KIWANIS CLUB TO GIVE LOVING CUP IN ATHLETIC MEET

Local Club Meeting Last Night Also Established Scholarship in Honor of C. W. Wilson.

FITZGERALD IS ELECTED DISTRICT TRUSTEE TO SUCCEED C. W. WILSON

Several Visitors Present Who Made Interesting Talks; Members Also Make Talks.

The regular meeting of the Kiwanis club was held at the Rotary building on Rotary avenue last night. The meeting was presided over by President J. B. James, the program being in charge of Mr. Luther Her-ring.

An interesting talk was made by Guy Smith on "Fairness of the Warehouse Business." He brought out many points dealing with sale of leaf tobacco on the local market and showed that the farmer always received fair treatment despite reports to the contrary.

J. L. Stuckey spoke on "How he succeeded in becoming a millionaire," and brought out many humorous points.

J. G. Peck spoke on "Road Construction," giving a good description of work now under way in Pitt county.

The club unanimously decided to establish a scholarship at the East Carolina Teachers Training College to be known as the Claude Wilson scholarship, in memory of Kiwanian Claude Wilson.

R. G. Fitzgerald was elected district trustee, succeeding C. W. Wilson. The club decided to give a silver loving-cup to the school making the highest grade at the county athletic meet to be held at the fair grounds here in April. Guests present during the evening were Messrs. Clarence Cannon and Evan E. Settle of Ayden; Howard Hooker, Dave Moore, Bill Hall and W. H. Norris of Greenville, all of whom made splendid talks.

COUNTY CHAMBER TO BEGIN DRIVE FOR THE FARMERS

Diversification Committee to Begin Campaign to Get Farmers To Live at Home.

The Pitt County Chamber of Commerce announces a program of activity that will be far reaching in its effect upon the whole of Pitt County, if the wholehearted co-operation of each township is given. This program is the result of the Chamber's diversification, of which W. B. Pace is chairman.

The plan is to open a campaign with an opening address by Hon. Joseph Daniels on the 17th, and go into every township in the county. Three meetings will be held each day for a period of five days, beginning with Monday, March 20th. The following subjects will be discussed by local talent co-operating with some of the men from the Department of Agriculture at Raleigh:

- (1) a milk cow on every farm, (2) permanent pastures on every farm, (3) a pure bred brood sow on every farm, (4) from 50 to 100 hens on every farm, (5) an all-year garden, (6) Sweet potatoes and storage, (7) hay and grain, (8) cotton and tobacco acreage.

The program, as outlined and after put into operation, will mean millions of dollars to the people of Pitt County. Mr. Jao, T. Thorne, of Farmville said: "This is a great program and will mean much." "I heartily endorse this movement," said Dr. W. W. Dawson, of Grifton. M. O. Blount, of Bethel, gives his endorsement as to this being a great move in the right direction. Others expressing themselves are: J. C. Galloway, D. L. Turnage, J. L. Little, and J. W. Holmes.

As a further means of driving home the importance of "living at home," 1000 large posters are being distributed all over the County. Dr. W. W. Dawson, chairman of the Board of County Commissioners said: "Our Board is back of the movement to combat the boll weevil. You can count on us to help to the limit."

FORD TO RECEIVE HELP OF FORMER ALABAMA LEADER

Former Governor O Neal to go on Speaking Tour in Interest of Detroit Manufacturer.

Birmingham, March 11.—Renewed effort by forces backing Henry Ford in his offer for Muscle Shoals is promised by Emmett O'Neal, former governor of Alabama, who has left for Atlanta to address a mass meeting there tomorrow.

O'Neal is armed with new facts and figures with which he says he expects to throw a bomb shell into camps of the Alabama Power Company, rival bidders. Following a speech ten days ago O'Neal said he searched every phase of the controversy now raging and announced he would be ready to renew the offensive with new and startling lines and ways of eliminating the power company and boosting Ford through a special session of the legislature to be held soon.

