ALL MATERIAL FOR WHITE WAY SYSTEM HAS REACHED CITY

Construction Work For New System to Begin Within the Next Several Days

SYSTEM TO BE BEST OF ANY OTHER CITY IN THIS TERRITORY

Other Cities Intensely Interested in What Greenville is Doing in This Matter

The remainder of material for the Greenville White Way was received Saturday, according to an announcement made this morning by E. E. Williams, superintendent of the water and light commission, and within the next several days it is probable construction work will get well under way.

The establishment of the white way here has attracted considerable attention from surrounding towns and cities, Mr. Williams stated, and at this time Rocky Mount and Kinston are considering similar systems. They have become so interested, in fact, that the committee here recently received letters from both towns, requesting data concerning the purchase of the Greenville equipment.

The Greenville system is one of the finest of any other city in the state of the same size, and when established will afford adequate light along Fifth and Evans street. It was at first proposed to have the system extend over Dickinson avenue, but property owners failed to pay their proportionate part and deferred the matter until a later date.

The system will be completed within several weeks after construction work begins, as the matter of removing poles and rewiring has been under way some time, and can be completed in short time after work really begins in earnest. It is hoped to have the entire system going at full blast before the summer is over, and by proper co-operation of property owners who have agreed to support the work, this can be easily accomplished.

MANNING CAPTURES SEVERAL STILL IN WASHINGTON CO'TY

Prohibition Officer of Bethel Makes One of the Most Successful Raids in Months

W. J. Manning, prohibition officer of Bethel returned from a trip to Washington county Saturday and reported the capture of several stills and ten thousand gallons of beer, which was destroyed.

The raid was one of the most successful participated in by officers in several weeks, and while the capture of still was not large as some probably, he succeeded in breaking up the operations of blockaders. Operators were at some of the stills when the officers arrived, but succeeded in escaping.

The capture of beer was the largest made in any single haul in months, and indicated distillers have been producing illicit whiskey in large quantities. The raid was made quite a distance from Plymouth, the county seat, where the stills were carried and placed in the confiscated cells at the jail.

NEGROES ARRESTED HERE FOR ROBBING BANK OF \$500 CASH

Little Negroes Held in Jail Charged With Complicity With National Bank Robbery

SEVERAL OTHERS ARE TO BE ARRESTED BY POLICE DURING TODAY

Twelve Year Old Boy Said to Have Taken Money From Bank While the Clerks Were Busy

Five little negroes, ranging from twelve to fifteen years of age, are confined in the city jail today awaiting trial on a charge of complicity in the larceny of \$500 from the National Bank of this city. Members of the police department were today working on facts leading up to the robbery, which is one of the most daring occurring here in years, and it is probable several others will be rounded up before the trial Wednesday morning.

The robbery occurred last Wednesday, according to officials of the Bank, but it was kept quiet with hopes of detecting the thief when Policeman Jesse Whichard stumbled over evidence yesterday morning which led to the arrest of the boys now in jail. The boy that stole the money and then distributed it among many of his friends, has not yet been placed under arrest, but his identity has been established and arrest will occur as soon as facts now in possession of the police department have been fully developed.

Bank officials say the robbery occurred at the noon hour Wednesday while most of the clerks had gone to dinner, although the money was not missed until checking up time in the afternoon. The boy that did the stealing is said to have hung around the bank several minutes, supposedly waiting to collect a quarter which one of the absent clerks owed his mother for washing.

It is believed that he sneaked up to the window while the two clerks were occupied with their work, and slipped a package of bills through the window. While policemen were working on other clues, it is believed they have the right one in this case, but will not be able to determine until late this afternoon when further arrests are scheduled to take place.

The matter was first called to attention of the police yesterday morning when the father of one of the boys now under arrest informed Policeman Whichard that his son had more money than customary, and wanted the matter investigated. Mr. Whichard immediately questioned the boy, who divulged the names of other who had similar amounts and turned over about thirty dollars cash.

