GREENVILLE KIWANIANS PAY TRIBUTE TO PROFESSOR CLAUDE W. WILSON AT MEETING AND LUNCHEON LAST NIGHT

Number of Speakers Pay Deserving Tribute to Memory of Late Educator and Leader

INTERESTING PROGRAM RENDERED BY MEMBERS DURING THE EVENING

Mr. Robert Rawls of Tarboro Delights Club With Musical Program of Unusual Merit

Deserving tribute was paid to the late Professor Claude Wayland Wilson by members of the Greenville Kiwanis club in their regular meeting and luncheon conducted at the Rotary home last night. Speaker after speaker lauded the great part which the dead leader played in advancement of the community and referred to the "vacant chair" of the club in an appropriately touching and appealing way.

In a decidedly touching manner Kiwanian W. H. Hooker referred to the late Kiwanian as a fellow brother who gave his life to the training of young men for the great duties of life. It was his guiding spirit in the church and community that causes him to be remembered as "one who lived to bless mankind."

After the talk of Mr. Hooker, L. G. Cooper, judge of the county court, referred to the "vacant chair" and said everyone should thank God for creating such a sublime character.

A resolution was adopted by the club to appoint a committee to draft a memorial in memory of Mr. Wilson and President J. B. James named the following committee for this work: Dr. C. O'H. Laughinghouse, B. W. Moseley and Z. P. Vandye.

President James for Mrs. Wilson presented the club with fifteen of the little memorandum books, like those given by the deceased two weeks ago as a silent boost on which is inscribed: "We Build for the Childhood of Pitt county."

Before the tribute to Professor Wilson Kiwanian W. H. Woolard, cashier and vice president of the Greenville Banking and Trust Company, spoke on the subject of "Banking Problems," presenting many fine points for consideration of his hearers. Greenville banks should get some of the War Finance Corporation's money, he declared, but not at this time. The spring probably will be the right time, however, and an explanation of how the money may be obtained was given.

G. W. B. Hadley, in response to a speech on the "Largest Cotton Mill in Eastern Carolina," indicated how much the Greenville Cotton Mills mean to Greenville and Pitt county. He also presented some statistics, giving a history of the development of the industry, and stated that the mills now have a paid up capital of \$300,000, with total assets of \$453,000. There are forty-five stockholders who represent an aggregate wealth of over two million dollars, he said. He also showed that the price paid by the mill for cotton grown in this section was three cents above that obtained through export, and also that wages paid here are higher than those in the New England mills.

GOVERNMENT STILL MARKING TIME IN FORD PROPOSITION

Military Affairs Committee Falls to Accomplish Anything, But is Still Investigating

HEARINGS TO BE RESUMED FIRST OF NEXT WEEK AND A DECISION IS EXPECTED

Miller Says Ford Should be Required to Hold Fertilizer Until It's Delivered to Farmer

(By International News) Washington, Feb. 11.—The military affairs committee today marked time in consideration of Henry Ford's offer for Muscle Shoals. The hearing will be resumed Monday when Mr. Ford's engineers will appear. Committee members today gave further study of the offer, and stated their purpose is to demand several changes in the original contract. Representative Miller declared there should be a clause in the contract, calling on Ford to control fertilizer manufactured at the plant until it reaches the farmer. This plan, he said, would cut out the possibility of speculation and cause the farmer to receive full advantage of the purchase.

Conditions contained in proposals to be offered by other parties have not been made public but it is understood some of them have an advantage over Ford. The outcome of the committee's investigation is being watched with interest all over the country, and a decision is awaited expectantly.

SECOND ANNUAL AUTOMOBILE SHOW OPENS AT ATLANTA

Atlanta, Feb. 11.—The second annual automobile show, with more exhibitors than last year, opened here today and will continue throughout next week.

EVERY MEMBER DAY AT SAINT PAUL'S CHURCH

Tomorrow is Every Member day at St. Paul's church. It is earnestly hoped that every member will make a special effort to be present at all the services, beginning with the Sunday school at 9:45 a. m. A cordial invitation to everybody.

