SPIRIT OF OPTIMISM FEATURES ANNUAL GATHERING AND BANQUET OF COUNTY CHAMBER COMMERCE HERE LAST NIGHT

Hon. F. S. Spruill, of Rocky Mount, Delivers Optimistic Address

OTHER SPEAKERS ALSO EXPRESS OPTIMISM OF FUTURE OF COMMUNITY

Intensive Membership to be Put On By The Various Communities

The annual banquet of the Pitt county Chamber of Commerce was held in rooms of the Carolina club last night and was possibly the largest attended affair of the kind in history of the organization. The principal address of the evening was delivered by Hon. F. S. Spruill of Rocky Mount, who spoke optimistically of present day conditions and predicted great things for the future through co-operation of the public and chambers of commerce. Member from each section of the county were in attendance, and entered into activities of the evening in an interesting way.

Dr. C. J. Ellen, president of the chamber presided as to toastmaster. The program began with a song led by E. E. Williams, and prayer by Rev. Leland W. Smith, pastor of the Memorial Baptist church.

The first address of the evening, "The Rotarian's Responsibility to the Chamber of Commerce," was delivered by J. E. Winslow, president of the Greenville Rotary club. The speaker said Rotary stood for everything for the uplift and progress of the community, and that no Rotarian could be a real member of the organization unless he stood behind the operation of the chamber of commerce.

He pledged the support of Rotary to anything which the chamber of commerce might undertake in the future.

J. B. James, president of the Greenville Kiwanis club, spoke of the mission of the Kiwanian, and pledged support of the local organization in whatever the chamber should begin.

He said every Kiwanian knew his duty to the community, and that it is the duty to stand behind the chamber of commerce, which stands for everything for good of the community.

At this point Secretary Bartlett, of the Eastern Carolina chamber of commerce, briefly outlined the possibilities for development in Eastern Carolina. He complimented the Eastern Chamber in its choice of Dr. C. J. Ellen as its president. Dr. Ellen is the right man in the right place, he declared, and the organization should make great progress under his administration.

Hon. F. C. Spruill was introduced by F. G. James, who spoke of what he had done for the upbuilding of Rocky Mount and the section of state which he has resided so many years. Mr. Spruill spoke of the early history of the chamber of commerce, organization of the first chamber of Great Britain 170 years ago, which was followed by organization of a second chamber in Manhattan, N. Y., two years later.

He outlined the purposes of the chamber of commerce, showing what they mean to the development of every city where the people have desire to go forward with the rest of the world. He said we were now passing through the most acute period every known to mankind. Referring to the period of inflation, he contracted it with deflation of the present date. He attributed these changes to the public state of mind, and said we were now turning the corner towards better times.

Mr. Spruill said people should be proud that the spirit of pessimism was passing. The spirit of progress is being breathed into the soul of every man at the present, and coming days will see business on a permanent foundation. He said while we had been marking time for the past year and a half the pendulum had gradually swung back to old things. We must turn our faces to the sunrise and have confidence in hope and optimism.

Dr. Ellen spoke in a brief way of (Continued on page four)

CURRIN APPOINTED MARSHAL IN PARADE AT WINSTON SALEM

Greenville Man Will Participate in Grand Lodge Activities Soon

S. B. Currin of Greenville has been appointed associate marshal by Grand Marshal S. L. Whitmore, of Greensboro for the Independent Order of Odd Fellows' great parade at Winston-Salem May 17th, 1922. There will be floats representing the Odd Fellow Orphanage at Goldsboro, which will be occupied by a number of the children from the home, and floats from other cities in the state. It is expected that there will be the greatest attendance at this Grand Lodge meeting for May 16, 17, 18 than has been for a number of years. A moving picture will be made of the parade, afterwards one will be taken of the Orphans' Home at Goldsboro, and arrangements are being perfected to place in moving pictures in North Carolina the reel showing the great institution at Goldsboro.

Rev. E. F. McLendon, known as "Cyclone Mac," is to make the Grand Lodge address immediately after the parade and it is estimated that several thousand people from near by cities will be in Winston-Salem at that time.

