TOBACCO MARKET FINISHES SEASON WITH SALE TODAY

Activities Brought to Conclusion Following Successful and Satisfactory Year

SALES FOR SEASON COMPARE FAVORABLY WITH LAST SEASON

Tobacconists Looking Forward Expectantly to Introduction of Triple Sales Next Season

The Greenville tobacco market suspended operations for the season with completion of sales shortly after the noon hour today.

The market had sold approximately 23,801,008 pounds when the sales closed today at an average of about \$28.00, according to figures issued by the tobacco board of trade.

Sales have been light since the holiday season, but no distinct change in the price situation has been noted.

Warehousesmen are gratified at the outcome of the season, it was stated this morning, and are looking forward expectantly to next season when the triple sale plan becomes effective.

This plan was to have been introduced here during the season just closed, but unforeseen difficulties prevented it becoming effective.

LOCAL CHAMBER DESIRES TO ADD MORE MEMBERS

Three New Members Recently Added to Body, But Still More Are Needed

Any organization, if it functions to the highest degree of efficiency must constantly have added to its roster new members.

One member of the Pitt County Chamber of Commerce has secured four members since our re-organization campaign, three of whom came in recently.

If every member would follow the above example and press the claims of the Pitt County Chamber of Commerce, a hundred names could be easily added.

Pitt county stands high in the eyes of the census bureau, being recognized as the thirty-fourth best county, out of a selected list of the fifty, in the entire United States.

To those who desire to be of genuine service to the county of Pitt, who desire to see her sons and daughters rise to the highest degree of usefulness, who want the standard of living raised throughout the county, who want our educational institutions second to none; who want the farms to groan under the burden of heavy crops who desire the very best for the churches—to you is extended the invitation to join hearts and hands with the Pitt County Chamber of Commerce, the organization that has all of these things at heart.

MEDICAL SOCIETY MEMBERS ATTEND BANQUET IN CITY

Tri-County Society Entertained by Pitt County Members Here Last Night

INTERESTING ADDRESSES DELIVERED BY DOCTORS FROM OTHER COUNTIES

Illustrated Lecture Delivered by Dr. Taylor Proved Principal Feature of Evening

Members of the Tri-County Medical society, comprising the counties of Beaufort Martin and Pitt, were guests at a banquet tendered by the Pitt county Medical society at the Rotary club in this city last night.

After invocation by Rev. C. H. Bascom, pastor of St. Pauls Episcopal church of this city, the address of welcome was delivered by R. H. Wright, president of the Eastern Carolina Teachers college, who was most happy in his remarks.

The outstanding feature of the evening was the illustrated lecture on "Purgation Without Definite Indications in Doubtful Intra Abdominal Conditions," delivered by Dr. D. T. Taylor, Jr., of Washington.

Dr. E. M. Long, of Williamson read an interesting paper on "Stalking the Streptococci." This was of an highly informative nature and carried many points of interest to every member of the profession.

The meeting was one of the most harmonious the society has held in years, and resulted in a spirit of closer co-operation of the physicians.

ALLIES TO QUIET GENOA CONFAB SOON AS POSSIBLE

Frances Thibly Velled Distrust of Italy Revealed in Note to United States

Washington, Feb. 10.—France's thinly veiled distrust of the conference was revealed today in Premier Poincare's note to the United States, in which it was stated that the allied governments should quiet plans for holding the parley March 8th.

Although the French and American governments are virtually on the same ground in regard to the conference both are opposed to it. Belief is general among the British that the Italians can do little else but call the conference off or postpone it indefinitely.

The order of the secretary of the navy affects thirty-five thousand additional to those in the navy yards, Mr. Johnston declared, and the situation is anything but favorable. The action is expected to gain momentum as soon as those affected by the order fully realize the situation confronting them.

ONE OF THE BEST GAMES OF SEASON EXPECTED WHEN LOCALS CLASH WITH STRONG OUTFIT

A basketball game that promises to be one of the most interesting of the season will be played at Forbes and Morton's warehouse in this city tomorrow night when the local high school club comes in contact with a similar aggregation from Fremont.

Coach Duncan is gratified at the splendid showing made by the locals against Vanceboro in the game Wednesday night, and believes the battle in Washington tonight will place them in even better trim.

The Fremont club is composed of boys much heavier and with greater knowledge of the game than Greenville, but the fact hasn't daunted a single member of Coach Duncan's squad who believe they have improved enough since the last game with Fremont to win this time.

CHAMBER BANQUET TO BE ATTENDED BY LARGE CROWD

Interest Continues to Increase in Event to Be Held Here Next Tuesday Night

From the present indications there will be a large number at the Pitt County Chamber of Commerce banquet, Tuesday night at the Christian church. Mrs. E. G. Flanagan states that the committee disposed of a number of tickets on yesterday.

The program that is being worked out for Tuesday night is a splendid one, and one that will thoroughly delight you. The speaker of the evening, Mr. N. G. Bartlett of Dublin, Ga., will have a message that will inspire. The opportunity is not afforded every day for a duplication of Tuesday night's program.