When arrested the other three boys "squealed" on others, each denying that he himself robbed the bank, and today the cop had his hands full chasing up the urchins, two or three of whom are said to have left town, with promise of returning later after everything quiets down. They will be brought back, however, and when the case is heard by Mayor Clark Wednesday it is possible a regular army of little "niggers" will be defendants in the case.

Policeman Whichard this morning reported the recovery of approximately a hundred dollars, and believes he will be able of getting at least half the entire sum when the round-up is completed.

Since the policemen began work in the case it has been learned that the material prosperity, or "flushed" condition of the boys created considerable interest among members of the colored race, who claim to have seen one pay the sum of fifty-five dollars for a quart of whiskey.

The boldness of the robbery has aroused considerable interest locally, and when the case comes up for hearing in police court Wednesday it is probable a large crowd will be in attendance.

COAL OPERATORS PLAN MEETING TO STOP STRIKE

Washington, Feb. 27.—Informal steps towards a conference of coal operators, and miners to seek a means of preventing the strike April 1st, will be taken. It is expected this will be followed by invitations of both sides to attend a meeting under auspices of the government.

THESE WILL BE KIN OF ROCKEFELLERS AND M'CORMICKS

Mathilde McCormick, daughter of Harold F. McCormick, Chicago "harvester king," will have a variety of new American relatives when she marries Max Oer, Swiss riding master. John D. Rockefeller, grandpa of Mathilde, also will have some new kin. From Chicago and Milwaukee more than half a dozen cousins-to-be have proclaimed their impending kinship with the McCormicks and Rockefellers.

When Emil Burgy, Chicago interior decorator, called at the McCormick home to apprise Mathilde that he was to become her cousin, the young heiress was "not at home". In the group surrounding the granddaughter of John D. are six persons for whom kinship with the McCormicks looms.

COLLEGE BAND TO PLAY AT COLLEGE DURING THE WEEK

Interesting Program to Be Rendered By Band of the State College Soon

The band is known throughout North Carolina and is said to be the best college band in the South Atlantic region. Wherever it announces its appearance in concerts a packed house greets it.

Last year at the inauguration of Governor Morrison the band and cadet corps paraded. The band played at the governor's reception that evening and won the praise of the highest officials in North Carolina.

The band is composed of students and a few members of the faculty. Mr. P. W. Price is band master. Before Mr. Price took charge of the band, it was merely a part of the R. O. T. C. unit. Now it takes several trips every year from Raleigh to play in other towns.

The North Carolina State College at Raleigh is a land-grant school, supported by Federal and State governments. It is a unit of the reserve Officers Training Corps (R. O. T. C.). Three battalions of three companies each, a demonstration platoon and the band constitute this military unit.

LOCAL MINISTER TO CONFER WITH NEW YORK MAN

Rev. C. H. Bascom Leaves For New York to Confer With Dr. Gray of Latin America Mission

Rev. C. H. Bascom has been called to the church mission house in New York city to confer with Dr. Gray, representative of Latin America missions.

The Ash Wednesday service, during the absence of Mr. Bascom, will be conducted by Rev. A. C. Noye of Farmville. There will be only one service, consisting of the Holy communion and sermon at ten o'clock. There will be no other service.

Mr. Bascom will leave for New York this afternoon and will return in time for service next Sunday.

MR. H. L. COWARD DIES FOLLOWING SEVERE STROKE

Well Known Citizen of Greenville Dies Sunday Morning From a Stroke of Paralysis

Mr. Heber Leon Coward died a few minutes before 10 o'clock Sunday morning at his residence on the corner of Evans and Eighth streets. The announcement of his death was a shock to the community, as only his relatives and near neighbors knew that he was sick. He spent Saturday evening in Greene county looking after some of his farms and did not reach home until about 6 o'clock in the evening. He was suffering with a headache when he returned and about an hour later had a stroke of paralysis. He lapsed into unconsciousness shortly thereafter and never revived before the end came. He had suffered a stroke of paralysis about four months ago.

