## SHOCK OF GIANT METEOR IS FELT FOR MANY MILES

Twenty Ton Bolide Crashes to Ground in Nottaway County, Virginia.

## TEARS UP HOLE IN GROUND WITH AN AREA OF 500 FEET

Several Trees Buried in Ground Causing Great Spurt of Flame.

Norfolk, Va., May 13.—The shock of a twenty-ton meteor which crashed to the ground in an isolated spot in Nottaway county, 12 miles northwest of Blackstone, late last night, was felt for a radius of fifty miles, while the brilliant glare of the incandescent body illuminated the heavens over southern Virginia and sections of North Carolina. The trail of light, as the meteor fell in a slow curve from the zenith at an angle of about 45 degrees, was visible in this city, Richmond and at points along the James River, creating general excitement and even consternation on the part of negroes.

The meteor, composed of a metallic substance, crashed into a grove of oak trees with an explosive roar some distance from any house, making a hole with an area of 500 square feet and burying several trees with it. Flames which immediately shot up were visible for many miles, while trees caught fire.

A party of scientists and newspaper men immediately left Richmond and this city for the scene, which is 120 miles west of Norfolk, but the results of their investigation were not known tonight, as telephone communication was unavailable.

The shock of the fall was felt at Lawrenceville, Petersburg, Chase City, and other points. At Lawrenceville, 100 miles west of here, windows were rattled and houses were shaken while at Chase City similar effects were noted. Automobiles on the roadways in Mecklenburg county said it seemed as though their cars had caught fire, so great was the illumination.

In Norfolk the meteor appeared to be about half the diameter of the full moon and much like a street arc-light. Its tail, of orange brilliance with a sharp blue flame fading out at the extreme end, apparently was about ten or twelve times as long and fully as broad as the body.

## FRANCE OPPOSES BRITISH ACTIVITY

Premier Lloyd George's Program for Russia Fails to Meet Approval.

(By International News).  
Genoa, May 13.—It was officially announced today that France had opposed Premier Lloyd George's program for European peace based on the Russian note Thursday night.

The attitude of France was explained by Louis Barthou. He said France takes the stand that even if a truce is effected the Red army will still be a menace, unless reduced. Belgium, it was understood, is supporting France and Lloyd George is still optimistic that he can swing the situation and bring about a truce.

## PRES. R. H. WRIGHT TO FILL PRESBYTERIAN PULPIT TOMORROW MORNING

Rev. Sam. K. Phillips, pastor of the Presbyterian church returned last evening from Wilson, where he has been recovering from an operation at the Moore-Herring Hospital. Mr. Phillips announces that President R. H. Wright of the Teachers College will fill his pulpit tomorrow morning, and will speak upon some subject appropriate to Mother's Day. Mr. Wright is a speaker who always has a vital message, and it is a great pleasure to be able to announce that he will speak tomorrow morning. Those who hear Mr. Wright will hear a speaker who never disappoints.

## MOTHERS DAY TO BE OBSERVED IN CITY TOMORROW

City Churches have Arranged Special Programs; Community Sing at 4 O'clock.

Mother's Day will be appropriately observed by practically all city churches tomorrow, and the day will be one of the greatest in years. Special programs have been arranged for the morning hours, and mothers of the city will be honored in a most interesting way.

The climax to the day's activities will come tomorrow afternoon with the community sing at the Teachers College. Elaborate preparations have been made for this event, and it is expected hundreds of people will be in attendance.

Colored people have also been invited to take part in the sing, entrances to the campus having been designated for both races. An orchestra will render two selections at the beginning of the program, and will be followed by the regular song numbers.

This is the second time a community sing has been held in Greenville and every effort has been made to make it the greatest. Committees from different societies have taken part in arrangements, and have provided a program in which everyone will be interested.

J. H. Rose, superintendent of city schools, has been selected as the sing leader. He has had considerable experience in community sing work, and it is certain the program he has outlined will be fully appreciated.

## METHODISTS TO FULLY OBSERVE MOTHERS' DAY

Splendid Program has Been Arranged for Sunday School Hour Tomorrow.

Tomorrow will be a big day in the history of the Jarvis Memorial Methodist Sunday school. The theme of the whole service will be appropriate to the day, namely, Mother's Day.

And in the place of the regular Sunday night church service the Sunday school will have charge and the children's day program will be carried out. This with the community sing in which the school will take part will constitute the biggest single days work that the school has ever attempted without doubt.

