TO GIVE SEASON'S TICKET FOR NAME OF BASEBALL CLUB

Manager Guy Smith Offers Inducement to Fans for Club Cognomen

CONTEST CONTINUES THROUGH THE 25TH OF PRESENT MONTH

Every Effort Being Made to Interest Public in Season's Activities

Would you like to have the distinction of naming the Greenville baseball club and receiving a season ticket in return.

If so the opportunity will be offered you beginning tomorrow and continuing to the 25th of this month.

Manager Guy Smith is desirous of starting the season off right, and believes this may be done with a good name. The boys last year's started out with that awful cognomen "the Boll Weevils" tacked to them, and came so near living up to it that a change was found advisable, so they were designated the Eagles, which seemed to have much better effect.

The Reflector this morning called Manager Smith's attention to the importance of properly naming his club before the opening date, and he immediately decided to offer a season pass to the one presenting the best name. Everybody can enter the contest, and only have to write Manager Smith, giving the suggested name of the club and their own signature.

The contest will close on the 25th of this month when the training season begins, and those intending to offer a name are urged to get busy immediately.

Everything is being done to arouse as much interest as possible in the club this season, and it is believed a contest of this kind will do so as much as anything. In fact, everybody will feel like they have a part in the club and the one providing the name will feel more so than anyone.

Manager Smith urges everybody to get busy immediately and give the club such an inspiring name that it can win every game of the season.

Dance at Club Tonight. Tonight after the Fickles reception there will be a dance given at the Carolina club by the Cotillion club in honor of out of town guests.

BEAMAN IS NAMED ACTIVE CHAIRMAN NEAR EAST DRIVE

Rev. T. E. Beaman to Organize Committees During the Present Week.

PUBLIC URGED TO GIVE LIBERALLY TO GREAT CAUSE

Intensive Drive to be Waged in Every Part of the County Next Week.

Rev. T. E. Beaman has been appointed chairman of the Near East relief campaign in this county, according to an announcement made public this morning. The campaign will begin in real earnest after committees are appointed, Mr. Beaman stated and it is hoped everyone will respond liberally.

Committees will be organized this week, and next week the solicitation of funds will begin in earnest. The drive to relieve the intense suffering existing in Near Eastern countries will be "nation wide, and it is hoped the American people will respond as they never responded before.

Greenville and Pitt county have given liberally to practically every campaign to alleviate destitution and poverty prevailing in many countries that were in prosperous condition pany him whereupon he was told before the war, and it is urged that there was no use, that the liquor the same consideration be given in this campaign.

SPLENDID EVENTS FEATURE MAY DAY AT THE COLLEGE

Festivities at Teachers College Prove of Interesting Character

ACTIVITIES BEGAN WITH PAGEANT FROM CAMPUS OVER CITY

Carnival of Many Shows Provided Crowning of May Feature Last Night.

The campus of East Carolina Teachers College yesterday afternoon and evening was the scene of a series of beautiful and interesting events. The festivities of May Day began at three o'clock when the procession of floats formed at the Model School and went through the streets of the town, finally stopping on the east side of the campus, where the pictures were taken. Then followed the crowning of the Queen of May and the interpretative dances, and the athletic contests by the children of the Model School.

In the parade the Queen of May and her fairy attendants led the way, and the cart advertising the minstrel show came up in the rear. In the train of the queen was a procession of fairy and symbolic characters dressed in beautiful costumes. These were representatives of spring, summer, autumn, and winter, night dawn, rainbow, and others. Two witches led the way in front of the throne of the Queen of May and started the story. As the queen sat on her throne the revellers danced before her. The May Pole dance was especially beautiful; half the dancers were dressed in white decorated with springs and garlands of green and the other half in green and white. Eton suits. The streamers for the pole were of the two society colors. A Turkish dance by four of the seniors and an Irish dance by a group of Juniors were very effective.

The athletic stunts by the children of the Model School were greatly enjoyed. The first and second grades took part in four contests, a sack race, and apple race, a handkerchief relay, and throwing the horse shoe. (Continued on page three)

TOO MUCH LIQUOR BRINGS TROUBLES TO THREE DARKEYS

Peck Brown, Noah Hardee and Wiley Clark Arrested by Officers.

Peck Brown, Noah Hardee and Wiley Clark, colored men of Greenville were given hearing in Mayor's court yesterday, charged with having in their possession more whiskey than the law allows. The case was continued to superior court because each defendant preferred a jury trial.

The three men evidently were getting ready to stock up on their special brand of beverage when the strong hand of the law reached out and brought them into harbor.

Chief Jones heard they were to bring a boat load of whiskey in that day, and waited at the river until the boat made its appearance. When the frail craft was docked the officer searched it and instead of finding a large supply of fiery beverage he only secured a single gallon.

