

CLEAN UP WEEK TO BE ADVOCATED ON MONDAY, APRIL 24

Campaign to Begin on Monday And Extend Through the Week

CITY CHAMBER TO USE INFLUENCE IN SUCCESS OF DRIVE

Other Organizations to be Asked to Assist in the Campaign

The week beginning April 24th promises to be a memorable week for Greenville and Pitt county, because this week has been designated as "Clean Up Week" for Greenville and Pitt county. This work is of so much importance that every year, a national campaign is waged to get the towns and counties all over the country to put on a special week for cleaning the premises, painting the parks, and making the towns attractive, from a sanitary standpoint.

Spring, the Right Time.
Naturally, when spring begins to come on, it is the best time about getting new things and about making their own persons, and in accordance with the season. This same spirit should prevail, with reference to cleaning up the premises, lawns, etc., so that the city and county may have a real spring appearance.

Chamber of Commerce at Work

This movement is being fostered by the Pitt county chamber of commerce, because this organization believes that no town is safe unless the health of her people is secure and that this cannot be made secure unless every precaution is taken to keep an ever accumulation of trash, etc., on the vacant lots and in the back alleys of the town. Nothing is more noticeable to the visitor than the clean streets of a city, and nothing makes a more favorable impression than do the clean alleys and vacant lots.

Other Organizations Asked to Aid the

In discussing this campaign this morning, Secretary H. L. Smith, of the Pitt county chamber of commerce said, "We want all the civic organizations of the city and county to aid us in putting over this campaign in real big style. We can't do it without the co-operation of all the people of the city."

Prizes to be Given.

Arrangements are being made to have eight cash prizes given, for writing an essay on this subject. Why Should Greenville Have Clean Homes, Clean Vacant Lots, and a Clean Town? The school children of the city are being asked to write essays on this subject, and a cash prize of \$2.00 for the first and \$2.00 for the second best essay will be given each of the best schools for white and the school for the colored. The essays must be in the hands of the committee from the chamber of commerce, not later than April 25th at six o'clock p. m. This contest should prove very interesting. The donors of these cash prizes will be given out later.

Other Towns in the County May Do This.

Every town in the county should put on a similar campaign, and make it a real county campaign instead of just a Greenville affair. It would be a mighty fine thing, if every town in the county would get squarely behind this movement and see that a local campaign is put on in each town.

AMUZZI PARK TO OPEN TO PUBLIC MAY FIRST

Amuzzi park will be thrown open to the public of Pitt county May 1st, according to an announcement made this morning by Manager C. D. Tunstall. Season tickets will be on sale from now until the opening date and those who wish to take advantage of this feature may do so by applying to Mr. Tunstall or authorized representatives of the park.

Several improvements will be made at the park this season, Mr. Tunstall said, and every effort will be made to entertain the people of Greenville and Pitt county better than ever before.

CANTATA WILL BE GIVEN BY CHOIR OF METHODIST CHURCH

Special Easter Song Services To be Held Next Sunday Morning

A cantata, "Greatest Love" will be presented in the Jarvis Memorial Methodist church Easter Sunday morning by a full choir. Mrs. Ray Tyson will preside at the organ and the following will compose the choir: Sopranos, Misses Arlene Joyner, Jessie Mays and Hortense Higgs; altos, Mrs. Sam White and Mrs. G. B. W. Hadley; baritone, Messrs. J. H. Rose and J. H. Blount; bass, Mr. C. B. Rowlett; tenor, Mr. Chas. Jaibes.

The choir has given much time to the cantata, and the pastor of the church has consented to give in the entire church period, with exception of the opening hymn and a fifteen minute talk.

The following program will be rendered:

Opening chorus, "The Greatest Love," by the choir; chorus, "Lead Me," solo, "No Greater Love," by Mr. Charlie James, trio, "Peace Be With You," Misses Arlene Joyner, Jessie Mays and C. B. Rowlett; solo, "I Will Behold Him," Miss Jessie Mays; Chorus, "Until the End of the World."

