Price 5 Cents

LOCAL CITY SCHOOLS WILL OPEN FOR '25-'26 SESSION MON., SEPT. 7

Whole of Preceding Week Will Be Devoted to Enrollment and Registration; the New School in West Greenville Completed

The Greenville City School will open for the 1925-26 term on Sept. 7. The whole of the preceding week will be devoted to enrollment and registration. The enrolling of the freshmen of the High School will begin on Monday, Aug. 31. Tuesday will also be devoted to this class. The sophomores on Wednesday, the Juniors on Thursday and the Seniors on Friday. Also on Friday Sept. 4 there will be a registration of all the beginning first grade children, who have not already been registered. Most of these beginners were registered last May, but there are still a large number who have not yet registered.

The new school in West Greenville is completed now, save for a bit of painting yet to be done. This building both inside and out is the finest in the city. From the beginning the School Board has determined to make this one of their finest schools, both from the standpoint of equipment and instruction. The grounds are now being improved. Cement sidewalks will be laid, shrubs and grass planted and playgrounds and playground apparatus looked after. For the boys a large baseball and football field has just been put in shape. This school will have more playground than any school of the city. To this school will be assigned all the children living in the western part of Greenville, that is beyond the Coast Line Railroad north of Fifth street extension; also all the children living west of town in the school district.

The present High School building will take care of all the children of the town and district in the sixth and seventh grades. This school will be known as an intermediate school, and not a Junior High School. The high school grades, 8-11 inclusive will attend the new high school building. Due to the fact that the Intermediate school will take care of all the sixth and seventh grades of the district, the three other elementary schools of the city, West Greenville, Evans Street and Model will contain no children above the fifth grades.

The dividing line for First Grade beginners of the Evans Street and Model Schools is the middle of Evans Street, running north and south. A complete list of the teachers of all the school will be given in this paper in a few days.

Negotiations to Funding Belgium's War Debt Be Initiated Monday

Washington, Aug. 6.—Negotiations to the funding of Belgium's \$500,000,000 war debt to the United States will be initiated next Monday between the American Debt Commission and the special Belgium Commission which arrived last night in New York.

N. C. Council of Carpenters to Meet in Winston-Salem

Winston-Salem, Aug. 6.—The annual convention of the North Carolina Council of Carpenters will meet in Winston-Salem Saturday, Aug. 8, preceding the meeting of the North Carolina Federation of Labor, which will convene Monday morning. The sessions will be held in the Central Labor Union hall.

Neuse-Forest Summer School Purchases 17 Acres of Land

New Bern, Aug. 6.—The Neuse Forest Summer School has purchased 17 acres of land to the south of the present school buildings, in anticipation of future growth. Announcement that a dormitory probably will be erected on this recently acquired tract was made by R. S. Proctor.

MORRISON AGAIN DEFENDS AUDIT OF ADMINISTRATION

Declares Auditor's Statement Does Not Justify Assertion That Deficit Was \$3,122,320.22

Charleston, Aug. 6.—Former Governor Cameron Morrison entered the list again today in defense of the financial phases of his administration as chief eccentric.

"The state auditor's statement does not justify the assertion that the Morrison administration deficit was \$3,122,320.22," he declared in a statement issued here today.

While stating that he would forbear from entering further into the deficit question, which he termed a "momentary humbug" until the return of Governor Angus W. McLean from his vacation, Mr. Morrison discussed the question in the statement.

There is no official declaration that the \$3,122,320.22; the deficit balance occurred during any particular administration, the former Governor asserted, and he continued "how much of it occurred during the Morrison administration, and how much of it within the last six months under the McLean administration is not stated."

Dempsey Crosses New York State Off Pugilist Map

New York, Aug. 6.—Jack Dempsey has crossed New York state off his pugilist map. The heavy weight champion floored by the New York State Athletic Commission's latest edict that he put up or shut up, wants to fight Harry Wills, but does not want any of the lucrative revenue from such a map to go to the coffers of the empire state.

Rate of the Bank of England Reduced to 4 1-2 Per Cent

London, Aug. 6.—The rate of the Bank of England has been reduced to 4 1-2 percent from 5 percent, which has prevailed since March of this year. While the monetary situation had eased considerably in past weeks indicating the possibility of a reduction in the bank rate, the market was scarcely prepared for the surprise announcement from the Central Institution this morning that the official minimum had been reduced to 4 1-2 percent.

