

HOPE OF AVERTING STRIKE OF MINERS ABANDONED TODAY

Operators and Miners Leave Conferences Declaring Strike Inevitable

STAGE ALL SET FOR GREATEST WALKOUT IN WORLD'S HISTORY

Suspension of Work to Begin Tomorrow Night When Contract Expires

(By International News)

New York, March 30.—All hope of averting the strike of anthracite coal miners was abandoned by operators and miners who had been in conference here the past ten days.

The stage was today all set for the greatest walkout of coal miners in the world's history officials of the mining department all asserted here this afternoon.

Suspension of work is scheduled to begin tomorrow night when the contract under which bituminous and anthracite miners have been operating for two years is terminated.

"Nothing but a miracle—the immediate acceptance of each and every one of our demands—can avert the strike now," said Thomas Kennedy, district president of the United Mine Workers.

"Under the present circumstances, it is probable that the suspension will go into effect April 1, according to the miners' program," said S. D. Warringer, vice-president of the Lehigh Coal and Navigation Company.

BILL OF KENYON ON COAL WAR TO BE CONSIDERED

Measure to Set Up National Board to Maintain Peace Lacks Sponsor

By H. K. REYNOLDS International News Service Staff Correspondent

Washington.—Just before William S. Kenyon, of Iowa, quit the United States Senate to become a Federal judge he caused considerable apprehension in labor circles here and elsewhere by the introduction of a bill to establish a National Coal Mining Board to maintain peace in the coal industry.

Before he made the formal proposal to the Senate, Kenyon outlined his plans for the sanctioning by congress of an industrial code applicable to coal mining and incorporated his set of rules in his bill.

When the bill was tossed into the legislative hopper Kenyon was chairman of the Senate committee on education and labor and the measure naturally went to his committee, where, in the ordinary course of events, it would have rested for a brief period and would have been reported back to the senate to be discussed pro and con, defended and maligned, until it was disposed of by being passed or definitely rejected.

But Kenyon's gone and the bill is gathering dust in the archives of the committee, which has been without a permanent and official chairman since the retirement of the Iowa senator.

Bill Likely to Die.

Unless someone with Kenyon's ideas of how things ought to be looked after by the government in the coal-mining industry comes forward to rescue his bill and to sponsor it on the floor of the senate it is likely to die a natural death along with hundreds of other measures which never get any further than the brief item in the newspapers to the effect that "Senator So-and-So today introduced a bill providing for the soforth and so on."

Members of the senate education and labor committee, of which Senator Borah, of Idaho, is now the ranking member, say that there is a possibility that the bill will be taken up and discussed one of these days in connection with the investigation made under Kenyon's direction of the mine strike in West Virginia.

LADY ASTOR TO VISIT AMERICA IN APRIL

Lady Astor, formerly Nancy Langhorne, of Virginia, and England's first woman Member of Parliament, will come to the United States in April for a brief visit, cable dispatches announce. She will be given a dinner by the English speaking union in New York.

SENATE RATIFIES TREATY REDUCING NAVAL ARMAMENT

Pact Ratified Late Yesterday With Only One Vote Against The Measure

FRANCE DOES NOT FAVOR PROPOSALS FOR REDUCTIONS

Sea Armament of Five Great Powers To Be On 5-5-3 Ratio Proposal

Washington, March 30.—The two arms conference treaties limiting the naval armament of the five great powers and restricting the use of submarines and poison gas were ratified in a landslide of approbation today by the Senate.

To the naval limitation covenant, declaring a naval building holiday and fixing a ration of capital ship strength for the United States, Great Britain, Japan, France and Italy, the Senate gave its final assent by a vote of 74 to 1, and then almost without debate it accepted, 71 to 0, the pact designed to prevent submarine operations against merchantmen and to outlaw chemical warfare altogether. No amendments or reservations were proposed to either.

The only negative vote was cast against the naval treaty by Senator France, Republican, Maryland, who said he regarded naval reduction as a dangerous expedient under present world conditions. Every other member of the "Irreconcilable" bloc who was present cast a vote in the affirmative, although Senator Borah, Republican, Idaho, told the Senate he regarded the treaty as only a beginning and Senator Johnson, Republican, California, declared he accepted the fortifications "status quo" provisions for the Pacific, with "grave misgivings."