The owners of course declared the whiskey didn't belong to them. They had just brought it to town for other parties, they told the chief, but somehow he couldn't be convinced of this fact, and escorted them to the mayor's office at the point of an ominous looking gun where proper papers were sworn out.

One of the negroes told the chief he knew where more liquor could be found and would go and get it if permitted. The chief offered to accompany him whereupon he was told before the war, and it is urged that there was no use, that the liquor the same consideration be given in this campaign.

ORGAN RECITAL AT CHRISTIAN CHURCH LARGELY ATTENDED

Prof. Muilberger of Kinston Delighted Congregation with Splendid Numbers.

ORGAN DEDICATED TO MEMORY OF THE LATE T. M. HOOKER

Feature of the Evening was Vocal Selection by Mrs. J. Knott Proctor.

The organ recital given at the Eight Street Christian church last night by Professor A. E. Muilberger of Kinston proved one of the most delightful and instructive affairs in many years, and was thoroughly enjoyed by the number of music lovers who attended. The attendance was greatly reduced by May Day attractions at the Teachers College last night, but those who attended were fully rewarded.

A number of varied and interesting selections were rendered by Prof. Muilberger, who is considered one of the most widely known musicians in the state. One of the principal features of the program was a vocal selection rendered by Mrs. Knott Proctor, accompanied by Professor Muilberger.

The recital was of a dedicatory nature given in memory of the late T. M. Hooker, the organ having been erected by his sisters and brothers.

The instrument was installed several weeks ago and is considered one of the finest in this section of the state. It is a splendid memorial to one who did so much for the upbuilding of the institution and is a credit to the church and city.

WASHINGTON MAN SHOT BY A NEGRO LATE YESTERDAY

J. A. Adden Shot and Killed by Tony Gibbs, Employee of Washington Tob. Co

(Special to Reflector).

Washington, May 9.—One of the worst murders to occur in this section happened between four and five o'clock yesterday when a colored man employed by Mr. J. S. Nunnellee, manager for the Washington Tobacco Co., shot and killed Mr. J. A. Adden, manager for the Hughes Thomas Tobacco Company in the office of the first names concerned.

According to information received Mr. Adden earlier in the day went up the river on a fishing trip with some friends from Greenville. Later in the day he called his colored man from his office telling him to come to meet him with his truck so that he could bring his boat to Washington and save him several hours of rowing. In response to the message the colored man left immediately with the truck. But after going a short distance the truck stuck in a bad strip of road and the driver, although working hard was unable to extricate it.

After waiting a reasonable length of time Mr. Adden, thinking something had happened to his driver, called for Mr. Nunnellee to ask him to send his truck. Mr. Nunnellee was absent attending a ball game and his driver Tony Gibbs answered the phone.

After finding that Mr. Adden wanted him to go to meet him he refused to do so and Mr. Adden had to walk to Washington. Upon arrival he went straight to Mr. Nunnellee's office to see why Gibbs refused to go for him.

It is assumed that some words passed between the negro and Mr. Adden. A shotgun was hanging on the wall. The negro took this down, shooting Mr. Adden. After the shooting the negro dropped the gun and made his escape. Mr. Adden staggered into the next room and fell across the bed which was arranged there for the bookkeeper.

A little daughter of Mr. Nunnellee (Continued on page three)

COLORED WOMAN SHOT BY UNKNOWN PERSON MONDAY

Bell Johnson Shot in Back While Walking Along Banks of Tar River

BILL WHITFIELD NOT IMPLICATED IN THE SHOOTING

Man was with Woman, But he Has Not Been Connected With the Affair.

Bell Johnson, colored woman of this city was shot and painfully injured by an unknown person while walking on the banks of the opposite side of Tar river yesterday afternoon. With the woman at the time of the shooting was a colored man by the name of Bill Whitfield, who so far has not implicated in the affair.

Who did the shooting constitutes a great mystery to both the woman and authorities, as no one was in the woods immediately after the bullet was fired.

A thirty-two calibre revolver was evidently used by the would-be assassin. A single bullet entered the woman's back, producing injuries which at first were considered serious, but which latter proved of a minor nature and very painful.

Whitfield tells the same story of the affair as the woman. He said they were walking along the banks of the river conversing with one another, when the report of a revolver broke the stillness. The woman immediately swooned and cried out that she was shot.

Whitfield immediately called someone from the opposite side of the river, and the woman was carried to her home where medical aid was given.

Authorities have been working on everything resembling a clue but so far nothing tending to solve the mystery has been brought to light.

MERGER OF STEEL CORPORATIONS IN DEEP WATER AGAIN

Opposition Fanned When Seven Large Concerns Propose to Merge Themselves

(By International News).