DECLARES THERE IS NO EPIDEMIC INFANTILE PARALYSIS IN STATE

Raleigh, Aug. 6.—Dr. George M. Cooper, acting state health officer, yesterday issued a statement to the effect that there is no epidemic of Infantile Paralysis in North Carolina.

"There is no cause for alarm," he said. "The state board of health is in close touch with the situation and the public will be promptly advised if there should be an undue increase in the number of cases of Infantile Paralysis."

The statement says that only 34 cases have been reported this year and that 18 of this number occurred in July. The deaths during 1925 number only eight. Dr. Cooper's statement was issued as a result of reports circulated in regard to an epidemic of Infantile Paralysis in certain sections of the western part of the state.

AUTHORITY VOTED TO CALL OUT MINERS HARD COAL STRIKE

Union Scale Committee Takes Action Which is Taken of Doubt That Shut Down Can Be Averted

Atlantic City, N. J., Aug. 6.—Authority to call out the miners in the hard coal field September 1, was voted by the Union Scale Committee through its negotiations last night in token of doubt that a shut down could be averted. Spokesmen issued with this preliminary authority, days in advance of similar action in other years, said the committee was mainly considering its own convenience. The scale committee ratifies decisions of the sub-committee men. As it expects no further decisions to arise before the present working contract expires, it probably will not meet again before the suspension date, according to spokesmen.

Before adjournment, the committee also empowered the sub-committee to arrange with the owners with the latter's decision to leave a skeleton force of maintenance men in the pits in the event of a walkout.

Making Effort to Rescue Crew From Cuban Schooner

Havana, Cuba, Aug. 6.—The English steamer San Gil is standing by the Cuban schooner Gabriel Palmer this morning in an effort to rescue the crew of the vessel. The schooner was discovered yesterday on the Bohama Banks about 65 miles from Wolf Key.

Mary Spas Browning's Dreams Coming True

New York, Aug. 6.—Mary Spas Browning's dreams are beginning to come true. Whatever doubts she may have indulged in when the millionaire real estate operator, Edward Browning pictured for her a life of ease as his third adopted daughter, the little Bohemian girl was convinced today.

Her suite in a Long Island Hotel, not many miles from the home of her immigrant parents, was crammed with the result of her first raid yesterday on the luxury shops of fifth avenue, whose modest millionaires and jewelers cater to the richest in the land.

"Daddy" Browning was as good as his word and Mary had carte blanche taking her pick from one glittering array after another, and yesterday was but the beginning. Today Mr. Browning planned to let his new daughter select a motor car while he sought to insure her for \$1,000 and make arrangement for parking her airplane on the outskirts of New York.

Mary will meet Dorothy Sunshine, the foster child for who was chosen for companion, at Christian Lake, New York, when her wardrobe and other purchases have been completed.

FRENCH MISSION TO ARRIVE AT CAPITAL DURING SEPTEMBER

Coming to United States to Arrange Settlement of France's War Debt; M. Caillaux May Come

Paris, Aug. 6.—It is now virtually settled that the French mission, which is to go to the United States to arrange a settlement of France's war debt, will leave for Washington during the first two weeks of September.

The French Government has decided to treat the debt settlement with Great Britain and the United States as two distinct and separate undertakings, and whatever might be the stage of the negotiations opened ten days ago in London between France and England, in early September the French Mission will proceed to the United States.

M. Caillaux, the French Finance Minister, has a firm intention, unless prevented by circumstances, to proceed to Washington himself, but he would remain there only a short time. If he does go he will sail only after the preliminary discussions have been concluded the French delegate and the American Funding Commission. The French Debt Commission will be composed of four delegates.

Masons Enjoy Big Picnic in Bertie County Yesterday

The home of Dr. Clifford Whitehead, near Woodville, Bertie county, was the scene of an enjoyable occasion yesterday when Dr. Whitehead was host at a picnic in honor of the Chowan-Roanoke Shrine Club and a number of friends.

The guests began to arrive long before the noon hour and each one was cordially welcomed by the host and bade to immediately take part in the festivities.

