PRESIDENT WILSON WINS DIVORCE SUIT IN SUPERIOR COURT

President Granted Divorce From Wife in Local Court Yesterday

TWO OTHER DIVORCE CASES DISPOSED OF DURING THE SESSION

Hard Fought Legal Battle Begun Between Ayden and Norfolk Concern

President Wilson was granted divorce absolute from his wife in yesterday's session of Pitt county superior court. The President told the court his wife completely deserted him when business demanded his attention, and that he couldn't give her the thought and consideration which she later accepted from another. His wife also complained of the neglect, and the court found it advisable to grant them desired separation.

The President Wilson who attracted much attention in this case, however, happened not to be the illustrious Woodrow Wilson who guided the destinies of the world for eight years. In other words, President is just an ordinary colored man, and his wife is an equally ordinary colored woman by the name of Betty, who could not remain staunch and sincere to her President when he gave business more attention than his wife. In fact, it was alleged that she received consolation from other quarters, and the President, still burdened with great business problems, sought recourse in the court.

Alfonza Wilkes was granted divorce absolute from Annie Wilkes on grounds of alleged immoral relations. Lizzie Morton, white, was granted divorce from J. W. Morton on grounds of alleged abandonment.

After the three divorce cases had been disposed of hearing was begun in the case of Southern Iron and Metal Company vs. Ayden Lumber Company, which consumed the remainder of the day and will probably occupy a greater part of today's session. The plaintiff contends that the Ayden concern signed a contract for shipment of scrap rails. The defense maintains, however, that the rails were never received and that no contract had ever been signed, although it was admitted a contract had been signed for other kinds of scrap iron.

The plaintiff is represented by a law firm of Norfolk where the concern is located, and from all indications the case will be one of the hardest fought heard here in some time.

DUPLIN SHERIFF SHOT TWO TIMES BY A CRAZY MAN

Deputy Sheriff Sam Ingram is Saved By Pencil Stopping Force of Bullet

Deputy Sheriff Sam Ingram, son of the Sheriff of Duplin county, S. M. Ingram, was shot at twice by a crazy white man, near Beaulville Saturday night and wounded in one arm by one bullet and escaped death miraculously when a pencil in his pocket stopped the other bullet's force sufficiently to prevent it from penetrating his flesh and killing him. The pencil was smashed and the bullet was found in the pocket of his coat. His information was received from Kenansville, the home of Mr. Ingram last night, following rumors on the streets here that he had been killed. In fact, the occurrence was so peculiar that rumors might easily have gotten out. The flesh wound at the neck did not cause the Deputy-Sheriff much trouble as he arrested the crazy fellow and brought him to Kenansville and had him locked up. The man will be taken to Raleigh soon and put in the State Asylum for the insane. The wound in Mr. Ingram's arm was trifling and did not prevent him from going about his regular duties.

Conan Doyle is telling about what he will do in heaven. Optimist.

THREE YEAR ROAD BUILDING CAMPAIGN AUTHORIZED TODAY

Congress Authorized Expenditure of \$190,000,000 in Road Work in July

SENATE AUTHORIZES FIFTY MILLION FOR FIRST YEAR'S WORK

Every State Will Share in Appropriations Provided That Fifty Per Cent is Paid

(By International News). Washington, March 21.—A three year government road building program, involving an expenditure of approximately a hundred and ninety million dollars was started today when the senate authorized appropriations of million dollars for the first year's work, sixty-five million for the second year and seventy-five and thirty million for the third.

Construction work will begin July 1st, according to provisions of the program, and every state in the union will share in the appropriation. All operations will be under supervision of the Federal Highway Act, which requires that each state pay fifty percent of construction charges, the government paying the remainder.

BETHEL NEWS

(Special Correspondence.)