Washington, May 9.—The proposed merger of seven of the largest independent iron and steel corporations, said to be capable of a total annual production of ten million tons of steel, has served to fan opposition in the senate against "protective" iron and steel rates of the tariff bill.

Senator LaFollette said today that he would ask early action on the resolution by calling attorney general of the federal trade commission for information regarding steps taken to ascertain the purpose and effect of the proposed merger.

Steel manufacturers claim that the new combination will tend to stabilize the steel industry and be of benefit to shareholders and employees generally.

The move to corner the steel market, LaFollette said will lessen chances to destroy all competition of United States steel corporations.

ATLANTA POLICE BEGIN INVESTIGATING MURDER

Atlanta, May 9.—Police today began investigating the mysterious shooting of Miss Beulah Helton, who was probably fatally wounded in an apartment house here last night. Grilling of Mrs. Gladys Reeves, who occupied an apartment with her, began today and police doubt the girl's statement to no little extent. She said the revolver accidentally fired when it fell on the floor. A brother insists that someone shot her. She left a note of the most endearing terms addressed to Mrs. Reeves.

NEGRO KILLED IN FALL FROM PHONE POLL YESTERDAY

John Dyer Plunges to Ground 20 Feet below after shock from Wire.

SKULL CRUSHED IN FALL TO PAVEMENT ON FOURTH STREET

Was one of the Best Known Employees of the City Light Department.

John Dyer, about forty years of age, one of the oldest employes of the Water and Light commission died last night about twelve o'clock of injuries received when he fell from a telephone poll on Fourth street after receiving a slight shock from a wire which he had just cut. Dyer was one of the most highly respected and trustworthy colored men in the employ of the service and his untimely death was a distinct shock to the community in which he resided.

The accident occurred yesterday afternoon about four o'clock in front of the home of Colonel Harry Skinner on Fourth street. Dyer had climbed a telephone poll and begun working on a wire without strapping himself to the poll.

As he clipped the wire the severed end in some way came in contact with his body. While the shock was slight, Dyer released his grip on the poll and fell to the ground twenty feet below. His body landed on the pavement, completely crushing the back of his skull. He was quickly rushed to the office of a physician where medical aid was given, but no hope at the time was entertained for his recovery.

Dyer had been in the employ of the city for many years, and always proved trustworthy and reliable. He was a member of the colored fire department. He is survived by a wife and seven children. Funeral services will be held tomorrow at two o'clock.

SPLENDID SERMON FEATURES SECOND MISSION SERVICE

Father Reginald Delivered Impressive Message at Service Last Night

(By International News).

The second of the series of sermons to be preached during the mission in the Catholic church was delivered last night. Father Reginald spoke of scandal and those who gave it. By the words of Christ he reminded his audience that the giver of scandal became a Satan by doing Satan's work on earth. This was done by parents who neglected the religious instruction of their children, by drunkards and gamblers who drove peace and happiness from their homes by those who justified falsehood and dishonesty in business, by men and women who used friendship and courtship to cloak immoral familiarities, and by the married who provoked and corrupted marriage by the sins of birth-control and the crimes of abortion.

The preacher said that North Carolina had won his respect by taking first place among the states in birth rate, and referred to his great importance of this subject not only to our religious but also to our national life and preservation. He announced a sermon for tonight entitled: "A message from the Dead," and for tomorrow night, "Can a Priest Forgive Sins?" This will take the place of the sermon advertised for Wednesday on What Happens to the Soul After Death?

HENRY DAVISON LEAVES TEN MILLION DOLLARS

New York, May 8.—Henry Davison, noted financier and partner of J. P. Morgan left a fortune of approximately ten million dollars, according to estimates of friends. The funeral of the noted financial leader will be held tomorrow.

KNIGHTS TEMPLAR OFF TO CONCLAVE EARLY TOMORROW

Local Order to Stage Opening Drill of Grand Commandry at Winston Salem

TWO PULLMAN CAR LOADS TO DEPART VIA COAST LINE

Eight Hundred Members from All Sections to Attend the Annual Meeting.

Members of the local order of Knights Templar will leave tomorrow morning for Winston-Salem where they will have the honor of staging the opening drill of the grand commandry. Two pullman loads of members will go from here to Rocky Mount where they will hooked to a special train bound for Winston-Salem.

The conclave this year promises to be one of the greatest in history of the organization, and realizing this fact members of the local lodge have been drilling regularly the past several nights, getting in readiness to perform the opening drill. The team is in charge of Herbert Waldrop, who has made an effort to get them in as good condition as possible. The members drilled with Grand Commander Dunn several nights ago, and he is thoroughly familiar with the part which he is to play.

Knights Templar here will board the Atlantic Coast line passenger train tomorrow morning. Special pullmans will be provided for them, and at Rocky Mount they will be hooped to the Knights Templar Special. Eight hundred members are expected to attend and every section of the state probably will be well represented.

