers walked in the room and ordered them to consider themselves under arrest.

To say that excitement reigned supreme for the moment would be expressing the matter mildly. Not a single man dared to dive for near-by windows, as they were faced by Chief Lester Jones, Guy Caton, Officer S. A. Whitehurst and Thad Williams, who placed them under arrest and brought them up town to spend the night in jail. They will be given a preliminary hearing before Mayor Clark Saturday morning. Four gave bond last night, while the remainder spent the night in the city jail.

GOVERNMENT TO BEGIN PLAN FOR RECOVERING MONEY FOR AIRSHIPS

Washington, Jan. 26.—The government plans to begin a suit to recover large sums of money representing over payments and costs plus plans for aircraft during the war, it was announced this morning.

Red Men will meet in regular meeting tomorrow night at 7:30.

TURNER DELIVERS TIMELY ADDRESS TO ROTARY CLUB

Seventh District Governor Tells What the Organization is Doing Elsewhere

FARMVILLE MEMBERS ASK FOR ASSISTANCE IN GETTING CHARTER

Farmville Will Be Smallest Town in Country With Rotary Organization

Joe Turner, governor of the Seventh district, was a guest of the local Rotary club at their beautiful home on Fourth street last night, and with members of the club and guests from Farmville, enjoyed one of the most interesting programs of this year.

The meeting was presided over by J. E. Winslow, vice-president, who welcomed the visitors and made them feel at home right in the beginning. After the usual supper was served, regular routine of business was disposed of.

The principal address of the evening was delivered by Mr. Turner, who spoke mainly of what Rotary is doing in other sections of the country and plans for the future. What Rotary means to the individual and the outside world was explained in an interesting manner, showing the value of the club to every community.

"What the country needs at the present time," declared the speaker, "is more followers and less leaders." In driving that point home, he cited the number of leaders the country has had, and the manner in which they were forsaken by those who were not content to follow but desired to be one of the leaders, also. Service should be the watchword of every individual and organization, when it becomes such the nation will see more success, and less pretense among those who contend with their part.

Rotary is service itself, and it is the duty of all members to do their part in making this more obvious to those on the outside, in the dark and critical.

The Farmville Rotary club was represented by Dr. Paul Jones, George Wheeler and Rev. L. R. Padgett, who appeared in the interest of securing a charter for their club. When Farmville is granted the charter it will be the smallest town in the country to have a Rotary club, while Greenville will be the only town having a Rotary home of its own. This will be a distinct honor for Pitt county, and should give the two clubs greater recognition everywhere.

The meeting was one of the most enjoyable held in many months and featured by a number of lovely displays and plans for future endeavor.

FORBES FORFEITS BOND AND SKIPS TO OTHER SECTION

John Forbes Falls to Appear When Called in Criminal Court and Bond Ordered Forfeited

John Forbes, white man of this city who was placed under five hundred dollar bond for violation of prohibition laws, has skipped the city and his bond was ordered forfeited by Judge Cranmer in yesterday afternoon's session of criminal court.

Forbes was arrested by Sheriff Dudley and members of the city police department on a raid of his store the early part of the week. He was tried by Judge Cooper on this charge and alleged prostitution and bound over to superior court under bond of five hundred dollars.

It was when Judge Cranmer called for Forbes yesterday afternoon that it was found he had disappeared. Officers are on the lookout for Forbes, but it is believed he has gone to other sections and won't show up in this community any time soon.

Gas tar workers are said to benefit from the "larry" atmosphere in which they work.

If that agricultural "bloc" works as Democratic members of the senate think, then the farmer will get everything coming to him.

Pope Benedict declared before his death that he would gladly die for the peace of the world. But instead of producing peace, it seems his death is destined to bring about a virtual war between candidates for his position.

Parents should support the basketball team of the local high school, as it is one of the best methods of exercise and physical development yet advanced for the young people. The club is one of the best in this section of the state so far, but can be made even better by each and every parent giving the players their support.

When Republicans begin scrapping among themselves it is very evident the pie isn't being distributed according to notion. In fact, we can't much blame them for being dissatisfied. The leaders have failed miserably in fulfilling their promises, and will never be able to regain confidence of the public.

The white way committee should have the pleasure of being able to pay up all debts as they become due. This can't be done, however, unless those who promised to contribute to the project get busy and settle their obligations immediately. The white way will be a credit to the city in every sense of the word, and deserves the support of every appreciative person.

Pennsylvania miners have asked the president and members of the senate to begin an inquiry into wage conditions prevailing among the ordinary mining camp. This is a fair request, and if carried out properly may be a means of averting the impending strike. The strike will be one of the greatest the country has known in years, and will paralyze all branches of industry.

