

EASTERN LEAGUE CREATES INTEREST IN THIS SECTION

Much Interest Is Centered Around Final Action Of Tarboro and Washington

OTHER FOUR CLUBS DETERMINED TO GO IN ACTION, ANYHOW

Hiring of Players Will Probably Begin in Many Towns Within Few Weeks

The Eastern Carolina League continues to receive much discussion in this city, and the action of Washington and Tarboro is watched with considerable speculation.

Kinston, New Bern, Farmville and Greenville are determined to play ball whether any other clubs come in or not, but everyone hopes the organization can start out with six teams instead of four.

Tarboro intimated the first of the week that an arbitrator should be appointed to settle all disputes arising the season. This matter has never been considered by directors of the league, who do not believe such a plan would meet with the general satisfaction of the public or clubs involved.

The next several days will see the hiring of players in progress in many towns of the league. No club is going to wait until the last moment to consider this important matter.

Every city comprising the league wants baseball and is ready to do everything necessary to the success of the clubs. This fact is more in evidence this year than ever before, and will mean much towards success of the league.

AYDEN BASKETBALL TEAM TO PLAY IN THIS CITY FRIDAY

Hard Fought Game To Be Staged at Forbes & Morton's Warehouse Tonight

The girls' basketball team of Ayden will play the local club at Forbes and Morton's warehouse in this city tonight at 8 o'clock.

The Ayden club is composed of some good players, and that they will fight hard to even up with Greenville goes without saying.

The local club has made remarkable progress under the coaching of Miss Mial, and will be one of the best in this section of the state when the season closes.

HON. F. C. HARDING TO ADDRESS KNIGHTS TEMPLAR

Hon. F. C. Harding will address the Knights Templar at their convocation tonight. Matters of importance are to be discussed and every member is urged to be present.

TEX RICKARD AWAITS VERDICT IN NEW YORK

Tex Rickard, m.m.

Tex Rickard, famous fight promoter and millionaire oil man, who is on trial in a New York court on serious charges made by youthful girls, anxiously awaits the verdict.

The girls who accused Rickard are Anna Hess, eleven; Mary Hubank, eleven; Elvira Renzie, twelve; Nellie Gasko, fourteen; Alice Ruck, fifteen; Sarah Schoenfeld, fifteen.

JUDGE CRANMER TO ADDRESS MEMBERS OF BARACA CLASS

Superior Court Jurist to Speak Before Class at Immanuel Baptist Church Sunday

Judge E. H. Cranmer, who is presiding over this term of Pitt county superior court, will address the Baraca class of the Immanuel Baptist church here Sunday morning.

Judge Cranmer is thoroughly acquainted with conditions prevailing in every walk of life in this country, and his address will contain many points that should be helpful to the young men of the church.

Judge Cranmer has addressed other organizations of the church during his trips to this community the last few months, and no doubt will be in still greater demand in the future.

CREATION OF DRY NAVY IS PRESENT DREAM OF PROHIBITION OFFICERS

Washington, March 24.—The creation of a dry navy is the latest dream of prohibition officials now. If the plan can get congressional approval, the plan is to throw out a fleet of swift vessels so large that all coasts will be screened against smugglers.

COTTON REPORTS SHOW GAIN OVER LAST SEASON

Washington, March 24.—During the eight months fiscal year ending February the American Cotton exports amounted to almost a million bales in excess shipments over the same period a year ago, the department of commerce announced today.

LOCAL MAN TALKS TO CHILDREN AT FARMVILLE TODAY

D. J. Whichard, Sr., Makes Talk in Behalf of Vocational Work of Red Cross

It has been repeatedly said that the Red Cross is absolutely dependent upon the spirit and interest of the leading citizens in the community who have sufficient vision of the future to understand that the Red Cross peace time program is for the elimination of circumstances which cause present conditions.

Miss Hubbard states that the success and accomplishments of the Pitt county chapter is entirely due to the volunteer aid that every one has so splendidly given.

This morning at 8 a. m. Miss Patie Wooten, volunteer of Motor Corps took Mr. D. J. Whichard to Farmville to speak to the children on "Editor and Author as a Profession." Mr. Whichard told the boys and girls that every one should remember that in taking up a vocation they should try and prepare themselves for work that will be of service to their community and fellow man.

