Claude Jones, a farmer of Edgemcombe county, was shot and instantly killed early last night by a negro, Richard Bradley, at the home of Mr. Hugh Lewis about twelve miles out from Tarboro.

Search Continues for Mutilators of Turner Blanchard

Monroe, N. C., Sept. 18.-(AP)-Sheriff Clifford Fowler today was still searching for the mutilators of Turner Blanchard, 32, although the officer threw definite light on the illegal operation last night when he declared that he had secured information showing that Blanchard had been familiar with a relative of his wife for more than three years.

Sees Possibility of Resumption of the Recent Tong War

New York, Sept. 18.-(AP)-Possibility of a resumption of the recent Tong War four days after the signing of a formal truce, was seen by the local police in the killing today of Young Sue Gunn, a Tong member in New York Chinatown.

COMMECE BODY IN GET-TOGETHER MEET HERE LAST NIGHT

Elmer Oettinger and J. Paul Leonard Deliver Timely Addresses to Local Merchants

The Greenville Merchants Association staged a get-together dinner at the Rotary Club here last night and the affair proved an interesting and enjoyable one.

The evening began with a bountiful dinner after which Mr. J. H. Blount, president of the local association introduced Mr. Oettinger, the first speaker.

Mr. Oettinger was followed on the program by Mr. C. B. Rowlett, secretary of the local association.

Following the addresses the meeting was thrown open for general discussion of problems of the day and the discussion of future plans of the local association.

Nov. 29-30 to Be Gala Days For Fayetteville Churches

Fayetteville, Sept. 18.-(AP)-Sunday and Monday, November 29 and 30, will be gala days for the First Presbyterian church of this city.

Founded in 1800 by the sturdy Scotch Presbyterians of the Upper Cape Fear, with Rev. John Robinson, a native of Scotland, as first pastor, the church has had a stirring history and has turned out many men and women in its century and a quarter of whom the present membership is proud.

The plans for the observance of the anniversary call for the presence of all ministers who have served the church and who are still living. These include Dr. H. Tucker Graham of Florence, S. C., and Rev. Watson M. Fairley, D. E., of Raeford, the only living preachers who have served the church, with the exception of the present pastor, Dr. W. E. Hill, who came here from Atlanta 11 years ago.

Others, in the order in which they served, though the list is not complete follow: Rev. Robert H. Morrison, Rev. Adam Bilechrist, Rev. John M. Sherwood, Dr. H. G. Hill, Rev. Alexander Phillips, Rev. Thomas D. Barklay, and the late Dr. A. J. McElwain.

The first board of elders was composed of Robert Donaldson, Duncan McLean, David Adair, Duncan McAulan, Archibald Campbell, and Colonel John Dickson.

DECLARES FRANCE NOT ABLE TO PAY FOREIGN DEBT NOW

Anything Paid in the Near Future Would Intensify Her General Financial Difficulties

Washington, Sept. 18.-(AP)-A study of the French economic position, which declares there is no possibility of that country paying anything in the near future on her foreign debt except by methods which would intensify her general financial difficulties has been placed before the Treasury by the Institute of Economics, an official organization with headquarters here.

"In the year 1924," the review says "France could have met her foreign debt interest in full so far as ability to pay is governed by income from foreign trade and services. That is to say her favorable balance of trade was actually as large as the annual charges which have been under a plan like the settlement effected between the United States and Great Britain.

"But on the other hand the French Government could not have raised the necessary funds internally with which to meet the interest on the internal debt. If payments had been required in full, the deficit would have been raised from about 16,000,000,000 to over \$20,000,000,000 francs."

BOARD OF INQUIRY PREPARING FOR PUBLIC HEARINGS

List of Witnesses Will Include Col. Mitchell When Air Craft Board Opens Hearings Next Monday

Washington, Sept. 18.-(AP)-The air craft situation moved toward a complete sifting today as the President's special board of inquiry prepared for the opening of public hearings here next Monday.

Selection of the list of witnesses was the task assigned to several members of the board today and these, the board has announced, will include Colonel William Mitchell.

