CAMPAIGN AGAINST BOLL WEEVIL WILL BE PUSHED IN PITT

Committee to Continue Picture Shows in Various Sections This Week

McCRARY TO JOIN CAMPAIGN CROWDS TOMORROW NIGHT

State Agent to Make Interesting Talks On Club Work For The Farmer

The committee having the campaign against the boll weevil in charge is meeting with marked success in the various communities of the county, and believes even greater interest will be in evidence this week.

The committee will visit Bethel tonight, Farnville Wednesday night, Clark's Neck, near Washington, Friday night.

Each meeting will be in charge of W. B. Frew, farm demonstration agent, who has become quite an expert with the moving picture machine, which he operates himself.

The party will be joined at Grifton tomorrow night by O. F. McCrary, district farm demonstration agent.

The moving picture machine was recently purchased by the county commissioners, who believed it could be used effectively in behalf of the farmer.

TWO DEEDS OF TRANSFER FILED SINCE SATURDAY

The following deeds of transfer have been filed in the office of the register of deeds since registration since reports of Saturday afternoon: R. A. Mills and wife to Roanoke Railroad Terminal Company, consideration \$25.

FEW CASES BEFORE MAYOR THIS MORNING

Bill Hanrahan, charged with being drunk and disorderly, fined \$5 and cost of action; Luther Cobb, charged with trespass, paid cost of action; W. H. Hudson, charged with driving automobile with muffler cut out open, paid cost of action; Rainey Wilkinson, drunk and down, fined \$5 and costs.

CRAZY GIRL CAPTURED AFTER THREATENING TO JUMP TO HER DEATH

Washington, March 27.—After perching in the top of a tall pine tree eighteen hours, defying all attempts to reach her and threatening continually to jump into the deep ravine below, Annie Limboroplas, who escaped from the St. Elizabeth insane asylum here, was rescued this afternoon by the combined efforts of the five police deputies—Greentia Shridu and police department attendants of the hospital for insane.

Mr. Charlie Manning left this afternoon for Charleston, S. C., where he will receive treatment at a government hospital.

Mr. W. J. Smith, of Bethel, was in the city today on business.

WOMEN ORGANIZE AN AUXILIARY TO AMERICAN LEGION

Several Towns Represented at Meeting at Chamber of Commerce Saturday

OFFICERS OF POST TO BE ELECTED IN MONTH OF APRIL

Woman's Auxiliary To Meet At The Same Time of The Regular Legion Post

A get-together meeting was held in the Chamber of Commerce rooms Saturday afternoon at three o'clock for the purpose of organizing what is known as the Woman's Auxiliary of the American Legion and of which every Mother, Sister, Wife of Daughter should join to be a help mate to the boys who saved us during the World War.

Mr. J. B. Kittrell had charge of Saturday's meeting and gave a very inspiring talk on the benefits derived from such an organization.

The regular price of admission was set at fifty cents, with grandstand twenty-five cents. It was decided to admit ladies free to the grandstand.

It was moved that no director or other person be permitted or allowed to make any obligations, to contract any debts or to hire any ball player for the ball team, except through the regularly elected manager or president, and that the treasurer be instructed to pay no bills unless O. K'ed by the president.

There were representatives from Bethel, Ayden, Falkland and Winterville, Mrs. R. R. Cotton made a motion that the cheapest pins possible should be purchased so every one, rich or poor, would be classed alike and not for one to have gold and someone else to have tin, but for every member to have tin.

TWO MARRIAGE LICENSES ISSUED SINCE SATURDAY

Two marriage licenses have been issued by the register of deeds since reports of Saturday afternoon, both applicants being colored: Peter Perkins of Pactous to Hettie Person, of Martin county; Herman Sugg to Cornelia Jones, both of the Farnville community.

