## KIWANIANS COMMEND JUDGE CRANMER AND HEAR INTERESTING REPORTS ON THE CONDITIONS CITY AND COUNTY SCHOOLS

Members in Meeting Last Night Pass Resolutions Heartily Commending Law Enforcement.

**J. L. LITTLE PRESENTS ILLUMINATING FACTS ON LOCAL SCHOOL SYSTEM**

Superintendent Fitzgerald Also Sets Forth Conditions as They Pertain to County Schools

Local Kiwanis at their regular business meeting and supper held at the Rotary club last night heartily commended Judge E. H. Cranmer for the splendid work he has been doing at the present term of Pitt county criminal court, and heard two highly illuminating discussions of the city and county educational systems. The meeting was probably one of the most interesting in many months, and featured in the discussion of things vitally essential to the advancement and progress of the community.

In commending Judge Cranmer for the splendid effort he has exhibited in enforcing the law, a committee of three was appointed to take adequate steps in behalf of the Kiwanis club and the citizenry of Pitt county towards relieving the present congested condition of the court docket. The committee appointed is composed of H. A. White, chairman, Dr. C. O'H. Laughinghouse and Fred Forbes.

The appointment of the committee followed a speech by M. K. Blount, who set forth in an interesting way conditions as they exist here. He said there are now more than 800 cases pending on the civil docket of this county, and that it would take as long as four years to reach a case docketed today. This is a disgrace on the county, he declared, and the Kiwanis should do something to improve the situation.

Mr. H. A. White said that the situation demanded attention, and that something should be done immediately. It was suggested that the matter be taken up with the governor and request that some relief or emergency judge be sent here to relieve the situation.

Judge L. G. Cooper and Dr. Laughinghouse were among others to speak of the congested docket, all declaring that immediate steps should be taken to bring about desired relief. It was also suggested that the chamber of commerce be asked to help in the matter, with the Rotary club and other civic organizations. The meeting was presided over by President J. B. James.

The speech of J. L. Little, and E. G. Fitzgerald, superintendent of county schools were the most informative of the evening, and set forth in an interesting way what has been accomplished by the schools the past several years.

The report of Superintendent Fitzgerald was one of the most illuminating concerning how county schools are being operated presented in some time and should have a direct appeal to every person in the county. The report in part follows:

Fitzgerald's report showed that at present there are 221 teacher white schools, 21 two teacher white schools, 8 three teacher white schools, and eight with four or more teachers. For the negro schools there are 36 one teacher, 12 two teacher negro schools, and five with four or more teachers. The rural school census, Mr. Fitzgerald said, shows 5,980 white children; 6,322 negro children, of which 5,052 white children and 5,351 negro children are enrolled.

The length of the school term under the county supervision is 120 days, or six months. This indicates 6,006,240 school days for the white children and 642,120 for the colored children, or a total of 1,248,360 days for which the county must provide.

There are 166 white rural school teachers and 101 colored rural teachers, or a total of 267 teachers in all schools, including the city schools for the support of which the county must provide. During the six month term there are 331 teachers whose salaries must be paid for six months by the county board of education.

For the salary fund there is levied a county wide tax of 28 cents, Mr. Fitzgerald said. The gross amount of

which is \$145,600, less sheriff's commissions and insolvents \$18,928, leaving for the salaries of 331 teachers for six months a net fund of \$126,672 of this amount \$13,871.90 is paid to the Ayden schools, while \$21,028.94 is paid to the Greenville schools, leaving a net total of \$91,773.16 for the salaries of 267 rural teachers for six months.

This is an average appropriation of seven and three tenths cents per pupil per day.

Against the above amount the median cost of instruction per pupil per day in one teacher schools is approximately 20 cents. In two and three teacher schools, 25 cents; in consolidated schools, 12 1-2 cents.

There is also levied a county wide tax of seven cents for maintenance and new building. In addition to this is received a part of each poll tax and all fines and forfeitures, making an estimated total for the year of \$56,293.60, the following amounts should be deducted: County superintendent's salary, \$1500 (the balance of the salary is paid by the State of North Carolina.) Rural supervisor \$900 the balance of this salary is also paid by the State; installment on state loans \$3,893.80; expenses of county board, \$300, leaving a total of \$49,799.80. This allows an average appropriation of four cents per day per pupil for every expense connected with the operation of the schools, exclusive of the teachers' salaries or a total appropriation of eleven and three tenths per day, per pupil, for every expense connected with the operation of the schools.

According to a summary of the reports in the hands of the board of education the average cost of transporting pupils to and from the schools is approximately 50 cents per pupil per month. One school has made an uniform record of less than thirty cents per pupil per month.

