ALLIED NATIONS DEBAR GERMANY FROM DISCUSSION

Note to Germany Condemns Secrecy of Russo-German Activities

INTIMATE GERMANY HAS DESTROYED ALL FUTURE CO-OPERATION

Allies Decide to Continue the Genoa Conference Regardless of Action

Genoa, April 19.—The Allied note informing Germany that she is debarred from further participation in discussion of Russian affairs at the economic conference, by virtue of having signed a treaty with Russia at Rapallo, condemns the secrecy of the treaty and calls it a violation of the conditions to which Germany pledged herself in entering the conference.

"The Allies proved their readiness to waive the memories of war," says the note, "but Germany's act destroyed the spirit of mutual confidence which is indispensable to international co-operation."

The representatives of the powers which convened the Genoa conference, together with the Little Entente, decided tonight, after an all-day discussion to continue the economic conference regardless of the attitude of Germany and Russia.

The discussions were calm and dignified, although considerable differences of opinion existed. Two groups formed, one led by England, and the other by France, which the Italian delegates displayed a conciliatory attitude. Some of the extremists are said to have proposed breaking up the conference, but a majority favored awaiting Moscow's reply to the allied demands.

According to information from French sources, Mr. Lloyd George emphasized the necessity of adopting a severe attitude toward both Russia and Germany, but especially against Germany, pointing out that Germany had signed the Versailles treaty, whereas Russia had not.

Signor Schanzer, the Italian foreign minister, favored an attitude of moderation in the interests of the conference. Mr. Lloyd George replied that it was no time to display weakness. He counselled sending a note to Germany and Russia declaring they must modify their attitude if they expected to be permitted to discuss Russian affairs at Genoa.

PRISON REFORM IS TO BE DAUGHERTY'S HOBBY IN FUTURE

Attorney-General Seeks to Restore Prisoners in Jails to Usefulness

By W. T. ATKINS, International News Service Staff Correspondent.

Washington.—Attorney-General Harry M. Daugherty has a lot of hobbies.

He likes to drag away on a rusty-looking pipe. He's a pretty fair fisherman. He turns a wicked tenor in an impromptu barber shop quartette. When not engrossed with official cares he enjoys a card game, a horse race, a billiard game, or any one of forty other varieties of pastimes.

His real hobby, though, is making good men out of bad ones. It's not a new hobby for him. He's been doing it for years. Taking the helm as head of the justice department, and the President's right-hand in legal problems, Mr. Daugherty jumped into a field of activity genuinely to his liking. Possessing "human" qualities in a rare degree, the Attorney-General within one year has extended his humanness into the dark recesses of the Federal prisons.

Within the Federal penitentiaries Mr. Daugherty has introduced moral and educational advantages calculated to make real men out of the

ANNUAL BANQUET TO BE HELD HERE TUESDAY EVENING

Chamber of Commerce Planning Affair on an Elaborate Scale

Much interest centers in the annual banquet of the Pitt county chamber of commerce, which will be held next Tuesday night at 7:30 in the halls of the Carolina Club rooms. Everything points to a record attendance and an unusually good program has been arranged for those who attend.

The contract for furnishing the dinner was let to Circle Three of the Laidied Aid Society of the Memorial Baptist Church, with Mrs. Albin Dunn as leader. A very tempting menu has been planned and all who attend will have a good treat in store for them.

This will be an open meeting and the ladies as well as the men are cordially invited to attend. Tickets may be had from the committees, and to avoid any unnecessary rush, it might be well to get your tickets early in the week. A report of the activities of the chamber of commerce will be made at this meeting for the past twelve months and this report will disclose the fact that the organization has really been on the job, attending to the interest of Pitt county citizens.

CLEAN UP DRIVE GETS WELL UNDER WAY IN THIS CITY

Liberal Supply of Literature Distributed Throughout City Yesterday

The Clean-Up Campaign got well under way yesterday, when a liberal supply of literature was distributed throughout the city schools. This literature was of a general nature, dealing with fire-prevention, cleanliness, city beautiful, health. A sufficient amount was left in the schools so that every pupil might be supplied.

The reason why this distribution was made throughout the schools was for the purpose of giving some direct information on the subject recently mentioned for contest: "Why should Greenville have clean homes, clean vacant lots and a clean town." All of the schools of the city entered enthusiastically into this contest and it is confidently expected that this will be the most effective campaign yet waged for safety, health and beauty.