About one o'clock, Hon. Francis D. Winston, of Windsor, master of ceremonies, called the gathering together and requested Rev. James E. W. Cook, of this city to deliver the invocation. This was followed by a bounteous dinner of Brunswick stew and barbecue. Throughout the meal the guests enjoyed music furnished by Mr. Charlie Ben Stallings and his string trio and quartette. At the conclusion of the meal the master of ceremonies called upon Senator Castello, of Bertie and North Hampton counties who delivered the address of welcome on behalf of the host and Bertie county. This was followed by a short address by I. T. Clark, Past Grand Master of the Grand Lodge of Masons of North Carolina. The next to speak was Professor H. E. Austin, Grand District Deputy, of the Eastern District. Potentate Bridgers, of Sudan Shrine Temple, New Bern, addressed the gathering on the "Purposes and Aims of Masons." This talk was an inspiration to all those present and was greatly enjoyed. The address of the Potentate was followed by Rev. James E. W. Cook, who urged all Masons to live by the teachings of the order and to practice love for our Creator and Fellowman in the daily walks of life. These addresses were followed by several impromptu talks by others present and the program was concluded by an Hon. Francis D. Winston. His address covered in brief the history of Bertie county and the accomplishments of its sons and daughters and ended with a hearty welcome to Bertie for the visitors.

Following the speaking the cutting of a number of water melons added more enjoyment to the occasion.

Asheville Experiences Driest July in 22 Years Last Month

Asheville, Aug. 6.—With only .77 of an inch of rain registered during July, Asheville experienced the driest July in 22 years last month. The normal local precipitation is 4.75 for July.

American Aviators On Way to Morocco

Paris, Aug. 6.—As plans are being developed for the French Command in Morocco for a strategic offensive movement in the near future with a view of bringing the rebellious Rifians to terms, American aviators are on their way to Morocco for service with the French Aero forces, which are expected to play a prominent part in the operations.

The overseas aviators, who volunteered for service on the side of the Sultan of Morocco, left France for the battle zone yesterday. They are 11 in number. Meanwhile the French Air squadron were harassing tribesmen and supporting the operations for flying columns. French headquarters at Fez reported that such columns has affected clearing operations along the front.

Movement to Add \$100,000,000 Farm Income Launched

Asheville, Aug. 6.—A movement to add \$100,000,000 annually to the farm income of Western North Carolina has been launched by the Farmers Federation. It is announced that Farmers' week will be observed here, starting September 1, under the direction of the Asheville Chamber of Commerce.

In a New Role

MARY PICKFORD

Requests Investigation Charges of the State Printing Commission

Raleigh, Aug. 6.—Frank D. Grist, Commission of Labor and Printing, today formally requested the Governor to call for an investigation by the State Printing Commission of charges that his office had shown favoritism in the awarding of the state's printing.

Early in the day Mr. Grist had issued a formal statement in which he said it was his intention to call for such an investigation. The statement further invited all holders of state printing to visit his office and inspect the records there. Also the commission added that invitation was open to all other citizens.

ALIENISTS DECLARE THAT SCOTT IS SANE

Chicago, Aug. 6.—The state today concluded its effort to prove Russell Scott sane. The last prosecution alienist thought over his examination of Scott and his conclusion was that the prisoner was sane. He reported stories of the four previous state alienists that Scott declined to submit to an examination in the jail. Three hours were allotted to each side for closing arguments. If the full time is used the case will not go to the jury before tomorrow noon.

Dr. Krohn, the alienist said Scott's refusal to submit to examination was evidence of his sanity. His conduct was in every respect logical and rational, and clearly indicated that he was cognizant of his predicament and taught to act in accordance with definite instructions from his attorney. Dr. Krohn was not cross examined. The state used fifteen witnesses, and five alienists, all of whom expressed the belief that Scott was sane. The testimony of five alienists constituted the case for the defense.

Rowan County to Loan State \$500,000 Highway Construction

Salisbury, Aug. 6.—The Rowan County Board of Commissioners has endorsed and approved a plan whereby the county would loan the state more than \$500,000 for highway construction.

Plans for Development Hydro Electric Power System Now Underway

Richmond, Va., Aug. 6.—Plans for the development of the hydro electric power system that will eventually link the water power of the James and Appomattox rivers at Petersburg and at Roanoke Rapids, N. C., are now under way by Stone and Webster, who recently gained control of the Virginia Railway Power Company. The program will ultimately represent an outlay of approximately \$12,000,000 and when completed will provide a transmission system from Richmond to the North Carolina line.