The Odd Fellows of this territory, which comprises the counties of Currituck, Craven, Pasquotank, Dare, Chowan, Gates, Perquimans, Hyde, Beaufort, Martin, Pitt and Tyrrell are looking forward to attending this large convention, the headquarters of which will be at the Robt. E. Lee Hotel.

A. B. Combs of Elizabeth City is supervisor of the district North of the Chowan river, Past Grand Master P. H. Williams of Elizabeth City is Chairman of the Finance committee. Mr. Currin is also supervisor for the territory just south of the Chowan river.

CANAL WORKERS DEMAND THAT THE BONUS ISSUE STAY

Threaten to Leave Panama Zone Ending Operations if Gratitudes Ended

(By International News)
Washington.—The Panama Canal is to be wrecked because the United States workers on the Canal Zone have been denied their perquisites by an order of President Harding, according to William C. Hushing, member of the Panama Canal Wage Board and the Panama Canal Complaints Board, who represents the Canal employees and is asking relief from Congress.

The canal workers do not intend to blow up the canal; but intend to leave the Canal Zone and return to the United States unless their perquisites are restored to them, Hushing said. They will tell other workers in the United States how unsatisfactory climate and working conditions in the Canal Zone really are and they do not believe any one will go there to take up the work without perquisites, he asserted.

Representative Cooper, Republican of Ohio, a labor member of Congress, has taken up the cudgels in behalf of the Canal Zone employees. He has introduced in Congress a bill restoring conditions of employment on the Canal Zone as they existed up to January 1st, at which time the perquisites were cut out by the President on the recommendation of a special Panama Canal Commission, which spent a

BONNIE ANDREWS IS SENTENCED TO 20 YEARS IN JAIL

Assailant of Estelle Briley to Serve His Sentence at Hard Work

TO BE RETURNED TO PENITENTIARY UNDER DIFFERENT CONDITION

Death Penalty Will no Longer Hang Over His Head When He Enters Prison Again

Bonnie Andrews, young white man of Stokes sentenced to die in the electric chair here last December for alleged assault on Estelle Briley, 12 year old school girl of this county, had his sentence reduced to twenty years at hard work in the state penitentiary in this morning's session of the criminal term of Pitt county superior court. The young fellow will be returned to Raleigh within the next few days, but this time he will enter the prison walls without the fear of death in the electric chair hanging over his head.

It was agreed by the court that sentence would be reduced from electrocution to imprisonment in event Andrews would plead guilty to assault and abduction. The bill was changed by the grand jury last week, and when the young fellow entered the court room this morning, he merely pleaded guilty to the charges, and returned to the jail to await his return to the state penitentiary.

Completion of the case will be received with considerable interest throughout the entire county, as speculated which started when Andrews is alleged to have abducted the girl from the school house and assaulted her near Washington, has been of a most intense nature. The courtroom was crowded to its capacity when the death sentence was pronounced upon the young fellow. He accepted his fate calmly and without comment, but apparently had confidence that he would never pay the supreme penalty meted out for criminal assault in this state.

Andrews owes his life largely to the activity of his attorney, M. K. Blount, who has worked diligently for a change of sentence, contending that he was not given time to prepare his evidence because of the speedy trial and subsequent conviction of his client. Even after Judge Lyons pronounced the sentence sending Andrews to his doom, his attorney didn't give up the fight, but commenced action which eventually resulted in staying of sentence and the new trial.

Evidence not produced in the hearing was gathered by Mr. Blount after the trial, and this combined with recommendations for change of sentence by members of the jury who returned the verdict against Andrews, largely determined action of the court in granting the hearing which today brought the case to an end.

While it is admitted that Andrews assaulted the girl there were circumstances connected with the affair, which the defense contended, did not justify capital punishment. These facts were compiled with the long string of evidence already in hand, and had considerable bearing upon the judges who ordered an additional hearing.