For the Sunday school hour special preparations are being made. The orchestra will be on hand with some special music. Automobiles will go out and bring in all the shut-ins and the older folks especially the mothers. Mr. Futrell and Mr. Marvin Blount are handling this. Then a committee composed of Miss Novella Moyer and Mrs. Marvin Blount and Mrs. White will be at the door and will have flowers for every one who attends.

The mothers of the school will occupy a place of prominence in the center section. The messages of the governors of the state of North Carolina in four other states regarding the observance of Mother's Day will be delivered by five members of Mr. Futrell's class of young men. The messages of five great lovers of mothers, namely, Washington Irving, Maurice Maeterlinck, Phillips Brooks, Henry W. Longfellow and Abraham Lincoln will be delivered by five members of Miss Ross's class of young ladies.

In order to get in the entire program and in order to be able to teach the lesson as usual the time for beginning Sunday school tomorrow will be changed from nine-forty five to nine-thirty.

Last Sunday was the best day the Sunday school has seen yet from the standpoint of attendance. There were 584 present when the count was made. There were a number of classes with every member present and on time. The singing was better than ever and enthusiasm ran higher than it has ever run before. There was present Mr. Pegram from the Trinity

## WILSON DEFEATS GREENVILLE HIGHS IN CLOSING GAME

Visitors Pounded Hard and Won out by score of 13 to 0

Wilson high school won the closing game of the current season at the fair grounds in this city yesterday afternoon by the score of 13 to 0. It was nothing more than a complete walkover for the visitors, as Greenville at no time threatened to overcome the definite lead gained by the heavy hitting visitors in early stages.

Brown and Satterthwaite, the only two dependable hurlers of the Greenville club, were unable to curb the batting spirit of Wilson, although Satterthwaite did succeed in preventing hits at times when they would have resulted in runs. Greenville really intended to take the visitors in tow, but were completely out of form and failed to recover during the whole game.

Wilson exhibited unusual strength at the bat and were able to pound out hits when they were needed. Greenville, on the other hand, couldn't connect especially with men on bases, and it was this fact that caused them to be defeated in such an overwhelming way.

While it is probable Coach Duncan may arrange for an exhibition game within the next several days, the season in reality closed with the game yesterday. The boys have made an exceptionally good showing considering this was their first season and Coach Duncan is proud of the showing.

In the game yesterday Bissett hurled a splendid game for Wilson, while Satterthwaite, Brown and West did good work but were wild and ineffective. Wilson scored eight runs in the fourth and Greenville lost heart.

The high school has played a total of twelve games this season, losing seven, winning four and tying one. Two of the games were played with preparatory schools, which makes the record even better.

Washington, May 13.—A smashing attack against fundamental principles of the tariff bill was launched by Democratic senators who threatened to force a vote to recommit the measure.

## KNIGHTS TEMPLAR OF THE STATE TO MEET HERE 1924

Commander Dunn Assures Bethlehem Commandry of Support in Future.

## MASONIC TEMPLE TO BE ERECTED HERE TO ENTERTAIN VISITORS

Plans for \$50,000 Structure to Be Completed During the Summer Months.

While Charlotte will have the honor of entertaining the four bodies of State Masons next year, Greenville will have them in 1924. This assurance was given members of Bethlehem Commandry by Grand Commander Dunn during the recent conclave at Winston Salem, and members of the local organization even at this time are beginning tentative preparations for entertaining the several thousand people who will swarm the city during the occasion.

To accommodate the vast crowd of Knights Templar who will attend the conclave here it will be necessary for local Masons to erect a Masonic Temple, and it is expected the next several weeks will see plans well under way in this direction. This building will cost approximately \$50,000 and will be one of the finest structures in the state. Members of the Commandry are enthused with the idea of erecting a home of their own, and Eminent Commander W. H. Horne is of the impression that plans for providing funds for the structure will be completed probably this summer.

While much larger cities than Greenville usually have the honor of entertaining State conclaves, Grand Commander Dunn was so impressed with the showing made by Bethlehem Commandry that he assured them of his undivided support in getting the 1924 meeting. This assurance was given while members of the commandry were welcoming him and this was so thorough and hearty that his response necessarily had to be equally as sincere and appropriate.

After completing plans for building the Masonic Temple an advertising committee will be appointed to handle the publicity for the conclave here. In fact, every letter of a business nature and every piece of advertising leaving Greenville will contain something to call attention of the recipient to the meeting here in 1924. It will be one of the greatest events in history of Greenville and every merchant will do his part in informing the outside world of what Greenville Masons are doing.