Mr. Whichard stressed the fact that newspaper men had a great responsibility upon them because they are to a great extent responsible for the public opinion—that they must remember that the best interest of the community are the ones which must ever be foremost, and in this day of propaganda that the note of civic, educational, and public welfare service must come foremost not only in community but in national and international affairs.

FOUR ARE KILLED IN CLOUDBURST IN BURLINGTON, ALA.

Burlington, Ala., March 24.—Four persons are believed to be dead as result of a cloudburst that engulfed this city last night. Damage is estimated at a million dollars.

ONE CASE HEARD IN LOCAL COURT DURING THURSDAY

Court Adjourned Yesterday At 12 O'clock on Account Of Compromise

Compromises featured yesterday's session of the civil term of Pitt county superior court and as a result adjournment was possible at the noon hour.

There were several cases on calendar for the day, but when they were called attorneys announced that compromise action had been taken.

The present term will continue for a period of two weeks, and it is evident both weeks will be highly successful.

The civil docket has been congested beyond hope of relief for some time, but Judge Cranmer hopes to relieve the situation to no little extent during the present terms.

KIWANIS CLUB TO MEET AT ROTARY BUILDING TONIGHT

Interesting Program Outlined For Meeting of Organization Tonight

The regular meeting of the Kiwanis club will be held in at the Rotary building on Rotary avenue tonight at the usual hour.

After the regular business session which will be presided over by President J. B. James the meeting will be turned over to Guy Smith, who will be in charge of the program the remainder of the evening.

The Kiwanis club is one of the liveliest organizations of the city, and its members are making an effort to improve many unfavorable conditions.

BOY SHOOTS HIMSELF AS RESULT OF BEING PUNISHED AT SCHOOL

Jackson, Ga., March 24.—Funeral services will be held in Milledgeville for Arthur Wall, 15 years of age, who, according to authorities, shot himself through the heart in a field near his home near here because of alleged mistreatment at school.

BAPTIST REVIVAL IS STILL DRAWING SPLENDID CROWDS

Rev. L. M. White Spoke At Church Last Night On "The Complete Man"

MANY POINTS OF GREAT INTEREST ARE BROUGHT OUT

No Services to be Held Tomorrow Morning Or On Tomorrow Night

At the Thursday evening service at the Memorial Baptist Church, Mr. White preached on "The Complete Man." The text was taken from II Timothy 3:17: "That the man of God may be complete, completely furnished for every good work."

These are three requirements required that one may be "completely furnished for every good work." These three are: "Know Thyself," "Control Thyself," and "Deny Thyself."

The greatest discovery one may make is the discovery of one's self. Each has a trinity of endowments, physical, intellectual, and spiritual. Many people have never waked up to these possibilities of body, mind, and soul. The body should be held sacred in the sight of God and man. It is the most wonderful piece of machinery in the world, and yet men debase it and defile it and wreck it by having no respect for it.

The mind should be developed to its highest capacity. It is the mind of man that differentiates him from the beast of the field. It was the myriad-misdeeds Shakespeare who said "What a piece of work is a man! How noble in reason; how infinite in faculty; in form and moving, how express and admirable—in apprehension, how like a God!"

There are some men like the African chieftain who, in the course of a conversation, went to sleep. Upon being asked why he couldn't stay awake, said: "Ideas always make me sleepy." The secret of many a man's failure is that he has never awakened to the great possibilities of his mind.

Senator Warren, Republican, of Wyoming, is father of the bill which would change the spending powers of Senate committees. His measure will arouse opposition upon both sides of the senate unless some alleviating amendment is added to it.

Senator Jones, Republican, of Washington, desires that the appropriation committee have power to pass upon all appropriations but be stripped of any power to institute legislation dealing with appropriations.

Some of the Democratic sentiment reflected by Senator Fletcher, of Florida. "I think the Senate should vote very cautiously in changing rules governing appropriations," he said. "I should not like to see other committees surrender their authority to pass appropriations. It is too great a charge."

FIRE DEPARTMENT CALLED OUT LATE LAST NIGHT

The fire department was called out last night shortly after twelve o'clock to extinguish a blaze at an unoccupied house in Perkinstown. The blaze had gained such a headway when the department arrived that the building was completely destroyed.

BILL PROVIDING COMPENSATION FOR FORMER SOLDIERS PASSES HOUSE BY ALMOST OVERWHELMING MAJORITY

MILLIONAIRE KILLED IN CHASE OF BANDITS

On the trail of robbers who had looted his home, Henry S. Graves, New York millionaire, met death when his automobile climbed a stone wall and crashed into a tree.