ROCKY MOUNT MEN ENDORSE PLAN TO CONTINUE SALES

F. S. Spruill Speaks at Mass Meeting of Rocky Mount Citizens

The Rocky Mount tobacco Board of trade in a recent meeting heartily endorsed plans for keeping tobacco warehouses open this season and adopted resolutions to that effect. The principal address on the subject was delivered by Hon. F. S. Spruill, who followed several other prominent men favoring the open market plan. The following clipping was taken from the Rocky Mount Telegram:

The first speech of the meeting was made by Hon. F. S. Spruill, prominent attorney of this city, who acted as chairman and in preliminary remarks stressed the importance of the matter before the meeting. Mr. Spruill stated that he did not know enough about co-operative marketing to give a concrete opinion and pointed out that what he would have to say would deal only with the machinery of the association and not the fundamentals of co-operating marketing. He then began a discussion of the contract which growers who become members of the association are required to sign, and discussed the legal phases and objections which a study of the contract had revealed to him, and which he said ought to appeal to every business man of sense. Under the terms of the contract, he declared, those who sign commit themselves to serfdom for five years to an invisible thing which has no capital and which exists only in the mind and that all funds which the invisible thing borrowed would be preferred claims against its members.

Mr. Spruill took up specifically Sections 7, 8, 9, 16 and 18 of the co-operative contract, declaring that the association may handle members' tobacco as it sees fit, that the tobacco loses its identity and goes out from the growers' control absolutely. The speaker also declared that the association, "this same nebulous thing which has no capital, might sell the growers' tobacco within or without the United States, may manufacture it or put it through any process with or without the approval of the members upon any such terms as it thinks most profitable for the growers as well as the public. The speaker dwelt upon the property rights as guaranteed by the Constitution and declared that the association took away all such rights. Stressing the financial responsibility of the growers who joined

ANNUAL FEED OF COUNTY CHAMBER TO BE HELD SOON

Pitt County Chamber of Commerce Plans Affair For April 25th

Plans are being rapidly arranged for the annual dinner of the Pitt County Chamber of Commerce, which will be held on the night of April 25th.

The dinner will be prepared by the club or organization submitting the best menu.

The chamber of commerce will arrange to have the dinner prepared by some of the women's club or organizations. Each of the organizations desiring to care for this dinner are asked to send a sealed bid to the chamber of commerce which will be examined by the committee and awarded to the one submitting the best menu for the lowest price. It is to be understood that the organization to whom this work is entrusted will be expected to care for all of the expenses incurred. The total cost of the dinner must be included in the tickets. All bids are requested to be in the hands of Secretary Smith of the Pitt county chamber of commerce not later than Monday afternoon 3 o'clock at the chamber of commerce rooms.

Any organization desiring to make a bid and wanting more information are asked to confer with Secretary Smith at once.

MRS. GREEN PAINFULLY INJURED IN AUTO ACCIDENT

Mrs. Ella Green received painful injuries while riding in an automobile driven by Mrs. Frank Kohler shortly after the noon hour today, when the car ran into a tree in front of the Vines house. In the car at the time were Mrs. N. W. Outhaw and Miss Ruth Andrews, who escaped without injury. The front axle of the car was badly damaged and Mrs. Green was cut in the temple by flying glass from the windshield.

Miss Andrews had fainted at church and was being rushed home when the accident occurred. The car was making the turn from Pitt street into Fifth and collided with a tree.

Notice Knights Templar. The drill team of Bethlehem commandry will meet at the Masonic hall tonight at eight o'clock. Your presence is earnestly requested.

REFLECTOR ADV. BRINGS RESULTS

Daily Reflector. We wish to thank you for the results that we have derived through the advertisement on "WILLARD HOME LIGHTING PLANT BATTERIES" that we have been running in the Daily Reflector for the past two weeks.

This advertisement has explained in detail our facilities for taking care of repairing and furnishing new batteries for the home lighting plants, the results that we have obtained, we have just received an order for repairing and putting in a whole new plant for a nearby town that totals up to nearly \$400.00 for which we feel very grateful for so large an order.

We do not believe that we would have received this order had it not been for the advertisement that we have been running in the Daily Reflector for the past two weeks, covering this new addition to our new large battery business, as you know the Willard Rubber thread batteries are known the world over and new that they have entered this new field of Home lighting plant batteries as well as covering the largest out-pull of the new famous Willard Radio rubber batteries.