Bethel, N. C., March 21.—At the road camp just one mile east of here this afternoon there was a dangerous cutting affray between two colored women. One Nellie Nelson seems to resent the advances that Nancy Reed was making to her husband, Shepherd Reed. Not being able to express her feelings strong enough by words Nellie Nelson secured a time honored razor and went for her opponent with the result that the Reed woman had to be brought to the doctor and was found to be in a serious condition. The physician attending her had to take quite a number of stitches in the wounds across her back and shoulders. One of the cuts penetrated the abdominal cavity just over the left kidney. After papers were secured for the Nelson woman deputy sheriff, J. S. Nobles went to the camp and found the woman and brought her before Magistrate J. W. Rook, she submitted to the charge and was placed in the lock-up to spend the night and will be carried to the county jail tomorrow.

The group contest here Saturday that included the schools in Bethel Carolina and Belvoir townships, to select representatives to go in the county wide athletic contest that is to be in Greenville the third of April Bethel girls won nine first places and three second, boys won fourteen first places. Stokes boys won five first places and eight second places. Gurganus won one first place and five second. The meet was very interesting and was attended by a large and enthusiastic crowd.

Prof. S. J. Husketh, superintendent of our schools here, was called to Durham yesterday to be at the bedside of his father who is critically ill.

Miss Lilian Edmondson spent the week-end with friends and relatives near Robinsonville.

J. P. Harris is supplying as teacher, in the absent of Supt. Husketh, in the high school department.

Miss Frances Smith, who is a student at Meredith College, came home Saturday to spend a few days with her father, Mr. W. J. Smith. She was accompanied by one of her class mates, Miss Ida Lowe of Conway. They will return to Raleigh tomorrow.

Mr. Jasper Smith, who is teaching near Winterville spent the week-end at home with his sister and her did not cause the Deputy-Sheriff much trouble as he arrested the crazy fellow and brought him to Kenansville and had him locked up.

Dr. and Mrs. P. E. Jones, of Farmville spent Sunday with Dr. Jones' father, Mr. S. M. Jones, Mrs. Jones will continue her visit here for several days.

Man says he has a wrist telephone; but may be talking up his sleeve.

En route to the wall they probably say "The old broken bucket shop."

LIVE AT HOME IS IMPRESSED UPON COUNTY FARMERS

Campaign to Improve Conditions Carried Into Many Sections of County

TEAMS CANVASSED DILIGENTLY AMONG GROWERS YESTERDAY

Movement to Continue Today Being Brought to an End Late This Afternoon

The "Live at Home" campaign under the direction of Secretary H. L. Smith, of the Pitt County Chamber of Commerce, and County Agent W. B. Pace, has been carried on with much interest yesterday and today. In order to practically cover the county as quickly as possible, two teams went out for three appointments a day each. One team was in charge of Mr. Smith and the other in charge of Mr. Pace. Mr. Smith's team visited Farmville, Arthur and Grifton on Monday, and Pactolus, Stokes and Bethel today. Monday Mr. Pace's team visited Fountain, Falkland and Bell's Cross Roads and Grifton, Sheldermine and Grimesland today. Both teams met at Winterville Monday night and at Black Jack Tuesday night for motion picture exhibits. Besides the leaders the teams were composed of State Entomologist Franklin Sherman, O. F. McCrary, district farm agent, K. T. Futrell, welfare officer, and Rev. W. P. Shamhart. Local men assisted at each of the appointments.

Addresses on various topics emphasizing the advantages and the necessity of making the farm self-supporting were featured at each appointment, and whenever the schools could be reached, pig, poultry and corn clubs were organized among the pupils. The "Live at Home" idea will get a great impetus from this campaign, as wherever the teams went both farmers and business men showed much interest in it. There is no reason why every farmer in Pitt county can not raise his own supplies, and stop sending away millions of dollars annually for food. Anything desired can be raised abundantly in Pitt county.

FIVE DEEDS FILED HERE SINCE REPORTS MONDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since reports of yesterday afternoon: Mrs. Jane Edwards, mortgage, to A. C. Jackson, consideration \$2,000; W. J. Bullock and wife to J. C. Rasberry, consideration \$1; M. K. Blount, commissioner to W. R. Purvis, consideration \$3100; E. H. Spence and wife to E. F. Gainer, consideration \$500; G. H. Cox and wife to S. B. Currin, consideration \$1500.

