

SPLENDID REPORTS FEATURE MEDICAL SOCIETY MEETING

County Doctors Entertained at Supper by Drs. Nobles and Basnight.

OUTLINE PLAN FOR PROVIDING BETTER MILK FOR CHILDREN

Commission to be Asked for Funds to Provide Tubercular Milk Test.

Members of the Pitt County Medical Society in regular monthly session last night were delightfully entertained at supper in the Memorial Baptist church by Drs. J. E. Nobles of Greenville and T. G. Basnight of Stokes, the occasion proving one of the most interesting in months. The society at its next meeting will be entertained by Drs. M. T. Frixelle and Guy Sumrell at Ayden.

Dr. Frixelle reported progress recently made in compiling the bad pay list decided upon by the society several months ago, showing active interest in all parts of the county. The list has proven of inestimable value to the physicians and has been fully completed, it was stated.

Drs. P. J. Chester and Grady Dixon, who attended the state Medical convention as delegates from the county society, reported a pleasant trip and much interest being manifested in the many health campaigns under way in various parts of the country. The Twin City people entertained them royally and the convention was one of the most interesting and profitable in history of the society.

Dr. T. J. Wooten, who recently located in Greenville, made a short talk and congratulated the physicians on conditions prevailing in this section of the state. He said he saw great possibilities in the resources of the rich tobacco belt and expressed pleasure at the scope of public health activities.

Dr. Basnight read an interesting paper, after which the matter of providing the city with a plant for pasteurizing milk, as proposed at the Kiwanis club by Dr. L. C. Skinner was considered. Dr. Laughinghouse motioned that a committee be appointed to confer with the commissioners in regard to providing funds for this purpose. The committee is composed of Drs. Joe Dixon, P. J. Chester and J. E. Nobles who will consider the proposition and see what can be done towards providing the county with such a plant. This means, it was explained, that school children will be provided with more milk and better milk.

Supper last night was served by ladies of the Memorial Baptist church and was one of the most elaborate layouts served in history of the society. The meeting was harmonious in every sense of the word and every member exhibited active interest in the program.

The following members attended the meeting: J. C. Greene, K. B. Pace, Dr. Hemingway, W. W. Dawson, T. I. Wooten, Joseph Smith, D. L. Morrill, M. T. Frixelle, Joe Dixon, T. G. Basnight, Bruce Beasley, L. C. Skinner, A. M. Schultz, G. G. Dixon, M. T. Frixelle, J. E. Nobles, Cecil Garrington, Paul Jones and C. O'H. Laughinghouse.

BRITISH ACCEPT RUSSIAN REPLY

Last Note Considered as Satisfactory Basis for European Peace.

(By International News.)
Genoa, May 12.—The British delegation has accepted the last Russian reply as satisfactory basis for European peace, it was announced by members of the conference this afternoon. The announcement was received with general surprise in all circles, as settlement was not expected so soon after disagreement.

NINE DIRECTORS ELECTED BY THE COUNTY CHAMBER

Ballots Counted and Elections Declared at Closing of Count Yesterday.

Yesterday afternoon in the Chamber of Commerce rooms, the final ballots, which had previously been mailed to the entire membership, a number of which had been returned, were counted with the result that the following were declared elected directors of the Pitt County Chamber of Commerce for the year 1922-23. The fiscal year is from May first to May first.

W. H. Dal, Jr., J. L. Perkins, J. R. Turnage, H. A. White, W. E. Proctor, E. G. Flanagan, F. C. Harding, W. L. Best, J. I. Morgan.

As a matter of fact, the Pitt County Chamber of Commerce has twelve directors, but three members of the old board were elected for a two year period, hence no balloting necessary. The old members who will serve on the new board are: Dr. W. W. Dawson, Dr. C. J. Ellen and J. E. Winslow.

An early meeting will be called for the purpose of electing officers. The election holders were composed of: George B. W. Hadley, J. J. Gilbert and J. J. Turnage.

The manner in which the above were elected is absolutely democratic and those elected can feel that they were the unanimous choice of those casting ballots. This fact no doubt will bring forth a hearty response upon the part of those elected to make this the best year in the history of the organization.

