J. ROBERT COOPER AND BONNIE L. WILKINSON KILLED IN ACCIDENT

Boys Meet Death When Speeding Car Hits Tree and Crashes Into Dwelling House; Seven Persons Injured

J. Robert Cooper, Jr., 17, of Rocky Mount, was instantly killed and Bonnie Lee Wilkinson, 23, was fatally injured when the automobile in which they were enroute to Washington in company with six other young men, was wrecked about eleven o'clock last night on the Washington road four miles from this city. All the other occupants of the car and the two occupants of the demolished room of the house struck by the car received injuries. R. G. Haybourn, driver of the car at the time of the accident, is being held pending action of the grand jury.

According to evidence submitted at the investigation conducted by Coroner S. G. Wilkerson, this morning, the eight young men, Raymond Rose, owner of the car, R. G. (Dick) Haybourn, Roy Council, Charlie Hatgood, Archie Reeves, Charlie Wells, Bonnie Lee Wilkinson and Robert Cooper left Rocky Mount shortly after eight o'clock enroute to Washington to attend a dance. The boys procured two quarts of whiskey before leaving Rocky Mount, witnesses said and with the exception of young Cooper, took a drink just before reaching Tarboro. Between Bethel and Greenville the car in which the boys were riding was struck by a Ford touring car which resulted in damage to their left front tire and rim. According to their statements the Ford did not stop to ascertain what damage had been done. When the boys reached Greenville they purchased a new tire, borrowed a rim from the filling station and started on their way again. According to his statement Rose drove the car from Rocky Mount to Greenville but while here the boys in the party asked that (Dick) Haybourn drive so Rose turned the wheel over to Haybourn. About two miles out from Greenville the boys stopped for another drink all partaking but Council and Cooper, and then proceeded again.

It was about two miles further down the road on a curve that the car traveling at a high rate of speed left the hard surfaced road ran into a sand bed, struck a plow then a tree and plunged into the side of a dwelling house completely demolishing the car and a shed room of the house in which a little negro boy and girl were sleeping. The children were thrown from their beds and injured. Two of the occupants of the car were thrown out when the tree was struck but the others were pinned beneath it as it came to rest upside down against the house.

Haybourn stated this morning that a car with blinding lights was approaching him and caused him to leave the road but there was no other evidence of the approaching car brought out at the investigation. Passing motorists and residents of the neighborhood extinguished the flames of the car and helped to remove the occupants. Young Cooper was dead when removed from the car and Wilkinson died in the hospital about three o'clock. All the injured were rushed to the hospital for medical attention. Raymond Rose, who was the least seriously injured was released from the hospital last night. Of the five young men in the Pitt Community Hospital, Charlie Wells is probably the most seriously injured suffering from a broken leg and severe burns. A report from the St. Francis Hospital this afternoon stated that the condition of the little negro boy was not considered serious.

The body of Cooper was taken to Rocky Mount this morning while

SAYS SCIENCE AND RELIGION SHOULD CEASE FIGHTING

Dr. Harold W. Chase Addresses Alumni Ass'n. University of North Carolina

Chapel Hill, June 8.—A teacher of science has the right to state the facts about any matter of science in accord with conclusions based on evidence, declared Dr. Harold W. Chase, President of the University of North Carolina, speaking here today before the annual meeting of the General Alumni Association of the institution.

"Science and religion should never be placed in hostile camps," declared the educator. Scientific conclusions that have seemed to one generation hostile to religion, have been seen by those who came after them as but additional testimony to the wondrous ways of God. "The state of North Carolina has shown that it believes in the free thought and discussions necessary to secure the advancement of knowledge in the world. Every simple right to point out that such freedom does not produce an atmosphere of indifference to religion, that as the unrestricted right to seek for truth, it is the vital and essential thing to which a university should be dedicated.

that of Wilkinson will be taken to Belhaven this afternoon.

The finding of the coroner's jury composed of T. T. Hollingsworth, H. W. Renfrew, R. E. Harris, W. D. Pruitt, R. F. Rice and Ben Edwards was that "the deceased came to their deaths in an automobile wreck while said car was being driven by R. G. (Dick) Haybourn in a reckless manner and while he was partially under the influence of whiskey. We further recommend that the said R. G. Haybourn be held for the action of the grand jury of the next term of criminal court of Pitt county."

MUST SPEND ONE YEAR IN PRISON ACCEPTING BRIBE

Billie Peterson Convicted in April for Accepting Bribe Must Serve Sentence and Pay \$1,000 Fine

Raleigh, June 9.—Billie Peterson, former Chairman of the board of Commissioners, of Mitchell county, must serve a sentence of one year in State Prison and pay a \$1,000 fine for accepting a bribe. Governor McLean, after an investigation of the case, has refused to intervene in the matter and Peterson must go to the state prison. The sentence was due to start yesterday.