DIXIE ENDEAVORS DAY THURSDAY, MARCH 16, 1922

A good program inspiring singing and interesting speakers. Everybody should attend this service to encourage the young people and to learn about the great work of Christian Endeavor.

Everybody welcome, come one and all. Be on time. Bring your money or check book so as to make an offering for Christian Endeavor in Dixie.

BOY SCOUTS ENTERTAIN GIRL SCOUTS OF THE CITY

Boy Scouts of Greenville last night delightfully entertained the Girl Scouts at the high school building. Punch, cake and cream were served and many played. The occasion proved one of the most enjoyable in some time, being attended by about 125 Scouts, including both boys and girls.

BASEBALL CLUB IS TO BE ORGANIZED BY HIGH SCHOOL

Training Season to Begin in Earnest With Opening of Good Weather And Dry Ground.

A baseball team has been organized at the Greenville high school and practice will begin in earnest as soon as the weather clears and the ground dries off. Coach Duncan believes he has some really good material on hand, and the next several days the team will be picked and ready for playing some of the strongest high school teams of the state.

While the high school boys have been interested in baseball several seasons this is the first year they have attempted to put out a team. Success of football and basketball seasons has caused many to believe they can also make a good record in the national sport, and the determination in evidence justifies belief that the boys will make good.

Coach Duncan proposes to put the boys through several days of strenuous tryouts. The team will then be picked and practice begun in earnest. Material for practically every position is considered extra good, and it is believed a formidable organization can be developed after proper training.

High school baseball seasons are short, and it is necessary for such clubs to start early in order to be in proper condition when the first ball is tossed.

It is hoped the public will give the team proper support, and encourage the boys as much as possible.

BOARD OF HEALTH NOT IN FAVOR OF ABANDONING CUPS

Health Department Issues Statement Declining to Indorse Repealing Of Sanitary Cup Law.

The Pitt county health department this morning issued a statement declining to endorse the step taken by the county board of health and druggists in repealing the sanitary drinking cup law.

"It has been proven that a big percentage of contagious and infectious diseases are transmitted by the way of secretions of our bodies," the statement says, "therefore the common drinking cup, since there is no practical way of sterilizing it, is bound to be unsafe."

The statement in its entirety follows:

"Since the Pitt County Health Department did not and will not endorse the backward step recently taken by the druggists and the Pitt County Board of Health in repealing the sanitary drinking cup law, I feel that it is the duty of the Pitt county health department to defend itself by letting the people know that the health department and the county board of health are too entirely separate organizations. The health department's main object is trying to the many infectious and contagious diseases that are walking around in our midst daily. It has been proven that a big percentage of contagious and infectious diseases are transmitted by way of the secretions of our bodies, therefore to common drinking cup, since there is no practical way of sterilizing it, is bound to be unsafe.

"If it is necessary to use sanitary individual drinking cups during the flu epidemic, why is it not far more necessary that they be used to protect the public against the carriers of such dreadful diseases as tuberculosis, syphilis, diphtheria, scarlet fever, etc., that are daily walking in our midst. I am sure that the people in Pitt county would much prefer paying six cents for a drink and be protected against these diseases, than pay five cents and take the dangerous disease that the common drinking cup offers you everytime you drink.

"The Pitt County Health Department not sanction any such a backward step, that means so much to the public in general."

PRINCESS HASSAN TO BE OBJECT OF \$2,500,000 SUIT.

A demand of \$2,500,000 for legal aid him. Both the Prince died before the divorce was granted. Princess Hassan, who had returned to America, still was his legal wife. She inherited \$5,000,000, half of the estate left by Prince Hassan. Charging that the Princess Hassan agreed to split "fifty-fifty" with him any money realized from court actions against the Prince, Roth brought suit. Princess Hassan resides in California.

COURT ACTION MAY BE TAKEN AGAINST SOFT COAL MINERS

Soft Coal Operators Plan Action If Miners Fail to Attend Wage Conference.

GOVERNMENT OFFICIALS BELIEVE STRIKE MAY BE AVERTED BY MEASURES

Believed, However, Miners Will Heed Pleas of Secretary Davis For Conference.