DR. MANNING ADJUDGED NOT GUILTY BY JURY IN RALEIGH TODAY

Raleigh, Feb. 11.—A jury in the trial of Dr. J. W. Manning, mayor of Durham, charged with violating the state narcotic laws, today returned a verdict of not guilty.

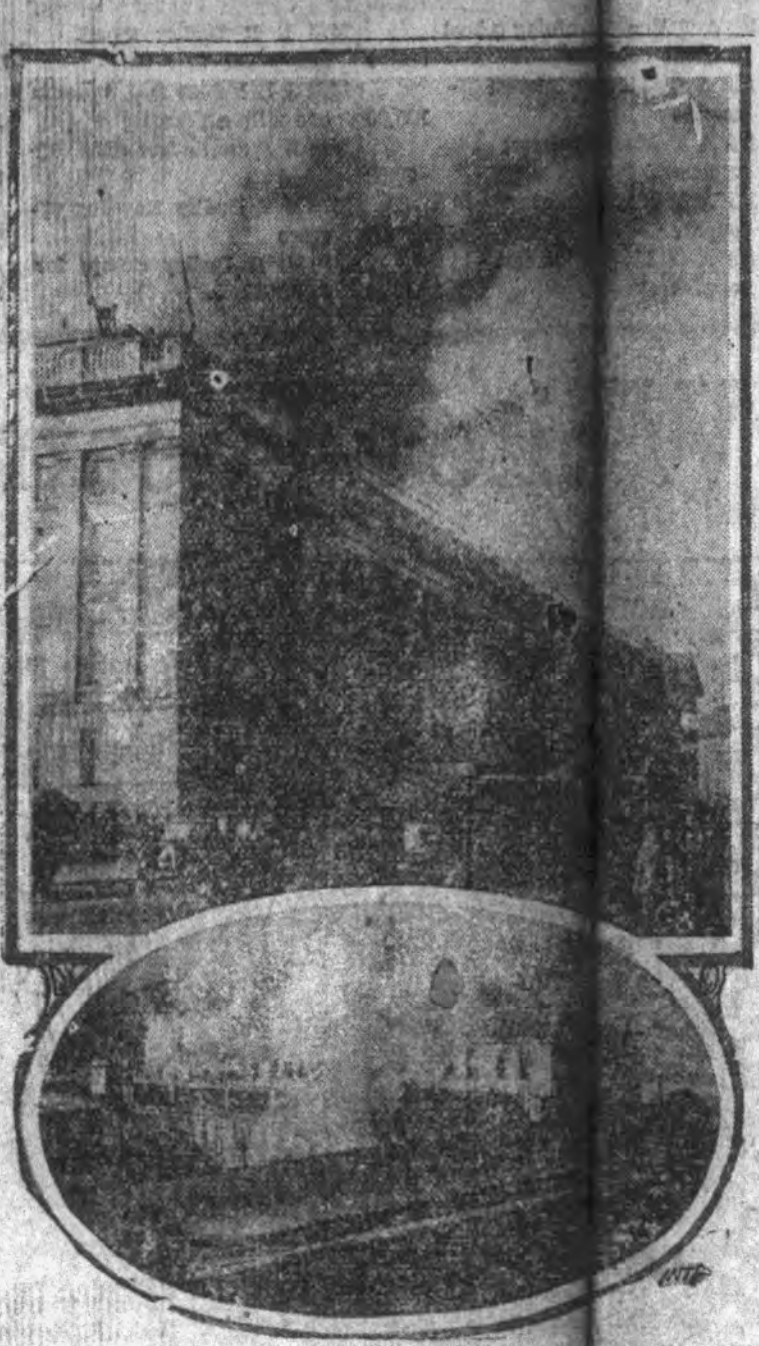

SIMS TO ADDRESS BARACA CLASS HERE

Mr. D. W. Sims of Raleigh, president of the North Carolina Sunday School Association will address the Baraca Class of the Memorial Baptist church Sunday morning at 10 o'clock. In the afternoon at 8 o'clock Mr. Sims will hold a conference with all the pastors and superintendents in Greenville. This meeting will be held in the auditorium of the Memorial Baptist church and is under the auspices of the North Carolina Sunday School Association.