It is disappointing to learn that the Woodrow Wilson campaign is beginning to lag in this county, as it was hoped the contributions could be collected immediately. The campaign is one in which the entire population should be interested, as it is to perpetuate the ideals of one of the greatest presidents the nation has ever had. Pitt county should not forget the debt it owes this great leader.

Bethel business men are to be congratulated upon reorganizing a building and loan association. Such organizations are essential to every town and city, as they provide money to that great mass of people who would never be able to build a home unless some organization of the kind provided the funds. Greenville has realized splendid results from its building and loan, and will be in better position for progress in the future with two.

The proposed agricultural bloc in the senate should be continued so long as there is any chance of improving conditions of the farmer. Many things to the general improvement of farm conditions have been talked and proposed by the senate, but so far nothing of any importance has developed. The bloc supporters, however, have something under consideration that should be of benefit to all parties concerned, and if it is successful conditions should be much better in the days to come.

Judge Cranmer recently told a negro defendant, charged with stealing an automobile, that he had no more use with a car than a "mocking bird has with leggins." The truth of this assertion is very evident, and shows the judge believes that every individual should confine his desire to conditions. In another case in which an attorney asked that the sentence of his client be reduced, Judge Cranmer referred him to a certain passage in the Bible, requesting that it be read to his clients, so both could profit by it. The passage happened to be very appropriate, showing that those who sow must also reap. This session of court is proving a record breaker in every sense of the word, and the presiding judge is setting precedents which the country as a whole will very soon profit from in many ways. Judge Cranmer enforces it, the great

**COMPULSORY SCHOOL ATTENDANCE LAW ENFORCED**

One of the most successful pieces of work enforcing the compulsory school attendance law comes from Cumberland county. At the request of the superintendent of schools, Mr. John A. Martin, superintendent of public welfare, visited a school community and found only 73 children in school. Upon investigation he found 100 names on the school census. He knew there were more children in the community that should be in school and decided to look for them.

On an island in the district he discovered 15 families that did not know there was a compulsory school attendance law. The 40 children belonging to these families were not in school. At the end of Mr. Martin's three day's investigation there were 183 children in school and the next week when he returned for a visit he found that 217 had been enrolled. The county school officials had to hustle to find teachers to take care of the unexpected 144.

More than 75 percent of the children walk to school and many of them come as far as 3 miles. Last year the building was burned and the teachers are using small rooms in four separate buildings, an old barber shop, the hall over a drug store, and rooms over the Masonic temple. In spite of these handicaps not a single unlawful absence has been reported since Mr. Martin's visit to the community.

**INCOME TAX FACTS**

In making out his income tax return for 1921 the average taxpayer will find a considerable saving in comparison with the amount of tax paid on the same income for 1920.

The exemptions provided by the revenue act of 1921 are \$1,000 for single persons (the term including widows, widowers, divorcees and persons separated from husband and wife by mutual agreement), \$2,500 for married persons whose net income was \$5,000 or less and \$2,000 for married persons whose net income was \$5,000 or more. Under the revenue act of 1918 the personal exemption allowed a married person was \$2,000, regardless of the amount of net income. The personal exemption allowed a married person applies also to the head of a family man or woman who supports in one household one or more relatives by blood, marriage or adoption.

The exemption for dependents—a person who receives his chief support from the taxpayer and who is under 18 years of age or incapable of self support because of mental or physical defect—is increased from \$200 to \$400.

The act requires that a return be filed by every single person whose net income for 1921 was \$1,000 or more, every married person whose net income was \$2,000 or more, and by every person—single or married—whose gross income was \$5,000 or more.

The requirement to file a return of gross income of \$5,000 or more regardless of net income is a new provision. Net income is gross income less certain specified deductions for business expenses, losses, bad debts, etc., which are fully explained on the forms.

Returns must be filed by married couples whose combined net income for 1921, including that of dependent minor children, equaled or exceeded \$2,000, or if the combined gross income equaled or exceeded \$5,000.

The period for filing returns is from January 1 to March 15, 1922. Heavy penalties are provided for failure or willful refusal to file a return on time.

Forms 1040A for incomes of \$5,000 and less and 1040 for incomes in excess of \$5,000 may be obtained from the offices of collectors of internal revenue and branch offices. The tax may be paid in full at the time of filing the return or in four equal installments, due on or before March 15, June 15, September 15 and December 15.