Again thanking you and assuring you of our aim to continue to increase our business by using space in your paper, we are,
GREENVILLE STORAGE BATTERY CO., Inc.,
By W. J. BRYAN,
President and Manager.

OVER FIVE HUNDRED FAMILIES HOMELESS IN NORFOLK, VIRGINIA

Norfolk, April 14.—Five hundred families are homeless and hundreds of houses are in ruins in the Berkley suburbs of Norfolk following one of the most disastrous fires in the city's history. The fire is believed to have originated in an abandoned box factory. Cause of the conflagration so far has not been determined.

FEDERAL RESERVE REPORTS BUSINESS SLIGHTLY BETTER

Finances Have Eased Up Considerably in the Atlanta District

BANK HAS SEVENTY DOLLARS OF EVERY HUNDRED ON DEPOSIT

Situation is Expected to Continue to Improve From Time to Time

(By International News)

Atlanta, April 14.—Business finances have eased up in this section as result of more than doubling since January of a fourth of the ratio of the reserve deposits and the federal reserve note liability combined in the sixth federal reserve bank at Atlanta, according to Joseph McCord, federal reserve agent here.

The bank now has on deposit seventy-seven dollars and ninety cents for each hundred dollars in circulation from it, McCord said. The institution shows decreased business activity on people financing their own enterprises without aid of the bank.

The ratio of gold deposit would be lower if it were not for this condition, it was declared. The weekly statement of the bank shows resources and liabilities of a hundred and ninety-nine million dollars. The statement has met with hearty approval of officials, and it is probable still greater progress will be noted at a later date.

DUNCAN SIGNS UP WITH GREENVILLE FOR THIS SEASON

Guy Smith, manager of the Greenville baseball club, today announced that he had secured the services of H. H. Duncan, left fielder, for the coming season. He was with Greenville, however, during the first season of the league. He has been teaching in the Greenville high school the present season, and is so attached to Greenville that playing with another club in baseball is out of the question.

The announcement will be received with pleasure by fans throughout the city as Duncan is a good player and capable of rendering splendid service this season. It was his sensational catch in the ninth inning of the final championship game last year that figured largely in Greenville losing the pennant. Fans will remember the breathless suspense accompanying Barnes' line drive to Duncan's territory in the ninth inning, and the catch that blasted out hope of winning the pennant.

The memory of this incident, however, is recalled with pleasure, as it is believed Duncan is capable of doing some thing for us this season against some other club.

SENIOR PLAY TICKETS TO BE PLACED ON SALE AT WARREN DRUG COMPANY

Tickets for the Senior play, "The Merchant Gentleman," to be given at East Carolina Teachers College on next Friday evening April 21, will be placed on sale at the Warren Drug Company tomorrow, Saturday. The prices for the seats in front of the gallery are \$1 and those under the gallery are 75 cents.

Friends of the students and of the college come from a distance to the Senior play every year. The tickets generally sell rapidly in advance and those who are particular about their place of seats should get theirs early, before the choicest are taken.

MEDICAL SOCIETY IN MEETING HERE THURSDAY NIGHT

Society Entertained at Baptist Church by Drs. Dixon and Spence

Members of the Pitt County Medical Society were delightfully entertained at supper at the Memorial Baptist church last night by Drs. Joseph Dixon and E. P. Spence, the occasion being the regular monthly meeting of the society. Supper was served by ladies of the church, who received hearty thanks of the society at the conclusion of the meeting.

Dr. Grady Dixon of Ayden was elected representative to the State Medical Society meeting to be held in the city of Winston-Salem at an early date. Dr. Hemmingway of Bethel being elected an alternate. It was deemed highly important that the society should be represented at this meeting, and it may be that others will attend with the official representative.

All members of the society were assessed \$2 as part payment on the bad pay list compiled several weeks ago. Resolutions were also passed providing that persons whose names are contained on the bad pay list will be omitted by promptly settling their account at the earliest possible moment.