Peterson was sentenced to serve following his conviction at the April 1925 term of Superior Court in Mitchell county, for accepting an \$800,000 bribe to cast his vote for Clyde Pritchard, to be the sheriff of the county. Governor McLean had received a petition signed by more than 2,000 persons, including many ministers and practically all of the public officers of the county. He reprieved the man until June 8 so that Pardon Commissioner Sink, might study the case.

"From the very nature of bribe giving and bribe taking," declared the Governor in his statement declining clemency, "this offense is one that strikes deep into the very foundation of every form and phase of Government. Crimes of this nature are conceived and executed in a deliberate manner."

DECLARES PROPOSED SECURITY PACT OF MUTUAL ASSISTANCE

Before Pact Can Be Function Germany Will Have to Enter League of Nations as a Full Member

London, June 9.—The British Government today gave official acknowledgement of the Franco-British agreement on the reply to Germany's security pact proposal announced at Geneva yesterday. The British Government issued a statement emphasizing that the proposed pact is one of mutual assistance.

The statement said that Great Britain has guaranteed to protect both sides of the Rhine, and therefore to assist either Germany or France against aggression by the other. This abandonment by Great Britain of her long standing policy of isolation from continental affairs is a concession to the peace and security of Europe.

It was added that acceptance of the pact by the allies, if approval is given by Germany, is contingent upon Germany's entrance into the League of Nations. Before the pact can function it will be necessary for Germany to enter the League of Nations as a full member, which is an entire change of the policy under which it had been maintained that Germany would have to become an unconditional member of the League before security could be discussed.

London, June 9.—The Franco-British agreement regarding the reply to be made to Germany's security pact proposal as reported in Paris and Geneva dispatches is given first place by the London morning newspapers.

There are indications of great surprise in some quarters as well as dissatisfaction with the terms as reported.

Paris, June 9.—The French reply to Germany's security pact proposal upon which Great Britain and France announced complete agreement at Geneva yesterday, will be forwarded to Germany within a few days. It was sent today to Brussels and Rome for approval. Belgium is familiar with the note, and officials said its approval is certain, and Italy's assent also is confidentially anticipated.

Will Patrick is critically ill in St. Francis Hospital, suffering from a gun shot wound in his hip, which he received Saturday night while in a "friendly argument" with another negro, Bob May.

From reports the negroes were attending church at Zion's Hill near Rountree. Patrick in an intoxicated condition, was trying to wage a free for all fight, when he was shot by May.

May left immediately after the shooting and has succeeded in evading arrest, however, officers are searching for him.

Tokio Dispatch Refers Washington Dispatch of June 5

London, June 9.—A Tokio dispatch to London Daily Telegraph today refers to Washington dispatch of June 5, dealing with Chinese affairs and detailing the reputed alignment of Soviet Russia with Feng, and Japan with Chang, and adds: "This statement has been the cause of a number of hastily called conferences in high places here. There is every reason to believe the disclosure would not cause surprise but rather consternation, because it is injuriously exact although it also is premature."

SCOVILLE MEMORIAL HOME WAS OPENED HERE LAST NIGHT

Erected by Friends in Memory of Rev. Virgil P. Scoville and Given to His Family

The Scoville Memorial Home which was erected by friends as a memorial to the late Rev. Virgil V. Scoville and given to Mrs. Scoville and her children, was opened last night with appropriate exercises and an "old fashion" house warming.

The building committee as hosts composed a receiving line, and gave every guest a cordial welcome. After being received the guests, were shown over the house which is modern in every particular and which shows the love and esteem in which Rev. Mr. Scoville, was held by the people of this and other cities.

Rev. Leland O'Brien, pastor of the Immanuel Baptist Church, and who arrived last week to make Greenville his home, in a few appropriate words paid a beautiful tribute to the friends of Mr. Scoville who made it possible for such a fitting memorial to be erected. He also spoke beautifully of Mr. Scoville and of the services rendered by him in this community.

A short song and prayer service was conducted after which the guests departed. Mrs. Scoville and her children will move to their new home today.

J. B. DUKE MAKES ADDITIONAL GIFT DUKE UNIVERSITY

Gift Increase Building Fund Created By Mr. Duke From Six to Eight Millions

Durham, June 9.—An additional gift by James B. Duke, tobacco magnate, in the amount of \$2,000,000 for the building fund of Duke University, was announced today by President Frank P. Few, of the institution, to hundreds of Alumni attending the annual Alumni luncheon. The gift increases the building fund created by Mr. Duke for the university from six to eight million.

Mr. Duke's gift today was taken as an indication that the multi-millionaire intends to see that the institution bearing the name of his family will get the best possible equipment regardless of cost. Original plans for the University's expansion had called for an expenditure of \$6,000,000, but changes in the plans increased the original cost and Mr. Duke came forward with the offer of the additional fund in order that no feature of the program be curtailed. Today's gift comes exactly seven months after the announcement of Mr. Duke's gift to North and South Carolina institutions last December, which totaled \$40,000,000. The December benefaction provided Duke's university with an income of 32 percent of the income from \$34,000,000 and an additional gift of \$6,000,000 as a building fund. The previous endowment of Duke's university was approximately \$3,000,000, most of which had been contributed by the Duke family.