LABOR DISORDERS BRING BUSINESS TO HALT IN DENMARK

Copenhagen, March 21.—Business is almost at a standstill throughout Denmark as result of the general labor lockout. Slight outbreaks of violence have been reported in some sections, and Jutland troops have been ordered out to guard chief cities. Industrial district of a hundred and eighty thousand workers is affected by the strike.

THREE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

Three marriage license have been issued by the register of deeds since reports of yesterday afternoon, all parties being colored: Edward Elks to Lizzie Bland, both of Fountain township; Andrew Barrow of Kinston to Nora Lewis of Greenville; Henry Grimes to Tempie Mae Perkins, both of Bethel township.

RADIO SYSTEMS TO BE USED IN NABBING NATION MOONSHINERS

Washington, March 21.—Radio systems as an adjunct to the prohibition enforcement machine will be installed throughout the United States. Commissioner Haynes said today he was confident the wireless to be tried out on the Canadian border will be of great help in catching rum runners. The trial has been so successful as it is regarded a necessity in all parts of the country.

BOYS AND GIRLS OF FARMVILLE TO BEGIN CLUB WORK

Poultry Club With Twenty-five Members Organized at Meeting Yesterday

The boys and girls club movement for Pitt county had its beginning in Farmville on yesterday, when some thirty-five joined this work. Some twenty-five joined the poultry club, with five or six each for the corn and pig clubs.

After a short business session, the following officers were declared elected: President, Arthur Jones; Vice-president, Geo. E. Ely; secretary, Edna Earle Lewis.

The club work never started off under a brighter outlook. Every member, as well as Mr. G. R. Wheeler, the Supt. of the school is keenly interested in the work. That marked success will attend every move of this club is confidently expected.

The county agent, W. B. Pace and the Pitt county chamber of commerce will lend every assistance to this club together with others that no doubt will be organized at an early date.

MISS FAHNESTOCK TO GIVE RECITAL HERE NEXT WEEK

Dramatic Reader to Appear for One Night at Teachers College March 27th

The Lanier Literary Society, in bringing Miss Fahnestock, the dramatic reader is offering the public an entertainment that they believe will come up to the standard set by those they have brought to the town in the past. Last year they presented the Raleigh community players in that charming play, "Green Stockings." Some years ago they brought the Robin Hood Players who presented "Pomander Walk." Twice they have had Dr. Hubert Potat to give recitals. Once Mr. Newson, a popular Chautauqua entertainer, gave a recital under the auspices of this society. Time and again they have brought lecturers of note to the school, among them C. Alphonso Smith and Dr. Benjamin F. Sledd. They have furnished the public with either a lecture by some one of literary note or an entertainment every year except the war year since the year after they were organized.

The recital to be given next Monday evening, March 27, by Miss Katherine Fahnestock, assisted by Miss Bertollet, is carrying out their entertainment policy they have followed in the past.

Immanuel Baptist Church.

Prayer meeting will begin promptly at Immanuel Baptist on Wednesday at 7:30 p. m. and also in time for any who may desire to do so to attend services at the Memorial Baptist church at 8 p. m.

T. H. PLEMMONS, Pastor of Immanuel Baptist church.

TEACHERS COLLEGE RECITAL GIVEN IN FINE CAUSE

The cause for which the recital at Teacher's College on next Monday evening will be given is one in which the people of Greenville are interested—that is, for raising money for having the portrait of Mr. J. L. Fleming painted to be hung on the walls of the college.

The societies have entered into this work together, as inter-society work. Instead of taxing the students and making up the money in a private way, it was deemed advisable for each society to let the proceeds of the annual entertainment each society offers the public go towards this fund. In that way the townspeople could join in the work by patronizing the entertainments.

Two months ago the Poe Literary Society brought to the town the great pianist, Mr. Hendrike Engerman. The recital by the dramatic reader, Katherine Fahnestock is the entertainment given for the cause by the Lanier Literary Society.

