ORCHESTRA MUSIC TO FEATURE SING HERE NEXT SUNDAY

High School Orchestra to Render two Selections at Mother's Day Program.

COLORED PEOPLE TO ALSO BE INVITED TO HELP IN THE SINGING

Colored People to Enter Teachers College Campus from Cotanch Street

Miss Eleanor Bass, who is in charge of the Greenville high school orchestra, is preparing two numbers to be given at the community sing to be held at four-thirty Sunday afternoon in the woods of the Teachers College campus.

A number of articles have been written recently by persons who are working in community organizations and the community sing has been decided by leaders in this work as decidedly the best method of having a mass meeting.

White entrance to the community sing Sunday will be from Fifth street. Colored entrance will be from Cotanch street.

ANOTHER STILL IS CAPTURED IN RAID NEAR COX'S MILL

Sixty Gallon Monkey Rum Still Taken by Deputy Thad Williams.

The illicit whiskey traffic of this section of the state felt another stinging blow from the law yesterday when Deputy Sheriff Thad Williams succeeded in capturing a sixty gallon still back of the Ben Leggett farm, near Cox's mill.

While no liquor could be located by the officer two barrels of beer were poured out. The outfit showed signs of constant operation, and probably would have been ready for turning out another supply within the next few days.

County officials are making an effort to reduce the traffic as much as possible, and have succeeded admirably in the capture of several large outfits the past several days.

Orphanage Class Organized

The Free Will Baptist Orphanage class of Middlesex, N. C., will be in Greenville Tuesday, May 16th at the Free Will Baptist church.

The Philathea Class of the Methodist church will meet at the home of Mrs. E. L. Baker, on Eighth street, on Friday evening at 8 o'clock.

POLICE STILL IN DILIGENT SEARCH OF ADDEN SLAYER

Tony Gibbs Remains Free, Although Reported Captured a Number of Times

Tony Gibbs, slayer of J. A. Adden, Washington tobacco man, has not yet been captured but officers haven't given up the search which began immediately after the crime was committed.

The cold blooded murder has attracted considerable attention from all surrounding communities, and members of police departments are keeping on the lookout for a negro answering to the description of Gibbs furnished by the Washington authorities.

Poses were still scouring the country in the vicinity of Washington this morning, and it is believed arrest will be reported sometime today or tomorrow.

SEASON TO CLOSE WITH GAME AGAINST WILSON FRIDAY

Public Urged to Attend Exhibition in Large Numbers if Possible.

With Zeno Brown allowing only one hit in the entire seven innings, Greenville high school yesterday afternoon defeated Kinston by the score of 4 to 2 in one of the best games seen here this season.

This was the second game of the season between the two teams. In the first game they played to a ten to ten tie in Kinston, the game being called on account of darkness.

Brown appeared rather wild at times, but managed to overcome this and pitched a game that would do credit to a much older and experienced hurler.

The high school baseball season will be brought to a close here Friday with a game with Wilson. This promises to be one of the best of the season, and Coach Duncan urges the public to attend in large numbers so the club may be able to close the season in sound financial condition.

SENIOR PLAY TO BE PRESENTED TONIGHT

Much interest is centered around the Senior play to be presented by students of the high school in the high school auditorium tonight. The proceeds will be used in publishing the Tau, a publication issued by the school, and it is hoped the public will turn out in large numbers.

The principal parts will be played by Frank Patrick and Miss Virginia King, who with other members of the cast, have been working diligently to give a creditable performance.

RALEIGH MAN IS ELECTED MASON ROYAL ARCH HEAD

W. R. Smith Elected at Meeting of Masonic Bodies at Winston Salem.

Winston-Salem, May 11.—The Grand Council of the order of Anointed High Priests, the grand chapter of Royal Arch Masons, the grand council of Royal and Select Masters and the Grand Commandery, Knights Templar are the four grand Masonic bodies in annual session here today.

The Royal Arch chapter at the session this morning elected the following officers for ensuing year: William Ritchie Smith, Raleigh; grand high priest, R. C. Dunn, Enfield; deputy grand high priest, E. R. Hampton, Asheville; grand king, J. W. Payne, Salisbury; grand scribe, E. B. Neave, Salisbury; grand treasurer, J. B. Griggs, Elizabeth City; grand secretary, John S. McEachern, Wilmington; grand captain of hosts, C. A. Jenkins, Winston-Salem; Grand Principal Sojourner, W. C. Wicker, Elon College; grand royal arch captain, W. J. Rogch, Gastonia; grand master third veil, G. A. Farrow, New Bern; grand master second veil, C. S. Chamberlain, Kinston; grand master first veil; and W. R. Smith, Charlotte, sentinel.

