OVER HUNDRED CANDIDATES INITIATED INTO MYSTERIES OF THE ORGANIZATION AFTER KEYS OF CITY ARE GIVEN THEM

Several Hundred Visitors from Different Parts of State Take Part.

CEREMONIAL TO TAKE PLACE AT WAREHOUSE TONIGHT AT 8 O'CLOCK

Program Got Well Under Way at One O'clock Today Despite Rainfall.

Four or five hundred Dokies from different parts of the state attended the ceremonial here today, and participated in one of the most interesting programs in years. The keys of the city were turned over to the visitors at an early hour this morning and despite intermittent showers the program passed off smoothly, although delayed until after the noon hour. Many prominent members of the organization were present, and did their part in making the ceremonial the greatest in history.

Visitors began arriving last night and when registration of candidates began at the Pythian hall at eleven o'clock this morning the building was packed to its capacity. While the continuous downpour of rain threatened to delay activities until late in the evening, this failed to detract from the spirit of the occasion and every Dokie to a man did his part in furnishing goat milk to the hundred and thirty odd candidates who chased over sands of the desert donned in baby caps and aprons.

The ceremonial will be brought to completion with exercises at Gorman's warehouse tonight at eight o'clock. The night features promise to be greatest of the entire day, as it is during this time the candidates, many of whom are from Greenville and Pitt county, will be initiated into mysteries of the fraternity. The gathering is one of the largest of a fraternal nature ever before entertained in Greenville, and the public did their part by decorating business houses. In fact, the entire city presents a gala day appearance which the incessant downpour of rain failed to detract from in the slightest sense of the word.

The program got well under way at eleven o'clock this morning with registration of candidates at the Pythian hall. After registration was completed and Jupiter Pluvius became more generous at one o'clock, the Dokies fell in line in front of the Pythian hall, paraded to Greene street, up Greene street to Third street and from Third street down Evans street to Five points where they disbanded, entered automobiles and were driven out to Amuzu Park where dinner was served. The parade was headed by the Dokie band and degree team of Charlotte, followed by visitors and candidates.

While dinner was being served at the park, L. G. Cooper, district deputy, presented Veteran Jewels to all members of the organization who had seen twenty-five years service. Other entertainments for benefit of the visitors followed dinner, and it was four o'clock before they returned to Gorman's warehouse where special committees were in charge of particularly interesting program.

After completing the program at the warehouse the Dokies will form in line and march to the Teachers' College where at six-thirty o'clock a banquet will be served. After the banquet which will be brought to a close at eight o'clock, the crowd will repair to Gorman's warehouse where the real work of putting candidates over desert sands will be in progress.

Greenville extends a cordial welcome to the visitors, and will be glad when the day comes for their return.

Baltimore will hold a Pan-American Women's Meet! But we think American women have had enough panning.

WASHINGTON WINS FROM GREENVILLE IN FIRST CONTEST

Collegiate Institute Won by Score of 13 to 5 in one-sided Game Yesterday.

The Washington Collegiate Institute defeated the Greenville high school at the fair grounds here yesterday afternoon by the score of 13 to 5. The game was decidedly one-sided because of the lead which the visitors gained in early stages of the game, but many fine plays were in evidence.

The principal feature of the game was the home run of Webb for Washington, and the hitting of C. Satterthwaite for Greenville, who secured two safeties out of three trips to the plate. It was expected the "preps" would win out over the locals because of their long training.

Much interest is centered around the game here tomorrow afternoon with Kinston. This will be one of the league games and is expected to be one of the hardest fought of the season. It will be remembered that the two clubs played to a ten to ten tie in the game last week, and are anxious to come out with honors flying tomorrow.

Coach Duncan said this morning that he hoped the public would turn out in large numbers tomorrow afternoon and show the boys they have proper support. Success of the club will be largely determined by interest of the public, he declared, and everybody is urged to be present when the umpire calls the game.

GOMPERS ATTACKS PROHIBITION LAWS

New York, May 4.—Samuel Gompers, president of the American Federation of Labor, speaking tonight to a crowd that jammed Madison Square Garden in a meeting called by the New York branch of the Association Against the Prohibition Amendment, declared that labor "must make the fight now, and we will never stop until the rights of the people have been restored to them."