AMERICAN BANKS IN SOUND SHAPE

Increase in Stability of Business Cause General Improvement in Business.

(By International News.)
Washington, May 12.—The automobile is more largely responsible for the general increase of crime than all other causes combined, according to a statement issued today by E. Duddington, president of the prisoners' relief society here.

He said the quick get-away afforded by the automobile furnished slight risk for the criminally inclined, and caused many to attempt some form of crime who would refrain under ordinary circumstances.

GOVERNMENT ORDERS INVESTIGATIONS OF PROPOSED MERGERS

Washington, May 12.—Government investigation of the proposed merger of six independent steel corporations into one gigantic organization was ordered by the senate today.

The probe will be conducted by the department of justice and the federal trade commission under a resolution sponsored by Senator LaFollette which calls on the two government agencies to inform the senate as to what action will be taken to prevent the merger. The attorney general was also asked to indicate how the government could prevent the merger.

GREENVILLE KNIGHTS TEMPLAR CAPTURE LOVING CUP FOR BEST RECORD OF ANY MASONIC BODY AT TWIN CITY MEETING

Bethlehem Commandry Stages Parade Following Return Home Today.

CHARTER IS ALSO PRESENTED DURING SPLENDID SESSION

Herbert Waldrop Presented Emblem for Services of the Drill Team.

Members of Bethlehem Commandry, Knights Templar, returned from Winston-Salem today where they attended the annual convale of the four Masonic bodies of the state. Immediately after returning home members of the Commandry marched up Dickinson avenue and Evans street to the court house dressed, in full uniform, and all along the way displayed the beautiful loving cup they were presented for making the best record of any separate commandry attending the meeting.

After reaching the court house square the forty odd members of the organization disbanded and returned to their respective homes to tell of the wonderful time they had at the Twin City.

The capture of the loving cup was a signal honor craved by every commandry at the conclave, and members of the local organization were the center of attraction during the remainder of the convention. Aside from being awarded the cup they also received their charter as recognized members of the national organization.

Yesterday afternoon following the mammoth parade over principal streets of Winston-Salem Bethlehem Commandry was halted as they started to enter a large warehouse for the final sessions and Prof. Herbert E. Austin presented J. H. Waldrop with an emblem in recognition of his splendid services in handling the drill team. It was this team that had the honor of opening the grand commandry during the first day of the meeting and in making the presentation to Mr. Waldrop Prof. Austin commended him heartily for the splendid showing.

Bethlehem Commandry went to Winston-Salem determined to win the loving cup if possible, and every member was thrilled through and through when they were informed of their success. The drill team worked diligently several nights before leaving Greenville on two special Pullmans Wednesday morning and was well prepared to make a great showing before the eight hundred or more members from all sections of the state.

While the majority of members returned on the Pullmans today shortly after one o'clock quite a number arrived at two o'clock this morning, preferring to take a short cut instead of remaining on the special train.

Virtually ever member, however, had been ordered to be at the depot in full uniform at one o'clock to take part in the parade, and they succeeded in attracting considerable attention in the bright costumes and regalia of the organization.

MINERS DYNAMITE BESSEMER MINE AND THREATHEN OTHERS

Pittsburgh, May 12.—Drift mine J. Peterman at North Bessemer, twelve miles north of here, was dynamited and badly wrecked by a band of a hundred armed men who marched on the mine and placed the heavy charge of explosive, according to a report issued by the sheriff today. The band of men is said to be roaming the countryside, threatening to dynamite other mines. Sixteen members of the band have been jailed.

Sometimes it looks as if the movie villain sets the price.

ANOTHER ILLICIT STILL FALLS INTO OFFICERS' HANDS

Ten Gallon Still Gallon of Whiskey and Three Negroes Captured Yesterday.

The illicit whiskey traffic of this section again suffered stinging defeat from the law when Deputy Sheriff Thad J. Williams and Joe Nobles captured a still, a gallon of corn liquor and two colored men, Nathan Johnson and Charlie Harris, on the Bethel road several miles from this city.

The still was of a ten gallon capacity, consisting of an ordinary lard stand and all auxiliaries. It was not in operation at the time, but a supply had been made the night before, and the gallon captured was a part of that.