A speech assailing the poison gas section of the submarine and gas treaty was made on the Senate floor by Senator Wadsworth, Republican, New York, chairman of the military committee, but before the ratification roll call he left the chamber and did not vote. The New York Senator disagreed with the statement in the treaty text on use of gas in warfare had been "justly condemned by the general opinion of the civilized world," argued that chemical warfare had not proved actually more brutal than other accepted methods of destruction, and expressed a fear that the treaty pledges would be violated in any emergency.

HOPE OF AVERTING STRIKE OF MINERS DECLARED INEVITABLE

New York, March 30.—All hope of averting the strike of the anthracite coal workers was abandoned by operators and miners here this morning who had been in daily conferences ten days.

CURRIN AWARDED \$400 JUDGMENT IN TOBACCO CASE

R. E. Currin Awarded Judgment of \$400 Against F. M. Edmundson

FERTILIZER CONCERN AWARDED JUDGMENT AGAINST CITY FIRM

Roberson Fertilizer Company Awarded \$4,960. Against Willard & Smith

Two cases were disposed of in yesterday's session of the civil term of Pitt county superior court and today and tomorrow will probably see the same number go off the docket. Officials are making every effort to clear the calendar this term, and from all indications are going to meet with great success. Judge Daniels is a fine dispatcher of business and keeps the wheels of justice grinding almost continuously despite occasional handi-caps.

The two cases disposed of yesterday were filled with considerable interest to local people, and the courtroom throughout the day was pretty well filled. The first case coming up for consideration was that of R. E. Currin, tobacco man of this city against F. M. Edmundson, of Oak City, involving suit for non delivery of a crop of tobacco which the plaintiff claimed to have purchased from the defendant.

After short deliberation judgment for \$400 was returned in favor of the plaintiff. Mr. Currin claimed he purchased a crop of tobacco from the defendant and that the entire amount bought was not delivered. The defendant claimed the missing tobacco evidently had been taken from the shipment by his sons without his knowledge.

The other case considered was that of the Roberson Fertilizer Company against Willard & Smith, incorporated, of Greenville, involving suit over non payment of notes amounting to \$4,960. The defendant acknowledged the debt, but admitted their inability to settle because of financial stringency of the concern. Judgment for the entire amount was awarded the plaintiff.

The case of George Cherry against the Atlantic Coast Line railroad Company, involving suit of \$20,000 damages as result of injuries which the plaintiff received several years ago, will be taken up probably tomorrow, and will not likely be completed before Saturday. The examination of many witnesses will feature the case and this alone in all probability will consume much time.

ONE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

Only one marriage license has been issued by the register of deeds since the report of yesterday afternoon, that being to William Wilson and Maggie Brown, both colored, of Ayden township.

FALLS AND BREAKS HIS ARM LITTLE ROBERT HARRINGTON

The many friends of Mr. and Mrs. R. W. Harrington will regret to learn that their little fifteen months old son, Robert, fell and broke his arm. The little fellow was getting along nicely at the last report.

WARDEN HAS FAITH IN HONESTY OF CONVICTS

(By International News) Bucyrus, Ohio.—"I would trust some of the inmates of the Penitentiary to take a check on my personal account for several hundred dollars to the bank, knowing they would return safely with the money, and I know men outside the Penitentiary whom I wouldn't trust that far," declared P. E. Thomas, warden of the Ohio Penitentiary, addressing the Rotary Club here.

Warden Thomas expressed belief that it would be better to use the inmates of the "idle house" at the Penitentiary in making brick out of the abundant shale clay found in Ohio and to use other prisoners in improving with brick the various country roads throughout the State for the benefit of all its citizens rather than have convicts waste their time in the idle house.