(By International News.) Washington, March 11.— Court proceedings will be resorted to compel soft coal operators to join miners in a conference for the purpose of discussing a new wage scale, it was stated in official quarters here today.

Proceedings will be in the form of a mandamus before the federal court. Government officials said the injunction will be successfully used against labor and that similar proceedings might avert the impending strike.

It is believed, however, that the operators will heed Secretary Davis's plea for a conference, although this has not been definitely stated.

PLAN NO CHANGE IN BONUS ISSUE AT PRESENT TIME

Officials Decline to Consider Change in Face of President's Disapproval.

Washington, March 11.— There will be no change in the plan of soldiers bonus legislation because of opposition of treasury officials or reports of the President's disapproval of the bill, Chairman Fordney of the house ways and means committee said this morning.

The bill, according to schedule of Republican leaders, will be passed by the House without alteration. Chairman Fordney would not discuss the attack of Comptroller Cressinger and others connected with the treasury on proposed legislation.

NEGRO FOREGOES HIS ESCAPE BY GARBAGE

Kansas City, Mo.—William Leary, a negro serving a 10-year stretch for robbery in the Missouri Penitentiary at Jefferson City, never wants to look at a garbage can again.

Leary, after a bath, is quite willing, "as is," to serve out his prison sentence "as is."

This change about of ideas came after Leary conceived the bright idea of escaping from prison in the Penitentiary garbage wagon.

He hid himself in the wagon and allowed himself to be covered with a large pile of garbage. Out he went with the garbage, but it was too much. With garbage dripping from his clothes, the negro finally jumped from the wagon. Officers, following the smell Leary left in his fleeing wake, quickly captured him. Willingly they led him to the bath.

TAR RIVER REACHES ITS CREST AND BEGINS FALLING

Tar river which has been on a rampage the past several days reached its crest yesterday and had fallen at least a foot this morning. When the water was at its highest some said it was about eighteen inches under the first high water mark recorded here. The lowgrounds are flooded for miles and miles, but so far no loss of life has been reported, although tobacco beds have been damaged considerably.

COUNTY TEACHERS IN MEETING HERE TODAY

A general meeting of Pitt county school teachers was held at the high school building here this morning, and despite bad condition of the roads quite a number of teachers were in attendance. Several matters of importance to the teachers were considered during the session.

REVIVAL SERVICES CONTINUE TO DRAW SPLENDID CROWDS

Mr. Mathias Again Delivered Powerful Sermon at Presbyterian Church Last Night.

The Starway of Repentance, which begins on this earth and leads the soul to the very throne of God, was the theme of another great sermon by Mr. Mathias at the Presbyterian church last night. In spite of a stormy night, a splendid audience greeted him and listened with rapt attention to his words. He declared the first step in this stairway to be conviction of sin; the second, contrition for sin; the third, conversion from sin; the fourth, confession of sin; and the fifth, confession of Christ. At 6:45 he spoke to the students at the Teachers College, on the "Place and Power of Womanhood in the Home, the school and the nation," and closed with an appeal to the young women to equip themselves to occupy fully the wonderful place which God assigned them in the world. He will preach twice tomorrow at the Presbyterian church, at 11 in the morning, and at 8 in the evening. The evening song service will begin promptly at 7:45. The entire public is invited. Come and bring a friend.

THREE CSASES BEFORE MAYOR CLARK TODAY

There were three cases disposed of before Mayor D. M. Clark in this morning's session of police court: Jim Tucker, charged with jumping on a moving Norfolk Southern passenger train, was released upon payment of costs. F. S. Harris, charged with driving an automobile without brakes, was released upon payment of costs. John Floyd, charged with assault, was fined \$10 and costs of action.

BARBARITIES IN INDIA ARE CHARGED AGAINST THE BRITISH GOVERNMENT

By W. K. NOLAN, International News Service Staff Correspondent.