The report shows that Pitt county is appropriating less per pupil than the majority of counties of the State. A great deal has been heard about extravagance about the operation of our schools, but the facts given above should answer this complaint fully and set aside any indecision in the matter.

Mr. Little's Address.  
"My subject tonight, is one that I have been interested in for 19 years (Continued on page 3)

## LEGAL CONFLICTS RAGING BETWEEN FRENCH AND HUNS

German in Occupied Territory Accuse France of Propaganda to Annex French Territory

Frankfort on Main.—The war between France and Germany continues. It is a war on paper battles, with the Rhineland as the battlefield.

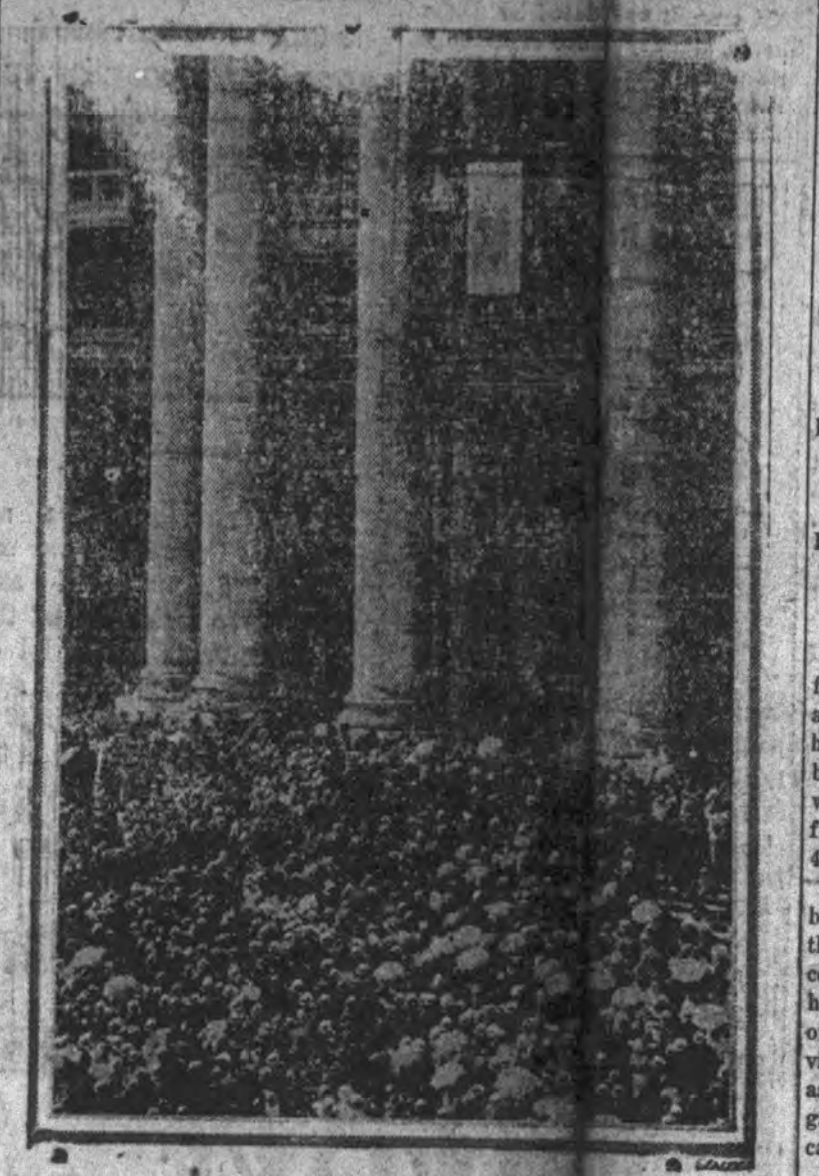

Speak to any German on the occupied territory and he will tell you that the French administration is carrying on a deliberate propaganda for the separation of the Rhine provinces with a view to their subsequent annexation to France.

The French deny this and charge, on the contrary, that the German government is smuggling the best communist agitators into the occupied zone in order to contaminate the army with the virus of bolshevism. They admit that there is a movement on foot for the creation of a Rhenish republic, but this, they say is the free expression of the people of the territory, who want to sever the bonds which have connected them with the government of Berlin.

Some weeks ago the German civil administration became incensed at the separatist propaganda and proceeded to arrest the ringleader of the movement, Herr Mueets. The French sided with the agitator and asked the inter-allied Rhineland commission to secure his release, which was effected in quick time.

No more vessels are being built of reinforced concrete.

## ANNOUNCING ELECTION OF NEW POPE

A scene similar to this will occur at the Vatican with the announcement of the election of the new pope.