REVIVAL SERVICES LARGELY ATTENDED AGAIN LAST NIGHT

Kinston Minister Delivered Another Inspiring Sermon To Baptist Members

SERVICES TO CLOSE FOLLOWING SERMON TOMORROW EVENING

Expected Final Services Will Be Even More Largely Attended Than Others

"And they told Him, that Jesus of Nazareth passed by," Luke 18-37. Rev. Lee McBride White preached another splendid sermon in the memorial Baptist church last evening, talking for his text the above paragraph from the account of the entrance of Jesus into Jericho. When the blind man hearing the noise of the multitude asked what it meant, Mr. White then told the story of Zacchaeus, which was the chief among the publicans and a very rich man. Hearing that Jesus was passing, curiosity prompted him to climb up in a tree. At this point Mr. White stated that curiosity had caused many a man to go to the house of God, but by going he had received a blessing from God. Zacchaeus climbed up in the tree, and when Jesus passed, He looking up, demanded that he come down immediately. No man hesitates to do God's bidding when he feels His spirit and presence, and so it was with Zacchaeus, he came down from the tree and began at once to apologize to Jesus for his sins. And Jesus said unto him, "This day is salvation come to this house." Through curiosity and through repentance Zacchaeus found everlasting life. Mr. White declared that in order to find Jesus man must come down from his high perch of respectability and morality. Jesus did not climb the tree, but commanded Zacchaeus to come down to Him. The speaker appealed to his hearers to confess their sins to God by telling them of people who had sinned and who had found that in order to find everlasting peace they had to give up that thing which was dragging them down and confess it.

There will be services again this evening and tomorrow evening at which time the series of services will come to a close. The public is invited to hear these closing sermons.

BOYS AND GIRLS CLUB GETS GOOD START AT ARTHUR

Organization Perfected Yesterday With Great Amount Of Enthusiasm

Boys and girls club was started definitely yesterday at Arthur. The organization was perfected with considerable enthusiasm. The following officers were elected: Waddell Leggett, president; John Brwin Wilkerson, vice-president; Christine Smith, secretary. The club starts off with something like twenty-five members. Prof. A. Y. Dowell of the school at Arthur will be the local leader.

Another meeting has been called for Monday night, April 3rd, for the purpose of showing moving pictures under the auspices of the Arthur club.

Different sections of the club are manifesting much interest in club work and no doubt several more will be organized at an early date.

County agent, W. B. Pace, secretary Smith of the Pitt County Chamber of Commerce and Mr. Mask, director of the club work of North Carolina visited Arthur, Farmville and Fountain yesterday in behalf of club work.

UNITED STATES TO BY REPRESENTATIVE AT GENOA CONFERENCE

Rome, March 30.—The United States will be unofficially represented at the Genoa economic conference in the person of Ambassador Child, it was learned here today.

CAMP FOR GIRLS TO BE DEVELOPED AT LAKE TOXAWAY

Miss Sallie Joyner of Teachers College to Have Camp Under Management

CAMP IS SITUATED IN THE SAPPHIRE SECTION OF STATE

Buildings Are Situated Exactly Four Thousand Feet Above Sea in West Carolina

Friends in Greenville will be interested in the development of a camp for girls near Lake Toxaway under the management of Miss Sallie Joyner Davis of the Teachers' College of this city, who will have associated with her Miss Katharine Davis of Savannah, Georgia, and Mrs. Clara Joyner Davis of Greensboro. Mrs. Davis will be the camp mother, while the camp staff includes a resident physician, a physical director and a councillor for swimming and horse-back riding, one for the dramatics and folk dancing one for basketry and sketching and woodcarving, one for woodcraft, nature study at first hand.

Camp Toxaway is situated in a beautiful piece of property in the world famous Sapphire country in western North Carolina. Adjacent to it are 43000 acres of primeval forest with many bridle trails which the campers will have access to. It is six miles from Lake Toxaway and the railroad terminal. The road leading from the station follows the lake shore for three miles and then climbs through the Toxaway river gorge. At the end of this trail 4000 feet above the sea level, the camp is situated built originally for the summer home and hunting lodge of a Brazilian rubber king, it consists of a series of two story log buildings in the center of several acres of turf lawn with an artificial lake covering an acre. This lake is fed by mountain streams and has a depth of from three to twelve feet. Many of the most interesting and beautiful spots of the Sapphire country are within walking distance of the camp.

The large eight room house of back covered chestnutlopes continues to be known as the Lodge. The lower floor will serve as the reading room.

The cabin which is now the caretaker's house will be converted into offices. The big barn is being turned into a real camp house. A stone chimney and a covered porch with a field stone floor are being added to this. On the first floor of this building is the recreational hall where all the indoor activities will take place. The great stone fire place with its open log fire will be specially attractive on rainy days and in the evenings when all the members of the camp family will meet together for story telling, dancing, musicals, theatricals, masquerades, etc. The second story will be used for sleeping quarters, which are being arranged according to the most approved camp methods.

All the furnishings are new many of them being designed by the directors. The dining room furniture is attractive in grey enamel with black and red the camp colors. The camp-china is being decorated with the figure of a red bird, since the word Toxaway is an Indian word meaning red bird. The water which supplies the camp comes from the top of the water shed of the Blue Ridge.