He was cheered by crowds both inside and outside the big pavilion, for those who could not get into the hall heard the various speakers through voice amplifiers. The meeting was largely attended by members of union labor, representatives of more than thirty labor organizations being present. There also were many men prominent in the city's business and financial circles. A large part of the audience was composed of women.

"I and the federation I represent," Mr. Gompers said, "are in favor of beer and light wines and against any attempt to enforce sumptuary laws aimed at the personal liberty of our people."

"I have always faith in the future of my country, but with prohibition I am apprehensive of that future. Temperance was the rule of the great mass of organized labor, but the prohibitionists and the so-called anti-saloon leaguers have done more to undermine the morality and temperance of the working man than any other agency I know."

FRENCH CABINET FAVORS LLOYD GEORGE'S OFFERS

Paris, May 4.—The French cabinet approved in principle Lloyd George's ten year non-aggression pact on conditions that there are reservations guaranteeing that the treaty of Versailles will be scrupulously observed. The matter was submitted to the cabinet by the head of the delegation at Genoa.

WORLD TRADE IS DAILY IMPROVING IN UNITED STATES

America's Favorable Trade Balance being Greatly Reduced, Experts Say.

EXPORTS GREATER THAN IMPORTS FOR THE FIRST TIME

Cost of Living Being Gradually Reduced in all Parts of the Country.

(By International News.) Washington, May 4.—America's top heavy but favorable trade balance against the world is regarded as a handicap being gradually reduced, according to the latest survey of the government's foreign trade experts which was compiled today.

The report now shows an excess of exports over imports of a billion dollars yearly. Exports exceeded imports two years ago by three billion dollars. Largest buyers from the United States are Great Britain, Germany, France, Italy, Netherlands and the Orient.

Steady decrease in European demand shows Europe's recovery from war conditions is permanent.

The cost of living in the United States is gradually declining and is 22.9-10 percent from June 19 to March 20, according to the bureau of labor. From December to March was four and two tenths percent.

MARYLAND TRIMS N. C. UNIVERSITY

Carolina Loses First Game of the Season by Score of Ten to Five

College Park, Md., May 4.—University of Maryland pulled a real surprise today, when it beat the University of North Carolina baseball team by the score of 10 to 5. Prior to today's game, North Carolina had won twelve games and lost only one and even the Old Line Nine's strongest rooters thought that chances for victory were rather slim.

Bryon, a star hurler for the Tar Heels, started on the slab but got only mediocre support and was batted hard. He was yanked in the fourth in favor of Coffey, who allowed only three runs during the four and one-third innings he was on the slab, although he was batted rather freely.

Maryland got quite a scare in the last inning. It went into that final frame with the county standing 10 to 1 in its favor but Schider got wild and was being batted so freely that after four runs had gone over the plate three men were on the bases with nobody down he was yanked. Nisbit caused Lewellyn, batting for Havenner, to hit into a double play and then forced McLean to dump an easy roller to him and the side was retired.

Maryland got two runs in the first inning and in the third started to hammer Bryson again and with the poor support the latter was betting soon had enough runs across to make certain of the contest.

WILSON MEMORIAL TREE IS PLANTED AT COLLEGE HERE

Arbor Day Observed by Students with Splendid Planting Program

Arbor Day was celebrated on Monday at 11 o'clock at East Carolina Teachers College by the Senior Class Tree planting. The Japanese maple which they planted on the campus across from the home of Mrs. Wilson was named the "Wilson Memorial Maple."

The entire school assembled on the green campus made a pretty picture. Only the Seniors and Juniors joined in the exercises. The Seniors sang their class song, after which Miss Annie Ruth Joyner gave the purpose of Arbor Day. Miss Charlie Mae Hennessee read the poem "What We Plant When Plant a Tree." Then followed the planting of the tree by the class. Miss Lillie Mae Dawson presented the tree to President Wright who accepted it in a gracious manner. He supplemented the poem that had been read by saying, "Two things we plant now when we plant a tree could be added, and these are sprouts for switches and material for airplanes."

The historical spade, which has been used for every tree planting and by every Senior Class, was first used for breaking the dirt for the first building, was presented by the Senior president to the president of the Junior Class, Miss Mary Baggette, to keep and guard until she shall turn it over to the next class.

The Juniors sang their song, after their president had pledged the class to keep the trust confided in them. Miss Malissa Hicks then read the poem "Dedication of a tree." The last number on the program was the song "Plant a Tree."