The Reflector is making an effort to give its readers all the local and county news possible, but this cannot be successfully accomplished unless the public in each section co-operates with us. We are desirous of having a correspondent in each locality, as in this way we will be able to cover the news more thoroughly. If you know of anyone whom you think would be interested in writing up various happenings, kindly notify us immediately. This paper is the county's oldest and most reliable, and with increased facilities is able to serve its patrons better than ever before. If you happen to know of anything, let us hear from you. In this way we will be able to serve you better and make the paper of greater interest.

Judge Cranmer will certainly receive the hearty commendation of Greenville and Pitt county people through the splendid way he is conducting this session of criminal court. Judge Cranmer believes in strict enforcement of the law, and that he is living up to this belief is very evident. When the law is enforced, as Judge Cranmer enforces it, the great

**"GALLOPER" SMITH AND BIRKENHEAD, MAY SUCCEED PREMIER LLOYD GEORGE**

British Opinion is That Former Poor Liverpool Boy, Now a Famed Barrister, May Step Into Welshman's Shoes as Premier—Worked His Way to the Top

(By F. A. WRAY)

International News Service Staff Correspondent.

London.—Just as assuredly as Lloyd George is the present Prime Minister of England, so Lord Birkenhead, Lord Chancellor of Great Britain, will be his successor. Nobody on this side of the Atlantic has the slightest doubt on the point.

Frederick Edwin Smith, now known as Lord Birkenhead, has had the most meteoric career that Britain has ever known. Never before, not even in the instance of Pitt, has a man taken the reins of government with so short a bound.

It was in February, 1906, that Lord Birkenhead had been a Parliamentary election first heard of this young man. The Tories, after eleven years of power, had been wiped out. Just a faded remnant had been returned to the House of Commons. The benches opposite were crowded with triumphant Liberals.

**He Astonished Commons.**

And then, second day of the session, an unknown, immaculately dressed youth, with smooth hair and Liverpool accent, arose to address the House and the hostile legions opposite.

He had no feeling of defeat. He made no apologies. With silken voice and brutal invective he flayed the life from the victorious foe. Arthur James Balfour, leader of a hopelessly defeated party, looked around and asked: "In Heaven's name, who is this boy?"

All England next day was ringing with the name of F. E. Smith. He became familiarly known as "Gallop-er" Smith.

This was really the third stage in "Freddy" Smith's career. At the beginning he was the son of a very poor and unsuccessful lawyer. His ability brought him prizes enabling him to go to a good school at Liverpool. From there he won his way to Oxford University, supporting himself all the time.

**Was Leader at Oxford.**

At Oxford he quickly made himself the man of the day. A great football player, present of the University, he was a famous professor and, on triple first-class degree, this hand some boy—without a cent—dominated the ancient pulchre of the venerable city. And all to people who counted asked: "What will he become?"

For the time being he had no money to become anything. So for several

**THREE DEEDS OF TRANSFER FILED SINCE YESTERDAY**

The following deeds of transfer have been filed in the office of the register of deeds for registration since reports of yesterday afternoon: J. B. Kittrell and wife to Moseley Brothers, consideration \$10; Mary Teel to W. A. Teel, consideration \$1; J. R. Turnage to K. A. Pittman, consideration \$3225.

**Giant Fossil Unearthed.**

Curtis, Neb.—What is believed to be the largest fossil ever discovered in America has been partly unearthed on the farm of John Corte near here. Scientists from Denver University, who came here to examine the find, say the fossil is a mammoth, which probably lived 250,000 years ago. The bones are well preserved.

**Hen Lays "Ostrich" Egg.**

Olean, N. Y.—Newell H. Hosmer, of Hannigan Hollow, claims to have the largest egg ever produced in this section of the State. The egg measures eight inches the long way and six the other way. It weighs four ounces. It was laid by a Rhode Island Red hen, weighing six pounds.

The death rate in London for 1920 was 12.26 per thousand, which is the lowest ever registered. In New York it was 12.93, also a record.

Sawdust sprinkled on the front walk when it is slippery is not nearly as detrimental to the parlor rug as the customary ashes or salt.

wave of criminality that has surged over this section of the country should be appreciably reduced in the near future. The criminal is invariably impressed with whatever action is taken by the court, and if it is severe as it should be, will be discouraged. Judge Cranmer has started out right, and Greenville people should support him under all circumstances.

**WHYS and WHATS**  
of the  
**Greenville Building and Loan Association**

Where is the Greenville Building & Loan Association? At Five Points, next to Greenville Drug Company.

What is Building & Loan? It is a systematic way of saving and investing money weekly, and a system from which money may be borrowed to buy or erect homes.