Girls from eight to eighteen years of age will be admitted. These will be under immediate supervision of Miss Davis and her councillors.

KINSTON BALL CLUB ELECTS OFFICIALS

Kinston, March 30.—At a meeting of the directors of the Kinston base ball association, held in the office of Clarence Oettinger's office last night, Plato Collins was chosen president, H. H. McCoy, vice-president and Clarence Oettinger, secretary-treasurer. An executive committee, with full power to select a new park, build a grandstand and bleachers, and select a manager and players and to have complete charge of the affairs of the club, subject to orders from the board of directors at any time, was appointed as follows: Plato Collins, chairman; H. H. McCoy, vice-chairman, Clarence Oettinger, George Sugg and W. B. Harvey.

LONE SURVIVOR OF MIAMI FLYING BOAT WRECK

Despite the heroic efforts of Robert Moore to save his flying companions, three women and two men were drowned when his flying boat, Miss Miami, was wrecked off Bimini. The pilot, shown here, was the lone survivor of the fatal crash.

PERSHING DEFENDS AMERICAN ARMY IN STIRRING ADDRESS

Declares House Bill Limiting Army Means Disaster To The Nation

NATION'S SYSTEM WOULD BE UPSET BY THE PROPOSAL

General Harbord Also Tells Of Necessity of Normal Strength of Navy

Washington, March 30.—Staffing the army's case in opposition to further reductions in its enlisted and commissioned strength before Washington newspaper correspondents gathered at the National Press Club last night, General Pershing, chief of staff, and Major General Harbord, deputy chief of staff, jointly declared their belief that the bill passed yesterday by the House limiting the army to 115,000 men and 11,000 officers, would work serious injury to the nation's military policy and undermine the best system for preparedness the nation ever had.

"Further reductions would be detrimental," General Pershing declared, adding that such reductions would "introduce an unwarranted element of danger in our plan of national defence."

General Harbord asserted that the country "traveled in a vicious circle of unpreparedness and post war economy." Both officers asserted that 150,000 men and 12,000 officers were absolutely essential to the nation's needs at the time.

"A careful consideration of the work in hand, if the initial well laid scheme is not to be seriously curtailed, and many essential activities abandoned," General Pershing said, "leads inevitably to the conclusion that any further reduction would be disastrous."

Regarding the proposal to reduce the overseas garrisons, he said that the "reduction cannot be made without violating the soundest principles of security."

"The size of the peace garrisons recommended for Hawaii and the Panama Canal Zone," General Pershing added, "is the minimum with which their missions can be performed. Any material decrease in their size will make them ineffective and possibly invite attack. The importance of these possessions in the plan of national defense; the expense of maintaining them; the fact that they must be defended by the regular army; and the difficulty of supplying adequate reinforcements in an emergency, all demand that the defending forces be efficient."

One half of the world doesn't know how the other half flivvers.—Asheville Times.

SIAMESE TWINS DIE AT CHICAGO DURING TODAY

Josefa and Rosa Blazek Pass Away as Result of Attack Of Pneumonia

TWINS REFUSED TO LET THE DOCTORS OPERATE ON THEM

Life of One at Least Could Have Been Saved by Operation, Surgeon Said

(By International News)

Chicago, March 30.—Josefa and Rosa Blazek, "Siamese Twins," died early this morning at a hospital here of pneumonia.

No operation was attempted to prevent their death. They died practically the same instant.

Physicians pleaded vainly with a brother for permission to operate, but it was refused.

Rosa also opposed the operation when it became evident her sister was dying, saying she wanted to die with Josefa.

All hopes of saving the life of at least one of the twins, who have been joined together since birth, was abandoned last night at the hospital where they had been confined for ten days.

"I don't expect Josefa to survive the night," said Dr. Bradshaw, chief of the hospital surgical staff, and I fear the physical reaction may prove fatal to Rosa.

"Everything is in readiness, however, to rush them to the operating room and perform the operation the moment the death of one of them is considered inevitable."

The condition of Josefa, it was declared, took a turn for the worse late yesterday afternoon when pneumonia developed.

This was accompanied by a sympathetic turn for the worse of Rosa, it was said, and resulted in the death of both.