## CRIMINAL COURT TO ADJOURN HERE DURING AFTERNOON

Final Session to Feature in the Disposition of Several Minor Matters Today

**TERM MOST SUCCESSFUL HELD IN PITT COUNTY IN SEVERAL PAST YEARS**

Leady Taylor Sentenced to One Year in Jail by Judge Cranmer This Morning

The criminal term of Pitt county superior court which has been in progress this week will be brought to a conclusion this afternoon after disposing of a few minor charges. The week's session has been the most successful in years, resulting in the disposition of about seventy-five cases against thirty and forty during previous terms.

In the session last night only a few minor issues were taken up for consideration. John Saied, charged with assault was found not guilty as was Babe Brown, recently indicted on a charge of vagrancy. John McCall, who was indicted some time ago for sweeping glass on a sidewalk was also found not guilty.

In this morning's session two cases were disposed of, one resulting in a one year sentence to the county jail. Leady Taylor drew this sentence on a charge of assault with George Taylor and Viola Brady, who were adjudged not guilty.

Pearl Wooten, recently indicted on a charge of vagrancy, was also found not guilty in this morning's session. The afternoon session today will be short, as only a few minor issues such as the above await consideration of Judge Cranmer and members of his court.

**DIRT FARMERS NOT SATISFIED WITH THE GOVERNMENT CONFAB**

Washington, Jan. 28.—With work of the national agricultural conference practically completed interest is today centered on the "dirt farmer" conference to be held today by a group of members who declared they are not satisfied with results of the administration parley.

Today's rumpus at the conference is expected to be attended by a number of delegates who were called by the president.

Books, however damaged, can be repaired and missing pages replaced by special treatment, which is, however, very costly.

## HARDING SEEKING TO SHIFT BLAME OF GENOA CONFAB

President Seeks to Shift Responsibility of Government's Refusal to Attend Italian Conference

**CABINET AND CONGRESS DIRECTLY OPPOSED TO AMERICAN PARTICIPATION**

Members Declare the Government Has No Reason to Enter Such Conference at the Present

(By International News.)  
Washington, Jan. 28.—President Harding is seeking a way to "get under" the proposed Genoa Economic conference without offending the Italian government which invited Great Britain as sponsor. This explanation was offered following the unusual delay of the United States in answering the invitation from the government. Both members of the cabinet and congress are opposed to participation of the nation in the conference.

## PEACHTREE BANDIT SENTENCED TO DIE IN ELECTRIC CHAIR

Frank Dupree, Murderer of Pinkerton Detective, to Pay Death Penalty on March 10th

(By International News.)  
Atlanta, Jan. 28.—Frank Dupree, alleged Peachtree bandit, was convicted of the murder of Irby Walker, Pinkerton detective, and sentenced to hang March 10th.

The jury returned its verdict a ten forty-five this morning after retiring a six thirty last night. Walker was slain when he attempted to intercept Dupree's flight from a jewelry store where he had snatched a valuable ring from a tray. He was arrested in Detroit after a nation-wide search was made by the police.

**FORD RENWS PROMISE TO MAKE FERTILIZERS**

Washington, Jan. 28.—Henry Ford today renewed his guarantee for the manufacture of fertilizers at Muscle Shoals if the government will accept his offer, it was stated today. The message was conveyed in a telegram to Senator Harris, of Georgia.

## GREENVILLE CLUBS TAKE BOTH GAMES AGAINST TARBORO

Girls and Boys Win Double Header Easily, Girls Coming Out by Score of 23 to 12

**BOYS' CLUB WINS OUT IN DECIDEDLY EASY WAY BY THE SCORE 41 TO 6**

Inclement Weather Again Held Down Attendance, Although Much Enthusiasm Existed

Greenville won the double header from Tarboro last night at Forbes and Morton's warehouse, the local high school girls defeating the Tarboro girls by the score of 23 to 12, with the Greenville boys winning from Tarboro boys by the score of 41 to 6.

Both games were fast and stubbornly contested in every frame, with the girls showing excellent form considering the short time they have had to practice in. Tarboro started out as if they meant to come out victorious, but lost much of their pep as the games progressed, leaving the game entirely in the hands of the local clubs.

The attendance was again small on account of inclement weather, but those that were there rooted vigorously for the home clubs, and inspired them to play even better than they would have under ordinary conditions. The boys showed regular old time form, and piled up such a definite lead in the beginning that the visitors found it impossible to overcome.

Both of the visiting clubs, however, played creditably at every stage and put up a defensive game that won the admiration of supporters on both sides. Miss Aileen Critcher, playing right forward for Greenville, proved the outstanding star for the girls, shooting six field goals with two fumbles to her credit.