Section Around Raleigh Thoroughly "Wet" From Rains

Raleigh, Aug. 6.—The Raleigh storm of early Tuesday was followed by moderate rains which thoroughly wet the ground in this section. Crops were beginning to suffer and home gardens were, in many instances, dried up.

INTERVIEWS POLAR EXPEDITION IN RADIO ROMANCE

McMillan Polar Expedition 3,700 Miles Away in Arctic Water Talks for 90 Minutes Radio, to Asso. Press

Arlington Heights, Ill., Aug. 6.—News interviews by personal contact and other ordinary domestic means today gave way to a romance over radio when the Associated Press interviewed the McMillan Polar Expedition, 3,700 miles away in the arctic waste.

Lieutenant Commander Eugene F. McDonald, of the steamship Peary, which conveyed the expedition to its base at Etah, Greenland, after a series of five questions radioed to him by the Associated Press from station 9 XN of the Zeith Radio Corporation, Chicago, of which McDonald is President.

Outstanding in the questions and dealing with the future flight of air planes, to the Polar regions by Etah, was McDonald's reply that he had not yet completed "two-way communication with his planes, but hoped to perfect such communication soon."

Communication was first established last night with the expedition about ten o'clock Central Standard time. At that time those on board the steamship Peary and the Eskimou were enjoying a radio concert, which McDonald and others provided. Station 9 XN was able to intercept the program on a 40 meter wave length on 1,000 watts. Music from a phonograph was first heard, then a Ukelele and finally a deep base voice rumbled through the dark night and a station call was definitely identified by two persons, one the radio operator, George E. Gustafson, and by an Associated Press Representative. Both men were equipped with headphones looped into the same receiving set.

"Station WAP Etah" said the announcer whose voice seemed to be smothered by the snow drift and the remainder of what he said was lost in a mumbling. Shortly thereafter a squeaky, then somewhat clearer tone came through and finally was recognized as phonograph music. Shortly thereafter beginning at midnight eastern standard time the radio code was resorted to and clear communication established. It was explained to McDonald that the Associated Press wanted to interview him and he readily acknowledged assent. Within 90 minutes thereafter the interview was completed.

Five questions and answers totaling about 300 words were exchanged by those about the steamship Peary and the interviewer. The average for transmission ran close to 16 words a minute.

Tobacco Production in Georgia Is Increasing Rapidly

Washington, Aug. 6.—The production of tobacco in Georgia is increasing rapidly and has already assumed an important place as an industry of the Southern half of that state, Charles L. Gage, of the Department of Agriculture, declared today upon his return from a trip through the state. The acreage this year is estimated at 71,400 acres compared with 39,300 acres last year and only 9,000 in 1922. There is talk of further heavy increases in acreage next year, he said, and warehouses in the state increased this year to 43 against 19 for last year.

## CONFEDERATE MEMORIAL COINS

It has been announced that the Memorial Half Dollar Coins are now available in all the banks of Greenville. The interest of the entire state of North Carolina should be centered in the sale of the Confederate Memorial Half Dollar to meet with wonderful response as a tribute to the valor of the soldiers of the South.

Our state is known as a leader in every patriotic movement, so let us grasp the importance of joining the rest of her sister states in going over the top.

An appeal is being made to every member of the Daughters of the Confederacy to assist in every possible way to make this cause worthy to the name of North Carolina.

Our state which was first at Big Bethel, farthest to the front at Gettysberg and Chicamauga and last at Appamattox will surely buy their share of Memorial Coins.

Don't fail to ask for them at the banks.

The Confederate Memorial on Stone Mountain has thrilled the imagination of the civilized world.

In every country having any art or education it has been received with boundless enthusiasm. It is truly as President Harding said, "The eighth wonder of the world."

Scenes from SINNERS IN SILK

## DOESN'T BELIEVE SHE'D BE UP BUT FOR KARNAK

**"Why, But for This Glorious Medicine I Don't See How I Could Be Doing My House Work Today, Much Less Feeling So Splendid," Declares Columbia Woman**

I had such fearful pains in my sides and chest that I just couldn't sleep but was miserable the whole night through. I tried so many medicines and treatments without result that I was really alarmed over my condition. "I noticed where Karnak was helping others and made up my mind to try it, too. And, oh, what a blessing four bottles of this wonderful medicine has been to me. I began improving from the very start and have been mending steadily ever since.