Members to attend from here are H. S. Ragsdale, H. W. Woolard, F. J. Diener, Gilbert Peele, C. R. Townsend, E. B. Ferguson, Frank Wilson, H. L. Hodges, Lester Jones, J. C. Gaskins, J. H. Waldrop, L. R. Whichard, L. G. Cooper, O. L. Joyner, W. J. Hardee, W. E. Proctor, J. Q. Trotman, H. V. Staton, Wiley Brown, C. F. Perkins, T. J. Satche. (Continued on page three)

ARRANGE BOYCOTT AGAINST BRITISH TRADE INTERESTS

Irish American Fleet Begins Operation of First Ships in Program.

(By International News).

Washington, May 9.—The Irish American merchant fleet, the first in history to be made ready for operation in warfare against British trade and to carry out the boycott on all British shipping line has been decreed by the national American association for the recognition of Ireland. The first ship will make her maiden voyage from New York June 1st, carrying Irish and American flags, it was stated in shipping circles here this afternoon. The first freighter of the line will sail within the next thirty days.

MEMORIAL DAY WILL BE CELEBRATED IN THIS CITY TOMORROW

An elaborate program has been arranged for the Memorial day celebration here tomorrow, and it is expected the day will be one of the greatest in years. The J. Bryan Grimes camp of the Confederacy will meet at the court house promptly at ten o'clock and at ten forty-five will march to the cemetery where services will be held over the graves of the dead. A splendid program will follow at the high school, the principal address being delivered by R. G. Fitzgerald. Dinner will be served on the Training school campus.

Miss Mallie Miller who has been teaching in Renston school returned to her home in Ahsokie this morning.

ROTARIANS INSTALL MANY COMMITTEES IN IMPRESSIVE WAY

Standing Committees Installed by Board of Directors Last Night.

SEVERAL GUESTS IN INTERESTING TALKS CONCERNING FUTURE

Winston Salem man tells of District Convention Held Recently.

Impressive ceremonies featured the installation of standing committees at the regular meeting of the Rotary club here last night, and each member received instruction which should mean much in advancement of the organization in the days to come. The installation of committees and a number of talks by guests were the principal features of the evening.

The meeting was presided over by President J. E. Winslow who at the outset explained the nature of business to be taken up. Each of the committees installed received separate and impressive instructions in talks made by members of the board of directors. They were told what Rotary means to them and what they would be expected to do in performing the duties imposed upon them in the future.

Guests of the evening were H. A. White, J. H. Waldrop, M. G. Dancy of Greenville, Pete Gorrell of Winston-Salem and W. M. Drennon, of Baltimore, each of whom responded to the welcome accorded them. Mr. Gorrell gave a most interesting description of what the Winston-Salem club has accomplished and looked upon the district convention recently held in that city. This meeting, he declared, meant much to the organization and each of the clubs attending derived great benefit from the experience.

The meeting was an inspirational one and featured the usual supper which became of more than general interest to all members. Much talk of the evening was particularly instructive and informative and expressed in a keen way what is being accomplished by the club.

IT'S CHEAP, ALL RIGHT BUT AN ERROR MADE IT DECIDEDLY TOO CHEAP

Through an error in an advertisement of the Dry Goods Shop yesterday it was stated that Men's gowhoo palm beach suits were offered at \$4.50. It should have been \$14.50.

ROAD SENTENCES FIGURE LARGELY IN COUNTY COURT

Several Defendants draw from 8 to 12 Months on Roads and Appeal.

HEAVY FINES PLAY PROMINENT PART IN SEVERAL INSTANCES

Cases Originated in Mayor's Court last Saturday and Monday Morning.

A fairly full docket faced Judge Louis G. Cooper in yesterday's session of county court but work was completed before the noon adjournment hour. The majority of cases were continued from Mayor's court, and consisted of a number of defendants charged with receiving and concealing stolen goods in connection with the series of robberies occurring here at the time when the Greenville Laundry was set adrift.

Defendants in practically every case appealed to superior court after receiving sentences ranging from eight to twelve months on the county roads, bonds being fixed at from three and five hundred dollars.

Simmons say the tariff bill is full of mischief. The Republicans say it's full of money. Who's right.

France says Russia is not to be trusted. And France has had enough experience in dealing with that try to know exactly what she's talking about.

Republicans charge Democrats with blocking the tariff measure. No one will deny the charge. On the other hand we confess delight at such action.

An individual prominent in the financial circles of Chicago sees the deed of a new monetary system. Hardly that. It looks like the country is in need of money and not so much system.

The defeat of Senator New in Indiana was not repudiation of President Harding's policies David Lawrence declared last week. No, probably not, but it was an unmistakable expression of revulsion for policies of the party he represents.