ATTORNEYS SEEK THE RELEASE OF WIFE MURDERER

Habeas Corpus Proceedings Taken in Court Against Edgar Frady at Miami

Miami, March 30.—Habeas corpus proceedings seeking the release of Edgar Frady, charged with the murder of his wife, were continued Monday on account of the weakened condition of Frady from self-inflicted wounds at the time of his wife's death.

His attorneys expect to attack the statement of the wife charging that the husband was attacking her several hours before the shooting. Witnesses testified the room was in no more disorder when the door was opened after the shooting.

He will also attack the statement of the wife that "I have been bed" when found wounded in her husband's apartment.

FAMOUS ARTHUR AND PAINTER ENGAGE IN PRIMITIVE DUELING

Carmel, Cal., March 30.—Lang Wilson, famous author and Theodore Criley, wealthy landscape painter, stripped to the waist, fought a primitive duel on a high cliff overlooking the sea early this morning until Criley scored four knockdowns.

According to reports here, the fistie battle resulted from a feud starting during the production of a community play here 6 months ago which Wilson found. He continued until completely exhausted and Mrs. Wilson was placed the lead opposite Criley, which is said to have aroused his jealousy. Both men had seconds during the battle today and the knockouts were made after the usual count.

Thursday, March 30th, 1922

The department of justice says if there is a coal strike no violence will be tolerated. And it might be wise to add that no high prices will be tolerated after the strike.

Farmers should take advantage of the boll weevil campaign being waged here at the present time. The committee is giving out some mighty good information, and the cotton grower that takes advantage of it is due to come out at the big end of the horn.

The ban has been lifted on smokers of the fair sex in New York. It might as well have been lifted at first for who ever heard of stopping a woman after she set her head to do a thing.

Now that organization of the Greenville base ball club has been completed the public is getting anxious for some baseball. We have had two seasons of the national sport and that has just been enough to whet our appetite.

President Harding hasn't shown any signs of improvement by his trip to Florida. He seems to be as undecided as to do as ever, and evidently wishes he could fish and play golf the rest of his life. He is certainly more efficient at either than in handling the reins of government.

A Norwegian lost his sweetheart in Chicago several years ago, and wants the city to pay for his loss. The question is—how much is a Norwegian woman worth? After the city decides the point it may be able to give the desponding lover a heart balm.

Republicans insist they found every thing in chaotic conditions when they entered office, forgetting the opposition of Republican members of the senate which was largely responsible for it all. It's strange how they get things tangled up. But then, that's the Republican way of doing things, and we can't expect anything much better.

Eighty per cent of violations of the prohibition and traffic laws in this country is laid at the door of aliens. If this is true, and we have no reason to doubt it, the department should urge immediate deportation of all guilty parties. This measure should have a tendency of greatly reducing the traffic.

The Greenville Fire Department is probably in worse condition than any other town in the State, and the proposal to buy additional equipment is timely indeed, providing it is carried out. There is too much valuable property at stake to neglect purchase of a better equipment, and the sooner its done the better everyone will feel.

Greenville and Pitt county people should be getting in readiness for county commencement day to be held here the first of next month. This is an event in which everyone should be interested. It is for the mental and physical development of our young men and women, and certainly deserves attention of those interested in these two important matters. Get everything in shape and take in everything during the days.

The senate may vote on the limitation of naval armaments as much as it likes, but when it comes to disposition of the capital vessels to be put out of commission, more thought should be in evidence. Millions of dollars have been spent in building these vessels and the government should make an effort to realize something out of them. Why not sell them to a smaller nation, even though long time notes may have to be accepted. This would be better than completely destroying the ships. The fact is, we don't like the idea of destroying such valuable property anyway, because their destruction doesn't guarantee peace. The league of nations could have reached a much better conclusion in the matter.

STICKING TO THE SOLDIERS.

When Josephus Daniels told a mass meeting of Pitt county people that he had nothing but contempt for the man who says the former American soldiers are commercializing their patriotism in asking for adjusted compensation he expressed the consensus of thinking people. The bonus is absolutely essential to the development and welfare of the men who gave their all that the world might be saved and those who criticize them unjustly cannot appreciate what they did for the world.

The government might give everything it owns and the debt to our soldiers would not be paid. Thousands of these boys gave their life that the world might be saved from German autocracy, and regardless of what we give them the debt will remain unpaid.

It is very unfortunate we have so many people ready to believe the boys are willing to commercialize their patriotism and devotion to the country simply to better their financial condition. But the world is full of such people, and despite the best a man or set of men may do, they will continue to be criticized.