Washington.—Unspeakingly horrible conditions prevail today in the Delhi, India, jail where, it is alleged, 2,000 political prisoners are held, according to a letter to Sallendra N. Ghose, director of the American Commission to Promote Self-Government in India, from Lala Shankar Lal, a distinguished Indian Nationalist who is undergoing a long sentence of "rigorous imprisonment" for advocating the boycott of British goods.

"Starvation or, as its alternative, canine food; no covering to protect one against severity of the Delhi Winter except microbe-infested, lice laden, blood-stained tatters, the worn off relics of common felons, and finally the awful climax—the preferential treatment or release constantly suggested and enforced in favor of the very rare civil resister whose frailty succumbs to the temptation," is the vivid description contained in the letter of alleged existing conditions in the jail.

"Woeful tales of non-co-operators being flogged till the hand that flags them tires of the process, of civil resisters being stripped of all vestige of human covering and subjected to a slow and gradual death through toxicity and infection have filled my ears," another paragraph of the letter stated.

More than 300,000 Nationalists have been sentenced to terms of varying length within the past three months, Ghose declared, many of that number being exiled for life to the great British penal colony on the Andaman Islands, a place described as infinitely worse than Devil's Isle, the French penal colony off French Guiana, where Captain Dreyfus was confined. "Treatment of the political prisoners in India," said Ghose, "has been unspeakably brutal. Unable to kill

Bruen was sitting at a window when someone outside fired pointblank at him with a shotgun, the charge striking him in the head. Three men were seen by neighbors while parking an automobile nearby shortly previous.

GIRL'S BASKETBALL TEAM TO PLAY IN GOLDSBORO

The girl's basketball team of the Greenville high school left this morning for Goldsboro where they will play tonight. The team is in splendid condition for the game, and from all indications will give a good account of themselves. While the season is over so far as the high school boys are concerned, the girls intend to capture a game or so more before concluding activities. Goldsboro has a formidable aggregation and the game no doubt will be one of the most stubbornly contested of the season.

Epworth League Meeting.

The Junior Epworth League of the Methodist church will meet tomorrow afternoon at 6:45 o'clock in the church parlor.

They say money is the root of all evil. It seems lots of 'em are finding the root via the "moonshine" way.

They're considering pushing the bonus through the House now. Another way of fooling the boys awhile.

President Harding probably finds golfing in Florida decidedly easier than "trying" to run the government.

Maybe President Harding will show the Floridians he can play golf if he can't run the government to their satisfaction.

The slogan of the country at the present time seems to be to grow food crops. If this is accepted things should be much better next year.

Members of the Republican party are all upset over the bonus question. Some want to do one thing, and some another. The first thing we know they won't do anything.

Swedish banks are beginning to pool their money to purchase Russian products. They must have heard something about the pooling business on the farms in this country.

Not content with co-operative farming the farmers are now planning to buy fertilizer co-operatively. Co-operation is all right so long as one keeps digging.

The Pacific treaty, it is claimed, would establish a political system. Then it deserves to be held up. We have more politics in this country now than we can look after.

President Harding favors the sales tax or postponement of cash payments to soldiers as bonuses. He wants to shift the burden from the big man to the little one.

The president of the farm labor federation wants organization members to let politics alone. We can't blame him after seeing what the political machine has "not" done for the farming industry.

Milk is being boosted as absolutely essential to the growing child. In fact, it is so essential that several towns have inaugurated campaigns to impress the public with its importance. Getting the cow to produce enough to meet demand is the next thing to be considered.

Bootlegging on the coast of Florida is becoming rather perilous since the prohibition forces got in action. Mexico is realizing great profits from our desire to remain on the dry side, and so long as they continue to get the money smuggling will be hard to stop.

New Bern papers intimate that prospects are not good for reviving the Eastern Carolina league. That must be because New Bern favors organized ball and the others independent. Prospects seem mighty bright over this way, and we believe the same sentiment prevails at Kinston, Farmville, Washington and Tarboro.

Greenville can't afford to be without a baseball team this summer, and it is hoped the public will respond to the call for funds in a liberal manner. Baseball drives away business cares better than any other single thing, and things are in such shape now that diversion of the kind is absolutely essential. The meeting to raise funds will be held next week. Be sure you are there to contribute your part to maintaining the team.