Dr. W. W. Dawson of Grifton talked interestingly of plans now under way for educating the public in health work. He showed how thousands of lives might be saved annually by the proper attention to public health problems. The need for a greater health campaign was never greater, and every community should put forward every effort to intelligently inform the people how to protect themselves.

Dr. L. C. Skinner read an interesting paper on "Toxic Gitter," bringing out many pertinent facts of value to the society.

Dr. M. T. Erielle of Ayden, read a paper on "Extra-Uterine Pregnancy," and produced many facts pertaining to this particular subject.

Drs. Fitzgerald and Nobles of Greenville will read papers at the next meeting to be held next month. The society will be entertained by Drs. Nobles and Basnight at the next meeting.

The meeting was one of the most interesting in many months, and members entered into activities of the evening in a particularly interesting way. The monthly gatherings are producing a closer spirit of co-operation between members, and the next few months should see this greatly increased.

BEN BROWN DIES FROM INJURIES IN CUTTING AFFRAY

Ben Brown, colored man of this city who was assaulted and seriously cut by Henry Staton a week ago, died yesterday afternoon as result of the injuries. Staton escaped immediately after the affray, and so far officials have been unable to apprehend him. It is believed, however, he is in Kinston, and it is probable his arrest may occur at any moment.

Coroner S. G. Wilkerson inspected the body yesterday afternoon, and burial in all probability will take place sometime today.

MISS MAUDE LEE TALKS TO AYDEN JUNIOR CLASS

Miss Maude Lee spoke before the junior class of the Ayden high school this morning on "Business Woman as a Profession." She drew a chart with an arena in the middle of it. In this arena were sixteen professions. From each profession led a road. She told the girls to take one road in life, and not to be changing from one to another. The talk was instructive in every sense of the word and carried a great message to the young women.

ONE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

Only one marriage license has been issued by the register of deeds since the report of yesterday afternoon, that being to Jodie Butler and Lela Gilson, both white, of the Bethel community.

WOMAN'S AUXILIARY OF THE RED CROSS TO MEET TOMORROW

Interesting Session Planned at Chamber of Commerce Rooms

About one month ago a group of fifty interested women representing every section of Pitt county met in the Chamber of Commerce rooms and talked over plans for organizing a Women's Auxiliary to the Pitt county post of the American Legion.

It was decided that on Saturday April 15th at 3:30 o'clock in the same place that they would have another meeting and perfect plans for the organization as well as increase their membership. The meeting here tomorrow bids fair to be one full of interest and enjoyment, for at this time the first set of officers will be elected and, a short social half hour is planned.

These women have not been idle since their last meeting but working for the boys have fixed many attractive and appetizing Easter boxes for the North Carolina disabled soldiers to enjoy. Let this meeting Saturday be a memorable one so take as your motto the one the boys have, "Every member bring a member" and every member bring her dues so she will be immediately in good standing both in Nation and State departments.

INITIAL ENGLISH TRIP TO AMERICA TO BE PRESENTED

Picture of Early Settlement to Be Presented at The High School

Tonight at 7:30 will be shown the moving picture of the First English Expedition to America under Captain Amadas and Barlowe. On July 4th, 1584 this first expedition landed on the shores of Albemarle Sound, and the five reels of the picture portray in a vivid manner the struggles of the early colonists from this time on till the time when Captain John White returned from a trip to England only to find the forts deserted some new graves and the word "Croatan" carved on a tree. The picture was made last summer under the auspices of the State Board of Education at Raleigh. The actors and actresses are all natives of North Carolina, some from Raleigh and the remainder from Elizabeth City and Edenton and the surrounding country. One of the prominent actors, and one is so well known to many North Carolinians is Dr. Drane, rector of the Episcopal church at Edenton, and who has served that town so well for more than fifty years. One of the interesting scenes is that of the baptizing of the little English Child born on American soil; namely, Virginia Dare born August 18th to Eleanor and Ananias Dare. The picture is being shown in Greenville under the auspices of the Parent-Teachers Association of the Model School. The admission is ten cents for children and twenty-five cents for adults.