FEDERAL FORCES PLAN INVASIONS OF WET SECTIONS

Great Campaign to be Waged Silently Against Bootleggers of the Nation

SPECTACULAR RAIDS PLANNED IN VIRGINIA AND THE CAROLINAS

Moonshining Becomes of Second Importance to Smuggling and Still Gaining

(By International News).

Washington, March 21.—New drives to dry up states that are still listed by prohibition officials as wet will take form of a silent invasion by enforcement agents, under orders for simultaneous raids, according to information given out today by Commissioner Haynes.

The Florida plan will be followed as soon as the number of states to be invaded is learned, it was stated. Some of the chief attacks will be made in rural sections whence comes the chief supply of moonshine.

Prohibition officials said the moonshine problem is second only to smuggling and is gaining importance as a source of danger to civilization. Georgia, Virginia, Carolina and Tennessee probably will be the scenes of most of the spectacular raids planned.

ANNUAL SOCIETY DEBATE HELD AT LOCAL COLLEGE

Several Students Participated in Debate Held Last Night at College

The annual inter-society debate at East Carolina Teachers College was held last night. The victors were the Laniers, who upheld the negative side of the query: "Resolved, That the government should own and operate the coal mines." The open forum form of debate was used, the girls speaking from the floor of the house, and the judges sitting on the stage. Mr. R. C. Fitzgerald presided over the debate, recognizing each speaker and giving her the right of the floor. Miss Charlie Mae Barker, chairman of the inter-society committee and a Lanier, made the announcements and read the rules of the open forum form. She and Miss Pauline Sanders, secretary of the committee, and a member of the Poe Society, were the time keepers. Miss Jodie O'Brien, a Poe and Miss Lucy Andrews, a Lanier, gave the names of each speaker to the presiding officer.

The debaters were as follows: Affirmative, Poes: Misses Malissa Hicks, Gertrude Chamberlain, Carrie Lee Bell, Rose Denagar, Pearl Wright Ora Evans, Julia Whitty, Inez White, and Nina Rogers; Negative: Laniers: Misses Addie Ruth Joyner, Beatrice James, Ida Holland, Margaret Harrell, Clara Dowdy, Mary Louise Outerbridge, Annie Blanche Herring, Thelma Jackson, and Laura Smithwick.

The rejoinder in this form of debate comes along whenever questions are asked and need to be answered, so the firing back and forth of questions made the debate intensely interesting. Both sides were in painful suspense during the collection of the ballots and while Mr. Fitzgerald fingered them before opening them, he began as if he were going to make a speech. The judges were Judge F. M. Wooten, Mayor D. M. Clark, and Mr. Marvin Blount. The decision was in favor of the negative.

KING GEORGE REPORTED SLIGHT ILL IN LONDON; IS VICTIM OF INFLUENZA

London, March 21.—King George is slightly ill, according to advices received in this country today. The king is in no danger, however, although all royal engagements have been cancelled. The king is suffering from a mild attack of influenza.

TO MAKE SURVEY OF CHILD LABOR CONDITIONS HERE

State Welfare Makes Tentative Arrangements For Survey At An Early Date

EXECUTIVE OFFICER FINDS CONDITIONS IMPROVED IN CITY

Commends K. T. Futrell For Splendid Work Accomplished in This County

(By International News).

E. F. Carter, of Raleigh, executive officer of the State Child Welfare commission and D. R. Markham, authorized agent of the commission, were in the city today where they conferred with K. T. Futrell, county Welfare officer, regarding tentative plans for a survey to be made of the county in the near future. The survey, Mr. Carter said, will cover business and industrial places in interest of the child labor law and industrial hygiene, and should place the county in front ranks of this work.

Mr. Carter said they were highly gratified at the splendid work done under the administration of Mr. Futrell, and believes Pitt county will be among the first to give its children the chance in life which they so deserve. There are two new laws requiring a school record of any child under the age of 16 years, Mr. Carter stated, and these should have a tendency of bettering conditions in many ways.

