McLean to Make Personal Investigation State Sanatorium

Raleigh, Aug. 24.—No patients will be sent away from the State Sanatorium for tuberculosis until Governor McLean has made a personal investigation of conditions there which were recently said to be such that 16 patients must leave in the immediate future and 20 others within the next six months to make way for cases on the waiting list presenting more hope for being cured.

In a statement issued last night after his return from his vacation, Governor McLean asserted he was "very much surprised" to learn that an emergency existed in Sanatorium and added that "there must be some mistake about the matter." Pending completion of a personal investigation, the Governor said he would at once request the board of directors to refrain from dismissing any of the patients in question.

Thus far there have been no indications as to when the President will return to Washington, although it is a strong possibility that he will remain here until after labor day.

Seeking Identity Young Woman Found Dying On Pier

Pittsburg, Aug. 24.—The identity of a young woman found dying on an abutment of a pier of the Alligany River bridge, midway between the floor and the water level, was being sought by police today as the first step in solving what they believed to be a murder mystery. The girl died in a hospital. Examination of the body showed several broken bones, numerous bruises, a wound in the back, and marks on her neck. Detectives were mystified as to how the girl reached the pier, which is 50 feet above the bridge floor, and about 40 feet from the water level. The bruises on the body lead police to believe that she was either lowered to the pier or hoisted to it from the river.

Mr. Paul Clodfeiter, of Norfolk, Va., is spending some time here.

French to Strike Decisive Blow in French Morocco

Fex, French Morocco, Aug. 24.—The time has arrived to strike a decisive blow, in the opinion of military authorities, and plans prepared by Marshal Lyautey and General Maullin for an offensive to start at an early date will be submitted to Marshal Petain, who has just returned from Paris.

Recent events have strengthened greatly the advocates of immediate action so as to avoid all the inconveniences of a winter campaign. A prominent Moor well acquainted with the conditions and in a position to judge, declared that Abd El France's debt to England amounting to 623,000,000 pounds. M. Caillaux, minister of finance, is beginning to fall apart and that if the French follow up last week's successes they will detach him from many powerful tribes heretofore associated with the Rifians against the French and Spanish. Beyond a skirmish between tribesmen and a native tribe, friendly to the French, which culminated in a victory for the latter, there was no fighting on the front on Sunday.

DECLARES REPORT SCOTT BEEN FOUND SANE 'ALL WRONG'

Superintendent State Hospital Says Convicted Murderer is Under Observation But No Decision Has Been Made

Chester, Ill., Aug. 24.—Dr. Frank A. Stubbfield, superintendent of the State Hospital for the criminal insane, here today characterized reports that Russell T. Scott, convicted murderer had been found sane as "all wrong."

"Scott is and has been under observation here for some time, but no decision regarding him has been made," the superintendent said. "Reports that he had been found sane are all wrong. I have reported no decision regarding him, and I have had no communication whatever with the state attorney in Chicago regarding his case."

The warden likewise declined to intimate as to when he expected a decision in the case saying that it might not be for some time.

Chicago, Aug. 24.—An unnamed member of the staff of State Attorney Crowe, was quoted by the Herald and Examiner today as saying that Russell T. Scott, convicted murderer, would be returned from the Chester hospital for the insane within four weeks to face the Cook county gallows once more.

The report said that the attaché of the state attorney's office had revealed that an informal decision that Scott is not insane had been made by Dr. Frank A. Stubbfield, superintendent of the hospital, and that the latter was writing on the correction of his opinion by two consulting experts before sending Scott back.

Scott recently was taken to Chester after a jury had capped the climax of his extraordinary efforts to escape the gallows by finding him insane. Scott faced hanging three times only to be snatched from the noose by an unexpected eleventh hour development when Judge David guaranteed stay of execution pending the insanity hearing, four hours before the death march was to have begun. Scott's commitment papers to the insane hospital ordered that he be confined at Chester until his death, or until he was found sane.

The deceased is survived by four daughters, Mrs. Berta Croom, of this city; Mrs. C. H. Duke, of Wilson; Mrs. W. O. Mitcham and Miss Stella Bowden, Goldsboro; two sons, Messrs. E. H. and R. N. Bowden, Goldsboro. A large number of grand children also survive.

Begins Discussion Settlement France's Debt to England

London, Aug. 24.—The French Finance Minister M. Caillaux and the Chancellor of the Exchequer, Winston Churchill, today began discussion of terms for settlement of France's debt to England amounting to 623,000,000 pounds. M. Caillaux, minister of finance, is beginning to fall apart and that if the French follow up last week's successes they will detach him from many powerful tribes heretofore associated with the Rifians against the French and Spanish. Beyond a skirmish between tribesmen and a native tribe, friendly to the French, which culminated in a victory for the latter, there was no fighting on the front on Sunday.

Today's conversations before the two ministers were expected to review the grounds covered by the experts during the London Conference of last month, which broke up when it seemed impossible to reach an agreement as to the amount of France's annual payment.