MACHINE GUNS USED IN QUELLING RIOTS IN BELFAST SECTION

(By International News) Belfast, Feb. 11.—Machine guns were used by the police in quelling rioting between Orangemen and Sinn Feiners here today. The fighting broke out when mobs attacked workmen on their way to places of employment. Disorders continued through last night.

FIRE DAMAGES TREASURY BUILDING

When the treasury building at Washington caught fire the greater part of the district's fire apparatus came to fight the blaze. The fire broke out on the roof and is believed to have been started by a workman's torch. President Harding was among the first to be attracted by the blaze. He watched the firemen from the lawn in the rear of the White House.

SPLENDID PROGRAM TO BE RENDERED AT CHAMBER BANQUET

Several Prominent Speakers Are to Feature the Banquet Next Tuesday Night

Following is the program for the banquet to be given by the Chamber of Commerce at the Christian church Tuesday night at seven-thirty o'clock: Toastmaster—Robt. H. Wright; Song leader—Rev. S. K. Phillips; Invocation—Dr. W. P. Shamhart; Dinner. The Pitt County Chamber of Commerce a Community Builder: Educationally—J. H. Rose; Socially—F. C. Harding; Agriculturally—J. W. Holmes. The Invited Member's Responsibility to the Pitt County Chamber of Commerce—E. G. Flanagan; Address—N. G. Bartlett, Dublin, Ga.

OHIO CANDIDATE SAYS HE WON'T BOW TO WHAT SALOON LEAGUE WANTS

Washington, Feb. 11.—Representative Knight of Ohio, who has been spoken of as candidate for governor of his state, today served notice that he's "willing to listen, but not to take any orders" from the Anti-Saloon league, the American Federation of Labor, farmers, bankers, manufacturers, or any other group trying to run the country. "The Anti-Saloon league has advanced candidates in Ohio to subscribe to its requirements or be measured for shrouds," he said. "I don't know whether I shall be a candidate for any office, but if I am, I shall decline to comply," he declared.

MACHINE GUNS USED IN QUELLING RIOTS IN BELFAST SECTION

(By International News) Belfast, Feb. 11.—Machine guns were used by the police in quelling rioting between Orangemen and Sinn Feiners here today. The fighting broke out when mobs attacked workmen on their way to places of employment. Disorders continued through last night.

GREENVILLE TAKES BRILLIANT BATTLE FROM WASHINGTON

High School Basketball Club Won Last Night's Game at Washington by Score 44 to 32

BOTH CLUBS PLAYED BRILLIANTLY IN ALL PARTS OF THE GAME

Greatest Clash of the Season Expected Tonight With Fremont in This City

In what is generally considered one of the best games of the season the Greenville high school basketball team won the second game of the season from Washington last night in Washington by the score of 44 to 32. The game decidedly was one of the most stubbornly contested of the season and featured in playing that would have done credit to organizations of much more experience.

Ending of the first half found Greenville leading the Sailortown lads by the slight margin of 23 to 19, and it appeared the score was destined to become even closer, but opening of the second half saw Greenville pull away in an interesting way, and increase the lead despite determined opposition. Washington, of course, continued to gain slight advantages from time to time, but were unable to keep pace with the rapid stride of the visitors.

Practically every member of the Greenville team played exceptionally well, but West at center proved the outstanding star with the total of seven goals to his credit. Williams at right forward came in for next highest honors with five goals. Brown at left forward with four and Captain Barber at left guard with four goals and two fouls. Foley at right guard played a great defensive game, although failing to feature in the scoring.

For Washington Kugler at left forward featured principally, having a total of eight field goals and two fouls to his credit. Byrd also figured prominently with a total of four field goals.