On and after March 1, 1922, the first of these laws provides that the superintendent of Public Welfare and other authorized agents of the commission shall require a school record of evidence for any child under 16 years of age, Mr. Carter said, who makes application to engage in employment in any of the occupations mentioned in sections 5 and 6 before issuing either an Employment Certificate or age Certificate. The school record to be prepared by school official or teacher in accordance with the approved school code for children and the accredited record system for schools approved by the department of education.

The second law provides that after the above date the Superintendent of Public Welfare and other authorized agents of the commission shall require a physical examination by a health officer or practicing physician, upon forms approved by the commission, of any child under 16 years of age who makes application for employment, except in cases where the child has received physical examination by a medical officer of the State Bureau of Medical Inspection of schools.

The superintendent of public welfare is especially designated and commissioned as the authorized agent of the State Child Welfare Commission in the several counties to assist in enforcing and carrying out the provisions of the child labor law and other acts relative to business and industry. In this position equal care is required to supervise and direct those employed, and to correct any influence that would injure the welfare of any person or contribute to truancy or delinquency of any child.

The Superintendent of Public Welfare and other authorized agents of the commission shall suspend any certificate of employment when a condition is found that will injure the health or morals of a child, pending the action of the commission, or revoke any certificate issued on false evidence.

Employment of a child is not entirely prohibited, Mr. Carter said. The law does not prohibit the employment of children in occupations other than those enumerated in section 5, such as farming and domestic employment. It is assumed, also, that it does not affect children who are kept by their parents under their direct personal control in or about places owned and operated by the parents themselves, except in prohibited hours. The reason for this is that parents are supposed to control and care for their own children wherever they may be with them.

According to the London papers, more than one million workers have been called upon to boycott beer in England because of what is considered excessive prices.

KINSTON PASTOR PREACHES FIRST SERMON IN CITY

Rev. Lee McB White Delivers Two Stirring Sermons At Memorial Baptist Revival

SERVICES CONDUCTED BOTH MORNINGS AND NIGHT OF SERIES

Public Cordially Invited to Attend; Services to Continue For Several Days

Rev. Lee McBride White, pastor of the First Baptist church, Kinston, N. C., arrived in this city yesterday afternoon and last night preached his first sermon of a series of services, which are to be conducted in the Memorial Baptist church. Mr. White is one of the strongest preachers of the state and possesses a magnetic personality and a splendid delivery.

A large crowd heard his first sermon and were delighted with and helped by the wonderful message which he brought. He read for his scripture lesson the 10th chapter of John placing emphasis on the verse "I am the good Shepherd, etc." His sermon was developed from the 23rd Psalm. Mr. White stated that the 23rd Psalm had been called the Shepherd Psalm and the Valley Psalm. David, a shepherd, realizing that the Lord was his Shepherd and knowing that He was able to keep him from sin, as he was to keep the sheep which he tended from the dangerous places and from the wild beasts, in his joy and happiness exclaimed, "The Lord is my Shepherd." Therefore it is the Shepherd Psalm. Then the Valley Psalm. It comes between the two hills, the 22nd Psalm on the one side, in which David on the mountain top of trouble complains in great discouragement and prayer in great distress, on the other side the 24th Psalm in which David is united and expresses an unshakable confidence in the King of Glory. In between the two mountains, truth and happiness, David in the 23rd Psalm expresses his confidence in God's grace. Mr. White placed emphasis on the following sentences, "The Lord is my Shepherd," "He maketh me to lie down," and "Yes, though I walk through the valley of the shadow of death, I will fear no evil." The good Shepherd takes care of his sheep, and when he sees them wandering afar off, he tenderly brings them back to the fold. "The Lord maketh me to lie down." God expects His children to keep their promises to Him. He will sooner or later make a people, a nation or an individual recognize His power. At this point the speaker brought forth statistics showing how God made a nation lie down during the influenza epidemic while thousands, ten millions, passed through the valley of the shadow of death. David was made to lie down, but he knew that he would have God with him when he reached the valley of death. David contemplated and anticipated the great works of God when he said that God could make him to lie down and then when he knew that God would accompany him to the end of his journey, Mr. White appealed to his hearers to give God more of their time that four hours each week.