Scout Master J. H. Rose, will lend his undivided support toward the success of this campaign. The boy scouts will distribute literature and leaflets to all of the homes of the city, calling attention to this splendid movement.

WILSON BOARD CLAIMS FIGURES INACCURATE

(News and Observer)

The Wilson Tobacco Board of Trade takes issue with a statement made by Judge Robert W. Bingham in his Goldsboro address Monday night, and incidentally takes a slap at other speakers who have advocated the co-operative movement, indicating its opinion that they are habitually incorrect in their statements. The statement, wired last night to the News and Observer follows:

"The average price for the burley crop of tobacco of Kentucky and Tennessee sold at auction sales yesterday was twenty-two sixty-six. Judge Bingham, according to the News and Observer, said in his speech at Goldsboro it was seventeen cents. This is in line with other incorrect statements made by speakers of the Co-operative Marketing Association."

"Wilson Tobacco Board of Trade," convicts, so that when their terms end they may go into different fields of activity and again become useful citizens—free from the temptation to repeat their old and dangerous ways.

NEW BERN HIGHS TAKE FIRST GAME FROM GREENVILLE

Locals Lose to New Bern School by the Score of Five to Two

The New Bern high school baseball team defeated Greenville at New Bern yesterday afternoon by the score of 5 to 2. The game was one of the fastest played by the two clubs and featured in a number of excellent plays. Greenville showed considerable strength and several times threatened to overcome the lead which New Bern gained in early stages.

Zeno Brown pitched a remarkably steady game for Greenville, and held New Bern hitless at critical stages. Sumrell also pitched an exceptionally fine game for New Bern, and declined to yield up anything in the way of hits, with exception of the sixth frame when Greenville rallied, tied the score and threatened to overcome the lead.

The two clubs will clash for the second time this season at the fair grounds in Greenville Friday afternoon at four o'clock. This game is expected to be even more stubbornly contested than the first, and Greenville is determined to even up the series if such is possible. New Bern is equally as determined to continue to increase their lead, and a great battle will be the outcome.

Coch Duncan stated this morning that the public should make it a point to attend these games and show the boys they have proper support. This will largely determine the success of the season, and everyone interested is urged to be present when the umpire calls the game at four o'clock. The local club has several other games scheduled for this season, and the public is assured of seeing something out of the ordinary.

BRIGHT COSTUMES FOR SENIOR PLAY VERY ATTRACTIVE

Merchant Gentleman Costumes Unusually Bright and Attractive

The costumes for the Senior play, "The Merchant Gentleman," to be given at East Carolina Teachers College on Friday evening, have arrived and are exceedingly attractive. The Gentlemen and Ladies and the would be gentlemen and ladies are dressed in handsome costumes of the gorgeous effects of the time of Louis the Fourteenth, and the dancers and others are dressed in the costumes that give variety and richness. The shepherds and shepherdesses are picturesque and charming. There is a Turkish dance with the dancers in their Turkish costumes making a strong contrast to the lot hers and producing a most spectacular effect.

At the rehearsal last night the members of the cast wore these costumes so they are completely at home in them. The actors have thrown themselves into their parts so that they seem to have lost their own identity and have literally become the part they are taking in they play, for instance Miss Epile Lee answers to the call of "Monsieur Jourdain," or the "Merchant Gentleman" as quickly as she ever answered to her own name.

Tickets are on sale at the Warren Drug Company. All the seats on front of the gallery are 75 cents while those under the gallery are \$1.00. Those who wish choice seats should get their seats early as there is generally a rush for seats at the last moment. Every dollar seat is a good seat.

GREAT BRITAIN DEFERS ACTION ON U. S. DEBTS

London, April 19.—The treasury announced today that Great Britain would not take any action regarding negotiations to the United States debt funding commission until conclusion of the Genoa conference.

COLORED PEOPLE FOUND GUILTY OF WHISKEY CHARGE

John Cox and Wife Charged With Having Too Much Liquor at Home

John D. Cox and wife, colored people residing in the Ayden district, were found guilty of having too much liquor in their possession by a jury in yesterday's session of the criminal term of Pitt county superior court which convened here for a two week term Monday morning. They were also charged with selling whiskey, but this fact could not be established, and the jury returned a verdict of not guilty in this instance. Judge Daniel will probably pronounce sentence sometime this week.

This was the only case disposed of during the day, although hearing was begun in the action against John Briley, white man hailing from the Bethel community, charged with robbing the Banting store at Bethel about two years ago. Cobb Ebron and Harvey Coburn are also indicted under the same charge, but officers so far have been unable to effect their capture.