SAYS THE FIGHT ON EVOLUTION IS STEP BACK MIDDLE AGES

Clarence Darrow Sees Circulation Going Back to Time When Men Were Persecuted for Their Beliefs

Denver, Colorado, Aug. 24.—The fight on evolution is a step back to the civilization of the middle ages, Clarence Darrow, Chicago attorney and the Scopes lawyer in the recent Tennessee Evolution trial, declared in an address at the Grace Community Church here last night. "We have started back on the road to the medieval ages when men were drawn and quartered because they would not agree with the accepted precepts concerning the existence of things," he said. "There is a large financial group in this country which is laying plans for a campaign to pass legislation primarily in the western and southern states which will make it a criminal offense to teach in the public schools any doctrine concerning the origin of anything, which is contrary to the doctrines found in the book of Genesis."

COLE'S ATTORNEYS IN CONFERENCE MAP OUT DEFENSE

Special Term of Court Has Not Yet Been Decided Upon; Announcement to Be Made Within Few Days

Raleigh, Aug. 24.—While Governor McLean today was awaiting a conference with Solicitor Don Philip relative to his position on the case at Rockingham, attorneys for William B. Cole, charged with the killing of Walter William Ormond, were in conference mapping out the defense of the wealthy manufacturer. At the Governor's office, it was stated a decision relative to a special term of court to try Cole probably would be made within the next two or three days. Solicitor Philip was expected at Raleigh tomorrow for a conference with the Executive. At the office of James H. Pou were members of the firm of Bynum and Henry, of Rockingham, and other lawyers were in conference with Mr. Pou. It was said if the defense made any move today a statement would be issued this afternoon. Ormond was shot down in the streets of Rockingham by Cole Saturday a week ago as he was about to step into his automobile. Ormond had been friendly with a daughter of Cole, Miss Elizabeth Cole, and the men had had some correspondence on the subject. It was understood that Cole opposed Ormond's suit. Following the shooting Cole went to his residence and later surrendered to the authorities. Since that time the defendant has maintained his silence and no motive for the killing has been divulged.

ENGLISH CELEBRATE ANNIVERSARY OF SIGNING OF MAGNA CHARTA

London.—A service held recently on the spot where the barons met King John commemorated the 710th anniversary of the signing of Magna Charta.

Many members of the clergy, Boy Scouts, fire fighters, representatives of friendly societies and hundreds of others marched for two miles from the village church of Egham across the Mede to the Old Windsor End, where speeches were made in the enclosure by the Right Rev. Bishop Darlington, of Harrisburg, Pa., and Sir Joseph Cook, the High Commissioner for Australia.

Nearly 10,000 attended and with bowed heads they repeated the following prayer in unison:

"We praise Thee, O God, for the great deed in this place 700 years ago, whereby the laws and liberties of this realm were defended against tyranny and a victory was fought for justice and freedom."

NEGRO CONFESSES TO CRIME IN PITT FOUR YEARS AGO

Caleb McCaffety Charged With Murder of J. McKinley Confesses Crime to Pasquotank County Officers

Caleb McCaffety, negro, wanted a Pitt county on a charge of murder in connection with the death of McKinley, negro, four years ago, and who a few days ago confessed to the crime while a prisoner in the Elizabeth City jail, was brought to Greenville last night by Deputy Sheriff Whitehurst and Coroner S. G. Wilkerson and placed in the local jail to await trial.

The murder was committed four years ago and was the result of jealousy in which Effie Hawkins was implicated. After the shooting McCaffety succeeded in making his getaway while McKinley was rushed to a hospital. A leg was amputated in an effort to save his life, but he died a few days later from blood poison. McCaffety was being held in the Elizabeth City jail on every charge except murder. Evidently he was tired of being a "hunted man" and thinking that he had played his last card told Pasquotank officers that he was wanted in this county on the murder charge.

Deputy Sheriff Whitehurst and Coroner S. G. Wilkerson went to Elizabeth City to identify the man and to substantiate his story.

Just how he succeeded evading arrest for four years is not known but feeling that he would eventually return to the scene of the crime the officers have never given up their search.

ASSOCIATION TO AID DISTRIBUTING WORK OF WESTERN ARTISTS

In the mine and caused an injury to his back which incapacitated him for further work. The Workmen's Compensation Board awarded him \$12 a week for 500 weeks. Forlin applied for it in a lump sum. The board granted his request, and with the money he intends to make his dream come true.

Chicago. — Planning of the best works of western artists of the high ability in the homes of art lovers, instead of letting them remain in their original environment of the studio, has been made possible here through the creation of the Chicago Galleries Association and its novel plan for distribution of the artists' work. Curtis B. Camp, attorney of Chicago, is president. The association is to be organized as a non-profit one.

The association is a combination of artists and 150 lay members and the plan of distribution provides for the selection of 150 of the best paintings shown in the galleries over a period of three years, or 25 to be selected at each spring and fall exhibition to be presented to each of the 150 lay members.

These paintings will be selected by the laymen, each of whom is required to pay into the association as membership dues \$200 a year for a three-year period. This assures the layman, however, of obtaining one of the best pictures shown for \$200.