It will be remembered that Andrews was arrested and brought to Greenville for hearing within a few hours after the crime had been committed. Criminal court happened to be in progress at the time, and before the defense had time to delve into the case and compile proper information, Andrews was ordered in court and convicted within less than a week after the crime is alleged to have been committed.

month investigating the Canal in the Summer of 1921.

The American employees on the Canal, according to Representative Cooper, have been selected after rigorous physical and mental tests from the finest craftsmen and clerical workers in the United States. They were induced to enter tropical service by the customary 25 per cent differential in wages, and free quarters, light, fuel and sanitation.

MANY KILLED AND INJURED IN FLOOD NEAR FORT WORTH

Damage of Continually Rising Waters Totalled Million Dollars Today

ASK GRAND JURY TO BEGIN INVESTIGATION INTO BREAKING OF DAM

Search For Bodies Continue And Further Loss Momentarily Expected

(By International News)
Fort Worth, April 26.—Seventeen persons are dead and twenty-five hundred homeless as result of the flood which has been raging here since Tuesday. Property damage at the present time total nearly a million dollars, it was stated by officials today.

Augmented by heavy rains water in the river continued to rise this morning. Officials pronounced the situation exceedingly grave, and greater loss is anticipated momentarily.

While the search for bodies continues, Chairman McCain of the levee board, demanded a grand jury investigation, charging that the dykes were dynamited Monday night, causing the breaks.

FRANCER ORDERED TO BE REINSTATED AT CONVICT CAMP

Road Superintendent Found Not Guilty of Charges of the Grand Jury

C. B. Francer, superintendent of the county convict camp, who was ordered temporarily removed by the grand jury last week because of alleged assault on a negro and deplorable conditions existing at the camp, was found not guilty and ordered reinstated by Judge Daniels in yesterday's session of criminal court. Recommendations of the grand jury were offset by members of the highway commission who direct the road forces, and Mr. Francer was declared to be the man in the right place.

The charges resulted from investigations at the camp by the grand jury whose members in a written report to Judge Daniels, declared conditions at the camp to be deplorable and advised the removal of Mr. Francer. The boss was also ordered locked up under charges of assault on a negro workman, but was later released under bond.

When the time came to air the charges in court yesterday, the highway commission had compiled such a mass of evidence in the favor of the superintendent that no reason could be found for recommendations of the grand jury, particularly in regards to the assault charge. It was stated that the superintendent was strict but kind to those under him, and that he had never used undue violence in demanding the respect of even the hardened criminals.

GENOA CONFERENCE FEATURES SECRECY

Washington, April, 26.—The Genoa conference is bending inevitably towards a secret understanding with Russia, Germany and Japan, according to officials here who have kept in close touch with the situation. Secret information concerning activities of Japan and China believes to be in play, and confidential reports are expected to be discovered.

THREE DEEDS OF TRANSFER FILED SINCE YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since reports of yesterday afternoon: M. M. Robertson and wife to W. H. Smith, consideration \$700; Robert Worthington and wife to W. H. Smith, consideration \$175; W. C. Holston and wife to J. T. Lewis, consideration \$10.

RUSSIANS CREATE ANOTHER STIR BY NOTE TO POLAND

Remonstrate With Poles For Joining Allies in Protest Against Treaty

DECLARE TREATY WITH POLAND IS ALL NECESSARY

Present Action With Poland May Abrogate Treaty Signed at Riga

Genoa, April 26.—Soviet Russia contributed another sensation to the economic conference today by sending a note to the Polish delegation remonstrating against Poland's action in joining with the Allied powers in protest against a separate treaty between Russia and Germany. Russia claimed that the peace treaty between herself and Poland covers all relations between the two countries so that Poland, like Germany, should not participate in the discussion of Russian affairs, even intimating that Poland by her present action in the conference has abrogated the treaty signed at Riga on March 18, 1921.

Russia has a strong Red army encamped near the Polish border, and for this reason, the Russian remonstrances are regarded by some of the delegates as equivocal to a threat against Poland.