Miss Clara Moye and Miss Esther Wayne, playing left forward and center for Greenville, shot two field goals each, while Misses Lucy and Virginia King came in for their part of the honors. Miss Meredith was the outstanding star of the visiting team making all but one point for her team.

The line-up of the girls' teams follows: Greenville—Aileen Critcher, rf.; Clara Moye, lf.; Esther Wayne, center; Lucy King, lg.; Virginia King, rg. Tarboro: Miss Meredith, rf.; Miss Battle, lf.; Miss Cosby, c.; Miss Fountain, lg.; Miss Brown, rg.

Referees: Barnes for Tarboro; Duncan for Greenville. Barber proved the outstanding player for Greenville in the boys' contest, having seven field goals and one foul to his credit. Zeno Brown was also featured with six field goals, Williams made three field goals, and Tom Foley and West two each.

Meredith featured for the Tarboro boys, shooting, all goals for his club. The line-up for the boys' team follows: Greenville—J. Barber, captain, rf.; Zeno Brown, lf.; R. Hardee, c.; T. Foley, rg.; R. Williams, lg. Tarboro: Meredith, rf.; Staston, lf.; Crome, c.; Denson, rg.; Simmons, lg. Substitutes for Greenville: West Foley, Moye and Mayo; for Tarboro, Hamilton for Meredith.

Referees: For Greenville, Tom Kennedy; timekeeper, Guy Evans; scorer, The Greenville high school boys left today for Rocky Mount where they will play the high school club of that place tonight.

**CHARLOTTE SALESMAN SENTENCED TO JAIL**

(By International News.)  
Concord Jan. 28.—O. G. Thomas, Charlotte automobile salesman, convicted of second degree murder for the killing of A. J. Allen at Kannapolis, was sentenced today to eighteen years imprisonment. He appealed to supreme court.

**Taxpayers Boost Own Tax.**

Morgantown, W. Va. — The first man visited in Morgantown by the assessors, when he started out to revalue all the property in the city last week, voluntarily jumped his valuation from \$19,000 to \$47,000, or a boost of nearly 150 per cent. The next man increased his valuation from \$47,000 to \$98,000. Estimates for increase on all city and county valuation place it not less than 100 per cent above former assessments.

## MINOR RECOMMENDATIONS CONTAINED IN REPORT GRAND JURY TO PRESIDING JUDGE AT THIS TERM CRIMINAL COURT

**NATIONAL CAPITAL IN GRIP OF WORST STORM IN YEARS**

(By International News)  
Washington, Jan. 28.—The national capital today struggled under the worst snow storm in twenty years, attended by a blizzard that swept from the north to North Carolina. Snow has been falling steadily since five o'clock yesterday, demolishing traffic and blocking streets. Several automobile accidents have been caused. No sign of any let up in the storm is indicated today.

## MANNING CAPTURES LIQUOR DEALER IN HASSELL TERRITORY

Kelly Council, Automobile and Five Gallons of Whiskey Captured by Prohibition Crew

W. J. Manning, prohibition enforcement officer of Bethel, was in the city today after a trip to Hassell where he captured a prominent colored storekeeper by the name of Kelly Council for violating the prohibition enforcement laws.

Council was taken by the officer immediately after he returned to town in a Ford automobile containing five gallons of contraband whiskey. Both the car and whiskey were seized, and the car will be offered at public sale within the next thirty days.

The negro was placed under five hundred dollar cash bond pending hearing before a United States commissioner. Mr. Manning said the inclement weather prevented his men from hunting any stills, but that they were doing their best to cripple the traffic in some way. That they are meeting with success is very evident in the capture of Council.

**VIRGINIA IS IN GRIP OF SEVERE BIZZARD**

(By International News.)  
Richmond, Jan. 28.—Virginia is experiencing a real blizzard today, with the ground hard frozen and snow a foot deep. Street car service has been wholly abandoned, but a few automobiles are still in service in some sections.

Followed by a blizzard the storm has not yet spent its force in Virginia. Traffic is at a standstill in many sections. Lynchburg is reported twenty inches under snow. A gale of fifty miles an hour struck Norfolk this morning, flooded downtown districts and practically suspended shipping at Hampton Roads.

Many dwellings at Willoughby Beach are threatened by high tides and small boats have been tied to porches. Heavy seas are pounding the coast at Cape Henry and many crafts have been anchored at Lynn Haven roads. The snow has caved in three warehouse roofs at Danville and caused others to close.

**NEGRO FIREMAN KILLED AND ENGINEER INJURED**

Petersburg, Jan. 28.—A negro fireman was killed and Engineer O. L. Davis probably fatally injured when a locomotive boiler of the Seaboard Air Line train, southbound from Jacksonville exploded at Dinwiddie station. No passengers were hurt.

