

## LEADING ACTORS AT GENOA ECONOMIC CONFERENCE

BARTHAN      LLOYD GEORGE      OSBORN

RATHENAU      TCHITCHERIN      POINCARÉ

Momentous problems affecting the economic normalcy of the world will be discussed when statesmen from European nations assemble at Genoa, April 10. Efforts will be made to re-establish world trade and money exchange on a pre-war basis. Here you see the statesmen who will take the leading roles at the conference. Barthan will represent France, carrying out the policies of Premier Poincaré, who may not personally attend. Tchitcherin is Soviet Russia's commissary. Rathenau is Germany's and Sir Joseph Cook will look after the interests of Australia. Premier Lloyd George, of Great Britain, will be the dominating diplomat of the conference.

## BAPTIST REVIVAL BROUGHT TO CLOSE HERE LAST NIGHT

Rev. Lee McB. White Made Splendid Appeal in Final Sermon to Audience

REVIVAL HAS BEEN OF GREAT INTEREST TO GENERAL PUBLIC

Rev. Leland W. Smith Gratified at the Splendid Results of the Meeting

The series of revival services which have been in progress at the Memorial Baptist church the last two weeks were brought to a close last night by another powerful sermon by Rev. Lee McB. White, of Kingston, who has been in charge of the preaching. The final sermon was of the usual interesting nature, and had a deep impression upon the audience. The revival has been one of the most interesting held in the local church in years, and large crowds have attended practically every night. The sermons of Mr. White contained effective appeals for more concentrated Christian lives, and found a receptive place in the hearts of many. He is endowed with unusual gift as an orator and presented his subject in a way that appealed directly to the higher side of life. Members of the denomination and the general public also have been helped considerably by the impressive services, and the stirring sermons by the Kingston minister will not be forgotten. Rev. Leland Smith stated this morning that he was gratified at the revival manifested by the general public, and believes the congregation will be benefited by the spiritual revival.

### ADDITIONAL OFFER IN FIELD DAY EVENT

McKay Washington & Co., will offer \$500 in merchandise for the winner of the half mile race at the field day meet Monday. Mr. Phillips states this is a special event open to all high school students in the large class. It does not matter, however, in the points determining winner of the cup.

## VAGRANCY CASES FEATURE SESSION OF POLICE COURT

Several Vagrants Sentenced to Thirty Days on the Roads; Many Arrested

By proper attention to vagrants in this city the police department has succeeded in holding the crime wave down lower than any other city in the country. At every session of police court many vagrants are in evidence, and in every case where they fail to give a good account of themselves. Mayor Clark sends them to the roads. This timely interference on part of officials has had much to do with the low crime record, compared to conditions in other sections, and Greenville people should be gratified at the splendid showing made by the department.

At this morning's session several vagrants appeared again and in every case drew sentences to the county road. Jarvis Nobles, colored man of the city, arrested recently on a charge of vagrancy, was sentenced to thirty days on the roads, but filed notice of an appeal to superior court under bond of \$100.

Willie Edwards, charged with vagrancy, drew thirty days on the roads. Arthur Jenkins, charged with vagrancy, appealed to a higher court following sentence of thirty days to the roads.

Sylvester Johnson, recently arrested for vagrancy, drew thirty days on the roads, but filed notice of an appeal to superior court under bond of \$100.

Fred Lawson, charged with vagrancy, appealed to superior court under bond of \$100.

## STRIKE OF MINERS ON IN FULL SWING IN AMERICA TODAY

Over Half Million Coal Miners Involved in Greatest Tieup in History

MINERS IN CANADA ALSO REPORTED TO BE OUT ON STRIKE

Strike Claimed to be One Hundred Per Cent Effective By Leaders of Union

Indianapolis, April 1.—The strike of America's half million and more coal miners is on in full swing today, according to reports issued at headquarters of the United Mine Workers here today. The strike is said to be virtually a hundred percent effective with the exception of twelve thousand Nova Scotia miners not affected and some nine thousand workers in western Kentucky.

All coal miners of the United States and Canada are reported idle and the only report of violence was a shooting of a non-union miner at Bloomsburg, Penn.

No Excitement Evident. Washington, April 1.—Without flurry and without excitement began today one of the greatest labor tieups in the nation's history, involving at the outset approximately six hundred thousand bituminous and anthracite coal miners, and affecting every avenue of business and industrial life only in comparatively restricted areas of the non-union miners were pickets are still being swung under the watchful eye of the government. The gigantic tie-up will be allowed to run its course, it was stated today.

Alabama Miners at Work. Birmingham, April 1.—Rumors to the effect that miners of Alabama would walk out in sympathy with the unions failed to materialize here today. Tranquility prevailed and work continued today at all mines as usual. Walkouts, however, are expected in mines where convicts are not used.