SENATE'S DISLIKE FOR BUDGET IS VERY APPARENT

Prefers System Whereby Dozen Committees Handle Bills On Appropriations

Washington.—Senatorial dignity takes umbrage at the suggestion of a budget rule on Senate appropriations, according to a consensus of opinion.

A movement now under way to have all appropriations referred to a single committee, preferably the committee on appropriations, will meet with strenuous opposition from members of other committees.

Senator Warren, Republican, of Wyoming, is father of the bill which would change the spending powers of Senate committees.

Senator Jones, Republican, of Washington, desires that the appropriation committee have power to pass upon all appropriations but be stripped of any power to institute legislation dealing with appropriations.

Some of the Democratic sentiment reflected by Senator Fletcher, of Florida. "I think the Senate should vote very cautiously in changing rules governing appropriations," he said. "I should not like to see other committees surrender their authority to pass appropriations. It is too great a charge."

FIRE DEPARTMENT CALLED OUT LATE LAST NIGHT

The fire department was called out last night shortly after twelve o'clock to extinguish a blaze at an unoccupied house in Perkinstown. The blaze had gained such a headway when the department arrived that the building was completely destroyed.

Party Lines Disappear as Four Million Dollar Measure Goes Through 333 to 70

FATE OF BILL IN SENATE CONSIDERED MIGHTY UNCERTAIN

Galleries Crowded For Flood Of Talk And Stormy Scenes in Evidence

Washington, March 24.—The four billion dollar bonus bill was passed last night by the House by an overwhelming majority. It now goes to Senate, where its fate is regarded as uncertain.

The vote was 333 to 70, or 64 more than the two-thirds majority necessary for passage of the measure under the parliamentary procedure selected by Republican leaders for the expressed purpose of preventing the Democrats from offering a motion to recommit.

Party lines disappeared both in the general debate and on the final roll call, 242 Republicans, 99 Democrats and one Socialist supporting the bill and 42 Republicans and 98 Democrats voting against it.

As passed by the House, the bonus bill provide for immediate cash payments to veterans whose adjusted service pay would not exceed \$50 and would give to other veterans the option of these four plans.

Adjusted service certificates, with provisions authorizing loans by banks in the first three years after next October 1 and by the government thereafter, the certificates to run for 20 years and to have a face value at maturity of the amount of the adjusted service credit at the rate of \$1 a day for domestic service and \$1.25 a day for foreign service, increased by 25 per cent, plus interest at the rate of 4 1-2 per cent, compounded annually.

Vocational training aid after Jan. 1, 1923, at the rate of \$1.75 a day, the total payments not to exceed, however, 140 per cent of the adjusted service credit.

Farm and home aid under which veterans, who purchase or improve farms or homes would be paid after July 1, 1923, a sum equal to their adjusted service credit increased by 25 per cent.

Land settlement, under which lands would be reclaimed under the supervision of a special board and farm units established for sale to the veterans at a price fixed by the board less the amount of the adjusted service credit due the purchaser.

FREMONT TO BE WELL REPRESENTED AT DOKIE CEREMONIAL

Members of the local order of Knights of Pythias who went to Fremont yesterday in interest of the Dokie ceremonial to be held here May 4th, returned at a late hour last night, gratified at the splendid reception accorded them by the Fremont lodge. They not only signed up several for the ceremonial, but received assurances of several others before the event is pulled off.

The local delegation were guests at a luncheon after the meeting in which the ceremonial was explained, and were treated royally. They were assured of hearty co-operation from Pythians of the town, and believe they will be well represented.

SERVICES FOR COLORED EX-SOLDIERS SUNDAY EVENING

The colored ex-soldiers of Greenville and Pitt county are reminded that the Rev. James E. Holder, Episcopal minister, desires to see them with their discharge papers on Sunday afternoon at the 3:30 service at his church on Bonner's Lane. He desires to do for the Pitt county men what he is doing for the Lenoir county men, that is, getting them their war medals and buttons to be ceremoniously handed them at a big public meeting at the court house, similar to his arrangements at Kinston. He accepts no fee whatever for his services. The church services on Sun day will be at 11 a. m. and 3:30 p. m., to both of which the general public is cordially invited.

Friday, March 24th, 1922

Senator Simmons says the Pacific treaty is going through without reservations the Republican party desires to hang on to it. As the senator has a pretty big following to back him up, he may be able to do exactly like he wants to.