COURT HOUSE LAWN AND STREETS WILL SOON BE IMPROVED

Commissioners Decide to Make Improvements Requested by Citizen Recently.

Work in lowering the court house sidewalks and returning the lawn will begin within the next several days according to a decision reached by the county board of commissioners. This work has been under consideration for the past three years, but no decision became possible until this week when the matter was presented again.

The commissioners also decided to have eight lights of the white way system placed on the court house square. This work will also begin at an early date, although it hardly will be completed before the system on other city streets.

The proposal for lowering the sidewalks was presented the commissioners by a representative body of citizens about three years ago. Favorable action was promised at the time, but conditions became so uncertain that it was delayed indefinitely. The commissioners promised to give the question attention at the earliest moment, however, and at the meeting this week took preliminary steps.

This information will be received with much interest throughout the city, as the improvements will improve the appearance of the court house building and grounds to no little extent. In fact when the lawn is rolled down on a level with the sidewalks the splendid building will show up to better advantage than ever before.

Timely talks were made by Miss Elizabeth Culpepper, secretary of the Wilson Merchants association. She told what dollar days had meant to Wilson and said such a campaign should mean great benefits to Greenville.

Miss Grace Warwick of Goldsboro, secretary of the association of that place, made a few remarks on the progress made in her city, and said she saw the prospects of a revival of business in the near future.

Mr. W. H. Dail spoke about the good road system under construction in Pitt county and enumerated the great good the merchants should derive from it. He said Greenville is not only the best city in North Carolina, but the United States. We have more advantages than other places of the same size, and should not permit ourselves to fall back in the same old rut of twenty years ago. We have started out in a fresh track and should stick to it regardless of changing conditions.

MAYOR HYLAND NOT INJURED IN WRECK

New York, May 4.—Mayor Hyland was injured when his car collided with a street car here this morning.

CITY MERCHANTS HEAR SECRETARY IN TIMELY TALK

J. Paul Leonard State Secretary, Optimistic concerning the Future.

BUSINESS MEN OF GREENVILLE ALSO QUITE OPTIMISTIC

Secretaries from Wilson and Goldsboro tell of Recent Progress.

Members of the Greenville Merchants Association met in regular session here last night and heard Mr. J. Paul Leonard, of Statesville, state secretary, deliver an interesting address regarding conditions existing throughout this and other states. The meeting was rather late in getting started because of prayer meetings at the churches, but the program got well under way at nine o'clock and continued without interruption.

In the absence of President C. D. Tunstall, the meeting was presided over by J. H. Blount, vice-president, who made a few timely remarks regarding business matters of interest.

Mr. Leonard stressed the importance of optimism of the merchant. He said cotton is selling good and that the outlook for the future is brighter than it has been in months. He urged the merchants to stick together more closely than ever, and to work through the association as much as possible. He mentioned the work of the credit agency and its good to each of the organizations. The main part of the work always falls on the secretary, and for this reason greater confidence should be reposed in her. He said more advertising should be done through the local papers so the public may be kept in intimate touch with what the merchants have for sale. Trade events and dollar days should be put on from time to time in order to stimulate trade. In this way business will be kept moving the public kept in a much better frame of mind.

The next speaker of the evening was J. H. Blount, member of the firm of Blount-Harvey. He said the time to get busy had come and urged members of the association to boost as they never boosted before. He encouraged the dollar day movement mentioned by the state secretary. He urged all members to stick to the association and do everything possible to better its interests. He also mentioned the need of increased membership.

R. L. Crow, one of the first presidents of the association, asked that each member give the Merchants Fire Insurance Company some insurance. He also spoke of the necessity of more persistent co-operation on part of the business man, and especially those connected with the association. Nothing can be accomplished single handed, he declared, and it is the duty of every merchant to pull together with best interests of the community at heart.

Timely talks were made by Miss Elizabeth Culpepper, secretary of the Wilson Merchants association. She told what dollar days had meant to Wilson and said such a campaign should mean great benefits to Greenville.

Miss Grace Warwick of Goldsboro, secretary of the association of that place, made a few remarks on the progress made in her city, and said she saw the prospects of a revival of business in the near future.

Mr. W. H. Dail spoke about the good road system under construction in Pitt county and enumerated the great good the merchants should derive from it. He said Greenville is not only the best city in North Carolina, but the United States. We have more advantages than other places of the same size, and should not permit ourselves to fall back in the same old rut of twenty years ago. We have started out in a fresh track and should stick to it regardless of changing conditions.