The experts on the Russian question sitting without the Soviet delegates, today compared notes on the new proposals presented by the Russian delegates at yesterday's session, and decided to forward their report to their respective governments.

It is expected that when the answers are received from the various capitals the powers will submit counter proposals to the Soviet couched in firm language in an endeavor to reach a working basis for an accord.

"We cannot stay here for ever," said a French delegate tonight. The French are disturbed over the manner in which the English have interpreted Premier Poincare's address. The French spokesman made it clear that all Frenchmen are alarmed over future military possibilities of the Russo-German treaty and that M. Poincare was merely voicing France's genuine disquietude. There are certain indications here that France with her dwindling population is fearful of the constantly increasing German population, united with mighty Russia. The French attitude toward Russia is described like that of Japan towards China—each wants an organized and prosperous neighbor, but does not desire that neighbor be so strong as to loom up as a possible menace.

WOMEN VOTERS PLAN TO SUPPORT H. FORD
Baltimore, April 26.—Henry Ford has become an issue in the convention of league of women voters and southern delegates supporting his Muscle Shoals bid are lining up to put through a resolution placing the league with seven million votes on record as endorsing the offer. They will try to get the recommendation in the report on food supply and hope other southern women will join the attempt to boost Ford's ownership.

POLICEMAN AT ANNISTON KILLS TWO OFFICERS

Anniston, Ala., April 26.—Joe Holliday and C. Hurst, city detectives, were shot to death in an automobile by Police Marshall Welch following a dispute. After the shooting Welch took the officers to an undertaker and surrendered. Welch claims self defense in the shooting of Holliday and said that Hurst was accidentally killed.

SAY WATER PRESSURE NORMAL DURING FIRE

Wilmington, April 26.—The city commissioners today officially declared that readings of water gauges showed a normal pressure in the mains on the occasion of the disastrous fire of ten days ago. Allegations had been made that low pressure had hampered the firemen as to impair the efficiency of the firemen.

AGREE TO CO-OPERATE

Tokio, April 26.—Some of the Japanese-language newspapers today publish dispatches declaring the Siberian government at Chita and Soviet Russia had agreed to co-operate against the anti-Bolshevik forces of the Vladivostok government and in efforts to drive the Japanese troops out of Siberia.

BISHOP DARST IN OPENING ADDRESS TO EPISCOPALIANS

Delivers Optimistic Address At 39th Annual Council At Goldsboro

(By THEODORE PARTRICK, JR.)

Goldsboro, April 26.—Reporting the largest number of confirmations in the history of the Diocese and the largest number of candidates for the ministry ever credited to East Carolina, the Rt. Rev. Thomas C. Darst, Bishop of East Carolina, in his annual address to the Council in session here at St. Stephen's church, spoke in the most optimistic vein of the future of the church. Bishop Darst's address came at the opening service of the 39th annual council of the Protestant Episcopal church, and was heard by the unusually large number of delegates in attendance.

At ten o'clock this morning the council was called to order by the Bishop, the roll call showing a majority of the parishes and missions of the Diocese being represented. The Rev. R. B. Drane, D. D., Rector of Old St. Paul's church, Edenton, was re-elected president of the council. The Rev. Walter R. Noe, executive secretary of the Diocese, was re-elected secretary of the council. Bishop Darst read the list of committee appointments. Upon nominations of the Bishop, Mr. George B. Elliott, chief counsel of the Atlantic Coast Line Railway, was re-elected chancellor of the Diocese. The report of the examining chaplains of the Diocese was read by the chairman, the Rev. R. B. Drane.

At eleven o'clock the opening service of the council was held. All of the clergy were vested for this service, and marched in procession. Bishop Darst was assisted in the celebration of the Holy Communion by Rev. Messrs. Drane and No. The women delegates did not commune at this service, as their corporate communion is to be held in the morning.