Republicans are so anxious to put the bonus through they are willing to suspend rules of the house to accomplish their object. That's about the only way they will get it through in view of the president's veto.

The United States government still maintains the German government should pay for maintaining the army on the Rhine. Since Germany received all the benefit from occupation of our troops it looks like the demand is only just and fair. Germany, however, seldom judges anything from such point of view. What they want to do is to get out of paying every cent possible.

Will Hays, chief of the motion picture industry in America, says the country needs a little more "come on, let's go spirit" and a little less "thou shalt not." The former postmaster general has the right conception of the thing alright, but it's funny he didn't put more in the post-office department.

Now while the board of aldermen are considering the purchase of additional fire fighting equipment, the public should begin to boost the proposition. The need of increased facilities is indisputable, and we can never feel we are safe until the improvement is made. Progressive business men should get behind the movement and help put it through before it is too late.

Farmville Rotarians are to be congratulated in their success at the district convention in Winston-Salem. It is seldom a club so young wins such distinct recognition as accorded them in presentation of the loving cup for one hundred per cent attendance. Pitt county feels proud of the record and hope this success will inspire the club to accomplish even greater things in the future.

The coal miners are ready to walk out, but when they do the government will immediately institute an investigation to determine cause of the strike. If the miners are at fault, as everyone believes, the government should immediately open the mines and place other men at work. This business of permitting labor to stop production must be stopped, when there is no just cause for it, and the cozier unions are impressed of the fact the sooner things will be better.

Tarboro is forging to the front rapidly these days, as evidenced by the organization of a chamber of commerce. Chambers of commerce are absolutely essential to the development and welfare of every growing community, and Tarboro is no exception. Tarboro is located in one of the most thriving communities in the state, and it is very appropriate that its business men should throw their weight behind the chamber.

Greenville business men should do everything possible to increase the efficiency of the fire department. Our present department is far too inadequate considering the size of the town, and valuable property is in danger of being destroyed any time because of this. Another truck and reorganization of the department could be accomplished without any great outlay of money. The aldermen owe it to themselves to improve our fire fighting facilities, and if they should succeed they may rest assured of having done their duty.

After his visit to Canada, says the Scientific American, the Prince of Wales was unable to move his arm for days. Hand shaking, according to an expert, contributed largely towards the death of Roosevelt and Caruso, and even had something to do with the breakdown of Woodrow

Wilson. Many diseases are contracted through this American form of friendliness, but the future no doubt will see the custom greatly reduced. Communicable diseases may be transmitted by the hand as much as by any other way, and the discovery of experts will have a tendency of replacing the handshake with a friendly smile, which is certainly as expressive of good-will and kind feeling.

Beginning of construction work on other hard surfaced roads of Pitt county will be received with pleasure throughout the county. Improved roads are an indispensable asset to every community, and have a tendency of producing closer relations among the various towns. When all county roads of the state are linked together by hard surfaced roads conditions will be greatly improved and industry should derive great benefit. The state has voted enormous sums of money to complete these improvements yet the government and counties have done their part also. The system will be worth millions of dollars, but the intrinsic value to transportation will be double the financial outlay. Pitt county is extremely fortunate, and will have one of the most complete systems in the state. And this is saying something.

The "live at home" program met with favorable consideration among farmers of the county and many will profit by the advice to them. Growers are beginning to realize the importance of diversifying their crops, and the information furnished in the campaign will be of benefit to them.

Compensation of ex-service men continues to occupy considerable thought at the national capital, but the problem is no nearer solved than when the first started out. Many plans have been presented but settlement of the question seems to be a matter of speculation at present time. Opposition to the bonus has been very much in evidence from factions, but supporters, it is believed, outweigh the other side. The ex-service men deserve to be awarded, and should the government fail them when assistance is most needed, then there are many who will die from neglect. The situation among hundreds who sacrificed their lives and

lucrative positions and businesses to go to war is serious and unless they should be aided they have cause to feel the sting of ingratitude and neglect.

The boll weevil will find Pitt county farmers prepared to fight him in an intelligent way when he hits this section. The campaign now being conducted under direction of the agricultural department is meeting with general favor in every community where the pictures are shown, and majority of farmers are determined to abide by information gained in this manner. The moving pictures present various methods of combating the pest. These pictures were produced in the infested districts and gained from actual experience. Therefore, they should prove of more than ordinary value.

