

SUNDAY SCHOOL CONVENTION OPENED AT MEMORIAL BAPTIST CHURCH HERE TODAY WITH MANY PEOPLE PRESENT

First Session Began Promptly At Three-thirty O'clock At Church

PROF. LOCKER MAKES PRINCIPAL ADDRESS AFTERNOON SESSION

Noted Church Worker to Also Address Every Other Session of Convention

CONVENTION SPEAKER

Professor A. M. Locker, of Chicago, who will speak at the County Sunday School Convention which met at Memorial Baptist Church this afternoon for a three day session.

Opening session of the Pitt County Sunday school convention will be held this afternoon at 3:30 o'clock in the Memorial Baptist Church of Greenville. Afternoon and night sessions will be held on Wednesday, Thursday and Friday, March 15-16-17. Sunday school workers of all denominations are urged to attend.

Rev. C. H. Bascom and Rev. Leland Smith will conduct the devotional services at the Wednesday sessions.

Prof. A. M. Locker of Chicago, of the staff of the International Sunday school association, and Mr. D. W. Sims, Raleigh, general superintendent of the North Carolina Sunday school association, will be the principal speakers.

Prof. Locker will address the convention at each session on principles and methods in religious education. For the past several years Prof. Locker has been connected with the International Sunday school association, and in this capacity has spoken in practically every state in the union and many provinces of Canada.

Sunday school workers of Greenville will have opportunity of hearing Mr. D. W. Sims, general superintendent of the North Carolina Sunday School association, at various sessions of the convention. When Mr. Sims took charge of the co-operative Sunday school work in North Carolina in November 1920 there were only 9 of the 100 counties in the state with a county Sunday school association.

The program for the six sessions follows: First Session—Wednesday Afternoon March 15th. 3:30—Devotional. Rev. C. H. Bascom. 3:40—The Teacher Before the Class. Mr. D. W. Sims. 4:10—Teaching a Furlong Process. Prof. A. M. Locker. 4:50—Period of Business. Attendance Record. Announcements. 5:00—Adjourn.

Second Session—Wednesday Night, March 15th. 7:30—Devotional. Rev. Leland Smith. 7:40—The Weak Link in the Sunday School. Mr. D. W. Sims. 8:10—Period of Business. Announcements. 8:20—Relationship of Pupil and Subject Matter. Prof. A. M. Locker. 9:00—Adjourn.

Third Session—Thursday Afternoon, March 16th. 8:30—Devotional. Rev. N. D. Wiggs. 3:40—Principles of Child Study. Prof. A. M. Locker. 4:25—Problem Solving Period. Conducted by Mr. Sims and Prof. Locker. 4:50—Period of Business. Attendance Record.

(Continued on page three.)

ORDER FAVORABLE REPORT RETURNED IN BONUS ISSUE

Members of House Ways and Means Committee Order Favorable Action

CHAIRMAN FORDNEY TO SUBMIT FORMAL REPORT TOMORROW

Officials to be Questioned on Certain Points of Issue Before End

Washington, March 15.—A favorable report on the long controverted soldiers' bonus bill was ordered today by the House ways and means committee by a vote of 19 to 5. Chairman Fordney plans to submit his formal report tomorrow or Thursday, but said the time of calling the measure up in the House would not be fixed definitely until after the return here of Speaker Gillett, who is in Florida with President Harding.

Representative Fordney said he did not expect Speaker Gillett to bring any message on the bonus from the executive and that the subject of the conference with the speaker would be the question of calling up the bill next Monday under a suspension of the rules.

The vote on the measure today in the committee was taken after Secretary Mellon, Comptroller of the Currency Crissinger and Governor Harding, of the Federal Reserve Board, had been questioned for two hours in open session as to their ideas of the bank loan adjusted certificate plan.

Before the final vote the committee rejected, 19 to 5, an amendment offered by Representative Backarach, Republican, New Jersey, to impose for a period of three years a one per cent tax on wholesalers, designed to raise \$500,000,000 with which to finance the bonus.

Under an amendment suggested by Governor Harding and adopted by unanimous vote, banks making original loans on the adjusted service certificates could have those certificates rediscounted by other banks authorized to make original loans on the certificates. Governor Harding objected to having the certificates rediscountable by Federal Reserve Banks, saying the general economic effect would be unfavorable.

FOUND CHEAPER TO RUN THE NAVY IN PACIFIC OCEAN

Destroyers, Deadliest of Sea Weapons, Kept Up at Less Cost on West Coast

By T. N. SANDIFER, International News Service Staff Correspondence.