The still was situated at a wood cutters' camp in a long stretch of woodland. The two men were preparing to enter the camp when the officers placed them under arrest. They admitted staying at the camp, but didn't know anything about the whiskey.

The men were given preliminary hearing before Magistrate B. F. Tyson yesterday afternoon and remanded to jail in default of bond. While the still was a small affair it is capable of producing large supplies of whiskey within a short time, and its capture is of more or less importance in an effort to reduce the traffic in this section.

PRESIDENT HARDING TO VISIT IN JERSEY

Chief Executive Leaves Worries of Capital Behind and Goes Golfing.

(By International News.)
Washington, May 12.—President Harding abandoned the bonus, tariff and kindred Washington worries today and departed by motor for New Jersey for a week-end outing.

The president and a large party of distinguished persons will be guests of Senator Edge at Absecon, near Atlantic City. Most of the time, however, will be spent at the Seaview Golf club where the president will indulge in his most favorite sport.

The trip will probably extend through Sunday when the party will return to Washington and resume usual duties connected with running the government.

UNEMPLOYMENT ON WANE IN AMERICA

Department of Commerce Says Conditions Greatly Improved Today.

Washington, May 12.—A survey of the unemployment situation in 34 states of the nation just completed by the department of commerce for the month of April shows unemployment is on a wane and that conditions are more favorable than in several months.

Business is on an upward trend, Secretary Hoover announced, and the general outlook for the future is very gratifying.

The survey showed a decrease of thirty-three percent in the number of persons applying for work. This in itself is taken as a fair indication of the nation's return to normalcy, and those acquainted with conditions anticipate better times in the future.

Pastor Smith was very agreeable in letting the young people have this hour in lieu of the regular Sunday evening service.

The president, Mr. Gorman, is exceedingly anxious that every member of the B. Y. P. U. be present and bring all of the young men and young women of the church who should be affiliated in the work.

The hour is 8:00 o'clock, however all of the B. Y. P. U. members are asked to meet promptly in the regular B. Y. P. U. assembly room at 7:30 o'clock.

Gasoline Buggies More Responsible than all Other Causes Combined

(By International News.)
Washington, May 12.—Increase in the stability of American business features the review of the trade situation issued today by the Federal reserve board.

The board's investigation shows a rise in commodity prices which has produced an important effect on agriculture.

Banks of country districts, it was declared, are able to collect loans and pay off redemptions in proportion. Large funds coming to farmers through better prices also has produced an improvement in the general situation which the board describes as bright.

COMMUNITY SING TO BE HELD SUNDAY

Don't miss the community sing Sunday at 4:30 p. m. Orchestra first number.

ANOTHER SPLENDID SERMON FEATURES CATHOLIC MISSION

Father Reginald Delivers Message on Sacrifice of the Masses

A sermon on the sacrifice of the Mass drew a congregation that filled the Catholic church last night. Father Reginald introduced the subject by reading St. Paul's description of the commemoration of our Lord's last supper from the eleventh chapter of His first Epistle to the Corinthians. He then said that sacrifice was the soul that gave life to religion and its supreme act. With brief references to the sacrifice offered by Abel, Noah, Melchisedek, and the priests in Solomon's Temple he passed on to the sacrifice of Christ upon the cross. This sacrifice, he said, was perpetuated and repeated in the sacrifice of the Mass; because the same Christ, who allowed the Jews to crucify Him, gave at His last supper to priests the power to change bread and wine into His body and blood, and because the same victim, who was laid upon the cross under the appearance of a criminal, was laid on the altar under the appearance of bread and wine. Catholics believe this, because Christ at His last supper said: "This is my body." "This is my blood." "Do this for a commemoration of me."

The mission will close tonight with a sermon entitled: "A Story of Infinite Love," and with a description of the Papal Blessing to be given.

DEMPEY TO FIGHT CARPENTIER AGAIN

American and Frenchman to Clash not Later than June 1923.