Greenville people should contribute liberally to funds being raised by the high school to purchase sweaters and uniforms for use in football, basketball and baseball games. Physical development of the boys attending school is as necessary as brain development, and parents should do everything possible to inspire interest in both. Some may argue that athletics detract the mind from study, but this is not so, as tests have proven. There are some children who would not study under any conditions and it is these who fail to derive any benefit.

BUILDING AND BUSINESS.

The present activity in building operations is an outstanding feature of the general business situation. The building industry in the United States is second in importance only to agriculture and many million workmen directly and indirectly are dependent upon it. In the more active building sections of the country that are systematically reported, comprising about half the states, considerably more than two billion dollars in contracts were awarded last year. High freight rates due to labor conditions and high wages to labor are the controlling factors in building costs. They maintain construction prices at levels that interfere with the full and well-rounded development of building operations.

They also serve to inject an element of fixed inflation into this, the greatest construction movement in the nation's history.

The lack of well-balanced development is made manifest by an analysis of contracts let and permits issued to date. Residence construction leads. Public buildings, roads, bridges, and other types of building for public purposes are next in importance, stimulated somewhat by desire to relieve unemployment. Business and industrial construction, which must be done on a basis of cost that will permit a present and continuing return on the investment, has not expanded correspondingly.

Despite the handicap of high costs, home building activity is being maintained for the present because the housing necessity compels it even on the basis of uneconomical investments. Public building and construction are also being done on a high cost basis which will be reflected in high tax rates, for years to come. Public building, like residence building, cannot continue indefinitely

under these conditions. Labor itself is the chief sufferer in the situation. Resistance by important classes of labor to wage declines in a period of declining prices disorganizes the entire productive organization of the country and contributes to unemployment in other lines. The maintenance of building operations on high wage levels delays general wage readjustment. It means exorbitant rents and prohibitive costs for homes for workmen. It is a general deterrent to a return to normal industrial, commercial and financial activity.

From Tots To Teens

From babyhood to maturity there are eight definite changes in the growing feet of a child, to keep pace with the increasing weight they must bear. Ninety per cent of foot troubles come from shoes carelessly chosen during those tender years. It is our pleasant privilege to help children's feet to grow strong and healthful, through providing proper shoes.

First—Dainty little soft soled moccasins for chubby baby feet! Even so early the sole is carefully shaped to conform to the foot.

Second—"Baby walked alone!" "first step" shoes must have a sole that supports tiny arches and gives toes plenty of room. In some hidden braces support the ankles.

Third—Running about now! have heavier soles the heel begins to narrow, and there must be against the knocks and toe caps for protection bangs shoes will surely get.

Fifth—Off to school! Shoe toes are wide but more rounded; the inner sole line is shaped more like the grown ups'; the heel is higher and narrower, giving a supporting curve to the arch.

Sixth—Now the outside line of the sole curves more to give room for the ball of the foot narrowing under the arch. The back half of the foot is much narrower.

Seventh—No chance to say "Baby" now! The whole foot is longer and narrower; the shoe grips the foot more firmly. Heel "cupped," arch supported, but plenty of room for ball and toes.

Eighth—High school age! The outline of the sole looks like the "common sense" shoes for adults. There are REAL heels, though fairly low of course.

And that is the way our children's shoes guide growing feet aright so that they may be correctly, naturally shaped and free from all troubles. Bring your child to us for shoes. We have all styles and sizes and we know how to fit them.