Who can invest? Any one. In what amount? 25c per share. How much is a share when paid? \$100.00. Does it pay a dividend? Yes. What is the rate of dividend? This depends on the earnings. How is that? The Greenville Building & Loan Association is a mutual association. That is to say when you subscribe to shares you become a stockholder, and all the profits are divided equally among the stockholders. Who elects the officers? The stockholders elect the directors annually, who in turn elect the President, Vice President, Attorney, Secretary-Treasurer.

Can your money be withdrawn any time? Yes, after giving notice according to the by-laws.

**WHY PUT IT IN THE GREENVILLE BUILDING and LOAN?**

It nets you more interest at maturity, much more. The Association pays the taxes—you don't return it. Your money must be loaned at home, and at 6 percent. Its the one great and grand way to create homes—and you get what your money earns, and you deserve it. All savings are good, even the stockings, but why not the best?

**FIRST SERIES FEBRUARY 4th**

and it's going to be a hummer.

# RE-OPENING OF GERMAN CONSUL OFFICE WAS QUIET

Broadway Did Not Pause to Notice When Consul Karl Lang Took Over His Office

New York.—Busy, bustling Lower Broadway paid no heed to the re-opening of German Consular headquarters here. The street resounded with only the usual workaday din as Karl Lang took over his office at No. 11 Broadway.

Just a few short months before, skyscrapers had thrown to the four winds echoes of the trample of marching feet and clamors and shouts for victorious generals.

Before 1917 the opening of an important office of the German Empire would have been the occasion for ostentatious ceremony, and the world and Broadway, would have stopped and taken notice.

After the war opening of the offices was modest. Chairs, desks, filing cabinets and typewriters were dragged across the hall from the Swiss Consular offices, dusted off and put in their places. Broadway paid no notice. Broadway had arrived here for his second trial.

"Fatty's" career has been a picturesque one.

**Born in Kansas.**  
He was born in Kansas in 1887. He early began to act and toured with stock companies and finally had when the "movies" began to take a company of his own. Later on, he started with Keystone, at \$3 a day, as an extra man. Later he got to be a leading man and a director.

That "extra" man, Arbuckle, was quite a different man from the pie-throwing "Fatty" in whose honor film producers and exhibitors tendered a banquet in Los Angeles February 1, 1917, on the eve of his departure for New York.

"Fatty" became a connoisseur of motor cars. He always bought cars that could speed, but the average "cop" passed "Fatty" up most of the time, they were so rapt in astonishment at the sight of his cars. This was the result of his purchase of five different custom-built bodies for his various cars, and he always insisted on shining nickel and loud

colors. "Fatty" gave the world another thrill early in 1919 when it was announced that he had been signed up for three years by Adolph Zukor for \$3,000,000. Whether this was to be all salary or was to include the turning over of a certain number of films made public. This was the biggest contract indulged in by Zukor up to that time.

# FIFTEEN MILLION EXPENDED TAKING KIDDIES TO SCHOOL

Department of Education Report Shows That Almost Every Means of Transportation Used

(By International News)  
Washington.—Remember the good old days in the not so far distant past when Tom and Mary, living in the country and having to traverse a great distance from home to the little red school house upon the hill, would steal a ride on farmer Jones' wagon, bound for the city to sell fresh eggs and farm products to "them city folks"?

Yes, "them was the days but like hoopskirts, horse drawn cars and many other things of the past few generations, they ain't no more." Children throughout the land who live in the country do not have to resort to Tom and Mary's strategy of yesterday in order to get to school on time nowadays. Tom and Mary of today do not experience the thrill and sensation that the Tom and Mary of yesterday felt when they "hitched" on behind the wagon of farmer Jones and clung with bulldog tenacity to keep from being jarred off the swaying, careening wagon as old Dobbin cantered leisurely, urged forward now and then—mostly then—by the crack of the driver's whip as he pulled lazily on his cherished and trusty corn-cob pipe.

**Hides Free Today, Too**  
Yes, times have changed considerably. Today's Tom and Mary go to school like young aristocrats, in the most modern of present-day conveyances. It has been estimated by the bureau of education that half a million children are given free transportation to school each day. Almost every known means of con-

ance is used in taking children to school at no cost to them, ranging from the ancient but ever-popular rowboat, in some instances, to the horseless carriage and the huge, spacious motor buses that adorn the streets of the city in competition with street car lines.

Over \$15,000,000 was expended in the last school year to transport the pupils of the country, but against this cost, states the department of education, must be considered the very important advantages provided—an opportunity for every child to attend school regularly no matter how far he lives from the school house, and the health and morals of our pupils are protected.