"All that awful gas on my stomach and indigestion have gone completely. My, what a wonderful relief it is. The pains have disappeared from my sides and chest and I just eat whatever I want and as much as I want now without it hurting me one moment afterward. And nights I simply sleep like a child.

"It just seems almost like a miracle that four bottles of Karnak could have done what it has for me. I can never praise it enough and I want to help every person I can find out about this wonderful medicine."

Karnak is sold in Greenville by B. S. Warren's, and by all good druggists.

## BRITISH SCIENTISTS DIG UP PART OF PRIMITIVE SKULL

Jerusalem.—What appears to be a very substantial missing link was discovered recently near Tiberias when the front part of a primitive human skull was unearthed in a cave among well defined Mustersian flint deposits.

The new skull is characterized by prodigious development of the supra-orbital prominences and depressed forehead as in a chimpanzee, and conforms closely to the Neanderthal European type not previously found on the Continent of Asia.

**Modern Dress Gets O. K. in Cuba.**  
Havana.—Short skirts, peek-a-boo waists, bobbed hair and lipsticks are not barred from the Public Works Department in Cuba.

Secretary of Public Works Carlos Miguel de Seapedes made this statement in denying that he planned dress regulations for women employees of his department. The secretary also praised feminine employees for their efficiency.

## Little Foys Desert Dad

Eddie Foy, old and almost penniless, is going back to the stage to support his fourth wife. The "Little Foys" are said to have deserted their father because of disagreements about the money left by the third Mrs. Foy.

## STUDEBAKER Standard Six Duplex Phaeton

\$440.00 DOWN and 12 monthly payments of \$79.66 each

**A Year Ahead of Its Time**  
**The One-Profit Duplex—more up-to-date than the newest "yearly models"**

**T**HE Duplex Body, introduced by Studebaker in September, 1924, is a revolutionary new-type open car—with advantages open cars have never possessed before.

Within its steel-framed upper structure are concealed roller side enclosures which the driver may lower in 30 seconds without leaving his seat—giving instant protection from rain, snow, cold or wind. With equal ease the enclosures roll up out of sight.

So obvious are the advantages of the Duplex that Studebaker has become the outstanding leader in the open-car field among cars selling above \$1000.

### Triumph of Studebaker Engineering

Other manufacturers will undoubtedly have to follow in Studebaker's footsteps. For any open car today without this unique advantage is obsolete.

But at the time this advertisement is written, Studebaker—and Studebaker alone—offers you this double convenience.

Another important engineering advantage pioneered by Studebaker is the use of genuine, full-size balloon tires, with steering mechanism, fenders and body lines especially designed for them.

Other manufacturers are gradually following Studebaker's lead—but remember, Studebaker developed this important feature 11 months ago.

On the Studebaker Standard Six Duplex-

Phaeton illustrated above, you'll find an automatic spark control, safety lighting control on the steering wheel, 8-day clock, gasoline gauge on the dash, improved one-piece windshield, special coincidental lock of ignition and steering gear, foot controlled cowl ventilator, completely machined crankshaft, oil drain valve which a girl can operate without soiling her hands, and waterproof ignition—all Studebaker features.

These are a few of the points which show that Studebaker cars are more up-to-date than the "new models" now being announced in dizzy succession.

And any automobile expert will tell you that new models of necessity are engineering experiments. Only after months of use in the hands of owners can all mechanical flaws be eliminated. Engineers are human—and it takes time to eliminate mistakes.

Thus, when you buy a Studebaker, you not only get a motor car that is completely up to date, but you also eliminate all guesswork and gamble. Your new car has been tested and proved satisfactory in the hands of thousands of owners.

Come in today—and see the One-Profit Duplex which has made all other open cars obsolete. It is called a "one-profit" car because all vital units are built entirely by Studebaker—thus eliminating the extra profits and overhead of outside parts makers which many other manufacturers must pay and include in the purchase price to you. This explains the fine quality and the low price.