UPBUILDING OF ALASKA TO UNLOCK WEALTH IS URGED

(By WARREN W. WHEATON, International News Service Staff Correspondent.)
Washington. — Unfold millions in natural resources lie in United States territory under the glare of Alaska skies.
Up in Northern Alaska, where the Summers are but thirty-five or forty days old, where in the dead of the long Arctic Winter the mercury registers 60° or 70° degrees below zero, and where the ground is frozen forty feet deep, oil and coal abound.
Undeveloped barren wastes in a curiously fertile and productive country promise before long to echo with the cries of "mushers" urging their dog teams on to "stake out" claims that hold in the offing the goal of unlimited wealth.
That's the country the United States is preparing to develop, according to Secretary of the Interior Fall, who now has under consideration development plans that call for extension of transportation facilities to bring out the wealth of resources the Harding Administration has every reason to believe exists.
Dr. Alfred Brooks, eminent geologist, who knows Alaska, will go to the Far Northern American possession to conduct further inquiries and probe deep beneath the earth crust for the oil seepage and the coal veins that prospectors claim exist.
Already, according to information obtained today from the Interior Department, California interests are planning immediate invasion of the new fields.
The wealth hidden under the Arctic region is not a dream. It is a reality of startling dimensions, according to Governor Scott C. Bone, whose domain is Alaska.
"It's there; we know it," declared the Governor, who is in Washington seeking congressional favor on joint freight rates and the extension of the government railroad into the interior of the country.
"Alaska has it. The undeveloped part of Alaska is rich, just as is the developed part. People generally have a misconception of Alaska. I have eaten lettuce grown in our own gardens. We have wonderful production of wheat. We have a great country, and we want the people of the United States to know it."
C. W. Smith, a prospector, who has spent many years back of a dog-team, traveling 22,000 miles through Alaska during the short Summers and the dreary, cold Winters, is also in Washington demanding Government recognition of the Far North country. He backs up everything that Governor Bone says of it.
"Alaska needs capital," declared Governor Bone today. "Alaska needs people. Its natural advantages are obvious. Its resources are apparent and real. Its opportunities are inviting and manifold."
"But a chaotic system of government has repelled capital and retarded growth and population. Liberalized laws for Alaska and more flexible rules and a regulations under such laws, with a concentration of authority and responsibility and an administration co-ordinated and brought closer home, and clearly needed to speed the progress and development of the territory."

NOTICE!

North Carolina, Pitt County
In the Superior Court.
J. HORACE COX
vs.
Lucretia Cox
The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Pitt county, North Carolina, for the purpose of procuring an absolute divorce; and the said defendant will further take notice that she is required to appear before J. F. Harrington, clerk of Pitt Superior court on the 10th day of April, Greenville, North Carolina, and answer or demur to the complaint filed in said action or the plaintiff will apply to the court for the relief demanded in said complaint.
This 10th day of March, 1922.

"---and we are a healthy, happy family now"

TINGLING wit abundant energy, appetites hearty, nerves strong and steady, and their faces radiant with the glow of perfect health, the entire family of Louis Gingras, 9 Harrison Ave., Providence, R. I., are an eloquent tribute to the powers of Tanlac, the greatest family medicine the world has ever known.
"I've put Tanlac to the test four times right in my own family and it hasn't failed me once," declared Mr. Gingras. "My wife, my son and my daughter, as well as myself, have all been built up from a half-sick, run-down, worn-out set of people into a healthy, happy family brimful of new life and energy."
And the experience of this family is only typical of thousands of others whose statements are on file in the Tanlac offices. Hardly a day passes that does not bring scores of such messages of praise from every part of the United States and Canada from families where mother, father, son and daughter have all found health, contentment and the joys of living through simply taking a course of Tanlac.
Take, for instance, the case of John Widner, 1571, Roosevelt Ave., Los Angeles, Calif., who says: "My wife, myself and little boy are now as healthy, happy family as you will ever see—and it's all due to Tanlac."
Or that of Mrs. John Marquis and her family of sixteen living in Manchester, N. H., at 192 Belmont St. She says: "Tanlac has been the only medicine used in our house for two years and it has kept every one of the sixteen here in the best of health."
In Chicago, Frank R. Richards, of 441 South Wood St., writes: "We will never be without Tanlac in our house after the remarkable way it has built up by wife, my son and myself to where we are the very picture of health."
Representative of New York is the case of Chas. E. Van Coit's family, residing at 129 Fourth Ave., Albany. He says: "Every member of our family is enthusiastic over Tanlac. It's certainly a medicine for all the family."
From far-away Canada comes this message: "My little girl, my son and myself are all enjoying splendid health now and Tanlac brought it all about." Mrs. Bert Hoyer, 193 East Avenue, Toronto, Ontario.
"We call Tanlac 'The Family Medicine' here in our Virginia home, because it restored my mother and sister to perfect health, just the same as it has done me," is the enthusiastic statement of Mrs. J. F. Robertson, Danville, Va.
And on through the list, men, women and children from every state in the Union and every province of Canada unhesitatingly come forward and tell in words ringing with sincerity of the wonderful benefits of health and happiness that Tanlac has brought into their homes that were formerly darkened by the gloom of sickness, suffering and despair.
And should yours be one of those homes where any member of the family is thin, run down and weakened from loss of appetite, caused by indigestion and stomach troubles, you have at your very door the means that will no doubt bring the sunshine of vigorous health back into their lives and yours, just as it has done in so many thousands of other cases. Do not delay. Get a bottle of Tanlac from your druggist today.
Tanlac is sold in Greenville by Greenville Drug Co., and leading druggists everywhere.