Women continue the fight for movie censors, and their fight seems to be meeting with some results. The need of censors cannot be disputed in the slightest sense of the word. In fact, they are more a necessity now than ever.

Investigation of war contracts are not favored by members of the Republican party, although at first they were resorting to show up some of the Democrats who had something to do with expenditures. It's strange how people change their notions about things. It certainly is.

Greenville people should make an effort to give Confederate veterans the time of their lives Memorial day, in a few years from now we won't have an opportunity of paying honor to those who wore the grey.

Scrapping of ships as provided by the armament conference has started by the Japanese government. If this was an assurance of peace no one would mind it, but since it is a great waste of resources the wisdom of such a course is doubted.

Senator Lodge plans to wear out Democratic opposition to the McCumber tariff bill. He evidently isn't familiar with the tenacious spirit of Senators Simmons and Underwood, two of the main leaders on the opposition side of the house. Mr. Lodge may be the one to wear out first.

An amendment to the federal reserve bill providing a better chance for smaller banks should receive favorable attention. Heretofore these banks have not received proper attention, and will never be of sufficient strength to justify public confidence until they are. The federal reserve is a great system but can be made even greater by such amendments as that recently proposed in behalf of the "small bank."

Extensive plans are under way for the community sing here Mother's Day, Sunday, May 14th, and it should be the purpose of every person to do their part towards its success. Mother's Day is very appropriate for such an affair, and the occasion is serious enough to make the religious songs of far greater significance than under ordinary circumstances. Let's all turn out and do our part by the sing and the effort to honor the mothers of the nation.

The survey of child labor made by members of the child welfare commission of the state last week should be of invaluable aid to representatives of the commission here, and also help the public in keeping the law straight. There are several provisions of the law with which the public isn't familiar, but this does not encourage any one from flagrant violations. The welfare of our children is becoming of greater moment now than ever, and if parents would be-

come as attentive as commissions conditions might be much better anyway.

Construction work in improvement of the court house sidewalks and lawn is now under way, and in the course of a few weeks the public will have the pleasure of seeing a wonderful change. The temple of justice is one of the finest buildings in the city, and by cutting down the sidewalks and rolling the lawn down even with the street will cause the building to appear at a much greater advantage. The commissioners are to be congratulated in this effort to preserve the county's property, and it is certain the public will give them their approval.

Dickinson avenue will be opened to traffic the 12th of this month, according to correspondence from Closs W. Hearne, chairman of the street committee of the board of aldermen in a reply to an editorial in the Reflector. This news will be received with interest by the public, as the improvement at the Norfolk Southern tracks is a much needed one and is worth closing the street several days over. The improvement this time is permanent, Mr. Hearne believes, so those who have been terribly jarred in passing over the rough place at the tracks may rest assured of faring better in the future.

It begins to look like Greenville is going to be able to put out a winning ball team this season, although the names of the players have not yet been made public. This is exactly what the public desires, and the sooner the season opens the better everyone will like it. Heretofore Greenville has waited too long to improve her team. This time, however, we are going to start out with a strong line-up, and make whatever improvements advisable immediately after the imperfections are noted. Good baseball will help things along to no little extent this summer, and cause many to forget the slight business depression certainly to be in evidence.

The closing of so many banks throughout the country is not so much a result of hard times as improper application of funds by bank employees. Conditions are much better now than they have been in months, and bank failures must necessarily result from improper handling of funds or unscrupulous dealings of officials. Banks of long standing are as safe as they ever were and the public should not be led to believe that because a few small ones

Miss Marguerite K. O'Leary, of Read Pa., who says she has gained eight pounds and can hardly find words to express her praise for Tanlac for the good the medicine did her.

"I am so happy over what Tanlac has done for me I can hardly find words to express my praise," said Miss Marguerite K. O'Leary, who lives with her parents at 1223 Chestnut St., Reading Pa. "I wasn't exactly what would be called sick, but for a year I had been all run down and sometimes felt so weak and miserable I could hardly hold up my head. I was so nervous the telephone bell or a door closing would startle me so I would tremble like a leaf."

"I needed something to build me up and give me strength and energy, and that is exactly what Tanlac did. It gave me a fine appetite and improved my digestion. I gained eight pounds, the color came back to my face, my nerves became normal and I soon felt as well as I ever did in my life. It is simply wonderful that medicine could make such a big change in anyone. My friends and neighbors are surprised when they see me now, and no wonder for I look like a different person. Tanlac is grand and I never intend to miss a chance to say a good word about it. Tanlac is sold by all good druggists."

go under the rest are doomed. Confidence of the public will increase the efficiency of the institutions, and when this fact is realized conditions will be much better anyway.