Washington.—It is cheaper to maintain a destroyer in the Pacific than in the Atlantic, according to the latest figures from the Bureau of Engineering, Navy Department, made public recently.

The average cost to maintain in full commission a destroyer in the Atlantic fleet is \$28,000 annually, while in the Pacific the cost is \$17,900. In the Asiatic regions it costs all of \$31,000, the figures state. However, the cost on the European station is only \$12,000 so that the tables balance fairly well.

A number of destroyers are now maintained with greatly reduced complements, thus effecting a saving. This is possible, as a destroyer with 50 per cent complement costs \$17,000 in the Atlantic and \$11,000 in the Pacific.

These little boats are still classed among the deadliest weapons afloat and in the Pacific particularly they are constantly striving to keep at the highest possible state of efficiency. This same applies, of course, to all units wherever they may be stationed, but handicaps vary with the locality.

Recently while departing for the drill grounds on the Pacific Coast the destroyer squadrons got under way in periods varying from six to fifteen minutes, setting several records. The work of the little speed craft, in the words of a former destroyer officer, is to "attack the enemy ships with their torpedoes, his submarines with their depth charges, his light surface craft and airplanes with their guns, and defend their own ships with their smoke."

SPANISH WARSHIPS BOMBARDING MOORS WITH MUCH SUCCESS

London, March 15.—Spanish warships were today bombarding the coastal regions of Morocco, according to Madrid Dispatches. The last attack of the Moors was repulsed with great loss.

SWINDLERS RELEASED FOLLOWING HEARING IN ORLANDO, FLORIDA

Orlando, March 15.—Five of the six men arrested in Mobile on charges of participating in swindling costing George Cohen, Pennsylvania tourist, 12 thousand dollars, were released under bond today following preliminary trial.

NEGRO ATTEMPTS TO BURN WOMAN ALIVE BUT FAILS

Wife Attacks Florida Woman And Pours Gasoline Over Clothing

WOMAN SLASHES HER ASSAILANT WITH A BUTCHER KNIFE

Countryside is Aroused and Large Crowd is Searching For Negro

Wrightsville, Ga., March 15.—Two dogs from two counties are on the trail of a strange negro, who this morning slashed the clothing of a young widow near Kite and then poured gasoline over her body and set fire to her. The negro demanded money and the widow cut his face with a butcher knife.

The negro, a stranger in the community, fled on the arrival of a negro farm hand and the woman's brother. The woman had previously inflicted a wound on his throat with a knife she had been using to cut broom grass. She leaped into a shallow pond to extinguish her blazing clothes, saving herself from serious burns.

The woman, a young widow, had gone with her child to the edge of a nearby swamp, she said, and the negro appeared suddenly out of the swamp, pointed a rusty pistol at her and first demanded money. He soon closed in on her and seized her nose, so she could not scream, but she slashed at him with a knife and drew blood from his throat.

In the struggle the assailant pulled a small bottle of gasoline from his pockets and drenched the woman's clothes, she said. He then struck a match, but the clothes failed to ignite until after the third match had been struck, she declared. The appearance of the negro farm hand and the woman's brother about 10 o'clock, she said, caused the negro to flee and with her clothes ablaze, she jumped into a slough of water. The negro pulled her out and, after she had been carried home, word was telephoned here and to Kite.

TELLS OF VALUE OF SWEET POTATO STORAGE HOUSES

G. A. Cardwell Tells Chamber Of Commerce of Community Needs

COMMITTEE APPOINTED TO SOLICIT FUNDS TO BUILD STORAGE HOUSES

Business Men to be Visited and Asked To Help Build Houses

Mr. G. A. Cardwell, agricultural agent for the A. C. L. railroad, with headquarters at Wilmington, made a most interesting talk on the sweet potato last night to a number of farmers and business men in the Chamber of Commerce rooms. It was clearly evident that Mr. Cardwell looked with optimism toward the future of the sweet potato. He said that it was not a get-rich-quick scheme, but that a reasonable profit could be expected from the growing of sweet potatoes.

Before sweet potatoes can be grown for market, storage houses must be built to care for them. That a number of communities are interested in the storage house question is shown by the following towns deciding to build this season: New Bern, Goldsboro, Bethel, Smithfield.

Chairman Ellen appointed a committee composed of W. L. Best and Secretary Smith to confer with the business men and see if the necessary funds can be secured to erect the storage house.

