GREENVILLE WINS STUBBORN GAME FROM VANCEBORO

High School Club Last Night Defeated Farm Life School at Vanceboro 25 to 30

BOTH CLUBS SHOWED DECIDEDLY SUPERIOR FORM TO OTHER DAYS

Vanceboro Club to Play in Greenville Saturday Night at Forbes & Morton's Warehouse

In what is generally conceded to have been one of the hardest fought games of the current season Greenville last night won the first clash with the Farm Life school at Vanceboro by the score of 25 to 30.

At the end of the first half Greenville led Vanceboro 21 to 12, but during the last half they encountered more serious opposition and were compelled to battle furiously at times to save themselves from defeat.

The splendid playing of Zeno Brown at left forward was the outstanding feature of the game so far as Greenville was concerned, while West, Williams and Barber also featured prominently at times.

For Vanceboro, Jacobs was the outstanding star of the evening, being credited with seven field goals and two fouls.

Vanceboro used only one substitute while Greenville had none. The reason for both clubs follows: Greenville—J. Barber, rg; Tom Foley, rg; C. B. West, cf; Zeno Brown, lf; Williams, rg.

Vanceboro—Lancaster, rg; Jacobs lf; Joyner, cf; Smith lg; Peterson rg; Lochery, substitute.

Vanceboro will play the high school here Saturday night, according to information given out this afternoon by Coach Duncan.

Admission will be 25 and 35 cents and every person is urged to be present. The contest will take place at Forbes and Morton's warehouse.

DR. MOSS MAKES BIBLE TALK TO COLLEGE PUPILS

Noted Lecturer, Delivered Inspiring Talk to Students Yesterday Evening

Dr. W. D. Moss, who is giving a series of Bible lectures in East Carolina Teachers College, yesterday evening made an excellent talk on the Bible, what it should mean and what it should not mean.

He gave a most illuminating development of the Bible as the history of religion, and showed that all the experiences of the human heart have parallels in the Bible.

He advised the students not to use the Bible as a text book on the sciences, or even on theology, neither should they take it as their literary guide, but should keep it as the book of religion.

In the afternoon he and Miss Heller, who is spending the week at the school, held a question hour for the students. The afternoon before they had a conference with the faculty. This afternoon he will again hold a conference and in the evening give another talk.

Miss Eura West, who has been holding a position in the office of Blount-Harvey company, and Miss Ethel Winst who has been in the employ of the Hughes-Thomas company, left this week for their home in Dawson Springs, Ky., having accepted positions in their home town.

DISTRICT MASONS TO CELEBRATE IN WASHINGTON SOON

Degree Demonstration to Be Held With Phanix Lodge During Tomorrow

Friday promises to be a big day for Odd Fellows in this part of the State, especially those of the second district who are to hold a degree demonstration in Washington with the Phanix lodge of that place.

A number of these demonstrations have been held in other parts of the State and have proved very successful and have been of great benefit in the promotion of the principles of this great fraternity.

Three hundred Odd Fellows with a large class of candidates are expected to be present to enjoy the festivities which will begin at 8 o'clock, p. m., the first two degrees to be given in the afternoon by Belhaven Lodge No. 228 and Phanix Lodge No. 10 of Washington.

Grand master L. W. Moore, of Wilmington; Grand Secretary John D. Berry, of Raleigh; and other Grand Lodge officers will be present and take part in the occasion.

Odd Fellowship has made great progress in the state during the past year and much of the credit is due to Grand master L. W. Moore who has indeed proved a "live wire."

MEDICAL SOCIETY TO MEET IN CITY DURING EVENING

Meeting of Tri-County Medical Society to Be Held at Rotary Club Tonight

The Tri-County Medical Society, comprising the counties of Beaufort, Martin and Pitt, will be entertained at the Rotary Club in Greenville tonight by members of the Pitt county Medical Society.

Many addresses will feature the meeting. The address of welcome will be delivered by R. H. Wright, president of the Eastern Carolina Teachers college, and the response will be made by Dr. W. E. Warren, of Williamston. Rev. C. H. Bascom will give the invocation.