The entire gathering joined in singing America at conclusion of the meeting.

KIWANIS CLUB TO CONDUCT REGULAR MEETING FRIDAY

Interesting Program Has Been Arranged for the Evening; Many Speakers

The Greenville Kiwanis club will hold its next meeting Friday night at seven o'clock according to an announcement made public this morning. The program for the evening will be in charge of B. W. Moreley, who has outlined one of the most interesting of the year.

Principal speakers of the evening will be Dr. L. C. Skinner, J. B. Harding and H. A. White, each of whom will have something of importance to say regarding continued progress and development of the organization.

Several other interesting features are contained on the program, and those who attend are assured of enjoying one of the most profitable evenings of the year.

The Kiwanis club has accomplished much good for the city and community since its formation here several months ago, and with continued increase in membership, is destined to have even greater influence.

A large attendance is urged for the Friday night meeting, as several business matters of interest to every member will be considered.

CATHOLIC CHURCH TO HOLD MISSION

Rev. Father Reginald to deliver Series of Lectures Beginning Sunday

Beginning Sunday morning at 11 o'clock, the people of Greenville will have an opportunity to hear the Rev. Father Reginald, a missionary, deliver a course of Teachers, unequalled perhaps in this part of the country. The services will be in the form of a mission, which is a form of service used in the Catholic church to bring the people to the realization of the fact that man's prime duty is to know, love and serve God in this world that he might be happy with Him in the world to come.

During these services, the missionary will take special pains to explain to inquiring friends, many points of Catholic doctrine grossly misunderstood.

There will be a lecture every evening at 8 o'clock throughout the week of which the people of Greenville are most cordially invited to attend.

The Rev. Father Reginald has conducted Catholic missions throughout the United States, and has made for himself a reputation as being a forceful and splendid preacher.

BABE RUTH OPERATED ON FOR ADENOIDS AND IS MUCH IMPROVED

New York, May 4.—Babe Ruth was operated on for adenoids and tonsils today, and his condition is good. He will probably leave the hospital within the next 24 hours, Mrs. Ruth was operated on at the same time.

ALLIES MUST FURNISH AMERICAN TROOPS WITH ADEQUATE PROVISIONS

Washington, May 4.—If allied governments want American troops kept indefinitely on the Rhine they must make some adequate provisions for paying cost of maintenance, it was made clear in official quarters here today.

Only one marriage license has been issued by the register of deeds since the report of yesterday afternoon: Garfield Jenkins to Mary Roberson, both colored of Belvoir township.

RUSSIAN LEADERS ARE NOT PLEASED WITH ALLIED PLAN

Failure to Mention Recognition One of the Issues not Delighted Over.

GOVERNMENT LOANS NOT MENTIONED IN FIRST NEGOTIATION

Belgium has not Signed Memorandum and Doesn't Know When She Will.

Genoa, May 4.—The Soviet plenipotentiaries are "not delighted" with the project of the powers for the reconstruction of Russia. Such is the brief summary emanating from Soviet sources of the Bolshevik views on the memorandum on which Europe's statesmen have worked so laboriously.

The fact that the document does not mention recognition of the Soviet government and ignores the suggestion of governmental loans is said to displease the Communist leaders, who are now conferring with Moscow. The memorandum was delivered to them at 4 o'clock this morning, after a corps of secretaries had worked all night putting it into official shape. It was rushed to Santa Margherita and delivered to M. Rakovsky, who received it dressed in his pajamas.

Belgium has not signed the memorandum, and word was received here this evening that France had determined to stand by Belgium, but yet there is no official announcement in Genoa of France's action. It is believed the plenipotentiaries Premier Poincare and H. L. Dorel, however, will have an important general effect on the conference.

All the leaders expressed satisfaction at today's plenary session, believing that it embodied the inauguration of far-reaching efforts to improve the finances of Europe. The financial code at Genoa has been written, declared Sir Laming Worthington-Evans, chairman of the financial commission, and he believed it would prove as important as the historic Justinian civil code, the basis of world jurisprudence.

POLICE CONTINUE SEARCH FOR MEN IN ROBBERY HERE

Five Negroes Held in Jail, and Several others Expected to be Arrested.