While the former assistant army chief thus will have opportunity to present before the board his criticism of the nation's air craft defense, it also has become increasingly apparent that the War Department officials are satisfied his specific charges against the air service administration warrant court martial proceedings. It is virtually certain that such a court would be ordered to sit here although routine proceedings probably will require a month before such a decision is reached.

SAYS COMMUNIST MEMBER SHOULD NOT BE EXCLUDED

State's Department Satisfied That Slaklatvala's Utterances Adequate Ground for Denying Him Admission to United States

Washington, Sept. 18.-(AP)-Protests and criticism of its action in denying admission to the United States of Shapurha Slaklatvala, Communist member of the British Parliament, have brought no signs of yielding at the State's Department.

Not only are they not disposed to reconsider the man's case, but it has been made clear that the Department will rigidly exclude henceforth any individual who publicly supports views favoring the overthrow of government by force.

MULCAHY RECEIVES SURPRISE WELCOME UPON ARRIVAL HERE

Welcomed by Mob of Irish Republican Sympathizers With Rotten Eggs, Tomatoes and Sticks

New York, Sept. 18.-(AP)-Having been welcomed to the United States by a mob of Irish Republican sympathizers, who hurled rotten eggs, tomatoes, and sticks at them, General Richard Mulcahy, former commander of the Irish Free State state army and four of his companions are here on their way to the inter-parliamentary union at Washington.

Banners inscribed "Mulcahy murderer," "Mulcahy perjurer" and "Mulcahy traitor," were floated everywhere. A woman pinned a union jack on the General's lapel. A riot call finally brought police reserve and the visitors were placed in a taxi cab and carried across the river to New York.

Part of the crowd collected around Hoboken headquarters where the prisoners were taken. A woman explained that they had planned a pink tea for the General and ordered to have a hearse ready, but the ship came in 20 hours ahead of schedule.

YOUNG WHITE MAN SHOT BY NIGHT WATCHMAN AT TOBACCO PLANT HERE

G. T. Tripp Probably Fatally Injured From Wound Received as He Walked on Property of American Tobacco Company

G. J. Tripp, 21, is in the Pitt Community Hospital in a critical condition as a result of being shot by W. H. Turner, 61, night watchman at the local plant of the American Tobacco Company about seven o'clock last night.

Tripp came to this city a few days ago from Chester, Ga., and since that time has been employed by Gorman's Warehouse. According to his version of the shooting he was enroute to the warehouse about seven o'clock last night and was walking along between a row of freight cars and side track and the plant of the American Tobacco Company.

According to Turner's statement, the factory had already closed for the day and he was making his rounds on the outside of the factory. He declared he had had much trouble as the campaign manager can be of late with rowlers about the get around and learn from all the inactive ones listed whether or not they are interested in earning one of the seven valuable prizes listed on a good size commission check. If able to determine whether he was they are really working and anxious to come nearer; Turner said, his first enemies approaching with intent to do him harm and that he opened fire. Turner declared that Tripp was on the property of the American Tobacco Company at the time of the shooting and that his duty campaign you should lose no more as watchman was to keep any and time in getting busy. A Hudson Coach, Ford Coupe, \$250 Living on Room Suit, \$187 Dining Room Suit, \$115 Radio Set, \$50 or \$30 in cash—anyone of these prizes may be yours in exchange for a little of your spare time during the next few weeks.

Miss Parker is in no ways late. The campaign has been running just a day over a week and as it still has almost six weeks more to run there is plenty of time for one having energy and ambition to secure enough of votes to win the very first prize on the list which is a Hudson Coach that sells delivered here in Greenville from the Lang Motor Co. for \$1,335.