BOY SCOUTS GO ON TRIP DOWN TAR RIVER TODAY

This afternoon at 3:30 the Greenville Boy Scouts under the leadership of Scoutmaster J. H. Rose left Greenville for a trip down the river. The Scouts will be gone till some time Saturday afternoon. The night will be spent in camp on the bank of the river somewhere. Tomorrow morning the scouts will visit Washington and then will journey slowly up the river, stopping to fish or go swimming if the weather is warm enough. A stop will doubtless be made at one of the shady beaches, where a supply of fish will be taken on that will be sufficient to fill the yawning caverns, otherwise known as stomachs of Boy Scouts.

REVIVAL SERVICES DRAWING SPLENDID CROWD EVERY NIGHT

Dr. Edwards Delivered Another Powerful Sermon Last Night

GOOD FORMULA FOR LIFE USED AS THE EVENING'S SUBJECT

Everyone Needs Special Formula for Life, Evangelist Declared

Dr. Ben M. Edwards of Kansas City, Mo., who is conducting series of services at the Methodist church look as his subject for the night, "A Good Formula for Life," based upon the scripture lesson found in Philippians 3:11-15. Special emphasis was laid upon the words, "But this one thing I do, forgetting the things which are behind, and stretching forward to the things which are before." The Evangelist said in part, "Every one needs a special formula for life in life. In the human struggle, men lay their plans and work accordingly. The contractor constructs the building according to the plan and specifications. The manufacturer's production carries out the plan ordered by the catalogue, and the well-ordered life should be guided by the formula offered by the great Architect of earth."

Dr. Edwards spoke of the "concentrating" divisions of the thought. Concentration, he said, is the key to their business life. He said, "The things of the world are not to be done by the things of the world. The things of the world are to be done by the things of the world."

Friday, April 14th, 1922

Extensive plans of the prohibition forces in this country have caused the State department to fear international complications. Complications are liable to develop in other quarters also, especially where the war are concerned.

President Harding has relieved pressure at the six counties to some extent, but there are still a number of disappointed candidates left in the lurch. The president resorted to questionable measures in gratifying the desires of the war hunters, especially those clamoring for civil service.

Reduction of land armament has been barred from consideration by the Geneva conference, but Lloyd George is still hopeful he can get the nations to recognize the importance of such action. The nations not represented will watch his activity with interest, believing he is on the right track to permanent and lasting peace.

Secretary Hughes opposes radical reduction of the navy, believing the decrease such as the senate proposes would jeopardize the nation's interest. It is perfectly all right and commendable on part of the senate to try to reduce expenses but when the country's interests are to be endangered, then it is advisable to go slow. Secretary Hughes hardly would oppose anything that would benefit the nation and it's a safe bet he has the right idea about it.

The farmer that contemplates more attention of food crops this year is destined to be among the prosperous. The world market is fairly well glutted with staples, but food is always in demand. The fact is most farmers have been producing too many other crops and neglecting what they eat. What they grow they eat also things will be more prosperous than ever before. They might at least give the plan a trial this season. It is certain no one would suffer as a result.

The coming of the boll weevil makes it imperative for the cotton farmer to plant carefully this season, and those who fail to do so can't expect to have the same success of others who follow plans already outlined. The weevil is coming. There seems to be no doubt about that in the minds of those acquainted with conditions, and those who fail to prepare for his ravages are destined to face one of the most serious situations in years. The time to act is now while planting is in progress. After the crops has been produced will be too late as many will learn.

The Greenville tobacco market will be open for the sale of leaf tobacco with greater facilities than ever before this year. Farmers may be assured that they will receive the very best service possible and prices in proportion to the cost of production. The good roads will make it possible for people many miles away to patronize the local market. And that they will do so when they are assured everything is being done in their interest is not to be doubted in the least.

PERCENTAGE SIGNED UP

The statistics of the Wilson Tobacco Board of Trade reports that some of the automobiles with their crews, sent out to advertise the opening of the Wilson Tobacco market on August 5th, with Auction Sales, as heretofore, have returned and report the following percentages having signed up for Co-Operative marketing using the average of last year as a basis:
Wilson county, 7 per cent; Nash county, 21 per cent; Johnston, 28 per cent; Wayne, 24 per cent; Warren, 20 per cent; Pitt 20 per cent; Lenoir 20 per cent.