At the close of the session today at noon the new officers were installed, the installing officer being Past Grand High Priest, John H. Anderson, of Fayetteville, who is also present grand master of the first veil of the General Grand chapter of the United States of America.

The morning session was presided over by John J. Phoenix, of Greensboro, grand high priest. A number of short addresses were made by Masons in attendance, among them being Prof. R. H. Wright, president of the Eastern Carolina training college, who thanked the York Rite bodies for the splendid support that has been given the institution.

The forty-fourth annual convocation of the grand commandery Knights Templars of North Carolina, met this evening with grand commander Raymond C. Dunn of Enfield, presiding. One of the features of the session was conferring the order of the temple on several candidates by Plantagenet Commandery, No. 1, of Wilmington, with special choir which accompanied the commandery here.

The grand commandery reconvened at 10 o'clock tonight for the transaction of business.

CHRISTIAN ALUMNI TO HOLD MEETING NEXT WEDNESDAY

Atlantic Christian College plans Great Time for Former Students

Next Wednesday, May 17th will be a great day at Atlantic Christian College, Wilson, N. C. The Alumni association has made arrangements to have former students return and represent the states from which they come and to bring greetings.

Dr. J. C. Caldwell a former president of the institution and now Dean of the Bible College Drake University Des Moines, Iowa, will deliver the Alumni address Wednesday morning May 17th. He will be sure to draw a large crowd of former students and friends of the college for he was highly esteemed and loved while in the state and will meet with a warm welcome on his return.

The banquet will be the largest in the history of the college and the Alumni Association as the Home Coming will bring more fellow students together than ever trod the campus at one time before.

The home coming is not wholly limited to the Alumni of the College for many friends of the institution will be there. Graduates and undergraduates will be there and all will be welcome.

The Alumni Association are co-operating with the faculty to make

RUSSIANS REFUSE ALLIED TERMS IN REPLY TO BRITISH

No Hope for Russian Settlement Without Granting of Proposed Loans.

COUNTRY REFUSES TO YIELD GROUND WITHOUT A LOAN

Lloyd George Probably will Take Definite Steps to Effect Settlement.

(By International News.) London, May 11.—Lloyd George was notified at his Downing street home today that there is no hope for Russian settlement unless the proposed loan is granted that country.

Just what action the premier will take was not indicated this afternoon, but it is generally understood that he will immediately begin work in settling the matter.

The Russian government is determined to have the loan before going into the settlement further, and the allies have this matter to definitely settle before proceeding any further.

CONGRESS RAISES NINE MILLION FOR NATIONAL DEFENCE

Body Begins Work to Provide Funds for Great Aerial Forces of Nation.

(By International News.) Washington, May 11.—With army and navy marine corps slashed to skeletons congress began work today to provide a great air force to be used as first line of defense in future national emergencies.

It was predicted by senate leaders that an increase of nine million dollars in naval appropriations would be necessary if this proposal is carried out. The appropriation, it was stated in official quarters would be granted without any serious opposition.

NORTH CAROLINA GETS BIG SLICE FOR FARM WORK

State Gets \$315,000 of three Million Appropriation to Agriculture.

(By International News.) Washington, May 11.—New farm loans for agriculture and live stock amounting to \$3,033,000 was announced for fifteen states this afternoon.

The largest amount of the appropriation will go to Idaho, while North Carolina comes second with \$315,000.

The distribution of these loans will be received with general interest throughout the country, especially at points the hardest hit by depression. The farming industry in many places should be greatly relieved by the assistance; and it is probable many will take advantage of the loans.

WHITE MAN HELD FOR LIVING WITH COLORED WOMAN

Thomas Vincent Awaits Trial Immoral Relations with Lula Barfield

Thomas Vincent, white man hailing from the Simpson district, is being held in the county jail in this city today in default of \$250 bond, charged with having immoral relations and living with a colored woman by the name of Lula Barfield, colored woman residing in the same territory. The woman will appear in court next Monday morning with Vincent and answer to the serious charge against them.

The charge, it is alleged, grew out of complaint of colored people of the community, who had observed the intimacy existing between the white man and woman and filed complaint with Sheriff Dudley.

The sheriff made a trip to the woman's home one night about nine o'clock, knocked at the door, and when refused to be admitted knocked the door down and entered. The house was in complete darkness, but with the aid of a flashlight the officer entered the house broke down the door to the room in which the man and woman were and placed them under arrest.