The Pitt County Chamber of Commerce has interests of the farmer at heart, and if the grower will follow some of the measures proposed by the organization he is destined to see some results in the future. There are many things of interest the farmer has not yet been educated up to and when he is things will be much better. The chamber wants the grower to take more interest in things at home and when the campaign is over maybe he will be convinced of the advisability of such.

Five counties have subscribed their quotas in the Near East campaign in this state, according to reports sent out from campaign headquarters. These counties are to be commended, as the cause to which they contributed is a very worthy one. Millions are starving in that part of the world, and unless America provides for them conditions will become even more accentuated. This country can give liberally. It has plenty of everything and can give without feeling it.

Pitt county people will be gratified to learn that Josephus Daniels is to speak at a mass meeting here March 17th. Mr. Daniels has been one of the foremost citizens and statesmen of the country for several years, and his coming to this community will be received with interest. His address will be principally for the purpose of awakening in the farmer a more active interest in home things. The chamber of commerce after the address will launch an intensive campaign in the same interest, and it is hoped conditions will be greatly bettered among growers of the community.

### PROSPERITY AHEAD OF TIME.

"It is the duty of the employment committee to secure opening for employment; list the same with the manager of the Emergency Relief Board, devise means for the creation of jobs; report to the manager the increase or decrease of employment by a careful survey weekly."

This paragraph gives succinctly a very brief outline of how Pough-keepsie, N. Y., has solved its unemployment problem, as reported to the President's Conference on Unemployment, in Washington. The Mayor of the city the President of the Chamber of Commerce, and the President of the Associated Charities constitute a steering committee. Under them are three sub-committees on employment, finance, and relief which have handled the situation so completely as to enable this thriving New York town on the Hudson to enjoy the return of prosperity ahead of time. The employment committee is organized with four members, as follows:

"Secretary of the Manufacturer's Association, whose duty it is to secure and list all openings in industry to devise means for the creation of new jobs; the proposed rotation of labor and other methods for making employment in industry after consultation with the Directors of the Manufacturers' Association.  
"Superintendent Board of Public Works, whose duty it is to know of all openings on public work in the city; to consult, suggest and try to put through the promotion of additional public work with the board of public works of the city for the creation of more employment.  
"County Agent Farm Bureau, for

the listing and securing of openings on farms for the securing of reasonable occupation for part time employment.  
"Employment Officer, American Legion, for the general assistance in securing of odd jobs, day work, etc., not covered by the three above mentioned members of the Employment Committee."  
Supplementing this intensive job campaign has been a "Made-in-Pough-keepsie" sale, for which all manufacturers sent in their products, to be sold at cost, thus allowing them to keep on old employees who otherwise might have been let go.

### WORK FOR A RESTLESS WORLD.

From a myriad of suggestions as to the cause of the present industrial depression which have reached the President's Conference on Unemployment in Washington, there stand out a few shining sentences from Commander Evangeline Booth, head of the Salvation Army. They deal with idleness and its cure, and run in this wise:  
"For unemployment, for hard man alone is to blame.  
"The trouble with the world is traceable to nothing more or less than man's inhumanity to man. The crops grow just the same, the rains fall, the needed snows come, the mines give up their ore, and the cattle dot our hills—just as of old. Never has God or nature ceased to bestow the blessings that come from the earth.  
"But in the sight of all these blessings men have elected to differ—to differ unreasonably. Angry debate starts, and soon the world is in a ferment. Trade halts, productions stop. Entire nations go into a deadlock on the trade basis. Manufacturer, merchant and public view each other with suspicion, and the evil circle is complete. Millions become idle, many grow hungry—the whole world suffers.  
"It is in this state we find ourselves today analyze the cause honestly, and you can come to only one conclusion. Negative mental processes, purely man-made antagonisms, lie at the root of the evil.  
"Honest differences of opinion can be settled without disturbing the machinery of progress. Differences due to unreasonableness never can lead to anything but disruption.  
"Let us come to understand each other better; let us in the light of honest reason practice teamwork, which is the life-giving grease on the world's axis—then unemployment and hard times will be no more."