Candidates Competing for Ind. Nomination for United States Senate

Milwaukee, Wis., Sept. 18.-(AP)-Discussion in the Anti-La Follette Republican ranks, which has been more or less apparent in the campaign for the United States Senate, has come to a head with two candidates competing for the independent nomination, instead of one candidate. Roy P. Wilcox selected by a convention of Anti-La Follette Republicans as the man to carry the fight on against La Follette and Edward F. Dithmar, a Republican who registered as an Independent, are still in the running for the end of this month. The conference held yesterday succeeded in eliminating only one candidate for the race. Out of the turmoil of two days of heated conferences came a settlement from Wilcox, defeated by Robert M. La Follette, for the Republican nomination, that he was in the race to finish as an Independent candidate and that he refused to compromise Dithmar, the Republican Independent. Dithmar, the Republican Independent issued a statement saying he had registered a sane Independent for any emergency which might arise, should Wilcox be defeated in the primary. Wilcox was defeated and Dithmar feels he is bound by his word to those who signed his registration petition to make the race.

New and old subscriptions count the same the only difference in votes being for those subscribers secured who live out of town. Twice as many votes will be allowed for subscriptions secured outside of Greenville.

On the list of contestants as published yesterday there were just eight who could be considered real active candidates, folks who were really trying by turning in subscriptions and thereby receiving a great many votes.

AN INEXCUSABLE TRAGEDY

Today a young man lies at the point of death in a local hospital as a result of the promiscuous use of firearms here last night by an aged night watchman employed by the American Tobacco Company.

That the watchman thought he was carrying out orders and performing the duties for which he was receiving his pay check by firing upon the young man because he was

crossing the company property in taking a short cut to the warehouse where he was employed, we would hate to doubt, but the incident only goes to prove that human life today is too cheap and the unrestricted issuance of firearms is a great menace.

While the young man lies at the point of death and the aged watchman is in jail broken with grief over the tragedy, neither are in reality to blame for the occurrence. The real blame as we see it is upon the concern that employs a watchman who from the standpoint of age and responsibility is unfit to be given firearms and sent out to guard the property of the concern.

The employment of irresponsible cheap labor for positions of trust invites disaster. If such was the reason for the aged watchman holding his position the tobacco company has probably sacrificed the life of the young man for a paltry sum or if the aged watchman was employed because of the charitable intent of the tobacco company he should have been placed in some other capacity rather than one that requires sound judgment and common sense at all times and more especially in an emergency.

FARMERS APPEAL

By O. L. JOYNER

WILL THE PRICE OF TOBACCO BE ANY BETTER?

This question has been asked me hundreds of times since the opening of the eastern markets. Of course I don't know but to one and all I have expressed a very decided conviction that the price of tobacco would advance. From a general knowledge of conditions I cannot believe otherwise. Possibly that "The Wish is Father to the Thought," may have something to do with my opinion, for with all my heart and soul I hope so. But the conviction is based on facts that rest on a better and stronger foundation even than the universal wish or hope of the united Farming and Commercial Interests of Eastern North Carolina, however strong that may be.

In the first place there is no doubt but that in a short time the impression that Eastern North Carolina has grown a bumper crop this year will be revised, for the crop is not going to turn out as heavy as thought.

In the second place it will soon be known as a fact that the Eastern North Carolina crop is the best tobacco that will be produced this year in the bright tobacco belt.

And third and equally as important, or most important for present consideration is the probability that the practical embargo on the shipment of American tobacco to China, by some of our largest export buyers, will be settled in the near future.

Governmental diplomacy, which has been trying to adjust matters for some time, although slow and as usual moving under Red Tape requirements seems to have recently made progress and it is reasonable expectation, at least to look for the clearing up of this trouble.

And finally every intelligent person who is at all familiar with the cost of growing tobacco under present conditions knows it costs more to produce tobacco than it is now selling for on the markets of the State. And no crop, product, or thing of value, has ever remained below the cost of production very long. This instance will not prove an exception to the rule.

The worst feature of the present situation, however, is that the farmers have grown this crop at greater expense than any crop since 1920, and it has been produced largely on borrowed money, for very few farmers have been able to clear their debts since 1920, and they feel compelled to sell their tobacco to meet their obligations.

Based on the foregoing facts, I repeat, it is my firm conviction that ere very long the market price of tobacco will have advanced, and that the 1925 Eastern North Carolina crop will average more per pound than any crop we have grown since 1920.