# SLOWLY THRASH OUT SHIPPING BOARD TANGLE

Problems Brought About by Economic and Other Conditions Tackled Gampely

By T. N. SANDIFER  
International News Service Staff Correspondent

Washington.—The reorganized United States shipping board and fleet corporation is slowly but surely emerging from the tangle of difficulties which economic and other conditions forced on it and is today progressing to the goal of an efficient directorate for an American merchant marine, according to J. Barstow Smull, vice president in charge of allocation and charters of the board.

The difficulties which Mr. Smull has in mind, he stated, concern chartering of boats, a depression in shipping worse than any before and a complicated system of allocating and operation of boats. In the hands of private agencies large numbers of shipping board vessels have been tied up or operated with difficulty owing to unprecedented conditions.

Concerning the withdrawal and allocation of these vessels, Smull stated that on July 24 there were seventy-five active managing agents of the fleet corporation operating 674 steel ships. Of this number twelve agents were "tramp operators" with a total of 125 vessels in service. Losses on all these vessels were from \$5,000 to \$25,000 per round trip to Europe, to-

talling \$1,250,000 in June.

On January 1, 1922, there were only forty three active agents handling three hundred and twenty one ships, Smull said. All tramp steamers have been withdrawn and the losses in October, the last month for which we have a report, have been cut to \$100,000 and are still being diminished.

From the latter part of July to the present Smull said, approximately 520 steel cargo boats have been withdrawn from service and about 173 have been allocated, thus leaving about 353 steel cargo and passenger only approximately, as later reports are expected on them.

# SALE OF LAND.

By virtue of the authority contained in a deed of trust to the undersigned executed by J. S. Pittman and wife Lena Pittman, recorded in book 14-11, page 245 et seq., in the register of deeds office of Pitt county North Carolina, default having been made in the payment of the principal and interest of the note secured therein, and the entire amount of principal and interest is past due, and the holder of said note having requested the sale of said land there, the undersigned will expose for sale on Tuesday, February 14th, 1922 at noon at the court house door of Pitt county, N. C., at public sale to the highest bidder for each, the said lands therein conveyed, described as follows:

All that certain lot or parcel of land situated in Swift Creek township, of Pitt and State of North Carolina and more particularly designed and described as follows:

**TRACT ONE:** Beginning at an iron stake near a large Cypress, corner of W. E. Harding lands and Matie Smith land, and then runs north 74 degrees and 30 minutes west 1812 feet to an iron stake, corner between W. E. Harding and E. F. Cox; thence with the line of E. F. Cox north 61 degrees and 50 minutes west 1383 feet to an iron stake Cox's corner; thence with the line of Joe Rasberry north 59 degrees 25 minutes west 484 1-2 feet to the corner of lot No. 4 in the line of said Joe Rasberry; thence with the dividing lines between lots Nos. 1 and 4, north 62 degrees east 874 1-2 feet to the bridge on the canal; thence south 86 degrees 30 minutes east 2343 feet to J. J. B. Cox's line; thence with J. J. B. Cox's line south 3 degrees west 82 1-2 feet to an iron stake, Cox's corner; then south 69 degrees 10 minutes east 676 1-2 feet to an iron stake, Cox's corner; and Marvin Taylor's line south 17 degrees 5 minutes west 1452 feet to W. B. Harding's corner, a stake near a large Cypress, the beginning, containing one hundred two and fifteen hundredths (102.15) acres.

**TRACT TWO:** Beginning at a fence post, the corner of the J. J. B. heirs land, and runs with said Cox's line north 41 degrees 45 minutes east 1850 feet to the county road, a stake; thence with the said county

road, or Gum Swamp Road, north 35 degrees 35 minutes west 448 feet to the road; thence continuing the same course, 1300 ft. to a gum at corner of Jones land and Blakely place; thence S. 32 1-2 deg. W. 4500 ft. to Grindle Creek a point, 20 poles above the mouth of the line ditch; thence down the creek of the ditch; thence along the ditch to Tranters Creek; thence up Tranters Creek to the beginning. Containing 645.2 acres. Said tract will all be sold for

the purchase money except 196.3 acres, which was deeded by N. H. Robinson to J. D. and J. B. Grimes, on December 14, 1919, by deed recorded in Book L-13, page 443. Said land is sold to satisfy the original mortgage given for purchase money.

This January 3rd, 1922.