(By International News.)
London, May 12.—Jack Kearns, manager for Jack Dempsey, announced this afternoon that he had reached an agreement with Francois DeChamps, manager for Georges Carpentier, for a return match between the two fighters. The fight will be staged in Europe not later than June 1, 1923, according to provisions of the agreement, and until that time both Dempsey and Carpentier will remain in training a greater part of the time.

GENERAL TYSON TO VISIT FRANCE

Former Pitt County Man to Mark Graves of Men of Thirtieth Division.

Nashville, May 12.—Brigadier General Tyson, of Knoxville, will sail for France May 13th for the purpose of marking the point where the Tennessee troops of the Thirtieth "Old Hickory Division," broke the Hindenburg line, it was announced in official circles here today. The trip was authorized by the Tennessee legislature.

General Tyson is a native of Pitt county, North Carolina, and a former candidate for lieutenant governor of Tennessee. He is closely related in the county of his birth and delivered the principal address at Greenville during the second observance of the signing of the armistice.

ADAMS PURCHASES THE GREENVILLE TAILORING CO.

The Greenville Tailoring Company, recently operated by L. P. Wayne, has been purchased by the Adams Tailoring Company, according to an announcement made this morning. The two concerns will be consolidated and operated under the name of the Adams Tailoring company. Machinery and fixtures will be moved to the Adams building on Dickinson avenue. A new dry room equipment has been installed by the company, which is one of the most up-to-date in the city.

HIGH SCHOOL TO PLAY FINAL GAME THIS AFTERNOON

Greenville and Wilson to Clash in Opening Game of Current Season.

BROWN TO APPEAR ON THE MOUND FOR GREENVILLE CLUB

Coach Duncan Highly Elated at Splendid Showing of the Local Team.

The final game of the high school baseball season will be played at the fair grounds in this city today at four o'clock between Wilson and Greenville. This game promises to be more than ordinary interest because the local club is in best condition of the season and fresh from a decisive victory over the Kinston club.

Although no selection had been reported before the clubs left for the park this afternoon Coach Duncan in all probability will select Zeno Brown to do mound duty for the locals. It was his excellent duty on the slab that enabled Greenville to nose out a four to two victory over Kinston Wednesday, and if he is in regular form Wilson quite likely will fall prey to his puzzling twisters.

While the locals have had a fairly successful season they have not received proper support from the public. In fact attendance has been rather slim at all games, and the boys have received mighty poor encouragement.

Coach Duncan stated this morning that the financial condition of the club would be largely determined by the game this afternoon, and it is hoped the largest crowd of the season will be present.

This is the first season the high school has attempted to put a regular team in the field, and their success is largely due to the splendid coaching received from Coach Z. Duncan, who has exhibited ability in whipping the club in shape. While some of the material was good, he incurred much difficulty in filling infield positions at the beginning of the season and his work for that reason was more arduous than under ordinary circumstances.

The boys were able to purchase uniforms and other equipment this season and it is probable a regular team has been made a permanency. The pitching staff of the local club is one of the strongest of any other aggregation in this section and the future is unusually bright. At least Coach Duncan thinks so, and urges the public to support the boys in every way possible.

CIVIL WAR AGAIN THREATENS CHINA

(By International News.)
London, May 12.—Renewal of civil war is threatened in China, according to authoritative advices received from Peking this afternoon.

Manchurians, the reports said, are preparing a new campaign against Peking and unless the situation changes probable warfare may ensue. While some improvement has been noted in the general situation, considerable dissatisfaction prevails among Manchurian forces, who it is said are advancing towards the capital in large numbers.

Senator Simmons severely criticises the "whip policy" of members of the Republican party, forgetting probably that the whip no longer has any sting.

Russia positively refuses to settle with the allies until they decide to grant her a loan. Probably they are forced to take this position. In fact the country is in a pitiful plight, but she has no one to blame but herself. America has aided that country in a way to win the admiration of the world and whether they receive aid from the allies or not they have America to thank.

Fordney's coarse reference to former President Woodrow Wilson produced righteous wrath among members of the Democratic party in the senate, and the scathing denunciation he received in return was fully deserved. Woodrow Wilson is gaining greater favor among the American people with each succeeding day. Vicious, unprovoked attacks of his opponents have strengthened him if anything, and Mr. Fordney will learn that such unjust criticism will not be tolerated.