**INSTRUCTOR COMING FOR INCOME TAX RETURNS**

A State representative will be in the sheriff's office here on Tuesday, Wednesday and Thursday of next week to give instructions in making income tax returns for the State and county. Persons liable to this income tax who want information in making returns should see the State representative on the above days.

Mrs. Edward Purdy of Dunn is visiting relatives in Greenville.

Jury Recommends That Court House Be Kept in a More Sanitary Condition

**ADVISE INVESTIGATION OF FUNDS DERIVED FROM ILLICIT WHISKEY TRAFFIC**

County Officers Are Found in Splendid Condition With Few Changes Necessary

Only recommendations of minor importance were contained in the report of the grand jury of this term of criminal court to Judge E. H. Cranmer, presiding judge, as all county officers were found in splendid condition and beyond reproach.

It was recommended that the janitor of the court house building be required to do more efficient work in cleaning the court room and different offices of the building. Special reference is made to window cleaning, cobwebs being brushed from the upper part of the building and from chandeliers. It was also advised that a committee be appointed to investigate the forfeiture of bonds, the disposition of money arising from the sale of automobiles confiscated from the whiskey traffic, especially in the Silver case which was recently handled by the court.

The report in full follows: To Honorable E. H. Cranmer, Judge: We, the Grand Jury, beg to submit the following report:

1. That we have passed on all the bills presented to us, except those in which we were unable to secure witnesses, and have submitted said bills to the court.

2. We have visited the offices of the sheriff, the clerk of the court, the office of the register of deeds, the office of the board of education and the office of the county auditor, and we find these offices in good shape, the records well and neatly kept. We also visited the county jail, and find the same well kept. We wish to commend to the board of county commissioners repainting of the inside of the jail and also improvement in the beds of the prisoners in such a manner as they may deem fit and proper.

3. We have visited the county home. The inmates are all well cared for and seem to be happy. The (Continued on page 3)

## HOTELS OF NICE EMPLOY DANCING GUEST PARTNERS

Lizards' and Lizardines' Arrangements Tired Husband or Pleasure-Seeking Wife

(By FRANK E. MASON International News Service Staff Correspondent)

Nice.—Lizardines have joined the company of lounge lizards on the staffs of Nice hotels as the latest modern convenience of the fashionable hotel restaurant. The lizardine cure is prescribed to tired business men to inoculate them with the dance habit.

But don't make the mistake of confusing the female of the lounge lizard with our old acquaintance the rump. The lizardine is on the regular payroll of the hotel; she punches the time clock beside the head waiter.

The head waiter busies himself at the table of the henpecked husband, who is listening to how old he is getting because he doesn't dance. "If madame cares to dance perhaps she would permit me to introduce one of our professional dancers. Cost! Oh, nothing, sir. The hotel pays them. Unless perhaps you may wish to give a little tip. If 'm'sieu wishes to try some steps with a lizardine, sir?"

The waiter with but little formality introduces a young Swede, American, or Frechman, who proceeds to dance as simply or intricately as his partner wishes. At the end of the dance he conducts her to her table, bows and departs. If madame wishes another dance and the lizard is free, just a nod to his mor signal him as you would a waiter.

Saturday, January 28, 1922

A united Ireland is forecasted by Premier Asquith. Merely forecasted however—not united in reality.

The Woodrow Wilson Foundation campaign is still lagging in Pitt county despite the plea of Chairman Gaskins for contributions. If you have not given your part, get busy and do so right away before it's too late.

The public should heed the warning sent out by the government regarding the impending coal strike, and purchase as much coal as possible. Should the strikes go into effect the county will be faced by one of the most serious situations in years. It is hoped, however, the wage question may be adjusted in time to avert the strike, although this is not assured.

Tobacco and cotton growers might as well begin to realize the necessity of reducing acreage this year, as this is more imperative now than ever before. Some may preach that the market isn't congested and that demand will be better next year. That is a mistake, as anybody with commonsense knows. Nothing but the very best tobacco will be in demand, and the farmer who confines his time to the cultivation of this grade will be the one to receive good prices.

Judge Cranmer is one of the ablest jurists that has ever visited Pitt county, and no one realizes it more than those who have attended his court this week. He believes in strict enforcement of the law, and that "those who dance must play the fiddler." It has been so long since a judge was really "judge" that it has created considerable interest and the majority of people who attend court merely go to see the law enforced. With more judges of the kind this country would be a much better place in which to live.