# LAND SALE.

By virtue of the power of sale, contained in a certain mortgage deed, executed by N. H. Robinson, to J. O. Proctor & Bros., on the 17th day of December, 1918, to secure the purchase money, due for the land hereinafter described, which mortgage was duly recorded in the office of the Register of Deeds of Pitt county in Book Z-12, page 110, the undersigned will sell, for cash, at public auction, at the courthouse in Greenville, on

**SATURDAY, FEBRUARY 4th, 1922**  
the following described tract of land: That tract of land in Perotous town ship, known as the Williams place, beginning at Barrows and Newman's

corner, on Tranters Creek; thence running S. 3 deg. 15', W. 1692 feet to the road; thence continuing the same course, 1300 ft. to a gum at corner of Jones land and Blakely place; thence S. 32 1-2 deg. W. 4500 ft. to Grindle Creek a point, 20 poles above the mouth of the line ditch; thence down the creek of the ditch; thence along the ditch to Tranters Creek; thence up Tranters Creek to the beginning. Containing 645.2 acres. Said tract will all be sold for

# Personal

Mr. Will Cannon, of Ayden, spent the day in Greenville on business.

Mr. J. L. Hobgood, of Winterville, attended criminal court here yesterday afternoon and today.

Miss Effie Grimes of Ethel spent several hours here yesterday with friends.

Mr. A. O. Beddard, of Winterville, attended court in the city yesterday.

Mr. Z. B. Bunting, of Bethel, attended criminal court here yesterday afternoon.

Mr. W. E. Hooks, of Ayden, spent a short while in the city yesterday.

Messrs. G. A. Rouse and L. T. Pierce, of Farmville, were among visitors in Greenville yesterday afternoon.

Mr. Jack Holton, of Ayden, spent a short while in the city yesterday afternoon.

Dr. Baznight, of Stokes, was numbered among visitors in the city today.

Mr. W. L. Clark, of Grimesland, attended criminal court here this morning.

Col Harry Skinner, went to Greensboro yesterday evening.

### Bridge Club

Mrs. Lewis Cooper was hostess to her bridge club yesterday afternoon from four to six o'clock. Tables were arranged in the library and several progressions enjoyed. Mr. W. T. Lipscomb, Jr., making the top score was awarded a Matera tray cloth. At the conclusion of the games the hostess served a tempting salad course and hot coffee.

### Bridge Club

Miss Emily Little was hostess to her bridge club on Tuesday evening. Many interesting progressions were enjoyed at the conclusion of which a sweet course was served. Miss Mary Warren making the top score was presented four bridge pencils.

Mrs. W. P. Moore and Mrs. Knott Proctor were guests of the club.

### Bridge Club

Mrs. W. H. Rogers, Jr., was hostess to her bridge club yesterday afternoon at her home on Ninth street. Tables for the games were arranged in the library and many interesting progressions were enjoyed. At the conclusion of the games a salad course was served. Messdames Ernest Gorman, E. G. Joyner and Miss Novella Mayo were guests of the club.

### ROUND TABLE MEETS WITH MRS. HIGGS

In spite of the snow which had fallen the preceding night, the members of the Round Table met with Mrs. J. W. Higgs Tuesday afternoon.

As the hostess ushered us in, the beautiful tinted walls, the handsome tapestry the attractive hardwood floors and the cheerful open fire caused exclamation of admiration.

The meeting was called to order promptly by the president, Mrs. J. E. Winslow and the business of the hour began. After the regular routine, the club decided to send a donation to the State Treasurer for the Sallie Southall Cotton Loan Fund.

The literary program was particularly interesting. The subject was Citizenship. Mrs. Grant contributed a most interesting paper on "The Business of Voting in North Carolina." Following this, Mrs. Munford presented her subject, "Women Voters" in such a practical manner that in imagination, we could discern women in the phase of citizens. Miss Denny's subject was, "Citizenship a Test of Americanism," which was greatly enjoyed.

Current events were most interesting and helpful as they touched on Citizenship.

After the literary program Miss Hortense Higgs sang, "Your Eyes Have Told Me So" in a most charming manner.

The hostess, assisted by her two daughters, Misses Annie and Hortense Higgs, served a delicious salad course. Although the hour was late we lingered on account of the enjoyable afternoon spent with Mrs. Higgs.

American Ace in Legion. Omaha, Neb. — Captain Eddie Rickenbacker, famous American "ace" in the World War, has filed application for membership in the Omaha chapter of the American Legion.

Although at present an automobile manufacturer in Detroit, Mich., Captain Rickenbacker's petition says he regards Omaha as his home.

## THE MEETING OF THE END OF THE CENTURY CLUB

Notwithstanding the unusually disagreeable weather nearly all the members of the End of the Century club answered to roll call on Tuesday afternoon at Mrs. Hortense Moye's where one of the most interesting as well as one of the most enjoyable meetings of the year was held.

In the absence of the president the meeting was presided over by the Vice President Mrs. J. L. Fleming. The short business session was soon dispensed with.

Stringberg was the topic for the afternoon. Mrs. Fleming's paper on the life and work of Stringberg, was full and complete, showing that without doubt that something good can come from all evil—he seemed to be evil, still the dramatic world has been undauntedly influenced by his revelation of naturalism in its most sensational form.

