COUNTY SUNDAY SCHOOL CONVENTION TO BE HELD AT MEMORIAL BAPTIST CHURCH MARCH 15TH, 16TH AND 17TH

Two Sessions Will Be Held Each Day, 3:30 and 7:30, According to Program.

D. W. SIMMS WILL BE PRINCIPAL SPEAKER OF GREAT OCCASION

Committee on Arrangements Completing Plans For First Sessions of Convention.

Pitt County Sunday school convention for workers of all denominations in the county will be held in the Memorial Baptist church, March 15, 16, 17. Two sessions will be held each day, 3:30 each afternoon and 7:03 each night.

Prof. J. H. Rose, chairman and other members of the local committee on arrangements are doing their utmost to reach workers in every Sunday school in the county. Workers from over the county have been notified of the meeting, and it is hoped that not only the workers of Greenville but of Pitt county will avail themselves of the opportunity of hearing the two specialists.

At the Wednesday night session there will be a roll call of Sunday schools in the county when each person present from a given school will stand in order that all may see how many attend from the various schools. It is expected by those in charge of the arrangements that the opening sessions on Sunday will show a representative attendance.

Prof. A. M. Locker of the International Sunday School association, Chicago, Illinois, and Mr. D. W. Sims, general superintendent of the North Carolina Sunday school association will be the principal speakers.

The committee on arrangements is composed of prominent Sunday school leaders of Greenville as follows:

The committee on arrangements: Prof. J. H. Rose, chairman; Supt. Methodist S. S.; H. L. Smith, Supt. Memorial Baptist S. S.; Leon L. Meadows, Supt. Immanuel Baptist S. S.; N. O. Warren, Supt. Presbyterian S. S.; W. E. Hooker, Supt. Christian S. S.; E. G. Joyner, Supt. Episcopal S. S.; R. V. Fleming, Supt. Free Will Baptist S. S.

ATLANTIC COAST LINE EXPERT TO SPEAK HERE 14TH

G. A. Cardwell to Address The Chamber of Commerce On Sweet Potato Storage.

Under the auspices of the Pitt County Chamber of Commerce, Mr. G. A. Cardwell, agricultural agent for the A. C. L. railroad, will make an address on sweet potatoes and storage, in the chamber of commerce rooms tomorrow evening at 8:15 o'clock.

Every one interested in the growing of sweet potatoes is urged to attend this meeting. It is also desired that a number of the business men attend this meeting so as to get first hand information as to the possibilities of the sweet potato development. Bethel business men and farmers came together and put a sweet potato storage house over, and expect to grow and house 10,000 bushels the coming season.

Goldsboro, New Bern and other neighboring towns are going to build storage houses this year. Greenville cannot afford to stay in the rear ranks in so important a matter as a sweet potato storage house.

HIGH ARMY OFFICERS FIX SIZE OF ARMY AT APPROXIMATELY 150,000
Washington, March 13. — Disregarding advice of General Pershing other, high army officials of the house appropriation committee today fixed the size of the American army at not more than eleven thousand officers and one hundred and fifteen thousand men.

DAUGHTER OF HUGHES TO BECOME A BRIDE

Miss Catherine Hughes, daughter of Secretary of State Hughes, soon will be married to Chancery Lockhart Waddell, of New York. Miss Hughes is twenty-three years old and is a graduate of the National Cathedral School for Girls and Wellesley College. The groom-to-be is a Harvard graduate and served overseas during the war.

WILMINGTON MEN PLAN TO SUPPORT EASTERN CHAMBER

Business Men Pledge to Contribute \$15,000 Annually For Five Years.

RESOLUTION ADOPTED TO STAND BEHIND ALL PROGRESSIVE ISSUES

Publicity Campaign of Great Magnitude to be Started in Thirty-nine Counties.

Wilmington bankers, business men, professional men and citizens of the city generally have pledged themselves to raise \$15,000 to \$20,000 annually for five years to sustain the Eastern North Carolina Chamber of Commerce on the comprehensive program to be vigorously carried out after the plans for financing the organization shall have been successfully accomplished. That was done at a meeting as an almost spontaneous response to the efforts of the local promoters of the new chamber to interest Wilmingtonians in the great undertaking. They included J. R. Eddy, field financial agent of the tentative chamber organization.