Among the interesting papers to be read during the evening will be those of Dr. D. T. Taylor, of Washington, Dr. E. M. Long, of Williamston, Dr. H. P. Moseley, of Farmville and Dr. Paul Jones, of Bethel.

Dr. H. W. Carter, of Washington, is president of the organization and Dr. Warren, of Williamston, is secretary. Dr. C. J. Ellen, as chairman of the banquet committee, has provided a delightful menu for the evening and something out of the ordinary is anticipated.

A committee composed of Dr. K. B. Pace, chairman, Dr. Chas. O'H. Laughinghouse, Dr. J. C. Green and Dr. A. M. Schultz have been in charge of arrangements for the meeting.

Mr. W. E. Proctor, of Grimesland, was in the city this morning on business.

REPORTS FROM OUTSIDE SECTIONS TO GREATLY INCREASE PRESENT SUM

Dr. A. M. Schultz, Chairman, Greatly Pleased at Splendid Showing So Far Made

Contributions to the Jewish relief campaign in this city continue to swell in a gratifying way, and it is probable Pitt county's \$1,000 appropriation will be over subscribed by the end of the week.

Dr. A. M. Schultz, chairman of the campaign, this morning was very gratified at the splendid showing and confident the offerings to be taken up by churches Sunday will pass far beyond the desired amount.

Contributions reported by committees up to the noon hour today were as follows:

- W. H. Dall \$10; Kings' Daughters \$10; Miss Martha O'Hagan \$10; E. B. Ficklen Tobacco Co. \$5; Dr. Joe Dixon \$5; J. L. Pruitt \$5; Howard Hodges \$5; J. H. Keel \$1; W. C. Dresbach \$2.50; J. K. GREENVILLE CLUB PLAYS WASHINGTON ON FRIDAY NIGHT

One of the Best Games of the Season Expected When the Two Clubs Clash in Washington

The Greenville high school basketball team will play in Washington Friday night of this week, according to information given out this morning by members of the local club. The game promises to be one of the most stubbornly contested of the season, as both clubs are in splendid condition and anxious to capture another victory.

Members of the local club are probably in better condition than ever before, as they have been in a number of games recently, and gained experience which should be very valuable to them. Washington, however, has had similar experiences and promise a stubborn battle.

Coach Duncan is greatly pleased with the splendid showing his club has made this season and thinks the recent defeats will cause them to go into the game against Washington more determined to win. The boys have proved superior to other clubs with only one or two seasons' training, and should be able of adding several more victories to their string before the season closes.

The public is urged to attend the game and show the boys everyone is behind them. Other towns coming here from time to time have been accompanied by staunch rooters, and if Greenville people would do likewise by the locals the club would play with greater determination to win.

Object of New Party Will Be to Rescue the Long Suffering Middle Class of People

SENATOR BORAH FORGES TO FRONT AS DESIRABLE PRESIDENTIAL TIMBER

Movement Inaugurated by Forty-Eight Perfected Committees in Thirteen States

(By International News) New York, Feb. 9.—A third party has been launched in this city with its objective directed towards the rescuing of the long suffering middle class and organizing it for political revolt, according to gossip.

It is rumored that Senator Borah is under consideration as the most promising presidential timber. The rumor will not be averse if it is shown that sufficient strength has been gained by the movement.

The plan will be inaugurated by a committee of forty eight with perfected organizations in thirteen States. It was said.

IMPOSING EDIFICE BE MEMORIAL TO THE WAR HEROES

Great Building to Cost \$10,000,000, is Planned at Capital Despite Legion Protests

By J. L. MEDVEDOFF International News Service Staff Correspondent

Washington, Feb. 9.—Despite vehement protests from the national legislative committee of the American Legion, which contends that the money should be used to pay ex-service men a bonus, the George Washington Memorial association is proceeding with its plans for the erection of an imposing edifice here as a memorial to American veterans of the world war.

The building will be constructed at a cost of \$10,000,000 and, when completed, it will be of the most pretentious, spacious and architecturally beautiful structures in the world. The memorial, according to present plans will be made the center of American and world activity and it will be daily devoted to patriotic utilities and to national and international convention and usages.