In calculating the percentage of those signed up for co-operatives, they were given the benefit of those who stated that they had signed some kind of a tobacco paper, but did not know what it was. Other crews have not as yet returned.—Wilson Daily Times.

REVIVAL SERVICES DRAWING SPLENDID CROWD EVERY NIGHT

(Continued from page one.)
to seek and to save the sinner. If He could forgive us of our heinous and unrepentable sins, and cleans us and save us thru His precious blood, we should be able to rise above them and forget them thru Christ Jesus, our Lord."

The third and last division stressed by Dr. Edwards in the message was, "A Right Anticipation of the Future." "Pressing on toward the goal." No one can be happy who has no future. Men have taken their lives because they felt there was no future to their business or because domestic or social relationships have cast a shadow across their path, but there is no tragedy like the tragedy of unbelief. "If we have hope only in this world, we are all men most miserable." What is your goal? No man can attain happiness who has no future for his life. Want you to brighten your future, come into the plan of your life, and save your soul?"

The congregational singing was commented upon as being the best the church had enjoyed during the present series of meetings. In fact, it is the universal opinion by all who heard the Edwards-Pollock team night

ly that they get better with each service. Mr. Pollock delighted the audience last night with two special numbers: "My Father Watches Over Me," and "The Old Fashion Faith." Something like one hundred children are being trained by Mrs. Pollock in a wonderfully interesting Bible Drill at the church every afternoon. These children will give their program at one of the services next week. One splendid young professional man responded to the invitation at the close of the service last night. Pastor J. M. Perry and a number of his members from the Christian church at Robersonville were in attendance last night. Dr. Edwards and the Pollocks will hold a meeting at Robersonville in June.

NOTICE

Registration books for the Town Primary to be held on May 1st, 1922 for the selection of one alderman from each of the five wards are now open, and any person not already registered desiring to register for said primaries will apply to J. T. Smith, registrar at register of deeds office in the court house. If you have changed your residence to another ward please have your name transferred.

LACED IN FRONT Modart Corsets

The laced-in-front corset scarcely needs and justification today. Its vogue, a fad, ten years ago,—a leading feature in all up-to-date corset departments today is in itself evidence of the popularity of this type.

We specialize in the Modart Corset because we have found that it gives a degree of satisfaction that is uniformly pleasing and because it offers a variety of style, and a range of price that meets the preference of our patrons who desire the better things in dress.

All Modart Corsets sold in this section are fitted by expert corsetiers, whose special training qualifies them to advise you reliably.

MODART CORSETS Front Laced

Unlike many front laced corsets the Modart is neither heavily or stiffly boned. The greater comfort thus achieved adds still more to their desirability. If you have never worn a front laced corset, may we suggest a trial fitting of the Modart?

(Continued from page one.)
the association and the obligations which were placed upon his tobacco in the pool, Mr. Sprull declared that the man who endorses notes indiscriminately is a wise man compared to the one who to the organization to use it in borrowing money as its own to pay some man in Pitt county or some where else his proportionate share. The speaker declared that Section 16 delivered the grower body

and soul to the association, "this atmospheric, fictitious, uncertain organization." While the section purports to authorize the association to build or buy warehouses, re-dying plants, etc., the speaker declared that not a word of it related to the caption but that the section merely gave the association full power of attorney for the grower and the right to use his tobacco as it sees it. The final section with which the speaker dealt provided means for enforcing the contract. He stated that if the grower delivered his tobacco to the asso-

ciation for two years and then could not deliver the third, five cents a pound was taken off the tobacco that he had already delivered to cover what had been delivered and what it was estimated should have been delivered in the third year. He pointed out that the contract provided that the grower if any suit or court action should come up regarding the delivery of tobacco, the grower is bound to pay the association all costs of the litigation, the lawyer's costs on both sides while the bill is made up by the other fellow who has the tobacco to draw from. Before concluding his talk with a summary of what

the tobacco market meant to the city and how it had built up the community, Mr. Sprull advised the farmers against signing any such "one-sided, unjust contract."