This is an opportunity offered Greenville to launch an enterprise that will be far reaching in its effect for the good of Pitt county.

TWO DEEDS OF TRANSFER FILED SINCE YESTERDAY

Two deeds of transfer have been filed in the office of the register of deeds for registration since reports of yesterday afternoon: G. H. Cox and wife to E. H. Allsbrook, consideration \$1,000; Albion Dunn, trustee to Joseph Daniel, consideration \$3500.

FIFTEEN DIRECTORS ELECTED AT MEETING OF BASEBALL ENTHUSIASTS LAST NIGHT OFFICERS TO BE NAMED FRIDAY MORNING

PRESBYTERIANS TO HEAR LAST SERMON THURSDAY EVENING

Dr. Matthis to Speak Tonight And Close Services Tomorrow Night

Mr. Matthis returned to the city last night, and will preach tonight at 8 o'clock at the Presbyterian church, bringing his last message of the meeting on tomorrow night. The song service will begin promptly at 7:45 p. m.

A large audience greeted Rev. C. A. Lawrence of Farmville last night, who took Mr. Matthis, place until he could return. He brought a message on "Reconciliation," which was filled with the Word of God, and brought home to the hearts of his hearers how forcibly God has tried to let sinners know that He has no pleasure in the death of the wicked, but has done everything He can do, to present men with everlasting life. Mr. Lawrence has only recently come to Pitt county, to take charge of the Presbyterian church at Farmville, and already it is evident that he is a man of fine executive ability, large vision, and a hard worker.

Mr. Phillips, pastor of the Presbyterian church, is especially anxious that everyone should hear the concluding messages of Mr. Matthis. Those who have heard him have been universally sincere in their appreciation of the strong, tender, convincing sermons he has been preaching, and he has but deepened the ties that already bound him to the hearts of Greenville. Come tonight and bring a friend.

ROUND TABLE CLUB HOLDS AN INTERESTING MEETING

On Tuesday the Round Table Club met in regular session, with Mrs. C. J. Ellen, with a good attendance. The principal item of business was: election of officers for the coming year. All of this year's officers were re-elected with Mrs. J. E. Winslow as president.

There was much discussion as to the subject of study. It was decided to take North Carolina history and Modern Short Stories.

Much regret was expressed that the board of health had recinded the law in regard to the use of sanitary cups, as sanitation is one of the things that the women of the town are trying to advance, this would be a decided backward step, therefore the club went on record as favoring the sanitary cups, not only in the drug stores, but in every ice cream parlor or wherever drinks are served.

The topic for the afternoon was: "Problems of Democracy."

Miss Weyman gave, "The Public Schools as an Institution of Democracy," this was entertaining and instructive, in it were the views of Jefferson, showing that education is the true maker of Democracy.

Mrs. Milton White's paper "Education and Leadership," was a delightful history of Charles William Elliott who for forty years was president of Howard College. In this century when it seems most men want some public office, it is said that there was an unparalleled instance in his life. He was offered the ambassadorship to the court of St. James by President Taft, later he was offered the name by President Wilson, declining both times.

All were glad to have as guest with us Mrs. H. L. Smith. A tempting salad course with coffee was served by the hostess.

FARMHOUSES BLOWN DOWN BY WIND NEAR NASHVILLE

Nashville, March 15.—Two farmhouses ten miles west of this city were blown down by a small wind-storm last night, according to reports reaching here today.

Directors to Elect Officers at Meeting at Chamber of Commerce Friday

FAIR GOUNDS WILL AGAIN BE USED FOR PARK THIS SEASON

Independent Ball Again Decided as Most Advisable For This League

Greenville baseball enthusiasts met in rooms of the chamber of commerce last night and outlined preliminary plans for Greenville's participation in the Eastern Carolina league. The meeting was largely attended and every issue discussed with great enthusiasm.

The most important action taken during the meeting was the election of a board of directors. The body was empowered to elect officers for the club, which will take place at a meeting to be held in rooms of the chamber of commerce Friday morning at 10:30 o'clock.

The board is composed of E. G. Finagan, J. C. Lanier, Guy Smith, W. S. Moye, W. Z. Morton, Albion Dunn, J. K. Young, W. H. Dall, Jr., T. Hollingsworth, Raymond Moore, D. D. Overton, Geo. W. Woodward, J. K. Brown, H. A. White and A. M. Mosley.