After speeches by a number of Wilmington's constructive men and leaders in progress and development, resolutions offered by Secretary Louis T. Moore, of the Wilmington Chamber of Commerce, were adopted with marked enthusiasm, their purport being strong endorsement of the Eastern Carolina Chamber of Commerce, and inclusive of the following:

"Resolved, that a sum approximating \$15,000 to \$20,000, for a period of five years, be raised by the bankers, manufacturers and merchants here assembled; each of the three groups designated to be responsible for a minimum of \$5,000 of said amount."

Approximately, the five year pledge is \$100,000 and it is to be part of a fund of \$500,000 which it is proposed to expend at the rate of \$100,000 a year in carrying forward a development and publicity campaign of pronounced magnitude, as announced in detail at the meeting Wednesday night. The balance of the pledges are to be solicited in the thirty-nine counties.

GREAT INTEREST IS MANIFESTED IN PITT TRACK MEET

Things Warming up Around Public Schools Preparing To Take Part in Contest.

FAIR GROUNDS WILL BE PUT IN CONDITION FOR ALL FEATURES

List of Prizes to be Presented Through Columns of This Paper in Few Days.

Things are warming up about the public schools in Pitt county, and the reason is the public school athletic meet to be held under the auspices of the Rotary Club in Greenville on Monday, April 3rd, 1922. On every hand organizations interested in stronger, cleaner, more self-controlled boys and girls in Pitt, are offering their services, and laying their plans to make this one of the greatest events ever staged in the state.

Sky-Pilot Sam Phillips, who has had a large experience in Athletics himself, has met with all the school teachers in the county and reports that their enthusiasm is great for the meet, and he has so arranged the events and the classes that every boy and girl in the county is to have a chance to enter the finals to be held in Greenville. Each school will hold its own private trials this week, selecting its winners for the different events. These winners, representing their various schools will also journey this week to the school which is the center for their group, where they will all compete against each other, and then the winners from these Group Center contests, will be seen in action in Greenville on Monday, April 3rd, 1922.

The fair grounds are to be put in the condition of a standard field for such an event, and those who come from far and near, are going to be thrilled with the athletic prowess of Pitt county's coming generation. The Kiwanis club at its last regular meeting, voted to offer the silver cup which is to be the permanent property of the school which wins the greatest number of points.

In a few days the list of prizes to be offered by the Greenville merchants will be published, as well as the details of the program, which will include school exercises in the morning, preparatory to the Athletic events of the afternoon. This announcement is made, so that every citizen of the county can make his plans to be present on this great county commencement day, and back up with his presence and influence, the great educational forces which are ours to the limit of their capacity.

Keep your eyes on the paper. The Reflector is ready to serve the county in all such movements, and its future plans have been made to establish it in every home in the county as one of the great forces which bind our people together in that unity without which there is no strength. It is already impossible to keep up with the progress of Pitt without the Reflector, and the day is not far distant when all our people are going to realize this fact.

FEAR EXPRESSED FOR RECOVER OF GEN. CARR

Durham, March 13.—Fears were expressed here today for the recovery of General Carr, commander of Confederate veterans, following an attack of influenza. With continued high fever, his condition is said to be grave.

SEVEN KILLED AND SCORE INJURED IN WRECK AT ATLANTA

Atlanta, March 13.—Officials today blamed faulty equipment not detected in a careful inspection before the train left Atlanta for the wreck which killed seven and injured sixteen here today.

Several of the injured are still in hospitals, and only a few have been permitted to leave. The rear coach of train No. Two, which left Atlanta at 7:45 this morning plunged off a trestle into Camp Creek when a broken wheel on the front track caused derailment.

BASEBALL MEETING TO BE HELD HERE TOMORROW NIGHT

A meeting for organization of the Greenville baseball club will be held in rooms of the chamber of commerce tomorrow night at 8 o'clock, and the public is cordially invited to attend. Plans for Greenville's participation in the Eastern Carolina league organized at Kinston last week will be discussed. Be sure and attend and do your part in supporting a winning team this season.

DEPOT COMMITTEE TO HOLD MEETING TUESDAY EVENING

Plans to Discuss Paramount Issues During Session of the Chamber Committee.

Dr. K. E. Pace, chairman of the Union Depot committee, issues a call for Tuesday night, 7:30 o'clock in the chamber of commerce rooms. Dr. Pace is very anxious to have every member of the committee present on this occasion, and he wants the members to remember the time is 7:30.