ADVERTISE IN REFLECTOR

THE HOME TREE

Every young man and woman looks forward toward the home to be, the home they are going to build. The wise ones commence early building this home by starting a savings account. The home tree grows from the savings seed.

THE NATIONAL BANK OF GREENVILLE

J. L. Little, Pres. F. G. Jones, Vice-Pres.
T. J. Forbes, Cashier, Chas. James, Asst. Cashier

We Sell and Recommend the

Leonard CLEANABLE Refrigerator

Forty years of achievement are back of every Leonard. One of every seven refrigerators sold is made by Leonard.

The Leonard's one-piece food chamber, triple-coated with porcelain, is the last word in cleanliness. It has rounded inside front corners, with the glistening porcelain extending right to the edge of the door frame. No seams or cracks to catch dirt. The Leonard's ten walls of insulation keep or dust.

IN the cold and keep out the heat, dust and contamination. Other exclusive Leonard features are the self-closing airtight lock, non-leaking device, non-sweating waste pipe, retinned shelves and all metal ice rack.

Monroe Clothes

MONROE Two-Pants Suits

*One for "Good"—
Another for Wear*

A Monroe Two-Pants Suit is almost as good as two suits.

One can be used for "every day" wear—the other for Sundays.

If one gets rained on, torn or stained, you wear the extra pair while the other is being cleaned and pressed.

A Monroe Two-Pants Suit doubles the wear and cuts the cost in half.

"The Home of Low Prices"

GRIFTON ITEMS.

(Special Correspondence.) Our handsome school building was threatened by a small fire last Sunday afternoon. It is thought that it was caused by an explosion of some chemical, since it began in one of the desk drawers in the laboratory. The building was so full of smoke, it was hard to find just where the flames were, but by fast work the citizens

of the town soon had it under control. Under the supervision of Miss Louisa S. Hubbard, of Greenville, a mass meeting was held in the theatre last Monday night. Several special committees were appointed to look after different phases of the work. We expect a thorough cleaning up of Grifton during this campaign. On last Wednesday night, a moving

picture, "The Lost Colony," was shown in the auditorium of the school building. This picture, is shown under the supervision of the State department of Education, and deals with the early settlement of North Carolina. A large number of people enjoyed it. An informal dance was given on Thursday night in the hotel lobby by the home boys, in honor of the girls who are home to spend the holi-

days. Miss Raye Dawson, who has been attending school at Salem College, is at home spending the Easter holidays with her parents, Dr. and Mrs. W. W. Dawson. Misses Edna Harvey, Bertha Johnson, and Sallie Tucker are at home to spend the holidays with their parents. They are students at North Carolina College. Miss Neppie House and Mr. Jack

Patrick, who are studying at Massey's Business College, in Richmond, are at home for a few days. Miss Fannie Rich of Jacksonville, N. C., is visiting Miss Gladys Brooks. Mr. Amos Jackson of Greenville, a candidate for sheriff, and Mr. Sam O. Worthington, a candidate for county solicitor, were in Grifton Wednesday on business. Mrs. J. L. Williams, of Williamston and Miss Lill Chapman, of Wilson,

are spending the holidays with their parents, Mr. and Mrs. L. J. Chapman. Rev. S. T. Moyle, pastor of the Methodist church here, has organized a Boy Scout troop. They have been doing hard work, and met Thursday to take their tests. A number of citizens were present and were delighted at the progress the boys have made. Mr. Con. Lanier, of Greenville, a

candidate for county solicitor, was in town yesterday on business. Major Fox, of Wilmington, N. C., acting for the war department held a meeting at Grifton yesterday for the purpose of granting permit for a new steel bridge over the river at this place, in connection with the hard surface road being built from Greenville to Kinston, N. C. We hope the bridge will soon be built.

They Have Selected Threaded Rubber

Why did the makers of the cars listed below select Willard Threaded Rubber Insulation?

First— because many years of actual service on thousands of cars have proved that Threaded Rubber Insulation outlasts the battery plates and consequently adds to battery value and car value.

Second— because they know that every piece of Threaded Rubber Insulation is exactly like every other piece—an assurance of uniformity impossible with ordinary insulation.