They endeavored to make all kind of excuses, but the man was there and that was enough evidence for the sheriff. They were brought back to town, placed in jail where the woman later gave bond and was released.

HIGH LIGHTS OF RUSSIAN TREATY HELD IN SECRET

Secret Diplomacy Features Activity at the Genoa Conference Today

(By International News.) Genoa, May 11.—The publication of the high lights of the Russian reply to the allies was nipped in the bud in a scheme for secret revival of secret diplomacy, it was learned this afternoon.

It had been planned to discuss the answer by members of the commission in charge and have the allied decision ready before an inkling was given the press.

SIMMONS SCORS WHIP POLICY OF G. O. P. LEADERS

North Carolina Senator Criticizes Haste to Pass the Tariff Bill.

THINKS NATION WILL EVENTUALLY CONDEMN UNDESIRABLE ISSUE

Declares Bill is Designed for Exploitation and not for Protection.

Washington, May 11.—Sharp clashes between Republican and Democratic leaders marked Senate consideration today of the tariff bill.

Referring to the night session, decided upon by the majority and starting tonight, Senator Simmons, North Carolina, Democratic leader, charged that the Republicans were "driving with whip and spur and indecent haste" to pass the measure.

Senator McCumber, Republican, North Dakota, in charge of the bill, countered with a declaration that the Democrats were undertaking to kill the legislation by means of a filibuster and declared that the Republicans proposed to defeat that purpose.

The charge of delay was renewed later by Senator Smoot, of Utah, ranking Republican on the Senate finance committee, who, after an exchange with Senator Jones, of New Mexico, a Democratic member of that committee, declared he was not going to be a party to "time-killing" by undertaking to explain how the committee arrived at every rate in detail when no explanation would be satisfactory to the Senator.

Senator Jones declared the people of the country were entitled to know just how the committee reached its decisions on the proposed duties. He charged that the committee had acted without definite information and said the whole bill was full of "time-killing" and "different guesses."

TIMELY SERMON IS DELIVERED AT CATHOLIC MISSION

Can a Priest Forgive Sins? Subject of Sermon Here Last Night

(A sermon on confession in answer to the question: Can a Priest Forgive Sins? maintained the interest in the Catholic mission and drew a good congregation to the church again last night. Father Reginald told his hearers that he took it for granted that they agreed with him in his belief. In the Divinity of Christ, and in the inspiration and historical value of the Bible from which he quoted the words of Christ to His apostles: "As the Father hath sent me, so do I send you. Receive ye the Holy Ghost; whose sins ye shall forgive, they are forgiven them, and whose sins ye shall retain they are retained." (St. John xx-22). He said that he wondered why men, who believed that our judges had the terrible power to condemn a criminal to death, and that any layman had the power by baptism to remit sin and save souls, should doubt the possibility that God has given priests the merciful power to forgive sins and save souls. Then from the words of Christ quoted he proved that our Saviour gave His apostles the power to forgive sins; and from the second Epistle of St. Paul to the Corinthians and from his Epistle to Titus he proved that the apostles had authority to transmit that power to ordained priests. The sermon was conducted with answers to some common objections against the practice of confession, and with reference to the peace and consolation it brought to sinners and devout souls.

A sermon in answer to the question: What is the Mass? Was announced for tonight.

Mr. C. J. Carpenter, of Raleigh, spent Wednesday afternoon in the city.

Allies at the Genoa conference are in accord with the United States, so it is said. Who said the United States had anything to do with it. We certainly can't have much with only an unofficial observer there.

Pessimism may prevail at the Genoa conference for the time being, but Lloyd George isn't the kind to let that prevent him from accomplishing the mission in view.

French politics are said to be in charge of world war veterans. While this may not be the case in America at present time it is certain the American legion is in position to wield more or less influences in whatever direction deemed advisable.

A New York magazine charged the United States with seeking trade recognition in Mexico through special privileges of American industries in that country.

Loggers, cowless farms which have been the object of so much attention lately are not likely to exist in this county much longer.

President Harding and governors of all states have been asked to set aside May 2 to 8 as disabled soldiers week, during which time the public will be asked to think of the men who fought in their behalf during the greatest war the world has ever known.

Interest in the community sing to be held here Mothers Day, Sunday, May 14th, is receiving more than general interest at present time, and indications point to one of the most successful events of the kind this year.

Poland will continue the free feeding of starving children after suspension of activities of the American Relief Administration.

is able to carry on such relief work, but it should not be expected to do so when the country is able to provide for its own people.