This matter is receiving the serious consideration of the committee and it is believed that some definite progress will be reported at an early date.

That the present station facilities are altogether inadequate and not in keeping with the importance of Greenville and Pitt county is obvious.

COLLEGE SOCIETY TO ELECT OFFICERS FOR PRESENT YEAR

Miss Ruth Barbee Elected President of Y. W. C. A. at Teachers College.

The officers of the Y. W. C. A. of East Carolina Teachers College for 1922-23 have been elected. They are:

President—Ruth Barbee.
Vice-President—Alice Penny.
Under Graduate Representative—Annie B. Herring.
Secretary—Clara Dowdy.
Treasurer—Gladys Bateman.

Training for the examination will begin as soon as the committee chairman are appointed.

A musical program was given by the Y. W. C. A. Sunday evening. Misses Edwards, Rice, Boswell, Thomas, Wright and Mattie E. Edwards played piano solos. A section of the Senior class sang a chorus, "I Waited for the Lord." Vocal solos were sung by Misses Stallings and Markham and a trio was given by Misses Hayes, Harrell, and Gatling. "Whispering Hope," was sung by the choir.

Two marriage license have been issued by the register of deeds since reports of Saturday afternoon, both being two colored couples. Frank McCullom to Lillie Bell Williams, both of Greenville; Willie Robertson to Maggie Falkland, of Farmville community.

MR. MATTHIS AGAIN DELIVERS SPLENDID SERMON AT REVIVAL

Revival Leader Thrilled Two Audiences in Revival Series Here Yesterday.

SAYS THERE'S A DEAD LINE BEYOND WHICH HOLY SPIRIT PAUSES

Minister to French Again Tonight and Tuesday Night On Fire Themes.

Mr. Matthis delivered two remarkable sermons at the Presbyterian church yesterday, one on "The Seeking Savior," and the other on "The Unpardonable Sin." The logic in both was irresistible and the tenderness of each closing appeal will never be forgotten.

In his sermon on the "Unpardonable Sin," he approached his theme by the process of elimination, taking a long list of sins of which men have been and are guilty, yet all of which God has forgiven according to record, and eliminating these from the catalogue of the unpardonable, he declared the one "unforgivable sin," to be that of "blaspheming against the Holy Spirit." He showed why this sin is unpardonable. He declared, "in the work of saving a soul there is a triple division of labor; involving the Father, the Son and the Holy Spirit. The Father's work was to prepare the world for the coming of the Savior. The Savior's work was to pay the price of a perfect redemption.

Holy Spirit's work is to apply this redemption to the soul, and this being true, any thinking man can see why a continual refusal of the applying work of the Holy Spirit, becomes unforgivable on the part of God, either in this world or the world to come." He declared, "no matter how well the Father prepared the world for the coming of Christ, or how completely Christ paid the price of redemption, unless the Holy Spirit is permitted to apply this redemption to the soul, there can be no salvation.

There is a dead line beyond which the Holy Spirit will not go in His efforts to bring men into vital union with Christ. Just how long or how short this line may be, God has not revealed but the most solemn warnings in the Bible, say to men and women, do not run the risk of crossing this dead line, after which there is absolutely no hope. Honor the Spirits call and take Christ as your personal Savior from sin."

Mr. Matthis will preach again tonight at 8 o'clock, and at the same hour on Tuesday and Wednesday nights. The song service begins promptly at 7:45. On every side people are saying, "Mr. Matthis is one of the greatest preachers of the Bible that Greenville has ever had the opportunity of hearing." Come tonight, and bring a friend. The meeting closes on Wednesday evening.

REV. GEO. MATTHIS TALKS TO STUDENTS OF LOCAL COLLEGE

Presbyterian Minister Spoke at Teachers College at Friday Evening Service.

Rev. George Matthis talked to the students of East Carolina Teachers College Y. W. C. A. at their Friday evening prayer service. The power and influence of woman was his theme. He began with the story of Adam and Eve in the Garden of Eden; he showed that the tempter knew that if he induced Eve to eat the apple the whole degradation scheme was accomplished, and consequences proved he was right. "The Adams of the world have been following the Eves ever since." He impressed the fact that great responsibility goes with great influence, for the power of the bad is as strong as that of the good.