## EDWIN SWAIN TO SING AT TEACHERS COLLEGE THIS EVENING

Edwin Swain, who is to sing at the Teachers College this evening, has just completed a tour with the New York Symphony Orchestra. Mr. Swain was soloist for this organization. The New York Symphony Orchestra is probably the finest orchestra in the United States. Its standard of excellence is unquestioned and its name is synonymous with all that is best in music. No greater compliment can be paid a singer than to be engaged to do solo work with this organization.

Mr. Swain sang at Chapel Hill Tuesday night and delighted his audience. He sang at Chapel Exercises at the Teachers College this morning and made a host of friends and added to his number of admirers.

## GROUP 6, LAYMEN'S FEDERATION TO CONDUCT SERVICES COX SCHOOL HOUSE

Group 6, of the Laymen's Christian Federation will conduct services at Cox School house this evening at 8 o'clock. All members of the group are especially urged to attend. The public is cordially invited.

## MISS MARTHA EMILY MOYE ENTERTAINS

On Tuesday afternoon at her home on Fifth street Miss Martha Emily Moye entertained a large number of the younger set of the city at sixteen tables of bridge.

Upon their arrival the guests were served punch by Misses Elizabeth and Helene Higgs.

Miss Lillian Hooker making top score was awarded a lovely lavender boudoir cushion. Miss Ruth Andrews, bride-elect was remembered with a trousseau nose-gay. Attractive lingerie prizes were given each table.

Lovely handmade handkerchiefs were presented the out-of-town guests—Mrs. Joe Rogers, Winston-Salem; Mrs. J. J. Summerell, Raleigh; Miss Barbara Myers, Washington; Miss Almata Moore, New Bern; Miss Helen Bryan Chamberlain, of Kingston, Miss Eliza Moore, of Richmond.

At the conclusion of the games a delicious ice course was served.

## MILK ORDINANCE

The placards to be posted in restaurants, cafes and soda fountains, stating the grade of milk dispensed by the establishment to the public, have been received at the county health office, these placards will be posted at the same time the grades of all milk supplies are announced, and the grade will also appear on

each bottle. The placard reads as follows:  
Grade A Raw Milk, produced under the provisions of the Standard Milk Sanitation Ordinance as recommended by the North Carolina State Board of Health Sold Here.  
Those places not dispensing Grade A Milk will receive a placard marked either grade B, C, or D.  
PITT CO. HEALTH DEPT.

## Methodist Sunday School Enjoys Its Annual Picnic

The members of the church and Sunday School of the Jarvis Memorial Methodist Church journeyed down to Riverside Park yesterday for their annual picnic. There were nearly a thousand folks present, the day was a huge success. The day was delightful, cloudy enough to keep the sun from blistering the folks in the water. About two-thirty it rained some, but not enough to bother. The crowd began leaving about nine-thirty from the church, and from then till twelve o'clock there were cars and trucks started on their way. A large number of people came down after the stores closed for the Wednesday half-holiday. Dinner was not served until all of these late comers got there. The transportation committee headed by W. D. Pruett, assisted by Milton White and Jack Foley did excellent work and saw to it that everyone was provided with transportation. The food and drink committee, V. C. Fleming, chairman, and W. S. Dail and Wiley Brown saw to it that there was an abundance of good lemonade and finest barbecue provided. The committee, J. L. Kilgo, chairman, and J. M. Short and K. W. Cobb raised the money to provide all the good things. Then the mothers of the church and school did the hardest work of all when they spent most of Tuesday baking cakes, frying chickens, making sandwiches and pies. The basket committee, Mrs. Fred Forbes, chairman, and Miss Maude Lee and others saw to it that the food was placed on the long tables. And when the food was all placed these tables fairly groaned under their burden. Later when the crowd had eaten, a large number of boys and girls and men and women groaned under their burdens. Pete Balafass of the Five Point Restaurant brought to the picnic a huge chocolate cake, two and one half feet long, eighteen inches wide, and six inches deep. The cake was covered with crystallized fruits, and also on top was a design of the Methodist Church. The crowd went crazy over it.

The church pastor Mr. Watkins invoked God's blessing on the feast and everybody was happy. Later on in the afternoon the crowd took to the water, and then about five o'clock began the journey home. No mishaps were reported, save a few punctures of old tires, and the crowd voted it the best picnic in the history of the school.