The Bishop's annual address was delivered at this service. In it he reviewed his own activities for the year 1921 and gave a summary of the work of the whole church during that period. Taking note of the passing of many of the fine laymen and laywomen in East Carolina during the past year, he spoke very feelingly of four who were outstanding in their devotion; Col. Wilson G. Lamb, of Williamston; Mr. George H. Roberts, of New Bern; Mrs. Mary Cowan James, of Wilmington; and Mrs. Robert B. Drane, of Edenton. He paid a special tribute to the Rev. J. S. Moody, of Fayetteville, who died May 26th, 1921.

One paragraph of the address says: "In spite of the financial depression that was prevalent in East Carolina during the whole of the year 1921, we were able to make advances all along the line, and have much reason for encouragement as we review the work of the year." Two outstanding evidences of this advance are the large increase in number of confirmations and the increase in the number of young men offering themselves for the ministry. There are now seven young men from East Carolina preparing themselves for the ministry at one Seminary. This is a most encouraging fact in view of the widespread lamentation over the scarcity of ministerial candidates.

Tenets of Man-Haters.
London, April 25.—More men is about to be swept off the face of the earth if "ultra-feminists" have their way, Elliott O'Donnell, author and investigator of histinction, informs the International News Service.

The tenets of the "ultra-feminists" who are organized to unthrono man, are, according to O'Donnell, as follows:
"In the beginning there was only one sex, the feminine-man was a mistake, a mere after-thought."
"There is no need for any sex other than the feminine."
"Love between the sexes is only weakness, temporary madness."
"Life begins as female, life is feminine."
"Parthenogenesis or virgin birth proves the oneness of the substance out of which all things are made."

Pythians to Meet

The Knights of Pythias will meet tomorrow night. Work in the second and third rank. Every member is urged to be present. Important meeting.

MANY WAREHOUSES PLAN TO SELL ON OLD AUCTION PLAN

Numbers Answer Questionnaire Sent Out by Local Board Of Trade

THREE STATES ARE PREPARED TO OPEN UNDER OLD SYSTEM

Number of Pounds Sold by Houses Last Season Are Contained in Reports

Twenty-seven warehouses, comprising many of the largest in this section of the state, will be open for the sale of leaf tobacco this season, according to answers to a questionnaire recently sent out by the Greenville Tobacco Board of Trade to ascertain certain conditions as they actually exist and to keep the farmer posted as to what may be expected. The answers contained the names of the warehouses in each of the towns, owners and number of pounds of bright leaf disposed of last season.

Reports were received from the states of North Carolina, Virginia and South Carolina. Eastern Carolina opens August 8th, Virginia October 1, South Carolina, August 25th. While only a few warehouses in the states of South Carolina and Virginia reported, it is expected a greater number will be heard from in the near future. All houses have not reported in Eastern Carolina, but those heard from comprise the majority of important houses.

The towns, names of warehouses and number of pounds disposed of last season follows:

- Rocky Mount, Fenner's warehouse, 15 1/2 million pounds. Farmers Mutual Warehouse, P. P. Holt, proprietor, 15 1/2 million pounds. Planters warehouse, 5 million pounds.
- Greenville, Center Bank warehouse, pounds omitted. Farmers warehouse, 5,300,000 pounds. Brier warehouse, pounds omitted. Forbes & Morton, 4,000,000 pounds. Smith & Sugg, 4,000,000 pounds.
- Wilson—Banner warehouse, 5,000,000 pounds. 10,800,000 pounds. Planters Warehouse Co., 7,000,000 pounds. Watson warehouse, 11,000,000 pounds. Smith warehouse, 8,000,000 pounds.
- Kinston—Eagle warehouse, pounds omitted. Knott's warehouse, 18,000,000 pounds. Atlantic warehouse, 15,000,000 pounds.
- Farmville—Monk's warehouse, 4,480,000 pounds. Knott's warehouse, ten million pounds.
- Robersonville—Adkins & Bailey, 2,100,000 pounds.
- Williamston—Roanoke warehouse company 2,000,000 pounds. Farmers warehouse, 700,000 pounds.
- Lake City, S. C.—Star warehouse company, 3,225,000 pounds. Bellway & Bowen, 4,000,000 pounds.
- Washington, N. C.—Gravelly's warehouse, 1,000,000 pounds.
- Roxboro—Hycos warehouse, pound omitted.
- Manning, S. C.—Planters warehouse, pounds omitted.
- Danville, Virginia—Piedmont warehouse, 6,000,000 pounds. Producers warehouse, 4,000,000 pounds.