Mrs. Bonen's paper on Nationalism shows the difference between Nationalism and realism by comparing Ibsen's Ghost with Stringberg's father.

Mrs. Harry Skinner's paper was on the Father. The dual of the sexes and the kinship of love to hate is shown in it most aggravated form.

Also Stringberg's war on feminism this concluded the program for the afternoon. We adjourned to meet in February with Mrs. J. L. Wooten.

## THREE MARRIAGE LICENSES ISSUED SINCE YESTERDAY

The following marriage licenses have been issued by the register of deeds since reports of yesterday afternoon: Mr. Julian R. Rawls, of Oak City to Miss Naomie Sugg, of Ayden.

Colored—Roccevelt Moore to Pennie Jordan, both of Fountain section; Marvin Sutton to Bertha Boyd, both of Kinston community.

Rev. H. L. Canfield will preach at the Universalist church next Sunday morning, January 29th, at 11 o'clock. Subject: The Rich Man and Lazarus. A cordial invitation is extended to all.

## PIE IS BANNED FROM SCHOOL LUNCH BY COLLEGE EXPERTS

(By International News) Columbus, O.—Pie must go. At least, it must not be placed in the school lunch box.

This is the edict of nutrition workers at the Ohio State university. Nutrition investigation shows that starchy foods, mixed with fats, are among the hardest on the child's digestion," declared Miss Minnie Price, assistant State home demonstration leader.

"Pie falls definitely within this class, particularly when hastily made and served cold and soggy.

Compared to other better desserts, pie is expensive, hard to make, and almost impossible to pack properly into a school lunch, continued Miss Price. It does not contain food elements necessary to round out the noon day meal. It takes up room in the lunch box which might otherwise be given to desirable dishes.

These nutrition experts expressed belief that pie should be replaced in the lunch by cut custard or fruit, or preserve and jelly sandwiches.

# U. S. ARMY OF LIQUOR DRINKERS IS 2,500,000 SAYS FEDERAL AGENT

## Nation's Prohibition Enforcers Estimate That 17,500,000 Alcohol Addicts Have Quit—Illicit Distilling is Growing at Alarming Rate

By W. H. ATKINS  
International News Service Staff Correspondent

Washington.—There are still 2,500,000 whiskey drinkers in the United States, according to Prohibition Commissioner Haynes.

Mr. Haynes estimates that out of the estimated 2,500,000 regular whiskey drinkers, at least 1,000,000 are in the class of old drinkers who imbibe almost at will, and as freely as pocketbooks will stand, under prices of beverage liquor that are well nigh prohibitive for the average man with average earnings.

But against this admission, it must be remembered that Commissioner Haynes recalls that in the old wet days there were 20,000,000 liquor drinkers in the United States. He figured that 17,500,000 drinkers have quit. And he believes that of those who now find it possible or practicable to imbibe in beverage intoxicants, those of that class are consuming only 5 percent of the quantity they were accustomed to drink in the pre-prohibition days.

When the rosy reports of dry directors go into the filing cabinets and tours of personal observations are made it has not required officials long to discover that the country has far to go before a state of dryness that prohibition enthusiasts had hoped for can be an actual fact.

Gears shifting on the new Buick is so easy that a slender silk thread tied to the gear shift lever is strong enough to pull the gear shift lever from rest and speed to high speed.

The marvelous Buick V6 Vestal Drive Clutch makes driving a real joy. It has taken the annoyance and trouble of grinding, rasping gears and stiff, harsh clutches from motoring. The combination of the patented disc clutch and the patented Buick transmission makes this possible.

You cannot get this combination in any other Buick.

**CLARA KIMBALL YOUNG'S  
LAVISH GOWNS SET  
HIGH WATER MARK  
FOR EXPENDITURE**

Latest Screen Offering "Straight From Paris" Another Sada Cowan Hit.

Motion-picture fans have lately been victimized by one announcement after another that a forthcoming production was the "most lavish" ever made. It seems to be forgotten that extravagance in itself is no credit to a photoplay, unless the luxury of scene and setting serves to heighten the action of the picture as a whole. That this point has been realized by the Equity Pictures Corporation is convincingly shown in their latest Clara Kimball Young photodrama "Straight from Paris," written by the celebrated Sada Cowan, who won her

laurels as the writer of "Hush," Mrs. Young's former starring medium.