Don't Measure Clothes Economy by Low Price

True Economy is determined by long service—thoroughly satisfactory service. Long-wearing, pure-wool fabrics, perfect and lasting fit, the stylish appearance of good tailoring—these are obtained only when you pay enough to make them certain.

Kuppenheimer GOOD CLOTHES

are the least expensive, per month of service, because they are made according to a high quality standard that has never been sacrificed in order to sell at a low price.

Buy wisely this Spring—choose Kuppenheimer Good Clothes. The new models are ready now—come in and try them on.

Birthday Party.

(Reported for the Reflector.)
Wednesday afternoon, March 22, at four o'clock, the twins of Mr. and Mrs. R. E. Harris, Estelle and Edward, entertained a large number of their friends at a party, celebrating their ninth birthday anniversary.

The color scheme of pink and white was carried out artistically in the dining room, where the little guests assembled, after they had enjoyed music and games and looking at the many nice presents of which the gracious little host and hostess were recipients. In the center of the table was a large bowl of pink and white hyacinths and on each side of this there was a cake, one pink and one white and upon each nine candles were burning. The soft glow from these and other candles in the room made the little guests grouped around the table suggest fairies.

Ice cream, cake and home made candies were served by Louise Harris, Anna Spain, Ella Fleming and Elizabeth Warren, assisted by the mother of the host and hostess.

Those who were present to enjoy

the gay little party were: Ruth Geraldine Harris, Louise Clark, Elizabeth Overton, Catherine Tyson, Mary Dorcas Harding, Mary Council Horne, Mary James Lipscomb, Mary Elizabeth Ferguson, Frances Harvey, Irma Cobb Dunn, Jean Hodges, Catherine Utley, Anna Rosaline Horne, Margaret Harris and Elizabeth Winslow, Bruce Sugg, Belmont Kittrell, Roderick Williams, John Royall and Rex Hodges, Tyson Bilbro, Drewry Spain, John D. Will Edwards and Norman Warren and William Chester Harris, Jr.

St. Paul's Church.
Saturday, Holy Communion 10 a. m.

BETHEL AID SOCIETY GIVES ENJOYABLE ENTERTAINMENT

Circle No. 2, of the Ladies Aid Society of the Methodist church in Bethel gave a very enjoyable social entertainment on Tuesday evening, at 8:30, in the form of a Silver Tea, at the home of Mrs. W. J. Manning on Washington street.

A very pleasing and interesting program was rendered and thoroughly enjoyed by all.

The guest were received by Miss Ruth Brown and Miss Lydia Percer of Greenville, N. C. Hot Chocolate was served at the door, and each guest made a silver offering as they entered.

The music, vocal and instrumental selections were beautifully rendered, Mrs. J. B. Bowers and Mrs. H. V. Staton in a piano duet, Mrs. J. P. Hooker, Mrs. W. H. Manning, sang some splendid selections which charmed the audience, Miss Ruth Lewis Miss Due, Miss Nell Parker and several of the boys and girls gave splendid readings.

The home was beautiful decorated in ferns, roses and carnation. Two courses were served, cakes which contained the fortune of the purchaser, which created quite a sensation in their revelation, then an elaborate course of fruit salad and ice tea.

The closing feature was a prize cake in which there was a wedding ring, thimble, button and penpoint hid, the slices were soon sold and the happy owners of the prizes revealed.

All voiced the one word "a good time."

GRADED SCHOOL TEAM BEATS MODEL SCHOOL

A baseball team of the Seventh Grade of the Graded School yesterday afternoon defeated a Seventh

Grade team from the Model School by the score of 13 to 11. The game was one of the best played this season, and featured in splendid plays on the part of the youngsters. Batteries for the Graded School were Curry and Evans; Model school, Atkinson and Critcher.

DOMESTIC SCIENCE CLASS ENTERTAINS BASKETBALL CLUB

The Senior Domestic Science class of the Greenville High School, and their teacher Miss Mary Benton delightfully entertained the members of the boy's basketball club of the High school, their Coach H. H. Duncan and Mr. G. D. Sample at a dinner on Thursday afternoon. The three courses which were served were prepared by the girls and served in a most delightful manner.