HAVE YOUR ADV. COPY READY IN AFTERNOON

Advertisers are urged to have their advertisements in this office every morning by 10 o'clock. We are making this request so we will be enabled to make the trains every afternoon. Our advertising representatives will call on business houses in the afternoons and it is hoped everyone will make it convenient to have copy ready. If this is not convenient we ask that it be in the office by 10 o'clock the next morning.

By cooperating with us in this effort to make the mail the advertiser will guarantee himself better service. The paper is more extensively and thoroughly read when it reaches the subscriber on time, and the advertiser directly benefits.

Be prepared to talk to representatives of the advertising department when they call at your place in the afternoon and there by insure yourself of more efficient service.

ALBION DUNN ELECTED PRESIDENT AND GUY SMITH MANAGER OF GREENVILLE BASEBALL CLUB FOR THE COMING YEAR

Many Important Matters Are Passed on at Meeting of Directors Saturday

FAIR GROUNDS TO BE USED AS PARK DURING SEASON

Greenville Will Vote For Season To Begin Not Later Than July Eighth

Albion Dunn was elected president of the Greenville baseball club at an enthusiastic meeting of directors held in rooms of the Carolina club building Saturday night at eight o'clock.

The meeting was called to order by G. V. Smith, with eleven directors present. The first matter brought up for consideration was that of the ball park to be used during the season.

It was moved that concessions rights for the coming season be sold at the court house to the highest bidder, one-half cash, and bond for balance.

The regular price of admission was set at fifty cents, with grandstand twenty-five cents. It was decided to admit ladies free to the grandstand.

It was moved that no director or other person be permitted or allowed to make any obligations, to contract any debts or to hire any ball player for the ball team, except through the regularly elected manager or president, and that the treasurer be instructed to pay no bills unless O. K'ed by the president.

Directors Lanier, Smith and Flanagan were appointed to take up with the board of Aldermen the matter of allowing a carnival to show here under auspices of the baseball team.

It was moved that Greenville vote at the league meeting to start the season not later than June 8th.

A committee composed of Messrs. Crow, Hollingsworth, Chas. Forbes, A. M. Moseley, Moye and Overton, was appointed to solicit funds for the team, twenty-five percent payable May 1st, twenty-five percent June 1st and fifty percent July 1st. J. M. Hines and M. K. Blount were elected directors in place of W. Z. Morton and H. A. White.

TAG DAY PROCEEDS TO GO TO SCHOOL

Saturday the Greenville Jr. Red Cross had a tag day. Dick Rogers, made \$85 and Miss Rightsell said that he had collected more than any single Junior.

The Red Cross was asked by Supt. Rose to have the Juniors work for just one thing and that was their school library. The officers: Margaret Cone Tucker, chairman; Marie Hardy, Corinne Tucker and Dick Rogers. Miss Alma Rightsell is in charge of the Junior work at the High School and she and the officers with the assistance of Miss Maude Lee made entire arrangements for the tag day.

Later on the Juniors are to have a carnival and they hope at the end of the year to have at least one hundred dollars to be spent in books.

COMMITTEE BEGINS INSPECTION TOUR OF MUSCLE SHOALS

Birmingham, Mar. 27.—Members of the House and Senate committees arrived in Gorgas this morning and immediately began inspection of the steam plant located there as an adjunct to the mammoth plants on the Tennessee river. Tonight the party will go to Sheffield for inspection of nitrate plants, dam sites and adjacent property. They will be joined there by business and civic leaders from Birmingham. Alabama members of the Washington party believe the committee will act promptly after inspection.

ELEVEN KILLED IN REIGN OF TERROR IN ULSTER REGION

Terror Reigns Through The City During The Last Thirty Hours

BOMB BLASTS AND RIFLE FIRE TAKE PLACE IN STREETS

Farms Burned and Owners Forced to Flee in Terror From Their Homes

Belfast, Mar. 27.—Eleven persons were killed or died of wounds in the Ulster district within the last thirty hours, according to reports reaching here this morning.