THE CONDITION OF THE GREENVILLE TOBACCO MARKET

The Greenville market is selling more tobacco this year from a wider range of territory than at any time since the market was established 30 years ago. There are many reasons for this but most of them can be ex-

pressed in a few words. Greenville is a good market. Greenville is in fact the largest strictly farmers' tobacco market in eastern North Carolina and as such is unquestionably the best market for the reason that only small per cent of the sales of tobacco on this market are re-sales, that is tobacco that has been bought on smaller markets and re-sold in Greenville. There are seasons when as much or more than half the offerings on some of the larger markets are re-sales of tobacco bought on smaller markets and when it is considered that these purchases are selected from the very best types of tobacco offered on the smaller markets which of course raises the average of tobacco on the market where re-sold, and when it is further considered that for a number of years the average of the Greenville market has been right up at the top of the entire market average. The conclusion is obvious that the prices the farmers receive are the highest.

Under normal conditions the Greenville market is fully and amply equipped to take care of all the tobacco that will be sold in a day in justice to the farmer and buyer. The machinery of the Greenville market is working and running like a new and well oiled machine. At a recent meeting of the Tobacco Board of Trade executive officers were elected for their well known business ability and firmness in handling any situation that may arise. The buying interests are backing the warehousemen solidly and promoting the market's larger field of usefulness and equally positive and emphatic in frowning upon and condemning petty dickerings calculated to produce discord in personal local matters. The writer has had considerable experience in selling tobacco markets in this and other states and from the short recent experience I have had in dealing with buyers on the Greenville market I say it boldly and unhesitatingly that never have I seen a set of men more willing to cheerfully carry their full responsibility as buyers that the three sets of buyers on the Greenville market. If there is any difference in the attitude of the three sets in buying tobacco I have to discover it. All these make for a good and growing market and it requires only a short time for farmers selling here to find it out. On the floors this week were farmers from eighteen counties some coming from as far as 100 miles.

MARKET REPORTS.

Quite a good deal of tobacco has been sold this week on the Eastern Carolina markets. There has been more or less wide fluctuation this week in average prices than last week due mostly to greater or less per cent of primings and tips sold. Tips and heavier tobacco is selling well but tobacco of fine texture and color but thin is in no demand and the price of this type is very low everywhere it is offered. It is strange that this type of tobacco seems to have no friends on the market. The is to get their tips on the market as rapidly as possible as this type is selling better than anything else offered. Averages for the better

of tobacco and received highly satisfactory prices. As a rule the native Georgian knows very little of cultivating methods, curing or handling tobacco consequently under adverse season conditions there the crop this year was inferior and the prize far below that of last year.

Atlanta-Franklin-Asheville Highway to Be Pushed, Completion

Franklin, Sept. 18.—(AP)—Early completion of the Atlanta-Franklin-Asheville highway is forecast, as a result of a tentative organization formed here to push the completion of the road. This road, when completed, will shorten the distance between Atlanta and Asheville by approximately 50 miles, it is stated, and will provide

a tourist route through what is declared to be one of the most beautiful regions in Eastern America. The tentative organization was formed here, when delegations from Asheville, Atlanta, Franklin, Cornelia, Ga., Clarksville, Ga., Cayton and other Georgia towns, as well as other Western North Carolina towns, met around the banquet table here to determine what could be done toward furthering the project. The principal speaker of the occasion was Jas. A. Hollomon, of Atlanta. The meeting was held under the auspices of the Macon County Progressive Club. Habersham county, it has been learned, has called an election to vote bonds to build its share of the road, and other North Georgia counties are expected to follow suit. Steps were taken, at the banquet, to form a permanent organization to hasten completion of the road.

Autumn Modes

ESPECIALLY DESIGNED FOR THE LARGER WOMAN

Let us show you what stunning garments are here, decidedly of the latest mode and so becoming to the larger woman. You will be delighted with the slenderizing effect they give—a silhouette that is smart and distinctive.

MILLINERY MODES

Velvet has that rich, soft texture, so flattering to the face, which makes it desirable in Hats. This Fall we can show you some stunning models made of velvet in gorgeous new shades. Here, too, are adorable shapes in grosgrain ribbon, artistically designed, and those pert little velours, smart because of their extreme cut.