Washington, April 1.—Entire responsibility for the strike at the mines (Continued on page three.)

## ASK APPROPRIATION OF SEVEN MILLIONS AT MUSCLE SHOALS

Amendment to be Introduced With Army Appropriations Bill Soon

PROPOSAL APPROVED BY MANY MEMBERS OF SUB-COMMITTEE

Senator Norris Joined by Wadsworth in Request For The Required Sum

(By International News). Washington, April 1.—An amendment providing for seven and a half million dollars for immediate resumption of work at Muscle Shoals will be added to the army appropriation bill when it reaches the senate next week, it was learned here this morning.

The amendment will be offered by Senator Norris, Republican of Nebraska, chairman of the senate agricultural committee, which approves completion of the plant following the inspection trip.

The proposal also met the approval of Senator Wadsworth of New York, chairman of the appropriations subcommittee handling the army measures.

It is the plea of Senator Norris to have recommended within the next two months and an appropriation available within the next thirty days.

Ford manufactures cranks and uses them to start a noise with.

## EMPEROR CHARLES DIES AFTER LONG ILLNESS AT FUNCHAL, MADERIA

London, April 1.—Former Emperor Charles, of Austria Hungary, died today at Funchal, Maderia, after illness of several weeks, according to a Reuter dispatch received today. Death came after a night which gave false hope of life. Physicians had stated that chances for his life were better when the relapse came that resulted in death.

## DR. BARKER WILL LECTURE IN CITY FRIDAY, APRIL 7TH

Noted Lecturer to Address Three Audiences at High School During Day

WILL BE GUEST OF ROTARY CLUB DURING HIS STAY IN CITY

First Address Will be Before High School Student Body in The Morning

On Friday, April 7th the Rotary club will bring to Greenville Dr. Chas. Barker, one of the most noted lecturers on the American platform today. Dr. Barker is devoting his life to the work of teaching boys and girls to wot make the most of life, and also teaching fathers and mothers how to best prepare their children for the various problems that confront them in life.

Barker knows whereof he speaks. For four years he exercised supervision over the health of President Taft while the chief executive of the nation. He has devoted numbers of years to research along the lines of how to best take care of the human body. He realizes that a great majority of the present day boys and girls are being supplied with misinformation concerning some things that are very vital to their future health and their future happiness, as well as to the happiness of generations yet to come.

Dr. Barker will deliver three addresses in Greenville on the date mentioned, all of them being delivered in the High School auditorium. At 10:30 in the morning he will address the student body of the High School and the general public. At four p. m., he will speak to the women of the town using as his subject "A Mother's Responsibility to Her Daughter." At eight p. m. he will address the men using as his subject "A Father's Responsibility to His Son."

There will be no charge for any of the lectures, and no collection will be taken. All the expenses of the occasion will be borne by the Greenville Rotary Club.

## TITLE GIVEN BALFOUR NOT LIKED

(By International News) London.—When Arthur J. Balfour was named "Mr." and accepted "Sir" was much weeping and gnashing of teeth in London. He has long stood "above titles."

London loves Sir Arthur, who is the Grand Old Man, and they begrudge him the signal honor of being the King, but they were glad that he had stepped out of the ranks of the great commoners.

British public are not awed by any honor, and they have great respect for their leaders, whom they feel are above titles.

Saturday, April 1st, 1922

The coal strike is inevitable. So are the high prices the operators are going to charge after the strike is over.

Secretary Davis says the strike gives no excuse for the price of coal. That's what he says now, but after the price goes up, as it certainly will if the strike continues for any length of time, wonder what he will say then.

Road building has reached the two thousand mile mark in North Carolina at present time. This is very gratifying. When it doubles we will be still more pleased.

If some of the numerous candidates for sheriff in Pitt county could get a glimpse of the many worries which the office holds they might throw their hats out of the ring.

The senate has set up a new speed record, according to information sent out from Washington. Wonder if it's a pace or trot. They've merely been crawling along in the past, so the speed will be received with interest.

The Irish free state bill became an actuality yesterday, but the revolutionists in Belfast didn't stop fighting long enough to realize the change. That country is certainly in an awful stew. But so long as it's an Irish stew maybe they will enjoy it.

Federal prohibition officers at Richmond report that more than a score of hogs became drunk as result of drinking mash from a still in that section. We aren't much surprised at the hogs, but we are at the great number of men who make hogs out of themselves over the same thing.

Some sections are adopting clean-up and paint-up programs for the spring months. Greenville people might take note of this and see if local conditions can't be improved. Well painted houses with clean yards are an irresistible attraction to the visitors, and really about the best advertisement a town could have.

President Harding evidently has not the same influence with miners that former president Wilson had. Mr. Wilson several times prevented strikes by showing the miners where they were wrong. But if Mr. Harding is capable of doing such he has never intimated it in any way at all.