Greenville was forced to use two substitutes, Moye and Patrick, who showed up exceptionally well.

The lineup of last night's game follows: Greenville: Williams, rf.; Brown, lf.; West, c.; Barber, lg.; Kugler, if.; Barber, c.; Potts, lg.; Burgess, rg. Referee, Kugler. Umpires, Moore and Lanier; scorers, Meekins and Sampler. Fremont Tonight.

What promises to be one of the best games of the year will be played in this city tonight at Forbes and Morton's warehouse when Greenville comes in contact with the strong club from Fremont in the second game of the season, Fremont having captured the first by a large margin. Greenville people are urged to attend in large numbers and show the boys they have the support of the town.

NEW OFFICERS OF TRI-COUNTY SOCIETY

New officers elected by the Tri-County Medical society, which comprises the counties of Martin, Beaufort and Pitt, are Dr. W. E. Warren, of Williamston, who succeeds Dr. W. H. Carter, of Washington, and Dr. DeWitt Klutz, of Washington, succeeding Dr. Warren as secretary.

MASONS TO MEET NEXT MONDAY NIGHT

There will be a regular convocation of Greenville Chapter No. 50, E. A. M. Monday night. Work in M. M. and P. M. degrees.

SENATOR UNDERWOOD SUFFERS AN ATTACK OF BRONCHITIS TODAY

(By International News) Washington, Feb. 11.—Senator Underwood, Democratic leader of the Senate and member of the delegation to the arms conference, was confined to his room here today suffering from attack of bronchitis. His condition was such that all callers were denied up to the noon hour today.

POTATO STORAGE HOUSES RECEIVE BOOST IN BETHEL

Interesting Meeting Yesterday Resulted in Plans Looking to Establishment of House

A very enthusiastic meeting, in behalf of the sweet potato movement, was held at Bethel yesterday afternoon. Judging from the interest manifested, at an early date a sweet potato storage house will become a certainty.

W. B. Pace chairman of the diversification committee of the Pitt County Chamber of Commerce and county agent, was made chairman of the meeting. Mr. Pace stated that this meeting was the result of a trip made to Rocky Mount on February 1st, at which time an inspection of the Rocky Mount house was made. Those attending that meeting from Bethel were J. B. Corey and W. O. Manning.

Messrs. Norman Y. Chambliss and George Burroughs of Rocky Mount who came over on the noon train, were in attendance and made interesting talks along the storage house question as well as of the details that necessarily followed. From the expressions from the different business men and farmers, they were sold to the idea that such a venture was the thing needful for the hour.

Rocky Mount bankers state that the proposition is sound from an investment standpoint and excellent as a community developer. All of the banks written expressed themselves freely along the line.

M. O. Blount stated that every movement of this kind launched now would stand the farming interests much in hand during 1923.

After local men has taken part in the discussions, two important committees were appointed. Those composing the committee to solicit the required acreage are as follows: S. M. Jones, W. O. Manning, E. L. Mayo, M. O. Blount and J. B. Corey headed the committee to solicit subscriptions for the erection of the house.

Mr. M. O. Blount stated that the movement must go through and favor the erection of a 10,000 bushel house instead of a 5000. It is believed that this proposition will be pushed to a successful conclusion.

2,000 MICHIGAN FARMERS TO END CITY FOOD LOSS

Food Exchange to Be Organized at Detroit to Avert 40 Percent Shrinkage in Values

Detroit.—Organization of a food exchange to help solve Detroit's food problem is anticipated as an outcome of a conference between representatives of 2,000 Michigan farmers and members of the Detroit board of commerce.

The farm delegates represented six counties adjacent to Detroit and discussed with board members the feasibility of putting into effect the recommendation of C. A. Bingham, former secretary of the Michigan farm bureau, now director of the agricultural section of the board of commerce.

Complete facilities for the preservation and distribution of farm products is a part of the plan proposed. Capitalization of \$300,000 would be necessary to carry out the project experts say. They are confident, however, that the sum can be raised and that Detroit will have a food exchange.