LONG, GRACEFUL LINES IN COATS

The flares so smart this Fall, when placed at the sides, and rear are lines the larger woman will appreciate because of the narrowing effect they give to the waistline. The Coat at the right is of cashmere with all-around gores which start at the shoulders and fall into flares below the hips. Trimmed in fitch.

Cotton Summary
The National Cotton Seed Products Corporation, Memphis, estimates cotton crop at 13,100,000 bales, compared with its end-August forecast of 13,351,000. Very little rain fell in cotton states yesterday and indications are for mostly fair today and tomorrow over entire belt.

Weather
Very warm temperatures, both day and night over the belt. Light showers Galveston district. Forecast: Friday, Eastern belt and Central belt generally fair and warm. West Texas and East Texas coast part cloudy, probably showers, balance Western belt generally fair.

Good business done in print cloths in local market yesterday and more declined because of mill refusal to accept old prices.

Liverpool says: Local and Continental liquidation, hedge selling. Fair spot demand from spinners. Home cloth trade improving. Fair yarn inquires from Russia.

Liverpool came 8 to 4 better than due.

Sugar
The market yesterday acted well

sold out, and we believe it is in a position to react. However, the prevailing depressed spot situation, will temporarily cause irregularity to prevail.

Coffee
The situation is somewhat mixed with Brazilian term markets showing an advancing tendency while cost and freight offers are again lower. Futures may work higher temporarily but we do not believe any sustained advance will take place unless from a lower level.

Sales increased to 10,000 in Liverpool.

To Our Customers and Friends:
It is with much satisfaction that we are able to notify you that we have secured for the coming season the exclusive agency for Atwater Kent Radios and Accessories and, therefore, will be in position to promptly supply you with the very best radio on the market today, regardless of price.

We did not take on this exclusive agency for Atwater Kent receiving sets without having first thoroughly investigated all manner and makes of radios and after doing this we came to this conclusion; that in the Atwater Kent radios every feature is embodied in them that will make what is known today as a perfect radio. There is no sacrifice of a sin-

gle feature to over-emphasize another. You may judge them for tone and volume, selectivity and distance and you will find in them all of these qualities to the very highest degree.

Hear any make receiving; set you may have the opportunity and then you have heard the Atwater Kent your decision cannot be other than in this wonderful machine you have heard the radio supreme.

We hope to have the pleasure of demonstrating this great instrument

to you at an early date so we ask that you not buy without first having listened in on an Atwater Kent.

Yours very truly,

LOCAL MEN ATTEND MASONIC MEETING NORTHAMPTON COUNTY

Professor H. E. Austin and the Rev. James E. W. Cook drove to Potticasi yesterday to attend the annual meeting of the Masonic officer of the Fourth District.

District Deputy Grand Master, Watson N. Sherrod, of Enfield, presided. Messrs. Austin and Cook both addressed the afternoon meeting which was large and representative. Over three hundred Masons and friends partook of a splendid barbecue supper served in the grove surrounding the M. E. Church. Judge Francis D. Winston, of Windsor and Job Taylor, Ph.D. of Roanoke Rapids were the evening speakers.

"FRIVOLOUS SAL" IS WESTERN THRILLER Eugene O'Brien, Mae Busch, Head Great Cast in First National.

Thrills, smiles and tears, intermingled upon a background of marvelous scenic beauty, struggle for predominance in J. K. McDonald's First National picture, "Frigolous Sal."

There are many reasons why the picture is worth seeing. Such scenery has seldom been shown in motion pictures before. It is too beautiful for description. White's Theatre today.