Third— because they know that rubber is the most satisfactory insulating material, and

that Threaded Rubber Insulation is the most practical form for starting and lighting batteries.

Threaded Rubber Insulation *outlasts* the plates. Does not carbonize, puncture, crack or warp. No expense for reinsulation. These facts are so well established by years of active use, that the Willard Threaded Rubber Battery is used as standard equipment by the builders of 174 American cars and trucks.

The successful combination of rubber and threads in Threaded Rubber Insulation—found only in the Willard Threaded Rubber Battery—is the why of its *more miles of uninterrupted service per dollar.*

CARNIVAL IS DRAWING APPRECIATIVE CROWDS

The West shows exhibiting at the Higgs' lot at the extreme end of Dickinson avenue, have played to large crowds each night this week and it's expected the attendance tonight and tomorrow will be even greater than heretofore.

The carnival is one of the cleanest that has played in Greenville in many a day, and the hundreds attending each night have been gratified at the courteous spirit of the show people. Concessions along midway are of an exceptionally high order and devoid of anything objectionable.

The shows are of a high class and embrace many interesting features. Midway contains a ferris wheel, merry go round, whip and practically everything necessary to entertain the public.

The management claims to have the cleanest aggregation on the road, and has received the hearty endorsement of city officials and civic organizations in many of the cities played in this state.

The shows will close their engagement here Saturday night, and go to Farmville for a one week stand.

"I Never Knew You Could Keep Rats Out of a Butcher Shop."

What Ralph Watkins says: "Furred rats around store had enough to feed on; wouldn't touch anything suspicious. Heard about RAT-SNAP, gave it a trial. Results were wonderful. Cleared all rats out in ten days. Dogs about store day and night never touch RAT-SNAP." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Warren Drug Store, Blount-Harvey Company, and J. R. Bunting & Sons, of Bethel. adv

EASTER FLOWERS
All kinds of beautiful flowers just arrived for Easter. Mrs. D. D. Hackett.

When a man's vanity is tickled he is about the only one who gets a laugh out of it.—Quincy, Ill., Whig Journal.

FARMVILLE NEWS

Mrs. Wyatt Parker, of this city, died Sunday afternoon from an attack of acute indigestion. About eleven o'clock Sunday morning while enroute to visit friends in the country she was stricken suddenly and compelled to return home where she died about 5:30 p. m. Although she had been in bad health for the past several months her death was unexpected and came as

a great shock to her friends and relatives. She is survived by her husband; a sister, Mrs. R. E. Reicher; and a brother, Mr. J. T. Flanagan, all of this city.

The funeral services were held at the home on Pitt street Monday afternoon at 3:30 by Rev. O. E. Fort, pastor of the Christian Church, of which she was a loyal member. Rev. J. L. Rumbley, pastor of the Methodist Church assisted in the services. The interment took place in Maplewood cemetery immediately after the services at the home.

Mr. R. H. Knott returned Monday from Raleigh.

Mr. Harvey Warren spent last weekend in Columbia.

Messrs. J. W. Parker, R. A. Fields, J. M. Hobgood, Dr. W. M. Willis, and A. H. Joyner attended the meeting of the East Carolina League at Tarboro Monday afternoon.

Mr. R. T. Martin returned Sunday from Richmond where he has been at the bedside of his wife who underwent an operation last week. Friends will be glad to know that she is getting along nicely.

Easter—and New Clothes

You can be sure of satisfaction here—correct styles—better values

The approach of Easter brings with it thoughts of new clothes, and the inrush of eager clothing purchasers at this store during the past three or four weeks is a definite sign that Easter this year will be an unusual Dress-UP Day.

We are ready for the men and young men who are thinking of new clothes. But, the thing we want to emphasize more than ever is that you'll get 100 per cent value for your money here—the satisfaction of long service and good appearance.

Kuppenheimer GOOD CLOTHES

are a safe guide to true clothes-satisfaction. We recommend them heartily for a safe investment in good appearance.

You can choose now, confident of getting the right model for your build—that it will

fit—that it is made of the right fabric, in pattern and color to harmonize with YOU. These fine clothes are made right, therefore, they look right, wear right, and the value you want is there.

\$35 \$40 \$45 \$50