Five negroes hailing from different parts of the state are being held in jail here charged with complicity in an attempt to burn the Greenville Laundry after ransacking the building for money. The first capture was made the day after the series of robberies were committed, and resulted in the capture of the other four. The prisoners have been quizzed by authorities, and each confessed to complicity of several others.

Chief Jones stated this morning that he intended to follow up confessions made by the men now in jail, and believes he will be able to round up the entire crowd in the near future. The "King Bee" of the gang was captured Saturday night, and some valuable information is expected to be divulged.

Much of the goods taken in robberies in other towns have been recovered, and it is expected the gang will be connected with the epidemic of robberies reported from other part of the state. While three or four stores were entered in Greenville only about twenty suits have been stolen together with about five dollars in currency. Winterville, Bethel and Canton suffered to a greater extent, but the cash hauls were small in each place.

AGRICULTURAL CONDITIONS.

The weather has been cold and in some sections there has been an excess of rainfall, delaying seeding operations. The Mississippi river and tributaries are very high, the former above all records at New Orleans. Crops are affected by the over flow, but while the damage is serious in localities the amount of territory affected as yet is relatively small.

The Kansas wheat crop has been the subject of much contention since last fall. Finally the fact seems to be established that the crop was seriously injured by drought conditions in the western part of the State, but in the eastern part has come through the winter in good shape. Twenty-six per cent of the fall sowing has been abandoned, and the Kansas State report makes the condition on the remaining 8,320,328 acres 73.9 per cent. Acreage last fall was the third largest in the history of the state, and the last acreage has been exceeded but twice. The outlook is for an aggregate yield a little above 100,000,000, which will compare with 129,000,000 bushels last year. The crop east of Kansas is looking well.

Wheat has been above \$1.50 per bushel at Chicago in the past month, but at this writing is about 10 cents under that figure for the May delivery, about \$1.25 for the July delivery, which includes new crop winter wheat, and \$1.17 for September, which includes the new crop of both winter and spring. With Russia out as an exporter the world is evenly balanced between consumption and supplies, and the price fluctuates with the news even more responsively than usual. The latest estimate on the crop of India is 355,000,000 bushels, which compares with 251,000,000 last year, when India was obliged to import.

Secretary Denby is now asking for an appropriation of nine million dollars with which to create a great naval air fleet. Since the armament conference condemned so many capital ships it might be advisable to take this precaution. Air fighting in the future will attract greater attention of all nations, and the country that fails to take advantage of peace may have cause for regret. Nine million dollars sounds like a lot of money these hard times, but congress seems to be very apt in the matter of raising funds, except for the bonus, and shouldn't experience any great difficulty.

EMPIRE TIRES

Notwithstanding the fact that a great many Agents and Manufacturers have constantly talked of an increased price of Automobile Tires within the next thirty days, the **EMPIRE TIRE & RUBBER COMPANY** have deemed it proper to make drastic reductions in the price of their tires, particularly **CORDS**.

We are not cutting the price of **EMPIRE TIRES**, but are simply saving the consumer the usual Agent's commission and Jobbers handling charges, or a saving of nearly one third on your tire bills. These prices are only possible on account of the **EMPIRE** system of distribution—**DIRECT FROM THE FACTORY TO USER—THROUGH THE DISTRIBUTOR.**

REGARDLESS OF PRICE, THERE IS NO TIRE ON THE MARKET THAT IS MORE HONESTLY BUILT AND MORE CARE TAKEN IN ITS CONSTRUCTION.

While any Automobile tire is liable to be defective in the event you get one, or fail to get satisfactory mileage, adjustments are promptly made in our store, without any red tape for our decision on adjustments are made on the basis of 8,000 miles for **CORDS** and 6,000 miles for **FABRICS**.

MRS. BAYARD WOOTEN TO BE IN GREENVILLE

Mrs. Bayard Wooten, of New Bern, a photographer with a wide reputation, will be in Greenville the last week in May.

Everybody desiring to have their picture taken while she is here is requested to call Mrs. J. R. Spivey, 179-J. 4 2t

Greenville Ready.