RECOVERY OF WOMACK IS ALMOST LIKE A MIRACLE

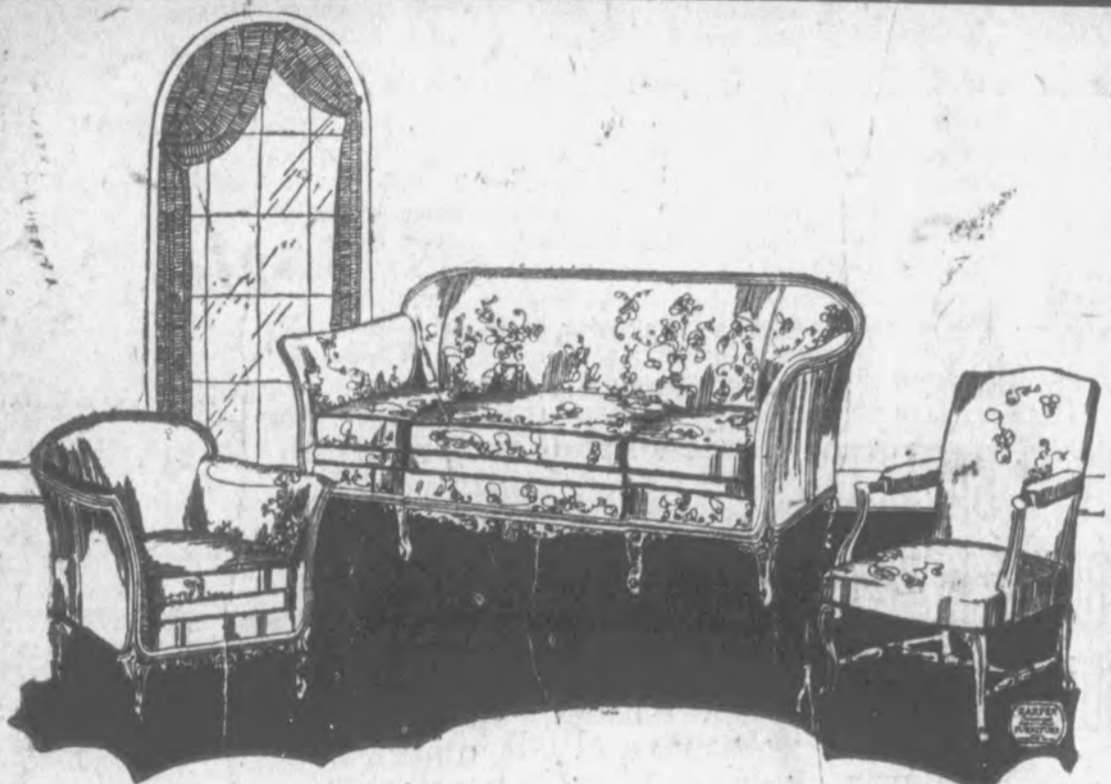

Charlotte Man Told That Nothing Could Be Done for Him Turns to Great Medicine, Karnak, and Is Fully Restored to Health — Already Gained 10 Pounds

The remarkable new medicine, Karnak, that has astounded the entire country by its tremendous health-building powers has accomplished remarkable results in every city, town and village in North and South Carolina, but the case of C. E. Womack, of 1006 Mint Ave., Charlotte, is undoubtedly the most amazing on record.

"It's a fact," stated Mr. Womack. For the last three years they have told me I had an ulcerated stomach and whether that was the trouble or not I do not know that I suffered misery night and day and my tongue and inside my mouth was all broken out with ulcers, so maybe my stomach was too. "I could hardly eat anything without the most awful suffering afterward. Early last spring the trouble got worse and I would have cramping spells that just doubled me up in a knot. I felt so bad all the time and was getting so weak that I was on the point of throwing up my job and just giving up. "I had tried every medicine and treatment and it didn't help me and I was told nothing could be done for me, so I began to feel there wasn't any use in trying any more. "But about this time I kept hearing about Karnak, and decided to give it a trial myself before I gave up completely.

"Well, sir, I began to feel a whole lot better right after I started taking this medicine and after I had taken three bottles of Karnak I couldn't notice any trouble in my whole body. Those ulcers in my mouth all healed up, I began eating anything I wanted without the slightest suffering or distress afterwards and feeling better all the time. "And now I am in as good health as I ever was in my life. Every day is a good day for me. I have already gained ten pounds and if you want to see how full of energy I am, just come and see me. "If I were to try to tell what I think of Karnak I could hardly begin. It's the most marvelous medicine I ever heard of and I'll never stop praising it if I live to be a hundred." Karnak is sold in Greenville, by B. S. Warren's, and by the leading druggists in every town.