The national capital's long felt want for a public meeting place of ample size will be realized when the majestic memorial is constructed, for the central feature of the edifice will be a national auditorium of spacious dimensions that will be completely anointed by an acoustical dome three times the diameter of the dome of St. Peter's. This huge auditorium will consist of a main floor of 28,500 square feet and a gallery of 10,000 square feet and will seat seven thousand people. In this gigantic room will be held all future inaugural receptions, national and international conventions and conferences, concerts, public ceremonies and celebrations.

A number of small halls, which will be used for the smaller meetings of the various military, patriotic, scientific, educational and like gatherings, will be grouped about the main auditorium.

On the ground floor, flanking the main auditorium, will be rooms set aside as museums for the archives and relics of the great struggles for liberty in which this country has engaged.

The second floor of the structure will contain a great banquet hall, where banquets attendant upon meetings or occasions of national importance may be held in surroundings of fitting dignity, and rooms for the permanent national headquarters and other patriotic organizations.

A spacious room for the exclusive use of each of the States of the Union and of the outlying Territories under the jurisdiction will be on the third floor.

HENRY FORD WILL NOT PRESENT HIS OFFER TO SENATE

Manufacturer Prefers to Let His Proposition For Muscle Shoals to Be Given by Engineer

TINKLER PROPOSITION SAID TO HAVE DIRECT ADVANTAGE OVER FORD

Other Offers Also Will Be Given More Direct Consideration Than the Manufacturer's

(By International News) Washington, Feb. 9.—Henry Ford will not appear before the House committee in support of his lease for Muscle Shoals, but will have it presented by Engineer Mayo.

General Williams, chief of the ordnance department, testified before the committee today and described agreements and purposes of construction at the plant. He said the moral obligation of the government allowed Alabama Power company to purchase the warrior plant.

It was apparent when the military committee met that some members opposed Ford's offer made through Ter and Engstrom offers will go to Secretary Weeks said today that this congress in a few days, each of which has some advantages over Ford.

FIGHTING CHANCE ASKED FOR MARINE

President Wants U. S. Merchants to Be Put on Equal Basis With British Vessels

By T. N. SANDFER International News Service Staff Correspondent

Washington.—In the face of growing foreign opposition, President Harding is going to press congress for early action on some form of subsidy which will guarantee to the American merchant marine a fighting chance with its overseas competitors who have been holed up by government aid for years.

Details of the plan which President Harding eventually will propose will be worked out as time goes on, but they will be based on the recommendations of Chairman Lusher of the shipping board, and whose ideas, in turn, are founded on the advice of experts who have studied the question thoroughly.

The primary object in view is to put American shipping on an equal plane with that of Great Britain, our principal maritime competitor. In general, the main features of the subsidy are understood to be: First: That the profits of the operator will be limited by law.

Second: Government aid will be of an indirect character, except where a reasonable profit is not possible and where it is desirable to maintain the flag regardless of lowered profits.

Third: The necessary aid will extend to the operators and to the personnel on the ships, the first being accomplished by means of allotting a share of the customs levied on the goods brought over and the second by making the crews a part of the naval reserve and thus giving them increased pay.

10,000 PERSONS ARE STRICKEN WITH FLU AT UNIONTOWN, PA.

(By International News) Uniontown, Pa., Feb. 9.—Ten thousand persons, about half the population of this city, are ill with influenza. According to the health officer, the situation is alarming and unless drastic measures are taken means the whole city may be stricken with it in the next few days.

The public demands that Henry Ford manufacture fertilizer during the entire term of his lease. No one will oppose such a proposition, as Mr. Ford believes he can do it and save the country money.

Pope Pius XI regrets the United States was not represented at the conclave which elected him Monday. That's a mighty fine spirit in the beginning of his administration and indicates that America is considered in every thing undertaken in foreign lands.

If you haven't contributed to the Jewish Relief campaign, get busy and do so at once. This is one of the greatest things the country has had an opportunity of contributing to and everyone should respond liberally.

Victims of the war will be helped every way possible by the government, as places of instruction are being opened daily to them. Only a few wounded men will be burdens in the next few years, as they will be taught many things of advantage in public life of the nation.

Judging by the way the campaign is progressing at the present time Pitt county is going to do the right thing by the Jewish relief movement. It is apparent now that the county's apportionment will be oversubscribed and this also shows our people are willing to divide their prosperity with those who haven't been quite so fortunate.