This case was started immediately after completion of the Cox case and occupied a greater part of the day. It will hardly be completed before late this afternoon or probably tomorrow.

Several other issues of more than ordinary importance will be considered during the remainder of the week, and from all indications the end of the week will see quite a number of cases finally disposed of. Judge Daniels is a great dispatcher of business, and it is quite likely that the second week will find only the most important cases awaiting settlement.

WOMEN VOTERS ARE SOON TO HAVE BIG CONVENTION

Famous Persons Will Speak At Sessions Held in Baltimore

(By International News Service) Baltimore.—An atmosphere savoring of the memorable Democratic convention of 1912 permeated the Monumental City today as the third annual convention of the National League of Women Voters got under way.

Women from every nook and cranny of the United States and from foreign countries were here in great numbers to attend today's opening session of the convention, which promises to be the most notable yet held by the league because of the unusually large number of government officials and world-famous persons who will participate.

Among the distinguished foreigners who will take part in the convention are Sir Auckland Geddes, British Ambassador to the United States; Senor Don Beltran Mathieu, Ambassador from Chile, and Lady Nancy Astor, member of the British Parliament.

"Co-operation," keynote of last year's convention, has been broadened to meet the enlarged scope of the league's activities, and the convention here will stress "Co-operation and International Friendliness Through Women's Work," according to those handling the meetings.

Plan Constructive Work. Actual work of the convention will not begin until Monday, April 24, when, at executive sessions of the standing committees, will be framed the year's program to be submitted to the convention for recommendations made by the State leagues. The proposed programs of the committees, it is stated, are designed to help the women "carry on" their citizenship by "really constructive work, concentrated rather than scattered, in order to secure concrete results."

LODGE FACES THE HARDEST FIGHT OF HIS STORMY POLITICAL CAREER

Democrats to Throw Heaviest Guns Against Republican Leader

By GEORGE R. HOLMES, International News Service Staff Correspondent.

Washington.—There will be some pretty Senatorial battles waged during the forthcoming fall campaign, but none of them will hold more national interest than that to be decided in Massachusetts in November.

For thirty years Henry Cabot Lodge has sat in the United States senate watching men come and go. He has seen a lot of them come in like lions and go out quite lamblike since that thrill fourth day of March back in 1893 when he came to the senate for the first time and Grover Cleveland moved into the White House for his second term.

Senator Lodge has always smiled a sort of superior little smile at the political difficulties of his colleagues. He has never had many himself, at least any serious enough to really like to be called, the Democrats believe that by pouring a great number of national speakers into Massachusetts this fall they can retire Senator Lodge and even up a lot of old scores. A any rate, they are going to try—hard. James M. Cox is one of the Democrats who is intending to speak his mind concerning Henry Cabot Lodge in Massachusetts this fall. There are numerous others.

It is conceded in Washington that Senator Lodge will have little difficulty in being renominated by the Bay State machine. The primary is yet a long way off—September 12—and to date no real opposition has developed within his own party.

Gates May Run. There is talk of ex-Governor John L. Bates, but they have not advanced much further than the speculative stage as yet.

Who the Democrats will put up is problematical, but at this early date the contest apparently lies between Sherman L. Whipple and William A. Gaston. Whipple is accounted one of the shrewdest lawyers in the United States. Gaston is a retired bank president.

That Senator Lodge, despite his amused tolerance, is not unaware of the fact that he has a fight on his hands this year is indicated by the fact that he hurried straightway to Massachusetts as soon as the conference treaties were ratified in order to "take a rest" and look after some "political fencing."

One way to make an enemy is by agreeing with a man when he says he look bad.

We predict a hot summer for the miners and operators and a cold winter for the consumer.

POWERFUL SERMON FEATURES SERIES OF SERVICES HERE

Dr. Edwards Delivered Another Timely Message Last Evening

CONVERSION OF THE EUNUCH EMPLOYED AS SUBJECT OF SERMON

Minister Produced Great Sermon From the Baptism Of The Eunuch

Dr. Edwards delivered a particularly interesting sermon at the pastor of revival services at the Christian church here last night, using as his subject "The Conversion of the Eunuch" or the man of Ethiopia of great authority who was baptized by Phillip.

The sermon was probably one of the most interesting of the entire revival series, and held attention of the large congregation from beginning to end. Dr. Edwards compared the desires of the Eunuch to those of present day, showing that earthly pleasures must be abandoned if God is to be followed. He stressed the importance of baptism and read the portion of scripture where the great man of Ethiopia was taken down to the water's side and baptized by Phillip.