Mr. Coward was born in Greene county April 14th, 1858, making him in his 64th year. In 1887 he married Miss Gertrude Hooker of that county and they moved to Greenville in 1896 to make their home here. He was a man of frugal habits and amassed considerable wealth, having several valuable farms in both Greene and Pitt counties besides other property. There was no one, perhaps, who enjoyed life more than he. If he ever had a trouble he kept it to himself, and if he had an enemy no one knew it. Always jovial and friendly, he never passed an acquaintance without a merry greeting. He sought no political preferment and never accepted any official honor higher than school trustee and city alderman.

Beside leaving a wife he is survived by three sisters and three brothers—Mrs. Joseph Dixon of Greenville; Mrs. D. W. Wood of LaGrange; Mrs. Nancy Toler of Memphis, Tenn.; and Messrs. M. F. John and Elias Coward of Florida.

The funeral was held in the Christian church of which he was a member, at 3:30 o'clock this afternoon, conducted by the pastor Dr. W. P. Shambart, the interment following in Cherry Hill cemetery.

The pall bearers were: Active—C. S. Forbes, J. K. Brown, W. L. Hall, W. H. Dail, B. S. Warren, J. E. Winslow, W. S. Moye, G. V. Smith.

Honorary—John R. Spier, J. R. Turnage, B. W. Moseley, Frank Wooten, H. A. White, J. J. Laughinghouse, J. A. Lang, W. H. Woolard, T. A. Person, W. B. Tilghman, W. B. Wilson, Ollen Warren, R. L. AYDEN BASKETBALL TEAM TO PLAY HERE TUESDAY EVENING

One of the Best Games of Season Expected When Local Clash With the Rivals From Ayden

A basketball game that promises to feature many thrills for lovers of the sport in this county will be staged at Forbes & Morton's warehouse tomorrow night when the Greenville high school team comes in contact with a similar aggregation from Ayden. While Ayden has not featured in any championship game this season, they have a strong and formidable team, capable of putting up a stubborn fight, and those who attend may be assured of seeing something well worth their time.

The Greenville team is in splendid condition after participating in two of the elimination championship series, and should be able of putting up one of the best games of the season. The boys have developed remarkably since the opening game of the year, and Coach Duncan believes that with a few more games they would have been able to go the limit in the championship race.

Ayden, on the other hand, has been undergoing strenuous practice the past several days, and are confident of making the local play an unusually fast brand of ball to win from them. The Ayden club has played a number of games with surrounding towns but this first time during the season they have been up against Greenville.

Coach Duncan is gratified at the excellent showing made by his club this season, and believes the end of the season will see them with a long string of victories to their credit. In fact, the games won will greatly outnumber the lost. Mr. Duncan hoped the boys would be able to make the final games of the championship race, but is pleased with what they have accomplished even through they were eliminated in the second game of the series.

LIQUOR SUPPLY OF NATION SOON TO BE GREATLY LIMITED

Supply to Be Placed in One Hundred Bonded Warehouses Instead of Three Hundred

ACTION ADVISABLE TO REDUCE EXPENSES FOR PROTECTING SUPPLIES

Government Department Making Every Effort to Reduce Expense of Warehouses

(By International News)

Washington, Feb. 25.—Concentration of United States liquor stock into one hundred warehouses instead of three hundred will be made shortly, according to Prohibition Commissioner Hayes.

The change will be made to reduce the cost of protecting liquor against robbery. A survey of enforcement authorities shows that ninety five percent of the thirty eight million gallons is carried in Maryland, Pennsylvania and Kentucky bonded warehouses.

KINSTON SURE TO HAVE PLACE IN E. C. LEAGUE

Kinston, Feb. 27.—At a meeting here Friday afternoon nine Kinston business men decided that, come what may, Kinston was going to have baseball this summer. Plans were outlined and a committee of two appointed to go to New Bern to the Monday meeting there of those interested in the East Carolina League. The two Kinston men are W. C. Field and W. B. Harvey.

The meeting was held in the office of Clarence Ottinger and was most enthusiastic. It was spontaneously called and showed the evident interest and determination to have ball this season. The following men were present: W. B. Harvey, Clarence Ottinger, W. C. Field, T. W. Mowbray, Lloyd F. Wooten, S. C. Sitterson, L. L. Ottinger, F. Clyde Dunn and Sam Speace.