The fact that there is today a loss of about 40 per cent in handling foodstuffs from Michigan farms affords basis for the belief that such an organization as the food exchange can be formed, with profit, speakers at the conference declared.

There is, too, the further purpose of saving from destruction the vast quantities of fruit and vegetables which have rotted on the farms in other years because current prices would not justify marketing them.

RELIEF CAMPAIGN TO EXCEED QUOTA IN THIS SECTION

Pitt County Funds Today Had Reached a Total of \$900, According to the Committee

COLORED GRADED SCHOOLS CONTRIBUTE SMALL SUM; OTHERS EXPECTED TODAY

Offerings of City Churches Expected to Carry Total Amount Over \$1,000 Mark

That Pitt county's \$1,000 apportionment for the Jewish Relief campaign will be raised by tonight appeared almost certain this morning when campaign headquarters reported that approximately \$900 had been raised. Contributions fell off noticeably yesterday, but it is believed other communities will be heard from today and that they will do much towards pushing the funds over the desired quota.

Dr. A. M. Schultz was gratified at the outcome of the campaign this morning, and confident the amount to be contributed by this section will exceed the one thousand mark by two or three hundred dollars. There are several communities to be heard from between now and Monday, and it is certain these should swell the total to a great extent.

The contributions of city churches tomorrow should go into hundreds of dollars, it is believed, and if this should be the case, there is no reason why Greenville should not take first rank among other towns of its size in the state.

It is evident from a letter received by Dr. Schultz this morning from C. M. Epps, superintendent of colored schools, that colored people are taking active interest in the campaign, and while only \$3.50 was reported from colored schools it is believed the amount will be greatly increased during the week.

In his letter Epps said: "I am sending to you \$3.50 contributed to the Jewish Relief fund by the graded schools of the negro race. We feel it is our duty to give in face of what Mr. Julius Rosenwald and others have done for negro uplift."

Contributions reported this morning were from colored graded schools, \$3.50; Miss Lucile Hearne, \$1; Mrs. Ollie Clark, \$2; J. J. Laughinghouse, \$1.

WEEK OF PRAYER TO BE OBSERVED BY LOCAL CHURCH

Presbyterians to Hold Prayer Services For Foreign Missions Next Week

Week of prayer and Foreign Mission Study class for the ladies of the Presbyterian church is on the following days at 4 o'clock.

Saturday, February 11, 1922

The proposed Genoa conference seems to be creating an "Irish stew" in places other than Ireland.

The Republicans found sailing mighty easy at first, but how things have changed the past few months.

It is said that women do all the work on the island of Yap. No wonder Japan created such a disturbance over the place.

The navy is now doing its part in increasing unemployment. Mr. Harding too is certainly doing his part to liberate the working man.

country, and people who employ them are not doing their part in battering conditions. The law should be enforced, and those found guilty punished.

It is reported that the public school attendance law is being violated in Pitt county. This is to be regretted exceedingly. Children out of school are a menace to the future of the

France doesn't favor the Genoa conference and wants the United States to support her. And the way the boys are acting in Washington it looks like she is going to get what she desires too.

The boll weevil scare seems to be general, but that doesn't mean he is going to win out over the farmer in Pitt county. By proper planting and care in handling conditions should be much better than expected.

Storage warehouses will play a big part in the potato industry in this section, and the sooner they are erected the earlier conditions will improve. Other counties have realized great benefit from the storage warehouse method and there's no reason why Pitt shouldn't do the same.

It is to be regretted that fruit trees have been neglected by Pitt county people, as fruit growing is becoming a paying industry in every country where it can be carried on. Farm department is desirous of cooperating with the farmer in everything possible, and is urging more care of the orchard.

The whiskey traffic is receiving greater discouragement in every community at this time, and in course of the few months things should be greatly improved. It cannot be denied that alcohol has done much to retard the growth and expansion of our communities, but its day is over now, and a great change is in store.