Terror reigned through the city last night and the fire and pistol volleys, accompanied by bomb blasts in the streets, made things very perilous for the few pedestrians in evidence.

Many stores were set afire during the night. Much looting, which resulted in fifteen arrests, was also in evidence during the night.

The Ulster border was desolated and almost completely deserted. Many farms were burned and owners were forced to flee in terror.

Armed bands said to be detachments from the Irish republican army, were making daring raids during the night.

HARDING'S SHIP SUBSIDY BILL IS TAKEN UP TODAY

Committees Debate Measure to Put Merchant Marine On Stable Basis

(By International News.)

Washington.—The Administration Ship Subsidy bill, laid before congress by President Harding in a special address, was taken up for consideration today at joint sessions of the Senate commerce and house merchant marine committees, the two bodies having initial jurisdiction over the legislation.

Chairman Lasker and members of the Shipping Board are to be heard in explanation and defense of the proposed legislation. They will be followed by opponents of the plan suggested by the President for putting the American merchant marine on a sound and permanent basis.

Chairman Greene, of the House committee, expects to be able to get the legislation through the house before the close of the present session. The house friends of a ship subsidy are not optimistic of its chances of passing the Senate before the summer adjournment.

The joint hearings will facilitate action on the legislation by doing away with duplicate hearings. It will enable the administration and congress to get an accurate line on the strength or weakness of the subsidy plan before each house of congress.

President Approves Subsidy.

Both a direct and an indirect subsidy for the merchant marine are proposed by the legislation framed by the Shipping Board, approved by the President and by him presented to congress for enactment into law. The direct subsidy will amount to about \$30,000,000 annually. The basic rate is one-half of 1 per cent per ton for a hundred miles. This would be paid to operators of American ships to aid in their operation and in the extension of trade routes. This subsidy would be given to ships of low speed, and a sliding scale would increase the rate to 1 3/4 cents per ton per hundred miles for the

TEXTILE STRIKE IN NEW ENGLAND STILL SPREADING

Seven Mills in Lawrence Call Wage Cuts For First Of The Week

ARBITRATION BOARD UNABLE TO SETTLE DIFFERENCES TODAY

Huge Mills of American Woolen Company Have Not Yet Joined in Strike

Boston, March 27.—The New England textile strike situation takes on a new angle this week with its extension to the important cotton and woolen mill center of Lawrence. Seven mills in that city have announced a 20 per cent reduction effective tomorrow and some of the operatives have declared a strike.

The largest plant affected is the Pacific Mills employing some 10,000 operatives. The six others at which wages are reduced employ a total of about 3,000. The wool sorters affiliated with the United Textile Workers of America and first to declare a strike are planning to picket the Pacific and Everett mills tomorrow.

The strike situation in New Hampshire and Rhode Island where thousands of operatives have been idle for many weeks appears to be deadlocked.

The special State board of mediation and conciliation in Rhode Island has been dissolved after several futile attempts to bring about a compromise between workers and mill owners on the matters of wages and working hours. Efforts to arrange conferences between strike leaders and manufacturers in New Hampshire have failed. Minor strikes are in effect at Lowell and Fitchburg, Mass.

HIGHWAY BUILDING WILL PASS 2,000 MILE MARK SOON

Ten Projects Advertised For Thursday Will Bring The Work to Big Figure

STATE WILL HAVE 600 MILES OF ROAD BY END OF THE YEAR

Expenditures For Three Years Will Amount to More Than \$30,000,000

Raleigh, March 27.—Highway construction under the administration of Frank Page, chairman of the State Highway Commission, will pass the 2,000 mile mark next Thursday when contracts will be let for the construction of 24.94 miles of hard surfaced roads, and 52.22 miles of gravel roads in seven of the nine construction districts.

For the first time in several months the mileage of gravel roads included in a letting will exceed the mileage of hard surfaced roads, a situation accounted for by the letting of several long stretches of road in districts where the traffic demands do not require hard surfaced construction.