BARTLETT ACCEPTS JOB AS MANAGER EASTERN CHAMBER

Dublin, Georgia, Man Wires H. L. Smith Here of His Acceptance of the Position

MUCH PLEASSED WITH PROSPECTS OF WORK IN THIS COMMUNITY

New Manager Thinks Pitt County Contains Great Advantages For Advancement

Greenville people will be interested in the announcement made Saturday afternoon by H. L. Smith, secretary of the Pitt county chamber of commerce, that N. G. Bartlett, of Dublin, Ga., had decided to accept the position of manager of the East Carolina Chamber of Commerce, an organization recently formed comprising 39 counties in the eastern section of the state.

Mr. Bartlett was elected to the high office at a meeting of members of the organization held in Goldsboro the day after the memorable banquet in this city at which he was the principal speaker. He failed to accept the offer at the time, but delayed until the matter could be given due consideration. The telegram of acceptance received by Mr. Smith was brief, merely saying "Thank you and we will make it go." Mr. Smith did not state exactly when Mr. Bartlett will enter upon his new duties, but from all indications will begin within the next few days.

In speaking of impressions of his first visit to Pitt county, Mr. Bartlett told newspaper representatives of his home town that he regarded Pitt county as one of the best in the state, containing great advantages of more than general interest. He said the county is the second largest bright leaf tobacco market in the world, and that the town of Greenville with five large warehouses, handled next to the largest amount of tobacco.

Owing to the fact that Dr. C. J. Ellen, of Greenville, is president of the organization, it will be necessary for Mr. Bartlett to come to Greenville very often. And Pitt county people will be able to get a good idea of the great work before him. It is probable he may be located at Greenville, but this fact has not been definitely settled by directors of the organization.

GRAHAM FLANAGAN PAINFULLY HURT IN AUTO ACCIDENT

Young Fellow Knocked Unconscious When Hit by Car Driven by Elmore Savage Last Night

Graham Flanagan, son of Mr. and Mrs. E. G. Flanagan, received painful injuries while crossing the street from his home last night when hit by an automobile driven by Mr. Elmo Savage. Mr. Flanagan was knocked forcibly to the ground by the impact of the car, being rendered unconscious and receiving bruises of the face and body. He was resting this morning, and physicians said his injuries were not necessarily serious.

The accident was unavoidable, according to those who witnessed it. Mr. Flanagan had run across the street to a neighbor's and was returning. Just as he closed the middle of the street he was struck by the car. The young fellow was blinded by the glare from the light of a car coming in an opposite direction, and failed to perceive the car driven by Mr. Savage, who made a futile attempt to stop when he saw somebody dash across in front of him.

The four power peace treaty is consuming more time in the senate than is necessary, and the sooner it is definitely settled, the earlier the public will believe it is being faithfully represented by the men sent to Washington to do these things for them.

The American government did the right thing in declining to cancel the foreign debt of eleven billion dollars. The money was loaned at a time when these countries were in dire need and distress, and the outcome of the war would have been extremely doubtful.

The coming of the boll weevil may frighten the farmer that hasn't taken advice and prepared for him, but the man that has listened to agricultural leaders has no terpedition. The crop must be greatly reduced this year, as in this way alone can the weevil be successfully combatted.

Tobacco growing in Pitt county has assumed enormous proportions during the past few years, but it will never mean what it should in a financial way unless the crop is reduced this year and more time given to intensive cultivation.

Pitt county farmers should not fail to listen to the warnings now being sent out by the various farm organizations throughout the country, as they contain information of vital interest to every grower.

People who favor Henry Ford's proposal for the purchase of Muscle Shoals believe that undue influence are being used by monopolies interested in the sale and manufacture of fertilizers.

INCREASE TAX FEATURES.

Taxpayers have fifteen days, not including Sunday, in which to file their income tax returns for the calendar year 1921. To avoid penalty, the return, accompanied by at least one quarter of the tax, must be in the hands of the collector of internal revenue or a deputy collector on or before midnight of March 15.