The students were delighted to have had the opportunity of hearing the visiting minister, and he made a fine impression.

WOODROW WILSON OPPOSES FOUR-POWER TREATY

Former President Woodrow Wilson has joined forces with Senator William E. Borah, Republican "Irreconcilable," to defeat ratification of the four-power Pacific treaty devised by the recent Washington arms conference. Wilson has written Senator Borah, outlining his reasons for believing the treaty to be "an ignominious alliance of the wrong." This latest photo of the former President shows how he has aged from his illness.

FEDERAL RESERVE SYSTEM PROPOSES GREATER CREDITS

Board Declares Farmers Must Have More Money and Recommends Way to Get It.

MEMBER BANKS SAID TO BE CHARGING OVER REGULAR REDISCOUNT

Some Banks Said to be Charging As High as Twelve Per Cent on The Dollar.

Washington, March 13.—The Federal Reserve board today declared that farmers must have more credit at lower rates than charged by banks to insure growth and protection for agricultural purposes.

The board finds that farmers in some sections of the country are forced to pay at the rate of twelve cents on the dollar for loans made with member banks of the federal reserve system despite the fact that rediscount rates are only five per cent.

The board also endorsed legislative proposals for larger powers of the federal reserve farm loan banks and said that the need at the present time for economic readjustment was greater than ever before. Credits of an intermediate character, running for a period of six months to one year, were also recommended.

WILSON LEE WITHDRAWS FROM SOLICITOR'S RACE

(Special to The Reflector).

New Bern, March 13.—Mr. Wilson H. Lee, who two months ago announced his candidacy for the office of solicitor of the Fifth Judicial district, today stated that he had decided to withdraw, leaving the field open to J. H. Davis, of New Bern, and D. M. Clark, of Greenville.

Mr. Lee said the press of legal matters prevented him from entering the political arena.

DEFENDS POWER COMPANY'S BID FOR MUSCLE SHOALS

Washington, March 13.—The Alabama Power Company's contract for government purchase of Muscle Shoals was defended before the committee today by Colonel Joyce to be "one of many" bids approved by the war department. Disposition of the property depends on court construction of the contract.

Revolutionary and Government Forces Clash at Johannesburg, Near Mine Fields.

LARGE FORCES OF FARMERS RESPOND TO CALL FOR AID

Premier Smuts Making Effort To Put Down Uprising Without Success.

(By International News). Johannesburg, South Africa, March 12.—Nearly two hundred persons have been killed and more than a thousand wounded in a terrific battle between government forces and revolutionary forces in charge of the western suburbs of this city, according to police reports here this morning.

The rebellion grew out of a mine strike on the Rand. Estimates of the casualties varied slightly today, but it is believed at least one hundred and eighty persons were killed during terrific engagements Friday and Saturday.

Large forces of farmers responded to Premier Smuts' call for volunteers to help government troops. Premier Smuts declared it should not take long to put down the uprising and fighting in progress in various parts of the mine fields.

Numbers of women were also killed during the fallings of this city and suburbs. Hospitals are overcrowded and conditions are more serious than in years.

TWO DEFENDANTS DRAW SENTENCES ON COUNTY ROADS

Will Johnson Draws a Total of Eighteen Months and Tom Hand Comes in For Six.

Will Johnson, colored man of this county charged with carrying a concealed weapon and larceny was sentenced to the road for eighteen months this morning by Judge Louis G. Cooper in the regular Monday morning session of county court. Johnson drew two months in the larceny indictment and six for carrying a concealed weapon.

The docket this morning was considerably lighter than usual, and adjournment was completed before the noon hour. Most of the cases, however, required more time in disposition than generally and the session was completed only a few minutes before time for noon adjournment.

Tom Hand was sentenced to four months in jail, to be assigned to work on the county roads, on a larceny charge.

Robert and Clarence Carraway, charged with assault with deadly were given trial, Robert Carraway being fined \$100 and cost of action. Clarence who was also indicted on a charge of carrying a concealed weapon was required to pay the sum of \$50 and cost and to also surrender his pistol to county officials.

These five cases constituted the main part of the morning's work. The majority were continued from county court, the others being sent up from some magistrate's court in other parts of the county.