The renate committee that recently investigated Murele Shoals "may" recommend sale of the properties to Henry Ford. That's strange. Wonder why they have asked congress to appropriate a cool thirty million dollars to resume work at the plant immediately? Judging by that Ford "may" get it—but in the neck.

This is beginning to be "fly swatting and mosquito chasing weather." Fortunately the Anti-malaria campaign has practically done away with the mosquito, but we have an abundance of flies we would like to get rid of. If the government has some "anti-fly program" we will take some of that also, after having enjoyed such fine results from the mosquito campaign.

Steps will be taken to develop the fisheries industry in Albemarle sound, according to Governor Morrison who has just completed an inspection tour of the waters. This is something the state has needed for years, and its development will be received with more than general interest. The industry can be made a paying one for the state if properly developed, and if the governor succeeds in his plans the people have him to thank.

The death of the Siamese twins, Chang and Eng, two lives that have been of more than ordinary interest in this country. Joined together by some internal organs the twins were forced to live together since birth. That they lived happily was evidenced by their desire to die together,

Despite the fact that an operation would have saved the one with a son about eleven years of age. It is seldom the public has an opportunity of glimpsing the intimate lives of two such characters, and their strange history will be long remembered.

Prevention of hog cholera is one of the big things before the farmer and stock raiser at the present time, and Pitt county people as a result shouldn't fail to take advantage of the presence of the expert from the state department here this week. Thousands of dollars is lost annually in this county because of the death of hogs from some such disease, and if the farmer doesn't help himself there is no one who will. The state sends out such experts to reduce the annual loss as much as possible, and if the farmers fail to listen to his advice the campaign won't be as successful as otherwise. Hog raising can be made an important industry by proper attention to it, and it is the duty of the farmer to do what he can in an issue that vitally affects farm life.

### OUR FIELD DAY EXERCISES.

Commencement day, or field day as it has been designated, will mean something to the hundreds of people to gather in Greenville Monday. The day without doubt will be the greatest the county has had in years, and will give schools of every section an opportunity of displaying what they have accomplished in an athletic and literary way.

Greenville merchants have combined to make the day of greater interest to the children by offering prizes to the winners. These prizes range from small sums in cash to silver loving cups, and naturally will cause the participants to take greater interest in the events. The loving cups will be given through the generosity of members of the Rotary and Kiwanis club. These clubs take an active interest in anything tending to promote the development of the county, and such events certainly do.

The Rotary club initiated the county commencement movement for the first time this year, and is destined to meet with great success. Rev. S. K. Phillips, physical director of the Rotary club, is largely responsible for success of the event, as it was through his untiring services it was made possible. It is to be hoped Pitt county people will turn out in large numbers and see exactly what our schools are capable of producing.

### Tires With 500 Nail Holes Leak No Air

A new puncture-proof inner tube which in actual use was punctured 500 times without showing the loss of any air when tested by a tire gauge, has been invented by Paul B. Coats, an electrical engineer of Chicago.

It is inflated with air and has the same appearance as the regular inner tube, yet it removes all the necessity of changing tires until the casings are entirely worn out. Cars using these tubes are making from 8000 to 12,000 miles without removing a tire from the wheel. A wonderful feature of this new tube is that it can be produced and sold at about the same price as the ordinary inner tube.

Mr. Coats has turned over the rights on his invention to the Milburn Tube Co., 411 West Forty-Seventh street, Chicago, who want to place these tubes on a few cars here. They will make a very liberal offer to any one who wishes to try them at the company's risk, until a distributor is appointed for this territory.—Advertisement.

### STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The Daily Reflector, published every afternoon except Sunday at Greenville, N. C., for April 1st 1922. State of North Carolina, County of Pitt, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared D. J. Whichard, Jr., who, having been duly sworn according to law, deposes and says that he is the owner and publisher of The Daily Reflector and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management and circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and Regulations.

1. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, D. J. Whichard, Jr., Greenville, N. C.; Editor, Herbert B. Utley, Greenville, N. C.; Business managers, D. J. Whichard, Jr., and Miss Nannie Bowling, Greenville, N. C.
2. That the owners are: D. J. Whichard, Jr., Greenville, N. C.
3. That the known bondholders,

mortgagees, and other security holders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgagees, or other securities are: Mergenthaler Linotype Co., Brooklyn, N. Y.; Dodson Printers Supply Co., Atlanta, Ga.; H. A. White, trustee, Greenville, N. C.; Mrs. D. J. Whichard, Greenville, N. C.

4. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 2189.

D. J. WHICHARD, Jr.  
Sworn to and subscribed before me this 1st day of April, 1922.  
E. E. TUCKER, Dep. C. S. C.

## SOCIAL LIFE OF THE WHITE HOUSE TREBLED TODAY

### Festive Events of Harding Administration Keep First Lady Busy

By FRANK A. STETSON,  
International News Service Staff Correspondent.