Returns may be mailed or filed in person at the office of the collector at Raleigh, N. C., and following branch offices: Asheville, Charlotte, Winston-Salem, Wilmington, and Washington, N. C.

Where in exceptional cases such as illness or absence, a taxpayer is unable to make a return within the time prescribed, an extension of not to exceed thirty days may be obtained upon application to the collector. Such extensions will be granted only when in the judgment of the collector, further time is actually required for the making of an accurate return.

The absence or illness of one or more officers of a corporation will not be accepted as a reasonable cause for failure to file the return within the prescribed time, unless it is satisfactorily shown that there are no other principal officers available and sufficiently informed as to the affairs of the corporation to make and verify the return.

As a condition of granting an extension of time for filing a return, the collector may require the submission of a tentative return. Tentative returns will not be accepted unless permission is obtained previous to filing. A copy of the authority for filing the tentative return must be attached thereto when filed.

If before the end of a thirty-day extension granted by the collector, an accurate return cannot be made, an appeal for a further extension must be made to the commissioner of internal revenue, Washington, D. C., with a full recital of the causes for the delay. The commissioner will

not grant an additional extension without a clear showing that a complete return cannot be made at the end of the thirty-day period. For failure to file a return on time, the taxpayer becomes liable to a penalty of not more than \$1,000 and a further penalty of 2 1/2 per cent of the amount of tax due, unless he later files a return and it is satisfactorily shown that the delinquency was due to a reasonable cause and not to wilful neglect.

The Methodist church did the right thing in placing orders for two of the large lights of the white way to be installed in this city in the near future, and that great benefit will be derived from it goes without saying. Every large building in the city should be adequately lighted for the safety and convenience of the thousands of people passing in and out of them from year to year, and it is the duty of owners to see that this single feature is provided.

The moving picture machine purchased by the county farm department is the thing that has been needed all the time, and when it is placed in operation the people will begin to realize it. The greatest lessons of the day can be presented the public through motion pictures. Wherever there is any desire of a department to cope with certain conditions it would be advisable to present more pictures and not so much manuscript and propaganda. In fact, the majority of people are getting tired of long articles, and many times don't have time to read them even though they wanted to, and it is to these that the motion pictures will invariably appeal.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen. That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless and doesn't burn the skin. Lumber up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints and has been recommended for 60 years.

Mr. J. C. Lanier left this afternoon for a business trip to Raleigh.

Just a Hint to Bachelors

A certain couple in Greenville are thoroughly convinced that "necessity is the mother of invention." It all came about this way. The couple went to a distant city to spend the week-end. They made the trip in Mr. Ford's invention, which always got you to the desired locality. The trip going was all that could be desired and the happy pair reached their destination safely. However all's well that ends well, and the fates had decreed that they would teach this young man the importance of keeping his lights prepared and of having a young lady with him. Just as they reached a dark, spooky spot half way from home suddenly they found themselves in darkness. The young man could not devise a way whereby they could reach home, so as two heads are better than one, the young lady decided that she could sit on the radiator and direct the driver. According to her story and she always tells the truth, the scared man accepted her proposition and for one time in the life of this bachelor a young lady proved to be his guiding star and led him to safety. This proves that two get along better than one.

BUILDING AND LOAN MAKES GOOD SHOWING

The condensed statement of the financial condition of the Home Building & Loan association, carried in the columns of this paper today will be of interest to hundreds of stockholders throughout the city. Total assets of the institution amount to \$450,332.13. The audit was made by Pullen and Henderson and a complete statement of condition as of December 31, 1921. This institution has made remarkable growth the past several months, despite depressed conditions, and its officers are to be congratulated.

MRS. W. E. WARREN DIES AT HOME IN WILLIAMSTON

Miss Bettie Warren received a telegram yesterday morning from her brother, Dr. W. E. Warren, of Williamston, announcing the death of his wife. Mrs. Warren had been critically ill several days and Mrs. R. M. Hearne left the early part of last week to be at her bedside.