Southern interests are doing every thing possible to convince congress that Henry Ford is the man to handle the Muncie Shoals proposition, but Secretary Weeks evidently thinks he knows more about the matter than the general run of people. The public has the right idea. Ford does more with the project than any other man, and the longer the government delays the matter the longer he will be delayed in carrying out his plans for its development. The issue should be closed as early as possible, as both the government and Mr. Ford would profit by the action.

Whiskey interests will be certain not to appeal to a higher court hereafter when apprehended, so the lower courts might as well be prepared to deal out long sentences in the beginning. Judge Cranmer, thank goodness, is due to preside over superior court in this county the next six months, and the public may rest assured the law will be strictly enforced during that time. If it is possible, and it certainly is, it might be advisable to have Judge Cranmer or change place with the judge to follow him here after his six months expire. We would certainly like to have him if he can stand us that long.

The anti-lynching legislation has produced considerable excitement at the capital this week, and the curious have had something out of the ordinary to occupy their attention. Sentiment became so strong at times that senators exchanged some very warm language and people in the galleries even had the audacity to interfere. Such state of affairs should not be permitted. In fact, legislation should be enacted restricting the size of audiences during such sessions, and those who have any feeling in the matter should not be admitted. The county can derive no good from allowing outsiders to interfere in the house and senate. It promotes something bordering bolshevism, and eventually may flame into something serious. The lynching spirit is deplorable indeed, but nothing else can be expected when shyster lawyers continue to prevent the law from being enforced and criminals prosecuted. So long as homes are invaded by beasts seeking to insult womanhood, so long will lynching endure, and all the legislation in the world won't do any good unless enforced; and enforced quickly after crime is committed.

**AIDING THE JEWS.**

Jewish colonies of agriculturists established more than a hundred years ago in the Ukraine are now facing extinction unless immediate relief is supplied them, according to cablegrams received by the Joint Distribution Committee which disburses in Europe the funds raised by the American Jewish Relief Committee. Fifty thousand dollars has been appropriated from the American Jewish contributions, but this amount is entirely inadequate to meet the need. The fate of the colonists rests on the success of the \$14,000,000 appeal now being conducted by the American Jewish Relief Committee to aid the Jewish population of Eastern Europe.

Although they are far from the famine-stricken Volga region the condition of the colonists is no less desperate than that of the Russians in the heart of the famine area, according to the reports received.

The colonies are in the governments of Kherson and Yekaterinlav and comprise 36 villages with a population of upwards of 150,000 people, own an area of 50,000 desyatins, or approximately 125,000 acres. These colonies were founded early in the 19th century, and have served as agricultural schools for the Jewish population of Southern Russia.

During 1918 and 1919 the colonists suffered acutely from the pogroms which accompanied the rapid changes of government. In some of the colonies of the Yekaterinlav government, near Machno's headquarters, almost the entire population was killed, and the colonies plundered. Every new "government" made new requisitions, leaving the colonists stripped of their goods, cattle and agricultural implements. Following the pogroms came the poor harvests of 1920 and 1921, which, however, did not affect all of the colonies equally.

Agriculturists who have recently visited the colonies report that all of them except two, Nogaitova and Ro-

viamovka, have no grain and no hay. Famine is spreading rapidly and many colonists have fled. Horses and cattle have been sacrificed and the lack of seed will force many of the colonists to abandon future agricultural operations and seek refuge in the cities. It is estimated that \$400,000 will be needed to provide the colonists with food for the population until the next harvest, seed for the spring planting, feed for the cattle and horses, and the most indispensable agricultural machines and implements.

If Judge Cranmer would preside over every term of court in this county for the next two years congested dockets would be a thing of the past. In fact, those people who make it a point to escape the sentences of county court, would accept whatever Judge Copper has to offer and stop at that. There would be no more appeals to superior court, except in very exceptional cases, of course.

**WHYS and WHATS  
of the  
Greenville Building and  
Loan Association**

Where is the Greenville Building & Loan Association? At Five Points, next to Greenville Drug Company.

What is Building & Loan? It is a systematic way of saving and investing money weekly, and a system from which money may be borrowed to buy or erect homes.

Who can invest? Any one. In what amount? 25c per share. How much is a share when paid? \$100.00. Does it pay a dividend? Yes. What is the rate of dividend? This depends on the earnings. How is that? The Greenville Building & Loan Association is a mutual association. That is to say when you subscribe to shares you become a stockholder, and all the profits are divided equally among the stockholders. Who elects the officers? The stockholders elect the directors annually, who in turn elect the President, Vice President, Attorney, Secretary-Treasurer.

Can your money be withdrawn any time? Yes, after giving notice according to the by-laws.

**WHY PUT IT IN THE  
GREENVILLE BUILDING and LOAN?**

It nets you more interest at maturity, much more. The Association pays the taxes—you don't return it. Your money must be loaned at home, and at 6 percent. Its the one great and grand way to create homes—and you get what your money earns, and you deserve it. All savings are good, even the stockings, but why not the best?