THROWING AWAY MONEY

The town families of North Carolina are throwing away thousands of dollars a year through their failure to utilize as fertilizer for their gardens the wood ashes from their fire places and kitchen stoves.

Another valuable asset for the town gardener is found in leaves which too often are piled up and burned after they fall in early winter. They should never be burned but piled up to rot for use in the garden.

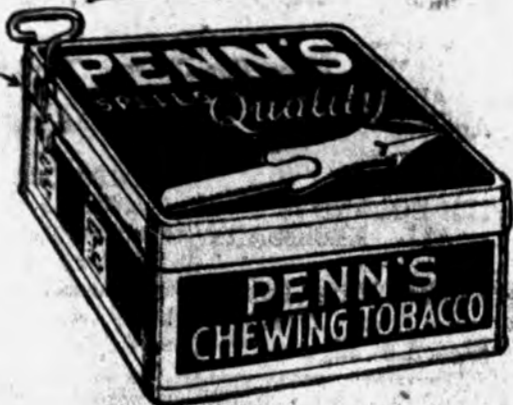

The destruction of leaves and the failure to utilize wood ashes for manure constitute an economic waste of small proportions. The utilization of these things would add thousands of dollars a year to the value of our town gardens.

CAN THE U. S. INTERFERE?

Can a government interfere with the law of supply and demand by legal enactment and "get away with it"? The question is to be answered by experience. The United States government, acting as a city council for the Capital City, has extended the Rent Act, by which rents are regulated and the relations of tenant and landlord fixed by law for a further period of two years.

Chew fresh tobacco. Try Penn's the next time. Fresh! Air-tight in the patented new container

SEALED AIR-TIGHT

Guaranteed by The American Tobacco Co. INCORPORATED

the period when enormous demand sent rents skyward, the act is now to be continued as an experiment in peace time regulation of commercial relations.

The individual renter is not as jubilant over the passage of the act as might be expected. Real estate men are frankly pessimistic over legislation, which they say, prevents investment in new rental properties.

If the government can fix a "fair rental" for property and forbid one to ask another to pay a higher amount, what can be urged against the government also fixing what is a "fair price" for coal or a "fair wage" for a day's work?

In time of war any legislation which furthers a nation's cause is justified. In time of peace it is at least a question whether legislation regulating any class of people or property or thing may not hold more potentially for

harm, in its undermining of United States principles, than of good in the temporary relief it affords. Washington's experiment will be eagerly, if anxiously watched by the whole country.

ENDORSEMENT

I am glad to say a word in behalf of my neighbor and friend, James Franklin Smith, candidate for sheriff of Pitt county. He is a popular man of excellent character, is a moral, high toned christian gentleman, industrious farmer and good business man.

Respectfully, WILLIAM COBB WHITFIELD, M. D. 26-44p Grifton, N. C.

Time to Re-tire?
(Buy Fisk)

THE lower prices on Fisk Cord Tires are interesting to you because they buy more tire value than higher priced tires can give you. Comparison with other tires will show you Fisk are bigger, stronger, and lower priced throughout the range of sizes.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

I am the original comfort cap!

ON many occasions you would be happier if you could make your cap tighter. On windy days—for outdoor sports—autoing, golfing, motorcycling.

That's where I come in. My little invisible straps enable you to adjust me to any degree of ease or snugness you desire. (Illustrated below).

The very day you try me on in the store you'll observe how precisely I fit your head. But what's more—I retain that accurate fit permanently... never vary, never become too roomy or too tight for you.