The baseball park again came up for consideration, selection centering on the fair grounds. A committee appointed at the former meeting to look after this matter had been in touch with owners of the fair grounds and made satisfactory arrangements for the coming year.

Independent ball again met with favorable consideration, practically every fan deciding it absolutely necessary for success of the organization. Hope was expressed that organization would be perfected at the meeting on Friday night.

Other matters looking to organization of the club will be taken up at a meeting after Friday, and it is expected actual work in getting the club together will begin shortly afterwards.

Action of the board of directors in naming officers of the club will be watched with considerable interest, as success of the outfit will be largely determined by these men.

WILLIAMS IS AGAIN ELECTED HEAD OF CITY DEPARTMENT

E. E. Williams Re-elected Superintendent of Water and Light Commission

At the regular meeting of the water and light commission of this city last night E. E. Williams was re-elected superintendent of the department. This was the only matter of outstanding importance taken up during the evening, although regular business of the department was disposed of.

Mr. Williams has been superintendent of the department the past two years, and during the time has made many commendable changes. He came to Greenville at a time when great improvements in the water and light plant were under way and played an important part in their completion.

Mr. Williams is at the present time engaged in other work looking to improvement of his department, and his re-election is one of the most important steps taken by the commission.

ONE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

Only one marriage license has been issued by the register of deeds since reports of yesterday afternoon, that being to Arthur Little and Susie Buassy, both colored of Carolina township.

Brief Telegraphic Reports

WIFE OF FLORIDA SENATOR DIES IN ORLANDO HOSPITAL

Orlando, March 15.—Mrs. Park Trammel, wife of the United States junior senator from Florida, died last night at a local hospital after illness of several weeks. Senator Trammel was at her bedside when she died.

PROHIBITION AGENTS REPORT RAIDING OF ABOUT TWENTY STILL

Jacksonville, March 15.—Prohibition agents, assisted by more than a hundred citizens and volunteers today reported the raiding of twenty stills, destruction of 889 barrels of mash and 88 gallons of distilled spirits. Three prisoners were taken in the raid.

DISASTROUS FIRE SWEEPS OVER CITY OF CHICAGO TODAY

Chicago, March 15.—The most disastrous fire that has visited Chicago since 1871 was controlled at four o'clock today after fourteen buildings had been destroyed or damaged with estimated loss of five to ten million dollars. One fireman was killed when a red hot girder from an elevated railway fell on him.

HARDING TO DECIDE WHETHER OBSERVER WILL BE AT GENOA

Washington, March 15.—Whether the United States will be represented at the Genoa economic conference by an unofficial observer will be decided by the president when he returns from his vacation in Florida, it was announced by the state department today.

STRONGHOLD OF REVOLTING MINERS CAPTURED TODAY BY GOVERNMENT TROOPS

London, March 15.—Fordsburg, stronghold of revolting miners, was captured by government troops after 70 minute bombardment, according to a Johannesburg dispatch received here this morning.

SEVERAL INJURED IN HEAVY WINDS IN ALABAMA TOWN

Citronelle, Ala., March 15.—One man was probably fatally injured and several others slightly when four homes were destroyed by a tornado which swept over this city today.

NEGRO ELECTROCUTED TO SATISFY REPUBLICAN POLITICIANS, HE SAID

Nashville, March 15.—Maurice Mays, negro, was electrocuted in the state prison here today for the murder of Mrs. Lindsay at Knoxville, in 1919. The negro protested his innocence at the last moment, declaring that he died to satisfy Republican politicians.

MINERS TO CONFER WITH OPERATORS ON WAGE CONTROVERSY

New York, March 15.—Anthracite miners, headed by John Lewis, international president, began negotiations with operators this afternoon determined to force suspension of work in the hard coal industry until May 1st, unless operators agree to a renewal of the present wage agreement with guarantee of 11 months work.

Mr. S. M. Jones, of Bethel, spent the day in Greenville.

Wednesday, March 15th, 1922

The man that reports increased business to the government in his tax returns this year should be rewarded instead of taxed.

The need of additional fire fighting equipment has been very apparent in this city for some time, and Greenville people would be gratified at the effort of the board of aldermen to supply the necessary equipment. One truck for a town the size of Greenville is inadequate as everyone knows all along, and the board of aldermen could do nothing better than make this improvement. It is another sign of the city's development—one in which everybody's property is at stake.