FOUR DEEDS FILED HERE SINCE SATURDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since reports of Saturday afternoon:

Pattie B. Cherry to S. L. Carson, consideration \$125; R. R. Whitehurst to Charlie Whitehurst, consideration \$900; H. W. Webb to C. C. Bugar, consideration \$1500; W. B. Brown to J. B. Williams, consideration \$900.

Paying the bonus is easy, but finding somebody to pay it is where the trouble comes in.

Somebody said the other day they thought the boll weevil was merely a myth. The farmer of the south wishes he could believe the same thing.

Government reports indicate unemployment is on a decrease in this country. This is mighty gratifying, and indicates things may return to normal much sooner than anticipated.

The shipping board is still losing money, so we are told. They might find a way to make some by putting some of those idle vessels in operation.

If the miners fail to attend Secretary Davis' conference they are subject to legal action. That's the way to go after 'em. Davis seems to be the only member of the cabinet capable of talking the initiative in anything.

Former Governor O'Neal of Alabama is going out on a speaking campaign in favor of Ford's lease of Muscle Shoals. The Alabama Power company is going to make a poor showing with such opposition as that.

The athletic meet to be held here in April should receive the hearty support of every community in the county, especially every school district. Such meetings tend to bring the people closer together, and produce competition that should be helpful.

It cost the United States two hundred and forty million dollars to occupy the Rhineland. This is one time where occupation was dearly paid for, as Germany will learn when the government demands payment.

The Kiwanis club of Greenville will give a silver loving cup to the school making the best showing in the track meet to be held here in April. This should produce much competition, and cause each school to work harder than ever to make the best showing.

The Republican party might ease up money matters somewhat in turning the corner towards better times. If things are as hard after we get there as while we are making the turn not many people will favor the change.

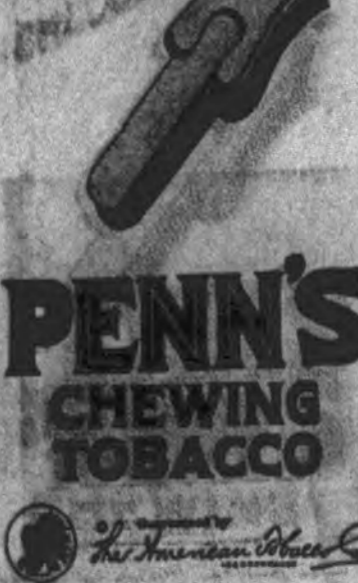

Stock raising should receive greater attention in Pitt county this year, and if it should conditions will be better at the end of the year. If other sections can make millions of dollars out of the industry we can also. Experiments have proven this to be true.

The public should rally behind the chamber of commerce in its effort to get the farmer to take more interest in things at home. The county would be much greater if more pride was taken in home life of the farm. In fact, some farmers spend more on a single automobile than they invest in their homes. When this is reversed this will indeed be a great place in which to live.

Bread prices continue to rise in Russia regardless of action of this country in trying to save the starving millions. The situation is truly serious and before another year rolls around many parts of the famine-stricken country will be almost completely depopulated by diseases. The United States is doing a great work in trying to save them, and no doubt will be rewarded.

Farmville means to participate in the Eastern Carolina league this summer and that its people will derive great benefit from the experiment goes without saying. This is going to be a trying year to business men in all branches of industry and unless they have something like baseball to divert their minds conditions will apparently be much worse. Greenville and Farmville should push their clubs as much as possible, as winning teams will make things even better.

A GROWING INDUSTRY.

The people of the United States pay an average of \$100,000,000 a year for buttons and have sent \$16,000,000 worth abroad since the beginning of the war.

The history of the button industry in the United States, since the war cut off our principal source of foreign buttons, drawn chiefly from Germany and Austria-Hungary, is, says the Trade Record of The National City Bank of New York, one of great activity both in home production and exportation. In the year before the war the value of the buttons turned out by our factories was \$20,000,000, while a census statement recently announced shows the value of the output of our button factories in 1919 the latest census year, \$43,000,000, and experts in that industry estimate that the sum paid for them by the "final consumer" in the United States was about \$100,000,000. The total number of buttons turned out by the factories of the United States in 1919 is stated by the census at 68,323,000 gross, or equivalent to practically 10,999,000,000 buttons.