It is certainly of interest to note that so many potato storage warehouses are being erected in this part of the state at present time.

THE OLD VETERANS.

The parade of old soldiers here yesterday was indeed an inspiring scene. The part which these bent figures have played in the building of the great south can well be imagined through perusal of accurate history of each locality of the south.

Conditions have changed considerably since the day these intrepid spirits withdrew from the union and took up arms against their brethren of the north.

The south loves these old veterans who fought for a cause they thought was right, and her people pay homage to them each succeeding year.

CO-OPERATIVE MARKETING FACTS DIRECT FROM KENTUCKY

Lexington, Ky., May 5, 1922. Mr. R. R. Patterson, Manager, Tri-State Tobacco Growers Co-operative Association, Richmond, Virginia.

I have been out of town for several days is why your telegram of the 26th was not answered promptly.

I hear from various sources that the warehouse opposition in Eastern Carolina is making a desperate effort to prevent the sign-up in that section and you will find the further you go along with the Association that their mis-statements will all act as a boomerang against themselves.

When we began receiving tobacco we advanced to the grower an average of around 8 cents per pound, each man getting an advance in accordance with the quality and character of tobacco he delivered.

President Harding and governors of all states have been asked to set aside May 2 to 8 as disabled soldiers week, during which time the public will be asked to think of the men who fought in their behalf during the greatest war the world has ever known.

Poland will continue the free feeding of starving children after suspension of activities of the American Relief Administration.

bers that we will make a second distribution on Saturday, May 20th, and we are now writing checks for that distribution. We will pay to each member in this second distribution the same amount that he received when he delivered his crop of tobacco, which will make an average payment to the grower up to May 20th of approximately 16 cents per pound; and basing our calculations on the prices we are now getting for our re-dried tobaccos, I think it is safe to say that we will pay our members in the final distribution from 5 to 8 cents per pound more.

We have a law in our state, requiring all tobaccos sold over public markets to be reported under oath at the end of each month to the secretary of agriculture, giving the number of pounds sold and the dollars it brought. This report shows that up to April 1st, before which time all loose leaf market closed, the growers had sold up to that time 36,495,960 pounds at a gross average of \$21.40, and the selling fees this year in Kentucky have averaged considerably above \$1.00 per 100 pounds, which will leave the man on the outside of the Association a net average of around 20 cents per pound, and it is safe to say we will net the members of the association from 2 to 4 cents per pound more than the outside man has gotten.

Our expense of operation up to April 1st was 40 cents and 1 mill per 100 pounds, which included all warehouse expense, grading expense and general office expense, such as salaries, etc., and while the warehouse charges which the farmer has been paying in the past to the loose leaf markets have run from 80 cents to

\$1.25 per 100 pounds. We will undoubtedly operate our association the first year for a less expense to the grower than he has paid in warehouse charges in the past.

These expenses mentioned above do not include what the grower will pay in purchasing warehouse properties for receiving plants, but this expense will not exceed 1 cent per pound per year, and at the end of the five years the growers themselves will own the property.

I understand that Judge Bingham in his speech at Goldsboro stated that the amount which the man on the outside had gotten was between 17 and 18 cents for his tobacco. I feel confident that what he did say was that they got between 17 and 18 cents for the tobacco on the outside during the month of March.

Trusting this information will be of service to you, and wishing you every success in your new field of endeavor, I am with best regards,

Yours very truly, (Signed) JAMES C. STONE, President and General Manager.

The above statement as regards pounds of Burley tobacco sold on the loose leaf floor out of the 1921 crop, applies only to the State of Kentucky, and does not include the Burley sections of West Virginia, Indiana and Tennessee where there was probably 30,000,000 pounds more sold on the loose leaf floors, making a total of approximately 65,000,000 pounds sold on the loose leaf floors of all Burley markets.

TAKING DESPERATE CHANGES.

Yesterday's news contained three points which should make all violators of the Volstead law stop and consider:

In Reno there have been filed numerous liens against property for internal revenue and penalties, against those who have been convicted of violating the law, and who are thus called upon to face a second penalty.

In San Francisco a delegation of Volstead enforcement men is busy compiling evidence under which to close for a year real estate which has been used for illicit sale of liquor, shown by convictions obtained.

On the Atlantic coast a fleet of torpedo boat destroyers is being fitted up to capture rum-runner vessels. All of this tends to confirm the fact that the American government proposes to enforce the provisions of the constitution forbidding the sale of liquor.

And these facts further show that those who are violating the law are taking desperate chances.