For each month attended school here. Seeville, John, 4, 5, 6. For each month attended schools here.

The numbers refer to the months of school. Example 1 denotes first month; 2 denotes second etc.

One can easily see that there were only two people on every month. The two, who were on the honor roll every month, are Robert Wright and Alice Foley.

To be on the honor roll one must meet the following conditions:

- 1. Scholarship, a grade of 90 or more on each subject.
2. Conduct, a grade of 90 or more.
3. Absences, no unexcused absences.
4. Tardies, no unexcused tardies.

Numbers failed to get their names on the honor roll for conduct alone. An effort will be made to increase the number for next month and it is urged that parents will co-operate in every way possible.

LISTEN TO ME TAKES HEARERS INTO MANY SCENES AND CLIMES

Musical Extravaganza at Fairfax Carries Interesting Love Plot Through Hell to Candyland.

From the depths of the brimstone pit to the top of the world and then through candyland, lovers carried their romance in the musical extravaganza "Listen to Me," presented before a capacity house in the Fairfax theater last night. Extreme contrasts in coloring, scenery and costumes characterized the whole performance, and this combined with the rapid changes, striking tableaux, and fine lighting effects, served to hold the concentrated attention of the audience throughout the production.

Red predominated with a touch of black, served as the color effect for the Palace of Satan, while white with a touch of blue, formed the setting for the polar scenes at the top of the world. A mixture of coloring brought out the proper effect for the scenes in candyland, and black with a touch of white and gold richly characterized the finale.

The characters were all good, with Ross Robertson, the leading male character, and Maude Baxter, his affinity, carrying their parts with grace and ease, and with Billy Moore, the colored comedian, standing out predominantly over the other characters.

The musical choruses were well given, and the drills and figures were carried through with rhythm and effectiveness. Such great number, variety and richness of costumes is seldom found in a single evening's performance, and the rapid changes seldom seen where the spectator is carried from one to another as smoothly and with as untroubled emotion as was done last night. Every call for an encore was responded to, but with the interposition of some other features between the scene and the encore itself.

The performance in its entirety is seldom equaled; and is well worth seeing.

HARDING APPRECIATES SERVICES OF KLUTZ

Salisbury, March 11.—President Harding has written a cordial, spontaneous letter to Whitehead Klutz, expressing his hearty appreciation of Mr. Klutz's services to the government. Mr. Klutz having some time ago resigned from the board of conciliation and returned to North Carolina where he is pioneer-in in community work.

"I want to thank you," the President writes, "for the exceedingly valuable service which you have heretofore rendered. I think very highly of the work the board has done."

At the time Mr. Klutz tendered his resignation President Harding, in a letter of unmistakable sincerity and heartiness, expressed his desire that Mr. Klutz and his fellow members of the board keep their positions and continue their work.

Mr. Klutz has successfully carried

through the work preliminary to the starting of a local community service in all three of the State cities he has visited, namely, Asheville, Rocky Mount and Concord. He has just gone to Wilmington.

# IRISH WOMEN START MOVEMENT FOR GREATER POLITICAL EQUALITY

By KATHLEEN M. O'BRENNAN, (By International News.)

Dublin.—The women of Ireland are already asserting their rights. Deputations of Irish women have called upon Arthur Griffith, president of the Dail, and other leaders of the provisional government, demanding that the age of enfranchisement in the Free State be fixed at twenty-one years instead of thirty, the age fixed by the English laws. The women promise to make this one of the interesting features when the treaty goes to the country.

The women leaders, who took a daring part in the struggle for Irish freedom, declare that when the elections are held that they will not take up the cry of "Up De Valera" or "Up Collins," but will wage a campaign for complete equality in politics for the women of Ireland and will support only those candidates who are ready to pledge themselves to such a platform.