The deceased is well known in this county. Before her marriage to Dr. Warren she was Miss Eva Fleming, of Pactolus, niece of Mr. R. R. Fleming, of Pactolus. The interment took place this afternoon in Williamston.

TAILORING OPENING PLEASES SPENCER THE BLIND MAN

Saturday night at the drawing of the Free Suits, given away by the Royal Blue Tailoring Co., at Claude Tunstall's store. D. W. Spencer, colored blind man, was called in to draw the names insuring a fair deal for all. The first name winning a \$57.50 suit was drawn by Mr. G. B. W. Hadley, who promptly gave the blind man five dollars. The other two winners of \$25 suits were Mr. J. H. Krel, A. C. L. agent and Mr. J. R. Stane, R. F. D. who gave the blind man a dollar each.

Needless to say the blind man was the most pleased one of the winners and has made application for the job of drawing names at all future openings. He guarantees not to pick favorites, but promises to pull hard for his friend. It was indeed a pleasure to see the smile on his face and watch the eager expression.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water. Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this

acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

Complete Your Living Room With A Victrola

The room needs no other musical instrument when you have a Victrola, because a Victrola is all instruments in one, and anybody can play it. Standard models will adorn any room and any suite of furniture, while the period designs are works of art which embody all that is finest and best in historic craftsmanship.

Look around your living room and see if there is not one spot just made for a Victrola—a spot where nothing else looks quite as well. We shall be pleased to supply you with the instrument most appropriate in style. Come and see our stock.

"The Ladies' Store"

CHANGES IN RUSSIA ARE BEING STUDIED BY THE U. S. AGENTS

Significant Developments Are Under Way For an Industrial Revival

By W. H. ATKINS, International News Service Staff Correspondent.

Washington. — What is about to happen in Russia? And how will it affect American relations with the Soviet authorities?

Those are two questions that are uppermost in the minds of diplomats here, and of leaders of thought in the Harding administration.

Some significant developments may be noted, as indicating the drift of things. Standing out in these passing developments there are these points that may be considered:

1—Following declaration of a new economic policy by Lenine, government official sources have begun to hear that there is an actual trend from the communistic toward the capitalistic system of government.

2—On the strength of the Soviet assurances that the shackles have been removed from private trading and property rights in some degree, and the fact that the requisition system has been modified to allow more incentive to the producers there is seen in latest reports a desire to speed up production in Russia in some lines.

3—Banks are opening in Russia. Stores that have been closed for years have reopened, there is more active bargaining among individuals and there is less fear apparently that all a Russian makes or acquires will be taken to support the well-known Red army.

Of course, officials here do not take at their face value the statements made by Lenine, or his pronouncements contained in the lengthy statement of economy of policy which he promulgated.

Nor do officials accept the word of those who control the Soviet press, for they have been shown to be grossly misleading and in the past apparently circulated for effect, or for propaganda, rather than through a desire to disseminate news events truthfully.

This government is not depending, however, upon wild statements, or those that are clearly inspired. Its own agents are keeping the government informed of the trend of things in Russia. And the outlook is not so dubious as it was several months ago.

WATCH KEPT ON THE OPERATORS OF BUCKET SHOPS

New York Stock Exchange Has Detectives to Keep Eye on Shady Deals

(By International News)

New York.—The precautions that the governors of the New York Stock Exchange are taking to keep their own house clean were revealed today by an Exchange member, who declared that it was practically impossible for a crooked dealer to remain in business there without being caught.

"In the first place, the hazards are too great," this member explained. "An exchange seat sells for about \$30,000 and no one but the biggest kind of gambler would jeopardize that seat by shady transactions.

"In the second place, the governors maintain a squad of investigators who keep their eyes on any man whose transactions may become suspicious. These detectives—for that is what they are—watch that man's trading on the floor, keep an ear open at the telephones that he uses and maintain a general surveillance over everything that he does within the Exchange walls.

"One firm, now under suspension, was watched for several weeks recently until it was discovered that its transactions were passing beyond the border-line."