Bethel rejoices in the fact that good roads will soon greet the eyes of weary travelers in that section. Every other locality would do the same if they thought good roads would run in their direction. Bethel happens to be in one of the fortunate communities the first system of roads is to cover, and its people are to derive the great benefit everyone will. Hard surfaced roads are becoming absolutely essential to every community, and Bethel's rejoicing is similar to that everywhere.

The Jewish relief campaign has met with gratifying success in Greenville, and indications point to great success. This is one of the most deserving causes the people have had an opportunity of contributing to, and it is hoped everyone will respond as liberally as possible. Reports concerning the suffering in eastern Europe are not exaggerated as some want to believe. Conditions have been accurately represented through the columns of many papers, and no one can dispute them. If you haven't contributed, get busy and do so at once.

The Greenville tobacco market closed yesterday following a successful season despite some who would have us believe otherwise. The market next season will be even more successful as triple sales will be in effect and offerings can be handled with greater dispatch than ever. The plan should have been adopted this year, but could not because of unforeseen difficulties. The market still maintains its reputation as the third largest bright leaf mart in the world. This is a record most any city would be proud of and Greenville people have cause to feel gratified at the excellent showing.

Some people may not like Henry Ford, but it's a dead cinch the majority of Americans are with him in the Muscle Shoals proposition. They believe he is more capable of converting it into a paying proposition of interest to every laboring man than any other manufacturer, and are willing to give every bit of support possible. That they are on the right track goes without saying. Ford knows what he is about, will be able to employ every man of the one million which he proposes to give work if he purchases the nitrate plant. This is something to think about, and means much to this country, so it is important that Mr. Ford gain possession of the project as early as possible.

Decision of the county commissioners not to lower the court house sidewalks has occasioned much comment in the city lately. Most people agree it is for improvement of the city and county property, and are desirous that the work be done. The commissioners should reconsider the matter and see if something can't be done to let the march of progress continue.

Fifteen million dollars was expended in transporting kiddies to school in America last session, according to statistics made public by the national commission. How much better it would be if this amount could be expended in school buildings. It may sound impossible, but should supply the country with needed buildings in five or six years?

President Harding may be satisfied with negroes at the heads of important government departments, but the majority of people are not. It is believed he would have acted wisely to let these departments remain as they were. His chance of continuing at the head of the government would be better at least.

Jarvis Memorial Epworth League. Instead of the regular devotional meeting of the Epworth league Sunday p. m. at 6:45 o'clock, there will be a memorial service to Miss Dora Kendall. Every member is expected to be present.

ABSOLUTELY CORRECT.

Yes, it is the purpose of the leaders of the market co-operative plan to have headquarters at Raleigh. A very good point indeed. Convenient to some farmers as well as being a good point for the leaders—Poe, Prof. Joyner and others. No one can blame these fellows may be for wanting to help their own home town at the sacrifice of those places that have been built up by hard work. Like Winston-Salem, Wilson, Rocky Mt., Greenville, Kinston, Durham and dozens of other places go to the devil—and let Raleigh flourish—just for awhile.—Southern Tobacco Journal.

REAL HOME TRAINING FOR GIRL SCOUTS IS URGED BY MRS. HOOVER

(By International News) Washington.—Few girls nowadays receive much real domestic training, Mrs. Herbert Hoover, wife of the secretary of commerce, declares in a statement issued by her as newly elected president of the national council of Girl Scouts.

FROM YOUR PLUMBING I CAN GUESS—JUST YOUR STATE OF HAPPINESS

Congleton's Little Plumber

WE don't pose as mind readers but we would be willing to lay a small wager that from your plumbing we can tell if you feel very well and we can tell you what's the matter with your home and that's the same thing that's the matter with you. Does your house need doctoring?