Including the letting set for next Thursday, the State will have under actual construction and contract, 454.11 miles of hard surfaced roadway, most of it let since the reorganization of the Highway Commission less than a year ago. Completed mileage of hard surfaced roads now totals 124.33 miles, and the end of the year will see a mileage of 577.31 miles.

All of which will be surprising to a detachment of New York engineers who recently said the Chief Engineer Charles M. Upham that road building in North Carolina required little engineering, since nothing was ever done but plow up the road and let traffic settle it—hard surfaced roads were unknown here, were they not?

REVIVAL SERVICES WELL ATTENDED IN THIS CITY SUNDAY

Two Powerful Sermons Delivered By Rev. Lee McBride White at Baptist Church

SPLENDID MUSIC WAS BIG FEATURE OF BOTH SERVICES

Interesting Sermon Also Delivered at Services Early This Morning

The revival services which are in progress in the Memorial Baptist church were attended yesterday by large crowds and Rev. Lee McBride White, of Kinston who is conducting the series preached two of the strongest sermons of the entire series. The music was an outstanding feature of both services and was thoroughly enjoyed by the large crowds present.

In the morning Mr. White preached on the subject of the "Mission of the Church," and in the evening, "The Cross of Christ." Both sermons were delivered in a wonderful manner and those who heard them will never forget the truths as presented by the speaker. Mr. White started in his morning sermon that the church of Jesus Christ would stand forever and in this connection quoted, "Upon this rock I will build my church, and the gates of hell shall not prevail against it." Mr. White stressed the works of the church, the mission and the importance of the church. The evening sermon was centered around the Cross. The speaker painted a word picture of the crucifixion of Christ, showing how the shadow of the Cross has reached to all parts of the world. He then asked his hearers if the shadow had touched them.

This morning Mr. White preached a strong sermon on "Is it morally right to whip our children," using for the basis of his reasoning, "And with what measure ye mete, it shall be measured to you again." Mr. White discouraged the use of the whip and appealed to the parents to use love in controlling their children. Tell children that for their good works they will be rewarded by God and for their evils they will be punished. There is no use for a child to be punished twice; growth up are only punished once. Mr. White's remarks were developed from the story of two boys, one who was driven by his father to do everything which he did, and the other one who was led by kindness and by his father teaching him that he would be rewarded for everything good which he did. The result was that the one driven in his childhood was a failure in manhood and the other was a success.

Services again will be held at 8 o'clock, tomorrow evening Mr. White will preach a sermon to the business men. The public is cordially to the services.

GROWING OPPOSITION NOW FACED BY FRENCH POLICY SAYS CAMPBELL

By J. BART CAMPBELL International News Service Staff Correspondent.

Washington.—France is today facing not only the dead weight of Great Britain's disapproval of French foreign and domestic policies, but of the combined opposition of almost every other European nation except Poland, which she dominates.

Confidential European advices reaching Republican members of the Senate Foreign Relations committee have not only established the dangerous isolation threatening France, but have clearly foreshadowed the collapse of her "dog-in-the-manger" attitude of the French Government toward Germany and Russia, if only because of tremendous economic pressure.

Private assurances conveyed to London by the Rumanian Government that it is willing to support British proposals for the recognition of the Soviet Russian government is regarded as but one straw that indicates that the political wind in Europe is blowing against France.

Britain Gets Assurances of Support. Great Britain is also said to have received even more definite private assurances of support from Italy, Belgium, Holland, as well as the Scandinavian nations and most of the other European States, for the British program for the rehabilitation of both Germany and Russia as an integral part of a fixed policy for the economic restoration of Europe demanded by the American government when it refused to participate in the proposed Genoa conference.

With the millions packed in the speediest ships. The direct subsidy would be the principal charge against the treasury, while the indirect subsidy, which would not form a charge against the treasury, would prove of greatest benefit to the merchant marine.