## Wilmington City Library Breaks Record in July

Wilmington, Aug. 6.—All previous records were broken last month by the Wilmington City library. The increase in circulation over the previous July was 250 per cent.

## Raid Results in Arrest Eleven Men. Seizure 2 Autos

Elizabeth City, Aug. 6.—Federal prohibition agents, assisted by Deputy Sheriff H. S. Seymour, of Camden county, report having made a raid in which 11 white men were arrested and two automobiles were seized. A distilling plant and 7,000 gallons of mash were confiscated. The raid was staged in two counties, Camden and Pasquotank.

## Re-Union Confederate Veterans, Daughters Be Held Wrightsville

Wilmington, Aug. 6.—Plans for a reunion of the Confederate Veterans and Daughters of the Confederacy, at Lumina, Wrightsville Beach, Tuesday night, August 11, are being completed.

## Celebrates 137th Anniversary Of Coast Guard Service

Wilmington, Aug. 6.—Captain H. H. Wolfe, his associate officers and members of the crew of the Modoc have just celebrated the 137th anniversary of the coast guard service. The crew assembled on the quarter deck, where Captain Wolfe made a short address. The crew members then staged an athletic program.

## 'HAD TERRIBLE SWOLLEN VEINS' WRITES MRS. VOGEL

### READ HER REMARKABLE LETTER

Mrs. S. Vogel, 540 E. Marlon Street, Lancaster, Pa.

"Gentlemen: I am using your Emerald Oil for Varicose Veins and I find it is the grandest thing anybody could put on the market for veins. I had terrible swollen veins and my feet would puff and swell up but since I have used the oil I can wear a smaller size shoe. I had been in the hospital seven years ago and after I was home two years I would get cramps in my limbs that I thought it would kill me

I was very weak after each spell but now I don't get those cramps in my limbs and I think it all come of the veins.

"I am only too grateful for it, it seems expensive for a poor working woman but I would not be without it. I would rather do without other things than a bottle of the oil. Before I used it I could not get down on my knees to scrub. Last week I helped a lady to clean house and I washed all the floors upon my knees and never minded it one bit.

"I had a heavy cold most all winter and had swollen glands that I could scarcely turn my head and I used it on them and I don't have that any more.  
"I am on the third bottle and I recommend it to everybody that I meet for it sure is a wonderful oil."  
No sensible person will continue to suffer from dangerous swollen veins or bunched when the new powerful, yet harmless absorbent called MOONE'S EMERALD OIL can readily be obtained at any well stocked drug store. Pitt Drug Co., sells lots of it

## GUARANTEED STOMACH REMEDY MAKES BIG HIT IN GREENVILLE

Dr. Orth's Stomach Remedy Now Being Sold By Pitt Drug Co. and All Druggists on the Square Deal Money Back Plan.

Go to your druggist, says Dr. Orth, if you are a sufferer from stomach trouble, and get a handy form package of Dr. Orth's Stomach Remedy—remember the name. Take it according to direction, and, if, after taking, you can truthfully say it has done you no good, I don't want your money. Simply take the empty box back to your druggist and get your money back.  
So, if you suffer from indigestion, Dyspepsia, Acidity, Sour Stomach, Gas, Heartburn, Biliousness and Bloating after eating, headache, coated tongue, or pains in stomach and

side, go to your druggist at once and get a box of Dr. Orth's Stomach Remedy, and when you start to take it realize that you are taking the prescription of a physician who practiced medicine in the States of Pennsylvania and Ohio for sixty years, and that in those years he successfully treated thousands of cases exactly like yours.  
Now, if you really want a good, healthy, "never bothers me" kind of a stomach, one that you can always depend upon to digest your food, get a box right away, and remember that it is most rigidly guaranteed.

**NOTICE OF SALE.**  
Under and pursuant to authority conferred upon me by Sections 2431 and 2435 of the Consolidated Statutes of North Carolina, I will, on Saturday the 1st day of August 1925, at 12 o'clock noon, at my garage on the Greenville-Bethel road about one mile north of Greenville, sell at public auction to the highest bidder for cash the following described personal property, to-wit:

One 1922 model Studebaker Six, five passenger automobile, the same being now in my possession.  
This sale will be made on account of the failure of the owner of said property to pay for repairs on the same amounting to \$141.78.  
This the 17th day of July, 1925.