L. G. CONGLETON 417 Cotanche St. Phone 550

ed president of the national council of Girl Scouts. In the domestic field the work of the Girl Scouts is very important, says Mrs. Hoover. "During the last fifty years, as compared to earlier times, few girls have received much real domestic training. To be sure, the girl from the country and the village is usually observant and has learned much from her mother, but generally speaking, they have not been taught in conscientious detail how their homes are, or should be, run. They lack knowledge of the mechanism—the mechanics of homemaking.

Card of Thanks.

We wish to thank our many friends for their service and kindness to us during the recent sickness and death of our mother, Mrs. Mary L. Wilson. THE FAMILY, By Mrs. Lizzie Willoughby.

WATCH THE PAPER ALL WEEK

You folks who have been staying in on account of the cold or wet weather, think how much of your time you have wasted when you could be going about your business and pleasure affairs in warmth and comfort in the new BUICK enclosed models. There is a closed BUICK for everybody from the doctor on his hurried midnight call, to mother and the tiny baby out for a social afternoon. Here are some of the features found in the new enclosed models: Silk mohair upholstery and lining, frosted nickel trimmings, Delco switch with individual dash light control and registered Yale ignition lock. Cole gasoline gauge on dash, Marvel carburetor control on dash, high grade 8-day clock, new type weatherproof windshield, fog and rain windshield wiper, new type exhaust radiator, new type roller curtains, new type wide window sills, new type door pockets, new type of metal door check, BUICK emergency brake control, and of course, Velvet Disc Clutch, patented BUICK gears, etc.

GREAT STRIDES IN AVIATION FORECAST IN THIS COUNTRY

Predictions Based on New Science and in Face of Depressed Economic Conditions

Washington.—Aviation is expected by experts to make long strides in the coming year, based on the accomplishments of this new science during the past year in the face of depressed economic conditions.

Especially do military and naval men expect great things of their new branch, although this view is subject to change from the rigid program of economy now on.

The value of aviation as a vital aid to the military and naval forces of the country is expected to be demonstrated with particular force during the maneuvers of the two Atlantic and Pacific fleets. The value of naval aircraft to the fleets has already been demonstrated for spotting gunfire, scouting and bombing. The air forces of each fleet, Atlantic and Pacific, are now composed of scouting, spotting, torpedo attacks, bombing and kite-balloon squadrons. A special type of plane for spotting gunfire is now being developed by a private company for the Navy, although no planes have been completed yet.

The peculiar value of both spotting and scouting planes has been enhanced by the rapid development of means of communication between the plane and land and sea bases, including ships. It is expected that this feature will aid greatly the development of battle practice for this new arm during coming maneuvers. It will also bear, directly on the progress of commercial aviation this year, which was only held up last year by the general lack of money to exploit this new possibility, as Europe has done.

As evidence of the rapid strides aviation is capable of, naval experts pointed out the development of defensive methods which greeted the proved capabilities of the bombing plane.

More Jap Emigrants to South America

(By International News)
Tokio.—Japanese emigrants to the number of 325 sailed from Kobe recently on the Chicago Maru, to make their homes in Brazil. This is the largest number of Japanese emigrants to leave on one ship for South America since the restoration of peace. Owning to the industrial boom and consequent high wages in Japan during and after the war the Japanese preferred to remain at home.

Because of the combined encouragement of the Brazilian and Japanese governments a number of Japanese are planning to leave for the South American State later, to engage in coffee raising and other agricultural work.

WAGE REDUCTION IS BEING PUSHED IN ENGLAND NOW

Grave Political and Industrial Reaction Forecast, Though Union Funds Are Low

(By DAVID M. CHURCH, International News Service Staff Correspondent.)
London.—Grave political and industrial reaction is expected in Great Britain as the result of a wage reduction movement which has found ready headway since the inception of the year 1922.

Unrest is increasing among workers as the result of wage reductions and threatened wage reductions, according to reports received in labor circles here. General conditions of unemployment and depleted union funds have not been remedied, but despite these facts a wave of bitterness has followed the efforts of British employers to reduce wages, and it is expected that this feeling may lead to a political and industrial situation which will bear with great weight upon the immediate future of the British Empire.