Governor Harding of the Federal Reserve system says he believes better times are ahead of the country. The public of course will greet this statement with no little interest, as what the head of the federal reserve system says should have considerable weight. The country has suffered to no little extent the past several months, but this will be forgotten in the revival of business foreseen by the head of one of the greatest banking systems in the country. Optimism means much to the future of the country, and such expressions as heard from Mr. Harding will have a favorable effect on the public.

Effort to adopt "radical reform recommendations failed at the quadrennial conference of the Methodist Episcopal at Hot Springs, Arkansas, members declaring that the growing forms of radicalism should be discouraged in every way possible. Perhaps they were right in doing so. Radical reforms are working as much harm as good in many instances, and the church should be the very last to adopt anything pertaining in that direction. Anything bordering radicalism should be avoided as much as possible by the church, and the conference no doubt did right in refusing to consider any such proposals.

Attorney General Daugherty sees the need of a half million dollars and twenty-three additional federal judges in more fully enforcing the laws of the nation. The absence of law enforcement is not in the shortage of men to enforce it or the lack of proper appropriations, it is in the men upon whom the responsibility rests. The attorney general evidently means to create jobs absolutely unnecessary, and if his suggestion is taken seriously the public will only see the white elephant enlarged. More attention to law enforcement is what the nation needs—not more judges and larger appropriations.

MOTHER'S DAY.

(By D. B. C.)

Every day in the year ought to be Mother's Day, for there is a debt which the world, which humanity, owes to the mothers that it can never

fully repay, strive as it will. So when there comes a day set apart in particular as Mother's Day it should be fully observed, fully honored. Next Sunday, May 14th is that day and all throughout this land there will be in the churches special services in which the themes will be concerning Mother. It is a rich theme, one that should bring forth the very best there is in any man.

But while we honor the memories of the mothers who have gone, let us do reverence, and service, to the mothers who are with us. They may be young, they may be old, but they need all the love of those whom with their suffering they have brought into life, and they will not always be with us.

So on May 14th wear a white carnation in honor of mother, and as you pin it on, do so with the determination to love her more, to serve her better, to more and more endeavor to make her life "one glad

sweet song." And with the day take this injunction to thy heart; honor thy father and thy mother, that thy days may be long upon the land which the Lord, thy God, giveth thee.

MISCELLANEOUS SHOWER
Miss Lill Chapman, bride-elect, was guest of honor at a shower given by the Ever Ready Sunday School class of the Christian Church in the church parlors last evening. Miss Chapman is a member of this class.

The parlors were lovely with decorations of roses and other flowers and ferns carrying out a color scheme of red and green. As Lohengrin's Bridal Chorus was softly played, Miss Chapman was escorted into the rooms by Miss Mabel Lynch. As she passed under a large wedding bell which had been erected the bell suddenly opened and Miss Chapman was showered with the gifts. The shower, which was miscellaneous, contained many lovely articles.

During the evening a salad course was served. The salad carried out the color scheme of red and green, and was formed to represent hearts and flowers.

Rev. and Mrs. J. E. Stuart were guests of the class for the evening.

When Headaches Are Conquered

Friday Health Talk No. 23
(By J. B. Ball D. C.)

When headaches are conquered and good health returns the woman of many complaints and little charm becomes a person of vivacity and happiness. The transformation is a natural one and yet many sufferers from nervous headache have come to believe health is not for them.

UNCLE BEN SAYS: When a healthy girl marries merely for a meal ticket, Nevvy, she soon loses her appetite for both the meals and the ticket.

Headaches are of various kinds but the nervous headache usually is accompanied by nausea and vomiting with evidence of liver and stomach disorder. Where the case is chronic rather than one due to temporary overeating there is certain to be found a spinal condition making chiropractic spinal adjustments a necessity if the cause of the ailment is to be removed and any degree of permanent good health obtained.

HEADACHES AND NERVOUSNESS GONE

"For three years I suffered with bad sick headaches and nervousness. Thanks to chiropractic my headaches and nervousness have left me entirely —Mrs. Mary E Baily Chiropractic Research Bureau Statement No. 1316H.