This morning at 8 o'clock, Mr. White spoke on the First Epistle of John bringing out the fact that fellowship is absolutely essential in making the church of the living God stand for what it was intended, and to make it the success which it should be.

There will be services again this evening at 8 o'clock and tomorrow morning at 8 o'clock. The public is cordially invited to all the services.

FIFTEEN YEAR OLD GIRL DISAPPEARS FROM HOME; TWO MEN HUNTED BY COPS

Miami, March 21.—Police in Florida and Georgia have been asked to watch for Theo Flowers, pretty 15 year old school girl, believed to have left with two men who met her with an automobile as she was leaving Sunday school.

Mr. and Mrs. C. L. Parker, Misses Aylene and Myrth Chambers and Miss Eva O'Neal, of Bethel, spent Saturday in Greenville.

PUBLIC AGAINST STRIKES.

The strike of coal miners seems inevitable at present time, but it is hoped amicable settlement of some kind may be reached before that time. A strike at this time would hamper industry to no little extent, although it is true the country has enough coal on hand to last sixty or ninety days. The strike will not only cut down the production of coal but tend to demoralize other branches of industry.

The strike sentiment is unfavorable to all nations, and the men promoting it certainly cannot have the country's welfare at heart. American work men are the best paid in the world, and there is no use for them striking when they might avert it by sticking to their jobs at the same price. Prices for commodities have declined to such an extent that a man can certainly work for wages received when everything was so high.

The coal miner has not been subject to any decrease in wages, and if he should strike now and suffer the consequences of his folly there will be no one to blame but himself. The public is not in sympathy with strikers of any kind these days, and this is especially the case in the coal strike.

Speaking of homes, North Carolina leads the whole nation in the number of debt free homes. This is a record which everyone should be proud of. Where there are home owners there is bound to be prosperity. And when the homes are without debt there is bound to be plenty of thrifty people. The state is rapidly forging to the front in thrift, and the more it invests in homes the sooner it is destined to become even greater than it is.

Congress is planning to reduce the navy even more than provided for by the radical reduction of armaments at the recent conference. This would be very unwise, even though the country is hard up and money hard to get. The nation will not be fully protected if the navy is reduced to such proportions and Congress should more fully consider the matter before going further. It is alright to do everything to cut expenses, but disarming to such extent is not only folly but dangerous. The armament conference provided enough reduction, and Congress should let things remain as they are.

The Oteen Echo, a publication issued in behalf of the suffering fellows at the great hospital in western North Carolina, has become the official organ of the American Legion. This is a delecting recognition. The Echo is a worthy publication, and edited by a man who has seen the horrors of warfare from the battlefields of France, and it was only right that the legion should accept it as an official organ. The publication has a great future before it, and bids fair to be of great value to the organization through the editorship of C. A. Sloane, who will be favorably remembered in Greenville through his address the night Mr. Daniels spoke here.

Oteen hospital in western North Carolina is doing a wonderful work for hundreds of men suffering from tubercular troubles, but will be able to render even greater service if the public would only help. There are many ways in which aid may be extended. There are hundreds of men at the hospital who would be glad to receive a package or check from appreciative persons, and those able should send as much as possible. These men are the ones who participated in the great war against Germany, and the public should not let them lie at the hospital and gradually die without showing them they are appreciated. The American Legion is doing a wonderful work for the helpless boys, but how much greater their efforts would be if the public would assist.

All Makes Welcome

Some drivers of cars not equipped with Willard Batteries think they ought to go to the service station that sold the battery. Not at all.

The safest rule is to go to the place that gives you the best attention, has the most skilled workmen and seems to be most on the job—the place that deserves the title of "Battery Headquarters."

That's the kind of battery station we have always run and always expect to run.

Come in and we'll show you how near to 100 per cent we are in skill, courtesy and promptness.

Just Received Carload Fordson Tractors

LATEST MODEL

Price

\$395

F. O. B. Detroit

Late Spring cuts no ice with a Fordson. You can prepare your land in just a few days.

If you are behind with your farm, the Fordson Tractor will catch you up.