Beside this big total of over \$40,000,000 worth of buttons supplied to the home market by our manufacturers, they have rapidly expanded their sales abroad. Prior to the war the value of the buttons exported from the United States averaged a little more than a half million dollars a year, but with the chief European button manufacturers, Germany and Austria-Hungary, cut off from the outside world the foreign demand upon the United States was greatly stimulated and the value of our exports of this class of manufacture jumped from a little over a half million dollars in 1914 to 1 1/2 millions in 1915, two millions in 1916, 2 1/2 millions in 1918, 3 1/4 millions in 1919, and nearly 4 million dollars in 1920.

Of this big production and exportation the once despised "mussel" existing in enormous quantities in the rivers of the United States and especially the Mississippi furnishes an important part of the material used in the manufacture of pearl buttons, and the score of button factories which line the Mississippi in Illinois and Iowa turn out millions of dollars worth of pearl buttons, the exports alone of that particular group "pearl buttons" having amounted to nearly a million dollars in 1920. In fact, a little over one-third of the buttons turned out in 1919 were "fresh water pearl or shell," the total number in that year being 23,960,000 gross out of a grand total of 69,323,000 gross.

BETHEL NEWS

(By Special Correspondence). Bethel, N. C., March 13.—Mr. Z. V. Bunting, member of the firm of J. R. Bunting Sons, has just returned from Baltimore and other northern markets where he spent several days buying spring goods for his firm. Mr. and Mrs. J. T. Martin spent Friday and Saturday of last week in Wendell and Raleigh. Rev. J. P. Harris-pastor of the Baptist church attended the Stewardship conference in Tarboro Thursday and Friday. Miss Effie Grimes, returned home from Raleigh Friday night after spending several days there with friends. Mr. J. P. Dicus and family left for Birmingham, Ala., Friday night. Mr. Dicus has a large road building contract near Birmingham, that necessitates his spending part of his time there. Mr. S. M. Jones, who is one of our most enthusiastic citizens for the sweet potato warehouse proposition, attended an important meeting of representatives from various sections of the state at Rocky Mount Friday. Mrs. M. O. Blount, who has been spending a part of the winter in Miami, Florida, returned home Friday night. The political pot is beginning to simmer in all parts of our county, perhaps it would be a good time to set up and take notice just a bit and not promise the first man that comes to you to support him at the ballot box. I have heard it said, by men of good repute, that politics have gotten so rotten that the best citizens in the county could not afford to fool with the political game. That may have been true in the past. If it remains true the best citizens in the county are responsible for it. There are plenty of good men to fill the places of honor and trust in our good county and it is now time for us to speak out and let them know that we are looking for the best man. Let those who will come before the voters of the county but by all means don't tie yourself up to a man that you would like to get released from to vote for a better one later in the game. Now is the time for us to raise the thermometer of our pride in our county by honoring our best with the best position the county can offer.

HEAR W. J. BRYAN IN SERMON AT PITTSBURGH. About thirty persons gathered at the home of Mr. E. E. Williams last night and heard William Jennings Bryan in a sermon at the Point Breeze Presbyterian church, Pittsburgh, over the radio outfit recently installed in the home. Mr. Bryan spoke on the subject of "All," every word being received by the Greenville audience in an unusually plain and distinct manner. So well was the instrument working that members of the congregation could be heard shaking hands with the "Great Commoner" after services. The closing hymn, "How Firm a Foundation" was very distinct and not a single word was missed. After the Pittsburgh sermon Mr. Williams got connected with Newark, N. J., where a concert was in progress by Madame Zerlet. This was also very distinct and created much interest. The outfit has attracted considerable interest in Greenville and Mr. Williams has an interested audience composed of prominent people almost every night connection is possible.

BARNES SAYS HE WAS AFRAID TO GO ABOUT ALONE

Had Such Terrible Dizzy Spells He Fell and Was Seriously Injured—Now Well and Strong Again After Thirty Years of Suffering. "I'm a believer in Tanlac for it certainly put an end to thirty years stomach trouble for me," said J. E. Barnes, 815 Miller St., Petersburg, Va. "I don't believe anybody ever suffered any more from indigestion than I did. Sometimes I would have an attack and the cold sweat would run down my face. I had awful dizzy spells, too, and once fell and broke four of my ribs. After this I was afraid to go around by myself. "Every three or four days I would have an awful attack of indigestion and would have to lay off from work, so Tanlac has helped me both in health and pocketbook. The fact is, it has made a brand-new man out of me." Tanlac is sold in Greenville by Greenville Drug Co., and by leading druggists everywhere.