British Isles depending upon world trade for bread, it is a life-and-death necessity for Great Britain to bring order out of chaos in Continental Europe. France may be considered self-contained economically, but Great Britain enjoys no such favored advantage. The British must exchange their goods for food in order to subsist. It is a question of trade or starve with the British people, and the putting of Germany, Russia and the rest of Europe on their feet is a cold, sheer essential which the British government is prepared to insist upon.

France may continue to resist the British demands as long as she thinks she can afford to. But it is not believed that her own private business interests will tolerate long a French government which courts economic suicide and threatens to bring the whole of the rest of Europe down on the French people.

France may continue to resist the British demands as long as she thinks she can afford to. But it is not believed that her own private business interests will tolerate long a French government which courts economic suicide and threatens to bring the whole of the rest of Europe down on the French people.

COST OF LIVING IS STEADILY DECLINING IN UNITED STATES

Washington, March 27.—The cost of living is going down slowly. The retail cost of food decreased one to four per cent in ten representative cities from February 15th to March 15th, the labor department announced today. For the year ending March 15th prices decreased from thirteen to nine percent.

STRIKE OF RAILWAY WORKMEN IS AVERTED ON GEORGIA ROADS

Augusta, Mar. 27.—The strike which was scheduled to start this morning on the Georgia and Florida railway, was averted following a conference last night when officials of the road acceded to demands of employees and restored the wage scale they had announced would be abandoned.

NEW GOVERNMENT LOANS GRANTED TO FARMERS BY WAR FINANCE BOARD

Washington, Mar. 27.—New government loans aggregating three million, three hundred and twenty-four thousand for agricultural and live stock purposes were approved today by the war finance corporation, it was announced this morning. Two hundred and twenty-three advances of the government funds will be for farm purposes, totalling six million dollars.

HODGES GETS QUICK RESULTS WITH ADV.

H. L. Hodges, a Reflector advertiser who advertised a special sale of flour and meat last week, said this morning that he received remarkable returns. In fact he disposed of the large stock several days earlier than under ordinary circumstances, and feels certain he would not have been able to do so had he not used this form of publicity. The Reflector is extensively read in this section because of its large circulation, and this is the reason our advertisers get such quick results. "No one knows like the man who advertises."

Monday, March 27th, 1922

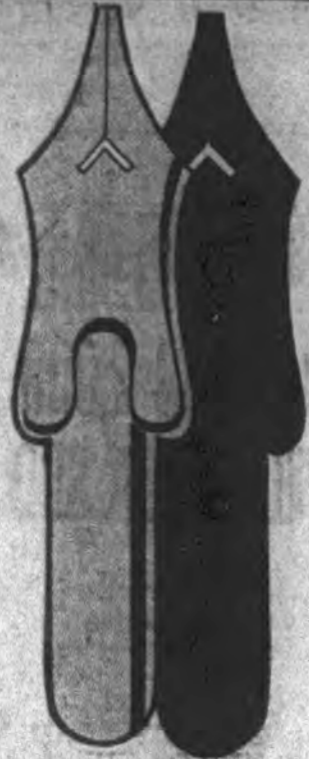

Road work in Pitt county is assuming great proportions, and before many months pass every town of any size will be lined together by a regular chain of concrete roads.

Everybody is hoping Tarboro will join the Eastern Carolina league, as this will insure Washington's entrance. Both are live towns, capable of supporting a club in fine form, and the league needs them.

The coal strike may be inevitable or it may not be, but whatever the outcome, the government should be in position to see that the country suffers no bad results from action of the miners.

The American Red Cross is doing excellent work in this county under the direction of Miss Louise Hubbard, executive secretary of the county organization.

Recent proposals to cancel the war debt is neither wise nor practicable. The American government has shown a desire to help a suffering world, but it cannot agree to the suggestion of entirely cancelling debts for money loaned Europe in time of war.

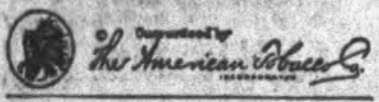

Penn's spells quality. Why?