Yet to look at me you would not think I had any "tricks" under cover. I am smartness itself. I am made of the most motish tweeds and woolsens. Fashionable men, like movie artists and club men, prefer me to any other cap made.

Try me once. The stores are all showing me off.

I am the "SURE-FIT" Cap. I'm adjustable. Get me.

ADVERTISE IN REFLECTOR

Spirit of Optimism Features
Annual Banquet of Chamber
(Continued from page one)
advancement of the county chamber since organization some time ago, and expressed the need of a drive for more members. J. W. Holmes of Farmville suggested that chairman

MRS. ALVA H. McCRARY.
of Philadelphia, who says nothing she could say for Tanlac would be half good enough after the way this remarkable medicine has brought back her health.

"It is just glorious to have my health back and in my opinion there is nothing I can say about Tanlac would be half good enough." said Mrs. Alva H. McCrary, 1531 Locust St., Philadelphia.

"For two years I had all the miserable and agonizing symptoms that go with a bad case of stomach trouble. Although I lived on the strictest kind of diet I suffered torture from indigestion and finally my whole system seemed to give way.

"I certainly know how to appreciate the wonderful blessing of good health and I have such confidence in Tanlac that I wish it was in my power to put a bottle of it in the hands of every sick man, woman and child so that they might take it and get well and strong as I have done."

Tanlac is sold in Greenville by the Greenville Drug Co., and by leading druggists everywhere.

THE OLDEST FOOD.
Perhaps the oldest of foods is FRUIT. Then came FLESH. Then BREAD.
Centuries ago mankind found out that wheat, pulverized, made into loaves and baked, was the most nutritious thing in the world.
Behind our bread are ages of experiment. When you eat BLUE RIBBON bread you are eating the best food obtainable by the human race.

THE PEOPLES BAKERY
PHONE 129

be appointed from each section of the county in this campaign. Miss Mabie Barnhill was chosen as chairman from Bethel; G. T. Gardner, Grifton; J. R. Turnage, Ayden; J. W. Holmes, Farmville; J. Paul Davenport, Pactolus; H. A. White, Greenville.
These chairmen will select their own committees to canvass their respective communities for additional members. Each of the chairmen were present with other members, and each leader was called on for a few words regarding the campaign. They expressed great confidence in the future of the chamber, and agreed the membership should be increased to much greater proportions. The banquet was brought to a close with a rising vote of thanks to the ladies who prepared the sumptuous spread.

The Co-Ops Have to Fight.
Live stock commission men and farm leaders everywhere are watching developments in St. Louis, where Secretary Wallace is trying to break up the so-called boycott of the co-operative companies at the National stock yards. The situation is perfectly natural. The old line trading firms could not be expected to boost the farmer organizations. On the contrary they will fight to keep their own business and oust the newcomers. The commission men as a rule are good fellows, they know their game, and they are well entrenched. The co-operatives will have to fight for their lives, and victory will not come easily.—From Life.

Kentucky Farmers Prosperous.
(Sanford Express.)
Mr. and Mrs. J. E. Yarboro returned the first of the week from Owensboro, Ky., where Mr. Yarboro auctioneered tobacco during the season that has just closed. Mr. Yarboro says 30,000,000 pounds of bur-bur tobacco was sold on that mar-

From Ohio we hear:

"I decided to bake two cakes at the same time, using Royal Baking Powder in one, and another powder in the other. The cake made with Royal was so appetizing and delicious, so finely grained and wholesome that in comparison, the other cake was not a cake."

DEVVOE
Marble Floor Finish

Are the FLOORS the "Jarring Notes" in the harmony of your home?

POSSIBLY some of your other wise beautiful rooms are spoiled by dull, worn, shabby floors.

For appearance, and for protection as well, coat them with Devvoe Marble Floor Finish Varnish.

It fills the tiny pores and keeps dust and germs out of the wood. Its toughness protects the fibres from wear; and its glowing lustre enriches the decorative scheme.

Devvoe Products are time-tested and proven, backed by the 168 years' experience of the oldest paint manufacturing concern in the U. S.; Founded 1754.