The committee has not been able to see every one, but when you are called upon to respond by purchasing 1 or more tickets and pledging your support in the way of boosting this occasion, if you will call the secretary of the Chamber of Commerce, he will be glad to make a reservation for you.

In order that the ladies may know how many turkeys and chickens to kill make your reservation at once. Call Mrs. E. G. Flanagan or Secretary Smith.

Dr. Schultz Anxious to Pass County's Apportionment by the Coming Sunday

No reports so far have been received from surrounding communities, but Dr. Alfred Schultz believes very one will have reported by Saturday night. These reports are expected to carry the sum close to the twelve or fifteen hundred dollar mark, although nothing can be counted as definite at the present time.

The seriousness of the situation prevailing in eastern Europe has been indelibly impressed upon the minds of minds of ever thinking person of the county, and from all indications the campaign will be a greater success than any of the kind ever before conducted in the county.

A contemporary has endeavored to explain where Mr. Harding stands on the bonus question, but failed because it was impossible at the present time.

Henry Ford may not have the pleasure of developing Muscle Shoals but he will have the consolation of knowing the general run of people believe he is more capable of handling it than any other.

That conference planned by President Harding to discuss foreign debts will be of greater interest to people over here. The fact is, things would be much more favorable if some of those foreign debts were settled.

Kinston had the misfortune to lose several thousand dollars worth of cotton by fire early this week. This is to be regretted, as cotton is very valuable and especially so now we are assured brother boll weevil is going to pay a visit this year.

Pitt county farmers should do everything to make this year as successful as possible, and the only way this can be done is through reduction of acreage and intensive cultivation of cotton and tobacco acreage.

BETHEL NEWS

(Special Correspondent.) Bethel, Feb. 10.—In the world of good roads it seems that the powers that be, rather mysteriously, at least to some of the most ardent good road supporters in Bethel feel that way. If facts do not fail us, we can remember when the good road fever was spreading like wildfire over the state; it broke out in Greenville in the due process of time.

What has happened since the election? By the authority of some of Bethel's best citizens she was promised one of the first hard surfaced roads in the county. One has been built from Greenville to Farmville, and that is a good one. It serves a fine country and connects two good towns.

Yes, we are glad to see a contract let for the bridges and culverts on this road, but we would like a road to get to the bridges.

If it was in passable condition this road would be traveled as much as any in the county. This may be a case where they desire to do good for evil. We would like a better road.

Quality, low prices and a desire to give service is my business. If you don't reduce your living expenses it's your own fault.

I am fully aware they can't compete with me in prices, quality considered. There is a reason: Buy for cash, sell for cash, own our own buildings and storage rooms. Our running expenses are far less than others. Everything new and fresh—no old stock.

SAYS FRUIT TREES IN PITT COUNTY ARE TOO BADLY NEGLECTED

Spraying and pruning demonstrations, which were given the last two days by W. B. Pace, of the state horticultural department, were completed yesterday afternoon, according to W. B. Pace, farm demonstration agent of this county, who assisted in the work. Fruit trees were found in bad condition, it was stated, and every effort was made to impress the farmer with the importance of preserving the orchard. The county could double its fruit production if proper attention should be given the trees, it was stated, and it is hoped the important industry will not be neglected any longer.

Do You Suffer The Agonies of Asthma?

(Friday Health Talk No. 4)
(By J. B. Ball, D. C. Ph. C.)

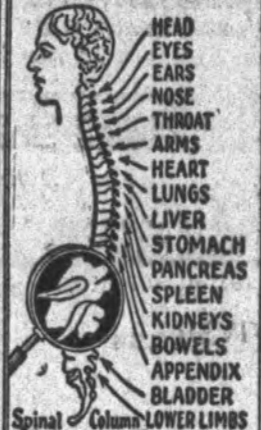

Usually asthmatic attacks come in the night. There is a feeling of weight around the chest and fear of suffocation. Every breathing muscle is in violent action in the agony of effort to overcome the smothering. The face is suffused with blood and expresses the fear of the sufferer.

UNCLE BEN SAYS:
"Nevvy them chiropractors say, that health will come and stay with you whenever you take the trouble to put your spine in order."

Persons who suffer from asthma usually have what the chiropractor calls an "asthmatic hump". It is a marked prominence of the backbone in the region between the shoulders and at the base of the neck. The chiropractor makes his principle adjustment in this region of the spine. The prospect of recovery under chiropractic spinal adjustments is extremely good.

HEALTH FOLLOWS CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREE AS NATURE INTENDS.

IN SPITE OF DISBELIEF HIS ASTHMA IS GONE

"The asthmatic condition is entirely relieved, even the wheeze having left. I am now able to get a night's rest. I had consulted several specialists without relief, and I was certainly skeptical of chiropractic being able to do anything for me. I consider it remarkable what this science did in my case and will always be a booster."—R. N. Bullock, Chiropractic Research Bureau statement No. 1243P.