The loving cup was awarded Greenville for the best record of any separate commandry present. This was based on mileage travelled to the convention, points in drilling, attendance and general showing made throughout the meeting. Bethlehem commandry went to win, and the ovation they were accorded by the thousands of visitors swarming the Twin City was in itself a reward for the nights spent in drilling at the warehouse here.

Bethlehem commandry was organized last year and is probably the youngest organization in the state. While still in its infancy, it is one of the best organized bodies of Masonry, and deserves every honor accorded them by the thousand or more members of the state attending the Twin City meeting.

Greenville people should feel proud of the splendid record made by the commandry and give them all necessary support in erection of the Masonic Temple and preparations for entertaining the conclave in 1924. They are deserving of this and it is hoped everyone will rally behind them.

## RED CROSS LIFE SAVING CORPS IN INITIAL SESSION

Plans for Feature Outlined at Interesting Meeting Last Night.

The first meeting of the Red Cross Life Saving Corps met last night in the office of the chairman, A. B. Corey. Persons present were Miss Hubbard, Bert Greene, E. H. Cooper, Will James, Sam Worthington, Dick King, Robert Wright, Dr. W. I. Wooten and A. B. Corey.

The Pitt county chapter feels very fortunate in having Mr. Corey as their chairman, because he is not only interested but has had experience in forming the Raleigh Life Saving Corps, where he won his insignia. The Southern Division of the American Red Cross has given him authority and Mr. Corey has been appointed chairman of the Life Saving Corps, by Mr. M. K. Blount, chairman of Pitt county Red Cross chapter. Dr. W. I. Wooten is to give first aid instruction and the chapter expects to push this work during the summer months.

The chapter can not have a charter until they have ten persons capable of passing the Red Cross Life Saving test which requires 80 points out of 100 and Mr. Corey explained the different phases which must be accomplished. Pamphlets explaining the different strokes, holds, etc., were given each person present.

One person said that he was mighty glad the Corps was being started because there are so few people who really understand the art of saving a drowning person.

Mr. Collin Stokes, chairman of Ayden Corps, with N. H. Byrd will meet all of the Greenville Corps at Amuz Park this evening at 4:45. The chapter is very grateful to Mr. Tunstall for his interest and generous offer of the use of the Amuz Park. Every one interested in becoming a charter member will kindly see A. B. Corey, chairman or Miss Hubbard at Red Cross office as soon as possible.

Washington, May 13.—An alleged slur on the South today by Senator Smoot of Utah drew bitter denunciation from Southern senators that threatened for the time to split the two senate factions.

Smoot said the Southern senators shouldn't discuss the ability and read newspapers in view of conditions in the South. Senator Watson of Georgia, Robinson of Arkansas resented what appeared to be criticism of Southern illiteracy and scored the senator from Utah in bitter language.

## STIMSON TO HEAD FRAUD INQUIRES

Former Secretary of War Succeeds in Quieting Demands for Investigation

(By International News).  
Washington, May 13.—Selection of former secretary of war Stinson as head of the special bureau to investigate war frauds had effect in quieting demands in the House for an investigation of handling contracts and inquiries and settlements by Attorney General Daugherty and Secretary of War Weeks.

Members of congress who sympathized with the Woodruff resolution believed the high character of the investigating lawyer would cause the house to suppress further efforts to harass the attorney general.

## DEMOCRATS EXPECT POLITICAL FRAUDS

Senators Watchful for Anything that May be Used as Election Dynamite

Washington, May 13.—Democratic senators are ever watchful for anything which may be used as "political dynamite" in connection with the forthcoming primaries.

They are watching the senate rules committee which is considering legislation designed to prevent corruption by limiting campaign expenditures. Two proposals to regulate spending are before the committee at the present time in the probability they will be accepted on at an early date.

If action is not taken on either measure soon, Democrats plan to use the act as a basis for criticism in the use of money in the past and future campaigns.

Washington, May 13.—Declaring that the United States is on the eve of the worst cotton famine in history Senator Heflin of Alabama asked the senate for a thorough investigation of the New York Cotton Exchange, Chicago board of trade and the New Orleans Cotton Exchange for alleged price fixing and control through future sales.

The resolution was introduced by Senator Heflin himself, who called for the appointment of a senate committee. It was charged that a number of bales of cotton were involved in transactions of the exchanges for future delivery and that the figures exceeded ten to fourteen times all the cotton raised in the United States for the same period.

**A PROPER OBSERVANCE.**

The community sing to be held in  
Greenville Mother's Day should be  
largely attended, as the occasion is  
one in which everybody should take  
more or less interest.