If murders in the movie realm are not reduced the public will lose all interest in many persons who now occupy an enviable position in the connection with important moving picture people; and unless they manage to redeem themselves their future will not be near as successful as in the past.

Richmond, Virginia, has experienced a disaster similar to that in Washington, although not near so awful. The toll of life was serious in both incidents, and causes the general public to realize the necessity of more attention in the construction of buildings. Washington has learned a lesson it will be long in forgetting, and so has the public.

Cotton and tobacco acreage should be reduced as much as possible this year, and any farmer expecting to enjoy his part of prosperity should heed the warning. The lack of demand for tobacco makes it necessary to reduce this crop, while the boll weevil menaces out cotton production. With a curtailed crop more time can be given to cultivation and better yields will be the result.

Pitt county farmers are going to do the right thing when they begin preparations for erecting sweet potato storage houses. Thousands of dollars have been lost annually because proper attention was not given to preserving the crop, and when it becomes so this can be eliminated conditions will be greatly improved. These houses can be erected at a small cost compared to the annual loss and it is apparent as many houses as possible should be erected.

Greenville people should get behind the movement under foot to have the sidewalks around the court house lowered as this is an improvement that would add greatly to the appearance of the property. The commissioners sometime ago consented to do the work, but recently refused. It's to be hoped they will reconsider their action and enhance both the appearance and value of what is certainly the most valuable piece of property the county has.

Republican leaders, who handle the money bags of the nation, say the navy is too large, and are preparing to offer proposals for cutting it in half. In event they figure the country will save money and be safe at the same time, there's no kick coming, but if the money is to be thrown away in some other way it might as well go through the navy. The trouble with things today is that there are too many proposals and not enough action. When we begin to get results things will naturally be better anyway.

Farmville is one of the most thrifty towns in the State. Now its progressive business men come out and apply for a charter in Rotary, and get permission to begin organization work immediately. Farmville will be the smallest town with population less than 5000 to have a Rotary club. Greenville will be the only town in the world that has a permanent Rotary home, therefore, it is evident Pitt county has a unique distinction—one that will command for its members the attention of the public everywhere. This is some locality, and the man that packs up his kitbag, preparing to find a better place, must have an option on the next world, that's about the only way we can figure it.

The contract for construction of the hard surfaced road from Greenville to the Beaufort County line has been awarded, and in course of time the road will be completed and Pitt county people will again have the pleasure of enjoying the best afforded for modern traffic. Hard surfaced roads are to be desired in every locality. They link the people closer together because it requires less time to go from one town to another. Pitt county, fortunately, will have an excellent system when all roads are completed, and that it should derive direct benefit from them in many ways is evident. The county did wisely in matching to government's offer several months ago and the future is very promising indeed.

The most effective way the farmer can combat the boll weevil menace is to plant plenty food crops and reduce acreage. The normal crop of cotton should be planted, but should be more intensively cultivated than ever before. If this is done after planting as early as possible the weevil should be cheated out of his share of the crop.

There is a closed BUICK for everybody from the doctor on his hurried midnight call, to mother and the tiny baby out for a social afternoon.

Here are some of the features found in the new enclosed models:

Silk mohair upholstery and lining, frosted nickel trimmings, Delco switch with individual dash light control and registered Yale ignition lock. Cole gasoline gauge on dash, Marvel carburetor control on dash, high grade 8-day clock, new type weatherproof windshield, fog and rain windshield wiper, new type exhaust radiator, new type roller curtains, new type wide window sills, new type door pockets, new type of metal door check, BUICK emergency brake control, and of course, Velvet Disc Clutch, patented BUICK gears, etc.

KING'S DAUGHTERS HOLD INTERESTING MEETING

The February meeting of the Patient Circle of the King's Daughters was held at the home of Mrs. Alex Blow on Third Street. Quite a large number were present and all were made happy to learn that several new members will join the Circle at the next meeting. At the conclusion of the devotional exercises the business of the meeting was taken up.