The artists, however, do not all receive the \$200 for each picture chosen. Regardless of the pictures selected by the layman, assisted by the committee, will decide which picture deserves the first prize of \$1,000, and the artist will receive this amount. Following this the committee will select pictures for the second, third, fourth and so on down to the twenty-fifth prize.

The prizes will be: One \$1,000 prize, two \$500 prizes, three \$400 prizes, five \$300 prizes, four \$250 prizes, and ten \$200 honorariums.

A rule of the association says: "It is our problem first of all to give each layman the picture that he likes and that he wants from the exhibition for the money he has paid, and secondly to see that the pictures thus selected are the best pictures in the show and that the prizes are properly awarded to these pictures."

Artists from Ohio and all states west to the Pacific Coast are to be invited to enroll in the association, the list being confined to artists of high standing.

The Galleries association also will conduct what is called its circulating department, where any or all of the 150 laymen may select smaller pictures from the gallery walls and take one of them home for a period of from 30 to 60 days and then return it and take another home and continue this system as long as he holds membership.

Each artist will be requested to furnish a designated quota of these smaller pictures for the galleries and in addition to submitting the larger pictures for the prize.

The galleries will probably be opened the coming autumn.

DUBLIN PLANS PRETENTIOUS CENTORSHIP FOR WAR HEROES

Dublin. — The Chief Commissioner of Police in Dublin, who served as a colonel in the British Army during the European war, has recommended the acceptance of the offer of the National War Memorial Committee to acquire Merrion Square, erect a great war memorial or cenotaph there and hand the square over to the city as a public park.

On the apex of the late Earl of Ypres, when Viceroy, a large sum was subscribed to commemorate the service of the Irish troops in the war. The money has remained idle ever since and \$200,000 now is available for the Merrion Square project.

This is the largest of the great squares of Dublin and the proposal to convert it into a public park, rivaling St. Stephens Green is recommended as a boon to the poor population and the children of the poor street in the neighborhood who require a playground.

ARCTIC EXPLORERS QUICKLY DOFF FAR NORTH APPAREL

Ny-Aalesund, Kingsby, Spitzbergen. — Polar explorers, it seems, do not like to look the part unless they are exploring.

When Roald Amundsen, Lincoln Ellsworth, and their companions landed back here, they did not lose much time in shedding their Arctic apparel for everyday garb.

True, enough, they all needed shaves and baths badly, but their metamorphosis into well-groomed men of the world was so complete as to startle those who met them upon their arrival.

Amundsen wore a well-fitting gray sports jacket, with cap, breeches, hose and brogues to match. A silk handkerchief peeped out of his breast pocket, and with his grave courtly manners he had the air of a typical country squire.

Riisen-Larsen's athletic figure showed up bravely in dark blue serge silk socks and patent leather shoes. Oscar Omdal also affected blue serge. Leif Dietrichson sported neat gray tweeds and Ellsworth affected a gray woollen sweater with flannel trousers. He generally went about bare-headed. Feucht was dressed in a plain business suit that might pass in any European capital.

Their copper-hued complexions alone betrayed, notwithstanding acquaintance with Arctic blazes.

Is a Third of Your Life Important?

You spend a third of your life — or more — in the bedroom. Live to the ripe age of four score and ten and you have spent 30 of those years in sleeping, in dressing and retiring, in perfecting the toilette. What better investment than to make this room of rooms attractive to the eye and restful to the senses? Berkey & Gay have now made this possible without great expense. The Averill Bedroom Suite illustrated above is only one of many charming Berkey & Gay creations now ready for your inspection — at remarkable attractive prices.

FEATURES OF THE AVERILL. Done in straight grain American walnut, with butt walnut figuring, and designed in the classic style of 18th Century England, the Averill Suite is ideally adapted to modern needs. Moreover, like every creation of the Berkey & Gay shops, you will discover features of convenience and details of construction which are not found except in furniture of the costliest design. The drawers, for instance, are of solid mahogany, with the bottoms built three-ply to prevent warping. They are dust proof and carefully finished to prevent the soiling of linens and clothing. And no Berkey & Gay drawer ever sticks. The toilet table is equipped with a sliding, partitioned tray of solid mahogany for holding pins, nicknacks, etc. A beautiful, rich, mellow color tone has been especially developed for this suite, with a varnish finish, carefully rubbed and shaded by a dull, glossy, velvety smoothness. All and all, a very exceptional value—as are many other new creations, by this distinguished house, now on display on our floors. The Price is \$425.00 Quinn-Miller & Co. PUT LIMIT ON LAUGHS FOR "NEVER WEAKEN"

Sky High Thills and Fun in Harold Lloyd Film.

The White's Theatre, in announcing Harold Lloyd in "Never Weaken" as the attraction for Monday and Tuesday, issues to its patrons the warning that the sky is the absolute and positive limit of the laughter that will be permitted during the film's run.

Harold Lloyd is the young comedian who, among other things introduced to photoplayers the laugh that comes clean and full from a happy heart and carries no embarrassing blushes with it. The laughs that accompany "Never Weaken" are augmented by spine-tingling thrills, for in this three-reel Associated Exhibitors comedy, Lloyd performs some amazing stunts on the iron skeleton of a skyscraper that is in the process of construction.