Pitt county people were given some informative facts concerning road building in Pitt county by J. B. Harding, member of the highway commission last week, and by carefully reading his article carried in Saturday's edition of The Reflector one may readily see what the county is accomplishing. \$500,000 at the present time is being expended in construction of hard surfaced roads, while a similar amount has been loaned the state for a period of two years. This make practically a million dollars to be invested in hard surfaced road building in this county, part of which was voted in bond, sometime ago and the remainder being furnished by state and government aid. This will give the county about 64 miles of state paved roads with 2400 miles of sand roads. This is something our people have a right to be proud of as a number of counties failed to take advantage of the state and federal aid when it was offered. Good roads are an invaluable asset to every community, and should increase industrial development to no little extent.

OUR LOW CRIME RECORD.

That Greenville has one of the best police forces in the state is evidenced by the low crime wave. Other cities have suffered considerably more than Greenville the past few months, and this conditions in due largely to the vigilance of the police in each of the towns.

Much crime is due to unemployment and vagrancy, especially to the latter. Vagrants aren't tolerated in Greenville, as it is realized they will fall in with the criminal element at the first opportunity.

Police court is invariably filled with persons out of work, and many who have no desire for employment. If they fail to show good reason for not being employed, the mayor provides something for them to do. As a consequence the criminally inclined

Mr. and Mrs. Felix Harvey, of Winston, Mr. and Mrs. John Hoyt, Mr. and Mrs. McMullen, Mr. and Mrs. Simmons, Dr. David Taylor, Jr., Mr. F. S. Worthy, of Washington, Mrs. Sam Clark, Mr. and Mrs. H. H. Phillips, Misses Nan and Rena Clark, of Tarboro, Mrs. Marvin Bellamy, of Wilmington and Mrs. C. S. Carr of Norfolk, arrived today to attend the Picklen reception.

Messrs. F. J. Forbes and Closs Hearne are spending today in Rocky Mount.

Born.
On May 6th, to Mr. and Mrs. T. O. Manning, of Tarboro, a son, Dennis Irwin.

LINEN SHOWER.

Complimentary to Miss Lill Chapman Bride-Elect.
Wilson, May 9.—Thursday afternoon from four until six o'clock, Ivy May Smith, Anne Horrell and Mabel Lynch entertained a large number of friends at a linen shower for Miss Lill Chapman, whose engagement to Mr. George W. Tomlinson was recently announced.

The dramatic room of the college was most attractive with a profusion of honey-suckle, ferns, with baskets and wall-pockets of lovely pink roses.

An interesting feature of the afternoon, was the writing of a prophecy of the first year's married life, of the bride elect. The guests were provided envelopes into which they sealed their inspiring declarations to come, and addresses and dates they wished her to open these exhortations sometime within the coming year. Miss Chapman will be expected to reply to these prophecies as she opens them. Much merriment was experienced during the writing of these letters.

While the guests were served punch by the Phi Sigma Tau girls, a beautiful well was discovered in their midst, completely covered with honey suckle, studded with roses, from which were drawn the many gifts, long ropes of pink silk rope cord being used. At the other end, the rope held a beautiful rose. Each gift also contained a toast read by Miss Chapman.

The color scheme, pink, white and green was also carried out in the refreshments.

WASHINGTON MAN SHOT BY A NEGRO LATE YESTERDAY

Continued from page one
who was playing outside heard the shot and ran to get her mother. Before Mrs. Nunnellee and the child could get there Mr. Adden's driver appeared, having extricated his truck. He entered the room and found Mr. Adden almost dead but still conscious enough to tell him that Tony Gibbs had shot him. Mr. Adden was alone with exception of his faithful dog who was on the bed beside him.

By this time the Nunnellee's family arrived and notified Dr. Taylor, but by the time the doctor reached the scene Mr. Adden died.

The deceased was 33 years of age and had been living in this city for three years, having come here from Orangeburg, S. C. He was a young man of fine character and held in the highest esteem by everybody in Washington. He is survived by a widow and two small children.

The chief of police immediately after the shooting deputized fifty men and they with over two hundred men, with guns and revolvers, scoured the entire section during the night searching for the negro. Threats of lynching were heard on every side, and in all probability the negro would have been lynched had he been caught.

The remains accompanied by Mrs. Adden and children and Mrs. Nunnellee were carried to Orangeburg, S. C. this morning. Shortly before the train left a closed car with seven members of the Ku Klux Klan went to the station and escorted the remains to the baggage coach.

It was reported that over a 150 members of the Klan took part in the search last night. The search still

continued today, with every section of the country being notified of the shooting in hopes of apprehending the culprit.

ROAD SENTENCES FIGURE LARGELY IN COUNTY COURT

(Continued from page one.)
ed with selling whiskey, was found not guilty after lengthy hearing.