Mrs. Ollie Clark, chairman of the "Active Working Committee," for Jan. and Feb., reported a most generous response to the tag day which she had last week, \$70.00 being realized. The visiting committee reported several cases of distress most of them in need of financial aid, so that the addition to the treasury was most opportune. Since suffering humanity, whether at home or abroad, must ever appeal to the true "King's Daughter," it was voted that a donation of \$10.00 should be given to the Jewish Relief.

Announcement was made that Mrs. W. R. Jones has succeeded in securing

much needed pensions for the widows of two Confederate soldiers.

Mrs. Outlaw, who has recently returned from a trip to Samarcand, where she went in the interest of the Welfare Society, told most interestingly of her visit there. She was delighted with the lovely place and the happy conditions under which the girls live and work. Her report was doubly interesting since in the near future the state order of the King's Daughters plan to take an active part in the work at Samarcand. Before adjourning Mrs. Blow served tea and sandwiches and there followed a social half hour over the "tea cups."

The next meeting will be held with Mrs. R. J. Cobb.

Mrs. Harris to Entertain School Mrs. W. C. Harris will give an entertainment at the Arthur school auditorium Friday night, February 10th, according to announcements today. The entertainment will consist of impersonations and readings. Refreshments will be served during the evening.

24 lb. sack self rising 95c

All of these goods delivered and put in your pantry or wherever you may direct.

CASH—BUT NO CARRY IN IT

Cash and carry may be a new and appealing novelty to some people but I fail to see the wisdom of lugging goods all over town or up to your home, when you can save time and buy for less and have your goods delivered by calling phone 596.

Now watch the old profiteers that have waxed rich on your hard earnings squint, fuss, curse and charge as I bring them toppling down with their heels up on an unwilling rough ladder from the perch of their soft and downy beds of high prices.—But that's their business.

Quality, low prices and a desire to give service is my business. If you don't reduce your living expenses it's your own fault.

I am fully aware they can't compete with me in prices, quality considered. There is a reason: Buy for cash, sell for cash, own our own buildings and storage rooms. Our running expenses are far less than others. Everything new and fresh—no old stock.

Musical Comedy to Feature Many Things Greenville People Will Be Interested In

Who is the most extravagant family in Greenville? Many husbands will give each of their wives credit for same but when they visit the performance of "Listen Irene," at White's theatre on Monday night, Feb. 13, they will forgive their wives and never accuse them of extravagance again because after seeing such a stupendous display of surpassing splendor conceived in novelty and culminating in the most diverse, magnificent and truly sensational series of stage extravagant investitures and costumes of gold, silver and jewels ever devised or displayed, rivaling the temple queens of Solomon the sight of which when shown on the fairest of fair earthly beauties. Some in shimmering sartorial surprises others in the only revealing robes Denier and the gorgeous Ermine \$10,000 cape. The gown in rime stones and the Russian cloak which Nyma Brown wears nightly would cause any man to remark and thank himself that he is not in George E. Wintz's shoes of extravagance.

## MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double duty, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a table-spoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

## AN APPRECIATION

In the death of Professor C. W. Wilson on Feb. 1, 1922, the Wake county alumnae association of East Carolina Teachers college lost a true friend, a willing helper, and a capable advisor.

Therefore, be it resolved:

1. That we hereby give expression to our feeling of sorrow and loss and our appreciation of his life of service.
2. That we extend our sympathy to his family and friends; and pray God's

blessings upon them in their bereavement.

That a copy of these resolutions be sent to the family and a copy to the Training school Quarterly, to the State press association and be recorded on the minutes of this association.

"A Servant in the Home"

No one can appreciate what a help a Sellers Kitchen Cabinet is like mothers and wives who have trotted about the kitchen taking miles of steps, three meals a day, seven days in the week and so on.

Bear in mind, a Sellers is not sold simply as kitchen furniture, as a place to store food, but rather as a time-saving, labor-saving piece of equipment. It is the central station from which all kitchen and mealtime tasks are directed. It organizes all of your kitchen work, hands you the utensils, and all are within easy reach, not scattered to four corners of kitchen and pantry.

Remember the fifteen features connected with the Sellers Kitchen Cabinet that surpass those of any other make cabinet.

So don't put off looking at these cabinets another day. Let us demonstrate these features.