It is true that violators of the law have in the past, in many cases, succeeded in evading the penalties provided. That was because it has taken

time to perfect the organization for law enforcement and to add provisions to the law that experience showed to be necessary.

Now it is becoming plainer each day that, whatever the local sentiment may be, the law is to be enforced with increasing severity and those who interpose obstacles are going to be crushed by the power of the federal government, exerted in many ways.

**BANKS THAT HELP CO-OPERATIVE AS'N. WILL CARRY FUNDS**

(Richmond News Leader.) All of the money coming into the hands of the Tobacco Growers' Co-Operative Association, will be placed in and distributed from the banks of the various towns in which the association is able to get the co-operation of bankers and warehouse owners, according to Oliver J. Sands, executive manager of the association.

Arguments advanced by men who oppose the co-operative movement to the effect that all money of the organization would be kept in Richmond banks have no facts for their foundation, Mr. Sands said. The banks of the tobacco belt will finance the organization. All of the money borrowed from these banks will be kept in them for distribution.

It will be in ratio to the help gotten from the respective banks that the association will place money with them. The most liberal banks will be given the most liberal accounts, Mr. Sands declared.

Charges that the association was at-

tempting to move all the money of the tobacco industry to Richmond were characterized as being too foolish to deserve notice by the executive manager.

**TO GIVE COLORED MEN VICTORY AND STATE MEDALS**

The Rev. James E. Holder, colored Episcopal clergyman in Kinston, who also has charge of the Mission here, pulled off a big thing at the Kinston court house last Sunday, afternoon, when the colored ex-soldiers were given their victory and state medals and buttons. The leading white people of Kinston co-operated with him and helped to make up the audience which overcrowded the house. He has appointed Sunday afternoon, July 2nd to bring off a similar thing here for the Greenville and Pitt county colored ex-service men. Mrs. Louisa D. Hubbard of the local Red Cross chapter has promised hearty co-operation and everything will be set to make this as big as the Kinston affair when over 60 ex-soldiers received their pendants.

These ex-service men are asked to give their discharge papers to Rev. Holder's two leading lay helpers here, N. B. Brown and W. P. Norcott and not to worry about them until they get papers, medals and buttons all together on that day. Only those who hand in their papers and do so early, will have their matters attended to. Bishop H. B. Delaney, the colored Episcopal Bishop will deliver the address to the men in the court house.

**TURN ON THE LIGHT AND LET ALL SEE**

Several days ago the News and Observer carried in its columns an article calling attention of the farmers, that when they give in their taxes they also are required to give in the number of acres in tobacco now to be fair and just to all ask of the farmer how many acres he has in the pool,

surely the tax listers will do this with pleasure, when this is done it will soon tell whether there is twenty thirty or sixty per cent pooled. After this stop and listen.

CRITICISE HENRY FORD'S PLANS FOR MUSCLE SHOALS Atlanta, May 11.—Criticising the plans of Henry Ford for development of Muscle Shoals, Charles Adit, executive engineer of the Georgia Railway and Power company addressing the American society of mechanical engineers, declared there were many other southern waterpower projects with greater development advantages than Muscle Shoals, which don't provide proper storage supplies. Opposition to Ford's offer was expressed in a decidedly plain way by other members of the company, and it was apparent further opposition might arise.

Famous Vaudeville Star Takes Ironized Yeast With Amazing Results

The Remarkable Experience of Lillian Steele I NEVER dreamed that Ironized Yeast could bring such an extraordinary improvement in me. Why, it just seems to have made an entirely new person of me! Such is the amazing statement of Lillian Steele, star of the well known "Lillian Steele Trio," vaudeville headliners, made when interviewed regarding her experience with Ironized Yeast. "My work played havoc with my system in general and before I knew it I was in a badly run-down condition. I seemed to lose all my energy. My appetite deserted me. I kept losing weight, and my color was fast disappearing. The worst of all was that nothing seemed to bring any noticeable relief. I surely thought that I would have to give up the stage for a while, and rest up. It was then that I heard of Ironized Yeast. "Ironized Yeast seemed to have a magical effect on me. It just seemed to fill me with a new life—new energy! My weight and appetite both showed splendid increases, and the improvement in my complexion is just wonderful. I cannot describe the delight I feel because of my improvement, and will always be one of Ironized Yeast's most enthusiastic boosters." Results in Half the Usual Time! The reason Ironized Yeast brings such amazing results is because it not only contains just the right amount of all three essential vitamins, but in addition contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes and which is entirely different from the yeast found in ordinary "yeast tablets." But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly!