Probably no one is better prepared to know what the soldier is deserving of than Mr. Daniels, who was secretary of the navy during the war. He, as only a very few others, had an opportunity of looking at things from the inside. And when he can come out and emphatically declare the boys deserve everything we can give them the public should consider what he says.

Mr. Daniels, however, is only one of many others in favor of compensating the boys. They realize the serious situation prevailing among thousands today because of the unemployment situation. Many of the boys returned home from the war to find themselves without lucrative positions left behind. And today thousands face the same predicament.

Can the government turn them down with such conditions prevailing. Not and feel it has done the right thing. Other countries, with resources considerably less than ours, have compensated their men, and America cannot afford to do less than others, have done.

It's a Queer World!

(By International News).

Popular Bluff, Mo.—Trains, like time, wait for no man. And that's why a local restaurateur is a rider today. It also is why the waiter who paid him "the jack" lumbered swiftly afoot over the railroad tracks out of this town.

The stranger entered the lunch room, glanced at a clock on the wall, compared the time with his railroad time table and sat down to eat. He had ten minutes to catch his train—by the clock on the wall. He paid his check and departed. But he came back, somewhat peeved.

"Friend," he said to the lunch room owner, "your clock is wrong. It caused me to miss a very important engagement. Take this \$5 and buy a new one. I was on my way to get married—and now I'll have to walk."

WHERE 80 PER CENT OF CRIMINALS COME FROM

(By International News).

Chicago.—"From the ranks of neglected children come 80 per cent of the nation's criminals. Eight of every ten murders are committed by men and women who were neglected or exploited in their childhood."

This was the statement of Mark T. McKee, of Detroit, who is pushing plans for a home for motherless and fatherless children for the Brotherhood of American Yoemen.

"Four hundred thousand of the half-million men, women and children who are incarcerated in our jails and penitentiaries," Mr. McKee said, "come from the same class. On one side are the riches amassed by the exploiters of child life, on the other 80 per cent of all the crimes on earth."

CITIZENSHIP IS DENIED BY RUSSIANS TO MANY

(By International News).

London.—The Soviet Government is taking drastic action with regard to Russians abroad who are deemed to have incurred the loss of rights of citizenship.

By a decree published in Moscow, five classes of persons are declared to have lost their rights. These include Russians who have lived abroad for five years without applying for passports before June 1, 1922, and those who left Russia after November 7th, 1917, without the permission of the Soviet Government.

BEGINS NEW DRIVE IN SENATE AGAINST MEMBERS OF K. K. K.

Washington, March 29.—A new drive to dissolve the K. K. K. was initiated in congress today by Representative Ryan, Republican of New York, when he introduced a bill demanding every organization to file with the postmaster general a list of membership with addresses.

Don't Worry If Back Is Aching

Stop drugging and get a bottle of old reliable St. Jacobs Oil

What is rheumatism? Pain only. St. Jacobs Oil will stop any pain so quit drugging.

Not one case in fifty requires internal treatment. Rub soothing, penetrating St. Jacobs Oil directly upon

the tender spot and relief comes instantly. St. Jacobs Oil is a harmless rheumatism and sciatica liniment, which never disappoints and skin.

Linger up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatism and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest St. Jacobs Oil has benefited millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

is to know that Karo is a wonderful energy food for children. Delicious on pancakes, hot biscuits and for making ginger bread and cookies. Ask your grocer for Karo—the economical syrup in full weight cans.

Here's how you can make Karo Fudge at home:

3 cups Granulated Sugar
2 cups Light Brown Sugar
1/2 cup Karo, Red Label
1 1/2 cups Milk
1 tablespoon Mazola
1/2 teaspoon Salt
1/2 pound Nuts

Mix brown and white sugar thoroughly in add Karo, milk, Mazola and salt. Cook until it forms a soft ball when dropped in cold water. Remove from fire, add flavoring, and let stand until cool. Beat until creamy, pour into pan oiled with Mazola and cut in squares.

ADVERTISE IN REFLECTOR FOR RESULTS

Personal

Mr. and Mrs. Z. V. Murphy and Mrs. Bently Harris left this morning for a short visit in Washington.

Mrs. L. A. Barnes, of Winterville, spent the day in Greenville with friends.

Messrs. F. E. Winslow, H. P. Williams and F. C. Gardner, of Rocky Mount, were numbered among business visitors in the city today.