Because Penn's is packed airtight in the patented new container—the quality is sealed in.

So Penn's is always fresh. Have you ever really chewed fresh tobacco? Buy Penn's the next time. Try it. Notice the fine condition—fresh—Penn's.

PENN'S CHEWING TOBACCO

had not this money been loaned Germany, with her vast resources, would have destroyed many rich sections, and the situation today would be exactly opposite what it is now.

COMPENSATING THE SOLDIER.

Every one, except a few Republicans opposed to the issue, will be gratified to learn that the bonus bill passed the House by an overwhelming majority.

The fate of the bill, however, is still in hands of congress. This body, it is hoped, is more favorably disposed towards the bonus than members of the House, although this is not certain.

Refusal of this government to give the soldiers a bonus would be disgraceful. Times are hard and money tight, we admit, but things are not near so bad in this country compared to other nations.

Taxes are excessively high in America, and new sources of revenue will have to be opened to pay the bonus with.

The bonus can be raised by reduction of expenses along other lines. There are many expenses borne by the government which could be eliminated or cut in half to meet this emergency, and congress can't convince the public there isn't.

these, the bonus could be easily raised, and it is the duty of our statesmen to find a way. The resources of the nation were merely scratched on the surface by the war.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Greenville, N. C., on May 13, 1922, to fill the position of rural carrier at Greenville, N. C. and vacancies that may later occur on rural routes from that post office.

Washington, D. C., Applications should be forwarded to the commission at Washington, D. C. at the earliest practicable date.

MRS. ELVA CAULKINS

"I have gained thirty pounds since taking Tanlac and never felt better in my life than I do now. Mother says she hasn't seen me looking so well since I was a girl," said Mrs. Elva Caulkins, 303 Blandix St. Utica, N. Y. "For eighteen long years I suffered from stomach trouble and sluggish liver, and during all that time I hardly knew what a well day was. As I almost starved myself trying to avoid indigestion, I fell off until I was hardly more than a shadow, and was so weak I was barely able to drag myself around the house. As a result of my long suffering I became almost a nervous wreck.

"This was the condition I was in when I started taking Tanlac, but today I am strong and well, feeling and looking like a different person from what I did a short time ago. It is no wonder to me that so many people praise Tanlac to the skies." Tanlac is sold in Greenville by the Greenville Drug Co., and by leading druggists everywhere.

Battery Palmistry. An entirely new field that, battery palmistry! It pays its promoters nicely until the car driver gets wise to the trick. It is the most natural thing in the world to be attracted by claims of wonderful solutions that charge batteries instantly, especially if you have had any recent trouble with the particular organ of your car. A storage battery is made of lead and lead compounds which absorb acid from the battery solution as it delivers current. The acid is driven from the plates again when the battery is recharged either while on the car or at a service station. Thus a continuous interchange of acid to plates and back to the solution is kept up, says Mr. J. Knott Proctor, local Willard Battery dealer. "To begin with, the battery is fully charged," says Mr. Proctor, "and has a solution which contains the proper amount of acid. Because the plates absorb this acid as it discharges, some sleight-of-hand artists have been making a nice living by pouring more acid into it. Of course the additional acid makes the battery operative but when it is charged on the car through normal driving, the acid in the plates

comes out and then there's the dicker to pay." It seems that there is where the "palmistry" comes in. According to the Willard Storage Battery Company, of Cleveland, Ohio the battery solution becomes too strong in such cases and some of it has to be taken out and replaced with distilled water. The innocent autoist has palmed the doper for acid he didn't really want, certainly didn't need and finally had to throw away. There's no secret about the dopes at all, but it is best to let only an authorized battery service station take care of storage batteries. NOTICE! Persons having accounts against Pitt County will please present them to me, not later than Wednesday before the first Monday in each month. N. W. JACKSON, County Auditor 17 2wks.