A majority of the "Cumann na mban," the women leaders of Ireland are between the ages of eighteen and twenty-five and they are insistent that their rights must be protected and that they shall not be denied the franchise simply because the English law has set thirty as the age at which a woman is entitled to vote.

Irish Army Gives Women Support. Countess Markievicz, Mrs. Sheehy Sheffington and Mrs. Aine Ceannu, together with Mrs. MacSwiney, are leading the fight for women's rights in Ireland, and they claim that they have the support of the Irish Republican army. There are some prominent suffragists who are opposing the efforts of the group lead by Countess Markievicz declaring that in the coming elections the women of Ireland will stand for the Republic and a continued fight for its creation, as opposed to support for the Free State. Such a stand will mean renewed warfare, they declare.

Countess Markievicz is urging the Irish women to base their fight in the coming elections on their demands for full political rights, and she refuses to agree that a vote against the Free State is a vote for continued warfare.

# BAPTISTS RAISE \$30,000,000 CASH

ALL GENERAL WORK STRENGTHENED BY 75 MILLION CAMPAIGN. IT IS SHOWN.

## WHERE THE MONEY GOES

Sum's That Have Been Appropriated To Various Objects Set Forth By Headquarters Office At Nashville, Tenn.

From the beginning of the Baptist 75 Million Campaign to January, 1922, a total of \$30,366,819.41 had been paid in to objects fostered by the Campaign, it is announced by the general headquarters office at Nashville. Of this amount \$28,799,971.16 came in through the payment of regular Campaign subscriptions and the remaining \$1,566,848.26 in special contributions.

Regular receipts from the various states follow: Ala., \$1,301,134.76; Ark., \$714,688.09; D. of C., \$123,280.01; Fla., \$469,753.23; Ga., \$3,000,174.10; Ill., \$298,576.13; Ky., \$3,187,656.15; La., \$807,991.13; Md., \$393,517.49; Miss., \$1,243,846.50; Mo., \$1,190,754.70; N. M., \$145,222.97; N. C., \$2,211,741.50; Okla., \$840,562.65; S. C., \$2,633,540.53; Tenn., \$1,797,483.10; Tex., \$5,162,658.85; Va., \$3,279,085. More than 250,000 baptisms were reported by Southern Baptist churches last year.

**What Money Has Done**  
These funds represent an advance, ranging from 200 to 300 per cent, in the contributions of Southern Baptists to their general missionary, educational and benevolent work, prior to the inauguration of the Campaign, and have enabled the boards and other agencies to greatly extend their services in all departments. In addition to sending out more than 180 new missionaries since the Campaign began, and providing many church buildings, mission residences, schools, theological seminaries, publishing houses, hospitals and the like on the older fields the Foreign Mission Board has been enabled to open work in the new fields of Spain, Jugoslavia, Hungary, Roumania and Southern Russia in Europe, and Palestine, Syria and Siberia in Asia, and Dr. Everett Gill, for many years a missionary in Italy, but more recently a pastor in Kansas City, has been named special European representative to supervise the greatly expanded work on that continent. Dr. Gill is giving much of his time to distributing Baptist relief funds in Russia and otherwise looking after the interests of the denomination there.

**Home Work Enlarged**  
Among the outstanding accomplishments of the Home Mission Board are the aiding of more than 1,000 churches with loans and gifts for church buildings, completion of the big tuberculosis sanatorium at El Paso, enlargement of the work in Cuba and the Canal Zone, strengthening of the 87 mountain mission schools and the development of all eleven departments of the work of the Board. In all seventeen states of the Southern Baptist Convention the state mission work has been greatly extended, the number of Baptist hospitals in the South has been increased from eleven to twenty-three, all of the older eighteen Baptist orphanages have been aided in material ways and two new ones have been established, while the number of aged dependent ministers and their families has been doubled and the amount of aid given them increased 100 per cent.

**Collections Are Pushed**  
While the collections so far represent a big gain over the contributions of Southern Baptists to their work before the Campaign, the sum collected is not all that is due and in all the South an effort is being made to collect as much more as possible by the close of the Convention year, May 1, that none of the work may suffer.