John Jones, charged with receiving and concealing stolen property, was sentenced to eight months on the county roads.

Neal Nobles, charged with receiving and concealing stolen property, sentenced to eight months on the roads, appealed to the next term of superior court, bond being fixed at \$500.

Lewis Smith and Edro Smith were charged with having liquor for sale and carrying a concealed weapon. Lewis Smith was found guilty of handling liquor and sentenced to twelve months on the roads, Edro Smith being found guilty of carrying a concealed weapon and fined \$50 and cost of action.

Dave Applewhite, charged with larceny was sentenced to eight months on the roads. Notice of appeal to superior court was filed with the clerk, bond being fixed at \$500.

John Simmons, recently arrested on a charge of larceny and receiving stolen property, was sentenced to eight months on the roads, bond being fixed at \$500.

James and Bertha Nelson, receiving stolen property, appealed to superior court bond \$300; Robert Whichard, was sentenced to 8 months bond \$500.

SPLENDID EVENTS FEATURE MAY DAY AT THE COLLEGE

Continued from page one
Hugh Winslow won in the first, the second grade in the second and third and James B. James, Jr., in the fourth. The third grade had three contests, the crowd race, won by Billy Norman the flag relay boys against girls, won by the girls, and paper bag throw, won by Joe Baker.

In the potato race between the boys and girls of the fourth grade the boys won. In a series between the fifth and sixth grades, the sixth grade girls won in a paper relay between the girls of the two grades, and the fifth A grade boys won in a running relay between the boys.

The seventh grade won in a snake relay between the sixth and seventh grade boys. In the 50 yard dash for small girls Bessie Sue Scovill won; for the large girls Tessie Boyd won; for small boys Lonnie Dowdy won and for large boys Meredith Moore won. In the three legged race by seventh grade boys Gus Critcher and Emerson Atkinson won. In the overhead relay between the boys and girls of the seventh grade the girls won.

Mr. Leon R. Meadows was master of ceremonies. The judges were Messrs. J. H. Rose, Edward Austin, F. S. Dalton, and J. G. Forrest.

The carnival part of the program began at seven o'clock and crowds passed from show to show until the closing hour, nine o'clock. Booths for the sale of ice cream, candy flower baskets and other things were scattered here and there and made the campus look bright and attractive. The side shows were in tents over the campus and at the entrances to the West Dormitory.

The animal show was perhaps the cleverest of all. The costumes of the elephant, the giraffe, turtle, rooster, and mule were exceedingly clever. The minstrel was popular and was a really good minstrel show. The midnight show and the Better Baby show were both good. Fortune-telling was as popular as usual.

The gifts of the Y. W. C. A. are gratified at the returns.

CAPITAL WATCHES WOODROW WILSON SCALP SEN. REED

Political Washington Watches Battle with Considerable Interest

(By International News).
Washington, May 9. — Political Washington is watching with keen interest the quiet but insistent way in which Woodrow Wilson is keeping on the trail of Senator Reed as he swings through Missouri seeking renomination at the hands of Missouri Democrats.

Three times within the last three weeks the former president has emerged from his shell to strike at his old opponent by means of letter to prominent anti-Reed Missourians. Mr. Wilson, according to certain political intimates has decided to make Missouri a testing ground for the country's sentiment towards him.

in a report issued by Charles B. Rucker, secretary of the Mayor's Unemployment Committee.

So encouraging has been the improvement that active work of the organization has been concluded except co-ordination of all agencies, so that in event of emergency efforts may be quickly centralized.

The unemployment survey of San Francisco's metropolitan area made by the Chamber of Commerce last October revealed approximately 12,000 unemployed breadwinners. Included in this number were those of the regular labor turnover, including persons changing from one job to another, casual laborers and those holding out for higher wages or for better working conditions. The number of those is fairly constant the year around, without regard to depression or prosperity. This number approximates 4,000 and they do not enter into the acute conditions to be considered. This left approximately 8,000, which was later increased by 1,500, due to the final closing of shipbuilding activities. This number was again increased, due to publication of news concerning public works in Oakland and San Francisco and an influx of outside unemployed, by 3,500, making a total of 13,000.

Actual results accomplished, according to Rucker's report, show that by co-ordination of effort and co-operation of all social agencies and placement bureaus, in the winter of 1921-1922 a total of 43,942 jobs, temporary and permanent, were found

for unemployed, as compared with 36,42 jobs found for the unemployed during the winter of 1920-1921, showing a total increase of 7,460 jobs found in 1921-1922.

Of those for whom employment was found during the past winter 33,599 were men, in increase over the preceding winter of 6,552, and 10,343 were women, an increase of 908 over the preceding winter.