It is very appropriate the sing  
should be held on this day, as the  
mothers of the nation could not be  
more signally honored than through  
song. Everybody owes a debt to a  
mother somewhere and they should  
make it a point to attend the sing  
and in this way honor the memory  
of the sublime character we love so  
well.

Mother's day is becoming of great-  
er significance every year, and organ-  
izations are combining strength in  
making the programs of especial  
significance. Greenville people  
should turn out in large numbers and  
do their part in making the observ-  
ance measure up to expectation.

Mother's day will be appropriately  
observed by services at most all city  
churches Sunday, and the public will  
be well rewarded for attending. This  
day is becoming of great importance  
to American people and exercises  
each year are becoming of a more  
striking and fitting nature. This is  
exactly as it should be. Every child  
owes a debt to its mother than can  
never be repaid and it is only through  
such occasions that her services are  
properly recognized.

selfish devotion of their mothers. Let  
every man, woman and child make  
mother feel this Mother's Day that  
in her children's hearts she is "Queen  
of May." All mothers are especially

Millions the country over will pay quiet tribute to that  
beautiful personality which has meant to them both the

A practical, beautiful tribute is a life income or a Sur-

free from care of investment, a reminder of "Mothers'  
Day" every year during a mothers' entire lifetime of the  
thoughtfulness of son or husband.

**Miss Brown in Recital.**  
Miss Bessie Brown of St. Mary's school gave her graduating vocal recital last evening. Miss Brown was assisted by Miss Helen Powell, pianist.

Miss Brown sang with lovely, smooth tone, emotional depth and varied expression. Naturally gifted with unusual vocal powers which give promise of a singer of rare quality, Miss Brown showed splendid interpretative ability, as well as technical ease and finish.

Miss Brown is the daughter of Mr. and Mrs. W. B. Brown, of this city, and the above clipping from the News and Observer will be of interest to her many friends.

**Co-Operative Marketing Facts**

The following extracts are taken from a letter received from Winchester, Ky., and give some interesting views on the Cooperative Marketing plan of selling tobacco:

"Those in the pool drew an average of about seven dollars per hundred from all I can learn, though most men I talked to drew less than that amount, so it is easy to see why most of them are not so well pleased as they thought they would be.

"I heard a farmer say the other day that he pooled his (crop of tobacco) and his tenant stayed out. His tenant sold on the breaks in Lexington for \$26.25 (per hundred) net. He delivered his to the pool and received an advance of \$6.00 per hundred on it, which he thought was a pretty wide margin.

"Business is as dull as the dickens, worse than I ever saw it before, I think, and is expected to remain so until they get some money from the pool or elsewhere.

"There is going to be a pretty big crop put in here, especially by those out of the pool it seems.

I have no objection to your publishing anything I said in the other letter or this that you think will be of BENEFIT TO FARMERS THERE."

Respectfully yours,  
M. F. BOONE

It is evident from this and other letters received from Kentucky that the pool is not the great success that is claimed for it, although to hear the eloquent orators talk about it in meetings, a person would think it was sprouting dollars faster than crab grass grows in June.

ONLY a few generations ago the barber with his limited knowledge and skill was the community surgeon. Today surgery is a very highly specialized and respected profession.

As in the medical profession so in another calling, one we do not often think about or appreciate, the progress is similarly striking. The service of the modern funeral director is founded on a large fund of new scientific knowledge. It is backed up with facilities that provide for every possible requirement and take the place when desired of hospital, church and home.

It is a service that knows no eight hour day or any social or financial distinction, that places no limitations on what you may wish, that serves you this very day, through its complete preparedness.

**LOCAL POSTOFFICE TO OBSERVE MOTHER'S DAY**

To all employees at this office: In memory of the mothers of America, May 14th, 1922 has been designated by Mother's Day. A day in which the nation will honor the mothers, and as an appropriate recognition of our pride and appreciation for our mothers, I insist that every employee of this office will remember Mother on that date. Send her a letter, a card, or a telegram, she will appreciate either, if its impossible to spend the day with her. Mother's Day should be a glad day on the calendar to some of us, to others, the carnation will remind us that mother, on earth is no more, but let it be said that her memory was blessed. Old Glory will be privileged to fly on all all post-office buildings that date in honor of the mothers of America, and to remind us of mother. I suggest a red rose be worn by those that may enjoy the presence of mother, and to those that mother is no more, wear a white rose. Make a special effort to attend Sunday school and church on that date, you will be made welcome at any church you attend.  
Assuring you of my appreciation for your co-operation in observance of Mothers Day. I am,  
Respectfully,  
H. R. MUNFORD, P. M.