"SATURDAY NIGHT IS WORTH SEEING ANY NIGHT"

Cecil B. De Mille's Big Paramount Production Causes Confusion in Studio.

Cecil B. De Mille's big production "Saturday Night" was finished one Wednesday night.

Sounds a bit confusing, doesn't it? But from the time Mr. De Mille announced the title of his latest Paramount picture, confusion was the order of the day around the Lasky stu-

dio at Hollywood, Calif. "What are you doing Friday night?" one actor would ask another. "I'm working on 'Saturday night.'" "I don't care what you do Saturday night. I am talking about Friday night."

BEER AND WINE WILL NOT WIN SAYS BREWER

Declare Repeal of Amendment To Constitution Necessary To Legalize Sales.

(By International News.)
 Chicago, Ill.—There isn't a chance that the sale of wine and beer will be permitted in the United States, in the opinion of Dr. Max Henius, nationally recognized authority on brewing, who recently left Chicago for a tour of European countries. Before beer or wine could be sold legally, Dr. Henius declared, it would be necessary to repeal the Eighteenth Amendment, and this he does not consider probable.

"It is utterly impossible by amending the act to permit the sale and manufacture of beer and wine," Dr. Henius said, "as it is a recognized fact that wine is intoxicating and beer over three per cent may be. The Eighteenth Amendment prohibits the manufacture and importation of intoxicating beverages. In order to get wine and beer restored to their former status it would be necessary to repeal the Eighteenth Amendment."

Dr. Henius believes, however, that specific modification of the Volstead act through definition of what constitutes a nintoxicating beverage would be beneficial in removing some of the objections that now contribute to the certain measure of unpopularity now attached to the prohibition amendment.

As a suggested means of arriving at the definition of an intoxicating beverage Dr. Henius put forth the plan that a commission of twenty scientists—ten from the American Medical Society and ten from the American Chemical Society be named to settle the problem. This committee could report its decision to congress, he says, and its findings could be substituted, in the form of an amendment to the Volstead law, for the present arbitrary definition of one-half of one per cent, which is the prescribed limit of alcoholic content for any beverage.

Dr. Henius says beverages containing less than 3 per cent alcohol should be classed as non-intoxicating.

KEEP THE BATTERY FIT.
 When you go out to the garage with a pitcher of distilled water in one hand and a battery hydrometer in the other, it may be satisfying to know that the majority of motor car owners are with you. "The Willard Company was curious," said Mr. J. Knott Proctor Willard Service Station dealer, "to know how much care was given to the battery by its owner, so they put the question directly to 2,046 owners. Of this group 30 per cent replied that they gave their battery a great deal of attention, while 20 per cent admitted that they paid very little attention to it, and 6.7 per cent stated that they did not do anything at all."

"It is doubtful if there is any other common automobile task, with the possible exception of oiling, that pays such big dividends in satisfaction and actual money as does the slight attention necessary to keep the battery fit."

GOVERNOR KILBY TO ASK LEGISLATURE TO ASSIST HENRY FORD

Birmingham, March 13.—Belief that Governor Kilby will call a special session of the legislature to adopt legislation to help Henry Ford secure Muscle Shoals was strengthened today by a statement from the governor criticising the Alabama Power Company. In Anniston the statement by Governor Kilby said that Anniston citizens are seeking to lower gas rates as well as ask the board of directors of the power company as a public service commission

eastern counties which are to affiliate with the regional chamber. The program is so extensive in its scope as to take in every phase of agricultural and industrial development publicity work and general progress. One of the emergency aims will be to put alluvial Carolina's agricultural system on such a basis as will assure its stability against the cotton boll weevil menace by means of promoting a balanced agriculture.

Suffice it to say in this instance, such spontaneous and enthusiastic action of Wilmingtonians, under the stress of all the heavy calls made upon them, augurs well for the future of a city with men of such indomitable courage and progressiveness. No one need doubt that men of such spirit and characteristic constructiveness will fall to go on building Wilmington on the lines that its future prospects hold out for port and city and development. Such work not only is a solid guarantee for the future of Wilmington but also for the development of the vast and fertile coastal region of North Carolina.

Wilmington's masters of progress, by their splendid spirit, manifest determination and eager readiness to act dissipate any doubt of Wilmington's progress. They have done even greater things before but what they