Mr. W. M. Rogers, of Wilson, spent yesterday afternoon in Greenville.

Mr. A. B. Watson, of Raleigh, was numbered among business visitors in the city this morning.

Mr. L. F. Brown, of Wilmington, spent a short while in the city Wednesday afternoon.

Messrs. R. C. Briggs and F. W. Taylor, of Raleigh, were visitors in the city for a short while this morning.

Mr. W. T. Bryan left this morning for a business trip to Richmond.

Rev. Leland W. Smith spent today in Richmond with Mrs. Smith who is in a hospital taking treatment.

Mrs. P. H. Plimmans is in Charlotte attending the W. M. W., which is holding a three days session in that city.

DR. BEN EDWARDS TO TEACH YOUNG MEN'S BIBLE CLASS SUNDAY

Dr. Ben M. Edwards, who is to begin a series of revival services at the Christian church April 2nd, will teach the young men's bible class Sunday morning. A telegram was sent to him at Jacksonville yesterday, and he replied that he would be glad to reach here in time to teach the class.

This class is one of the most progressive of the city, having an average attendance of 55 each Sunday. Members feel exceedingly proud of what they have accomplished and the growth experienced and believe the future will see them still going forward.

Dr. Edwards is one of the best known evangelists in the country, and those who heard him here last year wily make it their business to attend the bible class and revival services.

FASHION SHOW TO BE PRESENTED IN HIGH SCHOOL AUDITORIUM TONIGHT

The Fashion Show, or the Jiggs Wedding will be presented at the high school auditorium this evening at eight o'clock under the auspices of the Parent Teachers Association of the Evans street school.

The cast of characters in composed entirely of local talent. Merchants who are contributing costumes and stage settings for the Fashion Show are: C. Heber Forbes, McKay Washington, Young's, Claude D. Tunstall, Mrs. L. F. Lee, Bowen's, Taft Brothers Furniture Company, Taft and Van Dyke and Quinn-Miller and Company.

The show will be amusing and unique and those who are to take part have worked hard to make it a success.

TWO DEEDS FILED SINCE YESTERDAY

Two deeds of transfer have been filed in the office of the register of deeds for registration since reports of yesterday afternoon: L. C. Burney and wife to Woodie McLawhorn, consideration \$650; W. Z. Morton, trustee to J. H. Brooks, consideration \$50.

BETHEL NEWS

(Special Correspondent.) Bethel, N. C., March 30.—There came very near being a very serious fire here yesterday afternoon when the smokehouse in which Mr. W. R. Bullock was curing his meat caught on fire and burned down. The smokehouse was located about fifteen feet in the rear of his dwelling and had not the heavy rains that had just fallen wet all the near-by buildings it would have been with great difficulty that the hundred or more volunteers in the bucket brigade that was quickly formed to have saved his dwelling house. Another important factor in saving his house was the fact that he had a private water system; a hose was quickly attached to a nearby water pipe and a stream of water played on the building and the burning smokehouse that no doubt paid for itself in this saving of property several times over. Mr. Bullock's loss was possibly three to four hundred dollars.

A water system in the home is not only a greater labor saver and a real luxury for the house wife and every member of the family but is a valuable insurance against loss of property.

PRINCESS MARY TO HAVE SEAT IN HOUSE OF LORDS

Marriage Bars Her From The Throne But Bestowal of Peerage is Planned

By EDNA HUBER CHURCH, International News Service Staff Correspondent

London.—Though Princess Mary will never rule the British Empire, because of her marriage out of royalty, she may have a seat in the house of Lords.

The decision of the privileges committee of the house of Lords to grant a seat to Lady Rhondda has led to consideration of the possibility of Princess Mary ascending to a seat in that dignified legislative body.

King George is expected sooner or later to bestow a peerage upon Princess Mary in her own right, as he has given peerages to his sons. With such a peerage the Princess would be entitled to a seat in Lords. Whether she would care to occupy this seat is quite another matter. This English girl, who has been the toast of London for the past three months, is of a shy and retiring nature. Like her mother, the Queen, she cannot be described as a progressive in this day, when some of the women of England are affecting canes, monocles and cigarettes.

Lady Rhondda Takes Seat.
Lady Rhondda's accession to a seat in Lords has raised the hopes of advanced thinkers among Britain's womenkind. It has furnished material for a great deal of chatter in the feminist clubs of London. Lady Rhondda is a brilliant business woman. She may be expected to steer an advanced and dignified course in her legislative career, but what of the others who may follow her into the House of Lords?