It is the men and women of very small means in New York city and a number of other centers who have contributed the \$25,000,000 that it is estimated has been lost through the bucketshops of Wall Street within the past two months.

The bucketshop permits its customers to trade in small lots on as low as a one point margin. As long as the market is fairly firm, with fluctuations of only a point or so a day either way, the bucketshop can remain in business—and fleece its customers.

But when the market begins to rise, it was stated, then the bucketshop falls with a smash that carries everything with it. It is an established fact that no legitimate broker who actually purchases orders consigned to him can go broke. It is the man who buckets the orders of his customers who is caught when the market rises. And the market has been gradually rising within the past eight weeks. That mainly accounts for the gigantic failures in Wall street bucketshops in that time, the expert declared.

If you are a good citizen the public may never find it out, but if you are a bad citizen it will.

ELLIS CONDUCTS Y. W. C. A. SERVICE AT THE COLLEGE

Pastor of Memorial Church at Raleigh Makes Interesting Talk to Students

Dr. J. A. Ellis, pastor of Memorial church of Raleigh, N. C., and one of the strongest Baptist preachers in the state, conducted the Y. W. C. A. Vesper service at East Carolina Teachers College Sunday evening.

He spoke from the text "Jehovah shall guide thee continually." This means that we shall have divine guidance in all our problems. God has plans for everything in the world and everything is moving according to the laws of these plans—the sun, thunder, the birds, the stars. If God has a plan for the world of nature He has also a plan for people, for individuals.

The question follows, "Do we always fit into these plans. No, there are many misfits and many lives are wasted as a result. There is no greater tragedy than a wasted life.

Then comes the great question, "How can we find our places in the work of the world?" God does not force us into our places; we have a voice in this. Dr. Ellis read and gave a fine interpretation to Bryant's "Ode To The Waterfall." If one prays and communes with God He will guide him. We should remember this privilege and live by it at all times.

SHOOTS WIFE AND THEN ATTEMPTS TO END HIS OWN LIFE

Miami Automobile Man Kills Wife After Dispute Over Attention With Other Men

(By International News.) Miami, Feb. 27.—Edgar Frady's wife is believed to be dead as result of wounds inflicted by her husband in rooms of the couple at a hotel here following a quarrel.

After attending a dance, Frady, who is president of a Chicago branch of the Cole Motor Company, shot his wife, then cut his own throat, according to Miss Higgins, a friend of the couple who witnessed the quarrel when it first started.

According to Miss Higgins the quarrel started when Frady upbraided his wife for receiving attentions from other men. Frady is under arrest at a hospital in this city today.

There are three things—and only three—that wear out batteries. (1) Miles of service—(2) Months of service —(3) Neglect and abuse.

The way to get the most months or the most miles—or both—is, of course, to get the right battery and then take care of it.

We'll sell you the right one—the Willard Threaded Rubber Battery—and more than that, we'll help you look after it.

Call us up.

Or better still—come in!

PLUMBING'S AN AWFUL LOT OF FUN WHEN YOU DO THE BEST THAT CAN BE DONE

Congleton's Little Plumber

We admit that we get a lot of pleasure out of our business. When a man does his work right he feels quite comfortable at the conclusion of each and every job. We're employed by the public, and we must say that we're fond of the boss also that the boss is pleased with the work we do. L. G. CONGLETON 417 Cotanch St. Phone 550

BREAD IS YOUR BEST FOOD—EAT MORE OF IT IT'S TEMPTING

A loaf of bread is a tempting article of food. You'll be tempted to bite a piece right out of it before the butter has a chance to meet it half way. Serve our bread. It's full of satisfaction. Tell your groceryman what he already knows—that he should deliver Blue Ribbon bread to your home.

the phrenologist

The phrenologist knows by the shape of a man's head what he is and what he can do. Men who know motors judge them the same way.

The Valve-in-Head Motor has proven its power and economy. It is used by practically all manufacturers of racing cars, was adopted by the designers of the marvelous Liberty Motor and it is a big feature behind Buick prestige. Accessibility, Power and Economy are distinctly Buick Valve-in-Head features. Valve-in-Head is way ahead