BECAUSE OF AGE 2,000

RAILWAY MEN LOSE JOBS
New York—Two thousand employees of the Pennsylvania and Long Island railroads, above forty-five years old, are to pay the penalty of their years by being compelled to relinquish their jobs.

On April 2 these men, not a few of them the sole supports of their families and many of whom are not fitted for other tasks, will be thrown into the ranks of the unemployed by reason of resolutions passed by the boards of directors of the two corporations.

The men notified that they must look for other work were hired in 1917 to replace the younger men who went into war service.

To give them employment both limits for new employes, forty-five. It has been decided to restore that limit and to eliminate all above that age.

Minor Recommendations in Report of the Grand Jury

(Continued from page 1)
sanitary condition of the home is very good. In this connection, however, we recommend that painting be done and that an iron pipe railing be placed between the columns on the porch to prevent the inmates from walking over the elge.

4. We visited the convict camp and found the same in excellent condition, the team well cared for and in good shape. We found the wagons and harness well cared for. There was one place in the roof of the camp leaking, but this was being repaired. We feel that a good deal of improvement has been made in the convict camp.

5. We visited the office of the Superintendent of the public schools of Greenville, and, in our opinion, Mr. J. H. Rose is a very good superintendent. He was very enthusiastic and has a very clear vision of his aims in the school work, which, in our opinion, is fine policy, and we would recommend for him the hearty support of the citizens of Greenville and of Pitt county in his work.

6. We recommend that the janitor of the house building be required to do more efficient work in cleaning the court room and different offices of the building. We have special reference to window cleaning, cobwebs being brushed from the upper part of the windows and ceiling. The chandeliers are very dirty and need a thorough cleaning. We think that the court room should be kept in a sanitary condition.

7. In consequence of reports coming to us regarding certain money not being properly collected and distributed, we wish to recommend that a committee be appointed to investigate the forfeiture of bonds, the disposition of money arising from the sale of automobiles confiscated from the liquor traffic, especially in a case entitled State vs. Silver, and make a full report as to the proper disposition of these funds.

We wish to thank the presiding judge, the solicitor and all court officers for their courtesy and kindness extended to us during our work as grand jurors on this term.

Respectfully submitted,
J. N. HART, Foreman

Kiwanians Commend Judge Cranner and Hear Reports

stand it is a subject very near, and very dear to my heart, and I assure you, whatever service I may have rendered has truly been a labor of love.

The building on Evans street was erected from a bond issue of \$10,000. At that time it was a very commodious building and took care of the needs of the town for several years. When that was outgrown the Model school was built. The East Carolina Teachers Training school wanted such a building, and it was imperative that we have room in which to expand, but at that time they did not have the money with which to build it, nor did they have the authority to borrow it.

The Graded schools had both the credit, and the result was the Model school was built, and when they received from the State an appropriation, they reimbursed the graded schools the money expended. In that way our increasing need for space was provided for and at the same time brought about a most happy cooperation between the city schools and the East Carolina Teachers College which has continued in perfect harmony to the present time.

Again the ever-increasing number of pupils outgrew our capacity, and in 1915 the high school was built out of a bond issue of \$30,000. Out of

siderable addition to the colored graded schools, and other improvements were made. At the present time there are \$35,000 bonds for schools outstanding.

The high school building has been admired by many people, and we have had inquiries from other towns as to its architecture and of course it is a building of which the trustees are proud. It is a great source of pride that our high school has been given an A-1 rating by the Southern association, and that it graduates an enter unconditioned any A-grade institution in the country, including West Point Military academy.

Ten years ago there was a total enrollment of white children of 505. Last year the enrollment had increased to 1,016. Ten years enrollment the colored schools was 242. Last year the total enrollment was 651, which is a much larger proportion of gain, and they need increased facilities very badly now.

One of the notable additions to the schools system was the acquisition of the Vines house, which has furnished our teachers with a comfortable home, without which we could hardly have secured them.

I would like to call your attention to the fact that since the establishment of the schools the salaries of the teachers have been paid with reg-

ularity, and there has not been a suspension for a single day for lack of funds. I have been informed that some of our neighboring towns have not been so fortunate. This has been made possible by the liberal accommodation of the three local banks, and by the good faith and loyalty of the trustees. There came a time last year, in order to keep the schools open, the trustees were compelled to borrow \$7,500 from private individuals and the note for this money bore the personal endorsement of each

trustee. The money was very much appreciated, and I am happy to say it has been paid. Fellow Kiwanians, remember that he who gives aid to the upbuilding of our schools may unconsciously have a hand in lighting an intellectual spark that may grow till it not only illuminates our town, but even our state.