Washington.—Onte of the busiest departments of the White House staff during the past two months has been that of the Social Department, under the direction of Miss Laura Harlan, secretary to Mrs. Harding.

When the Hardings entered the White House they decided to go through the entire formal social program, which had been suspended during the Wilson Administration on account of the war and other reasons. The social calendar at the White House calls for four large formal receptions, in addition to the public reception on New Year's Day and 4 formal dinners, in addition to the more informal "at homes" of Mrs. Harding and the dinners by the cabinet officers.

There is a great demand for invitations to these formal receptions, and Mrs. Harding has been forced to announce about ten days in advance of each one that the invitation lists have been closed. While there is a special invitation list for each reception it has always been customary to enlarge this list, and as news of the practice becomes known the requests become more numerous.

Tripple Department.  
Miss Harlan found it necessary to more than triple the social department force and remove it from the executive officers to the basement of the White House proper, where it functions night and day during the season.

Each request is acted upon personally by Mrs. Harding, but not before all information regarding the reasons for issuing the invitation advanced by the applicant have been investigated. This information is diplomatically obtained by Miss Harlan's aides, and should the applicant be regarded favorably an invitation is dispatched by White House messenger. If unfavorable Miss Harlan writes a very nice note expressing Mrs. Harding's regrets in being unable to enlarge the list to include the applicant.

NOTICE!  
North Carolina, Pitt County  
In the Superior Court.  
J. HORACE COX  
vs.  
Lucretia Cox

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Pitt county, North Carolina, for the purpose of procuring an absolute divorce; and the said defendant will further take notice that she is required to appear before J. F. Harrington, clerk of Pitt Superior court on the 10th day of April, Greenville, North Carolina, and answer or demur to the complaint filed in said action or the plaintiff will apply to the court for the relief demanded in said complaint.

1922, at the court house in said county. This 10th day of March, 1922.

## APPROXIMATELY \$817,000,000 OF EUROPE ARE HELD IN UN

### Greater Part Comprises Certificates Held Against Great Britain

(By International News)

New York.—What is the total of European bonds held in this country? Various answers have been given ranging \$5,000,000,000 downward. But the total, according to the best available estimate here—that of Thor. W. Lamont, of J. P. Morgan & Co.—indicates the total is not more than \$817,000,000.

"The total amount of loans to the allied governments of Europe, issued publicly in the United States (that is to say, bought and issued by American banks and banking houses) was from the outbreak of the war on August 1, 1914, to January 1 of this year, approximately \$2,587,000,000," said Mr. Lamont. "Of this total amount there have been already paid off approximately \$1,770,000,000, leaving outstanding less than \$818,000,000.

"Amount of loans issued since the armistice aggregates approximately \$641,000,000. Of this

total approximately were issued merely as loans; that is, ready outstanding calling for no further payment.

"Now, of the total of the allied governments approximately \$818,000,000, the amount held by ourselves, as shown above, is negligible. They buy them to be so-called investors. In the foreign loans were the investors of the allied governments. With the exception of the Russian 1,000,000 they are, in themselves, and whatever action may be taken, the debt question as regards the allied governments themselves. It ought to be that the total amount of European loans held here, and, second, that they are owned by the rank and file of investors throughout

### NOTICE OF SALE OF PERSONAL PROPERTY.

By virtue of authority vested in me by the terms of that certain mortgage executed to me by W. A. Craft and wife, Lottie Bell Craft, dated the 6th day of December, 1919 and duly of record in the office of the Register of Deeds of Pitt County in Book M-13 at page 84, I shall offer for sale at public auction to the highest bidder for cash, on Monday April 10th, 1922 at 12 o'clock M., the following described real estate:

Situated and being in Ayden township, Pitt County, N. C.  
Tract No. 1: Beginning at a stake on the New Road through the Bland Farm, the South west corner of Lot No. 1 and running with the line of Lot No. 1 South 76-15 E. 1750 feet to Swift Creek; then down said Creek 529 feet to the line of Lot No. 3; then N. 07 W. 1750 feet to said New Road; then with said new road N. 14-15 E. 190 feet to the beginning, containing 17.29 acres, more or less and being Lot No. 2 as described and shown on a certain map made by J. F. Foy, C. E., which map is registered in the Register of Deeds office of Pitt County in Map Book 1 at page 137.

Tract No. 2: Beginning at a point on the North side of the Bland road at Gardner's corner and runs a northerly direction with Gardner's line to an iron stake; thence an easterly course to an iron stake on the New Road; thence a southwestwardly course with said road to the beginning containing 1 1-2 acres, more or less, it being the parcel of land which was conveyed by W. O. Cox and wife to W. A. Craft by deed properly of record in the Register of Deeds office of Pitt county.

This March 9, 1922