The singing under the direction of Mr. and Mrs. Pollock stood out prominently as one of the features of the evening's services. The congregation has been inspired to sing spiritedly throughout the entire series of services, and just now saw interest as great as ever.

The revival will continue through this week and probably conclude longer, as results are everywhere that could be expected. The public is exhibiting an interest in the revival services by the thousands, many have been led to Christ.

SENATORS LAUNCH ATTACKS AGAINST NEW AMBASSADOR

Reaffirmed Russian Said to Be Disgrace to the United States

(By International News Service)

Washington, April 19.—An attack from New quarters was aimed at Boris Bakhmeteff, re-appointed ambassador, when Senator Norris, Republican of Nebraska, joined Senator Borah in an effort to force the resignation of the Russian diplomat. Senator Norris declared that the presence of Bakhmeteff in the United States is an insult and disgrace to the nation.

He said he would introduce in the senate resolutions asking an investigation of Bakhmeteff's activities and source of income unless Senator Borah has a better plan in which case he will join with him in the effort to get results.

MRS. J. F. HARRIS DIES AT BETHEL

Mrs. J. F. Harris, wife of the Baptist minister of Bethel, died yesterday morning at eleven o'clock as result of a complication of pneumonia. Interment was made at Waha Forest this afternoon, the former home of the deceased.

Mrs. Harris was about thirty-three years of age, and one of the most beloved women of the Bethel Community. She is survived by her husband and three children.

Mr. Harris has been pastor of the Baptist church at Bethel for about a year, during which time he and his wife have many friends. Mrs. Harris had been ill sometimes, although her condition didn't become critical until several days ago.

It has been a long time since Bethel can handle killed an American, except by bees.

Senator Henry Cabot Lodge faces
 at the next election in Massa-
 chusetts. That there will be some
 democrats in the country when
 a defeated goes without saying.

Management of the soldiers bonus and
 tariff measure is planned by Re-
 publican members of the senate. That
 it will succeed is not to be doubt-
 ed in the least. They generally suc-
 ceed in everything started—in the
 state.

The treaty between Germany and
 the United States caused considerable astonish-
 ment and indignation among allied
 nations. By this time it looks as if
 the world might have learned to expect
 things from these two countries.

It is promised still another confer-
 ence after that one in Genoa, ac-
 cording to those well acquainted with
 the situation prevailing in official cir-
 cles. But getting the United States
 to participate seems to be entirely
 another question. The country evi-
 dently believes in looking after its
 own affairs and letting others alone.
 Earlier experiences proved decidedly
 expensive.

The Greenville fire department is
 considered to be one of the most efficient
 in the state following arrival of the
 new truck. The additional equipment
 should put new spirit in volun-
 teer members of the department and
 enable them to organize better than
 ever before. That this is necessary
 for the town is to realize from its in-
 strument is indubitable, and it is hoped
 firemen will realize the fact and
 be busy at the earliest possible mo-
 ment.

Employment of an additional
 100 men at Birmingham, Ala.,
 will improve the unemployment
 situation to no little extent. All
 the plants should make it a point
 to employ men in order to employ
 a larger number of workmen. This
 will relieve the situation considera-
 bly, especially during this period
 when everything should be done to
 provide the thousands of unemployed
 men with work.

President Wilson may be a sick
 man, but some of his tireless oppo-
 nents at the capital will live to learn
 that he isn't defeated by a long shot.
 His brain is as great if not greater
 than ever before, and when he be-
 gins to scheme it might be advisable
 to be ready to beware. The former
 president's persecutors have been re-
 tarded and heartless despite his phys-
 ical handicap, and the public would
 be glad to see him rout them right
 at the time when victory seemed to
 be sweetest.