Greetings and Success to You During the Year 1922

DO YOU KNOW ME? IF YOU DON'T, LET'S GET ACQUAINTED

Do you remember in the years 1915 and 1916 when I was running the leading Feed, Seed and Provision store in Greenville, and you were buying food stuffs for burcanity and beast at the right prices? Since my retirement from this line of business you have no doubt paid enormous profits and others have waxed rich from your earnings, wrought from the sweat of your brow. High prices soared until the strong arm of the government had to take a hand to check the greedy profiteers who while the high cost of life—almost unbearable. Having had considerable experience in this line of business and being placed in a position to set us lower than any firm in Greenville and prompted by a desire to be of some service to help cut down living expenses I have decided to resume business again, but in a different location. Soliciting your patronage and co-operation that I may work to your advantage and help make your living expenses less than they have been in 5 years, I submit herewith just a few of the reasons why I am entitled to your consideration and patronage in justice to yourself and your family.

1st. I have more storage room than any merchant in this line of business in Greenville. I own the buildings and don't have to pay any rent.

2nd. I buy in car load lots, several cars rolling now. Keep in touch with the leading wholesale business concerns in the United States.

3rd. Buy for cash, know my business, get the benefits of all discounts coming to me and get best prices obtainable.

4th. I sell for cash, take no 30-day accounts, and you don't have to help pay the other fellow's debts. Come and trade with me and you get full benefit of lowest prices for yourself.

5th. By permission of the Atlantic Coast Line railroad cars are placed and unloaded almost in front and only a few feet from my store and storage rooms. Unloading carload 90 day oats only last week in two hours by the watch, giving me the advantage of saving time and money over hauling stuff way down town.

6th. My expenses are far less than any firm in this line in Greenville, consequently I am placed in the best kind of position to give lowest prices possible. Take it from me, and back it up with my reputation and all that I am worth or ever expect to be, that it will pay you to look me up and let me give you the best service and use my best efforts to help you save the exorbitant prices you have been paying for the benefit of your own family and the education of your own children.

ON HAND AND COMING Car Load Flour—Wasco—No better—bar none 2 Car Loads 90 Day Oats (Burt) Several Car Loads Hay Rolling

Kingham's Meat—F. F. V. Beans 33c; Lard, and everything in an up-to-date Feed, Seed and Provision Store.

Yours for better service and lower prices Store located on Atlantic Avenue, street leading direct from Dickinson Avenue between Center Brick Warehouse and Imperial Tobacco Factory. In front of Texas Oil Co.

PHONE 396

Doors open from 6 A. M. till 9 P. M. or as long as business lasts.

Wholesale prices in retail lots. Volume of business and not profit is what I am looking for.

All goods delivered anywhere in the city and all depot stations for shipments.

A special message and announcement to the farmers of Pitt county and Eastern North Carolina. Many of you no doubt remember me and have realized benefits by our dealings together during the years 1915 and 1916. There was know W. H. Allen best know that while he holds no enmity towards other professional or avocations of life, yet his fullness of heart, highest esteem and noblest sympathies go out to the man who tills the soil. It was on the farm that he himself first saw the light of day and from those early associations he has drawn inspiration for whatever worth or good there may be in him. He too, has felt the scorching sun of the summer heat and the wintry blast of bleak December. He too has known what it is to meet high prices of foodstuff while produce failed to stretch itself enough to cover the cost of living. Personal realization of what the farmer is up against suggested the step taken and a desire to help him obtain goods at almost wholesale prices prompted the efforts. This intended history is one of the main reasons for this newly launched enterprise and I intend to prove to those who patronize this establishment the well and deserved slogan "Bill Allen is the Farmer's Friend".

Thanking you one and all and bespeaking in advance a liberal share of your patronage, I am,

Yours to serve,

W. H. ALLEN

Don't forget the place and phone number and save money for yourself.

## SENATE CONFIRMS MUNFORD AS POSTMASTER THIS PLACE

The following clipping from the News and Observer will be of interest to people of this city:

"The fight over the postmastership at Greenville ended this afternoon with the confirmation of Heber R. Munford by the Senate. Mr. Munford stood third on the list, with Thomas R. Pruett first and James J. Gilbert second. But Mr. Munford had back of him the Morehead machine and even other Republicans had to step aside."

## BRITAIN PREPARING TO PAY UNITED STATES FIVE MILLION DOLLARS

London, Jan. 28.—Great Britain is preparing to pay the United States five million pounds sterling as an installment on war loans of October 1st, it was learned from treasury officials today.

## AT THE CHURCHES