We have sold over 100 Fordson Tractors in Pitt County and every farmer is satisfied with his purchase
If you want one you have got to get it at once, they will be gone in a few days.

Mr. Farmer: Which Do You Prefer?

A Fordson Tractor plowing 6 to 8 acres per day 8 to 10 inches deep; discing and dragging 20 to 25 acres per day; operating on 20 gallons of kerosene and one quart of oil. It will do your hauling and belt work, costing absolutely nothing when idle. Or a team of mules that will plow one to two acres a day, four inches deep, discing three to four acres a day, drag three to four acres in another day; and take a long time to do your hauling; do no belt work and costing a lot to feed when idle. Take advantage of 37 years of continual experimenting to perfect a tractor that will do your work as it should be done.

Greenville, North Carolina

Little Things That Count

In perfecting the Wardrobe of Milady

Silk Hosiery

The Best Line in Town For Style, Variety and Value

Especially since the advent of shortened skirts has the silk stocking taken a most important place in the apparel of well dressed women. You will find our Hosiery stock most interesting. A few numbers are worth special mention:

- PHOENIX SILK HOSE are known the world over. We have them from \$1.65 up
- GLOVE SILK HOSE is now out of the "luxury" class. 1st Quality \$2.50
- SPORT HOSE bought especially to match Tweed Skirts. Special at \$3.50
- "MARTHA 4 FOOT" Milanese Hosiery. Most Beautiful. Can be refuted at \$3.98

Dainty Neckwear

Is An Essential Part of Your New Costume

Pretty collars and cuffs of organdy, lace, gingham and linen, beautiful vests to wear with that new Spring Suit. Do you know to what extent a rich, handsome collar, cuff and vest set will improve that last-year's suit?

Pongee Handkerchiefs 59c

They're awfully pretty, really! Made in Japan of fine quality all silk natural pongee and embroidered in a manner suggestive of hand-work. Special at 59c.

My Feet Are Killing Me--

The shoe merchant is either forgotten or roundly berated. Moreover the foregoing thought expresses better than anything the important service of your shoe store. A hat may not have the right "tilt"—a skirt may be a trifle long or short, you are merely inconvenienced. IF A SHOE DOESN'T FIT YOU SUFFER, a wrong fit early in your youth may mean a lifetime of suffering. Still there are folks who will consider praise above everything in selecting shoes. We would rather be remembered as having fitted you with a pair of shoes of suitable style, that supported your feet comfortably, which you enjoy and to have charged enough to guarantee long, satisfactory wear. Then we have been of service to you.

If you demand such satisfaction in your footwear you will want to buy your shoes of us. We have your style and size and we know how to fit them.

Pitt Shoe Comp'y.

Is ALL of your fertilizer dollar working?

It isn't the fertilizer you put into the soil that counts, but the plant food that actually gets to the plant in the right form and at the right time.

To make every ounce of fertilizer work for you the goods must be—

1. Correct in formula;
2. Complete in availability;
3. Chemically blended;
4. Thoroughly cured;
5. Perfect in mechanical condition; and
6. Suitable for your crop, soil and climate.

A A C Quality Fertilizers meet all of these requirements. They are made by men whose manufacturing methods and knowledge of plant foods and crop requirements are based on the experience of such recognized leaders as Bradley, Bowker, Stockbridge, Liebig, Wheeler, Coe, Lister, Crocker, Detrick, Zell, Hess, and other noted figures in fertilizer history.

Use A A C Quality Fertilizers and rest content that your fertilizer dollar is "100 per cent busy."

An important part of this organization is its Agricultural Service Bureau, conducted by Dr. H. J. Wheeler, formerly Director R. I. Agricultural Experiment Station. This Bureau carries on practical experimental work in all sections of the country, to determine just what fertilizers are best adapted to each crop and locality. WRITE to this Bureau, in care of the office nearest you, for suggestions on your particular crop problem. No charge or obligation.

WRITE for free booklet "How to Get the Most Out of Fertilizers." WRITE for the A A C Agency if we have no dealer near you.