Evidently the producers felt that in filming a picture based on the sparkling romance of society life, a typical French surrounding was necessary to heighten the realism of the action. That is why, in "Straight from Paris," the spectator not only enjoys a delicious love-story that includes old aristocracy in its intrigue, but surveys a succession of gowns, robes and the smartest creations of French fashion in an abundance and richness that is enchanting. A session at this artistic masterpiece of screen production proves once more that Clara Kimball Young is an artiste in every sense and a supreme master in the skill of adornment.

This picture will be shown at White's theatre Friday evening.

**SUBMARINES HAVE  
COME TO STAY SAY  
ENGLISH ADMIRAL**

**We Must Avoid Attitude That These Vessels Are Subject For Contempt He Declared**

(By EARLE C. REEVES)  
International News Service Staff Correspondent.

London—Submarines have come to stay, whether we like it or not," is the emphatic declaration of Vice-Admiral G. A. Ballard former director of operations in the British Admiralty. In more dramatically phrased, if less vigorous, style, he is taking up the cudgels after the fashion of the late Admiral Fisher who conducted a famous letter-writing campaign on the thesis that submarines and aeroplanes had negated the capital ship. His war cry was "scrap the lot!"

Ballard does not go so far as his one-time chief, but he is hammering relentlessly into the British public his belief that the Empire must have have submarines.

"We must avoid the attitude that

these vessels are subject for contempt," he declared, referring to the case against them presented by Mr. Balfour at Washington. "They are formidable engines of war, requiring to be treated as such.

**Useful Mine Layers.**  
"Although in the war not a single British or French battleship was sunk by German guns more than a dozen met their fate, either in direct encounter with submarines or by mines that submarines alone could have placed where they were.

"That in itself furnishes conclusive evidence of the effectiveness of the submarines, even when used in a perfectly legitimate way, as we used them ourselves. Moreover, this evidence does not stand alone, for the moral effect of submarines is very great apart altogether from their threat to merchant ships.

"Had they never existed it is almost certain that we should have forced our way into the Baltic and by attacking or menacing the German rear, altered the entire course of the war.

**Movements of Fleet.**

"Again, it was the fear of submarines that affected the whole movements of the Grand Fleet and compelled us to drain all other war areas of destroyers in order to protect our battleships, with the result of seriously weakening our position in these areas. And yet again, it was the German submarines that forced the withdrawal of our heavily-armed ships from advantageous bombarding positions outside the Dardanelles, after the Majestic and the Triumph had been sunk.

**KEEP URIC ACID  
OUT OF JOINTS**

**Tells Rheumatism Sufferers to Eat Less Meat and Take Salts**

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in his urine; the pores of the skin are also a means of feeding the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

**Commander Dixon Urges Support of Legion Members**

(Continued from page 1)  
but we must do all in our power to prevent future wars, and the best way to do that is to kill the snake in the grass, then the grass will be safe for those of the future.

Besides doing these things, there are thousands of your comrades in arms that need your aid, and the aid of your government. Knowing that anything that has to go through the government is slow at best, and knowing that the more people that urge the government to do things, that the sooner it is done, I am writing this with the hopes that more men will see fit to join the mighty throng that is spending its energy for the things named above. If the adjusted compensation bill is ever passed it will be through the efforts of the

**Don't Neglect Lung Colds**

(Thursday Health Talk No. 3)  
(By J. B. Ball D. C., Ph. C.)

When colds settle upon the lungs it is an indication of lung weakness which needs immediate attention. A lung cold, if neglected, may easily become lung congestion and from that to pneumonia is but a step. Fatalities from pneumonia run very high, except where a chiropractor is called at the first inception of the case.

The chiropractor finds an area of nerve tenderness in cases where the lungs are involved around the third dorsal vertebra, which is between the shoulders. Quite often the nerve tracing shows this nerve

**UNCLE BEN SAYS:**  
"Nervy, it takes good healthy morals to be one who leaves footprints on the sands of time; some only leave thumb-prints."

tenderness over one, or both sides of the lungs. Usually the chiropractic spinal adjustments are given not only at the third dorsal, but at stomach, liver and kidney place also, as when these organs are of normal activity, they help to dispose of the wastes with which the body is charged, and which would otherwise add to the burden of the diseased lungs.

**NO RETURN OF TUBERCULOSIS AFTER THREE YEARS**

"I doctored with medical doctors for six years and all said I was tubercular. Three years ago when I finally decided to try chiropractic I was so weak I had to be helped into the chiropractor's office. I began to improve after the first adjustment and after some months was entirely well. When I started with chiropractic the medical doctors said I would not live six months. In three years I have had no return of the ailment."—Hazel Martin Miller, Chiropractic Research Bureau Statement No. 1297H.

Chiropractors adjust the cause of disease instead of treating the effect. Consultation is without charge. Find out.