Miss Benton and the members of the class were ideal hostesses and the guests expressed their appreciation in an appropriate manner.

Yours for Service

You can't expect your battery to go on without service any more than you can expect your tires to stand up without air or your motor to work without oil.

Battery service is our business. We have the equipment, the skill and the knowledge that enables us to make your battery last longer and serve better.

We always recommend Willard Threaded Rubber Batteries, but don't get the idea that you can't get the Willard Standard of Service unless you have a Willard Battery. We have only one grade of service here at Battery Headquarters—and everybody gets it on the same basis whether he's a Willard user or not.

Modart Corsets Bring Back Lost Figure Lines

Many of the young women who followed last season's custom of "parking one's corsets" are now discovering to their dismay that they "parked" their figures along with the corset.

The change in figure that is sure to come when one lays aside a corset that has been worn for years is subtly slow. The bad effects are rarely apparent before the harm is done.

MODART CORSETS Front Laced

Ask the smartest women of Paris who plunged madly into this foolish fad how they feel about it now. They wring their hands and say "No jamais"—just plain French for "never again."

The process of bringing back the youthful figure lines lost in going without a corset is a slow one, but it is none the less sure if a properly designed corset is fitted and worn.

Our expert fitters have made a special study of these cases and they find that the Modart Corset is exceptionally well adapted to bring back the lost figure lines.

The Modart, too, because it is so light, soft and comfortable, does not impose a hardship on those who have been accustomed to going without a corset.

FATHER AND TWO SONS KILLED BY ORANGEMEN IN IRISH DISORDERS

Belfast, March 24.—The murder of Owen Momehon, Sinn Fein saloonist, and his three sons while the wife and mother looked on, imploring mercy, is believed to be a reprisal for the shooting of Orangemen and police. It is feared this is the beginning of reprisals. A band of armed men broke into the Momehon home shortly after midnight, roused the men and began firing upon them, despite pleas of the woman.

ADVERTISE IN REFLECTOR

WOMAN SAVED FROM GALLOWS IN ALABAMA BY ANOTHER TRIAL

Centerville, Ala., March 24.—The first woman sentenced to hang in Alabama since reconstruction days was saved from the gallows temporarily when the supreme court today granted a new trial at the eleventh hour to Nellie Bestor, negro. The woman was scheduled to hang today for the murder of her husband. According to testimony at the trial the

woman attacked her husband with an ax. She then attempted to dispose of the body by concealing it in a nearby stream. It was the first death penalty imposed on a woman since prior to the civil war.

"The Rats Around My Place Were Wise," Says John Tuthill. "Tried everything to kill them. Mixed poison with meal, meat cheese, etc. Wouldn't touch it. Tried RAT-SNAP. Inside of ten days got rid of all rats." You don't have to mix RAT-SNAP with food. Saves fussing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Warren Drug Co., and Blount Harvey Co., both of Greenville, and J. R. Bunting & Sons, of Bethel.

NOTICE TO CREDITORS. Having duly qualified as executor of the estate of Susan E. Tucker, deceased, late of Pitt county, notice is hereby given all persons indebted to the estate to make immediate payment; and all persons having claims against said estate are notified to file them with the undersigned before the 22nd day of February, 1923, or this notice will be plead in bar of recovery. This 22nd day of Feb. 1922. G. TUCKER, Executor of Susan E. Tucker. 23 1tw 4w pd

Just Received Carload Fordson Tractors

LATEST MODEL

Price

\$395

F. O. B. Detroit

Late Spring cuts no ice with a Fordson. You can prepare your land in just a few days.

If you are behind with your farm, the Fordson Tractor will catch you up.

We have sold over 100 Fordson Tractors in Pitt County and every farmer is satisfied with his purchase. If you want one you have got to get it at once, they will be gone in a few days.

Mr. Farmer: Which Do You Prefer?

A Fordson Tractor plowing 6 to 8 acres per day 8 to 10 inches deep; discing and dragging 20 to 25 acres per day; operating on 20 gallons of kerosene and one quart of oil. It will do your hauling and belt work, costing absolutely nothing when idle. Or a team of mules that will plow one to two acres a day, four inches deep, discing three to four acres a day, drag three to four acres in another day; and take a long time to do your hauling; do no belt work and costing a lot to feed when idle. Take advantage of 37 years of continual experimenting to perfect a tractor that will do your work as it should be done.