CATTLE THIEVES AFTER RANCHERS IN MIDDLE WEST

California Stock Raisers Band Together to Apprehend "Rustler" Gang

(By International News.) Los Angeles, Cal.—The wave of criminal activity which has swept over the larger cities of the country has extended to the California cattle ranges, and cattlemen throughout the State are organizing to battle a band of rustlers who have revived practices of the early west.

At least such is the deduction made by E. E. Leighton, attorney for the State department of agriculture, following disclosure at the trial of an alleged cattle thief in Valia, when it was developed that one leather firm had purchased \$1,700 worth of hides from the "agent" of the rustlers.

Traces of brands used by various cattle ranches in California are said to have been discovered among the hides. One member of the band already has been convicted, another has confessed, and another is facing trial. One of the trio, "Sycamore Bob," was arrested at a motion-picture ranch near here by under sheriffs.

From one cattleman it is learned that the cattle owners also are reverting to practices of the old west—"the law of the six-shooter."

Practically every cowboy and sheep ranger in the State is armed with the familiar weapon made famous in the "winning of the west," Leighton states. The old system of counting noses at sunset and "sun-up" has been ordered by the cattle owners and every precaution taken to guard the herds from invasion by rustlers during the night.

The situation has become so intense in the ranges west of Blythe that every strange horseman in the vicinity is regarded with suspicion, and many have been stopped and closely questioned by cowboys. Private investigators, employed by the State department of Agriculture, are co-operating with "the boys" employed by the district attorneys of the several cattle counties in the State in an effort to stamp out the menace and apprehend the rustlers.

For Constables.

I hereby announce my candidacy for constable of Chicod township, subject to the approval of the Democratic primary to be held on June 3rd. J. LONNIE TUCKER, Chicod, N. C. 9 e o d 1 w

Development of Air Carriers Soon to Engage Nation, Says Thorpe.

(By International News.) Portland, Ore., Carrying both freight and passengers, mammoth air liners will, in the not-far-distant future, be placed in service between New York, Chicago, San Francisco, Portland and New Orleans, according to Merle Thorpe, editor of Nation's Business, the official publication of the United States Chamber of Commerce.

Thorpe who stopped here while touring the country to survey general business conditions declared business is "looking up," literally, as well as figuratively. He stated the formation of a \$250,000,000 corporation in Boston, which will establish the mentioned air service, is only one indication that "business is looking up," judging from his extensive survey of conditions from coast to coast.

He asserted that contracts already have been awarded for the construction of the giant lighter-than-air liners, which will be capable of carrying 700 tons of freight and 500 passengers, and which will be powerful enough to maintain a speed of not less than 110 miles an hour.

"These first two planes will be placed in service between New York and Chicago," said Thorpe. "Plans of the company call for the construction of nine other machines for service between Chicago and San Francisco with feeders to New Orleans and Portland."

Competition in Air Lanes.

"Within a very short time business will have to adjust itself to look to the air," for there are other phases of air development that are demanding attention. There should be no time wasted in controversies between railroads and bus lines, for the real competition is coming in the air lanes.

"Another dramatic incident in development of air channels is the wild-fire growth of radio-telephony. Already there are 900,000 radio telephones in use in the country, and come program of franchises of the air must be worked out to prevent some trust gaining a monopoly. Seven years from now I predict that every family in the United States will be able to hear the inaugural address of the President. Business must be ready for this development and the development of aerial carriers."

NOTICE OF LISTING TAXES.

I can be found at the court house in the grand jury room during the month of May for the purpose of listing taxes for town of Greenville, list early and save double tax. H. S. RAGSDALE, Tax Lister for Town of Greenville. 2 June 1st.

Everyday Health And How To Know It

(Tuesday Health Talk No. 22)

(By J. B. Ball D. C.)

Everyday health depends on temperate habits but most of all upon an active liver. A multitude of troubles camp on the trail of the man who suffers from an inactive liver. Bowel wastes are poisonous and will quickly break down the health if not completely eliminated daily.

Where the sluggish liver is due to interference with the proper transmission of nerve im-

UNCLE BEN SAYS: Don't treat your health like a basket of apples, taking from it until all is gone. Treat it like a bank balance. Always have something on hand.

HEALTH FOLLOWS CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING RE-MOVES THE PRESSURE. THE UPPER NERVE IS FREE AS NATURE INTENDS.

pulses there is no relief to be obtained except through skillfully administered chiropractic spinal adjustments. It is some times the case where the condition is one of long standing that the adjustments will be slow in bringing results, but in most cases results are quickly obtained.

GENERAL HEALTH MUCH IMPROVED

"For a number of years I suffered from sluggish liver and indigestion. I tried many things with no appreciable results before I was advised to try chiropractic. I can now say that my general health from day to day is excellent and my physical condition much improved. Rev. J. H. Barnes, Chiropractic Research Bureau Statement No 1314H.