Extensive preparations are being made on the Greenville market for the selling of the next crop of tobacco. Warehousemen and buyers are realizing that indications point to a big crop of tobacco the coming tobacco year, and are arranging to take care of all that comes in for sale. Each one of the warehouses will be in first class shape, with expert help and with all necessary accommodations. All buyers, big and little will be on the job from start to finish. When the tobacco farmer places his tobacco on the warehouse floors he will find that a big crowd of buyers will be present to bid and to buy. We are assured that everything possible will be done to help the farmer in selling his tobacco.

The Seven Reasons

why Karo is the Great American Syrup and outsells all other brands: (1) Always absolutely pure and wholesome. (2) Always thick and delicious. (3) Karo is a great energy food. (4) Very economical. (5) Each and every can is full weight. (6) Every first-class grocer in America sells Karo. (7) And it's a wonderful food for children.

Treat the folks tonight with these
Glacé Nuts and Fruits:

1/2 cup Karo, Red Label
1/2 cup Granulated Sugar
2 tablespoons Hot Water

Boil until syrup bubbles instantly in hot water. Keep hot in double boiler. Dip in nuts and fruits one at a time, taking out on the points of a fork and laying on oiled paper. They harden immediately. Nuts and fruits may also be covered in a way which, while it is not exactly a glacé, is delicious. Melt a portion of Karo fondant in a double boiler, and dip in nuts and fruits as above. As they harden, dip again.

Mrs. J. E. Paschall Entertains.

Wilson, May 4.—On Tuesday afternoon from 4 to 5:30 Mrs. J. E. Paschall delightfully entertained at a kitchen shower in honor of Miss Lill Chapman, whose engagement to Mr. George W. Tomlinson was recently announced.

The lobby of the Boy's Dormitory of the Atlantic Christian College was beautifully decorated with ferns and vases of roses. The guests were received at the door by Mrs. Paschall and Mrs. Bird. Punch was served by Miss Christine Whitley. The prize offered for the best rules on "How to Manage a Husband" was won by Mr. George A. Williams. This prize, a rolling pin decorated with the familiar figures, "Maggie and Jiggs," Mrs. Williams presented to Miss Chapman. At the conclusion of the contest an express wagon heavily loaded with packages of all shapes and sizes was pulled into the room by little Miss Julia D. Paschall. Miss Chapman opened the packages and found many articles essential to the culinary art.

Delicious refreshments were served. The guests included Misses Lill Chapman, Ella Hackney, Anne Harrell Ivey May Smith, Mabel Lynch Agnes Peele, Gladys Fourst Jessie Faust, Eloise Case, Mildred Ross, Lillie Tomlinson, Sallie Tomlinson, and Mesdames C. C. Ware, S. G. Mewborn, S. L. Sadler, Perry Case, J. G. Williams, W. D. Adams, H. S. Hillery, W. H. Tucker, W. A. Lucas and Albert Bird of Mount Olive.

Business**

Everybody we talk to about it agrees with us that it's good business:

To diagnose battery troubles as carefully as a doctor diagnoses his cases.

To advise and make repairs only when we know repairs will pay.

To recommend the purchase of a new battery only when repairs on the old one would not be a good investment.

To speak frankly, plainly, and with a thought of the best interests of the battery owner whether his is a Willard Battery or not.

Away From Home
Our Association Is Known

—West 141st St. New York City, N. Y. May 1st 1922.

Mr. H. A. White, Dear Sir:- I am writing to you in regard to the Building & Loan. I would like to take out some shares. Will you kindly send me one of your rate cards, so I will know just how I will have to pay. I am in New York City now, but Greenville is my home and some day I expect to come back there to live. I hope to hear from you very soon. Yours truly,

Stokes N. C. April 26th 1922

The Home Building & Loan Association, Greenville, N. C. Gentlemen:- Please give me a full detailed account of your Association. I want to buy a few shares. I'm an old woman 67 years old and want to invest in something that will bring me money in my extreme old age if God should grant it. Let me hear from you at your earliest convenience and oblige. Very respectfully,

THE ABOVE LETTERS SPEAK FOR THEMSELVES

The one from New York is from a lady who yearns to spend her last days in dear old Greenville, under her own roof. We are going to help her gratify this desire.

The one from Stokes is an expression that is common to all who reach mature years. A desire for an income during extreme old age. We are going to help her also. Our Paid-Up-Certificates provide a safe and sure return of 5 per-cent with no taxes to pay.

Are you making provision to live under your own roof, or for the declining years that are sure to come?

Opportunity is yours now. We open our 33rd. Series Saturday.