Approximately 3,000 acres of land have been secured by Duke University near the present campus, and the greater part of the future building expansion program will be carried out on this new sight.

Gulley and Tyler Confess Participation in Killing Negro and Enter Plea of Manslaughter

Tarboro, June 9.—A severe flogging administered to a negro prisoner, who died from the effects, has brought William C. Gulley, foreman of the Rocky Mount road district prison camp, and Robert V. Tyler, camp guard, to the doors of state prison. Judge Natt A. Sinclair, presiding in Edgecomb Superior Court here, late yesterday sentenced two men to serve 20 years at hard labor for the crime after they had entered a plea of guilty and asked for mercy of the court.

The testimony of witnesses at the coroners inquest, which was again presented in Superior Court at the direction of Judge Sinclair, was to the effect that on last Thursday the two men severely flogged a prisoner Joe Armstrong, negro, and after using a strap on him continued the cruel treatment with sticks. The negro lost consciousness during the beating, and died shortly thereafter. Testimony of physicians was to the effect that his body was horribly lacerated by the flogging. The only plea entered by the men was for each to hold the other responsible for the flogging, both admitting their participation. Their guilty plea was to a charge of manslaughter.

In passing sentence, Judge Sinclair denounced the crime and pointed out that it was a violation of the laws of the state to prohibit such treatment to prisoners. He declared it was one of the most barbarous crimes ever committed in the state, and that the guards by their action had brought the laws under which they held their positions into contempt.

Pres. and Mrs. Coolidge Enroute to Washington From Minnesota

Aboard President Coolidge's Train Enroute to Washington, Near Madison, Wisconsin, June 9.—Somewhat wearied by the strenuous day in the twin cities of Minnesota where the President took part yesterday in the Norse American Centennial celebration, Mr. and Mrs. Coolidge spent a restful night on the first lap of their return trip. Washington will be reached Wednesday morning.

Returning to their train after the reception held at the State Capitol in St. Paul, Mr. and Mrs. Coolidge returned by ten o'clock last night, more than an hour before departure of the train. The dropping temperature aided in making the night more comfortable for the distinguished visitors. The President today seemed none the worse for the two hour visit to the State Fair Ground where on an open stand he participated in the Centennial celebration during the rain and wind storm and spoke for more than thirty minutes.

OBEDIENCE TO LAW

The Edgemont convict camp guard and foreman reaped their just deserts in the form of twenty years' prison sentences for their brutal killing of a negro convict by beating him and then dragging him to his death behind a pair of mules. Those who are supposed to enforce the law and those in charge of penal or reformatory institutions should set an example of obedience to law rather

one of violation and brutality and the action of the Edgemont court should be a warning to all such violators.

WOULD MENACE THE WORLD

It is not yet clear whether Soviet Russia is chiefly responsible for the trouble in China, whether Japan had a finger in the pie, or whether it comes from the unfortunate lack of effective government and national solidarity in China itself. The Associated Press in its latest dispatch says it has received "information pointing to direct Russia Soviet participation in an impending army struggle for the control of all China."

The acceptance of Soviet government by the 200,000,000 Russians and 400,000,000 Chinese would be a serious menace to the world. At present these countries with such large population, lack organization and guns, but in the coming years both could be procured and if welded efficiently might endanger the orderly processes of government. Soviet government in an autocracy of the men who preach against strong government. China suffers from lack of national unity. If both could be organized by appeals to rule by the laborers and then dominated by a Lenin or Trotsky, these eight hundred million would make a force that would not be ignored.—News and Observer.

Built on Experience

There's sound logic in the reasoning of hundreds of thousands of motorists who buy "Standard" Gasoline because they have faith in the products of an old-established business.

They're right. You can't learn all there is to know about the refining of petroleum products in two or three years. It takes long years of experience. We have been in the game for two generations and we're still learning and still improving our methods and our merchandise.

BISLEY MARKSMAN NOT SO SURE OF TARGETS IN WATER AS ON LAND

Dublin.—A Bisley marksman may be good at shooting at targets, but pretty poor when it comes to shooting seals. The minister for fisheries

disclosed in the Dan, when dealing with complaints of the destruction of fish by seals, that the ministry had engaged a Bisley marksman to shoot seals and kept him at work for three months in the estuary of the Suir.

He expended 1,000 pounds of ammunition but was honest enough to say he was not sure whether he had killed one seal.

Grain

Tribune says: There was heavy selling of long wheat by interests that had profits and were anxious to take them and be in a position to take advantage of any surprise that the government report might show. Trade leaders while bullish intimated that they would not be adverse to see a further break of a cent or two which they said would put the market in shape for another bulge.

The government report on grain will be published at 4 o'clock N. Y. daylight savings time, this afternoon. The condition of winter wheat will compare with the May report of 77 and a ten year average of 70.7. The spring wheat condition will compare with a ten year average of 90.7.