Great Britain is on the verge of revolution, according to reports received daily from that country. This is to be regretted, as it was hoped that Britain and all observing countries might recover without the fearful results of labor disorders. Some parts of the country, however, are managing to remain quite undisturbed, and it is such sections that will enjoy whatever the future has to offer. The sections resorting to warfare can expect nothing more than what they bring upon themselves.

The coal strike at the present time appears inevitable despite efforts of the government to bring about a compromise. It is to be hoped, however, the strike may yet be delayed, as it will be a calamity which American industry will be long in overcoming. It's a pity the miners can't accept conditions as they are without producing such a serious situation. They should have learned by this time that everybody must share the period of depression, despite occupation of

Several towns claim that N. G. Bartlett, newly elected manager of the Eastern Carolina chamber of commerce, should be located within their borders, forgetting that the president of the organization lives in Greenville and other officers within a short distance from the town. Mr. Bartlett should be located here. His nearness to the president will be a means of saving the organization hundreds of dollars in railroad fare and telegraph messages, which would certainly be necessary in all important matters. The secretary manager should be in daily communication with the president if best interests of the institution are served, and for that reason Mr. Bartlett should be permanently located in Greenville. He would have all the facilities any other towns so far has offered, and so far as business principles are concerned, they are all in Greenville's favor. The directors should consider all these facts before rendering final decision, as the organization is large and Dr. C. J. Ellen, president, should be in daily touch with Mr. Bartlett.

Work in widening Dickinson avenue is well under way, and in course of a short time those who promoted a wider street will have the pleasure of seeing construction work completed. This street is probably used as much if not more than any other in town, and it is very necessary that it be wide enough to accommodate heavy traffic. Property owners did the right thing in paying their part of the expenses, as the return will be two fold in less time than expected.

Up to this time through the efforts of County Superintendent W. H. Hagsdale, seven public school libraries had been established in Pitt county. Quite a controversy was on between the board of aldermen and the purchaser of a lot on Eleventh street, on which there was a ten foot encroachment on the street when a building was placed on the lot. J. T. Pario went to Danville. Mrs. W. A. Bowen returned from a visit to relatives in Plymouth.

Who Uses Willard Threaded Rubber Batteries?

It would be a good deal quicker to name over the car-builders who don't. For the great majority of builders of cars and trucks have selected Willard Threaded Rubber Batteries. You'll find them now on 173 makes.

The ability of Threaded Rubber Insulation to resist cracking, warping and puncturing, and therefore to give more miles of uninterrupted service per dollar, appeals to the builder as much as the buyer.

When you buy a new battery it is worth your while to look into the battery that has been selected by the best brains of the automotive industry--the Willard Threaded Rubber Battery.

We can fit your car from our complete stock. Greenville Storage Battery Co., Inc. Fifth and Cotanch Sts. Phone 200 for Service Through Service We Grow

Lung Weakness and Hacking Cough

(Wednesday Health Talk No. 11) (By J. B. Ball, D. C. Ph. C.,)

Many sufferers from terrifying lung disease that hang on and on, threatening at any time to become virulent, have no realization of the fact that chiropractic spinal adjustments will go directly to the seat of this trouble and remove the cause.

UNCLE BEN SAYS: "Nevvy, if your wife can't cook and your digestion is all shot, get chiropractic spinal adjustments for your stomach, get your food from a restaurant and keep your wife for a pet."

If the spinal nerves to the lungs are under pressure it is most reasonable to expect lack of tone, weakness and disease. Chiropractic, spinal adjustments by freeing the nerves for their work give nature a chance and health results.

Suffered 15 Years

"For fifteen years I had headaches, asthma, indigestion, lung weakness and a hacking cough, very inactive bowels for which I had to take purgatives and cathartics. I tried many different methods without relief. After taking several courses of chiropractic spinal adjustments, I can thankfully state that chiropractic has made me well in nearly all of the troubles. I weigh more and feel better now than in many years.

HEALTH FOLLOWS CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

- HEAD, EYES, EARS, NOSE, THROAT, ARMS, HEART, LUNGS, LIVER, STOMACH, PANCREAS, SPLEEN, KIDNEYS, BOWELS, APPENDIX, BLADDER, LOWER LIMBS

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING RE-MOVES THE PRESSURE. THE UPPER NERVE IS FREED AS NATURE INTENDS.

I shall be glad to refer anyone to the chiropractic method for I firmly believe it is the only method that can do any one any permanent good."--Mrs. Dora B. Taylor, Chiropractic Research Bureau Statement No. 1305H.