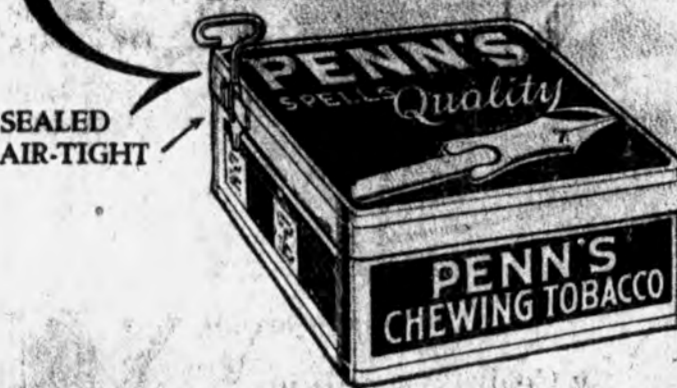

It might be all right to change a
 few provisions of Ford's offer for
 the purchase of the ship, but outright rejection
 of the offer wouldn't be received very
 well by the public. Everyone believes
 Henry Ford is the only man capable
 of placing the project on a paying
 basis and if he is defeated through the
 useless efforts of certain officials it
 is certain they will hear the wrath of
 the public. Henry Ford is without
 doubt one of the greatest business
 men the country has ever known and
 he isn't capable of converting Mus-
 keegee into one of the greatest
 enterprises in the world, then the gov-
 ernment is badly misled in believing
 that it has men who can do so.

That county farmers should do every-
 thing possible to farm according to

Plans presented by the various farm
 departments of the country this year,
 as this is absolutely important if the
 industry is successful as it should be.
 Plans for extensive cultivation of both
 cotton and tobacco crops have been
 presented from time to time, and if
 these are accepted as they should be
 the year is bound to be more success-
 ful than under ordinary conditions.
 Intelligent cultivation is absolutely nec-
 essary and the farmer that fails to
 farm along this line is destined to fail.

Creation of a federal trade com-
 mission for the purpose of probing
 the great coal strike is now being
 urged by certain members of con-
 gress. That such a commission is
 necessary is not to be doubted in the
 least, but it cannot be the success
 desired unless it is composed of men
 with interests of the nation at heart.
 There are certain men probably in
 view at this time who could no more
 fill such a responsible position than
 the average man, and it is necessary
 that this point be seriously consid-
 ered. The strike should be properly
 probed, but unless sincerity is be-
 hind the movement it cannot prove
 the great success desired.

BIG INCREASE IN GERMAN FREIGHT RATES.

Freight rates in Germany from the
 beginning of the world war to the
 present date increased 3,134 per cent.
 while there was an increase of 1,642
 per cent. in passenger rates within
 the same period, according to data
 received by the Bureau of Foreign
 and Domestic Commerce by the United
 States Department of commerce
 through its representatives in Ger-
 many.

Ten general increases in freight
 rates were made altogether during
 that period.
 From the beginning of the world
 war down to March 1, 1920, the cumu-
 lative increase in first-class pass-
 enger fares in Germany was 638 per
 cent. Another general increase of 30
 per cent was made in December last,
 and a further increase of 75 per
 cent in February. The cumulative
 effect of these two increases upon
 the 638 per cent. already made
 brought the total increase to date,
 as compared with the present war
 level, to 1,642 per cent.

The normal exchange value of the
 German mark was 23 4-5 cents. At
 present the exchange value has fallen
 to the lowest point on record, and is
 below three-tenths of a cent. This
 depreciation of the value of the mark
 should be taken into consideration in
 any comparison that may be made in
 these increases in German freight and
 passenger rates and increases in
 freight and passenger rates in the
 United States and other countries.

Between 1913-14 and December,
 1921, reports show that the cost of
 living in Germany, excluding clothes,
 increased 15 1-2 times, with the re-

**NEW FILLING STATION
 TO OPEN IN NEAR FUTURE**

The Greenville Storage Battery Company, will on or about May 1, open to the public a new gasoline filling station.

The station is located at the junction of the Winterville and Farmville paved roads, just west of Greenville, and will be when completed one of the most up to date filling stations in Eastern Carolina. The owners announced that they will be able to take care of four cars at one time and that they will carry a complete line of accessories, tires, etc. They will also furnish free of charge, air, water and distilled water.

The station has been needed for a long time and the Greenville Storage Battery Company decided that they would erect same, making it one of the most modern and best equipped in this section of the state.

A most unique contest is now on. It is necessary that the filling station have an appropriate name, so the public is to select the name, and the person whose selection is endorsed by the judges will be given \$10.00 in gold. Although the contest is open to the public only one name can be submitted by any individual.

The contest is creating quite a bit of interest as several names have already been sent in.

The station will be welcomed by the public and it is an assured fact that it will receive a large patronage.