It is general opinion among feminists that the advanced women of England can do their sex greater benefit by seeking seats in the House of Commons. They are wondering now, these women who are admittedly feminists,

whether there will ever be a woman as Lord Chancellor.

The success of Lady Rhondda has led to new desires, and it wouldn't be a surprise if the women of England even went so far as to hope that some day a woman might occupy the Premiership.

Lady Rhondda's victory comes as most encouraging at this time because there has been a desperate battle in progress whereby women sought admittance to the ranks of hierarchies and they met defeat.

The women of Great Britain are alive to their opportunities, and they indicate that they intend to seize them.

Library Commission to Meet.
The Library Commission will meet Friday afternoon at 2:30 o'clock with Mrs. J. L. Hassell. Every member is urged to be present.

SALE OF REAL ESTATE.
By virtue of the power of sale contained in two certain deeds of trust executed on the 20th of March, 1920, and May 1st, 1920, by E. C. Williams and wife, Nellie S. Williams to H. A. White, trustee, which deeds of trust are duly recorded in the register of deeds office of Pitt county

in book Q-13, page 405, and R-13, page 864, and there having been default in the payment of the debt secured therein, the undersigned trustee will offer for sale, for cash, before the court house door in Greenville, at 12 o'clock, noon, on **SATURDAY, APRIL 29th, 1922,** the following described real estate: Lying, situate and being in South-west, Greenville lying on the North side of Dickinson avenue, beginning at the corner where the northern boundary of Dickinson avenue, intersects the western boundary of Manhattan avenue, and running northerly along the western boundary of Manhattan avenue, 1500 feet to a stake; thence west 100 feet to a stake; thence south and parallel with Manhattan avenue, 150 feet to Dickinson avenue, thence with said Dickinson avenue, eastwardly 100 feet to the beginning and being the same lot upon which the said E. C. Williams and wife formerly lived.

This the 29th day of March, 1922.
H. A. WHITE, Trustee.

The first guncotton-nitroglycerin dynamite without a headache

DUMORITE is the first guncotton-nitroglycerin dynamite put on the market that can be used with a certainty that no headache will result.

If you have ever suffered from "dynamite headache" you can appreciate what a boon this new Du Pont explosive is to the farmers of this country—in this one particular alone.

Couple with this feature its extreme economy—135 to 140 sticks at the price of 100 sticks of 40% dynamite with equal strength to the latter, stick for stick. Then add its non-freezing feature. These advantages make it certain that Dumorite will be the choice of most farmers in this country for all farm purposes—whether blasting stumps or boulders or planting trees or ditching in dry soil.

See us now about your dynamite supply for this season. We can save you one-third on your blasting costs.

W. L. SMITH, Greenville, N. C.

TO THE VOTERS OF PITT COUNTY:

As a candidate before the Democratic Primary for State Senator, I have been asked concerning my position on several matters. I have, therefore, deemed it proper to make the following statement.

I favor rigid economy and care in the expenditures of county funds. I am against the issue of any more county bonds for any purpose, unless issue for a specific purpose is directly voted on by the people of the county. I favor the revaluation of county property and the reduction of tax rate, as county taxes are now both burdensome and oppressive.

These pensioners should give way to the worthy and infirm Confederate Soldiers. Solicitors should be put on a salary. I favor the repeal of the act increasing the Solicitor's salary for Pitt county. I favor increasing pay of all jurors to \$3 a day.

I favor the paying of witnesses \$3 a day and that in case of compromise the plaintiff and defendant shall be taxed for witness fees. I favor the payment of \$1 a day to the wife and dependent children, under ten years of age by the State or county of each person convicted and sent to the State's prison or county roads.

These are some of the measures I advocate and I will appreciate the support of the Democrats of the county in nominating me for State senator. J. J. LAUGHINGHOUSE.

PRESBYTERIANS SEEK \$14,500,000 BY APRIL 1st New York, March 29.—A campaign to raise \$14,500,000 for the world-wide work of the Presbyterian Church, which has been in full swing throughout the nation, is nearing a close today. Efforts to have the full quota subscribed by April 1 are being made by the leaders of the campaign.

Presbyterians several years ago evolved the plan of budgets so that the missionary boards would know in advance how much money will be needed to carry on their work. After the total amount needed is arrived at each synod is apportioned a quota to be raised.