Authentic statistics gathered by labor experts here show that while the cost of living remains at more than 90 per cent above the 1914 pre-war standard, while the actual earnings of hundreds of thousands have already been reduced to the pre-war basis.

The coming agricultural season's success is already threatened by wage reductions which have been put into effect by farmers throughout the agricultural districts. The wages of over a hundred thousand farm laborers have already been reduced to that thirty shillings a week, or approximately \$7. This action has been followed by continuous joint sessions of the agricultural workers' union and the workers' union in efforts to devise means to check the wage-cutting movement.

Although labor officials will make no predictions at the present time, it would not be surprising if the Spring planting season finds British agriculture faced with a labor shortage which may develop into a critical labor movement by harvest time.

Steps have already been taken which forecast wage reductions in the cotton industry. Employers have asked the officials of the cotton workers' unions for a modification of the working agreement which provides for three months' notice of any wage proposal. This is generally accepted as the first step in a wage reduction movement in the cotton industry.

The shipping federation has already proposed heavy wage reductions for those who follow a sea-faring life. Tentative proposals call for a reduction of three pounds, or approximately \$12, for sailors and firemen on monthly articles and with even heavier reductions for officers.

The shipbuilding employers' federation is considering the abolition of war bonuses.

The transport and general workers' union announce receipt of notification that the employers of dock labor will shortly reduce wages.

Thus with wage reductions coming on top of each other British labor is aroused, and with an already serious unemployment situation in full swing, there are heavy clouds hanging over Britain's industrial world.

MINISTER SAYS CHRIST WOULD O. K. DIVORCE IN SOME CASES

Chicago.—"If Christ were on earth today he would approve divorce in many instances of matrimonial unhappiness."

This declaration by the Rev. John Thompson in an address at the First Methodist church here has aroused considerable comment and wide dif-

ference of opinion in ecclesiastical circles.

Said Dr. Thompson:
"Jesus did not prohibit divorce as we know it. If He were here today where we have kind, wise and discriminating judges deciding on domestic problems, He might recognize more than one ground for divorce."
"Should two persons be compelled to live together when all affection which constitutes real marriage is dead?"
"I am not alarmed at the increase in divorces. The family is forever safe. There is no need for hysteria."

HERMAN KURTZTISCH

"When it comes to eating, working and sleeping, I'm like a different man from what I was a short time ago," said Herman Kurtztsch, 406 1-2, Northwestern Place, Milwaukee, with the Northwestern Life Insurance Co. in relating his experience with Tanlac.

"My whole system was about to give way as a result of two years' constant suffering from stomach trouble and I was so run down and worn out I was hardly able to work. I actually dreaded to eat, as after every meal I suffered so terribly from heart burn and I was so nervous I got little rest day or night.

"If it hadn't been for Tanlac I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time and I am strong for it. Tanlac was worth at least fifty times what it cost me."

Tanlac is sold in Greenville by the Greenville Drug company and leading druggists everywhere.

MANIFESTATION OF RECEIVING ANY ACTUAL BENEFITS.

"I propose to feed you scientifically. You will hereafter receive so many decimals of butter fats and solids, and while I do not intend to make Samsons out of any of the men to encourage manhandling of keepers, still I feel responsible for your good health."

Back Weak and Lame for Years

Rub soreness, pain, stiffness right out with a small trial bottle of Old St. Jacobs Oil

St. Jacobs Oil stops any pain, so when your back is sore and lame, or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil at any drug store, pour a little in your hand, and rub it right on your aching back; and by the time you count fifty the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.

JAILBIRDS EAT TOO WELL; PUT ON DIET

New York.—Pity the poor inmate of Bronx county jail!
Henceforth he will eat by calories rather than by quantity. The innovation is part of an economy drive by Sheriff Fynn to keep the price of food for inmates within the \$12,000-a-year allowance.

In explaining the departure from old customs to his charges, Sheriff, Flynn said:
"Some of you men and women seem to eat a great deal and give no