**"ESTHER" DRAMATIC CANTATA
 PRESENTED IN GREENVILLE
 BY KINSTON TALENT**

"Esther," a dramatic Cantata by Kinston talent, was presented at White's Theatre last evening to an appreciative audience. With Mrs. Lee McBride White, as musical director and Mrs. J. A. Powers, dramatic coach, the music and acting were splendid. The following is a synopsis of the play:

Esther was born in Persia in 500 B. C. Being an orphan from infancy she was adopted by her cousin, Mordecai, who recognizing her great natural beauty, trained her in the accomplishments of highest womanhood. She was chosen by the king of the realm to be his wife and queen. She did not disclose her nationality. Haman hated Mordecai because Mordecai would not worship him as the king had decreed. He did not know Mordecai's relation to Queen Esther. To be revenged he obtained a decree from the king for destroying all the Jews in the provinces. Mordecai discovered the plot and charged the queen to petition the king for the safety of her people which she did at the peril of her life, on account of the law that no one shall go unto the king unbidden. The king heard her petition and Haman was defeated. Haman had prepared a gallows for Mordecai. An attendant informed the king of the fact and the king ordered Haman to be hanged thereon, and proclaimed Mordecai Premier. After this the people rejoiced.

The orchestra was composed of Mrs. White, at the piano, Mr. Joseph Ballard, Mr. Cleveland Tighman, Mr. Robert Rhodes, Mr. George Rhodes and Mr. Joshua Allen. It was one of the best orchestras heard in Greenville in a long time and their ability to render such splendid music helped to make the Cantata the great success which it proved to be.

The cast was composed of fifty of Kinston's best musicians and each person played their part in a most commendable manner. In fact it would be impossible to give either of them too much praise for the talent which they displayed.

The Cantata was divided into five acts and several scenes. The stage settings and costumes were beautiful and in perfect keeping with the period which they represented.

Birthday Party

(Reported for The Reflector).
 In honor of her twelfth birthday anniversary, Miss Louise Harris very delightfully entertained her friends at a party, given her by her mother, Mrs. R. E. Harris, on the evening of April the 17th at their home on West Fourth street.

Punch was served in the hall by Miss Ella Fleming, after which the guests were greeted by the hostess and her mother.

In the living-room a contest was in order. Miss Elizabeth Warren was the winner of the first prize, a nice box of stationery and Miss Margaret Little was awarded the booby.

Home-made candies were then passed.

BLACK CREEK CHIEF SHOT DOWN BY NEGRO

Wilson, April 19.—Chief of Police H. H. Wheelless, of Black Creek, was perhaps fatally wounded this afternoon when Grant Smith, a negro, opened fire on him in the streets of Black Creek, and the negro himself lies riddled with bullets at a local hospital, and is not expected to live the night through.

Trouble began when Wheelless undertook to arrest the negro for disorderly conduct. The negro ran, and returned after a few minutes with a shot gun. He shot down the policeman, most of the load taking effect in the head. He then escaped to a swamp.

A hastily organized posse went in pursuit of the fugitive, surrounded the swamp and opened fire when he refused to surrender. The arrival of Sheriff Howard and his deputies probably prevented a lynching. The negro was arrested and brought to Wilson.

Less than a week ago Wheelless was fired upon on the streets of Black Creek, which is about seven miles south of Wilson, and his assailant is in jail here awaiting trial.

LEXINGTON SUFFERS BIG LOSS FROM FIRE

Lexington, April 19.—Damage probably approximately from \$30,000 to \$40,000 was done by fire here today, which seriously damaged or destroyed about 22 automobiles and trucks in the garage of the Motor Service Company, destroyed tires and supplies and caused heavy loss from water and smoke to the stock of Barnes' Variety store and Pickett Bros' grocery store. Two buildings owned by Varner and Buchanan were also considerably damaged, with a third suffering small damage. The Methodist church, which stands within a few feet of the garage, escaped without damage.

The blaze started from a spark while some mechanics were at work on a truck in the machine shop of the garage, it is said.

GAINS 15 POUNDS AND FEELS LIKE A GIRL AGAIN

Life Seems Altogether Different For Her, Says Mrs. E. P. White, Of Lynchburg, Gives Tanlac Full Credit.

"I am feeling like a girl again, full of life and energy and I don't believe my health could be improved on," said Mrs. E. P. White, 1106 Monroe St., Lynchburg, Va.

"I attribute the wonderful change in my condition to Tanlac and nothing else. When I began taking it I had been suffering for a year with stomach trouble and was in a wretched state of health. I had gotten so weak and run down that actually I didn't have strength enough to sweep a room or make up a bed.

"It is simply marvelous the way I have been built up. I have gained fifteen pounds, my digestion is just perfect now and I am feeling better and stronger than in many years."

Tanlac is sold in Greenville by the Greenville Drug Co., and by leading druggists everywhere. adv.
